It would appear that General Manager Hays took action immediately on learning that this conference had failed to effect a settlement of the difficulties. As two new tariffs are already in the hands of the Grand Trunk passenger department in Toronto, which authorize them to meet the C.P.R. cut rates in force throughout Canada. One of these tariffs applies to Ontario and meets the Canadian Pacific cut at every point. The other tariff applies to Vancouver, Victoria and the Alaska ports, Juneau, Dyea and Skaguay, quoting exactly the same rates as those offered by the Canadian Pacific.

So promptly did these tariffs arrive in Toronto that they must have been printed and all ready to send out against such an event as has happened.

Old Lady Charged With Murder.

St. Stephen, N.B., Feb. 28.—A formerly respectable old lady, Mrs. Lavina Kendrick, 72 years of age, of North Head, Grand Manan Island, was committed for trial Saturday to await the May sittings of the court at St. Andrews, for the murder of an infant of her adopted daughter, Miss Annie Maxville.

Stratton has stood by West Peterborough—electors stand by Stratton.

The Revolver Went Off.

Vancouver, B.C., Feb. 28.—A sad shooting accident occurred Saturday. W. S. Wiffen, employed in the Land Registry Office here, was examining a revolver in his garden, when the weapon went off and the bullet lodged in his brain. Deceased was an Englishman by birth, and was a nephew of Hon. J. H. Turner, Premier of British Columbia.

Mr. Dupont Is Improving.

Sherbrooke, Feb. 28.—Mr. Flavien Dupont, M.P. for Bagot, who was so seriously injured in the accident on the Grand Trunk near here on Thursday night, and for whose recovery grave fears are entertained, is reported to be doing a little better this morning.

The Cook Company, Windsor, Ontario.

☞No. 1 and NO. 2 Sold in Peterborough by John Nugent, Druggist.

YIELD OF OUR FISHERIES.

Twenty Million Dollars a Year—Death of Mr. A. W. Burgess—Government Has Pardoned Young Dart.

Ottawa, Feb. 26.—Canada's unrivalled fisheries yielded last year $20,400,000, according to the annual report of Sir Louis Davies, just published. This yield was the product of 75,000 men, 30,000 of whom were deep-sea toilers. The capital invested is placed at $9,750,000, and 26,600 craft of all kinds were employed. The principal fish caught and their values were as follows: Salmon, $4,000,000; cod, $3,619,000; herring, $2,000,000, and lobsters, $2,200,000. By provinces the catch was: Nova Scotia, $6,070,000; New Brunswick, $4,800,000; British Columbia, $4,183,000; Quebec, $2,025,000; Ontario, $1,605,000; Prince Edward Island, $976,000; Manitoba, $262,000, and the Territories, $388,000. New Brunswick, Quebec and Ontario show an aggregate increase of $575,000, the other provinces' decreases aggregating $367,000. There were 41 vessels in the fur seal and Behring Sea fisheries, employing 500 whites and 567 Indians, who secured 20,000 skins, 15,000 of which were got in Behring Sea.

Death of Mr. A. W. Burgess.

Ottawa, Feb. 28.—Mr. A. W. Burgess, Dominion Lands Commissioner, died at midnight Friday. He was well known throughout the country as the able and efficient deputy head of the Department of the Interior for a period of 14 years preceding the advent of the present Government. Mr. Burgess' death was due to an apoplectic stroke, which he suffered on the afternoon of Thursday last.

Mr. Burgess was born at Strathspey, Invernesshire, Scotland, on the 21st of Oct., 1850. He came to Canada at the age of 21 and became a reporter on the staff of the Toronto Globe. He was not only an expert stenographer, but a facile and vigorous writer, and he soon began to make his mark in his profession. He reported for the Globe at Ottawa from 1872 to 1874, when he became editor and subsequently proprietor of the Ottawa Times. In the year 1876, having been offered the position of private secretary to the Hon. David Mills, then Minister of the Interior in the Government of the Hon. Alexander Mackenzie, he accepted it, and thus entered on the official career in which he was destined to achieve such distinguished success. Remaining in the Department of the Interior after the defeat of the Reform Government in 1878, he was promoted four years later to the position of secretary, and in the following year to that of deputy. On Mr. Smart assuming the position as deputy under Mr. Sifton, Mr. Burgess was assigned without a change of salary to the position of Commissioner of Dominion Lands.

Young Dart Pardoned.

Ottawa, Feb. 28.—The Government has decided to liberate Lyman Dart, the seventeen-year old boy who was sentenced to hanging at Truro, N.S. The trial judge in his report to the Minister of *Justice* recently, wrote to the effect that had all the facts been known in this case, which have come to light since, the lad would certainly have been acquitted. The shooting was established as accidental beyond a shadow of doubt. The gun was discharged by the trigger catching on a twig as young Dart was carrying it, and in his confession filed since the trial, he says that he heard a cry, and turning saw that the bullet had shot a passing poddlar.

Geologist McConnell in Luck.

R. G. McConnell of the Geological Survey Department has been offered and has accepted the position of Provincial Mineralogist to the Government of British Columbia, in succession to Mr. Carlyle, who has been appointed geologist to the British American Mining Corporation, of which Lord Dufferin is president and Hon. C. H. Mackintosh resident director in Canada. Mr. McConnell has been employed by the Dominion Government in geological work since 1879, his field of labor covering extensive portions of the Northwest and British Columbia. His salary in British Columbia will be $4,000, or more than double the amount he is receiving from the Federal Government.

Rushing to the Yukon.

The number of passengers bound for the Yukon which passed through Ottawa Sunday on the Winnipeg train was unprecedented. There were so many that the train had to be run in two sections. The first was composed of twelve cars, all of which were filled to their capacity. The second section, two hours later, was made up of eight cars.

Government Astronomer Dead.

Abraham Dufresne, astronomer of the Department of the Interior, died last evening after a short illness. Deceased was only 38 years of age, and had been in the employ of the Government for the past eight years. He was a native of Montmagny, P.Q., and a brother-in-law of Mr. P. V. Savard, M.P. for Chicoutimi and Saguenay.

Very Handsome Girl Dead.

Hamilton, Feb. 28.—Lizzie Cain, a 17-year-old girl, belonging to Newmarket, died suddenly in the St. Nicholas Hotel early Sunday evening under particularly sad circumstances. She was with William Atkinson, an expert machinist, who claims to belong to Buffalo, and took breakfast and dinner yesterday with him, representing that she was his wife. About 4 o'clock she took sick and Dr. O'Reilly was sent for, but she died in less than an hour. The physician notified Coroner Griffin, and the coroner consulted with the Crown Attorney and an inquest was ordered. Detective Bleakly was instructed to empanel a jury. At 8 o'clock the jury met at the hotel, ordered a post-mortem examination, and adjourned to meet on Thursday night. It is supposed that the girl died from the results of a criminal operation or from attempts made to procure an abortion. She was a very handsome girl.

No Matter

No matter how obstinate the cough, how severe the cold, Norway Pine Syrup will cure and cure quickly. No other remedy equals it in curative power over throat and lung troubles.

How to Cure all Skin Diseases."

THE KING OE GREECE

Narrowly Escapes Assassination on Saturday.

BRAVERY AROUSES ENTHUSIASM.

His Majesty Shielded His Daughter From the Bullets of His Would-Be Murderers—Coachman Was Shot in the Arm—A Very Determined Attempt at Regicide—Cable News.

Athens, Feb. 28.—An unsuccessful attempt was made Saturday to assassinate King George of Greece.

The King was returning from Phalerum at 5 o'clock in the evening in a landau, accompanied by the Princess Maria, when two men who were hidden in a ditch alongside the road, opened fire with guns upon the occupants of the carriage. The first shot missed, but the second wounded a footman in the arm. The coachman whipped up his horses and the royal party dashed away at a gallop. The miscreants fired seven more shots after them, none of which took effect, and the King and Princess returned to the Palace unhurt.

The King states that one of the assassins was dressed in grey clothing and His Majesty declares that he could easily identify him.

The news of the attempt upon the King's life caused a great sensation.

Shielded His Daughter.

When the second shot whizzed past the carriage, the King rose and stood in front of his daughter in order to shield her. One of the horses was slightly wounded. One of the assailants knelt in the middle of the road and aimed straight at the King, who noticed that the man's hand was shaking. The shot missed and the King had a clear view of this man, who, His Majesty says, was barely 20 years old. He continued to fire after the carriage until it was out of range. His companion, who was more cowardly, did not leave the ditch. As soon as the news became known, all the leading politicians hastened to the Palace to express their congratulations over the escape of King George and the Princess. The action of His Majesty in shielding the Princess at the risk of his own life has aroused great enthusiasm.

STARTED FOR THE NIGER.

Non-Commissioned Officers and Hospital Nurses Leave England.

Liverpool, Feb. 28.—The British steamer Bonny started Saturday for the Niger with a party of officers, 10 non-commissioned officers, three hospital nurses, a number of huts, a quantity of military stores and a million rounds of ammunition. The stores and the party are destined for Lokoja.

CHILI TALKING WAR.

Argentine Government Being Urged to Get Ready for Trouble.

Buenos Ayres, Feb. 28.—Public meetings are being organized everywhere in order to urge the Government to push the arguments of the Argentine Republic in order, it is claimed, to guarantee peace, which is said to be threatened by the bellicose utterances of the Chilian press.

London to Be Beautified.

London, Feb. 28.—Extensive plans for the beautification of London have been decided on by the Government. No announcement yet has been made, but an expenditure of more than $10,000,000 upon the approaches to the houses of Parliament is among the probabilities, including splendid new public offices, really worthy of the English metropolis.

Frederick Tennyson Dead.

London, Feb. 28.—Mr. Frederick Tennyson, the poet, eldest brother of the late Poet Laureate, Lord Alfred Tennyson, died Saturday.

Lord Salisbury Ill.

London, Feb. 28.—Lord Salisbury, the Premier is confined to his room at Hatfield House with a slight indisposition.

A SARNIA WONDER.

W. Barton Got Health and Strength From Dodd's Kidney Pills.

Sarnia, Feb. 21.—The case of Mr. T. Johnston, of Osborne, excites wide-spread interest here, as Mr. Johnston is well-known here, and the published report of his case is known to be true.

But William Barton, of Sarnia, claims to have been a still worse case than Mr. Johnston. Mr. Barton was afflicted with Bladder trouble for many years.

Doctors and medicines utterly failed to relieve him. His sufferings were almost beyond human endurance.

At length he tried Dodd's Kidney Pills. As in scores of other cases in Sarnia, a cure followed in astonishingly short time. Six boxes were all he used. But they gave him perfect health and manly strength.

Convict Carrie Is Dead.

Kingston, Feb. 26.—Convict Carrie died last night, and an inquest will be held to-day. Carrie was shot on Feb. 15 by Officer Gibson, who overtook him and Convict O'Connor, who were trying to escape arrest. Carrie was 26 years of age, and was sent from St. Thomas in 1894 to serve ten years for arson

The jury empanelled to ascertain the cause of the death of Carrie, convict, shot on Feb. 15 while resisting arrest after escaping, returned a verdict exonerating Guard Gibson and declaring that he fired the shot in the discharge of his duty and in self-defence.

British Flag at Summit Lake.

Seattle, Wash., Feb. 26.—The steamer Noye, which arrived here from Alaska yesterday, brings a report that the British flag has been planted at Summit Lake, 14 miles inside of the American boundary line and 19 miles from Skaguay. It is also reported that eight men have been frozen to death on the trail since Feb. 15.

Want to Keep Your Neuralgia?

Of course you don't; so you should take Scott's Emulsion. It is a fact this remedy cures it: and it cures nervousness, nerve debility and insomnia also.

Bright as a dollar.

Heart and nerve troubles cloud the brain, tangle the memory, wrench the system and destroy sleep. Milburn's Heart and Nerve Pills regulate the heart, tone the nerves and bring health and vigor to the entire system.

Dr. Low's Pleasant Worm Syrup removes worms of all kinds from children or adults.

BRITISH STEAMER BURNED.

Six Unfortunates Lost Their Lives by Drowning and Fire.

Boston, Feb. 28.—The British steamer Legislator, Captain Tennant, bound from Liverpool for Colon, was burned at sea on Feb. 16 in lat. 31.28 north and long. 44.10 west. The fire broke out so suddenly that 11 men forwards were cut off from the rest of the ship, and in saving them a boat was capsized and five men, including the second and third officers, the steward and the cook, were drowned. A fireman received such severe burns that he died in a few minutes. The balance of the crew, 28 in all, with two passengers, Dr. W. Mortimer and wife of London, were rescued within four hours after the fire broke out by the fruit steamer Flower Gate, and brought to this port. The steamer burned to the water's edge.

The names of the dead are: Drowned—Chief Steward John Gaffney, Second Officer James Bateman, Third Officer William Martin, Cook Alexander Jenkins, Seaman William Angill.

Burned to death—Fireman Thomas Roberts.

The fire is supposed to have been the result of spontaneous combustion in the cargo of phosphate.

TELEGRAPHIC BRIEFS.

The statement of affairs of George Craig & Co., departmental store, Winnipeg, shows a deficit of $27,801.59.

Rev. James W. H. Milne, B.A., of Mansewood, Ont., has accepted the call of the Globe Church congregation in Ottawa.

William M. Singerly, proprietor of the Record Publishing Company, Philadelphia, died suddenly of heart disease Sunday afternoon.

Robert Shackell, aged 79, a much-respected citizen of Brantford, died Saturday morning. Deceased went to Brantford 50 years ago.

It will be disappointing news to the mercantile community to learn that the Government has decided not to introduce an insolvency bill this session.

The hotel built at Seine City by David McKenzie two years ago has been burned to the ground with all its contents. It was known as Larson's Hotel.

The bylaw under which Goderich is taking $50,000 stock in the elevator company has been voted upon and carried by the handsome majority of 416.

An effort is being made in Ottawa to raise funds to establish a public reading room in Dawson City, to be known as "Ogilvie's Klondike Reading Room."

The Maritime Express will be the name of the fast train that leaves Montreal March 1 for Halifax over the new I.C.R. extension. The time will be 26 hours.

Samuel F. Leopold, President of the Lake Michigan and Lake Superior Transportation Company, Chicago, and largely interested in copper mines, died Saturday, aged 72.

The house of Mr. Peter Cline, who lived on the outskirts of Cayuga, was destroyed by fire Saturday afternoon, along with part of the contents. Loss about $800; insured.

William P. Taylor has left Edmonton per dog train for the Pelley banks. He is under contract to the Town Council and Board of Trade to explore and blaze a road to the Pelley banks and return.

The Bell Telephone Company's counsel will submit to the Minister of Railways on Thursday in furtherance of their application for power to charge higher tariffs, that the cost of operating increases with the growth of business.

It is economy to profit by the experience of others. Thousands have been cured by Hood's Sarsaparilla, why not you?

Caps or Crowns.

Whether the head wears a cap or a crown headache will come. Burdock Blood Bitters cures all forms of headache. It is a curative for rich or poor.

"I suffered with terrible violent headache but B.B.B. cured me before I had finished the fourth bottle."

Mrs. W. Macklin,
Cypress River, Man.

Liver complaint, biliousness, sallow complexion, yellow eyes, jaundice, etc., yield to the curative powers of Laxa-Liver Pills. They are sure to cure.

SHILOH'S CURE, the great Cough and Croup Cure, is in great demand. Pocket size contains twenty-five doses only 25c. Children love it. Sold by John Nugent 259 George street.

A Million Gone Up in Smoke.

Louisville, Ky., Feb. 26.—The picking, drying and steaming warehouses of the National Tobacco Company, situated at 24th and Main streets, were totally destroyed by fire yesterday. The loss will amount to $1,000,000, fully covered by insurance.

Petroleans Going to the Klondike.

Petrolea, Ont., Feb. 26.—George Smith, C. Mann, William Baker of Sarnia, and Geo. Barnbe and George Sharpe of Petrolea leave here Tuesday for the Klondike. They go via the C.P.R.

Bank Manager Dead.

London, Ont., Feb. 26.—Mr. H. D. Mitchell, the manager of the Traders' Bank at Glencoe, died suddenly at 5 o'clock last evening. Apoplexy was the cause of death.

The World's Wire Mileage.

The total miles of telegraph wire in the world have reached 4,908,921, not counting 180,440 miles of submarine cable. Were this all in one continuous line it would wrap around the equator about 198 times. The moon and earth could be connected by 20 lines, with enough to spare to connect every country on the earth. Of the total amount Europe has 1,764,790; Asia, 810,685; Africa, 99,419; Australia, 217,479; America, 2,816,548.

THE ONLY HOPE!

For Victims of Bright's Disease is Dodd's Kidney Pills.

Not a day passes on which the newspapers do not record the death of one or more persons from Bright's Disease. Already its victims number hundreds of thousands. Day by day the awful total grows larger. No class is safe from this destroyer.

War and intemperance, with all their miseries and fatalities, are not responsible for as many deaths as have been caused by Bright's Disease. Yet, there is a way of resisting it; of drawing its poisoned fangs, and making it as harmless as a summer breeze. That great medicine, Dodd's Kidney Pills, has cured thousands of the worst cases. It never fails to cure, hopeless as the case may seem.

Would you safely shield your loved ones from the fatal grip of this curse of mankind—Bright's Disease? Then use Dodd's Kidney Pills, the only cure on earth for this disease.

CURE THAT COUGH WITH SHILOH'S CURE — TAKE THE BEST

Sizes, Note and $1.00 Bottle. One cent a dose.

WHY. DON'T YOU TAKE?

HEART HUMBUG.

WHY DON'T YOU TAKE?

IT is fashionable to-day to have a new heart scare every 24 hours. The commonest symptoms of dyspepsia or nerve trouble, such as palpitation, weak spells, loss of appetite and poor circulation are magnified and distorted into serious signs of heart trouble, with the object of frightening the public into taking this or that heart remedy. If a hundredth part of the heart trouble we hear about were real, the cemeteries would be filled in a month. A wrong construction is put upon common ailments in order to humbug the people into the belief that heart disease is prevalent, whereas real heart trouble, which is so sadly and suddenly fatal when it does occur, is a rare disease. Lop-sided arguments cannot convince an intelligent people. Iron is the vital element of the blood. You can't have too much. But too little iron means weakness, lack of spirit, pallid cheeks, shortness of breath, sleeplessness, nervousness, loss of vital force, ending in general break-down. The iron in Dr. Ward's Blood and Nerve Pills is in the soluble form you need, in combination with other curative agents in such a manner that disease can't resist their action. The blood becomes rich and red, strength returns, spirits revive, good health comes back again. YOU FEEL YOURSELF GETTING WELL WHEN YOU TAKE DR. WARD'S BLOOD AND NERVE PILLS.

Price 50c. per box, 5 boxes for $2.00 at druggists, or if not obtainable at your druggist, mailed on receipt of price by THE DR. WARD CO., 71 Victoria Street, Toronto. Book of information free.

SLOAN'S INDIAN TONIC

Cures Scrofula, Pimples, Ulcers, Abscesses, Boils, Blotches and all other disorders arising from impure blood.

TRADE MARK.

More Curative Power in Sloan's Indian Tonic than in all other Medicines Combined.

Michael Dillon, of Richmond Hill, writes:

My wife bought a bottle of SLOAN'S INDIAN TONIC from your agent when he was here. She has been in very bad health for several years and has been treated by three different doctors, and has taken a number of different patent medicines, but she thinks one bottle of your medicine has done her more good than all the other medicines she has ever taken, and she wants you to send her another bottle of your medicine.

Mrs. R. W. Wilson, of Fergus, says:—

Having used one bottle of your Tonic, I would like another, as I find they give great results. Would you kindly send one bottle of Sloan's Indian Tonic, for which you will find enclosed $1.00, and oblige.

Nelson Page, of Byng P. O., says:

We have used your Sloan's Indian Tonic, and found it of great benefit.

Price $1, or 6 for $5.00. All Dealers or Address

THE SLOAN MEDICINE COMPANY, of Hamilton, Limited.

ADVERTISING IN THE EXAMINER PAYS

High-Grade Cemetery Work

AT A MODERATE PRICE.

The element of permanence which pertains to the erection of any memorial to the dead renders it highly desirable that no mistake be made in the selection either of design or of materials.

A mistake is a serious matter. Let us help you to make a right decision. Our specialty is the erection of monuments which are unique without being grotesque, and artistic without being over-decorated.

We manufacture from all first-quality granites, and as WE SELL DIRECT TO CUSTOMERS we save the latter all agents' profits. Then, too, there is a decided advantage for the buyer in dealing with one responsible firm for both the manufacture and the setting of a monument.

All our work is guaranteed, NO CHARGE being made if not strictly according to contract. Write us for designs and estimates.

A VETERAN PASSES AWAY.

Death of the Venerable Patrick Galvin.

Yesterday Mr. Patrick Galvin, one of the oldest and one of the most respected and venerable residents of Ennismore, passed away in the 98th year of his age. Mr. Galvin and the nineteenth century came to the world together, and Mr. Galvin has been a prominent figure in the local progress that has marked the past 98 years. He passed away full of years and honour.

THE WAR OF RAILWAY RATES.

The Grand Trunk Meets the C.P.R. Cut in Rates.

By advertisement in another column it will be seen that the Grand Trunk has met the cut in rates recently promulgated by the C.P.R. The cut in rate includes Ontario lines, or in other words the C.P.R. cut is fully met.

Special routes have also been scheduled for Northwest points via Winnipeg and St. Paul. The rates to Winnipeg are $33.35 and $21. During the months of March and April special settlers trains, with free colonist sleeping cars for families, will be run by the Grand Trunk to the Northwest at lowest rates. Whatever the outcome of this great corporate controversy, the public are getting the benefit of very low travelling rates. For full particulars as to rates and tickets, apply to Mr. W. Banton, up-town ticket agent, Opera House block.

Beware of Boorbachs. Don't believe last minute yarns.

CHURCH CHIMES.

ST. PETER'S CATHEDRAL.

Last night there was a large congregation at St. Peter's Cathedral to listen to the eloquent charity sermon preached by Ven. Archdeacon Casey on behalf of the funds of the local St. Vincent de Paul Society. His text was—"Faith, hope and charity, but the greatest of these is charity." After a few introductory remarks eulogising the working of the local Society, and appealing to the interests of congregation on its behalf, the Venerable Archdeacon gave a succinct but interesting sketch of the life work of the great apostle of charity, St. Vincent de Paul, and referred to the numerous organizations for the promotion of works of Christian charity that had arisen in the Church to carry out the great principles that St. Vincent had advocated and carried out in his grand life of devotion and self-sacrifice. Reference was then made to the fact that organized charity was a pure out-growth of Christianity. It was only where the church was established that practical Christian charity was carried out. Ancient Rome, with all its greatness, splendor and intellectual culture had not one charitable organization, for it had not the spirit of Christ, which was the basis of all charity. It was natural that so eloquent an appeal should have brought forth so liberal a contribution as was made by the congregation.

At the several masses yesterday His Lordship made touching reference to the late Archbishop Cleary, and special prayers were said for the repose of his soul.

It is currently reported in church circles that Rt. Rev. Bishop O'Connor is likely to be promoted to the Archbishopric made vacant by the lamented death of Archbishop Cleary, of Kingston. While Bishop O'Connor would make a worthy successor to the deceased prelate, the people of Peterborough, both within and without his flock, have learned to hold him in the highest respect and would, for selfish reasons, regret his removal from a community where he has won so high respect and esteem and set so high an example as a great ecclesiastic as well as a worthy citizen.

Rt. Rev. Bishop O'Connor went to Kingston to-day where he will celebrate the requiem high mass at the funeral of the late Archbishop Cleary. Bishop McFaul, of Ogdensburgh, will be the preacher.

ST. JOHN'S CHURCH.

Last night at St. John's, Rev. E. V. Stevenson gave the first of a series of Lenten addresses to young men. His subject was the two brothers in the parable of the prodigal son. Their characters were contrasted, and it was shown that the characteristics of both were reproduced in every day life around us. The elder brother's fault of character was the latent, hard selfishness and his want of charity for his repentant brother. The prodigal was not all bad, he was too easily led, and if he had been in good surroundings he might have turned out a better man than his elder brother. The great feature was the father's boundless love that included both the model and the erring son. The lesson was impressed that though all were born with apparently different dispositions we were responsible for the influences to which we subjected these conditions. If we were weak willed and yielding we should avoid temptation.

Last night Mr. Arthur McVicar, of Sarnia, a guest of Mr. A. P. Poussette, presided at the organ. His general playing was excellent, but especial praise is due his offertory voluntary, which was an improvisation full of rich and flowing melody and effective harmony.

At Bethany Mission yesterday morning four persons received the right hand of fellowship in membership, and in the evening six adults were publicly baptised by Pastor Zimmerman. The attendance at the evening service was far in excess of the accommodation, and numbers were compelled to stand.

Cabinet photographs $3.00 a dozen at A. Cunningham & Co.'s, 170 Charlotte street.

DAILY TEMPERATURE RECORD.

The following are readings of the official thermometers for this morning, as well as the highest and lowest yesterday—shade temperature:—

	Highest.	Lowest.
To-day, 7 a. m.	5° above zero	
Yesterday	25°	13°

The minus sign (—) signifies below zero.

Dr. Chase's Ozone Catarrh after Operations fail.

My boy, aged fourteen, has been a sufferer from Catarrh, and lately we submitted him to an operation at the General Hospital. Since then we have restored to Dr. Chase's Catarrh Cure, and one box of this medicine has made a prompt and complete cure.

H. G. Forde,
Foreman, Cowan Ave. Fire Hall.

Mr. Ames bought his goods for cash. Kind bought his stock of shoes at 55c on the dollar and will give you them away below cost on Saturday, 405 George street.

—E. Welsh is head quarters for oysters, 30c. 40c. and 50c. per quart. Boss Maskinoge, Pickerel, Salmon, Whitefish, Pike, Finnan Haddie, 7c. per lb., Fresh Water Herrings, 25c. per dozen. Telephone 262.

Boys' Two Piece Suits, short pants, heavy Canadian Tweeds, medium brown shade, coat buttoned close to the throat, pleated front, regular price $2, Grafton & Co's clearing sale price, $1.50.

Majority for Stratton, 760.

Stratton has stood by West Peterborough—electors, stand by Stratton.

SPORTING PASTIMES.

Hockey and Other Items of Local and General Interest.

HOCKEY.

At Warsaw Friday night a tournament was held in which the Warsaw, Norwood and Lakefield teams participated. Lakefield won from Norwood by the score of 6-4, and then went on the ice to play Warsaw. Ernie Wasson, an old Warsaw player, and Harry King were on the forward line for Warsaw and by a slick combination play scored the first goal in about 15 seconds. Lakefield refused to proceed, claiming that the two Peterborough boys were "ringers," and the cup therefore went to Warsaw. Bert Belleghem was the referee.

Saturday's match between the "Grove" team of Lakefield and the Colts was a good one. The Colts played in great form and won by 16 goals to 3. Their combination was fine, and the way they blocked their goal when it was in danger was immense. Labatt and Redpath scored for Lakefield, and for the Colts Bradd scored 6, Roy Armstrong 2, Crossley 4, McBain 3, Harold Armstrong 1, the latter scoring from a pretty lift from cover-point. The teams were:

Colts		Lakefield
Cochrane	goal	Dunn
E Graham	point	Gibbald
H Armstrong	cover point	C Strickland
H McBain, S Bradd, P Crossley, R Armstrong	forwards	Labatt, Redpath, Blomfield, J Strickland

The Colts play Cobourg High School here next Wednesday night at 8 o'clock, and one of the most interesting games of the season may be expected.

Let well enough alone—vote for Stratton and good Government.

PERSONAL.

Mr. Walter Davidson is down from Osgoode Hall, Toronto, on a visit.

Mr. Court King, of Trinity University, came down from Toronto for Sunday.

Miss Mabel Mason has returned after a few weeks visit in Toronto and Port Perry.

Mrs. Richard Clegg of Ingersoll, is the guest of her sister-in-law, Mrs. J. B. Pentland.

Rev. Father Fitzpatrick, of Young's Point, is in town to-day. He will deliver an address in the Catholic Association rooms this evening.

Mrs. Chadwick, of New York, mother of Rev. Father Chadwick, chaplain of the ill-fated battleship Maine, is on a visit to her daughter, Sister Geraldine, of St. Joseph's Hospital.

Vote for Stratton and good Government.

Immense bargains in shoes at 405 George street Saturday. dw

Boys' Odd Vests, in Tweed and Serge, sizes 28 to 32, regular price 50c to 75c, Grafton & Co's clearing sale price 25c.

THE USE OF PERFUMES.

Scents Which Should Be Eschewed by Refined Persons.

A woman never makes a more emphatic self-revelation than in the use of perfumes. From the time of the Queen of Sheba down to the new woman's day, exquisitely rare and precious perfumes have been valued as a royal gift or possession, but the time has come when ten-tenths of the ill-smelling "extracts," so-called, were better poured into the sea than used to besprinkle the toilet of a lady.

One is constantly mystified and amazed at the bad taste shown in this matter by women who move in good circles, who have discrimination in dress and are conventional in manners. And yet when we analyze her more closely we invariably find that the woman whose presence is heralded by highly concentrated perfumes is not a creature of very fine calibre or quality.

As an adjunct of the bath, certain distilled waters, like lavendar, Florida water or eau de cologne, are delightfully refreshing and sweet, but no liquid decorations whatsoever of scented alcohol declared to be the extracts of flowers, are fit to come near the handkerchiefs, laces and lingerie of the truly refined woman.

They do not smell like any known flower of the earth, and, indeed, are made from an animal, not a floral, product. The basis of them all is musk and alcohol, and when the latter evaporates the musk still holds its power to suffocate till sometimes, in a crowded public place, a theatre or church, one is almost overcome by it.

But while it is true that too many women of fair opportunities for social culture are guilty of the crudest taste in this matter of perfumes, there is another class whose fastidiousness of choice is as graceful as the other is distasteful. Far better, of course, to utterly abjure the slightest trace of perfume about one's belongings than to use the rank sort, but a certain other sort seems to envelop one in an atmosphere of indefinable elegance.

Two women were in a store one day, and had to wait for a wealthy shopper to make way for them at a silk counter. As she left the one who moved into her place whispered, "Did you ever smell anything so wonderfully sweet? I wonder what it was; she had no violets?" "That's the smell of money," the other one laughed, who was less susceptible. But it was not the smell of money, it was the smell of fresh Florentine orris powder imported from Italy, the only thing in the world that really and truly does smell like dewy violets newly gathered, and the woman who adopts that and nothing else individualizes herself in the minds of her friends and to the public as a personification of Rossetti's ideal of woman in his sonnets, "To be a Sweetness."

There is nothing that retains the faint violet whiff of orris like lace or veiling, and it is pleasant to have it replace the kid odor of one's gloves, but the knowing woman's sachet never reposes among her writing paper and visiting cards.

ELECTORS---STAND FOR STRATTON

VICTORY!

STRATTON'S SUPPORTERS HOLD A ROUSING RALLY.

THE COMMITTEE ROOMS WERE CROWDED SATURDAY NIGHT.

Enthusiastic Addresses by the Government Supporters—A Majority Assured From Every Municipality.

Saturday night's rally in the Liberal committee rooms was marked by the big crowd present, and by the hot enthusiasm manifested. Every good point made by the speakers—and there were many—was cheered to the echo, and Mr. Stratton must have indeed derived encouragement from the whole-souled manner in which his supporters threw themselves into the battle, as evidenced by the remarks which were made in the course of the evening by the different speakers.

STRATTON

Mr. Stratton in opening the meeting stated that he knew it must be gratifying to all to see the enthusiasm which was being manifested amongst his supporters in the present campaign. From the evidences of support which he was receiving in every quarter he was sure that every municipality in the riding would give him a majority. He was receiving encouragement from totally unexpected sources and it had been most gratifying to him to receive the confidence of the independent men in the Conservative party. With the support of both his Liberal and Conservative friends and the co-operation of the young men as well as the older electors he was confident that the majority which would be rolled up would be a surprising one. A band was not required to play in his committee rooms to draw the electors there. He preferred to have the right principles at his back. Those would prove the strongest drawing card. He was fighting for a principle and when he had that as his platform and such men at his back as were then present, it could not result but in victory. (Cheers). It was not the Conservative party which was opposing him, but just a few of those who would like to run the community. The best citizens of Peterborough were with him. It had been necessary for him to put up a great fight in this campaign, but he had put up a fight which astonished his opponents. Yet the victory was not his but was due to the loyal support he had received. In his campaign he did not pander to race and creed prejudices but had recognized the fact that the prosperity of the town lay in such matters being conducted in a manner to promote peace and harmony amongst all classes. Hon. George A. Cox, who was present, would follow him in a short address. Mr. Cox had done more for Peterborough than the whole band of Opposition stumpers in the riding. The riding had made one mistake in regard to Mr. Cox, and that was in not electing him to Parliament. This mistake had been recognized afterwards when it was too late. No man in the city of Toronto was more highly thought of for his ability and financial worth to-day, than Mr. Cox, whose brains had placed him in a most enviable position in the business world of Canada. His personal qualifications had won for him a high place in the esteem of the influential business circles with which he came in contact in Toronto, and it would be unwise if Peterborough electors for the sake of party should not stand together in the interests of Peterborough.

Senator Cox, in acknowledging the cordial reception which he received, stated that it was a source of great pride and satisfaction to be so heartily greeted by his Peterborough friends. He appreciated fully as he did the two kind and flattering introduction which he had received at the hands of Mr. Stratton. It was with great pleasure that he came down from Toronto to say a word in support of Mr. Stratton. He knew whereof he spoke when he stated that Mr. Stratton stood so high in the councils of the Legislature that he was very close to the Council Chamber. He had met a great many from all parts of the province within the last few days, and there was no doubt in the minds of either party but that Hardy would be returned to power with an increased majority. There was no doubt that the Opposition was putting up the strongest fight it had done in years but it was to no purpose, because the present administration was the best that had ever governed this Province. The arguments of the Opposition were so trivial as to show that there was nothing substantially wrong with the Government. The whole position and credit and standing of the Province demonstrates that the present administration is worthy of the entire confidence of the electors. He had come in contact with a large number of farmers and business men during the day and wished he was as sure of a big balance in the bank as he was of Mr. Stratton's election. Last time his majority was 760 and this time no man with any political reputation would stand against him. It was only a gentleman with no political reputation whatever to lose that ventured to come forth. If the electors did their work thoroughly this time and rolled up a majority of twelve or fourteen hundred, no one would ever run against him again. Personally his interest in the town was as great as when he came here forty years ago, and he had done everything he could to advance its prosperity.

A voice—Will you start the Bridge Works running for us?

Mr. Cox—If J. R. had been the president of that company, it would not now be closed.

He was confident that the electors would have Mr. Stratton back in a few weeks to be re-elected as a member of the Cabinet. If he was given 1,200 of a majority now, he would be allowed to go in by acclamation next time. By Tuesday night he would have earned his return by acclamation. No room for doubt should be left. Every vote should be polled. The Opposition claimed there was no surplus. Well, he would just like to have it. He knew of an investment which was made of two and a half millions the other day at two and a half per cent, and here was the Ontario Government drawing five per cent. on its funds in the hands of the Dominion. These funds were worth just $1.85 on the $1.00. The argument against a surplus was, in his opinion, the best testimony for the Government.

Dr. Gray's few remarks were most enthusiastic. He urged the electors to work to the last minute and leave no stone unturned to roll up a big majority. He, himself, was figuring on almost 2,000. During the day he had heard through a Conservative that South Monaghan would do better for him than it had ever done before.

Mr. J. J. Hartley was sure the majority would be an astonishing one, as the workingmen knew which of the two candidates was their friend and they wanted the man elected who was going to represent them in the Legislature. Stratton was the man. He was always willing to advance the interests of labour and had his money

BLEZARD

invested in the manufactories of the town. The election was certain, but every elector should work to increase the majority to such an extent as to confound the Opposition. Mr. Stratton was able to hold his own with any of them on the platform. He faced four in the Opera House and knocked the props from under their arguments. Reports were so encouraging that a majority was expected in the town.

Mr. J. W. Fitzgerald said he thought we might reasonably begin to congratulate ourselves, for it must now be apparent to all that the battle is already won. That our old and tried member would be returned by increased majorities there was no doubt, and the Government of Hon. Mr. Hardy sustained by a large majority than ever was equally certain. He had during the last few days been speaking to electors who had never voted on the Liberal side, and they will this time be with us, and many who are on the fence will before next Tuesday tumble on the right side. He could not see how it could be otherwise. Sensible men who calmly examine the situation do not want to commit their destinies to mere tyros in legislation, but rather to the tried and experienced statesmen, under whose wise and prudent policy for twenty-six years past, this province has grown and prospered and nearly doubled in area. Under the steady sway of the Mowat-Hardy policy false cries and factions have been put down, and the good faith and honour of our Province vindicated. In the present contest he said the rank and file had

AND

nobly done their duty, and that they were ably led by the general in command there was no question. Mr. Stratton did not shirk his post. He had always been in the thickest and front of the fight, and shared in its fatigues and hardships, like a true soldier, without a grumble. For this he deserves our hearty and unstinted confidence and admiration which with one acclaim he will receive on next Tuesday night, backed up by a majority of at least one thousand.

Mr. David Doig, who has recently come into the Government camp, stated that he was being called a traitor by the Opposition supporters. All he could say in reply was that a wise man changes his mind, but a fool never. He had been labouring under a misapprehension, and as soon as it was cleared up he had crossed over and taken his place on the Government side of the house again.

Rev. Mr. Grant emphasized one thought in particular—that the audience was largely composed of young men, who were starting out in life. There was no chance like the present for them to make their mark, and he was glad to see them enrolled under the banner of a Government known for its honesty of administration. They were planting their political standard straight when they dropped into line with the Liberals. He hoped they would look on their ballot as a sacred thing. The very God of the heavens rules the nation as well as the individual, and the present campaign was certain to come out right, because right was bound to come out uppermost. The good fight was almost over and all that now remained was to mark the cross opposite the name of the best man Peterborough had ever sent to the Legislature. (Cheers.)

Mr. Trombley gave a humorous description of Mr. Garvin's reception in Galway, where he had been followed away from his own meeting with snowballs, and had great difficulty in even getting anything to eat in the township on account of the residents resenting offensive remarks he made about Mr. Stratton.

Mr. E. B. Stone stated that he had been following up Dr. Ford in Burleigh, Apsley and Anstruther, and that the north country was solid for Blezard. In coming home through Smith he learned that Garvin had turned votes against himself at his last Young's Point meeting. Dr. Ford and Mr. Garvin took opposite views of political questions, although both were supporters of the Opposition. Mr. Garvin complained that the Normal Schools could not accommodate the graduates of the Model Schools whilst Dr. Ford claimed that the new Normal School which was promised to London was only a bribe as it was not needed. When Dr. Ford made this statement a young lady school teacher in the room was asked by Mr. Stone as to the accuracy of the remark and she informed the meeting that she was still teaching on a non-professional certificate, as she could not obtain admittance into the over-crowded Normal Schools. Dr. Ford had then to swallow his statement, but turned around and repeated it at the very next meeting. Another claim of his was that the 'Grits' had increased the representation in the House. He could not see that representation had to increase with population. He could state with positiveness that Mr. Stratton would get 300 of a majority in Galway and Harvey and would come into town with a grand majority from the country.

Mr. G. M. Roger in referring to the campaign meetings claimed that they were larger and more enthusiastic than any Mr. Stratton had held in any previous campaign. He had now been through three campaigns with Mr. Stratton and was in a position to know that no election had ever offered better prospects than the present one. The whole swing during the last week had been to increase Mr. Stratton's majority. Mr. Garvin's friends conceded he was beaten and that it was only a question of majority.

Mr. Wm. Radkins urged all young men to be in their places on Tuesday morning and do their duty in the day's battle. The Liberals gave them their vote and were therefore entitled to receive their support.

Mr. Ed. Elliott, of Smith, stated that on every side line in the township it was thought that Garvin's nomination was simply a fake. The best thing he could do for Mr. Stratton was to keep on going over the country a second time and making a laughing stock of himself. Mr. Garvin could talk about the Dominion auditor as much as he liked, but the speaker wanted to know how it was that this senate-

A

protected person had not been able to detect the boodling at Ottawa, whereby a minister had lost his portfolio and several contractors had been imprisoned. Smith township electors saw through all these party cries and would give Mr. Stratton fully 250 of a majority.

Mr. W. H. Meidrum was sorry that he had not been in town more during the campaign, but was prepared to stay now and take his place in the ranks of the government. It was not a contest between the Conservatives and Liberals, but simply whether or not the best man would be elected. The Opposition had its nose so stuck into that little piggery that it could not rise to the issues of the day. Although his own politics were touched with Conservatism, yet in the present campaign he proposed to stick to the "man." Mr. Stratton was a representative man, he stood up for labour and drew no distinctions of creed or race. He was enterprising enough to go through his constituency after returning from the House every year and tell the electors what he had been doing. What other representative to either the Dominion or Ontario Houses ever did this? Another question which should be considered was that of the completion of the Trent Valley Canal. Deputations were arranging to go to Ottawa now to ask for the work to go on. Which would make the better pleader for Peterborough with a Liberal Government—Mr. Stratton or his opponent? A roar of cheering was the reply.

Dr. Bell, who occupied the chair during the evening, brought the meeting to a close when hearty cheers were given for the Queen, Mr. Stratton and the Hardy Government, and all retired confident of a big victory on Tuesday night.

Stratton and the Government he supports are the friends of the workingman.

Cast your vote on the winning side,
Be in the swim to-morrow;
Vote for Stratton and float with the tide,
And save yourself from sorrow.

Hardy and Stratton are sure to win—
Don't waste your vote to-morrow;
From the cold outside to the warmth within—
Don't waste your vote to your sorrow.

A. MERCER & CO.

A LAST MINUTE MEMO.

A Pointer For Polling Day.

Get up early to-morrow.

Vote early.

Then hustle for Stratton.

Make a vote wherever you can.

Your cause is a good one.

No friend of Ontario should rest until every Stratton-Hardy vote is polled.

Watch the proceedings about the polls closely.

Remember this is a fight for good government.

That Hardy and Stratton are the champions of the people's rights and of good government.

Make the victory certain for the government that has stood the test for 26 years without a scandal.

Let it be a Stratton-Blezard-Hardy victory.

You will not regret it.

Your sons and daughters will not regret it.

Stratton is the people's candidate.

Hardy is the people's premier.

You have only to reflect to decide that this is true.

Keep cool—don't get angry.

Try moral suasion with the doubtful voter.

Remember that Stratton has worked hard in this campaign and deserves success.

Will you do your part?

Will you do it well?

Work from now till to-morrow.

Electors of East and West Peterborough—Do your duty on Tuesday and—well, you will be represented by Messrs. Stratton and Blezard at Toronto and enjoy another four years of wise, careful administration.

AN INDEPENDENT VIEW.

The Hamilton Herald (Independent) says:—"Only one working day now remains before the day of battle. The short campaign is practically over. It has been a brisk campaign. The Opposition orators and journals have done their best, or worst, in the way of destructive criticism of the Hardy Government's policy. Into every nook and every cranny of the Government's record the Opposition searchlights have been flashed. Nothing that could be used as the raw material of a scandal has been overlooked. And what is the result? We believe that the Government stands better with the people of the Province to-day than it did when the campaign opened. The failure of the Conservatives to bring home to the Government any serious sins, either of commission or omission, has been conspicuous. More than ever does the fact stand out clearly that the Hardy Government has administered the affairs of this Province ably and honestly. It has come through the fiery ordeal of the campaign unscathed. This fact must be clear to the intelligent electorate, and the fact will have great weight to-morrow with the voter who cares more for the interests of the Province and his town than for those of his party."

A government that has spent over 80 millions of dollars without a single dollar being corruptly spent is worthy of renewed confidence. No other government has such a record.

The Opposition say there should be an audit. Nothing could be more proper, and there is and has been an audit. Not a

VICTORY

single dollar can be paid out of the Provincial Treasury until the cheek is certified by the Provincial Auditor. Further, the Provincial Auditor is an officer entirely independent of the Government, and, like a Judge, removable only for cause, on an address of the Legislative Assembly.

No member of the Opposition on the floor of the House has ever ventured to hint, much less to charge, that the Auditor has been remiss in the discharge of his responsible duties.

The facts, therefore, are that there is an audit, and that every account paid and every dollar paid by the Hardy Government has been audited and certified by a statutory officer, entirely independent of Government control.

Then in the Legislature and in the Public Accounts Committee the fullest opportunities are afforded of investigating all the expenditures—all the accounts and vouchers. Although the present Government has expended upwards of eighty millions of dollars, after the amplest opportunities of investigation not one dollar has been shown to have been misappropriated or gone astray. Not one case of corruption, not one act of jobbery, has been proven.

A vote for Stratton is a vote for your best interests.

THE CONTEST IN THE EAST.

A Rousing Blezard Meeting in Ashburnham.

Mr. Blezard wound up his successful campaign on Saturday night by holding a rousing meeting in the town hall at Ashburnham, which was crowded to the doors.

Mr. Blezard on rising to speak was greeted with a genuine ovation, which was all the more appreciated because Ashburnham is regarded as his opponent's stronghold. Mr. Blezard made a capital address, covering the whole field of provincial affairs. At the conclusion he was received with bursts of applause that show how high he stands in the favour of the electors.

Hon. Geo. A. Cox made a most effective speech in Mr. Blezard's behalf. He had an interest in Peterborough, and that explained his desire to assist elect good representatives like Mr. Blezard and Mr. Stratton, and resumed his seat amidst enthusiastic cheering.

Mr. Stratton also gave an excellent address, dealing in a convincing manner with the issues of the day. In the course of his address, he bore testimony to the effective and excellent representation Mr. Blezard had given East Peterborough, and pointed out how much it was to the interests of the riding to send a representative that was a supporter of the Government that was sure to be returned. (Great applause.

The meeting closed with hearty cheers for the Queen and candidate.

A highly successful meeting in Mr. Blezard's interest at Havelock on Saturday night was addressed by Mr. J. H. McClellan, town, who gave a capital speech, and Mr. Inkster, of Toronto University. The meeting at the close was largely in Mr. Blezard's favour.

MARK YOUR BALLOT AS BELOW:

This is a minature reproduction of the ballot which you will be presented with to-morrow. Mr. Stratton's name (the second in alphabetical order) and description are printed in red. Mark your X opposite his name on the right hand side, thus:

1	**GARVIN.** (J. W. Garvin, of the Town of Peterborough, County of Peterborough, Insurance Agent.)	
2	**STRATTON.** (James R. Stratton, of the Town of Peterborough, County of Peterborough, Publisher.)	X

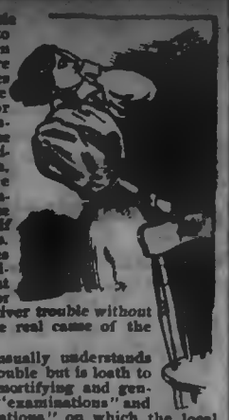
Advertise in the Examiner



These terrible dizzy spells to which women are subject are due nine times in ten to some weakness or unhealthy condition of the distinctly feminine organism. The average doctor in general practice does not half realize this. He prescribes some superficial treatment for headache or dyspepsia or liver trouble without suspecting the real cause of the difficulty.

A woman usually understands what is the trouble but is loath to undergo the mortifying and generally useless "examinations" and "local applications" on which the local practitioner is almost sure to insist. But there is a far more sensible alternative: Any woman afflicted with a delicate weakness of this nature should seek the aid of that marvelous "Favorite Prescription" invented by Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y.

In any case so obstinate as not to be promptly cured by this great "Prescription" special advice for inexpensive home-treatment adapted to the individual case, will be sent by Dr. Pierce to any one who will address him by mail. All letters are treated with the strictest privacy and never printed except by the writer's special request. Cases intrusted to his care are in the hands of one who has a lifetime's experience and who stands among the most eminent of living specialists in this particular field of practice.

Every woman should possess a copy of Dr. Pierce's famous thousand-page illustrated volume, the Common Sense Medical Adviser which has had a larger sale than any medical book in any language. A paper-bound copy will be sent *absolutely free* on receipt of 21 one-cent stamps *to pay the cost of customs and mailing only*. Address World's Dispensary Medical Association, Buffalo, N. Y., or send 50 stamps for cloth-bound copy. A whole medical library in one 1000-page volume.

Toronto Grain and Produce.

FLOUR—The market is dull, with exporters not inclined to buy. Straight rollers are quoted at $4.10 in barrels, middle freights.

WHEAT—The wheat market is dull, with fair offerings. Buyers were not inclined to pay over 87c west for red winter. Spring is offered at 90c on Midland. No. 1 Manitoba hard is dull and weak, being quoted at $1.02 North Bay and at $1.03 Midland.

BARLEY—The market is unchanged, with No. 2 extra quoted at 37c west, and feed at 34c west.

OATS—The demand is limited, and prices easier. Sales of white were made at 30c to 30½c west, and at 31½c on Midland. Mixed quoted at 29c west.

PEAS—The market is quiet and prices firm. Sales were made at 56c west and at 57c to 57½c east.

BUCKWHEAT—The market is unchanged, with cars quoted at 35c west and 36c east.

RYE—The market is unchanged, with sales outside at 50c.

CORN—The market is quiet and prices unchanged. Car lots quoted at 31c to 31½c west.

BRAN—The demand is fair and prices firm. Bran is quoted at $12 middle freights and shorts at $13.50 middle freights.

OATMEAL—The market is firm, with car lots quoted at $3.70 in bags on track.

Toronto St. Lawrence Market.

The receipts of grain to-day amounted to 7400 bushels all told. Wheat firmer, 1000 bushels selling at the following prices: White at 86c to 86c straight, red at 86c to 86½c, and goose at 86½c to 87½c per bushel. Rye firm, 200 bushels selling at 51½c to 52c. Barley firm, 3000 bushels selling at 38c to 44c. Oats easier, 2000 bushels sold at 34c to 34½c. Peas steady, 200 bushels sold at 57c to 61c.

Hay $7 to $9.25 per ton for 20 loads. Straw $6 to $7.50 per ton for 6 loads.

Dressed hogs, deliveries heavy and prices easier at $6.20 to $6.25 for light, heavy $6.

Toronto Live Stock.

The receipts of live stock at the Western Cattle Market amounted to 38 carloads, composed of 650 cattle, 205 sheep, 40 calves and 1470 hogs. On account of better weather and more buyers from outside places there was a better feeling, but prices did not advance over Tuesday's quotations. There was more inquiry for export cattle, which sold at $3.75 to $4.25; export bulls, $3 to $3.50; butchers' picked lots, $3.60 to $3.70; good, $3.40 to $3.50; medium, $3.25 to $3.35; common, $2.80 to $3.10 per cwt.

Feeders and stockers in good demand. Prices for choice heavy feeders were firmer; $3.90 offered and refused for good steers weighing 1200 lbs. Stockers sold at $3 to $3.50.

Milk cows sold at $25 to $43 each for 30. Calves $3 to $8 each.

Sheep—Prices firm, at $3 to $3.50 for ewes, bucks $3; lambs $5 to $5.25 per cwt., or in other words $3 to $5 each.

Hogs more plentiful, prices firmer at $5 for best selections, light fats $4.75, heavy $4.50 per cwt.

East Buffalo Live Stock.

East Buffalo, Feb. 25.—Cattle—Receipts all consigned through to-day. Top veals sold at $4.50 to $7; common to fair, $4.75 to $3.25; common, $3.25 to $4.50.

Hogs—Receipts 45 cars. Market lower. Opening sales 2½c to 5c lower than yesterday's values, and a still weaker feeling prevailed later in the day. Good to choice yorkers $4.15 to $4.17; prime selected, light yorkers, $4.15; mixed grades, $4.15 to $4.17; medium weights, $4.15; heavy hogs, $4.12 to $4.17; roughs, $3.65 to $3.85; stags, $2.75 to $3.10; pigs, $3.25 to $4.05.

Sheep and Lambs—Receipts 30 cars of fresh consigned, and two that held over. Market was stronger for lambs and good sheep also held their own, with a fair to fair demand for export stock, of both the lambs order, and prices of these about steady. Veal lambs, choice to extra, $5.80 to $7.05; fair to good, $5.60 to $7.75; culls to common, $5 to $5.50; clippings, common to choice, $5 to $5.25; native sheep, choice to selected wethers, $4.60 to $4.80; good to choice mixed sheep, $4.50 to $4.75; common to fair, $4 to $4.40.

British Markets.

Liverpool—Close—Spot wheat dull; futures steady at 7s 10½d for March, 7s 5½d for May and 7s 3⅝d for July. Maize quiet at 3s 4½d for March, 3s 3¾d for May and 3s 3d for July. Flour 25s.

London—Close—Wheat off coast very dull and on passage easier. Maize on passage quiet and steady.

Paris—Close—Wheat 27f 75c for August. Flour 59f 40c for May.

Life Destroying Croup Cured.

Gentlemen,—I have used Ragsdale's Yellow Oil in my family for croup and bronchitis during the past 12 years and never found it to fail. It cures every time. I have recommended it to my neighbours and they have used it. I would not be without it in the house.

BEST GOVERNED COUNTRY ON EARTH

So Says Premier Hardy of the Province of Ontario.

SWING OF VICTORY AT WINDSOR

The Premier Addresses a Great Audience of Enthusiastic People in the Border Town—A Great Defence of a Great Government—All the Issues Dealt With in Detail.

Windsor, Feb. 26.—Liberalism in North Essex received a fresh impetus last night by the visit of Hon. A. S. Hardy, Premier of Ontario. The meeting in the Opera House in the evening was as enthusiastic as it was large, and was a fitting climax to the vigorous campaign that the Liberals have been waging in this riding. With the battle almost over, the Liberals of North Essex are confident of victory, and if general indications and a careful canvass count for anything the present Liberal member, Mr. W. J. McKee, will be returned by a largely-increased majority.

In the absence of Mr. Francis Cleary, President of the Windsor Liberal Association, Dr. Smith, the Vice-President, occupied the chair, and opened the meeting with a few happy remarks.

Mr. McKee was the first speaker, and he made a neat address. He referred to Premier Hardy and Hon. Geo. W. Ross as worthy successors to Sir Oliver Mowat. He briefly outlined the legislation that the Government had enacted, and said that while he did not pose as an orator, he was a business man of experience, and could look carefully after the affairs of his constituents, and the hearty response of his auditors to this remark indicated that they quite agreed with him. Mr. McKee's address, while brief, created a splendid impression, and he was frequently applauded during its delivery.

Mr. Hardy was received with round after round of applause on rising to speak. He was glad, he said, to visit Essex County. It was a veritable garden, not a garden of Eden, for some people were turned out of Eden, and he was confident that Mr. McKee was not going to be turned out of this garden. Continuing, the Premier paid a high tribute to Mr. McKee, whom he referred to as a man of character and splendid business capacity; so highly had the Government prized Mr. McKee's ability and tact that he had been chosen as one of the Liberal whips.

Plunging into politics, Mr. Hardy said that Ontario had been governed better than any other Province or any other country on earth. No serious complaints had ever been made against the Ontario Government. Its legislation had always been progressive. As soon as public sentiment demanded a measure that demand had been met and crystallized into law. One-fifth of the total revenue of the province was devoted to the maintenance of public institutions, hospitals, asylums and similar institutions for the relief of unfortunates, which were built and maintained by the Government. They were, however, conducted on an economical and efficient basis, the cost of maintenance being much less in Ontario than in other provinces or in the States of the Union. All this was done, too, without one cent of taxes being levied on the people. Were the people anxious for taxation? said the speaker. If so, let them elect Mr. Whitney and his friends to office. Taxation has always been associated with Conservative rule. Dealing with the charge that the Government is extravagant Mr. Hardy cited the fact that Ontario, with a population of two millions, spends one-quarter of a million dollars for civil government, while the Dominion, with a population of only about twice as much, spends for the same purpose a million and a quarter of dollars.

Referring to a recent statement by the Mail and Empire that four officials are now employed by the Government where only one was employed 25 years ago, the Premier characterized it as a bold, open, flagrant falsehood. Continuing, Mr. Hardy dealt exhaustively with the timber policy of the Government. Conservatives had been free with their censure because the Government had refused to cancel the timber licenses until they expired. To have done this, the speaker said, would have been to break a solemn agreement entered into by the Crown. "I have been accused," said Mr. Hardy, "of consorting with Michigan lumbermen for the depleting of our timber reserves. I have here in my hand the list of officers of the St. Anthony Lumber Company, an American concern, and among the directors I find the name of James Pliny Whitney. Let the people judge who is sitting around the table with American lumbermen."

Mr. Hardy went minutely into the matter of the timber steal by the Moore Lumber Company of Detroit. This company, he said, had exported timber of which no returns were made to the department, but had subsequently been forced to reimburse the Government. Arthur Fleming, the president of the company, had paid the money after a good deal of squirming. Mr. Hardy closed his address with a strong appeal for support for Mr. McKee and for support for good government at the coming election. He was vociferously cheered on taking his seat.

Messrs. Wm. McGregor, M.P., R. F. Sutherland and J. H. Rodd delivered brief addresses. The meeting concluded with cheers for the Queen, Hardy and McKee.

A NAME TO CONJURE BY.

Dodd's Kidney Pills Cured T. Johnston of Diabetes.

Osborne, Feb. 14—Throughout the western peninsula of Ontario the name of Dodd's Kidney Pills is a name to conjure by. The people with the very best of reason have placed their faith to this grand medicine, and it is used in every house.

The result of this is that kidney diseases, such as diabetes, Bright's disease, etc., are rapidly disappearing from this district.

Mr. Thomas Johnston, of Osborne, is the latest cure. He suffered all the agonies of diabetes for six years, his physicians failing to help him and all medicines failing to give him relief.

Finally he began to use Dodd's Kidney Pills. His cure began at once. He has used four boxes, and is now strong, healthy and robust.

Mrs. T. S. Hawkins, Chattanooga, Tenn. says: "Shiloh's Vitalizer saved my life. I consider it the best remedy for a debilitated system I ever used." For Dyspepsia, Liver and Kidney trouble it excels. Price 75 cts.

SAD CEREMONIES.

The Arrangements Made for the Funeral of the Late Archbishop Cleary—His Possible Successor.

Kingston, Feb. 26.—Yesterday the remains of Archbishop Cleary were taken to the Palace drawing room, and hundreds are visiting the remains. On Monday the body will be taken to St. Mary's Cathedral, to remain until the funeral on Tuesday.

Flowers will not be allowed, as only emblems of hope of the resurrection through the cross are permissible at funerals of archbishops.

Mgr. Farrelly of Belleville has been appointed administrator of the diocese. Vicar-General Kelly and Mr. James Swift are the executors of Archbishop Cleary's will.

Bishop McQuade, Rochester, N. Y., will be the orator at the funeral. Bishop O'Connor, Peterboro, will be the celebrant. Mr. Connolly, Toronto, has designed a monument of white Carrara marble which the Archbishop has approved. It will be erected in St. James' Memorial Chapel over the tomb of the dead prelate.

The selection of a successor to the late Archbishop Cleary rests in the hands of the Bishops of Ontario. They will meet and select three names for submission to the pontifical authorities at Rome. It is possible, in view of the Kingston see being the seat of an archbishop, that either Bishops O'Connor, Peter or Macdonnell, Alexandria, may be elevated and a new bishop given the vacant diocese.

This, of course, is not always done, as in several instances in recent years new men have been placed in the archepiscopal chair.

The First Bye-Election.

Toronto, Feb. 26.—Col. Clarke has received word from Returning Officer Robilliard that he was unable to reach the place of nomination in Russell County on nomination day, and that, therefore, he has issued a new proclamation. This probably means that the contest in Russell will take place a few days after the general election.

Mr. Y. McLean, the Liberal candidate in South Huron, is reported to be very ill at his home in Exeter.

Was Wasting Away.

"I could not eat, sleep, walk or sit down for any length of time. I was always in pain and was wasting away. I grew very weak and had a bad cough. I tried many different remedies, but did not get relief. Since taking Hood's Sarsaparilla however, I am able to attend to my business." Mamie Jaques, Ont.

Hood's Pills cure all liver ills. Mailed for 25c. by C. I. Hood & Co., Lowell, Mass.

Cigarettes Barred in Kentucky.

Frankfort, Ky., Feb. 26.—The House has passed the anti-cigarette bill. The bill is sweeping in its penalties and absolutely prohibits the sale, barter, loan or use of cigarettes or cigarette material, or to even have these things in one's possession. It now goes to the Senate.

Mr. Dupont, M.P., Fatally Injured.

Sherbrooke, Que., Feb. 26.—Mr. Dupont, the member for Bagot, who was on the overthrown car on the Grand Trunk near here last night, is now at the hospital, and fears are expressed that he may not recover. He is badly paralysed on one side and his skull is broken.

Good Harvest Promised in India.

London, Feb. 26.—The Calcutta correspondent of the Times says there is every prospect of one of the best harvests ever gathered in India.

SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

Small Pill. Small Dose. Small Price.

Substitution

DOCTORS SAID DIABETES.

Mr. W. H. James, Oshawa, Ont., states: "I have had Kidney and Urinary troubles for nine years—severe pain in the small of the back and in both sides. Doan's Kidney Pills have entirely removed all the pains. The doctors said I had Diabetes of the worst kind, and could not live six months. Doan's Kidney Pills have made a perfect cure.

BACKACHE and DIZZINESS.

Mr. Theo. Daub, Berlin, Ont., says: "I had a severe pain across my back, and was seriously troubled with my kidneys. I had terrible headaches and dizziness. My appetite became poor, and my sleep not refreshing. Doan's Kidney Pills have done wonders for me. I have not the slightest pain now. I eat better, sleep well, and am strong and vigorous."

CURE BRIGHT'S DISEASE

NIPPED IN THE BUD.

Mrs. John Hoos, 8 Edward Street, St. Thomas, Ont., said: "Doan's Kidney Pills cured my son of incipient Bright's Disease. He had terrible backaches and night sweats, and always felt tired and worn. His nerves were unstrung, his sleep bad and appetite poor. He commenced taking Doan's Kidney Pills, and is now completely cured.

The DROPSY DISAPPEARED.

Mrs. Catharine Burton, 83 Alexander St., Montreal, says: "I was troubled for years with pain across my back, headaches, dizziness and poor appetite. There were dropsical swellings of my limbs. I was so sick I thought I was going to die. The doctors seemed unable to cure me. Doan's Kidney Pills brought relief at once, and have cured me.

HUMAN SACRIFICES

On the Altar of Diabetes. Saved by Dodd's Kidney Pills, Only.

Hardly a family in the country is free from Diabetes. Great thirst, failing sight, numbness in the thighs, bleeding gums, swollen ankles, emaciation, nervousness, pale or turbid urine, loss of sexual power, decaying teeth, pains in the loins or small of the back, are all positive signs that Diabetes is in the system.

Do you know how it ends? In Death. A premature, horrible, agonized, pitiful death. The victim has no peace, no ease in life. His days are filled with tortures. His nights are waking dreams of agony. He longs to die, yet fears the terrors of his end. He dies, a bloated, fetid, repulsive mass of corruption. That is the only end of unchecked Diabetes. Dodd's Kidney Pills will cure it. They drive it out of the system thoroughly, create new, clean blood, rebuild the diseased kidneys, and restore robust health.

THE SCIENTIST.

"Science is nighty fine fer to study, I guess, an maybe is useful that away, but it is rairly common sence, an that's the reason I ain ag'in it fer farmers," said old Washington Barnes one afternoon when we sat discussing the affairs of the day, and I had ventured the opinion that possibly science had resulted in great benefit to the *farmers* by the establishment of various government bureaus for agricultural investigation.

"Science is all right, I guess, but when they tries to run science in on the farmers as a valuable adjunct to farmin their efforts shore makes me laugh.

"I remember this spring, long about plantin time, I wrote to the feller what's in congress from this deestrict, an who I voted fer, astin him fer to send me some literatoore about farmin, an some garden seed, too, what they sends out every year to the farmers, an he took an sent it to this here bureau what yer talkin about, an what d'ye reeken them nightshirt fellers what's runnin the agricultural department sent me, hey?

"'Stead ov somethin 'bout why weevils eats wheat instead ov weeds, or a leedle discourse on how to kill chinch bugs, or maybe somethin explainin why the price ov coon pelts or wool is higher in South Amerieky than it is here, them learned scientis' sent me a book 'bout as big as a piece ov side meat, labeled 'The Proliferation ov Sphenophorus Zea, an the Methods For Their Exradication.' An the chinch bugs eat up 20 acres ov cawn an got tired an quit while I was a-chasin round 'mong the neighbors tryin to borry a dictionery only to find out they was them.

"An when I opened the leedle terbacker chuck full ov seeds that come with the book, I didn't seem to reckernize the seeds at all. I planted them, though, fer to see what they was, but a ground hog come along an dug them up one night an eat them, an I found him out in the corner of the pasture where he'd died before he could git offen the farm. I sent a doctor what uster come out here what the name on the sack was, an he laffed an said they was strichnine beans an so I was glad that the ground hog got a chanct to eat them before I did. Natu'lly, with them experiences I kinder looses confidence in science fer farmers.

"I dun forgot when it was, but it was a long time ago, when science was kinder new round here, that we had an epydemic ov it all over this neighborhood, jes' like we have epydemics ov measels an smallpox, an it like fer to sp'iled all the young farmers growin up round here.

"I had it too, an so did most of the other boys round. We ketched it from one of the new doctors up at the loonatic asylum at Fulton. This here new doctor had jes' come from a medical college or somethin up in New York, an he shore had this science disease bad. It waren't no intrust in loonies that was a-itchin him, but it was all a dealin with birds an sich. He dalled it ornythology, an he shore had it bad.

"He hadn't more'n got to Fulton afore he got one ov these here breechloadin shotguns an manoovered round over the country shootin birds an then he'd take an stuff them all give their theories consarnin an talk science. He didn't know a mud hen from a sparrer hawk skasely, but he was alwayes a-talkin about eaves an primary feathers an a-callin ov their toes talons, an keepin it up as he did, it waren't long before them ideas begun to spread. All the young fellers round got to shootin birds, an cuttin ov 'em up, when before this new doctor came 'round you couldn't git one ov 'em to even cut up a chicken fer the wimmen folks at home.

"This here monkey business begun to have its effect, too, before long, an one day Ike Wess comes over here with a dead crow in his hand an a mighty serious look on his face, an he says, sezze:

"'Wash,' sezze, 'Wash, I've made a diskivery that is goin to revolutionize farmin,' sezze.

"'What is it?' I asks, all interested like, fer, as I told you, I had ketched science too.

"'Why,' sezze, 'I've jes' diskivered that a crow is a much maligned bird, an we've been a-lookin on 'em as our mortal enemies, when we orter regard 'em as auxiliaries to husbandry,' sezze, talkin like the doctor feller. 'You see, we've been a-shootin crows an a pizenin ov 'em an a-skeerin 'em with skeercrows all because in our ignunce we has regarded crows as diggin up our cawn when it's planted, an a-callin 'em robber crow, an all because we ain't investigated their claims to usefulness on this here yearth,' sezze.

"'Now, jes' look at that crow's crop. Nary a grain ov cawn do you see. Nothin but cutworms an weevil an circulo; jes' the insec's we most fears has this poor crow been a-distroyin an a-devourin,' sezze. 'I changes my mind now regardin him an henceforth I'm fer the crows.

"'Yes, sir,' sezze, drawin ov himself up, 'I ain's a-goin fer to vote for no man fer the legislatur what don't promise fer to protect the crows,' sezze.

"An then Ash Monday he made a diskivery too. Ash said he had done noticed that that kindly critter known as the jay bird was the most prolific cause of the railroad tie industry in Callaway county. He said he had observed that jay birds was uncommon fond ov acorns, an that they'd pick 'em up in their claws, an in carryin them round they would frequently drap them in the clearin's, an the acorn would grow up into an oak what was fitten fer to make crossties outen, an in that way the oaks was scattered all over the clearin's, an tharby the railroad crosstie business was flourishin in Callaway county. Ash said he waren't no friend ov no man what waren't the friend of the jay bird, an in that way perty near every gump round here had a durn fool idee what he ketched from this science epydemic.

"They run along that way for most a year, an one day along in the spring this here doctor feller passed word around that he was goin fer to give a lecture up in Fulton on 'Individuality ov Birds' Aigs as Distinguishin the Birds What Laid 'Um.' An he ast all the young fellers fer to bring in any aigs what they could find an he'd shore tell 'em all about the personal pints what was common to the birds what laid the aig, an whether the critter was useful to the human race or a detriment to the onward march ov civilization, jes' from the looks ov the aigs.

"Well, they waren't much plowin done that spring, fer every young feller was a-chasin through the woods an along the low brush linin the clearin's chuck full ov science an a-lookin fer birds' aigs. They was several what the newspapers calls casualties happens from fellers fallin from trees, but it didn't stop this here science none. Feller named Sam what worked for ole man Millern fell out of a sycamore an busted three ov his ribs, but it didn't seem to cool his interest none, fer he talked aige while they was a settin his bones, an there was a leedle feller what had climbed a p'simmon bush fer a dove's nest, an he done slipped an swallered the aigs what he was a-carryin down in his mouth, an what was almost hatched, an they made him deathly sick, but they sent fer the 'sylum doctor, an he come an patted the leedle boy on the head an he says, 'A martyr to science,' sezze, an the leedle boy got well right away. 'Ceptin fer these slight calamities, though, there was the finest lot ov birds' aigs collected that this ornythologist doctor had ever seen.

"I guess every feller in the neighborhood had found a new kind ov aig 'ceptin this here Wess nigger, an he appeared to be mighty low spirited about it. The nigger's laig was all bent whar he had fell an broke it, an it had healed up crooked, an he couldn't climb no trees at all. The nigger had tried faithful fer to find a nest in a low bush whar he could reach it, but it 'peared like only common birds built in low bushes, an everybody had already got plenty ov common aigs.

"One day jes' a leetel while before the lecture was to come off this Wess nigger comes over hare, an he says, 'Misto Wash, I kain't find no aigs what ain't already dun been found, so whad is I gwine do 'bout it?' I was a-goin to console the nigger, fer he was a mighty good nigger that a way, when he breaks in an says:

"'I doan' b'lieve dat dootah is much ov a scientis' nohow, an I'se a good min' fer to projec' wuth him, dat I is. I reckon he ain't nevah seen no guinea aigs up in N' Yo'k, an I'se gwine t' fool him, if you won' gimme way. I'se got a guinea aig 'ere, an if you'll write on the kyard fo' me I'se gwine take it up to dat scientis' generman an see what he say about it,' sezze, an he showed me the aig laid on a wad ov cawn husks in a round paper collar box, an I wrote the nigger's name on the card, an the nigger took it an left it with the doctor at the 'sylum.

"Waal, when this lecture business was ready to start, I guess they was as many young fellers thar as I ever seen at a circus. They was all dressed up, too, with hair ile on their hair an mutton taller on their boots, an all a-lookin uneasy ac figgity, an all a-talkin science, low like. like they was at a funeral, an all a-watchin the platform whar the aigs was all laid out with the guinea aig among them waitin fer the doctor feller. The nigger was thar, too, standin back by the door with both his eyes an his teeth a-shinin, an whenever he'd look at me he'd snicker.

"After we had waited perty nigh long enough fer the aigs to hatch the door opened an the doctor come in. He looked at the aigs an then at us fellers, an he made a bow an says:

"'Young gentlemen, I have promised to give you a few p'ints about the birds in their relation to the farmer,' sezs, 'an I see my young friends have bestirred theyselves an placed this magnificent collection ov aigs before me that I may refer to them as sejestin the birds to be discussed,' sezzs, an a whole passle ov nicety talk like that, an then he jerks up a squinch owl's aig an begins.

"He come perty nigh hittin it too. He said that the bird what laid the aig had soft, woolly feathers an had claws on its toes, an eat meat stead ov grain an bugs—what he called carnivorous, an a lot more pecoolisities what we all knowed the squinch own really did have. An then he gits another aig an tell's about the critter what laid that.

"He goes through the whole passle ov 'em in that way an by'n by he strikes the guinea aig, an the minute what he lifts it up they weren't a man in the house but what knowed it, an so they all listens intent, like they was expectin ov a joke.

"'This aig, which I see was contributed by Mr. Nidas Wess,' says the doctor after he had turned it around an looked at it, 'is a well marked one, an it easily pints to its origin. It is certain of the family of falcons, that we tell by the blunt apex an the blunt base,' sezze, 'an the bird what laid it is cartainly a most destructive enemy ov the farmer an a most voracious critter, what should be destroyed whenever found.' They was a kind ov a snicker back among the fellers whar the nigger was, but the doctor feller didn't notice it, an so he kep' on:

"'This bird builds so high that I am astonished that the young gentleman had the hardihood fer to climb fer it,' sezze. 'If Mr. Nidas Wess is in the audience, will he be pleased to tell us where he found this valuable embryological trophy?' sezze, never noticin the snickers what was a-growin louder.

"The Wess nigger was skeered fer to say anything, but the fellers round him pushed him in the isle an told him fer to speak out, an Nidas said:

"'I dun foun dat aig outin de orchard, sah, in a ole guinea hin's nes',' sezze, an then he snorted right out, an we all j'ined him an snorted too.

"Waal, that scientis' doctor blased right up, in a minute he got as red as a sumac bush, an he started fer the nigger fer to give him a wallopin, an Ike Wess, soon as he seen him start fer his nigger, jes' snatched a big white aig offen the table an fetched the doctor a clip in the back ov the naik, an that started it. Most ov the boys had had a drink ov licker, like they always takes when they goes to town, an the Wess nigger was mighty popular with the boys, an so we all jes' scrambled that whole mess ov aigs on the doctor feller an then chased him outen the hall. Bein as Nidas had broke up the meetin an skeered the lecturer off, we all jes took him up to the platform an made him give us a lecture on the kerrect way fer to steal chickens without lettin um squak out loud, an the nigger shore dun better'n the doctor, fer he knowed what he was a-talkin about, an we was a-backin him.

"An so arter that leedle epysode I kinder looses faith in science an farmin mixin up, an I holds to them sentiments yit."—Ned Hutton in St. Louis Republic.

No Longer Needed.

"How could we get along without steel and iron?" asked the lecturer. "They are absolutely essential to civilization."

"Oh, I don't know," said Wheeler, "they make pretty good bicycles of wood and aluminium."—Odds and Ends.

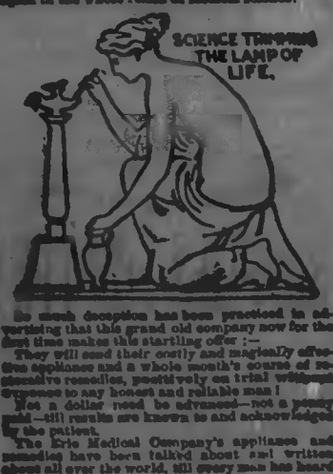
Free Trial To Any Honest Man

The Foremost Medical Company in the World in the Cure of Weak Men Makes this Offer.

HEALTH AND ENERGY ASSURED. HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

In all the world to-day—in all the history of the world—no doctor nor institution has treated and restored so many men as has the famed ERIE MEDICAL CO. of Buffalo, N. Y.

This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.



So much deception has been practiced in advertising that this grand old company now for the first time makes this startling offer:—

They will send their costly and magically effective appliances and a whole month's course of restorative remedies, positively on trial without expense to any honest and reliable man!

Not a dollar need be advanced—not a penny paid—till results are known to and acknowledged by the patient.

The Erie Medical Company's appliance and remedies have been talked about and written about all over the world, till every man has heard of them.

They restore or create strength, vigor, healthy tissue and new life.

They quickly stop drains on the system that sap the energy.

They cure nervousness, despondency and all the effects of evil habits, excesses, overwork, etc.

They give full strength, development and tone to every portion and organ of the body.

Failure is impossible and age is no barrier.

This "Trial without Expense" offer is limited by the company to a short time, and applications must be made at once.

No C. O. D. scheme, no begus philanthropy nor free gift exposure—a clean business proposition by a company of high financial and professional standing.

Write to the ERIE MEDICAL COMPANY, BUFFALO N.Y., and refer to seeing the account of their offer in this paper.

DR. WOOD'S NORWAY PINE SYRUP

Heals and Soothes the delicate tissues of the Throat and Lungs.

... CURING ...

COUGHS, COLDS, BRONCHITIS, ASTHMA, HOARSENESS, SORE THROAT, INFLUENZA, and PAIN IN THE CHEST.

EASY TO TAKE. SURE TO CURE.

DR. CHASE'S OINTMENT

MR. THOS. DOLPHIN, Tara, Ont., says: "I had Itching Piles for about ten or twelve years, and tried everything I could hear or read of, and found that nothing did me any good. Mr. Hilburn, the druggist, gave me a sample box of Chase's Ointment, and from the first application I found relief, and was able to go to bed and sleep. I then purchased one box and that one cured me so that I have not been afflicted since, and that is over a year ago."

Gray's Syrup of Red Spruce Gum

For Coughs, Colds, Bronchitis, Sore throat, etc.

KERRY, WATSON & CO., Proprietors, Montreal.

All Hail to Zola's Most Loyal Supporter.

Paris, Feb. 26.—It is semi-officially announced that Colonel Picquart, the chief military witness for Zola during the latter's trial, will be placed on the half pay of a lieutenant.

A chaplain who wrote a letter congratulating Zola has been placed upon the unattached list, and Prof. Grimeaux, of the Polytechnic School, who signed the endorsement of Zola's action, has been retired.

Col. Picquart was also placed on reforme, which is equivalent to cashiering him, and he does not receive a pension. The President pronounces the reforme as a punishment on the report of the Minister of War. In addition, Picquart will not be allowed to wear a military uniform.

France Will Not Make a Grab.

London, Feb. 26.—In the House of Commons yesterday the Parliamentary Secretary for the Foreign Office, Mr. George N. Curson, replying to Admiral Lord Charles Beresford as to whether France intended to occupy Hainan, or a naval base in the far East, similar to steps taken by Germany and Russia, said that the French Government had intimated to the British Ambassador at Paris, Sir Edmund Monson, that it had not the least intention of imitating any such policy in China.

British Honors for Canadians.

London, Feb. 26.—The Hon. G. W. Burton, Chief Justice of Ontario, has been knighted. Mr. Augustus Harvey Sir Robert Thorburn and Mr. Philip Cleary, Legislative Councillors of Newfoundland, retain the title of honorable.

Albani Received an Ovation at Sydney.

Sydney, Aus., Feb. 25.—Mme. Albani made her debut in Australia here last night and received a magnificent ovation.

The dyspeptic carries a dreadful load on his back. It seems as if he were really made up of two men. One of them ambitious, brainy and energetic; the other sick, listless, peevish and without force. The weak man weighs the other one down. The dyspeptic may be able to do pretty good work one day, and the next day because of some little indiscretion in eating he may be able to do nothing at all. Most cases of dyspepsia start with constipation. Constipation is the cause of nine-tenths of all human sickness. Some of the symptoms are sick and bilious headaches, dizziness, sour stomach, loss of appetite, foul breath, windy belchings, heartburn, pain and distress after eating. All these are indicative of derangements of the liver stomach and bowels, and are all caused by constipation. Dr. Pierce's Pleasant Pellets are the quickest, easiest and most certain cure for this condition. They are not violent in action.

Send 21 cents in one-cent stamps to the World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page Common Sense Medical Adviser, illustrated.

18 Years Town Constable.

Mr. B. Kinsley, Hagersville, Ont., holds the record of having been town constable for 18 years. Mr. Kinsley says: "I was cured of kidney and bladder weakness by three boxes of Doan's Kidney Pills. I often had to rise five or six times in the night on account of bladder weakness. The pills entirely did away with this annoying symptom. I highly recommend them for all kidney or bladder troubles."

Piles! Piles! Itchin Piles.

Symptoms—Moisture, intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumour. All druggists or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia. Lyman Sons & Co. Montreal wholesale agents.

Karl's Clover Root.

The great Blood purifier, gives freshness and clearness to the Complexion and cures constipation, 25 cts., 50 cts., $1.00. Sold by Jno. Nugent, 380 George street.

Magyar's Yellow Oil cures all pain in man or beast; for sprains, cuts, bruises, callous lumps, swellings, inflammation rheumatism and neuralgia it is a specific.

WON'T BE LONG

Before you will have to be thinking about your Awnings again. Early orders for early spring receive early attention, while we are not rushed with work—and Prices are lower too. SUCCESSFUL ENTERTAINMENT.

Mr. Neil Burton and Miss Mary Thompson in St. Andrew's Lecture Room.

One of the most successful entertainments ever held in St. Andrew's lecture hall was that given by Mr. Neil Burton and Miss Mary Thompson Friday night under the auspices of the Young People's Society. Mr. Burton possesses gifts that few entertainers enjoy, and the perfect freedom displayed in his renderings made it most enjoyable to the large audience. It is hard to discriminate between his pieces. The Irish Courtship and Dougald McTavish's Encounter with Jean Stuart caused much merriment, while his lecture on Apples provoked continued laughter and some good hits were made.

Miss Thompson shows herself to be completely at home in her work. Pleasant in appearance, graceful in manner, with a voice rich and sweet, she easily captivated the whole audience. Her posings in Greek costumes were executed with great ease and manifest ability and were much appreciated by the spectators.

A RICHLY READABLE BOOK.

Anthony Hope's "Simon Dale."

Through the kindness of Mr. George N. Morang, publisher, the EXAMINER has before it a delightfully readable novel by Anthony Hope, a new work by this fine writer. "Simon Dale" is worthy of Anthony Hope, and that is no light praise. The scene is laid in England in the time of the second Charles, perhaps the most romantic and disreputable social era of the country. The story details the adventures of Simon Dale, a well-born country young man, whom fortune takes to the dizzy court of Charles II. The hero develops rapidly in the hot house of the court, and takes with more credit than most his share in the intrigues that make the royal environs of the period famous. The plot and tale includes such characters as Charles II, Buckingham, Monmouth, Nell Gwynne, Louis the Great, who was at that time ruling and ruining France. The writer lays in the local contour of the time with skilful hand, and the pages sparkle at times with the lurid light of court life. Love, adventure, intrigue and even heroism are woven into a tale of absorbing interest. Anthony Hope's style is of classical form, and the quaint language of the times, is pleasantly free from pedantry. A book case without "Simon Dale" is out of date. Toronto, George N. Morang; paper 75c., cloth $1.50. At the Peterborough Bookstore.

The Sweetest bread,
The Whitest bread,
The Lightest bread,
The Brightest bread,
Is Bates' Home-made Bread. Ask your grocer for it, and use it constantly.

RE MR. KENDRY.

To the Editor of the Examiner:

SIR,—The Review, in its report of the Ashburnham meeting, makes Mr. Kendry, in his "rousing speech," to say that "there was no more corrupt government on the face of the earth than the Ontario Government, etc."

By the verdict of the country the late Dominion Government, of which he was a staunch supporter, must have been a very corrupt one.

Although I have never cast a vote for the Ontario Government, I must say that it has been a fairly good Government.

Our trouble in Canada is a want of honesty and purity in the character of our politicians.

"The first consideration with a knave is how to help himself, and second, how to do it with an appearance of helping you. Dionysius, the tyrant, stripped the statue of Jupiter Olympus of a robe of massy gold, and substituted a cloak of wool, saying, 'Gold is too cold in winter, and too heavy in summer.' It behooves us to take care of Jupiter."

P. B. PUBLICO.

Feb. 28th, 1898.

A Mother's Story—Her Little Girl Cured of Croup

Having tried your medicine, my faith is very high in its powers of curing Cough and Croup. My little girl has been subject to the Croup for a long time, and I found nothing to cure it until I gave Dr. Chase's Linseed and Turpentine, which I cannot speak too highly of.

Mrs. F. W. Bond,

PLAIDS ARE POPULAR

USED IN MANY WAYS IN THE NEW FASHIONS.

While Plaids Are Gay in the Bright Colors They Are Entirely Safe From Garishness—Those Who Are Afraid o Them Use Striped Goods Instead.

Plaids in silk, wool and poplins are very stunning, and are being worn a great deal, though it takes courage to buy some of the brighter ones. Yet when they are made with good judgment they are entirely safe from garishness. Women who are a bit afraid of them go in for striped goods instead, and there, too, is a fine stock to choose from. These striped stuffs may be made up elaborately, if you like 'em that way, but they are most effective in more simple models. An excellent design for them is sketched herewith, and was found in woolen goods, striped in dark and light green. Made with plain skirt, its jaunty blouse had a lapel of tucked light green silk, banded with dark green velvet ribbon, the outer wired collar having similar finish. Belt and basque lining were the light silk.

In connection with the current favor for plaids it is whispered—and sometimes a favoring puff of wind gives proof—that tartan stockings in silk, lisle and wool are being worn by the women who in winter don buttoned shoes. These stockings are so pretty that the sale of buttoned shoes is rising wonderfuly, and are expensive, but they come only in the best quality, which means that they wash and wear well. If women wear them all winter, by spring they will be braver and wear them with their low shoes. Some of the darker blue and green plaids are almost as inconspicuous as plain colors, and worn with a patent leather slipper, especially the slipper that has a little pa-

AN EXCELLENT DESIGN.

tent leather strap that crosses the instep, the effect of such a stocking is distinctly pretty. It is time for a change about the style of our stockings, and this change is the first one that seems practical among all those suggested recently.

Tartan is used for linings and facings with charming effect, and is put into travelling rolls into which to put shawl, book and toilet box. A few umbrellas are shown at some of the swell stores encased in tartan covers. They look dashing when in the cover, and being themselves plain are not unduly conspicuous when unfurled, while the tartan cover ties about the handle in a cheery bit of color. Tartan ribbon for throat-tying and for stocks is also seen, and a Roman stripe combined with tartan plaid made into sash width ribbon, makes a stunning sash belt to be worn with any gown.

IN FAVOUR OF DODD'S.

W. F. Hill, of Strathroy, Testifies for Dodd's Kidney Pills.

Strathroy, Feb. 28.—The evidence of W. F. Hill, Caradoc street, in the case of Dodd's vs. Disease is being heard, before the full court of the sovereign here.

Mr. Hill stated that, speaking from his own experience, he would say positively that no other medicine on earth, besides Dodd's Kidney Pills, would cure Kidney disease.

In reply to the judge's question, he said he had suffered intensely for several years. Doctors could not help him. Neither did any medicine but Dodd's Kidney Pills.

Three boxes of this wonderful remedy cured him completely.

The judge remarked that so far the evidence was overwhelmingly in favour of Dodd's Kidney Pills.

The Wabash Railway Trains

running every day in the year between Detroit, Chicago, St. Louis and Kansas City are the finest known to the railway service; they are complete and solid vestibuled from end to end, the entire train being a moving palace of connected apartments, all furnished with the most luxurious elegance and perfection of accommodation known to car builder's art. They include free reclining, palace, sleeping, and dining cars of the latest and best patterns. Call on or write any railway agent for tickets and all information or address J. A. RICHARDSON, Canadian passenger agent, north-west corner King and Yonge street Toronto

GROWING!

Of course we are growing, but we'll never get too big for our business. Why would'nt we grow? **GOUGH BROS'. CONQUESTS** have, from the start, been a series of successes along the line o the Best Clothing, levelling high prices and giving the people the best value for their money in Clothing, Hats, Boots, Shoes and Furnishings. And as the People have grown to know this, our Sales have kept on increasing and our business expanding. It's a case of

Two for One.

It's a case of getting TWO Dollars' worth for ONE in buying what you require amongst the many stocks that this big concern captures. For instance—

LOOK AT OUR SUCCESSES!

THE OAK HALL CONQUEST.—We are entering the Fourth week of this Sensational Sale. The phenomena price at which the Sanford Company surrendered this stock to Gough Bros. enable us to give the people values that continue to bring crowds to this sale. As we have only a limited time to clear this stock, the prices must continue to suit buyers—not us—until not a vestige is left.

THE ARMY AND NAVY CONQUEST—This lucky purchase is the cream of the mammoth stock of the "Army and Navy" Clothing House, of Toronto, which was forced into liquidation, and at the sale in Toronto last week was knocked down to Gough Bros. for 51 Cents on the Dollar. Bargain lovers will be glad to know that this great snap has been placed on Sale at our Big Store on George street, where the Hats and Caps, Boots and Shoes are also sold.

THE JUBILEE CLOTHING CONQUEST—Another of our recent winnings, amounting to $21,000 secured at 55 cents on the Dollar. In this case, as in the others, the figure was less than the cost of manufacture. The pinched manufacturer cried for help, we appeared on the scene, and our customers are getting the bene fit to the tune of TWO-FOR-ONE.

E. & A. SMALL & CO. CONQUEST—This big Montreal strike of a few weeks ago started the liveliest boom of the mid-winter season. It, too, was a close Half-Price deal and gave Clothing buyers an appetite for crisp snaps that only the Gough's could satisfy.

TRADE AT EITHER OF OUR STORES.

Buyers who patronize Gough Bros. at their Big Store on George street or their Oak Hall store, can always rely on their interest being well looked after. Our grasp on the markets and our big syndicate of stores enables us to handle stocks that smaller dealers never get their eyes on.

GOUGH BROS.

THE WONDERFUL CHEAP MEN, AND LEVELLERS OF HIGH-PRICE CLOTHING—PETERBOROUGH AND TORONTO.

SIX PERSONS KILLED.

Grand Trunk Train Struck a Bus Load of Pleasure Seekers in Chicago.

Chicago, Feb. 28.—A 'bus partly filled with pleasure-seekers was struck by a Grand Trunk passenger train at the Western avenue crossing, south of Blue Island, in the southwestern part of the city at 9 o'clock Saturday night. Six of the number were killed. The dead: Mary Kitse, 17 years old; Jennie Willett, 16 years old; Sophia Van Duren, 15 years old; Louis Sauerbier, 15 years old, son of driver; Fred. Pelky, 20 years old; an unidentified woman.

Two other occupants of the 'bus, George Sauerbier, the driver, and Thomas Hayes, were seriously injured.

Boy Stabbed His Mother Fatally.

Parkersburg, W. Va., Feb. 28.—George Collins, 13 years old, of Cairo, stabbed his mother twelve times while she was attempting to whip him. She cannot recover.

ARCHBISHOP CLEARY'S FUNERAL.

Thousands View the Remains of the Late Prelate at Kingston.

Kingston, Ont., Feb. 28.—Thousands have visited the Bishop's Palace to see the remains of the late Archbishop. The cathedral and chapel are draped with thousands of yards of black cloth. Telegrams and letters have been received from scores of church dignitaries, tendering sypmathy. Nearly all the Canadian Bishops will attend the funeral. Mgr. Farrelly spoke in the cathedral Sunday, and so affectingly that tears were in many eyes. In the morning the body will be transferred to the Cathedral. The service on Tuesday begins at 9 a.m.

One Shortread, an employe at the Foley stamp mill, near Mine Centre, while at work was caught in the big driving belt and very badly crushed. Mortification set in and death resulted in a short time.

Is Your wife Ill-tempered?

A. McDONALD,

Point St. Charles Mill, Peterborough.

A TALK ON TEA, YES, EVERYBODY READ IT.

A lady from a village near Peterborough called on us last week and said that she wanted to get some of that fine tea that she had seen advertised in the "DAILY EXAMINER" and sold at the People's Pure Tea Store, 328 George street. After critically examining the tea she made a purchase of a quantity and promised to send her friends to buy from us, as she said our tea was clean, beautiful and bright—no dust, no mixing or doctoring—the grades are the very best. Another lady in town says that her mother will not have tea from any other store than ours. She buys the very best Ceylon Tea which cannot be excelled in strength and purity. Another gentlemen says what on earth do you do with the large quantity of teas that I see at your establishment. Some of the large chests of Ceylons must be valuable and come up to money; yes, they do but the people soon buy them up. You have a large stock of Canned Goods which would be a credit to any store in town; yes we have, and we are selling 3 for 25c. A prominent party in town offered to take the lot and give us a cheque for the amount, but we promised to give the working people the benefit of this bargain and we are doing it. We have a fine assorted stock of choice Groceries, Teas, Sugars, Spices, Canned Goods, Butter, Lard, and our own raising of Pickled, Smoked Salted Hams and Bacon, completely eclipsing anything on the market. We do not destroy the meat with salt or saltpetre, but cure them on the very best methods which are a secret to ourselves. Our own home made Pickles at 10c per bottle, our own Jams, Jellies—pure articles and at prices to suit all. Come to the best, get the best, and save your money by buying at the PEOPLE'S GROCERY, 328 George Street.

JAMES SUTHERLAND.

"THE FRIENDS OF THE CARPENTER"

—That's what we call the Tools that we sell. They are to be depended upon and help him with his work. Bad Tools can cause as much trouble in a carpenter's shop as bad Brains:—

Saws, Planes,
Chisels, Edge Tools,
Augur Bits, Hammers,
Braces, Drills, &c.

Tools for Machinists, Architects, Moulders, Blacksmiths, Founders, Shoemakers, Butchers and all trades.

The latest and most improved kinds and at the lowest prices on record.

THE TALK IS OF WAR.

A Spanish Organ of the Carlists Speaks Hotly.

CONCESSION LIMIT REACHED.

The Spanish Naval Organ Says War Between the U. S. and Spain Will Begin in April—A Former Captain-General of Cuba's "I Told You So"—Would Seize Cuba.

London, March 1.—The Carlist organ, El Correo, of Madrid, in its issue of Feb. 22, just received here by mail, says: "There is no doubt whatever that the loss of the Maine was due to lack of discipline," and cites the case of a United States cruiser which was lately at Venice, describing her crew as being "rather pirates than sailors of a civilized nation." Continuing, El Correo remarks: "Drunkards, insubordinates, thieves and fighters, the sailors of the United States never set foot ashore without creating riots nightly. Several of them slept in jail, or were taken on board under arrest, until the municipality was forced formally to complain to the commander and request him not to allow his men to land, as otherwise they could not be answerable for the consequences. Had these officials belonged to the Christina regime, the United States would have replied by demanding an indemnity, or an apology, or both, with the certainty of obtaining it. But the protest not being Spanish, no attention was paid to it, the cruiser leaving Italy. This naval convict ship, which is never free from the fumes of alcohol, must be a twin sister of the Maine. It is a marvelous thing in such hands, that one of their ships does not blow up daily."

Limit of Concession Reached.

The Imparcial, Feb. 25, temperately approves the "Growing sentiment that concession has reached its limits," and expresses the belief that "the best forces in Spain are convinced that the time has arrived to assert firmly, though with moderation and calmness, the honor of the fatherland."

El Liberal of the same day warns the people "against those who are seeking to misinterpret every act and word of the United States," and criticizes the "efforts of the Carlists to block autonomy, which," it adds, "the Liberals are loyally trying to put into effect in Cuba."

El Liberal concludes: "Let Spaniards remember that Cuba is the key to our position. If within a brief space we succeed in pacifying the island, the danger of internal war will forthwith disappear, and though we do not for a moment believe it will, should this war break out, Cuba would be the only battlefield."

"I TOLD YOU SO."

The Prediction of a Former Captain-General of Cuba to Come True in April, 1898.

Madrid, March 1.—The Correspondencia Militar, the official organ of the Spanish army, says: "The prevailing impression is that war between Spain and the United States will break out in April."

It then goes on to quote Martinez Campos, former Captain-General of Cuba, as follows: "I never entertained a doubt that if the rebellion were not suppressed before 1896 war with the United States would become an accomplished fact.

"Unhappily, my prophecy will be fulfilled.

"But I have the consolation of having done all in my power to avert it, and therefore I do not regret the blame which has been heaped upon me.

"All that is now possible is that we should unite to meet the danger that threatens the country."

The Cardinal Archbishop of Valladolid has published a pastoral letter blaming America for the prolongation of the Cuban war. His Eminence says: "The hypocritical friendship of the United States fosters the rebellion and wastes Spain's resources in order the better to attack her when weakened."

He exhorts all true Spaniards to "unite in defending the rights and honor of the nation." The letter has caused widespread comment.

GEN. JOHNSON WOULD SEIZE CUBA.

He Would Do This as the Only Method to Avert War With Spain.

Baltimore, March 1.—Gen. Bradley T. Johnson, in speaking yesterday of probable war with Spain, said:

"There are laws of strategy by which military operations are conducted which are laws of nature, and one war which has happened goes far to demonstrate what will happen in another.

"I am opposed to war, and I oppose war with Spain, and, therefore, I am in favor of prompt action as the only way to avert it. The American people are heating up every moment, and the moment the court of enquiry reports that the Maine was blown up by a mine in the harbor of Havana, you will see such an explosion that as far exceeds that created by the firing on Sumter in 1861 as the Sumter exceeds any other in the history of nations.

"Before the war of 1861 there was some hesitation, some aversion, to shedding blood—not much, but some. In this case the whole country will go off in a blaze, and the South will be far ahead of the North. The old Confederates and their sons and grandsons are most intense Americans, and the murder of their fellow-countrymen on the Maine will send the torch over every mountain and through every crossroads from Mason and Dixon's line to the Gulf.

"The dignity and self-control of the American people for the last ten days has been simply superb. It shows a people who have confidence in themselves and confidence in their Government. But there are plain signs that the tension is becoming strained beyond endurance. Every village is panting to be let loose, and it will break loose if the court of enquiry reports that there was murder—base, cowardly, midnight murder, on the Maine."

Spaniard Had Her Boats Ready.

New York, March 1.—A passenger on the steamer Yumari, which arrived here yesterday from Havana, Joseph Perlman of this city, said that a customs agent in Havana, whom he had known for many years, told him that the Spanish cruiser Alfonso XII. had her small boats ready for launching 12 minutes before the explosion on the Maine. The customs agent said his authority for this statement was the naval officer second in command of the Alfonso XII., and that the officer explained that there was fear that the explosion under water might injure the Spanish cruiser.

Wants Authority to Buy Warships.

Washington, March 1.—Representative Brownwell, Republican, of Ohio, yesterday introduced in the House a resolution to grant to the Secretary of the Navy $20,000,000, to be immediately available. The resolution was referred to the Naval Committee.

Mr. Brownwell says if the Naval Committee does not include such a provision in the bill when it is reported he will offer it as an amendment in the House.

THE COURT OF ENQUIRY.

No Report Expected by Washington Authorities for Several Weeks.

Washington, D.C., March 1.—At the close of office hours yesterday a telegram was received at the Navy Department from Admiral Sicard at Key West in the following terms:

"Court of enquiry will commence session at Key West to-day. They must resume session at Havana to obtain evidence of divers after further work upon the wreck." The important feature of this communication is that the court will return to Havana. Another important deduction is that the report of the court of enquiry can scarcely be expected for several weeks to come. The court will be occupied at Key West for some days at least in taking the testimony of the survivors there. Then, upon the return to Havana, it is expected that a good deal of time must elapse before the divers can get through the mud which now encompasses the lower part of the Maine and examine the bottom. After this is done the court must deliberate in order to secure an agreement upon their findings. The prevalent belief at the Navy Department is that up to this moment the court has not once undertaken to compare notes and endeavor to reach an agreement.

COLD COMFORT FOR SPAIN.

She Can Expect No Moral or Other Support From England Against the U.S.

London, March 1.—The Daily News, commenting editorially this morning on the relations between the United States and Spain, says:

"Spain can expect no support, moral or otherwise, from England against the United States. She has ruined Cuba as she has ruined or lost every other colony by the grossest corruption, cruelty and maladministration; and she must be left to settle the account for it with those whom it may concern without any aid or sympathy on our part."

The Standard, in an editorial on the same topic, highly praises President McKinley's "statesmanlike moderation, and recognizes that it would be only human nature that proof of the Maine's having been blown up from the outside should engender a dangerous war feeling in America."

Sir Edward James Reed, the eminent naval expert, writes to the Times this morning expressing the opinion that the Maine could be refloated for a tithe of her cost.

1,500 MEN WANTED.

Construction Engineer Says Everything Is Going Smoothly—Four Thousand Men Working at Present.

Montreal, Que., March 1.—Mr. Hugh D. Lumsden, engineer in charge of construction of the Crow's Nest Pass road, is in the city, and gave some details regarding the progress of the work. Everything, he says, is going ahead smoothly, the only drawback being the lack of men. The engineer states that at present about 4,000 men are at work all along the line from Lethbridge to the Kootenay Lake, some 290 miles, and that the company would like to engage 1,500 more. He states that all the rock work is being done this winter, so that the softer work may be attacked a little later on. So far 105 miles of grading have been completed, bringing it to the summit of the Rockies.

"And the tracklaying?"

"We had knocked off tracklaying, but I expect the work will be resumed today. So far 75 miles have been laid, and from this out rapid progress will be made in this, as well as on the other branches of construction."

He confirms the report that the extension round Kootenay Lake, which is mostly rock, will be built as soon as the survey now being carried on is completed.

The engineer says that although there was a good deal of sickness last fall the men are now in good condition.

KINGSTON NEWS.

Death of an Aged Customs Official—Preparations for the Burial of Archbishop Cleary's Remains.

Kingston, March 1.—Thomas Meagher, aged 74, a native of this city and a Customs officer for over forty years, died yesterday. He was superannuated about six years ago. In his younger days he studied law in the offices of the late Sir John A. Macdonald, Sir Alexander Campbell and Sir Oliver Mowat.

The Archbishop's Funeral.

The dignitaries of the Catholic Church are here in numbers to attend the funeral of the late Archbishop Cleary. The remains are now in the cathedral and are viewed by thousands. The edifice is greatly draped. The Catholic societies assisted in the transference of the remains to the cathedral, and a brief service was held, conducted by Mgr. Farrelly, administrator. The service begins to-day at 9 a.m.

CONSUMPTION HEADS THE LIST.

January Deaths From Contagious Diseases Throughout the Province.

Toronto, March 1.—The monthly report issued by the Provincial Board of Health showing the deaths from contagious diseases in the province for the month of January show that the total deaths returned from the several contagious diseases for a population of 1,536,895 were 238, as follows: Scarlatina, 16, diphtheria 51, measles 4, whopping cough 8, typhoid 18, tuberculosis 146.

The returns for cities, with a population of 432,675, were: Scarlatina 4, diphtheria 15, measles 2, whooping cough 3, typhoid 5, tuberculosis 63.

The returns for towns and villages reporting, with a population of 843,579, were: Scarlatina 6, diphtheria 7, measles 0, whooping cough 0, typhoid 8, tuberculosis 27.

The returns for townships reporting, with a population of 760,578, were: Scarlatina 9, diphtheria 20, measles 2, whooping cough 5, tuberculosis 57.

DEATH OF LADY CARTIER.

She Passes Away in Cannes, France—Sister to Archbishop Fabre.

Montreal, March 1. — Lady Cartier, widow of Sir George Cartier, Bart., died yesterday in Cannes, France, where she had resided with her daughter since Sir George's death. Lady Cartier was the sister of the late Archbishop Fabre and Hon. Hector Fabre, Canadian Commissioner at Paris. Since the death of her husband Lady Cartier had been receiving $1,200 annually from the Canadian Government.

Political Interference.

St. Andrews, Que., March 1.—The Royal Commission appointed by the Dominion Government will open an investigation here to-day to enquire into charges against G. P. Simpson, superintendent of the Carillon and Grenville Canals, for political interference in the last Federal and Provincial elections.

Two New Judicial Districts.

Toronto, March 1.—The Ontario Gazette contains proclamations by the Lieutenant-Governor, detaching the Territorial District of Parry Sound from the Provisional Judicial District of Muskoka and Parry Sound, and the Territorial District of Rainy River from the Provisional Judicial District of Thunder Bay, and erecting them into Provisional Judicial Districts, to be known as Parry Sound and Rainy River respectively. The date of the change is to be April 4.

Cabinet Meets To-Morrow.

Toronto, March 1.—The Ontario Ministers have been summoned to a Cabinet meeting to be held to-morrow.

Four hundred asylum patients at Havana have died from lack of food and medicine, and the Spanish officials are blamed for it.

Cabinet photographs $2.00 a dozen at A. Cunningham & Co.'s, 170 Charlotte street.

Spring Medicine

Is made a necessity by the impure condition of the blood after winter's hearty foods, and breathing vitiated air in home, office, schoolroom or shop. When weak, thin or impure, the blood cannot nourish the body as it should. The demand for cleansing and invigorating is grandly met by Hood's Sarsaparilla, which gives the blood just the quality and vitality needed to maintain health, properly digest food, build up and steady the nerves and overcome that tired feeling. It is the ideal Spring Medicine. Get only

TUESDAY, MARCH 1, 1898.

RAILWAY RATE WAR.

The Latest Phases of the Cheap Transportation Fight on This Continent—How It Is Viewed in London.

Ottawa, March 1.—Your correspondent learns that the suggestion contained in the telegram sent to the American lines by their representatives after the latter had conferred with Mr. D. McNicoll, of the C.P.R., was to the effect that the American roads should restore their rates until March 17th, and that in the meantime a conference of all lines should take place. The Chicago papers in getting hold of this telegram appear to have jumped at the erroneous impression that the Canadian Pacific had receded, and that Mr. McNicoll was beginning to show signs of weakness. "This has been our position from the start," remarked the C.P.R.'s general passenger agent yesterday afternoon. "We have told them from the start to restore their rates and we would meet them in conference. This is still our policy, but they must first restore their rates."

As had been expected, the Grand Trunk has met the C.P.R.'s cut in Ontario and Quebec, while the latter company have made still further concessions to the traveling public.

British Ship Will Go North.

The Government has been advised that the British survey ship Egeria, now at Esquimalt, B.C., will in April begin a survey of the west coast of Vancouver Island and the B. C. coast north as far as Wrangel. She was commissioned last year for this work, which is to be done by order of the Imperial naval authorities, whose action at this time, considering the rush of traffic to those waters, will be greatly appreciated.

Old Servant Superannuated.

An Order-in-Council has been passed superannuating Mr. P. O'Reilly, Dominion Indian Reserve Commissioner at Victoria. The duties of the office will be hereafter performed by Mr. Vowell, Indian Superintendent for British Columbia. Mr. O'Reilly has seen long and honorable service under the Imperial, Dominion and Provincial Governments. He was gold commissioner in Cariboo under the Imperial Government long before British Columbia became a part of the Dominion, and in all has been 40 years in the public service.

Royal Society of Canada.

The seventeenth annual meeting of the Royal Society of Canada will be held from May 25 to 27. Hon. Mr. Marchand, Premier of Quebec, will deliver the presidential address on the opening day. Amongst those present will be Gilbert Parker, who is now traveling in Egypt, but who is to spend next summer at Murray Bay. Mr. Parker has accepted honorary membership in the Royal Society, his colleagues being the Marquis of Lorne and the Right Hon. J. Bryce.

The First Bye-Election.

Returning Officer Eugene Robillard has issued his proclamation for the election in the County of Russell. Nomination is fixed for Friday, March 11, and polling the 18th.

General Notes.

The House of Commons meets to-day, when the debate on the Yukon Railway bill will be continued by Mr. Semple.

The Supreme Court will take up the Ontario list on Wednesday of this week.

William McKenzie is here to watch Yukon Railway matters.

A Bank Thief Sentenced.

Philadelphia, March 1.—Cyrus E. Broder, former cashier of the First National Bank of Bethlehem, Pa., who pleaded guilty on Feb. 21 to the embezzlement of over $30,000 from the bank, was yesterday sentenced to seven years in prison by Judge Butler in the United States District Court. Breder was led from the court room weeping.

WOOD'S PHOSPHODINE.

THE MASTER'S ADVICE

To the Farmers' Loan Company's Advisory Committee.

THE CLEAR LIGHT OF BUSINESS,

Undimmed by Political Spectacles, Should Control Their Feelings and Actions—An Offer From Ottawa for the Farm Mortgages—It Is Recommended for Acceptance by the Advisory Committee.

Toronto, March 1.—Master-in-Ordinary Hodgins held a conference yesterday morning at Osgoode Hall with the Advisory Committee in reference to the winding up of the affairs of the Farmers' Loan & Savings Company. Rev. Dr. Warden, Dr. Moffatt, Alexander Patterson and E. R. C. Clarkson represented the shareholders; ex-Ald. Scott, Major Cosby, E. B. Osler, M.P., and Albert Wright represented the creditors, and Liquidator Langmuir was also present.

After congratulating the creditors on the selection of their representatives the Master tendered the committee some advice as to their duties. The outside public might regard their dealings with this matter through spectacles that were colored politically, but it was the committee's duty to look through the clear light of business spectacles. When they were in doubt as to any question of law they should consult the liquidator and his solicitor. Proceeding, the Master explained the present position of affairs. The creditors were to have all their claims in by March 31. Shareholders were liable to the amount of their unpaid shares, and in regard to the payment of dividends that have not been earned, it was for the liquidator to say who was liable. Two parties were liable by law. Shareholders might be ordered to refund, or directors, managers and auditors compelled to make up the sum. In the case of the Oxford Building Society the court held that the balance sheets put forward by directors without scrutiny were not legal, and they were ordered to make full compensation. In the Leeds Company case not only directors but auditors were compelled to make restitution. The Master added that he did not know how far the law was applicable to the present case.

Liquidator Langmuir announced that an offer of $90,000 for the farm mortgages, the value of which was $107,000, had been received from Mr. J. A. McLaren of Ottawa. Mr McLaren had refused to raise the offer to $95,000. Mr. E. B. Osler stated that Mr. Henderson, his inspector, had valued the same mortgages at $89,000, or less than Mr. McLaren's offer. The committee favored the acceptance of Mr. McLaren's offer, but the Master withheld his consent until he can make a personal enquiry. Hon. William Mulock's offer of $150,000 for a complete discharge of all his liability was left in abeyance, as the committee had previously passed a resolution to the effect that no offer should be accepted to compromise the liability of any director until a full investigation had been made.

Mr. Langmuir made a statement of the affairs of the company, showing that, as nearly as could be ascertained, the concern was sound until 1890 or 1891. The total dividends paid up that were not earned he estimated at $287,180. The yearly overcredit since 1891 was as follows:

1892	$ 15,000
1893	25,000
1894	35,000
1895	40,000
1896	55,000
1897	65,000
	$230,000

In 1891 there was a reserve fund of $131,000, which he thought might be applicable for dividends. Falsification of the books and speculation began in 1895. In 1897 the mortgage assets of the company were given as $2,194,000, while they were actually $1,400,000. Arrears of interest had been capitalized as capital, and many of the arrears were valueless. The sum of $396,000 had been accounted for in this way. The Attorney-General's Department had been interviewed in regard to Accountant Pinckney, but nothing definite had been done as yet.

The initiatory proceedings were taken in the Master's court.

DECEPTION AND FRAUD SOON UNMASKED.

Worthless and Imitation Dyes Never Used the Second Time by the Ladies.

Imitations of notes of our best banks are often made and circulated, causing loss to individuals and worry to the banks. Diamond dyes, those sterling productions for easy home dyeing, are imitated in style of package by those who would make large profits from a fraction of cost.

Some ladies have been deceived by these poor, weak dyes, and have had good materials and garments ruined. These deceived ladies are never caught twice; they ever afterward use the reliable Diamond Dyes, and always get the results they look for.

If your dealer happens to be out of the colour of the Diamond Dyes that you ask for, do not allow him to sell you some other make of dye. Write to Wells & Richardson Co., Montreal, giving colour you want—stating whether you want to dye wool, silk, or cotton or mixed goods—and the dyes will be mailed to your address. All colours of Diamond Dyes sold at ten cents per package.

Caps or Crowns.

Whether the head wears a cap or a crown headache will come. Burdock Blood Bitters cures all forms of headache. It is a curative for rich or poor.

"I suffered with terrible violent headache but B.B.B. cured me before I had finished the fourth bottle."

Mrs. W. Macklin,
Cypress River, Man.

Hagyard's Yellow Oil cures sprains, bruises sores, wounds, cuts, frostbites, chilblains, stings of insects, burns, scalds, contusions, etc. Price 25 cents.

WHEAT MOVING UP.

This Is Because the Shorts Oversold Themselves Last Week—A Decrease in the Visible Supply.

Monday Evening, Feb. 28.

Bacon is 6d lower in Liverpool.

Wheat futures are up a point in Liverpool.

In London wheat on passage has fallen off 6d.

Wheat rose from 1c to 2c on nearly all American markets yesterday. The shorts had oversold on Saturday.

Visible Supply of Grain.

	Feb. 28,'98	Mar. 1,'97	Mar. 2,'96
Wheat, bu.	34,088,000	43,797,000	64,089,000
Corn, bu.	40,850,000	28,408,000	13,036,000
Oats, bu.	13,473,000	13,897,000	7,001,000

Wheat decreased 1,345,000 bush last week, as against a decrease of 1,418,000 bush the corresponding week of last year. Corn increased 963,000 bush last week and oats increased 127,000 bush.

Afloat to Europe.

	Feb. 28,'98	Feb. 21,'98	Mar. 1,'97
Wheat, bu.	37,440,000	37,040,000	22,880,000
Corn, bu.	12,740,000	12,080,000	15,600,000

Wheat on passage to Europe increased 400,000 bush last week, and corn increased 60,000 bush.

East Buffalo Live Stock.

East Buffalo, Feb. 28.—Cattle—Receipts, 125 cars, against 158 cars last week. Good demand for fat grades, which were held strong to higher; common to fair and half-fat grades slow of sale and lower; fat shipping steers, $4.65 to $4.85; fat smooth steers, $4.50 to $4.60; coarse, rough steers, $3.75 to $4.30; light steers, $4.10 to $4.30; fat heifers, $4.35 to $4.60; mixed butchers' stock, $3.50 to $4; fair to good cows, $3 to $4.

Hogs—Receipts, 125 cars, against 130 cars last week; market slow, but prices held steadily; good to choice Yorkers, $4.20 to $4.25; light Yorkers, $4.20 to $4.25; mixed packers' grades and medium weights, $4.20 to $4.25; roughs, $3.65 to $3.75; stags, $2.75 to $3.10; pigs, $3.25 to $4.15.

Sheep and Lambs—Receipts, 75 cars, against 60 cars last week; market about steady for both kinds; native lambs, choice to extra, $5.90 to $6; fair to good, $5.65 to $5.85; culls, $5 to $5.50; yearlings, $5 to $5.25. Sheep, choice to selected wethers, $4.85 to $4.90; mixed sheep, $4.50 to $4.75; culls, $3.25 to $3.90.

Montreal Live Stock.

Montreal, Feb. 28. — There were about 525 head of butchers' cattle, 100 calves and 25 sheep and lambs offered for sale at the East End Abattoir to-day. The butchers were present in large numbers and trade was good with prices a shade lower than on Thursday. Prime beeves sold at about 4¼c per lb; pretty good stock at from 3¾ to nearly 4c, and the common dry cows and bulls at from 2¼ to 3c. Calves were more plentiful than usual and brought lower prices, ranging from $2 to $7 each. Sheep sold at about 3½c per pound, and lambs from 4½ to 5c per pound. Mr. Levesque bought two spring lambs, paying $7 for one and $6.25 for the other. Fat hogs are plentiful and sold at from 5 to 5¼c per lb.

British Markets.

Liverpool—Close—Spot wheat dull; futures steady at 7s 11d for March, 7s 5½d for May and 7s 2d for July. Maize quiet at 3s 4½d for March, 3s 2¾d for May and 3s 2½d for July. Flour, 28s.

London—Close—Wheat off coast quiet and on passage easier, 6d lower. Maize on passage easy.

Paris—Close—Wheat, 27f 60c for Aug. Flour, 59f 10c for May.

FEEDING DYSPEPSIA

With Dodd's Dyspepsia Tablets Never Fails to Cure.

A Test Will Prove It—Dodd's Dyspepsia Tablets Digest all Kinds of Food—They Positively Cure all Stomach Diseases.

Dodd's Dyspepsia Tablets cure Indigestion, Dyspepsia, Sour Stomach, Heartburn, Biliousness, Waterbrash, and every other stomach disease—except Cancer.

They cure by Nature's method—they digest the food. This is the only way these diseases can be cured. Dodd's Dyspepsia Tablets are the only remedy made that will cure them. They always cure.

If you don't believe it—just test them. They'll convince you by curing you.

—A healthy stomach supplies fluids to digest fatty foods, starcy foods and albuminous foods. If it is not healthy it fails to supply one or all of these fluids. Then one, or all of the three kinds of food remain undigested. Dyspepsia and Indigestion, etc., follow.

Dodd's Dyspepsia Tablets melt in the stomach, or in the mouth. When they melt they form the three fluids needed to digest the three kinds of food. You can see the result. The foods are digested; Dyspepsia and Indigestion vanish, the stomach is strengthened and toned, and made capable of doing its own work properly.

One box of Dodd's Dyspepsia Tablets will prove this. One or two Tablets taken after each meal, are all you need to prove it.

You need not die of slow starvation while taking Dodd's Dyspepsia Tablets. They digest the foods that give you Indigestion or Dyspepsia, just as easily as they digest those that don't. If you like pie, eat all you like of it—and take a Tablet afterwards. They'll cure you while you wait. Test them and prove it.

Dodd's Dyspepsia Tablets, full double treatment in every box, are sold by all druggists, at fifty cents a box, six boxes $2 50, or will be sent, on receipt of price, by the Dodd's Medicine Co., Limited, Toronto.

Anxious Mothers find Dr. Low's worm syrup the best medicine to expel worms. Children like it—worms don't.

SLOAN'S INDIAN TONIC

TRADE MARK.

Cures Scrofula, Pimples, Ulcers, Abscesses, Boils, Blotches and all other disorders arising from impure blood.

More Curative Power in Sloan's Indian Tonic than in all other Medicines Combined.

Michael Dillon, of Richmond Hill, writes:

My wife bought a bottle of SLOAN'S INDIAN TONIC from your agent when he was here. She has been in very bad health for several years and has been treated by three different doctors, and has taken a number of different patent medicines, but she thinks one bottle of your medicine has done her more good than all the other medicines she has ever taken, and she wants you to send her another bottle of your medicine.

Mrs. R. W. Wilson, of Fergus, says:—

Having used one bottle of your Tonic, I would like another, as I find they give great results. Would you kindly send one bottle of Sloan's Indian Tonic, for which you will find enclosed $1.00, and oblige.

Nelson Page, of Byng P. O., says:

We have used your Sloan's Indian Tonic, and found it of great benefit.

Price $1, or 6 for $5.00. All Dealers or Address

THE SLOAN MEDICINE COMPANY, of Hamilton, Limited.

ADVERTISING IN THE EXAMINER PAYS

HEALTH IN MARCH, APRIL, MAY.

Use the Only Spring Remedy in the World That Has Stood Every Test of Time.

PAINE'S CELERY COMPOUND MAKES ONE WELL.

In March, April and May use Paine's Celery Compound.

And only Paine's Celery Compound! For it is nature's remedy.

It is the only spring medicine that the best physicians recommend.

Clergymen of all denominations speak of the wonderful medicine with enthusiasm.

Paine's Celery Compound has a record of life-saving work that has never been equalled.

Paine's Celery Compound cures disease. It makes people well. It has saved the lives of thousands of sufferers. It makes the weak strong.

It purifies the blood and enriches the nerves.

Every condition of winter life has been detrimental to health. There has been a steady decline in nervous vigor. Now that spring comes the body is ready to cast off unhealthy tissues if it is only given a chance. This opportunity comes when the excretory organs, kidneys, skin and bowels are made to work actively and the nerves are able to furnish sufficient energy to the digestive organs.

No remedy in the world accomplishes these results like Paine's Celery Compound. It nourishes, regulates and invigorates the entire nervous system from the brain to the minutest nerve filament. It causes an increased appetite and tones up the stomach to deal with the increased food. Its nourishing action is immediately manifest in a clearing up of the muddy, unhealthy skin, an increase in weight and more refreshing sleep.

First discovered after laborious, scientific research by the ablest physician America has produced, Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth College, it is prescribed and publicly endorsed ythe best practitioners in every city of America. It has been so enthusiastically recommended by grateful men and women in every walk of life that it is to-day in every walk of life that it is to-day in every sense the most popular remedy the world ever knew.

It has proven itself the greatest of all spring medicines.

In Montreal, Toronto, Hamilton, London, Quebec, Halifax, St. John, Winnipeg and other cities, the leading druggists have found that the demand for Paine's Celery Compound surpasses that of all other remedies together!

Paine's Celery Compound, taken during the early spring days, has even more than its usual remarkable efficacy in making people well. Its makes short work of disease. It rapidly drives out neuralgia, sleeplessness, dyspepsia and rheumatism from the system. It removes that lassitude or "tired feeling," which betokens weakened nerves and poor blood.

Women working in close offices; saleswomen tired out and nervous from long hours standing on their feet and waiting on impatient, irritating customers; overworked, worried and disheartened men and women everywhere will be astonished to find how much happier life becomes when their nerves have been strengthened and their blood purified by means of this great remedy.

No other remedy has the hearty approval of a like body of educated men and women and professional men. There has never been a remedy that was welcomed in so many intelligent, prudent homes where care is taken to get only the best in so vital a matter. In such families all over the country Paine's Celery Compound is the first, and only remedy used.

Prof. Phelps had studied the nerves in health and disease, when well nourished and when under-nourished, in men and women and children years before he looked for the remedy. Paine's Celery Compound is the outcome of the entire professional life. It is the one remedy that the world could not loose to-day at any price.

Paine's Celery Compound induces the body to take on solid flesh.

Physicians recognize Paine's Celery Compound as the one scientific spring remedy, and it is universally prescribed by them whenever there is great need of a vigorous and prompt restoring of health and strength to the worn-out system

Paine's Celery Compound is the best spring remedy because it is more than a mere spring remedy. It brings about healthy appetite, complete digestion, regular action of the bowels and the other excretory organs whenever taken, whether in summer or in winter; but as the greatest of spring remedies it has extraordinary opportunities for inducing the body to throw off morbid humors that poison it and cause rheumatism, neuralgia, heart trouble and a general low state of the health, as in spring the system is more pliable, and chronic diseases, so securely lodged in the system that they are with difficulty ousted, become more tractable.

Thousands of men and women have found from personal experience that Paine's Celery Compound makes people well, and keeps all from sickness who take it in the spring.

Many a father and mother have noticed the unmistakable improvement in the health of their children from taking Paine's Celery Compound in the spring. It is the one scientifically accurate remedy fitted by its composition to thoroughly purify the blood and dispel that exhausted feeling and get rid of skin diseases, headaches and fits of depression with which children with weak, nervous systems, as well as grown people, are afflicted.

Alf. Kingscote,

Tent, Sail and Awning Maker, 434 Water Street.

High-Grade Cemetery Work

AT A MODERATE PRICE.

The element of permanence which attaches to the erection of any memorial to the dead renders it highly desirable that no mistake be made in the selection either of design or of materials.

A mistake is a serious matter. Let us help you to make a right decision. Our specialty is the erection of monuments which are unique without being grotesque, and artistic without being over-decorated.

We manufacture from all first-quality granites, and as WE SELL DIRECT TO CUSTOMERS, we save the latter all agents' profits. Then, too, there is a decided advantage for the buyer in dealing with one responsible firm for both the manufacture and the setting of a monument

All our work is guaranteed, NO CHARGE being made if not strictly according to contract. Write us for designs and estimates.

Moore's Monumental Works

Established 1846. Cor. Charlotte and George Sts., Peterborough, near market.

THE KLONDIKE TRADE.

Seattle Is Getting Half of It—Vancouver Merchants Cutting Prices to the Injury of Themselves.

Vancouver, B.C., March 1.—Seattle is outfitting 50 per cent. of the Klondike trade at present; the rest is about equally divided between San Francisco, Vancouver and Victoria. Vancouver, however, is so busy and such great crowds are on her streets that she has the appearance of a city as large as Toronto. The trade, however, is not entirely satisfactory, owing to the insane policy of the merchants in cutting prices. As a consequence the profits are cut to pieces on all outfit goods, including groceries and clothing, and Klondikers can get better and cheaper goods by far in Vancouver than they can in Seattle, in spite of the duty. However, for some unexplained reason the great majority are drifting through to Seattle, even at Mission Junction, where the C.P.R. connections are made for the States. Many Klondikers pick up their packs and take the train for Seattle. The Seattle agents and agents of Yankee roads have an organized system of lying and misrepresentation all over the continent, and the Canadian coast trade is in consequence seriously handicapped, while the Washington authorities are aiding in making a laughing stock of the British Columbia merchants, who, fearing that the rush will not last, are altogether too eager to unload their big stocks.

The Klondike Fever.

Montreal, March 1.—The Star's cable from London says:

"Despite Government and other efforts to keep back Klondikers until the season really opens for traffic via the Stikine, steamers are now taking between two and three hundred each week, mostly booked for Vancouver. These numbers will be swelled next month, but the agents of whom I enquired to-day do not anticipate anything tremendous in the way of a rush from Europe. The Klondike fever is, nevertheless, checking general farm emigration for the moment."

ADVISED TO PAY.

Dickinson, Lansing and Warren Advise the U. S. Government to Settle With the Canadian Sealers.

Washington, D. C., March 1. — The President yesterday sent to the Senate a full record of the proceedings between the United States and Great Britain in the arbitration relating to the compensation for the seizure of British ships in Behring Sea, under the treaty of Feb. 29, 1892. A statement of the Government's counsel, consisting of Messrs. Don M. Dickinson, Robert Lansing and Charles B. Warren, is appended, in which they say:

"If there are serious questions as to the validity of the award in the light of precedent and authority, yet in view of the history of the controversy and in the existing conditions as well as because of the comparatively small amount of the aggregate award we venture to express the hope that the result will be accepted by our Government."

LIZZIE CAIN'S DEATH.

Father of the Girl Arrives and Has a Conference With Atkinson.

Hamilton, March 1.—Michael Cain, who lives north of Newmarket, arrived in the city last night to take charge of the body of his 22-year-old daughter, Lizzie, who died in the St. Nicholas Hotel on Sunday afternoon under suspicious circumstances. He was introduced to the girl's aged paramour, William Atkinson. The two discussed the matter at length, and took supper together. Atkinson, it is said, has agreed to pay the funeral and other expenses. Neither Cain nor Atkinson will speak to reporters. They say they will tell all they know at the Crown enquiry on Thursday night. Cain will take the body home to-day. He said to the police that farm life was too dull for his wayward girl. The dead girl was employed last summer at the Lakeview Hotel, Toronto.

Wabash Goes to Buffalo.

New York, March 1.—The Times to-day prints the following: "Joseph Ramsey, jr., Vice-President and General Manager of the Wabash Railroad, has issued an official statement in regard to the eastern terminus of the road. This will, from now on, be at Buffalo. Under a permanent lease from the Grand Trunk Railroad, the Wabash has the right to operate over the former from Windsor to Black Rock, and from Welland to Suspension Bridge. From these points the tracks of the Erie Railroad will be used into Buffalo.

"The Wabash has the right to handle through or local traffic and interchanges with Grand Trunk lines are to be made at Black Rock, Suspension Bridge and Buffalo, instead of at Detroit. Canada transit freight will be in bond. The line east of Detroit becomes the Buffalo division.

Western Roads in It.

Chicago, March 1.—General passenger agents of the Western roads at their meeting yesterday were engaged in equalizing rates from the various competitive points in the intermediate territory between Chicago and the Missouri River to the North Pacific coast in such a way that none of them would have an advantage over the others in meeting Canadian Pacific competition. The western lines will put in cut rates to Puget Sound points to-day. From Chicago to Seattle the first-class fare will be $36.50 and second-class $31.50. The regular rates are $61.50 for first-class and $51.50 for second-class. The cut rates will apply throughout the St. Paul and Missouri River gateways. By way of St. Paul tickets will be sold at the full rate, but by the Missouri River the rebate plan will be adopted.

If you are not feeling well, why don't you take Hood's Sarsaparilla? It will purify and enrich your blood and do you wonderful good.

Free Trial To Any Honest Man

The Foremost Medical Company in the World in the Cure of Weak Men Makes this Offer.

HEALTH AND ENERGY ASSURED. HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

In all the world to-day—in all the history of the world—no doctor nor institution has treated and restored so many men as has the famed ERIE MEDICAL CO. of Buffalo, N. Y.

This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.

So much deception has been practised in advertising that this grand old company now for the first time makes this startling offer:—

They will send their costly and magically effective appliance and a whole month's course of restorative remedies, positively on trial without an expense to any honest and reliable man!

Not a dollar need be advanced—not a penny paid—till results are known to and acknowledged by the patient.

The Erie Medical Company's appliance and remedies have been talked about and written about all over the world, till every man has heard of them.

They restore or create strength, vigor, healthy tissue and new life.

They quickly stop drains on the system that sap the energy.

They cure nervousness, despondency and all the effects of evil habits, excesses, overwork, etc.

They give full strength, development and tone to every portion and organ of the body

Failure is impossible and age is no barrier.

This "Trial without Expense" offer is limited by the company to a short time, and application must be made at once.

No C. O. D. scheme, no begging philanthropy nor deception, no exposure—a clean business proposition by a company of high financial and professional standing.

Write to the ERIE MEDICAL COMPANY, BUFFALO, N.Y., and refer to seeing the account of their offer in this paper.

ARGENTINE JINGOES.

Argentine Republic Showing Its Teeth to Chili—Nevertheless the President Says There Is No Cause for Alarm.

New York, March 1.—A despatch to the Herald from Buenos Ayres, Argentina, says: "In view of the warlike preparations being made by Chili the Argentine Government has decided to purchase three warships and arms for 150,000 men.

The people of Argentina are enthusiastic over the possibility of war. Many public officials have offered to give part of their salaries for buying warships.

It is not generally believed that war is imminent, but the people consider it their duty to be prepared for an emergency in case Chili should refuse to fulfill her promise made in the ordinary treaties.

Pressed by public opinion, President Uriburu has declared that there is no cause for alarm, and that the relations between Argentina and Chili are as cordial as ever. He adds, however, that the nation must be prepared to avoid any surprise.

The Crippled Champagne.

Halifax, March 1.—It is not yet known whether the disabled liner La Champagne will be repaired at Halifax or towed to New York. The agents announce that they are awaiting advices from New York. The critical state of affairs on board the helpless steamer while she drifted on the Banks may be judged from the fact that everybody was put on reduced rations. For six days only two meals were served each day, one between 1 a.m. and 12 noon, and the other from 6 to 8 p.m., and these were not as elaborate as under ordinary conditions.

Cuban Insurgents Whipped.

Havana, March 1.—La Lucha published late last evening an official despatch giving an account of a battle in the Province of Puerto Principe, in which the insurgents are said to have lost 181 killed and wounded. The Spanish troops are said to have captured many weapons, a large quantity of ammunition and 84 horses.

SAVE THE MOTHERS

Dodd's Kidney Pills Their Only Safety in Female Diseases.

You have seen a flower nipped by frost, fade and die in the flush of its beauty. That is how women die when attacked by any of the diseases peculiar to their sex.

Woman's burdens are woefully heavy. Her sufferings are agonizing. Her patience is grand. Disease preys upon her. The light dies out of her eyes, her steps become slow and dragging; she loses flesh; grows sallow, listless, droops like a flower. Then *she dies.* Her family is left to the cold mercy of the world.

"Mother's dead!" What a piteous phrase. What sufferings have been endured before it was used. Why should mothers, wives, sisters suffer so? *They need not.* Dodd's Kidney Pills will quickly and thoroughly cure all cases of Female Weakness. They never fail. They give health, strength, courage: a new lease of life.

The dyspeptic carries a dreadful load on his back. It seems as if he were really made up of two men. One of them ambitious, brainy and energetic; the other sick, listless, peevish and without force. The weak man weighs the other one down. The dyspeptic may be able to do pretty good work one day, and the next day because of some little indiscretion in eating he may be able to do nothing at all. Most cases of dyspepsia start with constipation. Constipation is the cause of nine-tenths of all human sickness. Some of the symptoms are sick and bilious headaches, dizziness, sour stomach, loss of appetite, foul breath, windy belchings, heartburn, pain and distress after eating. All these are indicative of derangements of the liver stomach and bowels, and are all caused by constipation. Dr. Pierce's Pleasant Pellets are the quickest, easiest and most certain cure for this condition. They are not violent in action.

Send 21 cents in one-cent stamps to the World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page Common Sense Medical Adviser, illustrated.

How to Keep Well.

Fairweather & Co., Hatter and Furrier.

—Booth's oysters at the "Spot Cash" only. The price is no more, but the quality is better than other fellows sell you.

Woman's Day.

For some years a day has been annually set apart in St. John's church, especially for women, when the spiritual needs of women are directly dealt with. This has been arranged for to morrow (Wednesday) and will be conducted this year by Rev. F. H. Hartley, Chaplain of St. John's Sisterhood, Toronto. The Holy Communion will be administered at 10 a.m. with address. There will be "quiet hours" from 1.30 to 3.30 p.m., with intervals at 3.30 and 4.30 p.m. Women are generally invited to share in the benefits of the day, whether belonging to the parish or not. They may enter and leave the church at any time. In the evening Rev. F. H. Hartley will deliver the 2nd address in the special Lenten course to men as well as women at 8 p.m.

ELECTION DAY.

Both Parties Worked Hard—A Quiet day Nevertheless.

Election day passed very quietly in town. Both parties worked very industriously, one under the stimulus of hope the other of despair. A large vote was polled, and the indifferent elector who may have decided to stay quietly at home, if he succeeded, did not stay from lack of asking or quietly either.

A GRATIFYING SUCCESS.

Charlotte Street Concert and Recital Last Evening.

The concert and recital given in the Charlotte street church, last evening, proved a gratifying success. The church was well filled with an audience composed of both young and old, and that each and all were pleased with the programme was evident from the beginning to the close.

The programme opened with a selection from the Mandolin Club, splendidly rendered and much appreciated. The club gave four numbers during the evening, all of which were greatly enjoyed. Miss Hendren, of Lakefield, had three numbers on the programme and responded to two encores. Her singing was, as it always is, cordially received and much enjoyed.

The heavy part of the programme was taken by Miss Ethel Webb, of Toronto, who appeared six times during the evening and each time was recalled by a hearty encore. Her repertoire seems inexhaustible and well selected, and her rendition was most pleasing and attractive. This was her second appearance before a Peterborough audience, and from her reception last evening, it is safe to say she will be heartily welcomed again and again.

—Quaker Oats, Spot Cash Grocery Co.

GOOD TEMPLARS.

The Order Flourishing in the Country—Debate at Bridgenorth.

Mr. James Stubbs, Provincial Deputy of the Independent Order of Good Templars, visited Oak Leaf Lodge at Bridgenorth, last evening, and reports that nine candidates were initiated.

During the evening a debate was held between members of Oak Leaf Lodge and Union Lodge, of the 4th line of Smith on the subject, "Resolved that the pen has done more to civilize the world than the sword." Oak Leaf Lodge took the negative side of the question and won.

As Mr. Stubbs organized these two lodges only a month ago he was much pleased to find that the attendance last evening was over sixty.

PERSONAL.

Miss Lott of Belleville is visiting friends in town.

Mr. Will Crosby is home from London for a few days.

Mr. R. F. McWilliams is down from Osgoods Hall, Toronto, on a visit to his parents.

Mr. Victor McWilliams has been down from 'Varsity spending spending the last few days with his parents.

Miss Armstrong, head milliner of the Golden Lion, is in Toronto, making additional purchases for the spring opening.

Mr. and Mrs. Fred W. Bourn, of Grand Valley, Ont., are visiting at the residence of Mr. Bourn's brother, McDonel street.

Miss Ada McBain is home from the Whitby Ladies' College for a brief holiday. She is accompanied by Miss Loomis, of Sherbrooke.

The Gilert correspondence of the Lindsay Post, says that Miss Octavia Bond, of Peterborough, is spending a few days under the parental roof.

The Lindsay Post says that Mr. T. E. Fitzgerald, travelling agent for the Peter Hamilton manufacturing Company, has been visiting Lindsay and vicinity.

—Oranges, 15c. to 50c., "Spot Cash."

COLD SPRINGS LITERARY.

A very largely attended meeting of the Cold Springs Literary and Debating Society was held on Monday night, the president in the chair. The building was crowded almost beyond standing room. A number of the members of Lily Lake Literary were present and gave most of the programme, as follows:—

Instrumental	Mouth Organ Band, Lily Lake
Recitation	Miss Aggie Guthrie
Song	Miss A Tully
Instrumental	Mr J Williams
Recitation	Mr T McDonald
Reading	Mr G Stewart
Dialogue	"The Train to Maure"
Recitation	Mrs G A Reid
Instrumental	Mouth Organ Band
Recitation	Willie Huston
Reading	Mr Downer
Dialogue	"The Competing Railway"
Recitation	Miss J Swinton
Duet	Misses Robertson and Anderson
Recitation	Miss Middleton
Instrumental	Mr J Williams
Reading	Mr F Vinette
Dialogue	"The Flower of the Family"
Reading of Chronicle	Editor
Recitation	Miss M Swinton

"God Save the Queen."

Next meeting there will be a debate—"Resolved that married life is preferable to single life." Also, at the next meeting the officers for the month of March will be elected.

—Booth's oysters 35 cts.—"Spot Cash."

Is Your Piano in Tune?

The change of season affects pianos as well as anything else. Mr. Geo. Gumpricht, practical piano maker and tuner, with 20 years experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

Busy Barbers.

Since the reduction in my prices for hair-cutting and shaving, trade has gone away up with a bound. Hair cuts for 10c. and shave for 7c. has come to stay at this shop, and

Glad are the smiles of our barbers
For the wave of prosperity rolls
With gladness and lively music
Through all their tonsorial souls;
And the grit and the grind of
The clippers are heard on the long-worn hair
As we mow from the heads of the
Hundreds the once honored pompadour hair.

CIVILIZATION AND ITS ESSENTIALS.

ELOQUENT ADDRESS ON THE SUBJECT BY REV. FATHER FITZPATRICK.

A Great Gathering at the Catholic Association Rooms—A Good Programme and a Most Masterly Address—Highly Appreciated by the Audience.

Probably the largest audience that ever gathered in the lecture room of the Catholic Literary Association greeted Rev. Father Fitzpatrick last evening, who delivered an address on "The Essentials of Civilization." It was, without doubt, one of the greatest intellectual treats the audience ever had the pleasure of enjoying, and was replete with indisputable facts and instructive lessons.

Mr. T. J. Begley occupied the chair and the musical programme opened with a brilliantly rendered pianoforte duet by Misses Maud Cahill and May Donahue. Miss Nettie Lewis followed with a sweetly sung solo, which was warmly received. Miss Bell showed herself to be a talented young elocutionist by her clever rendition of a pathetic number. Master Judge, in his newsboy song, covered himself with glory and gives promise of being a clever singer. Mr. Dan. Gordon contributed a vocal solo, rendered in his usual excellent manner, which earned him a recall. Miss Jennie Riley captured the audience with a humourous song and was obliged to respond to an encore. Mr. Jas. Wyse sang a rollicking sea song in excellent voice, his number closing the musical portion of the programme.

REV. FATHER FITZPATRICK'S ADDRESS.

After comparing the characteristics of northern and southern nations in regard to energy and enterprise the speaker made the point that the northern nations ruled the world. In this connection the speaker made a patriotically eloquent reference to Canada as a typical northern nation, and spoke of the great future promised by virtue of her geographical situation, her unbounded resources and the high quality of her population.

The state was defined as a collection of [illegible] the individual [illegible] development [illegible] and perfected [illegible] virtue [illegible] was nearly [illegible] and proper [illegible] section [illegible] sents, [illegible] ed out [illegible] and in [illegible] ducation [illegible] anada, [illegible] d the [illegible] nostic [illegible] resent [illegible] had [illegible] liberal [illegible], and [illegible] Mine [illegible] and [illegible] ainst [illegible] mon [illegible] the [illegible] ridered in a two-fold aspect, the school and the education outside the school—in the home and on the street. A high eulogy was passed upon the Ontario system of education which excellent as it was, had some faults and especial emphasis was placed upon the burdening of children with too many tasks, and the necessary failure to digest and assimilate the information thus imparted. The importance of the education in the home was dealt with—it should be directed to training the heart and the affections, a subject necessarily outside the province of the school. Of course the education of the street and its dangers was unsparingly condemned. The next feature was the practical application of truth and morals to the people of the state. There were three great media tending to perfect the nation, the pulpit, the press and the political parties. The duty of the pulpit was to enforce the doctrine of charity and love for our neighbours. The press was a mighty force which sometimes forget its mission, and nothing was too sacred to escape its adverse influence. The political parties had, the speaker thought, largely degenerated into an organization for purpose of gaining office, and the sin of a man selling his right to decide the government of the country was strongly condemned. The third essential, and the lowest, was material progress, and it was pointed out that that was the cardinal point in American morals, a condition that every day emphasized the difference between the rich and the poor—widening the abyss between capital and labour. The remedy for the evils thus briefly indicated was the preaching and practice of the doctrine of Christ—charity—the love of our neighbour, which involved a consideration for the rights of our fellow man. The above is a bare summary of a most eloquent and thoughtful address.

At the conclusion of the address, Mr. M. O'Brien in a brief but excellent address, moved a vote of thanks to the speakers, which was seconded by Mr. Jno. Corkery, and endorsed by the audience with great applause. Both speakers spoke in the highest terms of the address. Rev. Father Fitzpatrick replied briefly.

The programme concluded with a character sketch, "The Doctor's office," which provided barrels of fun. Mr. Dick Simons as the doctor's office boy, was the leading card, and the other characters (who acted as parents) were Messrs. E. Graham, R. Mahoney, B. Halpin and B. Doris.

The accompanists of the evening were Miss M. McCabe, Miss N. Lewis, Mrs. T. Craig and R. Mahoney.

The Wonderful

Cheap Man

THE LATE MRS. THOS. GREENWOOD.

Her Unexpected Demise this Morning.

Last night, Mrs. Thomas Greenwood, passed away at the residence of her son-in-law, Mr. F. J. Jamieson. The deceased lady whose home was in Cobourg, was paying a visit to Peterborough for the winter. About three weeks ago she suffered from a bilious attack from which she was slowly recovering. She was in her usual condition yesterday. Last night a change for the worse set in and no very serious fears were entertained at the time, but her symptoms grew worse and death came at 2.30 this morning. Mrs. Greenwood was a native of England, where she was born the same year as the Queen, 1819, and she was consequently 79 years of age. She has lived in Cobourg the last 35 or 40 years. She leaves behind her a husband and four children, two by a former marriage, Mr. Albert LeRoy, of Toronto Junction, and Mrs. Weekes of Rochester, N. Y., and two by a second marriage, Mrs. F. J. Jamieson, Peterborough, and Mrs. T. Diamond, of Cobourg. Interment will take place in Little Lake Cemetery. Funeral from 24 Harvey street, to-morrow at 2.30 o'clock.

GEORGIAN BAY AND LAKE SUPERIOR STEAMBOAT LINE.

Season of 1898.

The Great Northern Transit Co., Limited, and the North Shore Navigation Co. Limited, have established a new steamboat line between Collingwood, Owen Sound and Duluth, to be known as the "Georgian Bay and Lake Superior Steamboat Line," calling at Sault Ste. Marie, Port Arthur, Fort William and other local ports, and connecting with local lines to and from all Georgian Bay ports, calling also at Mackinac Island during the months of July and August. The large and elegant steamers, City of Collingwood and Majestic, will be placed upon this line at the opening of navigation, and the regular sailing days will be named hereafter.

Shippers of freight to and from all points in Ontario, Georgian Bay, Lake Superior ports, the Northwest, British Columbia and the Klondyke will find the rates by this line as cheap, as by any other route and the service first-class in every particular.

For further particulars apply to all railway agents, also to the Great Northern Transit Co., Limited, Collingwood, Ont.

—All kinds of fish, "Spot Cash."

Daily Examiner.

TUESDAY, MARCH 1, 1898.

BENSFORT.

From Our Own Correspondent.

Mr. Chas. Turnbull, son of Mr. Robert Turnbull, a former resident of Bensfort, now of Hartney, Manitoba, is visiting friends and relatives in this neighbourhood.

Messrs. Chas. and Edward Stirton are busy drawing material for improvements to be made on their house this coming summer.

Mr. Geo. Smithson is preparing the frame of a stable to be erected in Baillieboro for Mr. Samuel Smithson.

Mr. Thos. Armstrong took a business trip across to the Rice Lake plains on Wednesday of last week. He reports the sleighing to be first-class.

In reply to E. Chas. Beers' correspondence in last week's issue, your correspondent begs to make the following statement: That at the time of writing all correspondence is believed to be thoroughly reliable and not either the imaginations of a fertile brain or wilfully and maliciously written concerning any institution or any church. The correspondent is not given to writing, let alone publishing, direct or any other kind of falsehood, and moreover does publishing a simple item in a newspaper reflect more discredit on a church or society pertaining thereto than does the conduct of members of a church or society who not only attended the party referred to but one or two others of a like nature held in the same neighbourhood? Hoping this explanation will satisfy Mr. Beer, and thanking you for your valuable space, I remain, your CORRESPONDENT.

—Oysters reduced in price. We sell Booth's Baltimore Oysters at 35c per qt. for Standards, and 45c for Selects until further notice. Spot Cash Grocery Co.

DAILY TEMPERATURE RECORD.

The following are readings of the official thermometers for this morning, as well as the highest and lowest yesterday—shade temperature:—

To-day, 7 a. m.	19° above zero	
	Highest.	*Lowest.*
Yesterday	19°	9°

The minus sign (—) signifies below zero.

Linseed and Turpentine are not only popular remedies, but are also the best known to medical science for the treatment of the nervous membranes of respiratory organs. Dr. Chase compounded this valuable Syrup so as to take away the unpleasant taste of turpentine and linseed.

Mothers will find this medicine invaluable for children, it is so pleasant to take, and will positively cure Croup, Whooping Cough and chest troubles."

Boys' Odd Vests, in Tweed and Serge, sizes 28 to 32, regular price 50c to 75c, Grafton & Co's clearing sale price 25c.

SPORTING PASTIMES.

Hockey and Other Items of Local and General Interest.

CURLIANA.

Two rinks of Detroit curlers were entertained by the local curlers yesterday and in the afternoon a friendly game was played, in which both visiting rinks came out victorious. The rinks playing were composed as follows:

Detroit.	*Peterborough.*
RINK NO. 1.	
Capt R H White.	W G Morrow.
B W Yates.	Judge Weller.
F Guttenberg.	H M Allen.
J A Bucknell, sk...21	R S Davidson, sk ... 14
RINK NO. 2.	
John Good.	R H Kells.
C Guillette.	C N Brown.
R Williamson.	D Davidson.
John Stephenson, sk 23	W G Ferguson, sk...15
44	29

Majority for Detroit 15 shots.

Detroit is developing into an enthusiastic curling town, as evidenced by the fact that although having only about forty curlers yet two rinks can go off for a week's trip and give a good account of themselves all along the line. In Lindsay Flavelle's tankard rink was defeated by Skip Bucknell and his men. Lindsay, however, was winner on the whole by seven shots.

HOCKEY.

Ackerman's harness shop team has challenged the Printers. The challenge is accepted and the matter of arranging for the ice is left in the hands of the challengers.

A combination team from Robt. Fair's, J. W. T. Fairweather & Co.'s and LeBrun & Co.'s has challenged the printers. All right, boys, arrange for the ice.

The Electrics are open for challenges. They want a return match with the Printers. The Electrics should not tempt fortune too far. They were the first and only team that ever defeated the Printers, and surely this is honour enough for one season.

The match between the local Colts and Cobourg High School at the rink to-morrow evening promises to draw a big crowd, as the Colts have now almost as large a following as the senior team. The match will start at 8 p.m. and the very neatest possible game is guarranteed.

The printers are getting into their old time form again, as was evidenced at the rink on Saturday evening when they wiped out the Wm. Hamilton Mfg. Co's. team by six goals to nil, and played six men to seven at that. The men from the foundry put up a game fight and would give a good account of themselves against any other of the trade teams in town, but the printers defence was invulnerable and their forwards apparently invincible. The teams were composed as follows:

The Foundry.		*Printers.*
McFadden	goal	Dobbin
R Bradburn	point	Glover
C McFarlane	cover	Hubbs
E McFarlane	forwards	McWilliams
E Hall		Sheridan
W Garrow		McWilliams
T Ferguson		

Referee, Dick Watt.

LAKEHURST.

(From Our Own Correspondent.)

We have been enjoying very breezy weather lately and Mr. Johnston, our popular stage-driver, has had much difficulty in keeping his appointments.

We are pleased to hear that George Weir, who has been suffering from an attack of typhoid fever, is recovering.

Quite a number of the inhabitants of our town are afflicted with the measles.

Our worthy friend, Mr. Robt. Shaw, has been unable to be about of late on account of ill health.

Miss Maggie Weir is spending a few days at Rockdale visiting her sister, Mrs. W. E. Young.

Miss Annie Shearer, of Port Hope, has been visiting her brother, Reeve A. G. Shearer, for the past three weeks.

The annual S. S. Convention was held in the Methodist church, Lakehurst, on Thursday, Feb. 24, and although a number of speakers were absent Rev. H. Symonds ably filled all vacancies and proved a host in himself. The choir, whose presence is not to be ignored, was composed of Mr. Lavery, Mr. and Mrs. Ventress and Miss Moore, of Nogie's Creek, and Miss Lizzie Weir and Misses Berta and Jennie Coons, of Lakehurst. With such a choir it is needless to say that the singing was excellent.

Have You Neuralgia?

If you suffer its agonies, and fail to get a remedy, we want you to try Nerviline. Its action on nerve pain is simply marvellous. Neviline is the most pleasant and powerful remedy in the market. Try it.

Red-Hot Winter Wind-Up!

Prices of all Winter Clothing to be

CREMATED!

COUGH'S MARCH SACRIFICE SALE

WILL PROVE A BLESSING TO PEOPLE WHO HAVE NO MONEY TO FOOL AWAY. We are on the eve of spring. The month of March will bring an entirely new condition of things along with stirring preparations for a new season. For the past two months we have been crowding prices down and crowding goods out—making a Midwinter Record, the like of which this store has never paralleled.

The business situation of to-day calls for the prompt disposal of all Winter Goods. They must go now AT ANY PRICE. Immense quantities of New Spring Importations are crowding us for space. To meet this emergency, a Radical, All-Round Red-Hot Reduction Sale was ushered in at our stores on the 1st of March.

There must be no half measures. We want a clean sweep and a clear field, and our sacrificing prices must do it. Sell we must—Unload we must. To-day—To-morrow—every single day until the Ides of March are past, we hold a carnival of

Rich Clothing Values.

FOR MEN, YOUTHS AND BOYS.

Recent fortunate purchases of several High-grade Stocks of Modern Ready-to-wear Clothing at a Fraction on the Dollar, comprising "THE ARMY AND NAVY" Stock of Queen Street West Toronto; "THE OAK HALL" Stock of Peterborough, and an hypothecated stock knocked down at our own price by Suckling & Co., Toronto—all bunched in this sale.

These Combined Stocks, coupled with our own Mammoth Stock at Nos. 375 and 377 George street, have crowded us out of house and home—overstocking us with winter goods that we cannot afford to carry over.

4-GIGANTIC STOCKS-4

$90,000 WORTH OF CLOTHING EXCELLENCE, bundled together for a March Clearance at Prices a QUARTER and a THIRD below original values. A Master-stroke of Daring, Fearless Selling.

We are in dead earnest. Sunbeams or blizzards, the havoc in prices must sweep along—with a reckless desire to unload stocks.

Quick Losses to make Quick Sales to buyers, who will not waste a moment when prices are so eloquent.

THE GREATEST SHOE SALE

The Greatest Shoe Sale the Town has ever witnessed will also be held during this March Clearance. Thousands of pairs of Fine Sample Boots and Shoes, bought from hard-up manufacturers will be sold at a fraction of their cost.

The Wonderful Cheap Men **Gough Bros.** Peterborough and Toronto

A RICHLY READABLE BOOK.

Anthony Hope's "Simon Dale."

Through the kindness of Mr. George N. Morang, publisher, the EXAMINER has before it a delightfully readable novel by Anthony Hope, a new work by this fine writer. "Simon Dale" is worthy of Anthony Hope, and that is no light praise. The scene is laid in England in the time of the second Charles, perhaps the most romantic and disreputable social era of the country. The story details the adventures of Simon Dale, a well-born country young man, whom fortune takes to the dissy court of Charles II. The hero develops rapidly in the hot house of the court, and takes with more credit than most his share in the intrigues that make the royal environs of the period famous. The plot and tale includes such characters as Charles II, Buckingham, Monmouth, Nell Gwynne, Louis the Great, who was at that time ruling and ruining France. The writer lays in the local contour of the time with skilful hand, and the pages sparkle at times with the lurid light of court life. Love, adventure, intrigue and even heroism are woven into a tale of absorbing interest. Anthony Hope's style is of classical form, and the quaint language of the times, is pleantly free from pedantry. A book case without "Simon Dale" is out of date. Toronto, George N. Morang; paper 75c., cloth $1.50. At the Peterborough Bookstore.

—Oranges, 15c. to 50c., "Spot Cash."

STONY LAKE.

(From Our Own Correspondent.)

Mrs. Archy McCullough and children, of Seymour were visiting with her parents, Mr. and Mrs. James Robb last week.

The ice harvest is now in full swing preparing for the hot weather next summer and to cool of the fever heat of the election.

We were well supplied with political speeches last week from both sides of the political question. But one side has really no side to stand on which will eventually result in a complete landslide.

Measles has been an epidemic near by but has not struck us yet.

Redeem that bet you made on the election by purchasing the boots from Kidd. Get them at half price and save half of the cost money. See!

Parlour Furniture.

It is worth a visit to Clegg's furniture warerooms to see their parlour suites. New and handsome designs in 3, 4, 5 and 6 piece suites, beautifully upholstered in the latest styles and materials. Odd pieces in parlour furniture in great variety and at very low prices. Clegg's furniture and undertaking warerooms, 427 George street.

BIG SALE OF LINEN

on for one week. Tray Covers, from 15c up; Table Centers, from 15c up; Sideboard Covers, from 35c up; 5-o'clock Covers, from 25c up; etc., etc., at MISS MELVILLE & Co's., 424 George street.

SOMETHING JUST AS GOOD.

How a Bilious Man Gave Up His Two Cups of Breakfast Coffee.

An east end man was advised some time ago not to drink coffee. His doctor told him it helped to make his liver torpid and his liver was doing its best to render life miserable for himself and all the rest of the family.

But, no, he couldn't give up his two cups at breakfast time. He couldn't make the sacrifice. Nothing could take the place of the delicious Java and Mocha mixed that he had learned to love.

One day his wife suggested in a mild way that he might be just as well satisfied with one of the brands of imitation coffee. He almost frothed at the mouth.

"That *infernal stuff!*" he cried. "Not much. The very first gulp would settle me. I'd like to see anybody try to fool me with a counterfeit of that sort."

He didn't notice that his wife quietly smiled. But, strange to say, from that time on he grew better. His bilious tendency was greatly lessened. He felt like a new man.

One day he met the doctor.

"Hello, doc!" he cried. "I'm getting better in spite of you."

"Given up coffee, have you?" queried the smiling doctor.

"Given up coffee? Not much. Coffee's all right."

A few weeks later he met the man from whom he orders his groceries.

"Hello!" quoth the grocer. "How well you are looking!"

"Yes," said the convalescent, "I'm feeling a great deal better."

"By the way," said the grocer, "you seem to like that substitute I've been sending you."

"What substitute?"

"Why, that substitute for coffee." And he named one of the numerous imitations of the fragrant berry.

"Never had a cup of it in the house," said the bilious man emphatically.

"That's funny," said the grocer. "I haven't sold your folks a pound of genuine coffee in the last three months."

The bilious man didn't say anything further, but his thoughts were busy. The next morning he looked at his cup a little suspiciously, but he drank it without a tremor. Perhaps he fancied he detected the difference; perhaps not. Anyway, his wife still fondly imagines he doesn't know of the deception.—Cleveland Plain Dealer.

EARLY ARITHMETICS.

Struggles of the Pilgrim Children With One of the "R's."

Next to penmanship the colonial school and schoolmaster took firm stand on "ciphering." "The Bible and figgers is what I want my boys to know," said the old farmer. I have examined with care a Wingate's Arithmetic which was used for over a century in the Winslow family in Massachusetts. The first edition was printed in 1620. It is certainly bewildering to a modern reader. "Pythagoras—His Table" is, of course, our multiplication table. Then comes "The Rule of Three," "The Double Golden Rule," "The Rule of Fellowship," "The Rule of False," etc., ending with "a collection of pleasant and polite questions to exercise all the parts of vulgar arithmetick."

Wingate's Arithmetic and Hodder's Arithmetic were succeeded by Pike's Arithmetic. This had 368 rules to be committed to memory, and not an explanation was given of one of them. It is the most barren schoolbook I have ever read. These printed arithmetics were not in common use. Nearly all teachers had manuscript "sum books," from which the scholars copied page after page of "sums," too often without any explanation of the process, though there were also many and long rules, which helped the penmanship if they did not the mathematics.—Chautauquan.

A MOTHER'S THANKS
FOR A
DAUGHTER'S HEALTH.

How often we see a young girl, whose pale face and feeble form, gives evidence of the destroying power of wrong action of the heart. Weakness and pallor exist where bounding health and rosy cheeks should reign. Through one cause or another the heart muscles become weakened, the blood does not circulate freely, especially to the extremities. From such symptoms spring cold feet and hands, tired all-gone feeling, general debility, watery blood, anæmia, etc.

Mrs. Alexander Allan, 37 Albert street, Peterborough, Ont., illustrates this point as follows: "My daughter was very much troubled with her heart, and this through wrong action, caused nervousness. She was very weak and all run down.

"Although she took all the medicines likely to effect a cure, they did her little or no good, until finally she began to use Milburn's Heart and Nerve Pills. They have enriched her blood, toned up her system and restored new life. For all who suffer as she did, I feel certain that there is no remedy equal to Milburn's Heart and Nerve Pills."

Laxa Liver Pills cure constipation and sick headache. 25 cents. All druggists. 7

THE DISAGREEABLE WOMAN.

A Type of Being That One Prefers to Avoid.

Of the disagreeable woman there are many types and phases, but one of the most eminent physicians of the country declares that we know her at her worst as a "nagger." Of this sort of feminine individual he goes so far as to say that her relatives do not yearn for her recovery when she falls ill. While this seems, indeed, a severe estimate of the "nagger's" depressing effect upon those in closest proximity to her, it is, perhaps, only its outspoken candor that *shocks* us, and we rather incline to believe his assertion that varied experience proves it undeniable.

But the "nag," with her reiterated complainings about this, that or the other trivial delinquency, and petulant interrogations as to the why and wherefore of everyone else's most inconsequent comings and goings, is by no means the only disagreeable woman, even if high authority ranks her as a chief among sinners in marring the peace of mind of a whole household. There are others who, if not exactly the same kind, are not less trying in degree.

One of this genus of disagreeables is the patronizing woman; she who always assumes that you do not know quite the best people, the best way of doing things or the best music, literature and art. She hastens to tell you who is who and what is what, looks you over with unabashed eye, and makes you feel, by the crucial intensity of her sizing-up glance, that your trimmed-over bonnet is a perfect guy and your neatly-mended gloves disreputable.

"This is a Wedgewood pitcher," said a patronizing woman to a new acquaintance who was calling on her. "Wedgewood's was a celebrated pottery in England, and this is an heirloom." "How interesting!" replied the woman who wouldn't be patronized, as she handed it back; "and my mother has a saltglaze pitcher, a rarely unique one, made by Crouch, who sold the pottery to the Wedgewoods."

The patronizing woman said: "Ah, indeed!" with an incredulous lift of the eyebrows, but her face betrayed that she had never heard of Crouch, and her intended victim scored one with a sense of triumph only to be appreciated by those who have as skillfully parried the thrusts of the patronizer.

"I wouldn't have believed that those cheap silks would have made up into such a pretty dress,' said another woman of this type to a dainty little thoroughbred whom she envied for her style and elegance in inexpensive attire; but in this case the patronizing woman overstepped the narrow line and evolved into that even more widely different species, the downright rude woman. And it is no use to say that the rude woman is not "in society"—she is there as surely as the whist woman, and every coterie can point to one who has made herself avoided on account of the barbed arrows with which she takes unerring aim at the vulnerable points of her self-styled friends as well as the enemies whom she cannot forego humiliating.

If she has herself achieved matrimony, even at the eleventh hour, she always greets her old schoolmates with the laughing query: "When in the world are you going to get married, Fanny?" And she gets in her cleverest digs under cover of a laugh, for it gives her the loophole of having been "merely in fun, don't you know?" should her personalities be resented, and, indeed, the disagreeable woman who smiles and smiles and is disagreeable still is about the most difficult of all to endure with fortitude, unless it be the woman who, upon the slightest acquaintance, whispers you a warning story about every one you had inclined to like especially.

Verily there are none of us perfect, but no woman need be the disagreeable woman if she wills to be otherwise. The radiant success, even in this world, of the agreeable woman is well worth striving for.

IN FAVOUR OF DODD'S.

W. F. Hill, of Strathroy, Testifies for Dodd's Kidney Pills.

Strathroy, Feb. 28.—The evidence of W. F. Hill, Caradoc street, in the case of Dodd's vs. Disease is being heard, before the full court of the sovereign here.

Mr. Hill stated that, speaking from his own experience, he would say positively that no other medicine on earth, besides Dodd's Kidney Pills, would cure Kidney disease.

In reply to the judge's question, he said he had suffered intensely for several years. Doctors could not help him. Neither did any medicine but Dodd's Kidney Pills.

Three boxes of this wonderful remedy cured him completely.

The judge remarked that so far the evidence was overwhelmingly in favour of Dodd's Kidney Pills.

Not So Easy.

It is not so easy to cure an obstinate cough; it won't cure itself. Norway Pine Syrup is the remedy indicated because its record shows that it always cures coughs, colds and all lung troubles.

RELIC OF PAST AGE.

A Century Old Newspaper That Is Remarkably Well Preserved.

Mr. Glenn Brown, the architect, has an interesting relic in the shape of an old newspaper, probably one of the oldest publications to be found in this country. It is The Virginia Gazette and Alexandria Advertiser, published in Alexandria. The copy is dated Thursday, April 25, 1793. The motto of the paper, which is printed under the title, is as follows:

O thou by whose almighty nod the scale
Of empires rises or alternate falls,
Send forth the saving virtues round this land!

There is no mention made of the names of the publishers or editors, but an advertisement, which is inserted, asks for rags, old seines, fishing nets and the like to be brought to the office, so that paper can be made from it. From this it would seem that the firm manufactured its own paper.

In the news columns, which form but a small portion of the paper, the advertisements covering a greater part, is a dispatch dated London, Feb. 25 previous, giving an account of an insurrection in Ireland. There are also published Paine's reasons for preserving the life of Louis Capet. The plan of the new French constitution is given and a number of dispatches from Paris appear.

One of the most interesting advertisements in the paper is that of a lottery. It states that it will be given by the commissioner appointed to prepare the public buildings, etc., within the city of Washington for the reception of congress and for their permanent residence after the year 1800. Samuel Blodgett was the agent for the affair in this city. The capital prize was a hotel, with all furnishings, valued at $50,000. There were cash prizes of $25,000, the whole amounting to $350,000. The lottery, by the way, was never held, as much opposition was developed against it. Samuel Blodgett was the one whose heirs claimed a large portion of the national capital.

There are several advertisements for runaway slaves, offering rewards of from $6 to $16. There is an offer of a reward of $40, which would seem large compared with those offered for the runaway slaves, for eight bushels of clover seed, stolen from Mount Vernon. The advertisement goes on to state that the clover seed was stolen from the granary and is supposed to have been taken by negroes. It is signed by Anthony Whiting, who was Washington's overseer.

There is an advertisement in the paper of the celebrated horse Eclipse, from which many of the thoroughbred horses of the present day have descended. There is also an advertisement of the opening of the city tavern at the sign of the "Bunch of Grapes" by John Wise. The statement is made that northern and southern mails will arrive at the office until Nov. 1 on Mondays, Wednesdays and Fridays at 6 p. m.

On one of the pages is a song composed for Lodge No. 10 "of Charlestown," commonly called Portobacco.

The paper consists of four pages of four columns each. The size of the sheets is about 12 by 18 inches. The paper was published Thursdays of each week. The s's were all like f's. The paper has been remarkably well preserved.—Washington Star.

Miracles and Dilettanteism.

"He (Pugin) visited Sant' Andrea della Fratte, the scene of the miraculous conversion of Abbe Ratisbonne, the Jew. Abbe Ratisbonne entered the church a Jew and came out a Christian, having seen there, he stated, a vision of our Lady. 'The story,' Pugin said after seeing the church, 'is demonstrably false. The man could not have said a prayer in such a hideous church. Our Lady could not have chosen such a church for a vision. The man could have had no piety in him to have staid in such a church at all.'

"The friend to whom his remarks were addressed replied, 'As I heard the story, Ratisbonne was not at the moment praying, but thinking of the uncouthness of the architecture of the place.' Pugin's whole face changed. 'Is that so? Then he was a man of God. He knew what true Christianity was, though he was a Jew. I honor him. Our Lady would have come to him anywhere. The story is demonstrably true.'"—"Life of Cardinal Wiseman," by Wilfrid Ward.

A NAME TO CONJURE BY.

Dodds Kidney Pills Cured T. Johnston of Diabetes.

Osborne, Feb. 14—Throughout the western peninsula of Ontario the name of Dodd's Kidney Pills is a name to conjure by. The people with the very best of reason have pinned their faith to this grand medicine, and it is used in every house.

The result of this is that kidney diseases, such as diabetes, Bright's disease, etc., are rapidly disappearing from this district.

Mr. Thomas Johnston, of Osborne, is the latest cure. He suffered all the agonies of diabetes for six years, his physicians failing to help him and all medicines failing to give him relief.

Finally he began to use Dodd's Kidney Pills. His cure began at once. He has used four boxes, and is now strong, healthy and robust.

Don't Let It Ache.

If your stomach, liver and bowels are working properly you will have no headache. Burdock Blood Bitters will keep you right, so there is no need to let your head ache. There is lots of proof that this is so. "I had severe headache for over three years and was not free from it for a single day. Finally I used Burdock Blood Bitters, with the result that it has completely cured me." Mrs. Affleck, Toronto.

Karl's Clover Root.

The great Blood purifier, gives freshness and clearness to the Complexion and cures constipation, 25 cts., 50 cts., $1.00. Sold by Jno. Nugent, 269 George street.

SOMEWHAT MIXED.

An Enigma Which Broke Up the Answers to Correspondents Editor.

"Mister, do you write the 'Answers to Correspondents' for this paper?" asked the stranger with the despondent countenance as he leaned across the desk and heaved a rye tinged sigh through the atmosphere.

"Yes, sir. What can I do for you?"

"Can you answer a little question of relationship?"

"Give me the facts, and I'll try."

"Here you are: When I was a baby, my mother, a widow, married the brother of my father's first wife. He was my uncle, of course, but that made him my father, didn't it?"

"Your stepfather, you mean."

"Yes. Well, mother got a divorce from my uncle-father, and then she married the oldest son of my father's first wife. He was my half brother, wasn't he, and also my stepfather, wasn't he?"

"It looks as if he was."

"That made mother my half sister, didn't it?"

"I—I—I guess it did."

"That's what I thought. Well, you see, my uncle-father had a daughter before he married mother. She was my half sister, too, wasn't she?"

"I—I—I—I guess she was."

"That's the way I put it up. Next thing was my mother got a divorce from my brother-father, and he—my half brother, you know—married my half sister. That made her a kind of stepmother of mine, didn't it?"

"I—I—I"—

"Well, never mind answering yet. My half-brother-stepfather died, and now my half-sister-stepmother and I want to get married, but we can't figure out if we can without being arrested for some kind of thingamy. We don't want to have our tire punctured just as we get to scorching on the matrimonial tandem. What I want you to tell me is what is my relationship to my brother, my uncle, my stepfathers, my half sisters, my mother, my half brother, my stepmother and myself, and if I can marry her without—why, what's the matter?"

The "Answers to Correspondents" editor had become unconscious.—San Francisco Examiner.

—THE—
LONDON MUTUAL
—IS—
Canada's Popular Company.

The amount of insurance in force with the three big Mutual Companies, at end of 1896, was as follows:

LONDON MUTUAL	$50,757,036
Waterloo Mutual	25,920,721
Gore Mutual	13,255,821

YOU MIGHT AS WELL BE IN THE BEST.

PETERBOROUGH, 10th March, 1896.

Messrs. Cox & Davis, Peterborough:

GENTLEMEN,—I thought I would drop you a note and let you know that the way Mr. McInnes, Inspector of the London Mutual, settled my loss was very satisfactory, and if I can send you any one to insure I will do so.

Yours truly, (Signed) PATRICK MURPHY.

PETERBOROUGH, 22nd Oct., 1896.

Messrs. Cox & Davis, Peterborough:

DEAR SIRS,—I am deeply indebted to you and your Company for the quick and good settlement of my loss on household furniture, etc., which happened night before last, and for the payment of same by cheque this day.

Yours truly, (Signed) MRS. ANNIE MARSHALL.

Mr. Richard Anglesy, of Smith, who had his barn and contents burned, says that Mr. McInnes, Inspector London Mutual, acted like a man that wanted to do the square thing between man and man, and settled his loss right.

COX & DAVIS, Agents.

When we read of an elephant hunter who has been trampled to death in the wilds of India, we wonder at the foolhardiness of a man who will travel round the world and endure all manner of hardships, in order to court death in a far away jungle. A man does not have to make a journey to India in order to court death in a manner equally foolhardy.

Thousands of hard working men are daily courting death in a much more certain form, without ever leaving their native villages or cities. They are the men who neglect their health. They are the men who court death from consumption, or some other deadly disease due to improper or insufficient nourishment. The man who suffers from bilious or nervous disorders, who has a weak stomach and an impaired digestion, who has lost the power to eat, rest or sleep, and who fails to take prompt steps to remedy these conditions, is courting death in the guise of some fatal malady. Dr. Pierce's Golden Medical Discovery cures 98 per cent. of all cases of bronchial, throat and laryngial affections that lead up to consumption. It soothes the cough, facilitates expectoration and restores the lost appetite. It corrects all disorders of the digestion, makes the assimilation of the life-giving elements of the food perfect. It invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder, nerve tonic and restorative. It is the best of all known medicines for nervous disorders. Dealers sell it and have nothing else "just as good."

"I had a bad cough and got so low with it that I could not sit up," writes Mrs. Mittie Gray, of New London, Union Co., Ark. "Our family physician told my husband that I had consumption. I had pains through my chest and spit up blood. I took your 'Golden Medical Discovery' and it cured me. It saved my life."

A WILD WOMAN.

BY CHARLES D. LEWIS.

Off what is known as Northwest cape, on the eastern side of Australia, are a group of seven islands. The outermost one, which is 70 miles from the mainland, is called Lighthouse island, although there has never been a lighthouse erected there.

It is an island two miles long and almost as broad, the foundation of coral, and is entirely covered with trees and bushes

Whaling vessels bound up the Java coast often call there for wood and water, and in the year 1840 a British ship was wrecked there and 28 men lived on the island for ten months before being taken off.

In the year 1879 I was one of the boat steerers in the lucky old whaleship Lily Smith of New Bedford, and after a cruise of 14 months without a man stepping foot ashore we were bearing up for Lighthouse island to renew our wood and water and feel the earth under our feet once more. We reached a point within about four miles of the island just at sundown one night when the wind failed us, and after the ship had drifted in for another mile on the tide we came to anchor in seven fathoms and made all snug. As the weather was fine only an anchor watch was kept, and all went well until about midnight. Then some one was discovered paddling around the ship on a small raft, and an alarm was raised that turned out all hands. Some of the men insisted that it was a negro, but with their nightglasses to aid them the officers were quite as certain that it was a woman in a half nude state. They said she had long hair, narrow shoulders and handled her paddle with a certain awkwardness never seen in a man. In a general way we knew that the island was not inhabited, though probably visited at intervals by natives from the other islands and by shell gatherers and fishermen. The person on the raft may have been sent out to spy on us previous to an attack, or may have been some lone individual impelled solely by curiosity. Whoever it was he disappeared as soon as an alarm was raised, and we heard nothing more during the night.

Next morning, as soon as breakfast had been served, 20 of us went ashore with the guns and water casks, and, for fear we might meet with adventure, four of the men were armed with muskets. As we landed on the sandy beach of a little cove we saw a small and queerly constructed raft pulled up on the sands, and leading away from it were the tracks of human feet. It needed but a glance to show that they were the footprints of a woman, and as we noticed the construction of the raft the dullest sailor could figure that no man ever put it together. We felt certain that there was a woman on the island, and as she had pulled off to the ship alone it might be inferred that she was solitary and alone amid the trees. There was a well defined path leading from the beach into the woods, and as we were in search of water a part of us took this path while the others began felling trees. At about 20 rods from the beach we came upon a fine spring from which we could fill our casks, and for several hours, or until the captain came ashore, no one penetrated farther. After dinner, being satisfied that the woman was alone on the island, and her failure to come near us being proof that she was not in her right mind or was some native female who feared us, six men were detailed to go in search of her. A few rods from the spring, where the forest was more open, we came upon a rude hut with a smoldering fire at the door. The hut was made of sticks, stones, shells and mud. The sticks had been broken off by hand, and the shelter was a fairly good one against any sort of weather. In the interior we found a bed of dry grass, shells which were used for cooking utensils, and what might be called the remains of a lady's hat, dress, cloak and a pair of shoes. All these things were old and ragged and ready to fall to pieces, but they proved beyond a doubt that the woman was a white woman. We argued that they further proved that she had reached the island from some wreck. If the loneliness of her situation and the hardships to which she had been exposed had not affected her mind, she would have appeared before us as soon as we had landed. We began our search for her by calling aloud, telling who we were and asking her to come forward, but there was no response. We then separated a distance of a few feet and swept across the island. We found many places where she had broken off branches and gathered wild fruit, and on the other beach we found her tracks in the sand, but nothing could be seen of the woman herself.

As our stay at the island would be for three or four days, the captain ordered that bedding and provisions be placed in the abandoned hut for use of the woman, and that we should make no further hunt for her. A letter was written and placed with the things, giving her the name of the ship and saying we were friends, and then we went about our own work. At night we all went on board ship, and next morning it was ascertained that the woman had spent the night in her hut. She had made a bed of the blankets and eaten of the provisions, but she had torn the letter into five pieces and that probably without reading it. We were satisfied, however, as she must reason that we meant her no harm, and we hoped to get sight of her by the time we were ready to depart. We heard nothing of her on the second day, nor the next, but she occupied her hut again and ate heartily of the provisions. We left other letters for her, but she tore each up. On the fourth day, as we had quite finished, it was determined to run the woman down and discover who she was. To make a speedy and thorough job of this everybody but the cook was landed—some 45 men in all. We stretched out across the head of the island in skirmish line and then swept down its length and back again, and it was on the return that we started her out of a thick bush. We could not get a fair sight of her under the trees, but we made out that she had on a sort of jacket of sailcloth and was bareheaded and barefooted. Upon being driven out of her cover she ran like a deer and was soon out of sight. We had spent about an hour in looking for her trail when the lone man left aboard the ship fired muskets and rang the bell and caused us to hasten down to the beach. Once clear of the trees we easily discovered what had happened. The wild woman had flanked us and reached the beach and put off in one of our whaleboats. She was already half a mile away, using an oar for a paddle, and as soon as she saw us in pursuit she redoubled her exertions. A boat was manned and sent off in pursuit, and a curious chase it was. We easily overhauled the woman, but as we did so she sprang overboard and swam away, and by diving and dodging she evaded us for a quarter of an hour. What may be set down as a singular circumstance was that the waters about the island simply swarmed with sharks, and at times there were a dozen about her and yet none of the monsters seemed inclined to do her harm.

Nobody could make out just what sort of a woman it was until one of the men finally caught her by the hair and pulled her into the boat. She fought him with savage ferocity, biting one of his fingers to the bone, and we had to tie her hand and foot to keep her. She appeared to be a woman of about 40, and though her face was roughened and browned by exposure we felt sure that she was English or American. She had made her a pea jacket from a piece of sail cloth, using a thorn for a needle and grass for thread, but had been without shoes until her feet were in bad condition. During the chase she had not uttered a work, but when hauled into the boat she cried out in good English, "I will fight for my life—I will never go away!" We took her aboard the ship, and the captain talked to her in a gentle way and tried to satisfy her that we were friends. When she grew quiet, he cast off her bonds, but as soon as she was free she attacked him so fiercely that he had to call for help. She was then locked in a stateroom, her things in the hut sent for, and we sailed away on our cruise. There was not an hour during the next two weeks in which the captain did not wish he had left the woman on her island. For three days she refused food and water. When compelled by hunger and thirst, she partook sparingly and was sulky and obstinate. Now and then her moods were savage, and sometimes at night she would scream out like a wild beast. As we did not intend to make port for several months the idea was to transfer her to some other craft. We spoke half a dozen in succession, but not one of them would receive her. From one, however, where the captain had his wife aboard, an outfit was procured, and no sooner was it handed over to the woman than a great change took place in her. She quieted down, dressed herself from head to heel and spent a whole day in brushing and combing her hair. One morning she electrified the steward by saying she would eat breakfast in the cabin, and when she walked out nobody could credit the change. She was now a fairly good looking woman, mild eyed and shy, and her voice was low and gentle. As she entered the cabin she looked about her in a wondering way and queried of the captain:

"Sir, will you please tell me how I came aboard of this ship and what has become of my own wardrobe?"

When it was explained to her that she had been taken from Lighthouse island, where she had been living for months or years, her astonishment was beyond utterance. She had woke up that morning to find herself in a strange berth. She had no recollection of the island or her capture. She had found the musty garments we brought from the hut, and had an indistinct recollection that they had once been worn by her, but the past had gone from her memory as if there had been no past. There have been other cases like it, and they have been written of at length, and so there is nothing singular in that part of my story. As a matter of fact the woman could not tell her own name—could not tell whether she was married or single, where she hailed from or how she came to be on the island. She dated life from the hour she woke up and heard the steward knocking on her door. The captain first set to work to judge how long she had been on the island and finally set the time as a year and a half. In a scrapbook he had pasted up numerous accounts of wrecks and disasters, and among them was the loss of the English bark Fordham, which had been lost with all hands on a voyage from the Cape to India. She had put in at the Mauritius to repair damages, and soon after leaving a fierce gale had swept the seas for several days. It was taken for granted that she had been lost in this gale. It was figured by the captain that the Fordham had run off before the gale to the westward, and that she was within a few miles of Lighthouse island when she went down. The account said there were six passengers aboard, and this woman must have been one of them, and she must have been driven to the island while clinging to a piece of wreckage. She could give no light on the matter. She simply remembered nothing. It was a pitiful case and excited every man's sympathy, and none of us, so far as I know, ever knew the ending of it. A week after she came to herself we sent her to England on board a steamer, and as she was penniless every man of our crew contributed to a purse amounting to $150, and she left us with a handshake and a "God bless you" all around. I heard of her but once more. That was six months after she had reached England and she had not yet recovered her memory or been identified.

If your children are well but not robust, they need Scott's Emulsion of Cod-liver Oil.

We are constantly in receipt of reports from parents who give their children the emulsion every fall for a month or two. It keeps them well and strong all winter. It prevents their taking cold.

Your doctor will confirm this.

The oil combined with the hypophosphites is a splendid food tonic.

50c. and $1.00, all druggists.

SCOTT & BOWNE, Chemists, Toronto.

Get rid of that Rheumatism.

Perhaps you've been looking for something that would rid you of those rheumatic pains and aches; Burdock Blood Bitters will do it—goes about it in the right way—purifies the blood stream of the poisonous uric acid which is the cause of all your trouble, builds up your health and strength. Nothing so thorough going, yet so perfectly harmless as

BURDOCK BLOOD BITTERS

Mr. Geo. Hunter, Justice of the Peace, Cumberland County, N. S., writes: "A year ago I had rheumatism so bad I could not raise my right hand above my head. I had indigestion at the same time. Two bottles of B.B.B. cured me and for the past year I have not been troubled with either of the above complaints."

Deafness.

Loss of Taste and Smell.

"It gives me much pleasure to testify to the excellent effects of Dr. Chase's Catarrh Cure. It has completely cured me of Catarrh in the head."

JAS. STUART, Woodville, Ont.

PROF. HEYS, of the Ontario School of Chemistry and Pharmacy, says: "I have made an examination of Dr. A. W. Chase's Catarrh Cure for Cocaine or any of its compounds from samples purchased in the open market and find none present."

Price 25 Cts.

Complete with Blower.

At all dealers, or Edmanson, Bates & Co., Toronto, Ont.

BY THE MARSHES.

In budding green the willows bend,
The rushes patient stand,
From east to west the cloud flecks trend
At will of breezes bland,
And dark against the sunlit sky
The golden plover fly.

Beyond a mist spreads filmy cloak
O'er amber waters lone,
And puffs of distant scattered smoke
Above the reeds are blown,
And, zigzag traced, from left to right,
Darts by a jacksnipe's flight.

Here bask the shy and wary teal
Beside the pool's dim edge;
Here water hens all noiseless steal
Among the waving sedge,
And bitterns in the inmost brake
Stand solitary, like a stake.

Wide stretches steeped in sylvan calm
Beleaguered by the sun;
Winds, southwest winds, with touch like balm,
Green grasses and rushes dun,
And, wheeling through the faroff sky,
The golden plover fly.

—Ernest McGaffey in Woman's Home Companion.

If you wish to be well

You must fortify your system against the attacks of disease. Your blood must be kept pure, stomach and kidney organs in order, your appetite good. Hood's Sarsaparilla is the medicine to build you up, purify and enrichen your blood and give you strength. It creates an gives digestive power.

Hood's Pills are the favorite family cathartic easy to take, easy to operate.

Piles! Piles! Itchin Piles.

Symptoms—Moisture intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumour. All druggists or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia. Lyman Sons & Co Montreal wholesale agents

THE TROUBLESOME DUST.

Why the Scientist Appreciates It More Than the Housewife.

The bane of the ideal housekeeper's life is dust, and yet this seemingly insignificant, exasperating dust has been a study of scientists for a century. "When a beam of sunlight enters a darkened room, it can be seen along its whole course," says one writer. "The light is reflected to every side and made to reach the eye by the dust in the air of the room. We do not see the sunbeam, but the dust which is illumined by it. As unimportant as this curious stuff seems, it plays a conspicuous part in nature. It is what makes the sky appear blue, and when we look at the sky we see the dust illuminated by the sun. Light goes through all the gases—the dust catches it, reflects it in every direction, and so causes the whole atmosphere to appear clear, in the same way that it makes the sunbeam visible in the dark room.

"Without this strange, wonderful dust there would be no blue sky. It would be as dark or darker than on moonless nights. The glowing disk of the sun would stand immediately against the black background, thus producing blinding light where the sun's rays fall and deep black shadows where they do not. It is to dust that we owe the moderately tempered daylight adapted to our eyes, and it is dust that contributes to the beauty of the scenery. The finest dust gives the blue tone to the sky, while the coarser kind produces an almost black appearance.

"The clouds consist of dust and vapor. If there be only a little dust, all the vapor is precipitated upon it, and so loads the clouds with water that they sink in heavy drops to the ground. Without dust the vapor would penetrate houses, making everything mold with damp. We should feel upon going out that our clothes were becoming saturated and umbrellas would be a useless protection. It is hard, indeed, to conceive how different everything would be if there were no dust. This trivial common stuff has its considerable part in the processes of nature, and there is much of the wonderful and mysterious concealed in its filmy particles."—Detroit Free Press.

"OLD COMPARISON."

An Eccentric Westerner Who Has Gained the Sobriquet.

The people around the little mountain town, says the Yakima (Wash.) Herald, called him "Old Comparison," and I knew in a general way why the sobriquet had been given him, but I did not, during my month's stay, have an opportunity to test it, though I had a speaking acquaintance with him. One day I was passing his house and he was sitting on the steps of the little vine clad porch in front.

"Good morning," I said. "It's a lovely day."

"Finer'n silk," he responded.

"How are you this morning?"

"Friskier'n a colt."

"How's your wife?"

"Peaster'n a pullet."

"The weather is very hot and dry for this season, don't you think?"

"Hotter'n a run horse and drier'n a clean shirt."

"I suppose you went to the wedding last night in the meeting house? A pretty bride, I thought."

"Purtier'n a speckled dog."

"The young man is very rich, I hear."

"Richer'n fertiliser a foot thick."

"By the way, are you willing to sell me those saw logs Brown couldn't take off your hands?"

"Williner'n a girl to get spliced."

"When can I see them?"

"Quicker'n a lamb can shake his tail."

And the old man grabbed his hat and stick and led the way to the river, offering no remark, but answering all questions as usual.

Two Not Always Company.

People who are shut off from continual contact with their kind are apt to grow splenetic. Army officers who have lived for long periods at one company post on the frontier and the wives of these army officers may know something about the difficulties of small groups of human beings living together and loving one another.

Keepers of lighthouses do not always get along together, and if there are two lighthouse keepers and two lighthouse keepers' wives the result is generally a monkey and a parrot time.

Light housekeeping in lighthouses by lighthouse keepers' wives often leads to heavy work with rolling pins.

Even husbands and wives have been known to quarrel on the honeymoon tour, not because they did not love one another, but because, being in foreign countries, they were cut off from their kind and were forced to rely entirely on one another's society. It is one of the weaknesses of human nature. Man is gregarious. When a few individuals are isolated, they nearly always quarrel.—Exchange.

APPALLING DEATH

From Kidney Disease Prevented by Dodd's Kidney Pills, Only.

"Kidney Disease." Do you know what it means? It means that the kidneys are either *rotten*, or rotting; the blood is full of poisonous, death dealing corruption; that the Kidneys can't do their work; that the victim is a walking charnel-house; that his hours are numbered; that the victim MUST take Dodd's Kidney Pills if he does not want to die.

Have you Kidney Disease? Is your skin hot and dry; memory failing; breath short; urine, reddish, or pale colored; does it scald when passing; is your appetite changeable; do your ankles swell; have you bitter taste in the mouth on getting up mornings; is there a brick-dust deposit in your urine?

Any of these signs is proof positive of Kidney Disease. Will you be cured, or will you die? Dodd's Kidney Pills are the only means on earth that will cure you. They never fail.

HE SHOT AT THE KING.

Karditza Arrested for Attempted Regicide in Greece.

THE CRIME OF A CIVIC EMPLOYE.

He Expressed No Regret, and Said the Shots Would Have Killed King George But for His Accomplice's Unsteady Aim—Loyal to Comrades, He Won't Give Names.

Athens, March 1.—One of the men who attempted the life of the King of Greece on Saturday has been arrested. His name is Karditza, and he is a minor employe in the Mayor's office here. He refuses to give the name of his accomplice.

The municipal councils throughout the country are addressing messages of sympathy to the King, and thousands of congratulatory telegrams are arriving at the palace.

Karditza, who is 35 years of age, was formerly a non-commissioned officer in the army. He belongs to a class of doubtful repute, locally designated as the Koutzavantis.

The authorities obtained information that Karditza was hiding, and the place was surrounded by police. In the meanwhile, Karditza had proceeded to the public prosecutors' office, where he surrendered himself, declaring his innocence. Closely pressed, however, he confessed to being one of the King's assailants. He did not express any regret, and declared that if the gun had not trembled in the hands of his accomplice the King would infallibly have been killed. Karditza refused to furnish any further information. It is believed his head was turned by the abuse heaped daily upon the royal family by certain newspapers. According to the Astay, it was decided at a secret meeting of a certain club held outside the city to assassinate the King, this decision being arrived at when it became known that he had accepted the proposition for international financial control of the revenues, in view of the Greek war loan. This decision, it further appears, was recorded on the minutes of the club, a copy of which was sent to the King. Karditza's name was frequently mentioned therein, but the King paid no attention to the threat.

His Majesty also received many threatening letters from members of the club, who are of the lowest classes, accusing the King and the Ministry of being the instruments of foreign powers.

The police, it now appears, also found a dynamite bomb at the scene of the recent attempted assassination of the King.

A SARNIA WONDER.

W. Barton Got Health and Strength From Dodd's Kidney Pills.

Sarnia, Feb. 21.—The case of Mr. T. Johnston, of Osborne, excites wide-spread interest here, as Mr. Johnston is well-known here, and the published report of his case is known to be true.

But William Barton, of Sarnia, claims to have been a still worse case than Mr. Johnston. Mr. Barton was afflicted with Bladder trouble for many years.

Doctors and medicines utterly failed to relieve him. His sufferings were almost beyond human endurance.

At length he tried Dodd's Kidney Pills. As in scores of other cases in Sarnia, a cure followed in astonishingly short time. Six boxes were all he used. But they gave him perfect health and manly strength.

Hot Theme in London.

Montreal, March 1.—A Star special cable from London says: "The railway rate war is a burning theme in the city. Yesterday's discussion turned largely upon a Times Ottawa telegram, which alleges that the Grand Trunk admits having worked in conjunction with American lines to divert to the Western States British and European settlers intended for the Canadian Northwest. The Grand Trunk, under Mr. Hays, has done so much to re-establish itself in public opinion here, that this allegation must act most prejudicially. England is just now in too keenly an Imperialistic mood to appreciate an anti-British policy on the part of the line built by British capital. The friends of the Grand Trunk here deny the allegation, and say that Mr. Hays will certainly be able to contradict it."

Victim of a Perjurer, He Says.

Quebec, March 1.—The prisoner Malenfant, who was recently sentenced to five years in the penitentiary for forgery, was found late last night by a guard lying unconscious on the floor of his cell at the jail. He was taken to the hospital, and in the morning recovered consciousness. In his cell was found a letter to his wife, in which Malenfant stated that he was the victim of a perjurer, and was about to serve a sentence for a crime of which he was innocent, and he had become tired of life. The evidence points to an attempt at suicide.

Child Died From Burning.

Toronto, March 1.—Stanley Saunders, three years old, and only child of Mr. and Mrs. David Saunders, 479½ Yonge street, was burned to death yesterday. At about 8 o'clock in the morning the child set fire to his clothing and was terribly burned before the garments could be taken off. He was removed to the Sick Children's Hospital, where he lingered in agony until death ended his sufferings shortly after noon.

The Baby Boy Covered with Eczema and Cured by Dr. Chase.

Mrs. Jas. Brown of Molesworth, Ont., tell how her boy (eight month old) was cured of torturing Eczema. Mothers whose children are affected can write her regarding the great cure, Dr. Chase's Ointment. Her child was affected from birth and three boxes of Dr. Chase's Ointment cured him.

Milburn's Sterling Headache Powders are easy to take, harmless in action and sure to cure any headache in from 5 to 20 minutes.

Mrs. T. S. Hawkins, Chattanooga, Tenn. says: "Shiloh's Vitalizer saved my life. I consider it the best remedy for a debilitated system I ever used." For Dyspepsia, Liver and Kidney trouble it excels. Price 75 cts.

Lincoln and Jeff Davis.

Malcolm Townsend has pointed out coincidences of events in the lives of Lincoln and Jeff Davis. Both were born in Kentucky—Lincoln in 1809, Davis in 1808. Both removed from their native state in childhood, Davis going to the southwest, Lincoln to the northwest. In the Black Hawk war Davis was a second lieutenant of regulars, Lincoln a captain of volunteers. Both began their political career at the same period, 1844, Davis being a presidential elector for Henry Clay. Both were elected to congress at about the same time, Davis in 1845, Lincoln in 1846. Lastly, in the same year and almost the same day, they were called on to preside over the destinies of their respective governments, Davis as president of the Confederate states, Feb. 8, 1861, and Lincoln as president of the United States, March 4, 1861.—New York Press.

His English.

"Well, you have a fine shop here," said the customer as he settled himself down to be shaved.

"Yah!" said the barber.

"But I don't think much of the outside."

"No; dot is not in it," said the barber.

"That's a good one," said the customer, laughing.

The barber flushed.

"Vat for you laugh at me?" he cried in anger. "You t'ink I understand not English?"—New York Sun.

Reforming.

"Your money or your life!" shouted the footpad.

"I have no money," said the victim, "and my life will be of no use to you."

"I don't know about that," replied the footpad. "I have been thinking for some time of trying a new life."—Philadelphia North American.

A Spur to Pride.

"It does a man good to be rejected by a girl."

"Why?"

"It makes him pitch in and marry a more attractive girl."—Chicago Record.

The omnibuses of one London company covered just about 20,000,000 miles in the course of a year, the distance sufficient to take them nearly three times around the world every day.

Amethyst quartz varies in color from very light blue to very dark yellow, then green, then transparent. Its coloring is due to manganese.

A vegetable remedy for diseases arising from Disordered Liver, Stomach or Bowels, such as Headache, Biliousness, Constipation, Coated Tongue, Bad Breath, Feeling of Languor, Distress after Eating, etc.

Mrs. Clara Howe, Moncton, N.B., says: "I used Laxa-Liver Pills for Headaches and Liver Trouble, and they not only relieved me but cured me. They do not gripe or sicken and are easy to take."

Duck Eggs in an Albumen Factory.

Near Chingkiang, China, is a great albumen factory for the utilization of the duck eggs which are produced in that region in enormous quantities, flocks of 4,000 and 5,000 ducks being by no means uncommon. The eggs are broken at the rate of from 40,000 to 60,000 per day by women, who separate the white from the yolk, the former being carefully cleaned and dried until they resemble fish glue, when they are packed in 400 pound cases lined with zinc. The yolks are passed through sieves into 35 gallon receptacles, mixed with a salt and borax solution, packed in 500 pound barrels and used in Europe for preparing and dressing articles of superior quality. The albumen finds a ready market in England, France and Germany for dyes for the best cotton goods.—Philadelphia Press.

For Appearance's Sake.

She—Give you a latch key? Never!

He—But, wifey, just think how the fellows will make fun of me and abuse you.

She (reflecting)—Yes, that's so. Well, you can have this room key, and then you can tell them you took it by mistake for the house key.—Fliegende Blatter.

Philadelphia Joke.

Passenger—Let me off at Minute street.

Conductor—There ain't no such street to my knowledge.

Passenger—Oh, well, Sixty-second street will do.—Philadelphia Record.

Queer Heart Feeling.

Queer feelings in the heart are daily complained of by multitudes of people—don't know the cause, but it makes them nervous irritable and unfit for either work or pleasure. Mr. B. A. Ross, Alisa Craig, Ont., explains it. He says: "It came from la grip. I was irritable, worried, dizzy, short of breath and such a queer feeling in my heart that I thought I would give up the ghost. Milburn's Heart and Nerve Pills changed all this, and I am free to-day from all these troubles."

Dr. Low's Pleasant Worm Syrup removes worms of all kinds from children or adults.

A TALK ON TEA, YES,

EVERYBODY READ IT.

A lady from a village near Peterborough called on us last week and said that she wanted to get some of that fine tea that she had seen advertised in the "DAILY EXAMINER" and sold at the People's Prize Tea Store, 293 George street. After critically examining the tea she made a purchase of a quantity and promised to send her friends to buy from us, as she said our tea was clean, beautiful and bright—no dust, no mixing or doctoring—the grades are the very best. Another lady in town says that her mother will not have tea from any other store than ours. She buys the very best Ceylon Tea which cannot be excelled in strength and purity. Another gentleman says what on earth do you do with the large quantity of teas that I see at your establishment. Some of the large chests of Ceylons must be valuable and come up to money; yes, they do but the people seem buy them up. You have a large stock of Canned Goods which would be a credit to any store in town; yes we have, and we are selling 3 for 25c. A prominent party in town offered to take the lot and give us a cheque for the amount, but we promised to give the working people the benefit of this bargain and we are doing it. We have a fine assorted stock of choice Groceries, Teas, Sugars, Spices, Canned Goods, Butter, Lard, and our own raising of Pickled, smoked, Salted Hams and Bacon, completely eclipsing anything on the market. We do not destroy the meat with salt or saltpetre, but cure them on the very best methods which are a secret to ourselves. Our own home made Pickles at 10c per bottle, our own Jams, Jellies—pure articles and as prices to suit all. Come to the best, get the best, and save your money by buying at the PEOPLE'S GROCERY, 293 George Street.

JAMES SUTHERLAND.

THE GOVERNMENT SUSTAINED AGAIN.

General Election Gives It a Small Majority.

MARTER'S MAJORITY BELOW 20.

Two Members of Mr. Hardy's Cabinet Defeated—Magnificent Fight Made in the Torontos—Notable Conservative Losses—Some Constituencies Still a Little Doubtful—The Latest Returns.

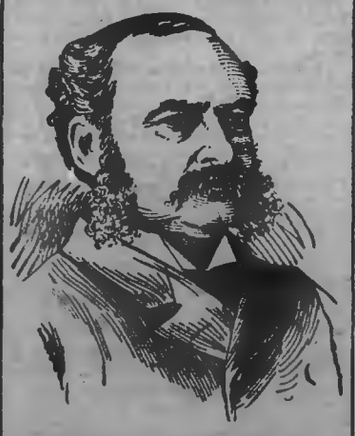
Toronto, March 2.—The Hardy Government was sustained in the general election yesterday, but with a decreased majority.

In the election of 1894 50 Liberals were elected. The number has been reduced to 47.

In 1894 only 27 Conservatives were elected; this time 44 members will constitute the Opposition.

Four years ago 17 independents were elected. Yesterday but one independent and one Patron were elected.

It will be seen from this that the Conservative party was strengthened at the expense of the independents rather than at the expense of the



PREMIER OF THE PROVINCE.

Liberals. The election has had a settling effect upon the politics of the province, and in the settling process the independents have practically disappeared, and the people are lined up once more on a straight party basis.

The Liberals yesterday lost 15 seats and gained 12. Two Ministers are among the slain, Lieut.-Col. Gibson, late Commissioner of Crown Lands, and Hon. John Dryden, late Minister of Agriculture, falling victims to the over-confidence of their friends. Next to the defeat of the Ministers one of the surprises of the day was the return of Col. Leys in London by over 800 majority. All kinds of money will be lost by the betting men of that town, and also by betting men in other towns, who were emboldened by the confidence of the Conservatives of a victory there and bet accordingly. Two to one were the usual odds.

The Contest in Toronto.

Next in interest was probably the contest in North Toronto, and here the Liberals have the poor satisfaction of reflecting that defeat might easily have been turned into victory by a little more work. A dozen or more Liberal votes were lost because there were no conveyances to send down town for those voters at the last minute. However, a dozen or more tendered ballots have yet to be acted upon, and a re-count may yet send Mr. Marter to console with St. John and Willoughby. At any rate, Dr. Dewart achieved an enviable moral victory when he reduced Mr. Marter's majority of 305 of four years ago to a paltry 17. In South Toronto Mr. Rogers was also defeated, but not disgraced, he having the proud satisfaction of reducing a majority of 2,077 to 277. The mere contrast of these two totals tells more eloquently than words can tell of the gallant fight of Mr. Rogers.

A Bunch of Successes.

Oxford is in line, as usual, and the result at Ottawa was satisfactory, the two Liberal candidates winning out, although one has a small majority. Mr. Stratton's majority of 1,000 in West Peterboro was a magnificent one, but not more than he deserved. In West Huron Mr. Garrow's opponent, Mr. Beck, is reported to have a majority of 1, and this may possibly be wiped out on the re-count. It is regrettable that Mr. Pirie was not elected in North Wentworth. Mr. Pirie would have made a promising member, and his friends all over the country would like to have seen him elected. General regret will also be expressed at the defeat of Mr. Cleland in North Grey, and of Mr. Chapple in North Ontario.

The Patrons' Bad Fare.

The Patrons fared badly, Mr. Haycock, their leader, falling in Frontenac, and Mr. Currie, the Secretary of the organization, meeting defeat in West Simcoe. Conservatives were the opponents of each of these gentlemen. The only member of the order elected was Mr. Tucker in West Wellington.

Mr. St. John was defeated, and Mr. Willoughby, another member of the Whitney Government that was to have been, is now at liberty to resume the practise of medicine in East Northumberland. Mr. Marter also is sitting on the ragged edge of uncertainty, and Lieutenant-Col. Kerns, who for twenty years has represented Halton, gives way to Mr. Barber, the well-known Georgetown paper manufacturer. Mr. Barber's victory is one of the most brilliant of the whole contest. Mr. Magwood and Dr. Meacham, both of them Conservatives of prominence, went down in North Perth and Lennox respectively, while the defeat of the two Conservative-P.P.A. candidates in East and West Lambton renders the Liberal achievement in those ridings one of the notable features of the campaign. The Liberals will probably make another gain in Muskoka, but while Dr. Bridgland, the Liberal, is reported leading, owing to the scattered nature of the riding the result is necessarily uncertain.

A Reduction in Majorities.

The Conservative majorities in Toronto in 1894 totalled 6,059. Yesterday they totalled 2,719, and only in one riding, East Toronto, did it reach the proportions of four years ago. In North and South Toronto the majorities practically disappeared, and in West Toronto was cut down by half.

The only constituency included in the list credited to the Liberals regarding which there is any doubt is West Elgin, while of those credited to the Conservatives the doubtful ones are East Elgin, West Huron and Nipissing, an unconfirmed rumor coming over the wire last night to the effect that Mr. Loughrin had been returned.

It should be added that the vacant seat, Russell, gave a Liberal majority of about 300 last election, and may be reasonably expected to again support the Government.

THE RETURNS.

A Prince Wants a Divorce.

Vienna, March 2.—Prince Phillip of Saxe-Coburg-Gotha has taken the preliminary steps to obtain a divorce from his wife, the Princess Louise of Belgium, eldest daughter of King Leopold. The case will be heard after the marriage of their daughter, who is affianced to the younger brother of the Empress.

Prince Phillip fought a duel on Feb. 18, with Lieutenant Matachich Kegievitch under stringent conditions, first with pistols and then with swords. The Prince was severely wounded in the right arm. The cause of the duel dates from a year back, when the love affairs of the Princess Louise, who eloped with the Lieutenant, were the talk of Vienna.

March April May

The months for renewing and healing in the physical world.

The months for new life, new energy, new blood in men and women.

The months when our need of help from medicine is greater than at any other time of year.

The months when Hood's Sarsaparilla will do us the most good because we are all now especially susceptible to benefit from this medicine.

The months when Hood's Sarsaparilla is taken by the millions because they have found that it is the medicine which does them good.

The months when you should take Hood's Sarsaparilla, because it will purify, vitalize and enrich your blood, and put you in good condition to resist the debilitating effects of changeable, warmer weather. Try it now.

Satisfied with Hood's.

"For several years I have taken two or three bottles of Hood's Sarsaparilla every spring for eradicating the humors in the blood and for building up the system generally. My experience with Hood's Sarsaparilla has been very satisfactory." GEO. FRANK, care of D. M. Ferry & Co., Detroit, Mich.

Great Blood Purifier.

"Hood's Sarsaparilla is our family physician and I believe it needs no recommendation. Wherever it has once been used there can be no substitute for it, as a blood purifier." MRS C. A. ELLIOTT, Grinnell, Iowa.

Builds Up the System.

"I have taken Hood's Sarsaparilla for weakness with which I was a sufferer in the spring, and I have found it the best medicine to create an appetite and build up the strength that I have ever taken, and I recommend it highly." J. F. WARD, Labelle, Ohio.

Keeps the Stomach in Order.

"I keep Hood's Sarsaparilla in the house all the time and regard it as the best spring medicine I can find. It has proved beneficial in keeping my stomach in order, and since I began taking it I can eat anything I wish." H. STONE, Sherborn, Mass.

Hood's Sarsaparilla

Is sold by all druggists. Price $1; six for $5. Prepared only by C. I. Hood & Co., Lowell, Mass. The Best Spring Medicine.

Daily Examiner.

WEDNESDAY, MARCH 2, 1898.

THE BRITISH FLAG.

What Its Hoisting at Summit Lake, Alaska, Means.

THE ARMY ESTIMATES ADOPTED.

Questions in the Commons—Russia's Policy in China—Mr. Curzon's Statement Regarding Free Ports Guaranteed by Treaty—The Anglo-German Loan Signed—Cable News.

London, March 2.—Colonial Office officials say that Summit Lake, 19 miles from Skaguay, Alaska, cannot be claimed as within the United States boundary, inasmuch as it is a part of the disputed territory, in regard to which negotiations have just been opened with the Government at Washington.

Neither the Foreign Office nor Colonial Office is officially aware of the hoisting of the British flag at Summit Lake, which is alleged in newspaper reports to have taken place. The Colonial Office authorities suggest that the flag was possibly raised with the cognizance of Canada, with the object of marking Great Britain's claim, and not with any idea of violating the territory of the United States.

Army Estimates Adopted.

London, March 2.—The House of Commons, without a division, has adopted the army estimates covering the increase asked for by the Government.

In the House of Commons yesterday the Parliamentary Secretary of the Foreign Office, Mr. George N. Curzon, answering a question put by Sir Willis Ashmead Bartlett, Conservative member for the Eccleshall division of Sheffield, as to whether Russia has occupied Deer Island, said Russia was believed to be negotiating with Corea for a coal depot at Deer Island, where Japan already had a similar site. Mr. Curzon said nothing had been officially heard of Russian occupation of the island.

Referring to Port Arthur, Mr. Curzon said no forts existed there now, and he added that the Government was not aware that any Russian land forts were at that place.

Chinese Question Again.

Sir Edward Ashmead Bartlett, having brought up the Chinese question and the advance of Russia, Mr. Curzon, after some debate, said that British interests in China were "paramount, but not exclusive." The British nation, he continued, would not be justified in regarding legitimate competitors with jealousy, but ought rather to use all efforts to keep, in an age of competition, what was won in an age of monopoly. They could foresee that China would be confronted by greater dangers in the future than she had been in the past. Great Britain's policy was to prevent the disruption and to oppose the alienation of Chinese territory, and it was not likely that Great Britain would regard with satisfaction the attempts of others in that direction.

Mr. Curzon reviewed the loan negotiations, pointing out the "generous and unselfish nature of the British terms," which, however, had not prevented suspicions being aroused that had prevented the granting of the loan. China, however, had assured Great Britain that she would not ask a loan of any other power, and to-day he (Mr. Curzon) had learned that the loan would be negotiated through a powerful bank.

Mr. Curson then recapitulated the valuable concessions, already cabled, which China had voluntarily offered. So far as Russia was concerned, her assurances was that the port she had secured as an outlet would be an open port, like a treaty port. Great Britain, he declared, had taken her stand upon the treaty of Tien-Tsin, which empowered her to oppose the imposition of special tariffs by other powers at Chinese ports, and the British Government would never consent to an abandonment or curtailment of treaty rights.

The matter was dropped and the House adjourned.

The West African Situation.

Paris, March 2.—The Minister for Foreign Affairs, in the Chamber of Deputies yesterday, said the Government must maintain reserve on the whole West African affair, subject to the negotiations between France and Great Britain. He could say the negotiations were actively proceeding, and, although difficulties inherent to such negotiations had arisen, there was every hope that a desirable arrangement would be reached, in conformity with the interests of both countries.

The Other Culprit Arrested.

Athens, March 2.—The accomplice of Karditza, a Macedonian workman named Giorgii, has been arrested.

Karditza and Giorgii on Saturday last attempted to assassinate King George.

Giorgii Has Confessed.

Athens, March 2.—Giorgii has made a confession. He declares that he acted at the instigation of Karditza, the latter representing that to kill the King would be an act of great courage and glorify them both. Giorgii's courage oozed out at the last moment and he was unable to hit the horses, upon which everything depended.

Sixteen Frenchmen Lost.

Adelaide, South Australia, March 2.—The French barque President Felix Faure, Captain Fouquet, from Barry on Nov. 15 for Port Pirie, has arrived here, and reports that during a gale on Feb. 2 her second mate and 15 sailors were swept overboard.

Anyone Matters find Dr. Low's worm syrup the best medicine to expel worms. Children like it—worms don't.

WOOD'S PHOSPHODINE.
The Great English Remedy.

One will please, six will cure. Pamphlets free to any address.

The Wood Company,
Windsor, Ont., Canada.

For sale in Peterborough by JOHN [illegible], Druggist.

THE MAINE DISASTER.

Constant Rumors of Possible Hostilities Are Harrassing and Weakening the Government.

Madrid, March 2.—Greater anxiety is visible here, in regard to the verdict of the United States naval court of enquiry into the loss of the battleship Maine, than was apparent a week ago. The constant rumors of possible hostilities are harassing and weakening the Government, and they are also trying the patience of the public. The "Jingo" papers publish exhaustive despatches from New York and Washington to the effect that the relations between the United States and Spain are hourly becoming more strained, and attributing to President McKinley a series of anti-Spanish declarations.

Admiral Bermajo, the Minister of Marine, is actively seeking the best means to procure additional warships.

Maine Explosion the First Battle.

New York, March 2.—A despatch to the Herald from Paris says: "To really grasp the situation, the explosion of the Maine must be regarded as the first battle between Spain and the United States. As for us, we can only see it in the last stage of the advance of the Cubans toward independence. The catastrophe has caused the death of 254 unfortunate sailors, but it has also saved the lives of millions of combatants, for it ensures the final triumph of the insurrection before many weeks."

Gomez Will Work by Land.

New York, March 2.—The following telegram from Tampa, Fla., is in the World: "On the day that the white squadron opens fire on Havana, Maximo Gomez will begin an attack by land. He will keep on fighting until Havana surrenders or nothing is left of it but a heap of ruins."

The Court of Enquiry.

Key West, March 2.—The court of inquiry yesterday examined four engineer officers and eight enlisted men of the Maine. Judge Advocate Marix said: "We have done good work and are clearing up here in good shape. Yes, we may get through to night."

St. Patrick's Day Truce Declined.

Montreal, March 2.—The American lines have refused to accept the truce to St. Patrick's Day, as suggested by the Canadian Pacific, and it now looks as if the war would go on to the bitter end. In the meantime there is a probability of the Intercolonial being obliged to cut its rates to Point Levis, as that road from to-day comes into competition with both the Canadian Pacific and Grand Trunk.

Anglo-German Loan Signed.

Pekin, March 2.—The Anglo-German loan contracts were signed yesterday. The interest was fixed at 4½ per cent., redeemable in 45 years. The contract price is 88. The final Kiao-Chou treaty is not yet signed.

Salisbury Is Recovering.

London, March 2.—The Marquis of Salisbury, who has been suffering from a slight attack of influenza, is now recovering.

Japan Said to Have Made a Purchase.

London, March 2.—The correspondent of the Daily Mail at Nagasaki, Japan, hears that Russia has purchased a portion of Deer Island from Corea.

IN FAVOUR OF DODD'S.

W. F. Hill, of Strathroy, Testifies for Dodd's Kidney Pills.

Strathroy, Feb. 28.—The evidence of W. F. Hill, Caradoc street, in the case of Dodd's vs. Disease is being heard, before the full court of the sovereign here.

Mr. Hill stated that, speaking from his own experience, he would say positively that no other medicine on earth, besides Dodd's Kidney Pills, would cure Kidney disease.

In reply to the judge's question, he said he had suffered intensely for several years. Doctors could not help him. Neither did any medicine but Dodd's Kidney Pills.

Three boxes of this wonderful remedy cured him completely.

The judge remarked that so far the evidence was overwhelmingly in favour of Dodd's Kidney Pills.

Caps or Crowns.

Whether the head wears a cap or a crown headache will come. Burdock Blood Bitters cures all forms of headache. It is a curative for rich or poor.

"I suffered with terrible violent headache but B.B.B. cured me before I had finished the fourth bottle."

Mrs. W. Macklin,
Cypress River, Man.

Karl's Clover Root.

The great Blood purifier, gives freshness and clearness to the Complexion and cures constipation, 25 cts., 50 cts., $1.00. Sold by Jno. Nugent, 269 George street.

Haggard's Yellow Oil cures sprains, bruises sores, wounds, cuts, frostbites, chilblains, stings of insects, burns, scalds, contusions, etc. Price 25 cents.

BRICK DWELLING FOR SALE
ON GILMOUR STREET.

SLOAN'S INDIAN TONIC

Cures Scrofula, Pimples, Ulcers, Abscesses, Boils, Blotches and all other disorders arising from impure blood.

TRADE MARK.

More Curative Power in Sloan's Indian Tonic than in all other Medicines Combined.

Michael Dillon, of Richmond Hill, writes:

My wife bought a bottle of SLOAN'S INDIAN TONIC from your agent when he was here. She has been in very bad health for several years and has been treated by three different doctors, and has taken a number of different patent medicines, but she thinks one bottle of your medicine has done her more good than all the other medicines she has ever taken, and she wants you to send her another bottle of your medicine.

Mrs. R. W. Wilson, of Fergus, says:—

Having used one bottle of your Tonic, I would like another, as I find they give great results. Would you kindly send one bottle of Sloan's Indian Tonic, for which you will find enclosed $1.00, and oblige.

Nelson Page, of Byng P. O., says:

We have used your Sloan's Indian Tonic, and found it of great benefit.

Price $1, or 6 for $5.00. All Dealers or Address

MUNYON

BURES BY MAIL

Thousands Have Been Cured Through Prof. Munyon's Free Medical Advice.

Munyon's Medical Institutions, 11 and 13 Albert street, Toronto, is the best one of its kind in the world. It employs a large staff of skilled specialists to diagnose the cases not only of people applying personally for the treatment, but those in all parts of the country who send in personal letters, asking the best methods of being cured of various diseases. Thousands of these letters are received every week, and a staff of from ten to fifteen doctors are daily employed in dictating replies through the medium of as many stenographers. These letters are received in the strictest confidence and promptly answered with the best medical advice obtainable. No effort will be spared to see that each case is thoroughly diagnosed and and the proper remedies to effect a cure are prescribed. For these services no fee is expected.

A separate cure for each disease. At all druggists, mostly 25c a vial.

Address Prof. Munyon, 11 and 13 Albert street, Toronto.

WHEAT BULLISH.

Advanced in American Centres, But Trade Light in Ontario Owing to the Elections - The Prices.

Tuesday Evening, March 1.

Toronto's grain receipts yesterday were light.

Wheat advanced another point at American centres, and closed strong.

There is a decrease in the visible supply of wheat, and also in the quantity on passage.

Bradstreet's reports 3,500,000 bushels decrease in the world's available supply of wheat.

Owing to the elections, comparatively little business has been done to-day on the local markets.

Leading Wheat Markets.

Following are the closing prices to-day at important centres:

	Cash.	May.
Chicago	$1 05½	$1 05½
New York	1 05¾	1 00½
Milwaukee, No. 1 North	1 01½	1 03½
St. Louis	0 99¾	1 00¾
Toledo	1 00	0 90¾
Detroit	0 98	0 98
Duluth, No. 1 Northern	1 00	1 00
Duluth, No. 1 hard	1 00½	....
Toronto, red	0 93	....
Toronto, No. 1 hard	1 00	....

Toronto St. Lawrence Market.

The receipts of grain were light to-day—1250 bushels, all told.

Wheat steady, 200 bush selling as follows: White 83c to 84c, and goose 86c to 86½c per bush.

Rye, 53c to 54½c for 150 bush.

Barley steady, 900 bush selling at 38c to 43½c.

Oats steady, 200 bush selling at 34½c to 35c.

Dressed hogs, prices firm but unchanged.

Hay, 15 loads, sold at $8.50 to $9.50 per ton.

Straw, none offered; prices nominal.

Toronto Live Stock.

The receipts of live stock at the Western Cattle Market to-day were light. Only 23 cars, composed of 302 cattle, 78 sheep, 10 calves and 868 hogs, arrived.

This being election day, there were not many dealers on the market, trade was slow, and there was no change in prices from Friday last.

Hogs—Prices unchanged, but firm.

East Buffalo Live Stock.

East Buffalo, March 1.—Cattle—Receipts, all consigned through.

Hogs—Receipts, eight loads. Market slow and prices a shade lower. Good to choice Yorkers, $4.20 to $4.22; prime selected light Yorkers, $4.20; mixed packers' grades, $4.20 to $4.22; medium weights, $4.20 to $4.22; heavy hogs, $4.20; roughs, $3.00 to $3.70; stags, $2.75 to $3.10; pigs, $3.25 to $4.

Sheep and Lambs—Receipts, nine and a half cars. The market was easy at former prices, the bulk of offerings consisting of lambs. Native lambs, choice to extra $5.80 to $5.90; fair to good, $5.60 to $5.75; culls to common, $5 to $5.50; yearlings, common to choice, $5 to $5.25; native sheep, choice to selected wethers, $4.85 to $4.90; good to choice mixed sheep, $4.50 to $4.75; common to fair, $4 to $4.40; culls to common sheep, $3.25 to $3.90.

British Markets.

Liverpool—Close—Spot wheat steady; futures steady at 7s 10½d for March, 7s 4½d for May, and 7s 1¾d for July. Maize steady at 3s 4½d for March, 3s 2¾d for May, and 3s 2¾d for July. Flour, 20s.

London—Close—Wheat on coast quiet and on passage easier, 3d lower. Maize on passage easy.

Paris Close—Wheat, 27f 45c for Aug. Flour, 50f 25c for May.

OF INTEREST TO MEN.

The attention of the reader is called to an attractive little book lately published by that eminent Expert Physician, G. H. Roberts, M. D., 253 Woodward Ave., Detroit, Mich. This book is one of genuine interest to every man and its plain and honest advice will certainly be of the greatest value to any one desirous of securing perfect health and vigour. A request for a free and sealed copy will be complied with, if address as above and the Peterborough EXAMINER mentioned.

Given Up for Lost.

Gloucester, Mass., March 2.—The owners of the Gloucester fishing schooner Grace L. Fears, and the relatives of the crew of seven men, have concluded that the vessel will never be heard of again, and that all hands have been lost at sea. The schooner left this port for Newfoundland, where she was to get a load of frozen herring, on Dec. 9, 1897, and was last reported Dec. 16.

Newspaper Man Gets a Government Job.

Hamilton, March 2.—Mr. Richard Butler, who, after a prominent journalistic career in Hamilton before the war went to Illinois and edited several Republican papers, returned to the city last spring, and was yesterday sworn in as Deputy U. S. Consul.

Hurricane Like a Gunboat.

Sydney, N.S.W., March 2.—A terrific hurricane has devastated New Caledonia, doing great damage to shipping. The hurricane also swept over the French gunboat Loyalty, and sank her.

The Baby Boy Covered with Eczema and Cured by Dr. Chase.

Mrs. Jas. Brown of Molesworth, Ont., tell how her boy (eight month old) was cured of torturing Eczema. Mothers whose children are affected can write her regarding the great cure, Dr. Chase's Ointment. Her child was affected from birth and three boxes of Dr. Chase's Ointment cured him.

How to Cure all Skin Diseases."

Simply apply "Swayne's Ointment." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, sore, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for Swayne's Ointment. Lyman Sons & Co., Montreal wholesale agents.

THE MANN-M'KENZIE BARGAIN.

Mr. Bostock Says It Is a Most Judicious One—Hon. Mr. Dobell Replies to Mr. Ives—Some Bills Affecting Mariners Introduced—General News From Ottawa.

Ottawa, March 2.—Only about fifty members were present in the House yesterday afternoon when Mr. Speaker took the chair, and of that number only two were Ontario men. As a result there was quietness about the proceedings in the chamber, and members talked more in conventional style than if they were engaged in the more serious task of debating an important issue.

The slim attendance led to an adjournment at 6 o'clock.

Sir Louis Davies introduced three departmental bills. One, respecting certificates for masters and mates on ships, proposes to allow temporary certificates to be issued to these officers in the same way as provided last year regarding engineers.

A second bill is to enable wharfingers on Government wharves to deduct their 25 per cent. commission before remitting collections to the Government. This has been the practice hitherto, but the Auditor-General pointed out to the Minister that it was illegal.

The law regarding inspection of steamboats and examination and licensing of steamboat engineers is to be modified and simplified. Some amendments will be introduced as suggested by the departmental officers.

These bills were read a first time.

The Premier, in answer to Sir Charles Tupper, said he would lay on the table to-morrow a copy of the telegram sent to Lord Strathcona in reference to Mr. Hamilton Smith.

Eulogistic references were made to the late Mr. Perry, M.P., who died last week, by Sir Charles Tupper, Sir Wilfrid Laurier and Sir Louis Davies. Later Sir Louis Davies said the late Mr. Perry possessed all the qualities of the French Acadian of the Maritime Provinces, simple as a child, true as steel, loyal and honest to those with whom he was associated.

Mr. Bostock, in the absence of Mr. Semple, resumed the debate on the Yukon Railway bill. He believed that under all the circumstances the Government had made the wisest selection of a route to the Yukon. He took no stock in the cry of a monopoly, as two charters were already in existence for railways by the Taku and White Pass routes. He had listened with interest to the observations of Mr. Maclean in regard to the ownership of railways. Personally he favored Government ownership of railways, but at the present moment the country was not in a position to build a railway into the Yukon speedily. The exceptional circumstances under which McKenzie and Mann were laboring warranted that they should receive a substantial bonus, but if the terms of the contract were not strictly adhered to by them, the land grant should not be given them. It would be unfair to tie up a large amount of land in the hands of these people if they did not carry out the terms of the contract.

Hon. Mr. Ives followed, after whom Hon. Mr. Dobell made an admirable speech in defence of the Government's position. After a few remarks by Mr. McDougal, Cape Breton, he moved the adjournment of the debate. The House adjourned at 6 o'clock.

General Ottawa News.

Mr. Belcourt, M.P., will move for the appointment of a special commission to enquire into the feasibility of the Georgian Bay Canal scheme.

The Government has received a model of the new steamers which Messrs. Petersen & Tait intend putting on the fast line service between Britain and Canada.

Reports from Montreal state that there is a prospect of the Government railway system being dragged into the rate war, now that the I.C.R. is extended to Montreal. Mr. Blair informed me yesterday that the Government is pursuing the tenor of its way on this question, and will not be dragged into the rate-cutting business.

—Booth's oysters 35 cts.—"Spot Cash."

Nine Filibusters Picked Up.

Key West, Feb. 28.—Nine Cubans, who were picked up in a rowboat off Bahia Honda (on the north coast of the Province of Pinar del Rio), were landed here Saturday by the steamer City of Key West. They are the leaders of a big filibustering expedition which has just landed in Cuba. They are General Nunes, Captain Johnny O'Brien, Cartaya, Carillo, Pulluchi and four others.

The Junta here says that another big expedition has landed safely in Cuba. This is said to be O'Brien's biggest and best expedition.

Americans Warned to Leave.

Tampa, Fla., Feb. 28.—Mrs. Bruner and five children are here from Havana. She is the wife of United States Health Officer Bruner at Havana, and says Consul-General Lee advised her husband to send her away at once. Other Americans have also made the same statement after being here a few days.

A SARNIA WONDER.

W. Barton Got Health and Strength From Dodd's Kidney Pills.

Sarnia, Feb. 21.—The case of Mr. T. Johnston, of Osborne, excites wide-spread interest here, as Mr. Johnston is well-known here, and the published report of his case is known to be true.

But William Barton, of Sarnia, claims to have been a still worse case than Mr. Johnston. Mr. Barton was afflicted with Bladder trouble for many years.

Doctors and medicines utterly failed to relieve him. His sufferings were almost beyond human endurance.

At length he tried Dodd's Kidney Pills. As in scores of other cases in Sarnia, a cure followed in astonishingly short time. Six boxes were all he used. But they gave him perfect health and manly strength.

FUNERAL OF ARCHBISHOP CLEARY.

Imposing Ceremonial at the Last Rites—Sermon by Bishop McQuaid.

Kingston, March 2.—St. Mary's Cathedral was crowded to the doors yesterday morning, conspicuous among the congregation being the members of the different Catholic societies. The funeral of the late Archbishop Cleary occurred at 9 o'clock. The procession from the Palace to the Cathedral was composed of priests, bishops, archbishops and other church dignitaries. A solemn requiem mass was chanted. Bishop O'Connor, Peterboro, was celebrant; Vicar-General Gauthier, Brockville, assistant; Father Hogan, Napanee, sub-deacon; Father Parent, Montreal, master of ceremonies. The funeral sermon was delivered by Bishop McQuaid of Rochester, N.Y.

A Smash on the C.P.R. Near Smith's Falls

Smith's Falls, March 2.—A terrible collision, with loss of life, occurred on the C.P.R. three miles east of here between 3 and 4 o'clock yesterday morning. A freight was coming west, followed by an engine running light, which in turn was followed at the usual distance by another freight train. A number of cars broke loose from the front train and after some little delay were picked up by the light engine, and ere warning could be given the rear train came round a curve in the road and dashed at full speed into the light engine and runaway cars, which then took fire and several were totally consumed. Driver Charles Sims and Fireman William Wilson, both of Carleton Place, and both on the rear train, were killed.

Malenfant Succeeds in Dying.

Quebec, March 2.—Narcisse Malenfant the stenographer sentenced on Saturday to five years in the penitentiary for conspiracy to defraud the Local Government and who made such a determined effort on Sunday evening to commit suicide, died yesterday morning. He had taken seven grains of morphine, which it is believed he secured in the linings of his clothes.

Good Story of Tom Reed.

"This story," says the Washington Times, "is told in relation to the recent visit of the Hon. J. D. Edgar, speaker of the Canadian house of commons, to Speaker Reed. After Mr. Reed had escorted his distinguished guest through all the interesting portions of the house end of the capitol, on the gallery and house floors, they descended to the basement, explored the different departments and even went down under the terrace. Leaving the terrace they clambered up the stairs, instead of going back to the elevator.

"'We will now enter the rotunda,' said the speaker, 'and go from there to the senate, for I want you to meet Vice President Hobart.' To this the guest acquiesced. Gaining the rotunda, Mr. Edgar expressed a desire to look at the pictures, and in doing so they made a half circle of the place, and, preoccupied with thoughts of entertaining his guest, the speaker did not notice that when they entered the corridor it was the one leading to the house. This fact did not dawn on him until he stood directly in front of the main door, which a messenger opened to admit him. Gazing about in amazement, the speaker exclaimed, 'Bless me, if this isn't the house,' and, turning with a comical twinkle in his eye to Mr. Edgar, he added: 'It's no use. I've been trying to get to the senate for 20 years, and I fall down each time.'"

The Reward of Valor.

Perhaps the most dramatic reward Lord Charles Beresford ever got for valor was a few years ago. One bitter cold night, when his ship was off the Falkland islands, there was a cry of "man overboard." The sentry had disappeared beneath the floating ice. Though clad in heavy garments, Lord Charles instantly seized a coil of rope and leaped into the sea. "I went down and down and down," said Lord Charles when relating the incident, "until I began to think that the other end of the rope was not fastened to anything. At last I grasped my man, the rope became taut, and I began to ascend. The ship's corporal helped us both out."

Fifteen years afterward Lord Charles was speaking at a political meeting in support of Lord Folkestone's candidature. The hall was packed, and suddenly there was a scuffle at the back. "Chuck him out!" cried some one, but Lord Charles invited the man to come up to the platform, and they would listen to what he had to say. The man struggled forward in great excitement. He only wanted to shake hands with his rescuer. He was the sailor who had been saved by Lord Charles from the icy sea off the Falkland islands.—St. James Gazette.

Love a la Mode.

He (indifferently)—I'll tell you what I'll do. I'll toss a coin, and if heads come up I'll marry you.

She (by no means indifferently)—Don't! Heads might come up.—Harlem Life.

TWIN TORTURERS!

Lumbago and Rheumatism made Harmless by Dodd's Kidney Pills.

Lumbago and Rheumatism cause endless pain and suffering. Every man and woman who runs chances of getting wet, or catching cold, is liable to suffer from one or both. Our hospitals are full of sufferers from these diseases; none are more painful. Every nerve is on fire; every joint is a centre of agony; every muscle an area of torture. To move hand or foot makes the victim shriek with agony.

Rheumatism makes more cripples than all the railroad accidents that ever happened. Twisted, mis-shapen caricatures of humanity, who cannot walk without misery, are to be seen every day. The kidneys are to blame. If they are healthy you needn't fear Rheumatism or Lumbago. Dodd's Kidney Pills keep the kidneys healthy and cure Rheumatism and Lumbago.

Dodd's Kidney Pills ALWAYS CURE.

High-Grade Cemetery Work

AT A MODERATE PRICE.

The element of permanence which attaches the erection of any memorial to the dead renders it highly desirable that no mistake be made in the selection either of design or of materials.

A mistake is a serious matter. Let us help you to make a right decision. Our specialty is the erection of monuments which are unique without being grotesque, and artistic without being over-decorated.

We manufacture from all first-quality granites, and as WE SELL DIRECT TO CUSTOMERS, we save the latter all agents' profits. Then, too, there is a decided advantage for the buyer in dealing with one responsible firm for both the manufacture and the setting of a monument.

All our work is guaranteed, NO CHARGE being made if not strictly according to contract. Write us for designs and estimates.

A SPLENDID VICTORY!

Stratton Sweeps West Peterborough.

BLEZARD AGAIN WINS THE FAITHFUL EAST.

Stratton Wins From Cavandish to Bailliesboro—A Majority of 1004—Grand Jubilation in in Peterborough—Congratulations From All Over the Province—Mr. Blezard Captures the East for the Fifth Time.

"Stratton, Blezard and Victory." That was the slate the EXAMINER put up the day before the election, and the result has more than justified the prophecy, especially in West Peterborough, where a majority unprecedented in the annals of the riding has been rolled up, that majority being 1004. The campaign fight was one of the most vigorous that has ever been put up in West Peterborough. The Opposition was unceasingly active and from their point of view put up a big fight. But the solid element behind Mr. Stratton, and the solid support he was favoured with at the hands of the electorate contributed in conjunction with a good cause and an unimpeachable, record to swell the majority to the grand figures reached.

From the start Mr. Stratton's election was only a question of majority; the actual result was never for a moment in doubt.

From the moment the first returns arrived it was evident that the majority would be largely increased. Subdivision after subdivision added to the majority, till the total vote recorded was the splendid figure of 262 placed to Mr. Stratton's credit in town, where the Opposition had claimed a majority of 400 or 500. This was a repetition, in one sense, of the election of 1894. The returns from the country had the same complexion, there being an almost invariable increase from every division. Last election Smith put up a majority of 298, which was considered a record-breaker, but yesterday the banner township did even better, contributing 299 to the big majority, Young's Point swelling its contribution from 30 to 58. Good old South Monaghan substantially increased the majority, and North Monaghan bettered its record, reducing an Opposition record from 27 to 16. Lakefield converted an adverse majority of 12 to a favourable majority of 25. The island township of Ennismore fell short of its usual quota; local influences and the "dead set" of unscrupulous tactics by the Opposition had their influence upon some of the electors. But all through the North Country the majorities were substantially increased, an illustration that faithful representation will receive the endorsation of the electorate.

THE SCENES ON THE STREETS.

At the Liberal committee rooms there never was a moment of doubt. In front of the rooms the street before six o'clock was packed with humanity, and as return after return rolled up the big majority, the enthusiasm was simply indescribable. The cheering was practically continuous, and at about 8 o'clock the returns were practically in hand, and the overwhelming victory of Mr. Stratton assured. A gigantic procession of sleighs laden with electors, preceded by the Sons of England Band playing the popular air, "There'll be a hot Time in the Old Town To-night," was formed, and after parading a few streets proceeded to the Opera House, which was unable to hold a tenth of the multitude that tried to gain admittance.

The Opera House began to fill shortly after seven o'clock, when by the returns which were received Mr. Stratton's return was assured by an overwhelming majority. Until the arrival of Mr. Stratton at the head of the big procession the crowd was entertained by the reading of reports from the various ridings in the province. When the hero of the day entered the hall, the audience, which crowded the hall to the doors, rose as one man and cheered him to the echo. Then the band played "For He's a Jolly Good Fellow," and the crowd sang the chorus and nearly raised the roof. When these present had relieved their exuberant spirits by another

ROUND OF APPLAUSE.

Dr. Bell, President of the West Riding Liberal Association, made a few opening remarks, stating that the predictions made at the convention which nominated Mr. Stratton had been more than fulfilled. The majority was such that when Mr. Stratton returned to the people to be re-elected as a cabinet minister in the course of a few weeks he would, without doubt, be re elected by acclamation as the Hon. J. R. Stratton. He thanked the electors for the noble fight which they had put up. All would feel that this was the noblest fight ever put up by the supporters of the Government in the riding. (Cries of "It was the easiest.")

Dr. Bell then called upon Mr. Stratton, who was unable to obtain a hearing for some time on account of the enthusiastic manner of his reception. Hats went into the air and cheer after cheer went up, whilst the ladies energetically waved their handkerchiefs from the gallery.

This was the fourth term, Mr. Stratton stated, that he had had the honour and privilege of thanking the electors for the hearty and cordial support which they had accorded him. The fight had been a brisk one, but it was by no means the most difficult campaign he had gone through. He believed that from one end of the constituency to the other the electors had given him their support, irrespective of party, believing that his return would be to the best interests of the riding. He had to thank the Conservatives as well as the Liberals, as he had received the support of a

VERY LARGE NUMBER OF THEM,

who gave him their valued assistance at the polls, although they did not appear on the public platform. The Liberals had stood to his back nobly, yet he desired to thank all. Not the least thanks by any means was due to the mechanics and workingmen of the town, and to their vote was his big majority largely due. To the ladies also he desired to extend his thanks for the enthusiasm they had displayed in his cause. No doubt many of the votes he had received were due to their valued assistance. Since his first election in 1896 his majority had steadily increased from 35 to 450, to 760, and to-night he had the proud satisfaction of knowing that it was

J. R. STRATTON, M. P. P., WEST PETERBOROUGH.

over a thousand. It was idle to say that he did not appreciate from the bottom of his heart he cordial support he had received from the electors. He knew full well that to the assiduous persistence of his committees was due the praise for the majority he had received in town. By hard work and long hours they had perfected an organization which could not but bring him victory and bring to Mr. Garvin a surprise indeed. He could only repeat that he would do his best, as heretofore, in the interests of the town, the constituency as a whole and the province. He was not one to lose his head over having received such a majority and even if he was advanced to a more important position in the Legislature, he would be the same man to the humblest of his constituents.

MR. RICHARD HALL

very briefly extended his warmest congratulations to Mr. Stratton and laughingly referred to the difference in the vote where himself, was a candidate, for the Dominion House. He reminded the electors that when two Cabinet ministers were in Peterborough during the campaign, both referred to the strong possibility of Mr. Stratton being taken into the Cabinet and now that an opening afforded itself, he had no doubt but that he would soon be addressed as the Hon. J. R. Stratton.

Mr. McClellan was pleased to be present on such an occasion and proud to be a resident of a constituency which shewed its good sense by electing such a man to the Legislature. The electors should, on this account, be proud of themselves. They were the ones who should be congratulated in rolling up the biggest majority by which any member of the Legislature was returned this year to the House. His only regret was that Mr. Stratton had not taken the time to allow his voice to be heard in other constituencies than his own, when different results would have been the consequence and the government would have had a larger majority.

Mr. E. B. Stone attributed the result of the campaign chiefly to the fact that Mr. Stratton, at the close of every session of the Legislature had

GONE AMONGST HIS PEOPLE

and explained to them the work which had been done and his attitude on the various questions which had come up for discussion. Such a course of action was bound to please the electors, every one of whom soon acquired a personal acquaintance with their representative as an individual.

Mr. J. J. Hartley addressed his remarks chiefly to the workingmen, whom he congratulated for the clear understanding of the state of affairs which they possessed. They had their best friend to represent them, and they knew it. The young men too had taken their stand on the right side as evidenced by the vote.

Rev. Mr. Grant stated that the victory was due to the straightforward course pursued by Mr. Stratton and the conscientious manner in which he had performed his duty by every elector. Right was bound to triumph and a Government against which no breath of scandal could be raised should trust to the intelligence of the electors to look at the matter in that light. It was of paramount importance to retain such a representative as Mr. Stratton, whom he hoped to soon have the pleasure of addressing as the Honourable.

Mr. F. D. Kerr humorously suggested that a monument should be erected to Mr. Garvin, with the inscription "Died on March 1st, 1898, of lack of strength." On the reverse side could be inscribed "To the memory of St. John, died March 1st, 1898, of cholera." On Monday evening

AT ENNISMORE

Mr. Kendry had attacked him in a manner which he resented. He had been told he had no right to take the platform as he was a stranger in the town, having only been here a matter of three years. If he had no right to speak on this account, what right could Mr. Garvin have to ask for the suffrage of the electors when he had only been here a year or so longer? He had also been sneered at as a young man—a struggling young lawyer trying to make a living. He saw nothing to be ashamed of in that. Mr. Kendry had been young himself at one time and poor also, and if he had worked himself up, why could not he (the speaker) have the same right?

Mr. Wm. Rudkins had expected the big majority all along. It had been said that the young men would not stand by Mr. Stratton, but when at his meetings he had been encouraged by such cries as "Good boy, Jim," it showed that the boys were with him. He wished especially to congratulate No. 1 Ward for the noble way in which it had responded to the call made upon it. Two portfolios were now vacant in the cabinet, and Mr. Stratton should certainly have his choice

Mr. M. H. Quinlan, said he felt that he was utterly incapable of entertaining them upon this grand occasion—great because we were not there to gloat over the misfortune of a fallen foe. Great because all through the campaign we have treated the Opposition with all the respect that the circumstances admitted of, or the promoters of such a cause could desire, and far more than they could justly claim. Grand because we fought the good fight animated with a spirit and a determination worthy of a good cause. The gentleman before them to-night, the hero of this grand occasion, Mr. J. R. Stratton, not Mr. J. R Stratton, but Mr. J. R. Stratton, victorious, was worthy of the honour and the distinction he enjoyed there that night and has enjoyed in the past that of the

CONFIDENCE AND THE RESPECT

of the electors of the West Riding of Peterborough, electors composed of a people of different opinions, different classes and different convictions. The speaker had his convictions and he was honest and sincere in those convictions, therefore he was always ready to respect the honest convictions of others through they differed from his own. It had been the practice, he regretted to say, of would-be politicians in the past when they failed to establish their cases upon political premises to resort to other means with the faint hope of aggrandizing themselves at the cost and at the degradation and disgrace of an otherwise noble and aspiring people, without wishing to attach the odium of the abominable practice to any particular party or person, for it was not necessary to be uncharitable, he was proud to say that those political tricksters failed, and utterly and ignominously failed and to the credit of the electors as a whole. It was to be said these unworthy appeals to the prejudices of a people, arguments and appeals that were intended to create jealousies and ill feelings throughout the length and breadth of this land, were discredited. Such miserable tactics would never be resorted to by an honourable man, much less a conscientious man. They should be beneath the principles and the dignity and common charity of any man in public or private life. After reviewing the past, Mr. Quinlan was glad to say the present contest, to the credit of the contestants, had been practically free from these means. The battle had been fought and won on higher principles—principles that appeal to the electors as a whole. However, we never allowed ourselves to be deceived with the idea that the honour of the party was involved by the numerous charges brought against them by an unscrupulous Opposition. We were not thus to be troubled or intimidated, for as British subjects we well knew it was one thing to prefer a charge and quite another to prove it. The essential part was the proving of it, and in this essential they failed and utterly and ignominously failed. In the face of these facts, the speaker asked, as good and true men what other verdict could have been given but the one rendered? It is only with the hearts of honest men that great victories can be achieved—victories such as the present, that of placing a competent and honourable gentleman, a gentleman who had supported legislation that extended justice to all classes, that has proved himself away and above the mere position of a partisan, a worthy representative of a united people, a people that are proud of the handsome majority that they have rolled up on this occasion, and a people that he believed before four years more will have the satisfaction and pleasure of congratulating their respected member as the Honourable J. R. Stratton.

Mr. Eyres remarked on the increasing majority given Mr. Stratton in his different campaigns as his worth was more and more appreciated, and expressed the belief that his sterling qualities were now so freely recognized in the House that a portfolio awaited him.

Mr. Geo. Elliott acknowledged the town had done grandly for Mr. Stratton, but he thought that a portion of the credit should come to the grand old township of Smith, which started out by giving Mr. Stratton a majority of 50, twelve years ago, and had had gone on increasing its majority until it now gave him one of 250.

Mr. D. Bellegeem was pleased with the remark Mr. Stratton made in reference to him being the same man no matter how big his majority was. He could endorse this statement. When he got into the Cabinet he would be the same J. R. Mr. Bellegheem closed with thanks to the workingmen, the young men and the ladies for the support they had given Mr. Stratton.

The meeting was then closed amidst a scene of even wilder enthusiasm than at the beginning as by this time the return of the government had been announced.

NOTE.

Mr. Stratton received fifteen or twenty telegrams from every part of the province from prominent gentlemen congratulating him upon his splendid victory.

The Majorities.

The following returns are complete as far as possible to procure them up to the time of going to press. Every municipality is heard from—in some cases majorities only. The total may be slightly varied one way or the other, but not sufficiently to materially affect the grand result:

OUR HOME VICTORY.

On June 27th, 1894, the EXAMINER stated that the Liberals of West Peterborough won a victory unprecedented in the history of the riding." That was true up to Tuesday, when all past records were wiped out and snowed under. We are naturally jubilant over the result, but have no desire to exult over a fallen foe. Our great victory is sufficient in itself. The want of success of the Opposition in its signal character is a rebuke to the personal ambition and partizan feeling that precipitated what has been shown by the result to have been an unnecessary election contest. Mr. Stratton has won on his merits and the merits of the good government to which he has given a fair and independent support. His record has been his strength, a demonstration of the fact that fair dealing and a fair course towards his constituents, and a watchful care over the interests of a riding, are potent factors in commending a representative to the good will of his constituents. The result of the contest has shown that the broad-minded electors, both Liberal and Conservative, can appreciate faithful service, and are able to rise to the plane of placing the interests of a riding before the importance of a mere partizan success. Mr. Stratton's large majority in the town especially emphasizes this. The Liberal support he received in the business area showed that the business elements of the town considered that a candidate who had a substantial stake in the town and had a record of practical interest in advancing the material interests of the town, was far preferable to a comparative stranger, who possessed little more than a transient interests in the progress and welfare of the town. While it might not be amiss to refer in terms of scant condemnation to the means employed to promote the cause of the Opposition in this contest, the emphatic expression of opinion of the electors, renders any such reference unnecessary. It has been indeed an emphatic victory in West Peterborough and an endorsation of his past course, which Mr. Stratton regards, as he has reason to do, with pride.

MR. BLEZARD'S MAJORITY.

The EXAMINER heartily extends its congratulations to Mr. Blezard on being returned for the fifth consecutive time to represent East Peterborough. The result indicates that it was an impossible contract to attempt to displace him in the esteem of the electors of East Peterborough, whom he has faithfully served for nearly twenty years. It is evident that a constituency of farmers desire to be represented by a member of their calling, rather than a professional gentleman, however estimable as an individual. Again East Peterborough repeats the refrain of the old song, "Don't you go Tommy, don't go."

THE RESULT IN THE PROVINCE.

The result of the stubbornly contested election of yesterday throughout the province was close, but not discouraging to the friends of good Government. The Hardy Government still holds the fort by a reduced majority, but sufficient to warrant a continuance of the good Government the province has enjoyed in the past. In the last House the Liberals held 50 seats, and in the present the number of Liberal is seats 48. Their has been a considerable shaking up of the representative situation. Their has been considerable changes, but the result is that the Government is sustained. The following is the standing of parties in the house according to the latest returns:

Liberals 48.
Conservatives 42.
Patrons 2.
Independent 1.

—McLaren's Imperial Cheese. Spot Cash.

In Your Piano in Tune?

The changes of season affects pianos as well as anything else. Mr. Geo. G[illegible], practical piano maker and tuner [illegible] years experience, attends to the orders left at Mr. H. S. Macdonald's drug store.

—Oranges, 15c. to 50c., "Spot Cash."

Blood That is Bad.

Blood that is bad makes the whole body sick. Blood that is good makes the whole body healthy and vigorous. Burdock Blood Bitters makes good, rich, ruddy blood. "I regard B. B. B. as the best medicine in the world to make rich, red blood. It cured me after two years suffering from weak, thin blood." Jennie A Gleason, Centreton, Ont.

Red-Hot Winter Wind-Up!

Prices of all Winter Clothing to be

CREMATED!

COUGH'S MARCH SACRIFICE SALE

WILL PROVE A BLESSING TO PEOPLE WHO HAVE NO MONEY TO FOOL AWAY. We are on the eve of spring. The month of March will bring an entirely new condition of things along with stirring preparations for a new season. For the past two months we have been crowding prices down and crowding goods out—making a Midwinter Record, the like of which this store has never paralleled.

The business situation of to-day calls for the prompt disposal of all Winter Goods. They must go now AT ANY PRICE. Immense quantities of New Spring Importations are crowding us for space. To meet this emergency, a Radical, All-Round Red Hot Reduction Sale was ushered in at our stores on the 1st of March.

There must be no half measures. We want a clean sweep and a clear field, and our sacrificing prices must do it. Sell we must—Unload we must. To-day—To-morrow—every single day until the Ides of March are past, we hold a carnival of

Rich Clothing Values.

FOR MEN, YOUTHS AND BOYS.

Recent fortunate purchases of several High-grade Stocks of Modern Ready-to wear Clothing at a Fraction on the Dollar, comprising "THE ARMY AND NAVY" Stock of Queen Street West Toronto; "THE OAK HALL" Stock of Peterborough, and an hypothecated stock knocked down at our own price by Suckling & Co., Toronto—all bunched in this sale.

These Combined Stocks, coupled with our own Mammoth Stock at Nos. 375 and 377 George street, have crowded us out of house and home—overstocking us with winter goods that we cannot afford to carry over.

4-GIGANTIC STOCKS-4

$90,000 WORTH OF CLOTHING EXCELLENCE, bundled together for a March Clearance at Prices a QUARTER and a THIRD below original values. A Master-stroke of Daring, Fearless Selling.

We are in dead earnest. Sunbeams or blizzards, the havoc in prices must sweep along—with a reckless desire to unload stocks.

Quick Losses to make Quick Sales to buyers, who will not waste a moment when prices are so eloquent.

THE GREATEST SHOE SALE

The Greatest Shoe Sale the Town has ever witnessed will also be held during this March Clearance. Thousands of pairs of Fine Sample Boots and Shoes, bought from hard-up manufacturers will be sold at a fraction of their cost.

The Wonderful Cheap Men *Gough Bros.* Peterborough and Toronto

DAILY TEMPERATURE RECORD.

The following are readings of the official thermometers for this morning, as well as the highest and lowest yesterday—shade temperature:—

To-day, 7 a. m..... 11° above zero

	Highest.	Lowest.
Yesterday	26°	11°

The minus sign (—) signifies below zero.

The lowest temperature during the month of February was 15 degrees below zerou on the 2nd; the highest 45 degrees, on the 11th. The average daily temperature was 21.4, or three degrees warmer than last February, and four degrees higher than usual. The rainfall was .81 of an inch, and snow fell to the depth of 20 inches. The total depth of snow that has fallen this winter to date has been 84 inches, as compared with 30 inches same period last winter. During the month there was rain on 6 days and snow on 13 days. The heaviest snowfall was on the 21st. This snowstorm, however, was not a circumstance to the one encountered by the Opposition candidate on March 1st.

Mr. R. H. Kells while in the city last week made large purchases of dress goods from Suckling & Co., being part of the bonded goods of the John Eaton Company's stock, which were sold at auction. Among the lot are some beautiful black crepons, which are now so much worn, and which Mr. Kells is selling for just about half what other stores ask for the same goods.

SPORTING PASTIMES.

Hockey and Other Items of Local and General Interest.

HOCKEY.

What promises to be one of the best matches of the season will take place at the rink to-night between the Collegiate Institute team of Cobourg and Peterborough crack Colts. The Cobourg team is a good one, and won from the Millbrook senior team on their own ice last week by 7 goals to 0. The Colts are right out very fast. Their team will be: Goal, Macdonald; point, Eddie Eakin; cover point, Harold Armstrong; forwards, H. McBain, Stanley Bradd, Parker Crossley, Frank Bradburn. Game at 8 p.m. sharp. Mr. E. Wasson will referee.

—Oranges, 15c. to 50c., "Spot Cash."

Redeem that bet you made on the election by purchasing the boots from Kidd. Get them at half price and save half of the cost money. See!

Parlour Furniture.

It is worth a visit to Clegg's furniture warerooms to see their parlour suites. New and handsome designs in 3, 4, 5 and 6 piece suites, beautifully upholstered in the latest styles and materials. Odd pieces in parlour furniture in great variety and at very low prices. Clegg's furniture and undertaking warerooms, 427 George street.

BIG SALE OF LINEN on for one week. Tray Covers, from 15c up; Table Centers, from 15c up; Sideboard Covers, from 35c up; 5-o'clock Covers, from 25c up; etc., etc., at MISS MELVILLE & Co's., 424 George street.

WESTWOOD.

(From Our Own Correspondent.)

Two of our boys spent Sunday evening in Norwood. Attraction must be strong.

Miss E. Christie of Peterborough, spent Saturday in our village visiting friends.

Mr. and Mrs. Wm. Sharp spent a few days in Keene last week.

Misses Raddon and Pengelly of Norwood, were visiting in our village on Wednesday.

Miss K. Sharp spent a few days in Campbellford and Hastings visiting friends.

Owing to the poor quality of the ice in our pond, the villagers are getting their supply from Rice Lake.

Mr. Thos. Shearer of Otonabee has purchased a valuable team of well-matched carriage horses from Mr. Benj. Cardwell.

Mr. Thos. Lynch, our carpenter here, has been spending a few days in and around Peterborough visiting friends.

Mr. J. Conrey and Miss M. Conrey of Otonabee attended divine service in the Presbyterian church here on Sunday.

Mr. Clydale and the Misses Clydale of South Dummer, were the guests of Mrs. J. Cardwell on Sunday.

A number from this neighbourhood attended the opening services of the new Presbyterian church at Hastings on Sunday. A number also attended the grand dinner held in the town hall on Monday evening.

—Quaker Oats, Spot Cash Grocery Co.

Boys' Odd Vests, in Tweed and Serge, sizes 28 to 32, regular price 50c to 75c, Grafton & Co's clearing sale price 25c.

Busy Barbers.

Since the reduction in my prices for hair-cutting and shaving, trade has gone away up with a bound. Hair cuts for 10c. and shave for 7c. has come to stay at this shop, and

Glad are the smiles of our barbers
For the wave of prosperity rolls
With glad some and lively music
Through all th ir tonsorial souls;
And the grit and the grind of
The clippers are heard on the long-worn hair
As we mow from the heads of the
Hundreds the once honored pompadour hair.

Ladies Shampooing done and Switches and Bangs made to order and renewed. Natural Switches, 30 inches long, for $1.00. EDWARD LECLAIRE, formerly LeGros, 329 George st.

A DROP IN BOOTS AND SHOES.

Owing to alterations soon to begin in our store we have decided to make a clean sweep of our entire stock of Boots and Shoes at prices to suit the times. Genuine up-to date goods, large variety and surprising values for your money every day during the next thirty days. Spot Cash. JAMES STENSON, 360 George Street. dwtf

Young Man
ARE YOU ENGAGED

Or about to be married? We are engaged in the business of Issuer of Marriage Licence by Official appointment. Between now and Ash Wednesday we hope to have your order for both the Licence and the Wedding Suit. Don't think it requires a lot of money. W. J. GREEN, Merchant Tailor and Issuer of Marriage Licenses, 145 Hunter Street.

The heaviest snowfall was on the 21st. This snowstorm, however, was not a circumstance to the one encountered by the Opposition candidate on March 1st.

Mr. R. H. Kells while in the city last week made large purchases of dress goods from Suckling & Co., being part of the bonded goods of the John Eaton Company's stock, which were sold at auction. Among the lot are some beautiful black crepons, which are now so much worn, and which Mr. Kells is selling for just about half what other stores ask for the same goods.

SPORTING PASTIMES.

Hockey and Other Items of Local and General Interest.

HOCKEY.

What promises to be one of the best matches of the season will take place at the rink to-night between the Collegiate Institute team of Cobourg and Peterborough crack Colts. The Cobourg team is a good one, and won from the Millbrook senior team on their own ice last week by 2 goals to 0. The Colts are light but very fast. Their team will be: Goal, Macdonald; point, Eddie Eakin; cover point, Harold Armstrong; forwards, H. McBain, Stanley Bradd, Parker Crowsley, Frank Bradburn. Game at 8 p.m. sharp. Mr. E. Wesson will referee.

—Oranges, 15c. to 50c., "Spot Cash."

Redeem that bet you made on the election by purchasing the boots from Kidd. Get them at half price and save half of the cost money. See?

Parlour Furniture.

It is worth a visit to Clegg's furniture warerooms to see their parlour suites. New and handsome designs in 3, 4, 5 and 6 piece suites, beautifully upholstered in the latest styles and materials. Odd pieces in parlour furniture in great variety and at very low prices. Clegg's furniture and undertaking warerooms, 427 George street.

BIG SALE OF LINEN

on for one week. Tray Covers, from 15c up; Table Centers, from 15c up; Sideboard Covers, from 35c up; 5-o'clock Covers, from 25c up; etc., etc., at MISS MELVILLE & Co's., 424 George street.

WESTWOOD.

(From Our Own Correspondent.)

Two of our boys spent Sunday evening in Norwood. Attraction must be strong.

Miss E. Christie of Peterborough, spent Saturday in our village visiting friends.

Mr. and Mrs. Wm. Sharp spent a few days in Keene last week.

Misses Raddon and Pengelly of Norwood, were visiting in our village on Wednesday.

Miss K. Sharp spent a few days in Campbellford and Hastings visiting friends.

Owing to the poor quality of the ice in our pond, the villagers are getting their supply from Rice Lake.

Mr. Thos. Shearer of Otonabee has purchased a valuable team of well-matched carriage horses from Mr. Benj. Cardwell.

Mr. Thos. Lynch, our carpenter here, has been spending a few days in and around Peterborough visiting friends.

Mr. J. Conroy and Miss M. Conroy of Otonabee attended divine service in the Presbyterian church here on Sunday.

Mr. Clysdale and the the Misses Clysdale of South Dummer, were the guests of Mrs. J. Cardwell on Sunday.

A number from this neighbourhood attended the opening services of the new Presbyterian church at Hastings on Sunday. A number also attended the grand dinner held in the town hall on Monday evening.

—Quaker Oats, Spot Cash Grocery Co.

Boys' Odd Vests, in Tweed and Serge, sizes 28 to 32, regular price 50c to 75c, Grafton & Co's clearing sale price 25c.

Busy Barbers.

Since the reduction in my prices for hair-cutting and shaving, trade has gone away up with a bound. Hair cuts for 10c. and shave for 7c. has come to stay at this shop, and

Glad are the smiles of our barbers
For the wave of prosperity rolls
With glad some and lively music
Through all their tonsorial souls;
And the grit and the grind of
The clippers are heard on the long-worn hair
As we mow from the heads of the
Hundreds the once honored pompadour hair.

OUR HOME VICTORY.

On June 27th, 1894, the EXAMINER stated that the Liberals of West Peterborough won a victory unprecedented in the history of the riding." That was true up to Tuesday, when all past records were wiped out and snowed under. We are naturally jubilant over the result, but have no desire to exult over a fallen foe. Our great victory is sufficient in itself. The want of success of the Opposition in its signal character is a rebuke to the personal ambition and partisan feeling that precipitated what has been shown by the result to have been an unnecessary election contest. Mr. Stratton has won on his merits and the merits of the good government to which he has given a fair and independent support. His record has been his strength, a demonstration of the fact that fair dealing and a fair course towards his constituents, and a watchful care over the interests of a riding, are potent factors in commending a representative to the good will of his constituents. The result of the contest has shown that the broad-minded electors, both Liberal and Conservative, can appreciate faithful service, and are able to rise to the plane of placing the interests of a riding before the importance of a mere partisan success. Mr. Stratton's large majority in the town especially emphasizes this. The Liberal support he received in the business area showed that the business elements of the town considered that a candidate who had a substantial stake in the town and had a record of practical interest in advancing the material interests of the town, was far preferable to a comparative stranger, who possessed little more than a transient interests to the progress and welfare of the town. While it might not be amiss to refer in terms of scant condemnation to the means employed to promote the cause of the Opposition in this contest, the emphatic expression of opinion of the electors, renders any such reference unnecessary. It has been indeed an emphatic victory in West Peterborough and an endorsation of his past course, which Mr. Stratton regards, as he has reason to do, with pride.

MR. BLEZARD'S MAJORITY.

The EXAMINER heartily extends its congratulations to Mr. Blezard on being returned for the fifth consecutive time to represent East Peterborough. The result indicates that it was an impossible contract to attempt to displace him in the esteem of the electors of East Peterborough, whom he has faithfully served for nearly twenty years. It is evident that a constituency of farmers desire to be represented by a member of their calling, rather than a professional gentleman, however estimable as an individual. Again East Peterborough repeats the refrain of the old song, "Don't you go Tommy, don't go."

THE RESULT IN THE PROVINCE.

The result of the stubbornly contested election of yesterday throughout the province was close, but not discouraging to the friends of good Government. The Hardy Government still holds the fort by a reduced majority, but sufficient to warrant a continuance of the good Government the province has enjoyed in the past. In the last House the Liberals held 50 seats, and in the present the number of Liberal is seats 48. Their has been a considerable shaking up of the representative situation. Their has been considerable changes, but the result is that the Government is sustained. The following is the standing of parties in the house according to the latest returns:

Liberals 48.
Conservatives 42.
Patrons 3.
Independent 1.

Red-Hot Winter Wind-Up!

Prices of all Winter Clothing to be

CREMATED!

COUGH'S MARCH SACRIFICE SALE

WILL PROVE A BLESSING TO PEOPLE WHO HAVE NO MONEY TO FOOL AWAY. We are on the eve of spring. The month of March will bring an entirely new condition of things along with stirring preparations for a new season. For the past two months we have been crowding prices down and crowding goods out—making a Midwinter Record, the like of which this store has never paralleled.

The business situation of to-day calls for the prompt disposal of all Winter Goods. They must go now AT ANY PRICE. Immense quantities of New Spring Importations are crowding us for space. To meet this emergency, a Radical, All-Round Red-Hot Reduction Sale was ushered in at our stores on the 1st of March.

There must be no half measures. We want a clean sweep and a clear field, and our sacrificing prices must do it. Sell we must—Unload we must. To-day—To-morrow—every single day until the Ides of March are past, we hold a carnival of

Rich Clothing Values.

FOR MEN, YOUTHS AND BOYS.

Recent fortunate purchases of several High-grade Stocks of Modern Ready-to wear Clothing at a Fraction on the Dollar, comprising "THE ARMY AND NAVY" Stock of Queen Street West Toronto; "THE OAK HALL" Stock of Peterborough, and an hypothecated stock knocked down at our own price by Suckling & Co., Toronto—all bunched in this sale.

These Combined Stocks, coupled with our own Mammoth Stock at Nos. 375 and 377 George street, have crowded us out of house and home—overstocking us with winter goods that we cannot afford to carry over.

4-GIGANTIC STOCKS-4

$90,000 WORTH OF CLOTHING EXCELLENCE, bundled together for a March Clearance at Prices a QUARTER and a THIRD below original values. A Master-stroke of Daring, Fearless Selling.

We are in dead earnest. Sunbeams or blizzards, the havoc in prices must sweep along—with a reckless desire to unload stocks.

Quick Losses to make Quick Sales to buyers, who will not waste a moment when prices are so eloquent.

THE GREATEST SHOE SALE

The Greatest Shoe Sale the Town has ever witnessed will also be held during this March Clearance. Thousands of pairs of Fine Sample Boots and Shoes, bought from hard-up manufacturers will be sold at a fraction of their cost.

The Wonderful Cheap Men **Gough Bros.** Peterborough and Toronto

DAILY TEMPERATURE RECORD.

The following are readings of the official thermometers for this morning, as well as the highest and lowest yesterday—shade temperature:—

To-day, 7 a. m..... 11° above zero

	Highest.	Lowest.
Yesterday.....	26°	11°

The minus sign (—) signifies below zero.

The lowest temperature during the month of February was 15 degrees below zero on the 2nd; the highest 45 degrees, on the 11th. The average daily temperature was 21.4, or three degrees warmer than last February, and four degrees higher than usual. The rainfall was .81 of an inch, and snow fell to the depth of 20 inches. The total depth of snow that has fallen this winter to date has been 84 inches, as compared with 30 inches same period last winter. During the month there was rain on 6 days and snow on 13 days. The heaviest snowfall was on the 21st. This snowstorm, however, was not a circumstance to the one encountered by the Opposition candidate on March 1st.

Mr. R. H. Kells while in the city last week made large purchases of dress goods from Suckling & Co., being part of the bonded goods of the John Eaton Company's stock, which were sold at auction. Among the lot are some beautiful black crepons, which are now so much worn, and which Mr. Kells is selling for just about half what other stores ask for the same goods.

SPRING SUITINGS And OVERCOATINGS

Our magnificent Spring Importations of British Woolens will be in readiness this week. New goods arriving via Ocean Steamers, are opened up daily. You cannot see a grander stock than ours, and our low-cost prices meet with popular approval.

It is not a bit too early to think of choosing. Come and take notes. Those who can't visit the store should send for Samples.

A. Mercer & Co

If mothers would cast aside foolish prudery, and impart to their daughters the knowledge that they, themselves, have acquired by years of suffering, they would be forced to spend fewer hours of anxious attendance at the bedsides of sick daughters.

A woman who suffers from weakness, disease, or derangement of the distinctly feminine organs is an incomplete woman. She is unfitted for woman's highest and best duty—motherhood. She cannot be a happy wife or the mistress of a happy home. Dr. Pierce's Favorite Prescription is the only proprietary medicine ever devised by an expert skilled specialist in woman's diseases for the one purpose of curing these troubles in the privacy of the home. It makes a woman strong and healthy in a womanly way, and can be relied upon to relieve motherhood of all peril and almost all pain. It insures healthy, robust children. It transforms weak, sickly, nervous invalids into healthy, happy wives and mothers.

"Words fail to describe my suffering before I took Dr. Pierce's Favorite Prescription and 'Pleasant Pellets,'" writes Miss Lulie S. Hardy, of South Seabrook, Rockingham Co., N. H. "I could hardly walk across the room. I had an abcess on the fallopian tube that discharged through the bladder. It left the bladder in an irritable condition and the uterus inflamed. I had an awful burning in my stomach; no appetite, wasting drain; constipation; excruciating monthly pains and backache all the time. I was confined to my bed five months. Then I commenced the use of your medicines and have been greatly benefited by them."

In paper covers, 21 one-cent stamps; for cloth binding, 50 stamps. Dr. Pierce's Common Sense Medical Adviser. Address Dr. R. V. Pierce, Buffalo, N. Y.

A CALIFORNIA FEUD.

It had lasted for the seven years during which the Garrys and the Slades had lived and raised oranges, strawberries and raspberries on adjoining farms. The Garrys had ten acres, the Slades had three. The Garrys had been laying by a little money each year and improving their property. The Slades had run behind a trifle more each year. Their little square frame house had not been repainted or repaired since they bought it and their outbuildings were half ruinous. The Garrys could afford to hire Mexicans to help turn the water on the trees when the monthly irrigating day came. The Slades had to depend on their own family—mother and father, eight children and an uncle who was dying of consumption. These 11 people lived the year round in a seven roomed house, and at harvest time or when the precious two or three "miners' inches" of water had been bought and must be served, they all turned out into the fields.

The Garrys and the Slades quarreled about the eternal question, which embitters the life of the Californian farmer, which makes deadly enemies of people who live next door to one another, simply by reason of that proximity, and sets every man's tongue and hand against his neighbor—the question of water rights. The Slades attributed the undue prosperity of the Garrys to the fact that they got more than their share of the water. The Garrys considered it part of the general cussedness of the Slades that they stole water whenever they got a chance. Criminations and recriminations flew constantly back and forth across the zanja which separated the two places, and suspicion regularly became wrought to frenzy as the middle of the month came round. Garry, who was a hot blooded Irishman, swore fearful oaths that if he once caught any of them at it he'd blow them off the earth. He placed his neighbors on the level of the Chinese coolies whose vast strawberry fields stretched beyond him to the east and who would lie all night in the ditches, waiting for a chance to slip a gate up an inch or so when the zanchero had passed on his round.

Garry posted up a hand written placard on his tankhouse, offering $5 reward for the capture of any Slade caught where he should not be. He could not keep it there, however, for three times some one slipped at night through the orchard, tore half the card off and covered the other half with opprobrious remarks concerning the Garrys' ancestry.

No one had the least doubt as to the author of these reflections, for Minta, the 18-year-old daughter of the Slades, was known to be the only one of the family who could write two words together. Garry threatened before his men to horsewhip her if he caught her on his property, and, hearing this, Minta sharpened a kitchen knife on the grindstone in the rickety woodshed and carried it in the pocket of her dress—when she had a pocket—or stuck it in her belt—when she wore a belt.

She was a small, wiry, restless creature, with light hair, bleached almost white by the sun, always stringing into her eyes, face and hands tanned copper brown and a sly, bright, rodent look. She seemed to concentrate in herself all the energy, all the vitality, which might have been distributed among the ten other members of her shiftless Virginian family. She was always abroad in the fields working like a man when she chose or playing boyish pranks. She wore generally an old skirt and a man's coat and went barefoot and hatless. She used to climb after birds' nests into the tops of the tallest eucalyptus trees and cling there to be tossed about by the wind. She might be seen very often walking the ridgepole of the Slade mansion, balancing herself with shrieks of delight, and then she would jump down into the green spray of the great pepper tree that grew back of the house. Her father used to smile when he saw or heard of these performances.

"Girls will be girls," he would say indulgently, "and of they want to be boys, why, so much the better for the ranch. We need boys, heaven knows. And Minta's the only one of y' all that does a day's work."

Minta helped prune the orange trees, tearing her clothes and sometimes her brown, calloused hands on the needlelike thorns. When it came to picking berries, she was cheerfully admitted by all the other Slades to be equal to any two of them. She made desperate war on the gophers, which are the pest of the orchards, used to visit her traps night and morning, dragging the struggling, chattering animals out of their burrows, to smash their heads with a stick. Sometimes she held them for a few moments to laugh at the queer faces and noises they made, or put her finger in their mouths and laughed still more when the sharp teeth drew blood.

When, once a month, the zanchero came at night and unlocked the Slades' water gate, the whole family turned out to work by lantern light till dawn. Then Minta discarded skirts and assumed the garb which she vastly preferred—trousers, a flannel shirt and long rubber boots, and standing deep in the running water she wielded spade or hoe like a man. But the joy of her life was a horse. To ride with only the bridle and a girth looped for her foot, throwing herself flat along the back of the brute and shouting into his ear as he tore at full speed across the mesa—this was a pleasure for which Minta would at any moment cheerfully risk her life. She had been thrown half a hundred times, trampled on, all but rolled on, and her left arm showed the marks of a horse's vicious teeth, but never had she been known to show fear. She had broken in the mustang which formed the whole equine stock of the Slades.

The desire of her heart for the last six months of her life was to ride a horse belonging to the Garrys and having a record of one man killed, three broken legs and a fractured skull, which last he had achieved for his rider by bolting with him through a low barn door. Minta longed fiercely to try her hand on this animal, a huge blue gray with a white rolling eye, and in the end she did ride him and kept her seat, slipping off only when he crouched to roll over on her, and swinging herself up by the pommel of the huge Mexican saddle as he recovered and started to run. George Garry, the eldest son of the man who had offered to horsewhip Minta, stood in the road and applauded.

"But mind," he said sharply as she finally got off, flushed with joy and thanked him, "don't let this get to my father's ears."

This, however, is exactly what happened—impossible to say just how. Garry heard that "that Slade girl" had ridden his horse, spurring him till the blood came, and he grew wild with rage. After a violent scene with George he went out to vent his temper on the Mexican hands, for, as it chanced, his oranges were to be served with water that evening. He drank a glass of whisky before he left the house and carried a flat bottle in his pocket to counteract the chill of the water. The men said afterward that he was half out of his senses with drink and anger, and, in fact, he admitted later that he had been drinking through the day.

As usual, he was "looking for trouble," one of them said, from the Slades. When the water was running full head, and he had exhausted his vocabulary of abuse upon his neighbors, nothing would convince him that they were not at that moment stealing but a personal inspection of their water gate and ditch.

He went stealing along in the shadow of the trees, out of the red, flickering flare of the lanterns reflected in the shallow flood. A moment later the men whom he had left behind heard a pistol shot, and a hoarse cry from Garry. They dropped their tools, caught up their lanterns and ran. He was standing by the Slades' water gate, the smoking pistol in his hand, looking stupidly into the ditch, where something flopped about in the few inches of stolen water.

"Look here, boys, I swear I didn't know it was anybody down there!" he cried. "I saw the gate was slid up a little—durn 'em, I knew they were up to it—and then I saw something move, and I thought maybe it was—well, I shot before I had time to think, that's a fact. I never aimed to hit anybody. I swear—only to frighten 'em."

Some of the men drew out a limp, quivering, wet figure and laid it on the bank in the light of the lanterns. It was Minta, draggled with mud and breathing hard through her open mouth. Her right hand fell at her side and clutched feebly the handle of a knife.

"Hoy, what's this?" shouted a voice from over the ditch. The zanchero gave his horse the spur and leaped, with a jingling of silver chains. The superb black brute landed four feet from the body of Minta and stood, glittering in his silver mounted housings, while his master put a series of quick questions.

"Don't you be hard on me, senor," pleaded Garry shakily. "I'm goin to give myself up straight. But look there, she'd broken the zanja, and the water's been running in here—you can see. And then, look—she had a knife! Look there, she's got it in her hand. You know what these people are."

The Mexicans stood silent, with hardly a glance at one another. The zanchero, after a short pause, said slowly:

"Well, of course, you'll have to take your chances. Still, Mr. Garry, there are certainly some circumstances—provocation—which will probably tell in your favor. And, as you say, the girl has a knife—yes, freshly sharpened, too—certainly murderous looking!"—New York Commercial Advertiser.

The Danger of Spring

Which arises from impurities in the blood and a depleted condition of this vital fluid may be entirely averted by Hood's Sarsaparilla. This great medicine cures all spring humors, boils, eruptions and sores, and by enriching and vitalizing the blood, it overcomes that tired feeling and gives vitality and vigor.

Hood's Pills cure nausea, sick headache, biliousness and all liver ills. Price 25 cents.

Give the Baby a Chance

The only food that will build up a weak constitution gradually but surely is

Martin's Cardinal Food

a simple, scientific and highly nutritive preparation for infants, delicate children and invalids.

KERRY WATSON & CO., Proprietors, MONTREAL.

THE OLD SCHOOLHOUSE.

The schoolhouse waits beside the road,
But closed are all its crumbling shutters,
And in its yard, by breezes mowed,
The thistle and the ragweed flutters.

And high above the blackboard gray,
Within convenient musty niches,
Are hidden from the light of day
A bunch of ancient birchen switches.

The spider spins his fragile web
Across the grimy window glasses,
While day by day the slow weeks ebb,
And week by week the dull year passes.

Where now are those who gathered once
To taste the fruit of knowledge brought them?
Where now the scholar and the dunce,
And where the red lipped maid who taught them?

Why, as they lived be sure they died,
Whatever else time's passing gave them,
Forgotten by all else beside,
Unless, indeed, my song shall save them.

The mice along the rafters squeak
Or gnaw the leaves of some old primer,
And loose hung clapboards rasp and creak,
While fades the twilight dim and dimmer.

And so it stands from year to year,
Deserted, reminiscent mostly,
And, what with all that lingers near,
Sadder than death and quite as ghostly.
—Ernest McGaffey in Woman's Home Companion.

Guesses at Truth.

It is not sufficient that a woman is convinced he husband loves her devotedly unless he assures her of the fact at least a dozen times a day. She can hardly believe anything, however delightful, unless it be incessantly repeated.

Many men are naturally as averse from marriage as women are naturally adapted to it.

Many a woman who expects in marriage the blessing of love finds instead the curse of rising to her heart.

Love matches very frequently turn out lucifer matches.

The most charming lovers often make the very worst husbands.—Harper's Bazar.

Rheumatism & Dyspepsia Cured

571 ST. PATRICK STREET,
OTTAWA, July 31st, 1896.

To the Phrenoline Medicine Company, Ltd., Ottawa, Ont.

GENTLEMEN,—On the advice of a friend I tried one bottle of your famous rheumatic remedy, Phrenoline, and to my surprise it cured me of rheumatism, from which I have suffered for many years.

It also cured me of dyspepsia, from which I was suffering at the time, so that I feel now like a new man.

I have tried several remedies for rheumatism, some of which did me a certain amount of good, but nothing that I have taken has done so much for me as your Phrenoline, and I have much pleasure in recommending it to other sufferers.

Yours very truly,
(Signed) JAMES CARROLL,
Foreman of Works, Rideau canal

DYING BY INCHES!

But Dodd's Kidney Pills will Yet Renew Life.

Thousands of persons die in the prime of life because doctors think Bright's Disease and Diabetes incurable. But Dodd's Kidney Pills cure them both. They *have cured* thousands of cases.

These diseases and other Kidney complaints are as common as ordinary colds. But people don't realize that they are afflicted till the disease has eaten deep into the system. Even then, Dodd's Kidney Pills will positively cure.

Thousands of *people are dying on their feet, but do not realize it.* They notice one or more of these symptoms: shortness of breath, loss of memory, failing sight, ravenous appetite, pale or reddish urine, with brick-colored deposit, scalding when urinating, constipation, nervousness, pains in the loins. Their only hope is Dodd's Kidney Pills. They won't fail. They never do.

THE DEACON'S DARTER MABEL.

She isn't much on dress as such,
Like maidens in the city.
It mayn't be only jes' a touch
Of goodness makes her pretty.
To keep from blushin when she speaks
Our boys, lengthwise, ain't able.
Of her they dream for weeks an weeks,
The deacon's darter Mabel.

Across the aisle in church she sits
At every Sunday meetin,
An half the fellers lose their wits
Whene'er she smiles a greetin.
She ain't no fairy, sprite nor elf,
Like those of song an fable.
She's jes' her own dear little self,
The deacon's darter Mabel.

You see her golden curls an sweet
A halo rests above her.
There ain't a one of us 'd dare
To own how much we love her.
An, as for dress, canned fruit that's good
Ain't bettered by the label.
It's jes' the same with womanhood,
The deacon's darter Mabel.

—Roy Farrell Greene in New York Journal.

TO ENJOY A CIGAR.

But Few Men Ever Get the Very Best Possible Results.

"Personal observation has taught me," said a Cuban cigar dealer to a Star reporter, "that not one person in a hundred knows how to smoke a cigar to enjoy it thoroughly. For instance, most men, after buying their cigars, stick them between their teeth and gnaw the ends off recklessly, thereby tearing and loosening the wrapper. Then they light their cigars and puff away as if their very lives depended upon finishing them in a hurry. Thus treated the finest cigar will burn irregularly, and the smoker will, nine times out of ten, lay the blame on the cigar. The cigar may be to blame, but in most cases the fault lies in the way it has been handled.

"After a cigar has been bought the end should be cut smoothly off by a clipper or sharp knife. The reverse end should then be placed in the month and the cigar blown through. This removes all the little particles of dust which cannot be avoided in the manufacture and prevents them from being inhaled into the throat and from producing coughing. The cigar should then be lighted, and particular attention should be paid to its being thoroughly ignited all over the surface of the end. Then instead of puffing away like a steam engine the smoker will find that three or four puffs every minute make the best way to enjoy the cigar. The smoke should be kept in the mouth a short time in order to appreciate the flavor of the tobacco. Then it should be emitted slowly.

"In case one side of the cigar should burn and leave a ragged edge on the other side it is not necessary to relight it, as I often see many people do. A gentle blow through the cigar toward the lighted end will ignite the ragged side, and it will burn regularly. Smoking this way is a pleasure. It frets me to see a man smoking a cigar who does not know how to enjoy it, and I often feel like giving him a few words of advice and would do so were it not for the fear of offending him."—Washington Star.

Human Nature In the Steerage.

H. Phelps Whitmarsh writes of "The Steerage of Today" in The Century. Mr. Whitmarsh, who crossed the ocean in the steerage himself, says: To me the most noticeable thing about the life was the ease with which the yoke of civilization was thrown off. If conditions be favorable, I opine that a large proportion of the steerage passengers throw back to their Darwinian ancestry about the third day out. Away from home, country and religious influences, unrestrained by custom and conventionality, bound by no laws of action and separated from all that force of opinion so strong in the world ashore, they let themselves go and allow their baser natures to run riot. No sooner has the seasickness left them than they growl and snarl over their food like dogs, scrambling for the choice pieces and running off to their bunks with them; they grow quarrelsome; their talk is lewd and insulting; brute strength is in the ascendant, and, without shame, both sexes show the animal side of their natures. But most apparent and obnoxious are the filthy habits into which many of them fall. The sea seems utterly to demoralize them. Some of them will remain for days in their berths, where, without changing their clothes, they eat, sleep and are sick with the utmost impartiality and without the blessing of soap and water. Hence the steerage as a whole, the "married quarters" (where there were children) in particular, was ill smelling and otherwise objectionable.

The dyspeptic carries a dreadful load on his back. It seems as if he were really made up of two men. One of them ambitious, brainy and energetic; the other sick, listless, peevish and without force. The weak man weighs the other one down. The dyspeptic may be able to do pretty good work one day, and the next day because of some little indiscretion in eating he may be able to do nothing at all. Most cases of dyspepsia start with constipation. Constipation is the cause of nine-tenths of all human sickness. Some of the symptoms are sick and bilious headaches, dizziness, sour stomach, loss of appetite, foul breath, windy belchings, heartburn, pain and distress after eating. All these are indictative of derangements of the liver stomach and bowels, and are all caused by constipation. Dr. Pierce's Pleasant Pellets are the quickest, easiest and most certain cure for this condition. They are not violent in action.

Send 31 cents in one-cent stamps to the World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page Common Sense Medical Adviser, illustrated.

The Sleep Irresistible.

"Whoever sits down," said Dr. Solander to his company among the hills of Tierra del Fuego, "will sleep, and whoever sleeps will wake no more." The brave doctor and his men had tramped a considerable distance through the swamps, when the weather became suddenly colder and fierce blasts of wind drove the snow before it. In a short time the cold became so intense as to cause the most oppressive drowsiness. Dr. Solander was the first to find the inclination to sleep too irresistible for him, and he insisted upon lying down. In vain his companions entreated and remonstrated. He lay down, and when told that he would inevitably freeze to death answered that he desired nothing more than to lie down and die. One of the black servants lay down also. Solander declared himself willing to go on, but begged to be allowed to sleep first, and in a few minutes the two men were in a profound sleep. Soon after, those who had been sent forward to kindle a fire returned with the welcome news that the fire awaited them at a short distance. The men happily succeeded in awakening Solander, who, although he had not been asleep five minutes, had almost lost the use of his limbs, and the flesh was so shrunken that his shoes fell from his feet. It was with much urging and assistance that he consented to go on, but all attempts to rouse the black man were futile, and he was left to die.

The Great Rat Dance of 1874.

During the fall of 1874 rats became a serious menace to the farmers of Jackson county, Kan., and one night at a meeting of the literary society in the Coleman schoolhouse it was proposed to organize a hunt. Sides were chosen, and it was agreed that the losers were to pay for a supper and a dance. Three weeks were fixed as the limit of the hunt, but this was reduced to ten days when is was discovered that warm weather was making it impossible to preserve the tails, which were to be used in making the count. At the end of the ten days both hunting teams assembled at the schoolhouse with their tails and a count was made, with the result of showing 6,350 dead rats in total. More than 1,000 of these had been killed on the farm of G. W. McReynolds alone. After the count supper was served, and a dance followed until daylight. The affair is still known in local annals as the great rat dance.—Halton (Kan.) Signal.

The greater includes the less. Hood's Sarsaparilla cures scorfula, and may be depended upon to cure boils and pimples.

The most prompt pleasant and perfect cure for Coughs, Colds, Asthma, Bronchitis, Hoarseness, Sore Throat, Croup, Whooping Cough, Quinsy, Pain in the Chest and all Throat, Bronchial and Lung Diseases.

The healing anti-consumptive virtues of the Norway Pine are combined in this medicine with Wild Cherry and other pectoral herbs and Balsams to make a true specific for all forms of disease originating from colds.

Price 25c. and 50c.

STAGE CLINTS.

Fred C. Whitney will "feature" Amelia Summerville in comedy next season.

It is stated that Marcus Mayer will manage Olga Nethersole next season in America.

There will be 16 organizations started out this season under the direction of Charles Frohman.

Arizona Joe's Black Hawk company is one of the most successful companies now touring in England.

In the recent Independent theater performances of Ibsen's "Ghosts In London" Courtenay Thorpe made a powerful impression.

Marie Wainwright will be seen in vaudeville houses next season. A few months ago she was deprecating vaudeville in an interview.

Kirk La Shelle has secured control of a new comedy called "A Bachelor's Honeymoon," which will be used to open Hoyt's theater, New York.

Anna Held will return to America early in October and reappear in New York in "La Poupee." Her contract with Hammerstein is for two years.

Henry Irving's son, Lawrence, has written a play around Peter the Great. The "governor" will produce it at his theater in London, December, 1897.

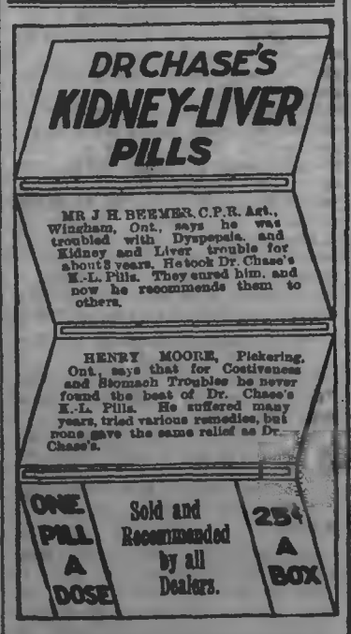
Although Mme. Janauschek has spent half her life in America, she still owns a house in Darmstadt, Germany, where she has lately been visiting relatives.

Winfield Conger has leased the southern rights of his latest comedy drama, "The Heart of Bohemia," to George Klimt, for the Klimt-Hearn company.

Carlotta Addison, sister of Mrs. Henry M. Pitt, will have a prominent part in the new play, "The Tree of Knowledge," at the St. James theater, London.

To Write on Glass.

The easiest way to write or paint on glass is to take a solution of fish glue and distribute it with a soft brush over the surface of the glass. Of course the solution must be carefully filtered, and when it is applied to the glass pane the glass must be held over a stove or lamp in a slanting direction to allow the surplus solution to flow off and to dry thoroughly without streaking. When the pane has been prepared in this way, it is ready to write or paint upon. Even writing of microscopic minuteness can be applied to the prepared glass surface without the danger of the ink running. On this surface colors, india ink and any kind of pigment may be employed. —Crockery and Glass Journal.



DR CHASE'S
KIDNEY-LIVER
PILLS
MR J H BEEMER, C.P.R. Art., Wingham, Ont., says he was troubled with Dyspepsia, and Kidney and Liver trouble for about 8 years. He took Dr. Chase's K.-L. Pills. They cured him, and now he recommends them to others.
HENRY MOORE, Pickering, Ont., says that for Costiveness and Stomach Troubles he never found the best of Dr. Chase's K.-L. Pills. He suffered many years, tried various remedies, but none gave the same relief as Dr. Chase's.
ONE PILL A DOSE
Sold and Recommended by all Dealers.
25¢ A BOX

If your druggist has not got it, we will send it prepaid. Address INDAPO CHEMICAL CO., 3 Temple Chicago, Ill. or any Agents SOLD by James Lynch, 363 Hunter St., PETERBOROUGH, ONT.

CAMILLA.

Strike your guitar, fair Camilla, and sing the
wild song you are dreaming.
Let the lithe fingers fly swift o'er its strings,
for your dark eyes are beaming—
Beaming with faraway fancies, Camilla, that
plead for expression.
Only thy vibrant guitar is attuned for the
sacred confession.

Now Camilla's fair fingers are plucking in
rapture the palsating strings,
And her faraway eyes are intent on the scene
and the story she sings—
Singing her song of Felipe, her hero intrepid
and true;
Singing his praise and recounting what deeds
for her love he would do.

See the wild race after cattle, the broncho's
wide nostrils blood red!
Hear the hello of the herder Felipe, who
dashes ahead!
Hist, how the lariat sings as it flies o'er the
horns of a steer!
See the wild plunge and the horse standing
firm! Hear the bellow of fear!

Then, on the trail of Apaches, who leads the
long marches by night?
Who but Felipe would dare to press on o'er the
mesa to fight?
Who but Felipe sits firm in his saddle when
rifles ring out in the dark?
Coolly he levels his weapon. The bullet flies
true to its mark.

Such is the song sweet Camilla is singing with
gaze far away;
Such is the song, for she knows not how long
her Felipe will stay—
Knows not that lone in the waste of the sage-
brush her master lies, slain.
Ah, sweet Camilla, thy songs for Felipe the
fearless, are vain!

—Charles A. Keeler in "The Land of Sunshine."

Do You Want Consumption

Are you really looking for it? Inviting it? Then pay no attention to your hacking cough, and your weak throat. You can prevent it, though. Take Scott's Emulsion early, when the cough first begins.

Piles! Piles! Itchin Piles.

Symptoms—Moisture intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumour. All druggists or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia. Lyman Sons & Co Montreal wholesale agents.

No Matter

No matter how obstinate the cough, how severe the cold, Norway Pine Syrup will cure and cure quickly. No other remedy equals it in curative power over throat and lung troubles.

One Lala-Liver Pill every night for thirty days makes a complete cure of biliousness and constipation. That is—just 25 cents to be cured.

An agreeable Laxative and Nerve Tonic. Sold by Druggists or sent by mail. 25c., 50c. and $1.00 per package. Samples free.

KO NO The Favorite Floss Powder for the Teeth and Breath, 25c.

Captain Sweeney, U.S.A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cts. Sold by Druggists.

SHILOH'S CURE.

THIS GREAT COUGH CURE promptly cures where all others fail. For Consumption it has conclusively cured thousands, and will cure you, if taken in time. Price 25 cts., 50 cts., $1.00.

NOTICE TO "AGRICULTURAL" POLICY HOLDERS.

The British America Assurance Co. having re-insured the business of the Agricultural Insurance Co. before it with drew from Canada, assuming thereby to pay all losses which might occur under their policies, it is very important that all changes to be made in said policies be reported at our office, as we are the only authorized Agents.

COX & DAVIS.

Free Trial To Any Honest Man

The Foremost Medical Company in the World in the Cure of Weak Men Makes this Offer.

HEALTH AND ENERGY ASSURED. HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

In all the world to-day—in all the history of the world—no doctor nor institution has treated and restored so many men as has the famous ERIE MEDICAL CO. of Buffalo, N. Y.

This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.

So much deception has been practiced in advertising that this grand old company now for the first time makes this startling offer:—

They will send their costly and magically effective appliance and a whole month's course of restorative remedies, positively on trial without expense to any honest and reliable man!

Not a dollar need be advanced—not a penny paid—till results are known to and acknowledged by the patient.

The Erie Medical Company's appliances and remedies have been talked about and written about all over the world, till every man has heard of them.

They restore or create strength, vigor, healthy vigor and new life.

They quickly stop drains on the system that sap the energy.

They cure nervousness, despondency and all the effects of evil habits, excesses, overwork, etc.

They give full strength, development and tone to every portion and organ of the body.

Failure is impossible and age is no barrier.

POINTERS ON DAIRY METHODS

SUMMARY OF THE PROCEEDINGS OF THE DAIRYMEN'S CONVENTION.

What the Discussion Brought Out—Interesting Reading for Cheese Factory and Dairy Patrons.

To the Editor of the Examiner:

A voice from the Eastern Dairyman's Convention held on Jan. 11, 12 and 13 at Lindsay. It was said that $1700 dollars was paid into the funds as one-half of the fines made throughout the districts covered by the instructors of the Association against patrons of cheese factories for sending dishonest milk, and one of the instructors, Mr. Putello, for 1897 reported that he had taken in over $950 during the past season for similar offences. The above means a good deal of dishonesty, unpleasantness and injury to reputations. It seems strange why patrons of cheese factories would rather put up with all this than introduce the proper and better system of payment, namely by the fat system or by the Babcock test. D. Derbyshire, of Brockville, President, said the paying by weight of milk was as though two neighbours had a beef each to sell, one worth $75 and the other worth $50, but simply to be neighbourly or to prevent any disturbance in the community, when they return from market they divide the $125 equally between the two. As 100 lbs. of 4 per cent. milk will make about one and a half to one and three-quarter lbs. of cheese more than a three per cent. milk, it is easily seeing there is considerable truth in Mr. D. Derbyshire's statement, besides doing away with all the offences of skimming and watering milk and consequently all fines.

As far as I understand Peterborough County is not behind in the introduction of the fat system of dividing dividends among patrons, as last season there were seven of the cheese factories that paid by this system, and three of these added the "two per cent." to the fat reading which Prof. H. H. Dean, of Guelph, Ontario Agricultural College has said to be some little fairer as a basis of payment than that of the fat system as obtained by the fat reading alone. Prof. Dean has been putting this fat system to the test quite thoroughly for the past four years and his experiments all go to show that the more fat milk contains the more cheese will it make if all other conditions are favourable. His four year's experience with the experiments made during those years goes to prove that the fat system with or without two per cent. addition is much fairer than paying by weight alone, still he also advises the addition of two, to the fat reading as more nearly absolutely equal to the value of different milks for cheese making. And the experiments as published by the department go to show this. However I find in practical work this with the variations in ordinary factory work means very little; in the most extreme cases it would mean only about three per cent. over or under the fat system alone.

It was maintained by one of the speakers that a cow "coming in" in November with plenty of good food and proper stabling and attention will give at least 2000 lbs. more milk in her season than a cow "coming in" in the spring with equal attention. If this is the case 2 000 lbs. of winter milk would be worth about $16 00 counting both better and skim milk. It is from plenty of food, while a cow is milking, that the profit mainly comes and hence the longer time she continues to give milk the greater will her profit be. The greatest profit will be from the fewest cows that will consume the good you may have produced in a year.

It was said that a small silo full of good corn ensilage would be better for summer food than cutting green corn or soiling (that is feading out food) in any other way. It would seem to me that many farmers could improve the quantity of milk very much by a little forethought for the season of the year when pasturage is scarce and the proper attention to cows at such times would prevent the habit of dropping off so much in the flow of milk during summer months. My opinion is that if a cow is allowed to fall off for two or three seasons in succession at the beginning of her time as a milch cow that the habit will become fixed in her to do this, even if better attention should afterwards be given. Habit becomes fixed in animal nature as we may easily see. It was said that a ton of corn at the tasseling stage has only 186 pounds of food that a cow can digest for the supplying of milk or beef, while in the glazing stage it has 360 lbs. of such food. This being the case, all farmers should see about getting a variety of corn that will reach that stage by cutting time. Eighteen tons of corn per acre, you see, may mean comparatively little food if not cut at the proper period of its maturity—at tasseling stage it would mean 3,348 lbs. of cow food, and at the glazing 6,108 lbs. of cow food.

A cornfield after having the crop taken off should be sown to oats and peas so that it may not lose by washing during the fall and winter season. It is the humus of the soil that holds the substances of fertilizing quality. These are made soluable by the fall rains and thus washed out. This is only following the natural course of things, as nature soon covers a piece of land made bare by any means.

A heifer should not be allowed to have her calf suck her even once, so that she would not know what it meant, and hence it would be more easy for her milker to gain her motherly affections. It is a well-known fact that cows are greatly influenced in the quantity of milk they give by the winning of their affections by their milkers. Milkers who cannot control their hands and feet cannot control the milking qualities of a cow.

It did not pay to allow a manure heap to ferment or heat as by so doing its plant food constituents are liberated in the form of gas, and are thus practically lost to the farm. If we lose money from our our purses it seems serious but not so much so as if lost in the way mentioned above. It is lost in many ways similar to the above every year and no effort made to prevent it.

Mr. John Gould, of Ohio, said that skim-milk is worth, when fed with corn or similar foods, fully 35c per one hundred pounds. It should not be fed alone to pigs as they only can digest about one half of what they will drink. It's a matter of economy to feed other foods with it, such as will agree with the animals fed.

It was strongly recommended that the farmers breed cows of more definite milking qualities. It said that a mongrel cow of good milking qualities may produce her likes one in three years, while a thoroughbred will produce her likes six in ten. It would appear as though much improvement might be made along this line in this section, for too many look upon one cow as about as good as another, but when applied to a horse or a dog breed is important to quite an extent—it certainly is very important in a cow, and of more practical importance. It was also said that crossing much weakens the prepotency of any breed; it certainly is easy to see that this is very reasonable.

Professor Saunders, of the Ottawa Farm, showed by a chart the results of growing the following grains as regards the impoverishment of the soil, giving the value of plant food taken out of the soil by the different crops at commercial prices. Or a farmer selling the grain that should grow on an acre would sell off his farm plant food to the value of, in oats, $10.68; wheat, $9.71; Indian corn, $23.30; turnips, $14.90; mangolds, $15.98; carrots, $13.91; potatoes, $6.75; and in a ton of hay $14.58. So anyone may easily see at what rate the value of a farm is being sold away if none of it is being replaced, also the economy of feeding upon the farm the grain grown, say nothing of the profit gained otherwise by feeding plentifully. It is said that in selling a ton of butter less than one dollar's worth of plant food is sold off the farm.

England imported more value in butter than in cheese, and Canadians should supply a much greater per cent. of it. We supply not more than 2 per cent. at this time.

The Banner Oat was one of the best varieties for yield of the many grown upon the experimental plots upon the farm. There is as much in species in grain as breed in animals.

The average cow in Canada and the United States only produced per year 3,000 lbs. of milk. That average should be increased easily to 6,000 lbs., but no one can do it by kicking the cow. To do this you feed a milch cow, well fed for 12 months in every year by a man who has faith in and sympathy for a cow. I am pleased to say that some of the cows of Peterborough County are coming near to this, if not quite up to it.

Silos were upheld by the speakers in the strongest terms as indispensable to profitable dairying. It is the only right way of storing corn for winter or summer use. The stave silo was the kind recommended as cheap and satisfactory. While a cover surrounding it is to be preferred, yet they will work nicely without it in Ontario was the experience of the speakers. It was said that the frost would not harm it to any considerable extent.

Winter dairying was strongly recommended by the speakers as profitable; also that it is now a fact beyond dispute that cows will produce milk ten months without any difficulty, but not without plenty of good food.

STEWART R. PAYNE.

BLOOD AND SKIN HUMORS

Afflicting a Whole Family. Speedily Cured by CUTICURA.

Statements Sworn to Before the Clerk of the Supreme Court.

My wife had spots on her limbs, just above the ankles, five small pimples that began to enlarge, and soon developed into eating ulcers of the indolent type, which, despite all remedies and our efforts to cure them, grew worse and worse, and at the end of three months had become very bad, two of them having eaten to the bone. At that time we began to use CUTICURA remedies, and with two bottles of RESOLVENT, one box of CUTICURA, and one cake of CUTICURA SOAP, they were cured sound and well in about two months. The scars are there to-day as living witnesses of the severity and extent of the ulcers.

I also was afflicted the same winter with popular rash, from which I could not rest day or night. My skin became in a very bad fix when I began using CUTICURA remedies. I used them for about one month and was cured.

My little baby girl, when about ten months old, was afflicted with eczema, her limbs from her knees down were one solid sore from which she suffered greatly. We tried several remedies which only aggravated them, before we began the use of the CUTICURA remedies, in which case three used a complete cure with, no spots of the disease.

A. A. MCLARTY, J. P., Winn, Ga.

Sworn to and subscribed before me this twenty-ninth day of November, 1897.
[L. S.] E. H. JAMES, Clerk Sup. Court.

SPEEDY CURE TREATMENT for Every Kind of Blood and Skin Humor.—Warm baths with CUTICURA SOAP, gentle applications of CUTICURA (ointment), the great skin cure, and mild doses of CUTICURA RESOLVENT, greatest of blood purifiers and humor cures, cure when all else fails.

Sold throughout the world. Potter D. & C. Corp., Sole Props., Boston. "How to Cure Skin Diseases," free.

SKIN

Linseed and Turpentine are not only popular remedies, but are also the best known to medical science for the treatment of the nervous membranes of respiratory organs. Dr. Chase compounded this valuable Syrup so as to take away the unpleasant taste of turpentine and linseed.

Mothers will find this medicine invaluable for children, it is so pleasant to take, and will positively cure Croup, Whooping Cough and chest troubles.

Bank of British North America Report.

London, March 2.—The half-yearly report of the Bank of British North America, presented at the meeting held yesterday, shows a net profit of £39,485. A dividend of 25 shillings per share was declared, making a five per cent. distribution for the whole year, and placing £1,000 to the reserve and carrying forward £3,797.

The report was concurred in and unanimously adopted.

Belgian Royalty for Canada.

Bremen, March 2.—The North German Lloyd steamer Kaiser Wilhelm der Grosse sailed from this port yesterday for New York, via Southampton, taking among her passengers Prince Albert of Belgium, nephew of King Leopold and heir-apparent to the throne, who is to make an extensive tour of the United States and Canada.

A Concession by Canada.

Washington, D.C., March 2.—The Secretary of the Treasury has received through the British Ambassador information that the Canadian Government would hereafter allow American vessels to carry merchandise from one port in Canada to another.

Purely Commercial.

London, March 2.—The Pekin correspondent of the Times says the Anglo-German loan contract is purely commercial, free from political conditions, and will be advantageous both to China and to foreign trade.

Manitoba Elevator Burned.

Sydney, Man., March 2.—O'Reilly's elevator, containing 13,000 bushels of wheat, 3,000 of this stored for farmers, was burned to the ground yesterday. The elevator was owned by James Richardson & Son, of Kingston, Ont.

Bernabe Sails for New York.

Gibraltar, March 2.—Senor Louis Polo y Bernabe, Spanish Minister to the United States, sailed for New York yesterday.

Have You Neuralgia?

If you suffer its agonies, and fail to get a remedy, we want you to try Nerviline. Its action on nerve pain is simply marvellous. Nerviline is the most pleasant and powerful remedy in the market. Try it.

Milburn's Sterling Headache Powders are easy to take, harmless in action and sure to cure any headache in from 5 to 20 minutes.

Mrs. T. S. Hawkins, Chattanooga, Tenn. says: "Shiloh's Vitalizer saved my life. I consider it the best remedy for a debilitated system I ever used." For Dyspepsia, Liver and Kidney trouble it excels. Price 75 cts.

C. B. ROUTLEY

379 GEORGE STREET.

NAPOLEON'S LAST WORDS.

The Dying Thoughts of the Man Whom Europe Feared.

On his deathbed Napoleon expressed his conviction that England would end like the proud republic of Venice.

With perfect composure he gave his last directions: "I desire that you will take my heart, put it in spirits of wine and carry it to Parma to my dear Marie Lonise. You will tell her that I never ceased to love her and relate to her every particular respecting my death upon this miserable and dreary rock. You will tell my mother and family that the great Napoleon expired in the most deplorable state, deprived of everything, abandoned to himself and to his glory, and that he bequeathed with his dying breath to all the reigning families of Europe the horror and opprobrium of his death."

The second codicil of his will contained the direction, which was afterward complied with, "It is my wish that my ashes may repose on the banks of the Seine, in the midst of the French people, whom I love so well."

On the 5th of May, 1821, he who had for years kept all Europe in a state of feverish excitement terminated his earthly career.

After lying in state two days the body was deposited in a coffin composed first of tin lined with white satin, which, having been soldered, was inclosed in another of mahogany, a third of lead, and the whole in a fourth of mahogany secured with iron screws. After the ceremony an enormous stone was lowered over the body, resting on a stone wall so as to escape the coffin.

On the 12th of May Louis Philippe commanded that the ashes of Napoleon be conveyed to France. In his communication he said: "Henceforth France alone will possess all that remains of Napoleon. His tomb, like his fame, will belong to none but his country."

At 11 o'clock, Dec. 15, the first cannon was heard announcing that the remains of the emperor had reached French ground. Amid the vast assemblage the body was borne by 24 seamen to its last resting place in the Hotel des Invalides.

So closed the eventful career of the great Napoleon, whose memory can only perish with the records of the world. —Detroit Free Press.

—Booth's oysters 35 cts.—"Spot Cash."

Appendixless Appendicitis.

The staff of a medical institution in this city were nonplused a day or two since when they undertook to perform an operation for appendicitis. After a careful and minute search among the contents of the abdominal cavity no appendix could be found. There was inflammation and adhesions and all sorts of trouble with other organs, but appendix there was none, and so no appendicitis. This, however, is not likely to interfere with the appendicitis business, for there were lots of other superfluous things which, in the absence of an appendix, were removed, and the desired result was obtained.—Portland Oregonian.

A Compromise.

"I don't suppose," said the wife, "that you mailed those letters I gave you today, John."

"No," said John cheerfully, "but I did those you gave me last week, my dear."

Sometimes policy and honesty go hand in hand.—Cincinnati Commercial Appeal.

During the last year no fewer than 10,000 school children were taught to swim by instructors employed by the London Schools Swimming association.

The gossamer iron made at Swansea, England, is so thin that 4,800 plates are needed to make an inch in thickness.

—Booth's oysters at the "Spot Cash" only. The price is no more but the quality is better than other fellows sell you.

Queer Heart Feeling.

Queer feelings in the heart are daily complained of by multitudes of people—don't know the cause, but it makes them nervous irritable and unfit for either work or pleasure. Mr. B. A. Ross, Alma Craig, Ont., explains it. He says: "It came from la grip. I was irritable, worried, dizzy, short of breath and such a queer feeling in my heart that I thought I would give up the ghost. Milburn's Heart and Nerve Pills changed all this, and I am free to-day from all these troubles."

Economical

Three teaspoonfuls will make a good cup of Tea for six People.

Even if by using double the quantity of tea, one can get the strength yet no amount will produce the fine flavor. Bulk teas lose their fine qualities through evaporation, but Ram Lal's Pure Indian Tea comes in air tight packets.

EYE, EAR, NOSE AND THROAT.

OFFICE:

Corner George and Murray Sts PETERBOROUGH.

A MAJORITY OF SIX SEATS

Assured the Government by the Latest Returns.

MUSKOKA AND TWO ALGOMAS.

Mr. Loughrin Re-Elected in Nipissing—Two Nurses Doubtful—Government Has 49 Members Out of 93—Changes Made by the Latest Returns—50 Government Members in a Full House.

Toronto, March 3.—A majority of six seats is assured the Government in the next House. Later returns make some slight changes in the list of results as published yesterday, the net result of which is to the advantage of the Liberals, with a chance of further advantages to come.

West Wellington, Patron.
Russell—Vacant.

South Renfrew, which was placed erroneously in the Conservative column, was carried by Mr. R. A. Campbell by a majority of several hundred. Nipissing, too, which was conceded to the Conservatives yesterday, though intimating the possibility of Mr. Loughrin's election, has remained true to the Liberal party. On the other hand, a loss is to be counted in one of the Ottawas, Mr. O'Keefe, the late Liberal member, having been found on a revision of the figures ten votes behind Mr. Powell. This leaves the Government in possession of 48 straight supporters, with an election yet to be held in a strong Liberal constituency, and an independent supporter in the person of Mr. Beatty, who defeated the Conservative candidate in Parry Sound. This makes a total of 50 Government supporters, and leaves the Conservatives with 43 seats and the Patrons with one, a clear majority of six, and in this count all the doubtful seats are placed in the Conservative column. They are West and South Huron and North Toronto. In the case of West Huron the majority against Mr. Garrow is but one, and it is understood one poll in the riding is in dispute. In South Huron both parties claim success, and in North Toronto the result is so close and there were so many "tendered" ballots that Mr. Marter cannot be sure of his seat until the ballots have been subjected to a scrutiny. Indeed, at one time yesterday there was a widespread impression that Dr. Dewart had been elected, an error having been discovered in the returns, the correction of which gave him a clear majority, but later on, to the regret of Dr. Dewart's hosts of friends, it was found that the error consisted only of the transposition of returns in a couple of subdivisions which had not affected the total.

East and West Algoma and Muskoka, which are all more or less uncertain on the night of election owing to the nature of the constituencies, have all declared for the Government. Mr. Conmee has secured a magnificent majority in West Algoma, while Mr. Farwell and Dr. Bridgeland are safely seated according to the latest reports. Dr. Bridgeland in particular deserves congratulation on his victory in Muskoka, a riding which has stayed with the Conservatives through several Parliaments. The victory was achieved by the candidate's splendid campaign and his high personal popularity, few men through the huge riding being so well known and fewer still so well liked as the popular Bracebridge physician.

Ministers in Town.

The election was the sole topic of conversation around the Parliament buildings yesterday. In the afternoon a Council meeting was held and was attended by all the Ministers, excepting Mr. Ross. Mr. Gibson took his defeat good-naturedly. He refused to discuss the matter with the press, and had nothing to say, except that votes had defeated him. Mr. Dryden was equally philosophical, saying that he felt more for the disappointment of those who worked so hard to secure his election than for his own defeat. In fact, he said he rather welcomed a return to private life. The duties of a Minister were arduous, the demands many, the rewards meagre and the task a thankless one at best. He had often felt that he would like to drop out if he could do so in an honorable manner, and the opportunity had at last presented itself. Premier Hardy was very busy all day long and could see no one.

SPEAKER EVANTUREL'S POSITION.

He Denies the Rumor That He Was to Join Mr. Whitney's Cabinet.

Montreal, March 3.—Hon. F. E. A. Evanturel, Speaker of the Ontario Legislature prior to the late dissolution, says the Herald, was greatly pleased when the final announcement showed Mr. Hardy to have been sustained by a working majority, although he was sorry to learn of

HON. F. E. A. EVANTUREL.

the defeat of Messrs. Gibson and Dryden. Mr. Evanturel expressed the opinion that Russell would elect a Liberal, and said he would be surprised if the result in Nipissing did not show the election of Mr. Loughrin the Liberal candidate, when the full returns were in. He felt sure that his French-Canadian friends in the Province of Ontario had stood by Mr. Hardy. Referring to the rumor that he was to be called to the Cabinet by Mr. Whitney in the event of that gentleman's election, Mr. Evanturel said he was very glad the Herald had, in a recent article, denied the existence of any such probability. He had been annoyed by the publication of the rumor, and had set himself to find out its origin. He learned that a young Montreal advocate, who had been campaigning in Eastern Ontario, had presumed upon the fact that Mr. Evanturel was not opposed in Prescott, and had sought to impose upon the electors by letting it be thought that it was because of the good will of Mr. Whitney that no opposition was made to the Speaker's re-election. The Conservatives assiduously cultivated the idea that as Speaker Mr. Evanturel was as favorable to one party as to the other. In this way the rumor was evolved that there was an understanding between Mr. Whitney and Mr. Evanturel. He did not blame them for making what capital they could out of his election by acclamation, although it was scarcely fair to treat his name so lightly as was being done.

LATEST RETURNS.

Some Telegraph Figures Which Seem to Settle Points in Dispute Yesterday.

Glengarry — MacPherson has 1,472. McDonald has 1,903. MacRae has 568.

Dundas—Whitney's majority in Dundas is 187.

West Huron—Complete returns and careful re-count give Beck (Con.) 3 majority.

Muskoka—Dr. S. Bridgland (Lib.) elected by 41 majority. Final returns.

Parry Sound—Beatty (Ind.) majority 783, with 20 places to hear from, which will probably increase it.

Hon. A. S. Hardy's majority is as follows: Brantford city 166, Brantford township 178, Burford 103, Oakland 80; total majority for Hardy, 527.

East Algoma—Farwell (Lib.) majority 280, with 31 places to hear from. His election conceded by about 150 majority.

West Algoma—Latest returns show Conmee (Lib.) elected by small majority. Three polls to hear from, which will increase it.

The revised figures of the Ottawa election are as follows: Lumsden (Liberal) 4,775; Powell (Conservative) 4,585; O'Keefe (Liberal) 4,529; Slattery (Conservative) 3,948.

South Huron—Reports conflicting and result in some doubt. So far Eilber (Con.) has a majority.

West Wellington—Official count, Tucker (Pat.), 1,912; Scott (Lib.), 1,683. Tucker's majority, 229.

Protest in Kingston.

Kingston, March 3.—A protest, it is announced, will be filed against Hon. W. Harty for bribery and corruption. A warrant for John Skelton for personation has been issued.

Engineer Hutchison Is Dead.

Hamilton, Ont., March 3. — Thos. Hutchison, engineer of the G.T.R. express train which crashed into a freight train near Burlington, died at the General Hospital last evening from his injuries. His fireman, Clark, is pretty low, but slight hopes for his recovery are entertained. Both men were terribly scalded. Hutchison lived on Hughson street south, and had been on the G.T.R. for 25 years. An inquest will be held.

Stableman Fatally Burned.

Cobourg, March 3.—About 3 o'clock yesterday morning fire was discovered in Dr. Moore's livery stables. It was soon under control, and little damage was done to the building or contents. Wm. Dorris, an employe of Dr. Moore, was asleep in the office when the fire originated, and is so badly burned that he cannot live many hours.

Bonus Voted for a Factory.

Montreal, March 3.—At Ste. Therese yesterday a bonus of $30,000 was voted by a large majority of the people to George A. Woods, Louis Cleghorn, William Hocking and Alfred S. Peachy, of the Minerva Manufacuring Company of Toronto, to erect their new factory in the village.

Charcoal Gas Killed Him.

Niagara Falls, Ont., March 3.—Last evening car repairers at the M.C.R. Montrose yards found a man dead in a car of potatoes that had arrived. The man, whose name proved to be John Nagel Field, from Gaylord, Mich., who was in charge of three cars of potatoes, for the purpose of keeping up the fires, had evidently gone into the car where he was found and started a charcoal fire and fell asleep, and the fumes of the fire smothered him. His friends were communicated with, and are coming to take back his remains.

Disgusted With Alaska.

Nanaimo, B.C., March 3.—The steamer Oregon arrived from Skaguay and Dyea, Alaska. She had a number of passengers who are returning home disgusted with Alaska. Before the Oregon left Skaguay seventeen deaths from cerebral spinal meningitis were reported. In twenty-four hours Dr. O. B. Estes of Astoria, Ore., who was a passenger on the Oregon, predicts that the number of deaths will soon run into the hundreds.

Two Alleged Robberies.

Quebec, March 3.—Detectives Walsh and Fleury arrived in town last night from St. Valier with the two prisoners who entered the house of Lemelin of St. Raphael, assaulting him and compelling him to hand over the sum of $300 which he had in the house. The inhabitants, about fifty of them, surrounded the house to which they ran into for shelter, and kept them till the detectives arrived. They are two Canadian-Americans, and hail from Putnam, Connecticut. They give the names of Jourdain and Bell. They pleaded guilty to the charge brought against them, but stated that they were not the perpetrators of the hold-up of Mr. Le Francois in Quebec last Saturday night.

PAIN IN THE HEART.

Too serious a condition to neglect.

A Guelph harness maker tells how he was cured.

Mr. Wm. Dyson, the well known saddler and harness maker of Guelph, Ont., makes the following statement: "I heartily re-

commend Milburn's Heart and Nerve Pills to anyone suffering from nervousness and heart trouble. They are a splendid medicine for such complaints. For a long time I was afflicted with nervousness and pain in my heart, which was especially severe at night, often destroying my rest. These pill's cured me and invigorated my nervous system which is now strong and healthy. They restored restful sleep besides removing the distressing heart pains which formerly gave me so much anxiety and trouble."

Milburn's Heart and Nerve Pills 50 cts. a box 3 for $1.25, sold by druggists or sent by mail. T. Milburn & Co., Toronto, Ont.

Laxa-Liver Pills cure Constipation.

Daily Examiner.

THURSDAY, MARCH 3, 1898.

LILY LAKE LITERARY SOCIETY.

From Our Own Correspondent.

The regular meeting which was very largely attended, was held on Thursday evening. The president took the chair at the usual hour, and after much interesting business the following programme was rendered:

Secretary's report	
Critic's report	Critic
Reading	Mr L Downer sr
Song	Mr Jas Storey
Reading	Mr T Downer
Instrumental	Mouthorgan band
Recitation	Valley Tully
Reading	Lee Dowser
Recitation	Mrs G A Redd
Instrumental	Merton Storey
Paper	Editor

God Save the Queen.

Critic for next night, Mr. B. Middleton. A very interesting debate, viz: "Resolved that the Trent Valley Canal will be of use to the country," will be held next night. Don't fail to come out and hear it.

HELLO! DYSPEPTICS!

Read the Good News for Yourselves and Your Wives.

Dodd's Dyspepsia Tablets Will Make You Well—They Positively Cure Dyspepsia, Indigestion, etc.—Test Them—They'll Cure and Convince You.

Every wife wants her husband to love her. But many husbands don't love their wives. Sometimes the wife is to blame. More frequently the husband is at fault.

But, in the vast majority of cases, the fault lies with neither. IT IS THE HUSBAND'S STOMACH.

A dyspeptic can't love his wife as he ought to love her. He can't love anybody. His misery is so great that he can't think of anything else.

And right here is the wife's opportunity. Here's where she can win her husband's love.

The way to a man's heart lies through his stomach. This is doubly true with dyspeptics. Cure your husband's Dyspepsia then, and gain his heart.

There's one way—only one—to do this. Give him one or two of Dodd's Dyspepsia Tablets, after each meal, and his Dyspepsia will vanish in a couple of weeks.

This is truth, indisputable truth. Dodd's Dyspepsia Tablets will cure the worst case of Dyspepsia, Indigestion, Biliousness, Sour Stomach, Waterbrash, Foul Breath, or any other stomach disease—except Cancer.

If you don't believe it—test them. They'll convince you by curing you.

The small, brown tablets that go with every box of Dodd's Dyspepsia Tablets, are to cure constipation, which nearly always attends Dyspepsia and Indigestion. They regulate the bowels, Dodd's Dyspepsia Tablets digest the food, and strengthen the stomach. Together they cure any stomach trouble—except Cancer. Test them and prove it.

Dodd's Dyspepsia Tablets, full double treatment in every box, are sold by all druggists, at fifty cents a box, six boxes $2.50, or will be sent, on receipt of price, by the Dodd's Medicine Co., Limited, Toronto.

How to Keep Well.

Without regular action of the bowels good health is impossible. LAXA-LIVER PILLS regulate the bowels, cure constipation, dyspepsia, biliousness, sick headache and all affection of the organs of digestion. Price 25c. All druggists.

Cook's Cotton Root Compound

Is the only safe, reliable monthly medicine on which ladies can depend in the *hour and time of need.*

Is prepared in two degrees of strength.

No. 1 for ordinary cases is by far the best dollar medicine known—sold by druggists, one Dollar per box.

No. 2 for special cases—10 degrees stronger—sold by druggists. One box, Three Dollars; two boxes, Five Dollars.

No. 1, or No. 2, mailed on receipt of price and two 3-cent stamps.

The Cook Company, Windsor, Ontario.

No. 1 and NO. 2 Sold in Peterborough by John Nugent, Druggist.

THE POPE IN GOOD HEALT .

Replied in Good Voice to Congratulations Tendered on His Birthday.

Rome, March 3.—The double anniversary of the birthday and coronation of Pope Leo XIII., who was crowned in the Sistine Chapel on March 3, 1878, was begun yesterday. His Holiness was born on March 2, 1810. He was in excellent health when he received the congratulations of the high prelates in the throne room, and replied in a strong voice. He recalled the demonstrations upon the occasion of his sacrodotal and pontifical anniversaries, and protested against the outrages aimed at this enthusiasm, which had been allowed to be committed, adding that it was painful that while the aspirations are faithful towards Rome, the sacerdotal metropolis and depository of divine oracles should be wilfully misrepresented. But, continued His Holiness, in order to console the Papacy for these outrages, God had increased the love of the multitudes for the Papacy in Rome and throughout the entire world.

His Head Smashed In.

Montreal, March 3.—At an early hour yesterday morning a tragedy was discovered to have been enacted in a house at the east end of Demontigny street, where a man named William Coe, aged 60 years, was found dead in his chair with his head smashed in. John Nesbitt, a day laborer who also lived in the house, has been arrested, charged with the deed, and his sister-in-law states that the murder was the outcome of a drunken row.

LEITER BUYING MAY.

Wheat Advances Again Despite the Efforts of the Bears—Futures Higher in England Local Prices.

Wednesday Evening, March 2.

Bacon is lower in Liverpool.
Cheese is down 6d in Liverpool.
Corn is firmer on the spot market.
Puts on May corn 30½c, calls 30¾c.
Puts on July wheat 90¼c, calls 92¼c.
Leiter is picking up May wheat at March figures.
Wheat advanced from ½c to 1c at American centres.
The Argentine wheat crop has been damaged by heavy rains.
Heavy purchases of May wheat in Chicago and Minneapolis.
Wheat futures closed firmer and higher in England, as did also maize.

Leading Wheat Markets.

Following are the closing prices to-day at important centres:

	Cash.	May.
Chicago	$1 08¼	$1 06⅛
New York	1 06⅝	1 01⅜
Milwaukee, No. 1 North	1 03	1 04
St. Louis	0 99	1 01
Toledo	1 00	0 99¾
Detroit	0 98½	0 98⅛
Duluth, No. 1 Northern	1 00	1 00
Duluth, No. 1 hard	1 00½	....
Toronto, red	0 98	....
Toronto, No. 1 hard	1 00	....

Toronto Grain and Produce.

FLOUR—The market is dull, with exporters not inclined to buy. Straight rollers are quoted at $4.10 to $4.15 in barrels, middle freights.

WHEAT—The wheat market is brisker, with fair offerings. Buyers were not inclined to pay over 86c to 87c west for red winter. Spring is offered at 87c to 88c on Midland. No. 1 Manitoba hard is dull and weak, being quoted at $1.09 North Bay and at $1.06 Midland.

BARLEY—The market is unchanged, with No. 3 extra quoted at 37c west, and feed at 34c west.

OATS—The demand is limited, and prices are weaker. Sales of white were made at 29c to 30c west, and at 31c on Midland. Mixed quoted at 29c west.

PEAS—The market is quiet and prices firm. Sales were made at 56c west and at 57c to 57½c east.

BUCKWHEAT—The market is unchanged, with cars quoted at 35c west and 36c east.

RYE—The market is unchanged, with sales outside at 50c to 51c.

CORN—The market is firmer. Car lots quoted at 32c to 33c.

BRAN—The demand is good and prices firm. Bran is quoted at $12.50 middle freights and shorts at $13.50 middle freights.

OATMEAL—The market is firm, with car lots quoted at $3.70 in bags on track.

Toronto St. Lawrence Market.

The receipts of grain were fairly large to-day, 6100 bush being received.

Wheat unchanged; 1000 bush sold as follows: White 84c to 84½c straight, red 92c to 93c standard and goose 86c to 87c per bushel.

Barley steady, 37c to 44c for 3000 bush.
Rye, 53½c to 54c for 500 bush.
Oats steady, 800 bush selling at 34½c.
Peas, 800 bush sold at 55c to 61c.
Hay, 30 loads sold at $8 to $9.50 per ton.
Straw, $6 to $7 per ton for four loads.
Dressed hogs, prices firm at $6 to $6.20 per cwt.

East Buffalo Live Stock.

East Buffalo, March 2.—Cattle—Receipts, three cars. The market was strong for good medium steers and butchers' stock.

Hogs—Receipts, 20 cars. Market about steady up to noon, when a stronger feeling prevailed. Good to choice Yorkers, $4.20 to $4.25; prime selected light Yorkers, $4.20 to $4.25; mixed packers' grades, medium weights and heavy hogs, $4.20 to $4.25; roughs, $3.60 to $3.80; stags, $2.75 to $3.10; pigs, $3.25 to $4.

Sheep and Lambs—Receipts, 25 cars. The market was slow from the start, and buyers and sellers were generally apart in their views, with the result that the latter were obliged to concede to a full decline of a nickel on lambs and stronger for all but prime handy sheep. Native lambs, choice to extra, $5.75 to $5.85; fair to good, $5.50 to $5.70; culls to common, $5 to $5.40; yearlings, common to choice, $4.75 to $5.75; native sheep, choice to selected wethers, $4.75 to $4.90; good to choice mixed sheep, $4.40 to $4.65; common to fair, $4 to $4.40; culls to common sheep, $3.25 to $3.90.

British Markets.

Liverpool—Close—Spot wheat firm; futures steady at 7s 10½d for March, 7s 5¾d for May and 7s 2d for July. Maize easy at 3s 4¾d for March, 3s 3¾d for May and 3s 3¼d for July. Flour, 23s.

London—Close—Wheat on coast quiet and on passage nothing doing. Maize on passage easy.

Paris—Close—Wheat, 27f 70c for Aug. Flour, 61f 20c for May.

OF INTEREST TO MEN.

The attention of the reader is called to an attractive little book lately published by that eminent Expert Physician, C. H. Roberts, M. D., 253 Woodward Ave., Detroit, Mich. This book is one of genuine interest to every man and its plain and honest advice will certainly be of the greatest value to any one desirous of securing perfect health and vigour. A request a free and sealed copy will be complied with, if addressed as above and the Peterborough EXAMINER mentioned.

IN FAVOUR OF DODD'S.

W. F. Hill, of Strathroy, Testifies for Dodd's Kidney Pills.

Strathroy, Feb. 28.—The evidence of W. F. Hill, Caradoc street, in the case of Dodd's vs. Disease is being heard, before the full court of the sovereign here.

Mr. Hill stated that, speaking from his own experience, he would say positively that no other medicine on earth, besides Dodd's Kidney Pills, would cure Kidney disease.

In reply to the judge's question, he said he had suffered intensely for several years. Doctors could not help him. Neither did any medicine but Dodd's Kidney Pills.

Three boxes of this wonderful remedy cured him completely.

The judge remarked that so far the evidence was overwhelmingly in favour of Dood's Kidney Pills.

Caps or Crowns.

Whether the head wears a cap or a crown headache will come. Burdock Blood Bitters cures all forms of headache. It is a curative for rich or poor.

"I suffered with terrible violent headache but B.B.B. cured me before I had finished the fourth bottle."

SLOAN'S INDIAN TONIC

Cures Constipation, Sick Headache Indigestion, and Dyspepsia; clears the Skin and insures a Beautiful Complexion.

Mrs. J. W. Beaven, of Hespeler, says:

"I was troubled with constipation for many years, in fact, it was my only enemy and was very distressing. I tried a great many pills and patent medicines, but received no relief until I tried SLOAN'S INDIAN TONIC. It helped me at once and effected a complete cure I have recommended it to a great many people, and believe in every case it has given satisfaction. Every spring I procure it from Mr. Phin, our druggist here, and think it an ideal blood purifier and system *tonic.*"

Merrit Wilse, of Belmont, writes:

Please find inclosed post office order for $1, for which send 1 bottle of Sloan's Indian Tonic. We think it an excellent medicine.

Mrs. Margaret McIntyre, of Walacetown, says:

I have had a bottle of Sloan's Indian Tonic and believe it has cured my liver. I have not yet used one bottle, and I have now no pain or ache so far, so I consider it my duty to recommend it to all whom I know need it. You can use my name if you wish in recommending it. I was ailing over thirty years, and my age is seventy-three.

Price $1, or 6 for $5.00. All Dealers or Address

THE SLOAN MEDICINE COMPANY, of Hamilton, Limited.

—THE— LONDON MUTUAL —IS— Canada's Popular Company.

The amount of Insurance in force with the three big Mutual Companies, at end of 1896, was as follows:

LONDON MUTUAL	$50,757,086
Waterloo Mutual	25,920,721
Gore Mutual	13,255,821

YOU MIGHT AS WELL BE IN THE BEST.

PETERBOROUGH, 10th March, 1896.

Messrs. Cox & Davis, Peterborough:

GENTLEMEN,—I thought I would drop you a note and let you know that the way Mr. McInnes, Inspector of the London Mutual, settled my loss was very satisfactory, and if I can send you any one to insure I will do so.

Yours truly, (Signed) PATRICK MURPHY.

PETERBOROUGH, 22nd Oct., 1896.

Messrs. Cox & Davis, Peterborough:

DEAR SIRS,—I am deeply indebted to you and your Company for the quick and good settlement of my loss on household furniture, etc., which happened night before last, and for the payment of same by cheque this day.

Yours truly, (Signed) MRS. ANNIE MARSHALL.

Mr. Richard Anglesy, of Smith, who had his barn and contents burned, says that Mr. McInnes, Inspector London Mutual, acted like a man that wanted to do the square thing between man and man, and settled his loss right.

COX & DAVIS, Agents.

HOUSE OF COMMONS.

The Proceedings Were of a Somewhat Breezy Character.

LORD STRATHCONA'S MESSAGE.

It Was Declared Private by the Premier, Who Replied to an Attack Upon Him—He Can Defend His Own Honor—The Standing of Hamilton Smith in Question.

Ottawa, March 3.—The proceedings of the House of Commons were yesterday redeemed from the commonplace by a discussion of more than ordinary breeziness. It was precipitated by the announcement of the Premier's determination not to lay on the table the communication he sent to Lord Strathcona, and which elicited the statement that Hamilton Smith in his Yukon Railway proposition did not represent the Rothschilds. Sir Wilfrid Laurier had promised that his message to the High Commissioner would be brought down, but to-day he intimated that as it was of a private and confidential nature he was not permitted to place it before the House. The Opposition stormed at the Government, and made accusations of broken pledges, endeavoring the while to exalt the reputation of Mr. Smith for veracity and to vindicate his financial standing. Sir Louis Davies made the direct accusation that Mr. Smith is a prevaricator, and quoted the correspondence between himself and the Government and between the Premier and Sir William Van Horne in support of the charge. This subject having been talked out, the House returned to the Yukon debate proper, which, it is expected, will be concluded to-day. It is proposed to go into committee on the bill on Friday.

Private Bills Introduced.

The following private bills were introduced:

Respecting the Dominion Building and Loan Association—Mr. Maclean.

Respecting the Canadian Accident Insurance Company—Mr. Sutherland.

Respecting the Toronto Board of Trade—Mr. Maclean (for Mr. Osler.)

Information Dispensed.

Mr. Sifton, replying to Mr. McInnes, said correspondence had taken place in reference to United States troops passing through Canadian territory, but he did not think it was in the public interest to bring it down at present. He understood the proposed relief expedition had been abandoned.

Mr. Sifton informed Mr. Davin that 12,262,562 acres of land in Manitoba are reserved for settlement, and 83,170,272 acres in the Territories.

Mr. Tarte informed Mr. Clarke that the amount of liability incurred for work done in improving Toronto harbor between Jan. 1, 1897, and Jan. 1, 1898, was $16,936, all of which had been paid.

Dr. Borden informed Col. Prior that the Cadets who joined the Royal Military College in 1896 had been amalgamated with the class which joined in 1895, but the two classes were entirely distinct. Ten Cadets passed into the graduating class this year; it was the intention after July 1 to offer commissions in the Royal Canadian Artillery to graduates of the Military College.

Mr. Sifton informed Mr. Alexander that William Ogilvie's report of Dec. 9, 1896, was received at the Department on Feb. 27, 1897; and those of Jan. 11 and 22, which tell of the wonderful gold discoveries on the Klondike, on March 1.

Mr. Taylor (for Mr. Davin) asked a question which embodied certain correspondence between Mr. Davis, M.P., and Mr. A. E. Forget, Indian Commissioner.

Mr. Sifton said that the question seemed to him much like a stump speech. He did not know whether Mr. Davis, who had written the letter, was the member for Saskatchewan. Dr. Orton had been dismissed from the service of the Government because he was unfit for the position of medical attendant to the Indians.

Mr. Sifton, replying to Dr. Sproule, said the gentleman who in the course of a casual conversation had mentioned to him that Mr. Hamilton Smith would call upon him for the purpose of discussing a railway to the Yukon, was Sir William Van Horne. As far as he could recollect, the conversation took place between the time of his return from the West and Dec. 20 last, in his office in the Langevin Block. Sir William Van Horne did not go into any particulars, and they did not discuss the merits of Hamilton Smith's proposal.

Sir Wilfrid Laurier said he could not present to the House his telegram to Lord Strathcona, as he had promised yesterday. The reply of Lord Strathcona was the result of a private and confidential communication to the High Commissioner, asking him to ascertain what was the alleged agency of Hamilton Smith as regards the Rothschilds, and if any such agency existed.

Sir Charles Tupper, when he rose to protest, said:

"I think the right hon. gentleman should at least say who made any such allegation. The Premier is aware that Mr. Hamilton Smith stated in his communication to the Government that no application had been made on behalf of the Rothschilds, and I naturally ask, when a telegram sent to the Government was given to the public intimating that the Rothschilds had not authorized Mr. Hamilton Smith to make any statement in their behalf, what every fair-minded man in this House would say was a proper enquiry, that we should be furnished with the question that was asked Lord Strathcona, and the right hon. gentleman gave a pledge to me across the House that it would be laid on the table to-day. I ask that that pledge be implemented. I say the right hon. gentleman is bound to honor, and in the discharge of the pledge given to the House yesterday, in regard to what appears on the face of it to have been a misrepresentation on the part of this Government to the High Commissioner in London.

The Premier Replies.

Sir Wilfrid, in reply, upbraided Sir Charles Tupper for making stump speeches in the House. "The first question he asks me is," said Sir Wilfrid, "who was the first to allege that Mr. Hamilton Smith was the agent of the Rothschilds; where did the allegation come from? My plain and simple answer is that the allegation came from the whole of the press which supports the hon. gentleman: The Ottawa Citizen, the Mail and Empire, the Hamilton Spectator, the Montreal Gazette, and every other Opposition paper."

"More than that," he continued, "three-fourths of the Opposition members said the same thing in the House. That was what justified him in ascertaining whether or not the statement made, not so much by Mr. Hamilton Smith as by gentlemen opposite, was true. He had therefore enquired privately of Lord Strathcona about it, and if he did not choose to lay that private communication before the House he had the precedent for it of Sir Charles Tupper, who when leading the House in 1896, having sent commissioners to Manitoba to make certain proposals in regard to the school question, read in the House the answer of the Greenway Government, but refused to bring down the communication which had brought that answer forth. In the face of that precedent," said Sir Wilfrid, with increasing warmth, "the hon. gentleman, forgetting his position, dares to say that I owe it to my honor to bring down a certain statement. Sir, I am here to say that I am a guardian of my own honor. I am willing at all times upon matters political to receive advice, but upon any question which affects my honor I have no lesson to receive from the hon. gentleman."

The debate was continued by Messrs. W. F. Maclean, Sir Louis Davies, Ives, Fisher, Sir C. H. Tupper, Hon. Mr. Sifton, Borden (Halifax), Gibson (Lincoln,) Powell, Fraser (Guysboro), Bell (Picton), McMullen, Taylor, Pope, Clancy and Quinn, after which the subject was dropped.

The Yukon Bill Debate.

The debate on the Yukon Railway bill was resumed by Mr. McDougall (Cape Breton). Mr. McDonald of Huron also spoke.

The House adjourned at 12.15 a.m.

LAXA-LIVER PILLS

..CURE..

TORPID LIVER, CONSTIPATION, SICK HEADACHE, AND DYSPEPSIA.

Mr. Newton Cossitt, of the firm of H. H. Cossitt & Bro., Brockville, Ont., says: "I have used Laxa-Liver Pills myself, and my family have also used them. They are the best laxative we have ever used, being free from the griping peculiar to most laxative pills."

Sold by all Druggists at 25c. a Vial or 5 for $1.00.

A BARRIE WONDER.

W. Barton Got Health and Strength From Dodd's Kidney Pills.

Barrie, Feb. 21.—The case of Mr. T. Johnston, of Osborne, excites wide-spread interest here, as Mr. Johnston is well-known here, and the published report of his case is known to be true.

But William Barton, of Barrie, claims to have been a still worse case than Mr. Johnston. Mr. Barton was afflicted with Bladder trouble for many years.

Doctors and medicines utterly failed to relieve him. His sufferings were almost beyond human endurance.

At length he tried Dodd's Kidney Pills. As in scores of other cases in Barrie, a cure followed in astonishingly short time. Six boxes were all he used. But they gave him perfect health and manly strength.

Blood That is Bad.

Blood that is bad makes the whole body sick. Blood that is good makes the whole body healthy and vigorous. Burdock Blood Bitters makes good, rich, ruddy blood. "I regard B. B. B. as the best medicine in the world to make rich, red blood. It cured me after two years suffering from weak, thin blood." Jennie A. Gleason, Centreton, Ont.

Dr. Low's Pleasant Worm Syrup removes worms of all kinds from children or adults.

How to Cure all Skin Diseases."

Simply apply "Swayne's Ointment." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for Swayne's Ointment. Lyman Sons & Co., Montreal, wholesale agents.

LAWYER FOLEY COMMITTED.

Very Strong Evidence Against Him at the Magistrate's Court.

Paris, Ont., March 3.—C. M. Foley, the lawyer arrested two weeks ago on charges of fraud, he having appropriated to his own use over $50,000 of his clients' money, was brought up for hearing before Police Magistrate Powell in the Town Hall here yesterday afternoon. P. D. Crerar of Hamilton conducted the prosecution, and George Wells of Simcoe appeared for the defense. Foley pleaded not guilty to all the charges. The evidence showed that Foley had had the entire confidence of his clients, many of whom had handed over their money to be invested in various ways, only getting Foley's receipt for the amount, and in many cases even this was not obtained. Bogus mortgages and receiving money to pay off mortgages, which were never discharged, had evidently been his chief means of swindling, witness after witness telling the same story of paying money to Foley either to lift a mortgage or to take on investment, and which can now be traced no farther than Foley's pocket. Bail was refused and he was committed to stand his trial at the Spring Assizes.

German Warships to Be Ready.

Berlin, March 3.—The Budget Committee of the Reichstag yesterday adopted, in accordance with the Government proposals, section 1, paragraph 1, of the Naval bill, fixing the number of ships to be held in readiness for service as follows: A flagship, 18 battleships, 12 large cruisers, 30 small cruisers, eight coast defence ironclads, and 18 gunboats, besides torpedo boats, schoolships and small gunboats.

The Budget Committee, with the concurrence of the Government, has accepted the amendments of Dr. Lieber, the leader of the Centrist party, modifying the septennate proposals. The Centrists are understood to prefer a compromise to fighting the Government, seeing that the country favors the naval bill.

THE ONLY HOPE!

For Victims of Bright's Disease is Dodd's Kidney Pills.

Not a day passes on which the newspapers do not record the death of one or more persons from Bright's Disease. Already its victims number hundreds of thousands. Day by day the awful total grows larger. No class is safe from this destroyer.

War and intemperance, with all their miseries and fatalities, are not responsible for as many deaths as have been caused by Bright's Disease. Yet, there is a way of resisting it; of drawing its poisoned fangs, and making it as harmless as a summer breeze. That great medicine, Dodd's Kidney Pills, has cured thousands of the worst cases. It never fails to cure, hopeless as the case may seem.

Would you safely shield your loved ones from the fatal grip of this curse of mankind—Bright's Disease? Then use Dodd's Kidney Pills, the only cure on earth for this disease.

High-Grade Cemetery Work

AT A MODERATE PRICE.

The element of permanence which attaches to the erection of any memorial to the dead renders it highly desirable that no mistake be made in the selection either of design or of materials.

A mistake is a serious matter. Let us help you to make a right decision. Our specialty is the erection of monuments which are unique without being grotesque, and artistic without being over-decorated.

We manufacture from all first-quality granites, and as WE SELL DIRECT TO CUSTOMERS, we save the latter all agents' profits. Then, too, there is a decided advantage for the buyer in dealing with one responsible firm for both the manufacture and the setting of a monument.

All our work is guaranteed, NO CHARGE being made if not strictly according to contract. Write us for designs and estimates.

THOS. DREW, C. R.

St. Luke's Church Notes.

On Friday evening in St. Luke's church, Ashburnham, at 8 p.m., the second lecture will be given on "The Life of St. Paul," and on Sunday evening the second sermon of the course entitled "Types of Christian Service." All seats free at all meetings and services during Lent.

Kidd, the shoe man, quotes prices: Ladies first quality wool lined rubbers, 25c; a lot of infants shoes and slippers, were from 20 to 50c, now reduced to 15c a pair; any ladies slipper in the house, 60c; any Oxford tie, $1; fine button boots (new style,) were $1.65, now $1.25; in fact every thing must go in the next 30 days. Remember the place, 405 George street.

Foresters Committee Meeting.

There was no meeting of the Executive Committee on the High Court reception last night. Every member of the committee is requested to attend on Tuesday evening in the Foresters Hall, Simcoe street, to wind up the business. By order of the chairman.

—Quaker Oats, Spot Cash Grocery Co.

Another C. P. R. Cut.

The C. P. R. has made a special cut in rates between Peterborough and Toronto. The rates, which go into effect at once, are $1.35 to Toronto from Peterborough, or $2.10 return. Exceedingly low rates have also been made from Toronto to Lindsay, Millbrook, Port Hope, Omemee, Stirling, Campbellford and Hastings.

King of Entertainers.

The engagement of that king of entertainers, Harry Ramsay, by the Lacrosse Club will give the citizens a treat, indeed, on Wednesday and Thursday of next week. Not to know of Harry's capabilities argues yourself unknown. Ask the wheelman who attended the Wanderer's Concert in Memorial on Good Friday, what they thought of Harry's impersonations.

BRADBURN'S OPERA HOUSE.

Most popular attraction of the Season. The Ramsay Entertainment Co., under the auspices of Lacrosse Club. 2 nights, Wednesday and Thursday, March 9th and 10th, when Mr. W. H. Ramsay, the prince of high class entertainers, will make his first appearance here. This will be the best event in the Opera House this year. Prices 10c, 20c and 30c. Seats on sale at Ormond & Walsh.

GOVERNMENT'S CLEAR MAJORITY IS FIVE

OVER ALL THE PARTIES IN THE HOUSE.

Doubtful Constituencies Go Right—Liberals, 49 Seats Which Russell Will Make a Straight Half Hundred—Conservatives, 43.

The latest returns make the political situation right side up. The total number of Liberal seats is 49, with Russell to be added, as it will doubtless be on March 8th. On nomination day the returning officer became snow-bound and could not reach the place for nomination and no nomination was held on Feb. 22. The election will held on March eighth and there is not much room for doubt that the Liberal will be elected, as the Liberal majority at last election was 789. The Conservative seats number 43, which include the two Hurons, which are still in doubt and may, one of them at least, go Liberal. The present standing of the parties is as follows:—

Liberal	49
Conservative	43
Patron	1
Vacant (Russell)	1
	94

THE WAR OF RATES.

The C.P.R. Contends That the Grand Trunk Began the Cutting of Rates.

The rate war between the C.P.R. and the Grand Trunk, goes on at a merry rate. Mr. C. E. Usher, passenger agent of the C.P.R. has issued a circular in what he purports to show by means of an affidavit that the Grand Trunk began the cutting of rates on Feb. 19th, by offering to sell a ticket to Vancouver, via Grand Trunk and connections, at half price if the party would keep his mouth shut. The circular also contains a letter purporting to show that a Grand Trunk passenger agent advised a person to go by Grand Trunk and connections, and to outfit at Seattle for the Klondyke.

The responsibility for the situation that exists is, in one sense, a matter of indifference to the public, who are now enjoying the benefits of what seems to be a very costly suit of warfare to the two great companies.

PERSONAL.

Evangelist Banton is now holding revival meetings in Belleville.

Mr. Richard Clegg, of Ingersoll, who has been in town since Monday, visiting relatives, left yesterday for a trip East.

Miss Maud Macfarlane, Homewood avenue, left yesterday for Winnipeg, after a three months visit with her parents.

Rev. F. H. Hartley, of Toronto, who has been in town for the last few days, is in Lakefield to day, and returns to Toronto this evening.

The following from the Cobourg Sentinel-Star of Feb. 21st, refers to a lady who will take part in the Catholic Association Concert on March 17th: "Mrs. John McCabe, of Grafton, was a great surprise to many. Although known to a large number in the neighborhood as a vocalist, she has not sung here for years until last Monday night and she charmed the audience by her expressive rendition of "When the Flowing Tide Comes In," by Millard, and "The Kerry Dance." She was deservedly encored. It is a pity Mrs. McCabe does not appear more often before the general public.

Mr. W. A. Buchanan has severed his connection with the Review, as reporter, to accept a position on the staff of the Imperial Life Insurance Co. Mr. Buchanan has been for five years on the staff of the Review and in that time has formed a connection and acquaintanceship with all classes of citizens, which taken in connection with his genial personality, and his energetic and industrious disposition, will qualify him for giving excellent service to the Imperial Life, in whose interests he is associated with Mr. W. G. Morrow. Mr. Buchanan's many friends will wish him every success in his new departure.

WOMEN'S DAY.

The Annual Services in this Connection Held in St. John's Church.

The annual "Woman's Day" services were conducted yesterday by Rev. F. H. Hartley, of Toronto, in St. John's Church. There was a large attendance of women in both the morning and afternoon.

The addresses of the reverend gentleman were of a very practical nature, dealing with woman's life and needs.

Cabinet photographs $2.00 a dozen at A. Cunningham & Co.'s, 170 Charlotte street.

New goods arivring daily from our own Tailor Shop, Dundas. Grafton & Co.

Lenten Services at All Saints.

Rev. Mr. Hartley gives the address at the Lenten service in All Saints church to-night at 7.30. The second sermon in the course for Sunday evenings on "What the church has and yet has not" will be preached by Rev. Mr. Armitage on Sunday evening next.

Friday's "Spot Cash" Specials.

Fresh eggs per doz., 15c.
Fresh smelt, 3 and 4 lbs. for 25c.
Granulated sugar, 20 lbs. $1.00.

Soaps, starch, pickles and sauces at prices to entice every economical housewife and every cash buyer. American money accepted at par in exchange for groceries. Spot Cash Grocery Co., 359 George street. Alex. Elliott's old stand.

Monday Night's Attraction.

In the "Man in the Iron Mask," dramatized from the great novel by Alexander Dumas, the Toronto Opera House has one of the best staged stories ever presented at popular prices. The dual role of Louis XIV and Gaston, twin brothers, was ably played by Donald Robertson, who won recognition for his artistic work in the leading American cities. With Miss Brandon Douglas in the role of Marie D'Ostranges, the drama lost none of its attractiveness, and the efforts of the various members of the company were appreciated by the audience. It is an interesting story well staged and should be seen to be appreciated. Secure your seats early; plan is now open.

—Umbrellas, 15c. to 50c., "Spot Cash Cash

AT THE HYMENEAL ALTAR.

The Nuptials of Miss Isabella Mitchell and Mr. Charles McCall.

A very pretty wedding came off last evening March 2nd, 1898, at the residence of Mr. Robert Mitchell, Downer's Corners, Otonabee, when Mr. Charles McCall, of Emily, was united in matrimonial bonds to Miss Ada Isabella Mitchell. The ceremony was performed by the Rev. J. E. Moore, Ph. B., pastor of the Mark street Methodist Church, in the presence of about one hundred guests. Miss Hattie McCall, sister of the groom, performed the duties of bridesmaid, while Mr. Herbert G. Mitchell, brother of the bride, acted as groomsman. Little Miss Girvin, of Salem, performed the functions of maid of honour, presenting the bride with a beautiful bouquet of natural flowers. The brides and her maids were beautifully attired and the scene was charmingly beautiful. After congratulations the company sat down to an excellent repast of everything to tempt the appetite. A very large number of valuable and costly presents expressed the high esteem in which the bride is held by her many friends. The newly wedded pair will take up housekeeping in the township of Emily.

OFF FOR BOSTON.

In an Endeavour to Recover that Hundred Dollars which he Advanced.

Mr. Lem Felcher left last night for Boston, having received word that the horse dealer who tried to "do" him out of $100 had been run to earth there and was under surveillance.

The man, it will be remembered, was passing through to Boston with a carload of horses in bond from the west, and while waiting over here to water and feed his stock, borrowed a hundred dollars on drafts which he issued on a Boston house. The drafts proved worthless and Mr. Felcher, who cashed them here, placed the case in the hands of a firm of detectives who traced the horses to the consignee in Boston, and the rest was easy.

Mr. Felcher proposes making it warm for the horse dealer.

CHANGE IN BUSINESS.

Mr. C. B. McAllister Buys out the Consolidated Milling Co.

Mr. C. B. McAllister, of town, who purchased the Lakefield flour mill some time ago, and has had it running night and day for months past, has taken possession of the Consolidated milling Company's mill in Ashburnham, and hopes to make it as successful. Messrs. P. M. Clark and S. Munro, the active members of the company, who have been operating the mill for some years past have decided to go to the Klondyke with the Peterborough party, and on Tuesday last a bargain was struck with Mr. McAllister, and the fine property was sold to him. This mill is fitted up with the most improved machinery and is so situated as to make it one of the best milling properties in the province, and Mr. McAllister will no doubt operate it to its full capacity.

—Booth's oysters 35 cts.—"Spot Cash."

QUASHED THE CONVICTION.

A Fifty Dollar Fine Which Will Have to be Refunded.

On the 12th of February Mr. Joseph Armstrong of the Bodega, was convicted before Police Magistrate Dunbie of selling liquor to a person apparently under the age of 21 years, and fined $50 and costs. From the conviction he appealed to Judge Weller and to-day the appeal was heard before His Honour.

Mr. Haverson, of the License Holders' Association, appeared for Mr. Armstrong, and Mr. Edwards, town solicitor, for the prosecution.

Mr. Edwards thought the appeal should be tried on the evidence taken before the magistrate. His Honour preferred to hear the witnesses and the case was tried again by calling the witnesses.

Simmons, to whom the liquor was supplied, was examined. He is a young man five feet eight, and of corresponding weight. His father gave his age as twenty next April. The license inspector proved the defendant a licensee. He admitted the young man was not apparently under twenty years. Constable Adams made the same admission.

After argument by counsel His Honour allowed the appeal and quashed the conviction.

—Booth's oysters at the "Spot Cash" only. The price is no more, but the quality is better than other fellows sell you.

NICHOLLS' HOSPITAL.

Report for the Month Ending Feb. 28th, 1898.

Physicians in attendance on private patients—Drs. King, Carmichael, Greer, Scott and Brown.

CHILDREN'S AID SOCIETY.

The board of management of the Children's Aid Society wish to return publicly their sincere thanks to Mr. W.H. Manning for a generous contribution to the funds of the Society.

The thanks of the Society are also due to Mrs. J. B. McWilliams for another dollar added to the $5 already contributed by her.

—E. Welsh is head quarters for oysters, 30c. 40c. and 50c. per quart. Boss Muskinoge, Pickerel, Salmon, Whitefish, Pike, Finnan Haddie, 7c. per lb., Fresh Water Herrings, 25c. per dozen. Telephone 262.

THANKS TO THE ELECTORS.

To the Electors of West Peterborough:

GENTLEMEN:

Owing to my absence in Toronto yesterday on important business, I was unable to sooner take the opportunity of congratulating my friends and supporters upon the magnificent victory of Tuesday, to which their combined exertions and faithful work so largely contributed. On my own part, and on behalf of the Hardy Administration, which has again been undoubtedly sustained in the contest just closed, I hereby heartily extend thanks to all who have in any way great or small contributed to the result in this riding. When all so cordially co operated in extending me so hearty a support, it might be considered unfair to particularize, but I must be permitted to especially recognize the enthusiastic and effective support contributed by the faithful workers on the several committees in town and country. They worked nobly and it was to their self-denying and intelligently directed efforts that a large share of credit of the splendid result is due. While thanking my Liberal friends for their united and hearty support, I do not forget that my thanks are due to a large number of broad-minded, independent Conservatives, who, anxious for the best interests of Peterborough, gave me their support on higher grounds than those of mere party consideration, for it is largely to the independent support I have received that much of my success in this contest has been due. I have to thank the ladies who have cheered myself and those working in my behalf by their moral support and sympathy. I have to thank the young men who have worked like veterans, and the veterans who have worked like young men. I have to thank the staunch members of the Liberal party who have stood by me true as steel. In a word, I desire to thank all who have in any way, even the slightest, contributed to the accomplishment of the great victory which all friends of good government rejoice in. I desire to say to those who felt it their duty to oppose me, that I respect their honest convictions, and I wish to repeat what I have often said before, and have always tried to live up to, that I will in the future as in the past, strive to show that in my representative capacity I consider myself the representative, not only of those who supported me, but of every elector, irrespective of politics, in West Peterborough. Collectively thanking all classes, all interests and all individuals who assisted in my election,

I beg to remain,

Your obedient servant,

J. R. STRATTON.

March 3rd, 1898.

THE EAST SAFE AGAIN.

The complete majorities received in East Peterborough by Mr. Blezard and Dr. Ford respectively, give Mr. Blezard a total majority of 257. It is very gratifying to record such a result. Mr. Blezard has, for the sixth time, received the honour of the emphatic endorsation of the electors of East Peterborough. He has now the honour of being, aside from the Premier, Hon. Mr. Hardy, the oldest member of the Legislature, and he is well deserving, at the hands of his constituents, of the honour he has received of being returned for the sixth time to represent the important riding of East Peterborough.

THE BIRD AND DOG FANCIERS MEET.

ANNUAL MEETING OF THE POULTRY AND PET STOCK ASSOCIATION.

Election of Officers—The Dog Section Will Probably Withdraw on Account of the Manner in Which the Prize Money was Divided.

The Peterborough Poultry and Pet Stock Association met last evening in the town council chamber for the purpose of holding its annual meeting and winding up the year's business. The President, Mr. R. Cockburn, occuped the chair.

Secretary-Treasurer Collins presented his report, which showed a considerable shortage in the receipts under expenditure, but the society hopes to wipe out the deficiency next year.

A difficulty in regard to the division of the receipts between the dog and the poultry prize lists, created some trouble, as it appears the adherents of the two sections of the Association hold entirely different views in regard to the share of the receipts which was to go to each.

The dog men hold that it was understood that after the general expenses had been paid, 50 per cent. of the remaining monies was to go to each of the two sections to pay their prize money. In order to make sure that they would be able to pay all their prize money the Dog Show Committee reduced the number of classes for which prizes were offered to about half the number which was first calculated upon. This deduction, it was thought, would enable the bench show prizes to be paid, even if the poultry men were short, as the awards for the dogs did not aggregate by half the total of the monies to be given in prizes for poultry. When the division of the receipts came to be made the poultry men wished to divide the money in proportion to the size of the respective prize lists of the two sections, stating that this was their understanding of the agreement. After some discussion the poultry men, being in the majority, were able to carry their point and also decided to raise money on a note to meet the deficiency in the poultry prize list, allowing the bench show members to either pay a percentage of their prize money or raise the extra amount needed on a note of their own.

The dog men, not thinking that there was fairness in this decision, withdrew from the Association and declined to allow their names to be put up for office.

Officers were elected as follows:

President—H. C. Winch.
Vice-President—W. C. Rightmyer.
2nd Vice-President—John Robson.
Sec.-Treas.—Wm. Collins.
Directors—Jas. Baptie, John A. Davidson, H. Lash, Wm. Head, F. H. Goldie, J. E. Cullen, S. Milburn, G. Hayward and S. D. Rightmyer.
Auditors—Geo. E. Elliott and R. Cockburn.

If the Dog fanciers form an association of their own it would probably be better for all parties concerned, as it was the opinion of the judges who were here at the recent exhibition that next year the entire market building would be required for the Bench Show alone, and if the Ontario Poultry Show is held here in 1900, the coops would fill the hall to its limit, so that one building would be utterly inadequate to accommodate either the Poultry or Dogs.

—Oysters reduced in price. We sell Booth's Baltimore Oysters at 35c per qt. for Standards, and 45c for Selects until further notice. Spot Cash Grocery Co.

Out on the water in the moonlight. A more beautiful or romantic situation for a young man to tell the story of his love and ask the young woman of his choice to share his life cannot be imagined.

The courtship of a young couple may be ever so romantic and their married life be very unhappy. There are common sense considerations outside of love that have a world to do with the making of married happiness. One of the most important of these considerations is the good health of both parties to the sacred tie. The young man who is in the incipient stages of consumption commits a crime if he marries before he is restored to health. He condemns his wife to the life of a nurse and his children to early death, or lives of sickness and suffering. Dr. Pierce's Golden Medical Discovery cures 98 per cent. of all cases of consumption if taken in its earlier stages. This is its record established during the past thirty years. It is the great blood-maker, flesh-builder, nerve-tonic and general restorative.

The young woman who suffers from weakness and disease of the delicate and important organs that make wifehood and motherhood possible has no right to answer "Yes" to a young man's proposal until she is thoroughly restored to health in a womanly way. Dr. Pierce's Favorite Prescription prepares a woman for wifehood and motherhood. It makes her strong, healthy and vigorous where a woman most needs health, strength and vigor. Thousands of women have testified to its merits.

"My daughter," writes Mrs. N. A. Thomas, of Little Rock, Ark., "had been under a doctor's care for four years. Dr. Pierce's Favorite Prescription, which cured me, also cured her."

ng, and the mud was ankle deep. De Verisset appeared in uniform. One of my seconds remarked that he, like the rest of us, should have come as a civilian. He replied that he had been insulted as man and soldier, and that reparation was due to him as such. I made a sign to my second, and he did not insist.

"We took our places. It was a curious spectacle—a private soldier in his uniform facing his superior officer in mufti.

"The swords were crossed. The word was given. I watched his face with a feverish curiosity. In his eyes there was the same glare of the day before, the same indecision. Suddenly a strange smile appeared upon his lips—the smile of a broken heart—a smile I shall never forget though I live a hundred years. Quick as a flash he abandoned his guard, and, grasping my sword with his left hand, he hurled himself upon it. It ran him through the body. Uttering a hoarse cry, he fell backward. A bloody foam tinged his pale lips. A convulsive shudder ran over his body, another, then a groan. He was dead."

* * * * * * *

I listened with horror to his story. He noticed my looks, but went doggedly on:

"Of course I had not killed him—I had even resolved not to defend myself, and I quitted the army. But still I feel like a murderer; I feel as though I had committed a crime. When I think of that poor boy—loyal to his mother, bad though she was—slain in the first flush of youth, I feel like an assassin. And think of that

A PROSPEROUS INSTITUTION.

DOMINION BUILDING AND LOAN ASSOCIATION.

The Annual Meeting Held Yesterday—The Association's Affairs in a Very Encouraging Condition.

The seventh annual meeting of the shareholders of the Dominion Building and Loan Association was held in Toronto yesterday. The affairs of the company, as evidenced by the Manager's report and the report of the directors for the eight months ending December 31st, 1897, are extremely satisfactory. The Association's business during these eight months shows a continuance of its general prosperity. Its assets have increased $112,739 31, bringing them up to $1,275,616.43. This is greater than the average increase of previous years. The number of loans approved of during the period was greater than that of the whole of the previous year. The total earnings of the Association for the eight months amounted to $77,563.96, and, after making deductions for various running expenses, there was left available for distribution the sum of $61,358.34. The rate of earnings on the permanent stock has been greater than on any class.

Mr. J. R. Stratton, the President moved the adoption of the report, and complimented the Association on its excellent standing. The business had increased not only in volume, but in the standard of its excellence. The general feeling regarding loan companies had urged the directors to have a special examination of the Associations affairs for the past year, and the investigation had been as thorough as possible. The Board of Directors had obtained from the Dominion Government a special act authorizing the company to transact its business in every part of Canada.

As the permanent stock of the association is becoming so prominent, a change of name was recommended by the directors. It is proposed to call the association the Dominion Permanent Loan Company.

The company has every reason to be well satisfied with the whole of the report and with the past success of its affairs. Mr. J. R. Stratton, the President, has shown every care and interest in the Association. His election on Tuesday to represent West Peterborough by the magnificent majority of 1,000 is another evidence of the confidence felt in him by those amongst whom he lives, and, with the experienced services of the Manager, Mr. F. M. Holland, the company's prospects are very bright.

A full report of the meeting will appear in the EXAMINER to-morrow.

A CLOSE ELECTION.

The Toronto *Globe's* Remarks on the Present Situation.

This morning the Globe says.

The result of the elections creates a somewhat critical state of affairs. The Government is sustained by a small majority, but it is useless to ignore the fact that it has suffered severely. The result will not be regarded as very satisfactory by the electors who had hoped for a season of peace and rest from political strife. The closeness of the figures will add great interest to the re-counts and election trials, and a considerable crop of bye-elections may be expected. It is reasonable to suppose that the Government will gain and will increase its majority to a substantial figure. The very close majorities are, we think, without exception, Conservative.

We think the Government deserved a more cordial expression of the approval of the people, but we trust that what has happened will serve not to discourage its members but to spur them on to new efforts for the public welfare.

To come down to details, the latest returns at hand last night indicated the return of 47 straight Liberals and 44 Conservatives, including in the latter category Mr. Kidd of Carleton, who is sometimes classed as an "Independent Conservative." There is one Patron elected, Mr. Tucker, who was opposed by a Liberal, and whose leanings are Conservative. Mr. Beatty of Parry Sound is sometimes classed as an Independent Conservative, but in this election was opposed by the regular nominee of the party, and is really pledged to support the Government. If Mr. Tucker and Mr. Kidd were conceded to the Opposition and Mr. Beatty to the Government, the general result would stand 48 to 45, with an election in Russell still to be held. It is a close call, we freely admit, but we have no misgivings as to the ultimate result.

Politics in Newfoundland.

St. John's, Nfld., March 2.—Sir Herbert Murray, the Governor of Newfoundland, is awaiting instructions from the Colonial Office in London before signing the much-discussed contract with Mr. Reid.

Sir James Winter's Cabinet urges prompt signature, so as to include the contract in a bill for enactment by the Legislature, the contract being made provisional on enactment.

The Assembly adjourned yesterday, pending the action of the Colonial Office, and other measures are postponed until the result is known.

SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue, Pain in the Side, TORPID LIVER. They regulate the Bowels. Purely Vegetable.

SMALL PILL. SMALL DOSE. SMALL PRICE.

Hockey and Other Items of Local and General Interest.

HOCKEY.

One of the best matches of the season took place in the rink last night, when Peterborough's crack Colts defeated the Cobourg Collegiate Institute by 7 goals to 5. The large crowd thoroughly enjoyed the game, which was fast and clean throughout. The Cobourg team is a good one, having defeated Millbrook's O.H.A. team last week by 2 goals to 0. The Cobourg team was much older and heavier than the Colts, but the fast combination and splendid defence work of the latter told. There is not a weak spot on their team. Macdonald, although he has been unable to practice for three weeks, played a splendid game in goal. Eddie Graham did fine work at point and will undoubtedly develop into a great defence player. Harold Armstrong's fine play at cover was much admired. He worked hard all time and was always in his place. His long lifts on the Cobourg goal was exceptionally good. Too much cannot be said of the work of the forwards. McBain, Bradd, Crossley and Bradburn have worked up a combination hard to beat. They never let up and each one stuck to his man like glue. Their close checking broke up many a good rush of the Cobourg line. It is scarcely fair to particularise, for each one played a star game.

The visitors scored the first two goals in about 10 minutes, then the Colts woke up and in 2 minutes had made the score even. The Cobourg's got another, and just before half time was up the Colts scored, leaving score at half time 3 all. In the second half the Colts played with more confidence and scored 4, while Cobourg added 2, leaving the final result 7 to 5 in favour of Peterborough.

The teams lined up as follows:

Cobourg C I		*Colts*
Woods	goal	Macdonald
Hunt	point	E Graham
Field	cover point	H Armstrong
Pomeroy	forwards	H McBain
McCallum	forwards	S Bradd
Fowler	forwards	P Crossley
Hobart	forwards	F Bradburn

Referee—Ernie Wasson.

Mr. Ernie Wasson's refereeing was satisfactory to both teams.

Have You Neuralgia?

If you suffer its agonies, and fail to get a remedy, we want you to try Nerviline. Its action on nerve pain is simply marvellous. Nerviline is the most pleasant and powerful remedy in the market. Try it.

Busy Barbers.

Since the reduction in my prices for hair-cutting and shaving, trade has gone away up with a bound. Hair cuts for 10c. and shave for 7c. has come to stay at this shop, and

Glad are the smiles of our barbers
For the wave of pro-perity rolls
With gladsome and lively mazio
Through all th ir tonsorial souls;
And the grit and the grind of
The clippers are heard as the long-worn hair
As we mow from the heads of the
Hundreds the once honored pompadour hair.

Ladies Shampooing done and Switches and Bangs made to order and renewed. Natural Switches, 30 inches long, for $1.00. EDWARD LECLAIRE, formerly LeGros, 389 George st.

Rev. F. R. Hartley, of Toronto, Speaks on a Branch of the Subject.

The second in the special course of Historical lectures, was delivered in St. John's church last night, by Rev. F. H. Hartley, of Toronto, the subject being, "The persecuted church—St. Polycarp and Justin Marter." [illegible]

The lecturer gave most graphic descriptions of the life and death of those two saintly men who lived in the second century. He read extracts from Justin Marter's letter to Pliny, dated 140, A.D., in which the writer incidentally described the Communion service in use by the Church at that day. Mr. Hartley pointed out that the modern literature of the Church of England was almost exactly similar in its groundwork. The lecturer then described the causes which led to the Christians being so bitterly persecuted and showed how the Church was the gainer by her sufferings in increased purity in life.

He concluded with a few interesting remarks on the general history of the church, contrasting different characteristics of its different parts. The Eastern Church prided itself on its antiquity, the Roman Church on its discipline and the Anglican Church on its liberty. Each of these might be abused and he urged Churchmen not to allow their God-given liberty to degenerate into license, but to be loyally governed by the laws and the spirit of the Church.

HUMAN SACRIFICES

On the Altar of Diabetes. Saved by Dodd's Kidney Pills, Only.

Hardly a family in the country is free from Diabetes. Great thirst, failing sight, numbness in the thighs, bleeding gums, swollen ankles, emaciation, nervousness, pale or turbid urine, loss of sexual power, decaying teeth, pains in the loins or small of the back, are all positive signs that Diabetes is in the system.

Do you know how it ends? IN DEATH. A premature, horrible, agonized, pitiful death. The victim has no peace, no ease in life. His days are filled with tortures. His nights are waking dreams of agony. He longs to die, yet fears the terrors of his end. He dies, a bloated, fetid, repulsive mass of corruption. That is the only end of unchecked Diabetes. Dodd's Kidney Pills will cure it. They drive it out of the system thoroughly, create new, clean blood, rebuild the diseased kidneys, and restore robust health.

A TRAGIC DUEL.

Last year I went to Besancon to attend a friend's wedding. His bride was the daughter of one of the wealthiest and best known families in the city and the affair was a most brilliant one. When we were about quitting the table after the wedding feast, I felt a hand upon my shoulder. I turned. Before me stood a young captain of dragoons, a handsome, dashing fellow, with curly blond hair.

"You do not recognize me," said he, smiling.

"In truth," said I, hesitating, "I cannot remember"—

"I am Gustave Raisant, your old chum. Why, I remember well the first day you came to the school. You advanced toward me as I stood in the playground and said, 'Lend me some marbles.' I lent you some, and we became fast friends at once, and our friendship lasted for three years."

I grasped his hand warmly, and we at once began to talk over old times together. It is always with a certain degree of pleasure that one meets an old chum of school or college. So we exhausted the subject of school days and took up our present prospects. Gustave told me that his were excellent; he would soon have a commission as major, a lucky advancement for so young a man. When I prepared to leave, he accompanied me to the station, and after a cordial farewell we separated.

Months passed, and I heard no more of Gustave. Finally one morning I saw his name in the Journal Officiel and noted with pleasure that he had received his expected promotion. With his commission he had received orders detailing him to a garrison at Maubeuge, on the Belgian frontier.

One August evening I was taking a stroll in the Champs Elysees. It was a little after 9, and around me was the usual gay crowd of a summer night—promenaders by the hundred; merry people seated at the little tables in front of the cafes, smoking, drinking and chatting; to the left the Arc de Triomphe, its front hung with

ST. VITUS' DANCE.

This trouble usually occurs in the young. Irregular and involuntary movement of the arms, legs or head. Languidness, trembling of the hands. Sometimes older persons have it. In either case the surest, speediest cure is Dr. Williams' Pink Pills.

A MOTHER'S THANKS.

Her Child Suffered From St. Vitus Dance—Lost the use of Her Right Side and Almost Lost the Power of Speech.

Aylmer, Que., Gazette.

Of all the discoveries made in medicine in this great age of progress none have done more to alleviate human suffering than have Dr. Williams' Pink Pills. We suppose there is not a hamlet in this broad land in which the remarkable healing power of this favourite medicine has not been put to the test and proved triumphant. It is a great medicine and the good it has accomplished can only be faintly estimated. There are many in Aylmer who speak of Dr. Williams' Pink Pills in terms of praise, and among them is the family of Mr. John Smith, the well-known blacksmith and wheelwright. Having heard that his daughter, Miss

were gray hairs showing around his temples. Linking my arm with his, I said:

"Come, let's take a stroll."

"Willingly."

After we had walked some little distance I gave up attempting to make him converse. He seemed entirely destitute of interest in any topic that I might bring up, and plunged into melancholy.

"Come, come, Gustave," said I, "you have something on your mind, haven't you?"

He hesitated a moment, but finally replied:

"Yes."

"A love affair, I'll be sworn."

He was silent, and I repeated my somewhat brusque remark. There are some wounds that will not bear probing.

Suddenly he spoke.

"Listen," said he, "and I shall tell you the cause of my melancholy. Perhaps I am wrong to chafe under it as I do; perhaps you may give me some good advice. In any event, I shall tell you my story. Since I last saw you there has been a tragical event in my life. Oh, you have heard nothing of it. Thanks to the people at headquarters, the papers were silenced, and I won't bore you—my story isn't long, and," he added bitterly, "I think it is interesting. But it is old—the old story of the parents' sins being expiated by the children."

He knocked the ash from his cigar, and then he slowly told his story:

"Last June, as you may know, the reserve forces were ordered out for their yearly service. We had some of them at Maubeuge, where I had been stationed with the Fifty-sixth for a month. One morning I was about to start for Lille, on regimental business, in company with a brother officer of my regiment. We stepped into a large eating house to take a chop before the train left. It was a very large establishment, with marble tables around the room, and at one end was a long bar, where those with light purses were allowed to take refreshments. Our table was near the bar, and at the time we seated ourselves there was a long line of private soldiers and laborers drinking there. We talked of various matters, and my companion said:

"'Have you the son of any celebrity among your recruits?'

"'Yes,' said I, 'young Myrian, son of the well known painter, is in my command. And you?'

"'Well, I have the son of a celebrity, too, but of a different kind. It is young George de Ferisset.'

"'What, not the son of Mme. de Ferisset—pretty De Ferisset?'

"'The same.'

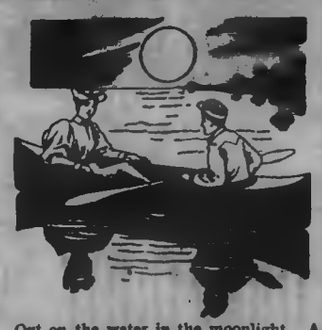
"I laughed heartily as I said:

"'Well, well! So De Ferisset has a grown up son, has she? How the time flies! I was dreadfully in love with the woman once, but another fellow won her not undivided favors.'

"'And I, too,' replied my companion, 'I was a little spoony on her. But, then, you know, I always had scruples about married women.'

"'Oh, you were wrong,' I replied. 'She was well worth the trouble. And, then, poor De Ferisset! The type of an unsuspecting husband! She had 20 lovers to my knowledge, and he never knew it.'

"I had scarcely finished speaking when a stripling soldier quitted his comrades and advanced toward me. His face was as white as a sheet. His emotion was so great that he trembled as he walked, with his saber clattering at his heels. When he reached our table, he glared at me for a moment with wild yet indecisive eyes and then raised his hand to strike me. There was a hurried movement, an outcry, and several of the soldiers around leaped upon him and held his hand. He struggled for a moments, then was calm. Still gazing at



Out on the water is the moonlight. A more beautiful or romantic situation for a young man to tell the story of his love and ask the young woman of his choice to share his life cannot be imagined.

The courtship of a young couple may be ever so romantic and their married life be very unhappy. There are common sense considerations outside of love that have a world to do with the making of married happiness. One of the most important of these considerations is the good health of both parties to the sacred tie. The young man who is in the incipient stages of consumption commits a crime if he marries before he is restored to health. He condemns his wife to the life of a nurse and his children to early death, or lives of sickness and suffering. Dr. Pierce's Golden Medical Discovery cures 98 per cent. of all cases of consumption if taken in its earlier stages. This is its record established during the past thirty years. It is the great blood-maker, flesh-builder, nerve-tonic and general restorative.

The young woman who suffers from weakness and disease of the delicate and important organs that make wifehood and motherhood possible has no right to answer "Yes" to a young man's proposal until she is thoroughly restored to health in a womanly way. Dr. Pierce's Favorite Prescription prepares a woman for wifehood and motherhood. It makes her strong, healthy and vigorous where a woman most needs health, strength and vigor. Thousands of women have testified to its merits.

"My daughter," writes Mrs. N. A. Thomas, of Little Rock, Ark., "had been under a doctor's care for four years. Dr. Pierce's Favorite Prescription, which cured me, also cured her."

ing, and the mud was ankle deep. De Ferisset appeared in uniform. One of my seconds remarked that he, like the rest of us, should have come as a civilian. He replied that he had been insulted as man and soldier, and that reparation was due to him as such. I made a sign to my second, and he did not insist.

"We took our places. It was a curious spectacle—a private soldier in his uniform facing his superior officer in mufti.

"The swords were crossed. The word was given. I watched his face with a feverish curiosity. In his eyes there was the same glare of the day before, the same indecision. Suddenly a strange smile appeared upon his lips—the smile of a broken heart—a smile I shall never forget though I live a hundred years. Quick as a flash he abandoned his guard, and, grasping my sword with his left hand, he hurled himself upon it. It ran him through the body. Uttering a hoarse cry, he fell backward. A bloody foam tinged his pale lips. A convulsive shudder ran over his body, another, then a groan. He was dead."

* * * * * * *

I listened with horror to his story. He noticed my looks, but went doggedly on:

"Of course I had not killed him—I had even resolved not to defend myself, and I quitted the army. But still I feel like a murderer; I feel as though I had committed a crime. When I think of that poor boy—loyal to his mother, bad though she was—slain in the first flush of youth, I feel like an assassin. And think of that

A CLOSE ELECTION.

The Toronto Globe's Remarks on the Present Situation.

This morning the Globe says.

The result of the elections creates a somewhat critical state of affairs. The Government is sustained by a small majority, but it is useless to ignore the fact that it has suffered severely. The result will not be regarded as very satisfactory by the electors who had hoped for a season of peace and rest from political strife. The closeness of the figures will add great interest to the re-counts and election trials, and a considerable crop of bye-elections may be expected. It is reasonable to suppose that the Government will gain and will increase its majority to a substantial figure. The very close majorities are, we think, without exception, Conservative.

We think the Government deserved a more cordial expression of the approval of the people, but we trust that what has happened will serve not to discourage its members but to spur them on to new efforts for the public welfare.

To come down to details, the latest returns at hand last night indicated the return of 47 straight Liberals and 44 Conservatives, including in the latter category Mr. Kidd of Carleton, who is sometimes classed as an "Independent Conservative." There is one Patron elected, Mr. Tucker, who was opposed by a Liberal, and whose leanings are Conservative. Mr. Beatty of Parry Sound is sometimes classed as an Independent Conservative, but in this election was opposed by the regular nominee of the party, and is really pledged to support the Government. If Mr. Tucker and Mr. Kidd were conceded to the Opposition and Mr. Beatty to the Government, the general result would stand 48 to 45, with an election in Russell still to be held. It is a close call, we freely admit, but we have no misgivings as to the ultimate result.

Politics in Newfoundland.

St. John's, Nfld., March 2.—Sir Herbert Murray, the Governor of Newfoundland, is awaiting instructions from the Colonial Office in London before signing the much-discussed contract with Mr. Reid.

Sir James Winter's Cabinet urges prompt signature, so as to include the contract in a bill for enactment by the Legislature, the contract being made provisional on enactment.

The Assembly adjourned yesterday, pending the action of the Colonial Office, and other measures are postponed until the result is known.

A THANK OFFERING.

A Clergyman Writes on Behalf of Grateful People—Dr. Williams' Pink Pills Restored Their Health and They Wish Other Sufferers to Know it.

The following letter written by the Rev. Mr. Lawson, Methodist minister at Richibucto, N. B., attests in the strongest manner the merrits of Dr. Williams' Pink Pills, and a perusal of it will suggest why this great medicine is so popular in thousands of homes throughout the Dominion—it cures when other medicines fail.

RICHIBUCTO, N.B., April 26, 1897.

Dr. Williams' Medicine Co.

DEAR SIRS,—I am glad to furnish you the following voluntarily given testimonial, with the fullest permission to gives the names and place. They do this as a thank offering to God and your medicine. Mrs. Wm. Warman, most popular medicine in this section of the country."

of Molus river, (near here) says her son Alden was sickly from birth. He could hardly ever retain food, and his parents had but little hopes that he would live long and the doctors who attended him were of the same oppinion. Till seven years of age he continued in that condition. Then the use of Dr. Williams' Pink Pills was begun, and under them he recovered and is now a strong, healthy boy. Mr. Marman, the boy's father, also adds his testimonial to the great value of Pink Pills, saying:—"I suffered for years with a bad back, until I used Dr. Williams' Pink Pills, and they cured me." Miss Annie Warman adds this evidence with much enthusiasm and freedom. "I was weak and sickly, and did not know the blessing of good health till I took Dr. Williams' Pink Pills. I used eight boxes and have since enjoyed the best of health. In fact I am never sick now."

Here you have three members of a family restored to health by the use of your medicine, and you would almost covet their good health and genial ways largely resulting from such health. They wish you to freely use these facts to help other sufferers, and I am able as their pastor to certify to the facts above stated.

WM. LAWSON,
Methodist Minister.

IO HAVE PROVED IT.

IT IS RHEUMATISM.

Have you a severe pain in the joints or in the muscles? Is the pain aggravated by cold? Does it arise from exposure to cold or damp, or from a wetting? These signs indicate Rheumatism. It may develop into Rheumatic fever, or if not checked, may occur again and again every winter. Dr. Williams' Pink Pills have cured hundreds of sufferers.

CURED OF RHEUMATISM.

For twelve years Mr. Lawrence Noake was a servant of Her Majesty in India, Egypt and South Africa, and then with an honourable discharge he came to Canada and settled down in St. John, N. B. Rugged as his constitution was, it was not unaffected by the exposure incident to a soldier's life in Burmah, the Soudan and the Transvaal, and it is no wonder that when he came to St. John about a year ago, he was attacked with rheumatism, which, while it did not prevent him from earning a living, was the occasion of much discomfort and loss of sleep. He complained of pains in his limbs, swelled joints, palpitation of the heart, shortness of breath and great lassitude, which neither his doctor's prescriptions nor the patent medicines to which he resorted were able to remove. Under these circumstances he was induced to try Dr. William's Pink Pills, with the happiest results. All the disagreeable symptoms were removed and with a supply of Dr. Williams' Pink Pills, Mr. Noake says he would not hesitate to re-enter Her Majesty's army in any part of the world if his services were required.

Miss Amina Kelly Tells of her Illness and Subsequent Cure—A Statement that Should be Read by Every Girl in Canada.

Miss Amina Kelly, a well-known and much esteemed young lady living at Maplewood, N. B., writes:—"I consider it my duty to let you know what your wonderful medicine has done for me. In April, 1896, I began to lose flesh and color; my appetite failed and on going up-stairs I would be so tired I would have to rest. I continued in this condition for three months when I was taken suddenly ill and not able to go about. Our family doctor was called in and pronounced my illness chlorosis (poverty of the blood). At first his treatment appeared to do me good, but only for a time, and I then began to grow worse. I continued taking his medicine for three months, when I was so discouraged at not regaining his health that I declined taking it any longer. I then tried a liquid medicine advertised to cure cases like mine, but did not obtain the slightest benefit. I had become terribly emaciated and weak. There was a constant terrible roaring noise in my head; my feet and ankles were swollen and I was as pale as a corpse. One day while in this condition my father brought home a box of Dr. Williams' Pink Pills and asked me to try them. In less than week I could sit up, and in a couple of weeks I could walk quite a distance without being tired. My appetite returned, the roaring in my head ceased. I began to gain flesh and color and before I had used a half dozen boxes I was as healthy as I ever had been in my life. My friends did not expect me to recover and are now rejoicing at the wonderful change Dr. Williams' Pink Pills have wrought in me. If my statement will be the means of helping some other discouraged sufferer you are at perfect liberty to publish it."

The above statement was sworn before me at Maplewood, York County, N. B., this 14th day of May, 1897.

TIMOTHY W. SMITH, J. P.

A NEIGHBOUR'S ADVICE.

The Means of Restoring a Little Girl to Health—She was Gradually Fading Away and her Parents Doubted her Recovery to Health.

From the Examiner, Charlottetown.

Perhaps the most remarkable cure that has ever been recorded is that of little Minnie Woodside, of Baltic, P.E.I. Mr. and Mrs. Woodside are members of the Princetown Presbyterian church, and are well and favourably known in the settlement where they reside. A newspaper correspondent hearing of the remarkable recovery of this little girl, called on Mr. Woodside and ascertained the exact facts in the case. The following is substantly the result of the interview: "About a year ago last June I first noticed that my little daughter was not as bright as usual and that she complained at times of pains in her head and chest. Up to that time she had regularly attended school and was remarkably clever for a child of her age. She did nothing but attend school and although I never supposed it would do her much injury, I allowed her to study too sedulously. Thinking that she was only run down I kept her from school for a few weeks and expected that she would be all right again. I was badly disappointed in my expectations, however, as she rapidly grew weaker and lost flesh every day. I was alarmed about her condition when she complained of a soreness in the lungs, and began to cough. I was just preparing to take her to a doctor when a neighbour called to see her and advised us to try Dr. Williams' Pink Pills. She assured me that the pills had restored her daughter to health after several doctors had failed to do her any good. I therefore resolved to give them a trial and purchased a couple of boxes that very day. I began giving my little daughter the pills, being very careful to follow the directions. At the end of a month I noticed a decided improvement in her health, and thus encouraged, I continued using the pills three months more. Her health was quite restored by this time and she was able to attend school again. I regard my daughters cure as almost marvellous, and accord all the credit to Dr. Williams' Pink Pills. For little girls and boys with delicate constitutions no better remedy could possibly be prescribed. What was done for my little girl could certainly be done for other children."

KIDNEY TROUBLE.

Symptoms:

Irritability of the bladder; frequent desire to urinate; scalding sensations; pain in the region of the kidneys; appetite variable; spirits depressed; sediment in the urine.

These indicate Kidney Trouble, which is speedily cured by the use of Dr. Williams' Pink Pills.

KIDNEY TROUBLE CURED.

Mrs. Colin Campbell, who lives near Fort Stewart, says:—"I suffered very much from kidney trouble, which caused a severe pain in my back, making it very difficult for me to go about or attend to my household duties. I had read so much of the virtues of Dr. Williams' Pink Pills that I decided to give them a trial, and by the time I had used three boxes I found the trouble had disappeared. I can recommended Dr. Williams' Pink Pills to anyone who is similarly afflicted."

He Told Them.

At a general election in Victoria a candidate who was making a speech exclaimed, "What is it that has made England what she is—mighty, revered, feared and respected?" And every one was trying to think, when a voice with a rich, sonorous brogue in the back part of the hall answered, "Oirland."

—All kinds of fish, "Spot Cash."

HUMAN SACRIFICES

On the Altar of Diabetes, Saved by Dodd's Kidney Pills, Only.

Hardly a family in the country is free from Diabetes. Great thirst, failing sight, numbness in the thighs, bleeding gums, swollen ankles, emaciation, nervousness, pale or turbid urine, loss of sexual power, decaying teeth, pains in the loins or small of the back, are all positive signs that Diabetes is in the system.

Do you know how it ends? In Death. A premature, horrible, agonized, pitiful death. The victim has no peace, no ease in life. His days are filled with tortures. His nights are waking dreams of agony. He longs to die, yet fears the terrors of his end. He dies, a bloated, fetid, repulsive mass of corruption. That is the only end of unchecked Diabetes. Dodd's Kidney Pills will cure it. They drive it out of the system thoroughly, create new, clean blood, rebuild the diseased kidneys, and restore robust health.

A TRAGIC DUEL.

Last year I went to Besancon to attend a friend's wedding. His bride was the daughter of one of the wealthiest and best known families in the city and the affair was a most brilliant one. When we were about quitting the table after the wedding feast, I felt a hand upon my shoulder. I turned. Before me stood a young captain of dragoons, a handsome, dashing fellow, with curly blond hair.

"You do not recognize me," said he, smiling.

"In truth," said I, hesitating, "I cannot remember"—

"I am Gustave Raisant, your old chum. Why, I remember well the first day you came to the school. You advanced toward me as I stood in the playground and said, 'Lend me some marbles.' I lent you some, and we became fast friends at once, and our friendship lasted for three years."

I grasped his hand warmly, and we at once began to talk over old times together. It is always with a certain degree of pleasure that one meets an old chum of school or college. So we exhausted the subject of school days and took up our present prospects. Gustave told me that his were excellent; he would soon have a commission as major, a lucky advancement for so young a man. When I prepared to leave, he accompanied me to the station, and after a cordial farewell we separated.

Months passed, and I heard no more of Gustave. Finally one morning I saw his name in the Journal Officiel and noted with pleasure that he had received his expected promotion. With his commission he had received orders detailing him to a garrison at Maubeuge, on the Belgian frontier.

One August evening I was taking a stroll in the Champs Elysees. It was a little after 9, and around me was the usual gay crowd of a summer night—promenaders by the hundred; merry people seated at the little tables in front of the cafes, smoking, drinking and chatting; to the right a cafe concert, its front hung with colored lanterns. Before me the long Avenue des Champs Elysees extended, its hundreds of lights glimmering like glow-worms in the dark. Suddenly I saw a familiar face by the light of a street lamp. It was Gustave Raisant.

"Hello, major!" said I, extending my hand. "Well met!"

"Ah, is it you?" said he languidly. "I am glad to see you."

His tone struck me. I looked at him attentively. He seemed to have aged much since I had seen him before. Already there were gray hairs showing around his temples. Linking my arm with his, I said:

"Come, let's take a stroll."

"Willingly."

After we had walked some little distance I gave up attempting to make him converse. He seemed entirely destitute of interest in any topic that I might bring up, and plunged into melancholy.

"Come, come, Gustave," said I, "you have something on your mind, haven't you?"

He hesitated a moment, but finally replied:

"Yes."

"A love affair, I'll be sworn."

He was silent, and I repeated my somewhat brusque remark. There are some wounds that will not bear probing.

Suddenly he spoke.

"Listen," said he, "and I shall tell you the cause of my melancholy. Perhaps I am wrong to chafe under it as I do; perhaps you may give me some good advice. In any event, I shall tell you my story. Since I last saw you there has been a tragical event in my life. Oh, you have heard nothing of it. Thanks to the people at headquarters, the papers were silenced, and I won't bore you—my story isn't long, and," he added bitterly, "I think it is interesting. But it is old—the old story of the parents' sins being expiated by the children."

He knocked the ash from his cigar, and then he slowly told his story:

"Last June, as you may know, the reserve forces were ordered out for their yearly service. We had some of them at Maubeuge, where I had been stationed with the Fifty-sixth for a month. One morning I was about to start for Lille, on regimental business, in company with a brother officer of my regiment. We stepped into a large eating house to take a chop before the train left. It was a very large establishment, with marble tables around the room, and at one end was a long bar, where those with light purses were allowed to take refreshments. Our table was near the bar, and at the time we seated ourselves there was a long line of private soldiers and laborers drinking there. We talked of various matters, and my companion said:

"'Have you the son of any celebrity among your recruits?'

"'Yes,' said I, 'young Myrian, son of the well known painter, is in my command. And you?'

"'Well, I have the son of a celebrity, too, but of a different kind. It is young George de Ferisset.'

"'What, not the son of Mme. de Ferisset—pretty De Ferisset?'

"'The same.'

"I laughed heartily as I said:

"'Well, well! So De Ferisset has a grown up son, has she? How the time flies! I was dreadfully in love with the woman once, but another fellow won her not undivided favors.'

"'And I, too,' replied my companion, 'I was a little spoony on her. But, then, you know, I always had scruples about married women.'

"'Oh, you were wrong,' I replied. 'She was well worth the trouble. And, then, poor De Ferisset! The type of an unsuspecting husband! She had 20 lovers to my knowledge, and he never knew it.'

"I had scarcely finished speaking when a stripling soldier quitted his comrades and advanced toward me. His face was as white as a sheet. His emotion was so great that he trembled as he walked, with his saber clattering at his heels. When he reached our table, he glared at me for a moment with wild yet indecisive eyes and then raised his hand to strike me. There was a hurried movement, an outcry, and several of the soldiers around leaped upon him and held his hand. He struggled for a moment, then was calm. Still gazing at me, he said in a choking voice:

"'She is my mother.'

"In a moment I realized the hideous insult I had offered him. I tingled with shame. What could have possessed me that morning I do not know. No officer or gentleman would ever speak ill of a woman—least of all in public.

"'Let him go!' I cried to the soldiers. I rose, removed my cap, and, bowing, said:

"'Sir, I place myself at your disposition.'

"At this moment the whistle of the approaching train was heard. My friend grasped my arm and dragged me to the station without, where we took the train for Lille.

"As soon as I could do so I hastened to the general commanding our division. I told him all. As you may imagine, he reprimanded me severely.

"'What,' said he, 'an officer of your rank to babble thus in public, like a raw boy just out of the military school! It is the fault of the war department. They should not promote men so young as you to positions of importance.'

"I privately thought that if I had been a general the affair would have been the same. But I so richly merited his severe language that I did not reply.

"'Well,' said he finally, 'what do you propose to do?'

"'There is but one course open to me, general,' I replied. 'I have grievously offended this young man. I have therefore placed myself at his disposition. We must fight.'

"'A duel! You are mad! A major cannot go upon the field with a private soldier.'

"'General, you must allow me to say that there are certain insults so grave that military usage must yield to them. Grant me permission to do this.'

"'But I cannot. I have no right to do so.'

"'Then telegraph the minister of war.'

"'He will refuse.'

"Well, if that be the case, I shall notify George de Ferisset, and we will fight in Belgium.'

"'Then you desert?'

"'Yes, general, I will desert and then return for my punishment. I have once dishonored myself in publicly insulting a woman. I shall not again do so in refusing satisfaction to her son.'

"The general's perplexity and anger began to pass away. He seemed moved. He strode up and down the room for some moments, and finally, turning to me, said:

"'Be it so. Do as you will. Bear in mind, though, that I know nothing of the affair. This conversation has not taken place.'

"I thanked him and repaired to my quarters. That evening De Ferisset's seconds arrived. They were civilians, as was also the two friends whom I named to arrange matters with them. The weapon chosen was the sword, the hour 6 o'clock the following morning, the place a small village just within the Belgian frontier. I put my affairs in order that night, and had determined to offer but slight resistance.

"At the appointed hour the next day we were there. It was a raw, drizzly morning, and the mud was ankle deep. De Ferisset appeared in uniform. One of my seconds remarked that he, like the rest of us, should have come as a civilian. He replied that he had been insulted as man and soldier, and that reparation was due to him as such. I made a sign to my second, and he did not insist.

"We took our places. It was a curious spectacle—a private soldier in his uniform facing his superior officer in mufti.

"The swords were crossed. The word was given. I watched his face with a feverish curiosity. In his eyes there was the same glare of the day before, the same indecision. Suddenly a strange smile appeared upon his lips—the smile of a broken heart—a smile I shall never forget though I live a hundred years. Quick as a flash he abandoned his guard, and, grasping my sword with his left hand, he hurled himself upon it. It ran him through the body. Uttering a hoarse cry, he fell backward. A bloody foam tinged his pale lips. A convulsive shudder ran over his body, another, then a groan. He was dead."

* * * * * * *

I listened with horror to his story. He noticed my looks, but went doggedly on:

"Of course I had not killed him—I had even resolved not to defend myself, and I quitted the army. But still I feel like a murderer; I feel as though I had committed a crime. When I think of that poor boy—loyal to his mother, bad though she was—slain in the first flush of youth, I feel like an assassin. And think of that wretched mother! How she must mourn her brave boy's fall!"

It was growing late; the people were pouring out of the cafes concerts. Now and then a passerby would hum over the latest comic song. Strange contrast! The follies of the song mingled with the words of the somber drama just unrolled before me. Gustave walked on by my side, with bent head, crushed by the weight of his tragic story.

And still the Champs Elysees swarmed with people. Around us was the intense life of a summer night in frivolous Paris. On the avenue were innumerable carriages and all around gayly dressed loungers on the iron chairs.

As my eye roamed carelessly over them I saw one group, the center of which was a woman of 45, but still very beautiful. She was dressed richly and tastefully and bore in her hand a bouquet which a smirking dandy had just presented to her. I could not repress an exclamation. Gustave followed my eyes.

"What!" he cried, "it cannot be she?"

"Yes," I answered him, "it is Mme. de Ferisset."—From the French For Argonaut.

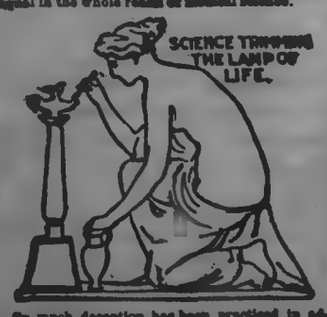
Free Trial To Any Honest Man

The Foremost Medical Company in the World in the Cure of Weak Men Makes this Offer.

HEALTH AND ENERGY ASSURED. HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

In all the world to-day—in all the history of the world—no doctor nor institution has treated and restored so many men as has the famed ERIE MEDICAL CO. of Buffalo, N. Y.

This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.



So much deception has been practiced in advertising that this grand old company now for the first time makes this startling offer:—

They will send their costly and magically effective appliance and a whole month's course of restorative remedies, positively on trial without exposure to any honest and reliable man!

Not a dollar need be advanced—not a penny paid—till results are known to and acknowledged by the patient.

The Erie Medical Company's appliance and remedies have been talked about and written about all over the world, till every man has heard of them.

They restore or create strength, vigor, healthy vitality and new life.

They quickly stop drains on the system that sap the energy.

They cure nervousness, despondency and all the effects of evil habits, excesses, overwork, etc.

They give full strength, development and tone to every portion and organ of the body.

Failure is impossible and age is no barrier.

This "Trial without Expense" offer is limited by the company to a short time, and application must be made at once.

No C. O. D. scheme, no bogus philanthropy nor deception, no exposure—a clean business proposition by a company of high financial and professional standing.

Write to the ERIE MEDICAL COMPANY, BUFFALO N.Y., and refer to seeing the account of their offer in this paper.

Out on the water in the moonlight. A more beautiful or romantic situation for a young man to tell the story of his love and ask the young woman of his choice to share his life cannot be imagined.

The courtship of a young couple may be ever so romantic and their married life be very unhappy. There are common sense considerations outside of love that have a world to do with the making of married happiness. One of the most important of these considerations is the good health of both parties to the sacred tie. The young man who is in the incipient stages of consumption commits a crime if he marries before he is restored to health. He condemns his wife to the life of a nurse and his children to early death, or lives of sickness and suffering. Dr. Pierce's Golden Medical Discovery cures 98 per cent. of all cases of consumption if taken in its earlier stages. This is its record established during the past thirty years. It is the great blood-maker, flesh-builder, nerve-tonic and general restorative.

The young woman who suffers from weakness and disease of the delicate and important organs that make wifehood and motherhood possible has no right to answer "Yes" to a young man's proposal until she is thoroughly restored to health in a womanly way. Dr. Pierce's Favorite Prescription prepares a woman for wifehood and motherhood. It makes her strong, healthy and vigorous where a woman most needs health, strength and vigor. Thousands of women have testified to its merits.

"My daughter," writes Mrs. N. A. Thomas, of Little Rock, Ark., "had been under a doctor's care for four years. Dr. Pierce's Favorite Prescription, which cured me, also cured her."

HEAD A MASS OF SCABS

COULDN'T GO NEAR THE STOVE.

Treated by Different Doctors.

CURED BY DR. CHASE.

This most intractable and distressing skin diseases which defy all manner of treatment—even the best medical skill—are readily cured by Dr. Chase's Ointment.

MRS. JOS. QUERIN, hotelkeeper's wife, at Ethel, Ont., was troubled with Eczema of the Head and Face for about 9 years, and was so bad at times she could not go near the hot stove to do her cooking. Her head was one mass of scabs, and although she treated with doctors it kept getting worse. On hearing of Dr. Chase's Ointment, she got some, and was delighted to find the first application do her good. She used two more boxes of the Ointment, is now free from disease, can do her own cooking, and would not begrudge $200 for the good it has done her.

Price 60 cents a box, at all Dealers, or Edmanson, Bates & Co., Toronto, Ont.

BIG G CURE! In 1 to 5 days. Guaranteed not to stricture. Prevents contagion. THE EVANS CHEMICAL CO. CINCINNATI, O. U. S. A.

CURE YOURSELF! Use Big G for Gonorrhœa, Gleet, Spermatorrhœa, Whites, unnatural discharges, or any inflammation, irritation or ulceration of mucous membranes. Not astringent or poisonous. Sold by Druggists, Circular sent on request.

A CLOSE ELECTION.

The Toronto Globe's Remarks on the Present Situation.

This morning the Globe says.

The result of the elections creates a somewhat critical state of affairs. The Government is sustained by a small majority, but it is useless to ignore the fact that it has suffered severely. The result will not be regarded as very satisfactory by the electors who had hoped for a season of peace and rest from political strife. The closeness of the figures will add great interest to the re-counts and election trials, and a considerable crop of bye-elections may be expected. It is reasonable to suppose that the Government will gain and will increase its majority to a substantial figure. The very close majorities are, we think, without exception, Conservative.

We think the Government deserved a more cordial expression of the approval of the people, but we trust that what has happened will serve not to discourage its members but to spur them on to new efforts for the public welfare.

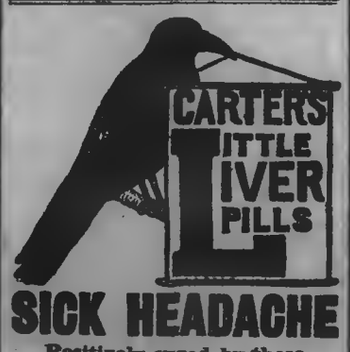
To come down to details, the latest returns at hand last night indicated the return of 47 straight Liberals and 44 Conservatives, including in the latter category Mr. Kidd of Carleton, who is sometimes classed as an "Independent Conservative." There is one Patron elected, Mr. Tucker, who was opposed by a Liberal, and whose leanings are Conservative. Mr. Beatty of Parry Sound is sometimes classed as an Independent Conservative, but in this election was opposed by the regular nominee of the party, and is really pledged to support the Government. If Mr. Tucker and Mr. Kidd were conceded to the Opposition and Mr. Beatty to the Government, the general result would stand 48 to 45, with an election in Russell still to be held. It is a close call, we freely admit, but we have no misgivings as to the ultimate result.

Politics in Newfoundland.

St. John's, Nfld., March 2.—Sir Herbert Murray, the Governor of Newfoundland, is awaiting instructions from the Colonial Office in London before signing the much-discussed contract with Mr. Reid.

Sir James Winter's Cabinet urges prompt signature, so as to include the contract in a bill for enactment by the Legislature, the contract being made provisional on enactment.

The Assembly adjourned yesterday, pending the action of the Colonial Office, and other measures are postponed until the result is known.



SICK HEADACHE

Positively cured by these Little Pills.

THE TENT CATERPILLER.

A Determined Plot by Thousands of Hidden Foes to Destroy Every Shade Tree in Peterborough.

To the Editor of the Examiner:

DEAR SIR,—Your columns can now do a grand work by publishing two or three times this letter or others touching upon the devastating "Tent Caterpillar." Mayor Davis said, in his inaugural address, that he would endeavour to do something to destroy this pest, and as all are not posted in entomology I am desirous as a citizen of helping not only the mayor, but all, to save our shade and fruit trees. The tent caterpillar may, to many, seem now out of season, but mil[illegible] times as many as we had last year, and if it had not been for the frequent rains we had through July and August I doubt if a great many of the trees would rally this year. But, I say again, despite all the Paris green and spraying and crushing of caterpillars that was done there are ten times as many now to fight against and it is now time to bestir ourselves.

Some one will say, "Well, where are the tent caterpillars now?" A few perhaps are hibernating, but that would not matter, but on dozens of twigs on our fruit trees and shade trees a little glossy, prismatic lump is seen. What is it? Why hundreds of tent caterpillars. Some day, very soon, when the young leaves begin to appear, then we will hear the exclamation, "There is that horrid worm again," and the cob-web net will seem to spread by magic, and we will be handicapped, for the leaves will hide them. We can then do spraying, but now is the time! Smash the eggs; count on destroying them before they are hatched; 100 at once, 10 bunches on a tree, 20 minutes work and 1000 are killed.

For the benefit of those who are interested, and all should be, I have placed in the Peterborough Hardware Store a number of apple twigs. On them will be seen the past entrenched and only waiting for the sun to hatch them and develop leaves for their sustenance. Trusting this may help in eradicating the pest,

I remain,
E. W. ELCOMB,
Taxidermist.

Linseed and Turpentine are not only popular remedies, but are also the best known to medical science for the treatment of the nervous membranes of respiratory organs. Dr. Chase compounded this valuable Syrup so as to take away the unpleasant taste of turpentine and linseed.

Mothers will find this medicine invaluable for children, it is so pleasant to take, and will positively cure Croup, Whooping Cough and chest troubles.

GALWAY.

(From Our Own Correspondent.)

We regret to announce the death, on Tuesday last, of Mrs. Terrence McGee, daughter of Mr. and Mrs. Daniel Reid, who formely resided in Otonabee, but who removed to Galway forty years ago. The remains were interred in the Roman Catholic cemetery Wednesday.

A meeting of Galway municipal council announced to be held March 7th, has been postponed to March 14th on account of the absence of the reeve.

The residence of Mr. Jas. Cameron, Kinmount, was destroyed by fire Monday morning, leaving them entirely destitute. A concert was held in their aid, which [illegible] $24, and a subscription list [illegible] in Mr. Cameron's behalf.

[illegible] tired feeling you must enrich [illegible] blood. Hood's Sarsaparilla is [illegible] you need.

[illegible] So Easy.

It is [illegible] cure an obstinate cough; it won't [illegible] Syrup of Tar, Wild Cherry and Tolu is the remedy. [illegible] record shows that it [illegible] cures coughs, colds and all lung troubles.

ATHLETE AND SCULPTOR.

A Tale of James E. Kelly's Powers, as Related by a Friend.

Although he is not large physically, several good stories are told about the prowess of James E. Kelly, the sculptor whose bronze statues of Molly Pitcher, General Buford at Gettysburg, "The Battle of Harlem Heights" and "Sheridan's Ride" have brought him fame. A friend of his said of him:

"He has more courage to the square inch than any man of his size I know, and on several occasions he has been called upon to show it unexpectedly.

"One day an expressman, six feet high and strong in proportion, invaded his studio. The expressman had overcharged the sculptor, and the latter desired to refer the matter to the main office. When the irate expressman entered, it happened that a tall friend of the artist was visiting the studio. With an oath the expressman said that he had come for satisfaction.

"'I intend to smash you to smithereens,' he ejaculated, shaking his fist and advancing toward the sculptor.

"'Do not wait a moment,' answered Kelly.

"The big man sprang at the artist, and at this critical moment the tall form of the latter's friend vanished through the back door. Quick as a flash the sculptor jumped behind the enraged expressman, seized him by the back of the neck, and with all the strength he could summon pushed the burly fellow to the front door and kicked him into the street. It was all done so quickly that the bellicose intruder hardly knew how it happened. He fell on the sidewalk, and his face was bruised. He got up and ran away. The sculptor returned to his work, and after a few minutes his vanishing friend entered timidly from the rear.

"'What have you done with that Goliath?' he asked. 'You know I have heart trouble and cannot stand scenes, and so I went out to keep calm.'

"'Oh, there was no scene,' replied the sculptor. 'It was an act in three kicks and a push.' His heart trouble friend to this day thinks the sculptor is a piece of surcharged dynamite."—New York Commercial.

A Nervous Woman.

"I was completely run down and had a bad cough due to bronchitis. I was very nervous but since taking Hood's Sarsaparilla I have more appetite and feel a great deal better. I have also used Hood's Pills and find them very excellent." Mrs. M. Garland, 675 Cumberland Street, Toronto, Ont.

Hood's Pills are easy to operate. Cure indigestion, headache.

Dr. Low's Worm Syrup is a safe, sure and reliable worm expeller. Acts equally well on children or adults. Be sure you get Low's.

THE BACK OF THE MAINE BROKEN.

An Important Statement Concerning the Havana Disaster.

CAUSED BY AN OUTSIDE MINE.

The External and Internal Evidence Which Make This Statement Conclusive and Certain—The Feeling Among American Naval Officers —A Tell-Tale Photograph— Work of the Divers.

Havana, March 3.—The Maine's back was broken. Latest discoveries made by divers show that a mine rent the U. S. battleship asunder.

The keel of the ship has been found in two pieces, the nearest ends of which are now separated by a distance of from two and a half to three feet. The sections are no longer lying in one straight line, but show the effect of a force exerted from port to starboard.

It is evident from the discovery of the present condition of the keel that the section of the bottom found 29 feet from its natural position was wrenched from the keel by the first explosion and driven upward. The keel itself was forced in the middle until it was broken in two, and then collapsed in two sections, which fell in the position in which the divers found them yesterday. Reliable persons familiar with the results of high explosives, and with the wreck above and under water, say that the breaking of the keel as now disclosed could not possibly have been done by an inside explosion alone.

Feeling among American naval officers in Havana is that beyond the recovery of the dead remaining in the wreck, all useful work in connection with the Maine wreck has been done. Letters have been sent from here to representatives and Senators in Washington warning them against voting for appropriations for raising the Maine, saying that the work would not only cost millions, but would not add anything to the information regarding the nature of the explosion.

A photograph which is in itself evidence of the nature of the explosion has been taken. It shows the Maine's dog standing on a part of the wreckage still above water. The fact is that the plate on which the dog stands came from the keel of the ship, and was the lowest part of the tremendous mass of material thrown upward, and to starboard.

THE WRECKING CO.'S WORK.

The Merritt Tug Has Arrived at Havana and Has Begun Work.

Havana, March 3.—The wrecking tug I. C. Merritt of the Merritt and Chapman Wrecking and Dredging Company, commanded by Captain D. A. Wolcott, arrived here from New York yesterday, and later in the day she moved a barge near the wreck and commenced work. Mr. Fred. J. Sharp is here in charge for the company. The Merritt is a powerful boat, but another and bigger tug is expected here shortly. The Right Arm will probably remain so long as she can be useful. The Wrecking Company expects from now on to keep four expert divers at work. Two Spanish divers were at work about the wreck yesterday, and it is understood that they will report to the Spanish Board appointed to inquire into the cause of the disaster. Captain Peral is the President of the Spanish Board of Inquiry.

No bodies were found yesterday. It is reported that Captain Sigsbee does not expect to find any of the dead in the zones of the explosion, but he still believes bodies will be recovered from portions of the wreck as the divers remove the debris. The divers who are working steadily forward are encountering continual difficulties, and it is certain the new tugs, additional men and complete apparatus will hasten the work of salvage. The barge brought with the wrecking tug I. G. Merritt is proving of great value in carrying away debris. In the course of a few days much of the wreck above water will be removed.

A SPANISH DEFEAT.

The Battle in Santiago de Cuba a Decisive Victory for the Insurgents.

New York, March 3.—The Press says: Reports of the recent battle at Holguin in the Province of Santiago de Cuba have been received here. Instead of the battle being a Spanish victory, as reported from Havana, it was a disastrous defeat, followed by a retreat on the part of the Spanish forces. This information comes through Cuban sources, and is a cause for a great amount of rejoicing in Cuban circles, because the guns and ammunition shipped from Montauk Point less than a month ago were used in the fight.

The Cuban loss in the five days' fighting was less than fifty killed.

The real Spanish loss will never be known, as the dead and wounded were taken from the field at night. It is estimated that nearly one thousand were killed and wounded. From word received from Holguin, it was learned that there were several companies almost annihilated by the Cuban fire.

Letters from the Cuban army report it in good condition.

For Cuba's Relief.

Washington, March 3.—Secretary Long has decided to send a naval vessel to Cuba at once, with forty or fifty tons of provisions for the relief of the suffering reconcentrados. The vessel will go to Matanzas or Sagua. It is said an emergency exists that makes it necessary to despatch provisions at once in order to succor the starving. It was subsequently decided to send two vessels with relief supplies. The Montgomery will take supplies to Matanzas, and the Nashville supplies to Sagua La Grande.

Maine Court Closed.

Key West, Fla., March 3.—The court of enquiry convened shortly after 2 o'clock yesterday and went out to the barracks, where all the survivors of the Maine were mustered. The men were asked if they had any charges or further statements to make. Not a single word came from the ranks, and after a whispered consultation the work of the court of enquiry at Key West came to an end. The members of the court are awaiting instructions from Washington as to whether they shall return at once to Havana. Apparently the court has gained little information during the Key West session which could help explain the explosion.

Health and strength carry us through dangers and make us safe in the presence of peril. A perfectly strong man with rich pure blood has nothing to fear from germs. He may breath in the bacilli of consumption with impunity. If there is a weak spot where the germs may find an entrance to the tissues then the trouble begins. Disease germs propagate with lightning-like rapidity. Once in the blood the only way to get rid of them is to kill them. This is what Dr. Pierce's Golden Medical Discovery is for. It purifies the blood. That means that it kills the germs, but that is only part of what it does. It assists digestion by stimulating the secretion of digestive fluids, so promoting assimilation and nutrition; purifies and enriches the blood and so supplies the tissues with the food they need. It builds up strong, healthy flesh and puts the whole body into a disease-resisting state.

Queer Heart Feeling.

Queer feelings in the heart are daily complained of by multitudes of people—do not know the cause, but it makes them nervous, irritable and unfit for either work or pleasure. Mr. B. A. Ross, Allen Craig, Ont., explains it. He says: "It came from la grip. I was irritable, worried, dizzy, short of breath and such a queer feeling in my heart that I thought I would give up the ghost. Milburn's Heart and Nerve Pills changed all this, and I am free to-day from all these troubles."

One Lala-Liver Pill every night for thirty days makes a complete cure of biliousness and constipation. That is—just 25 cents to be cured.

Mrs. T. S. Hawkins, Chattanooga, Tenn. says: "Shiloh's Vitalizer saved my life. I consider it the best remedy for a debilitated system I ever used." For Dyspepsia, Liver and Kidney trouble it excels. Price 75 cts.

A TALK ON TEA, YES, EVERYBODY READ IT.

A lady from a village near Peterborough called on us last week and said that she wanted to get some of that fine tea that she had seen advertised in the "DAILY EXAMINER" and sold at the People's Prize Tea Store, 328 George street. After critically examining the tea she made a purchase of a quantity and promised to send her friends to buy from us, as she said our tea was clean, beautiful and bright—no dust, no mixing or doctoring—the grades are the very best. Another lady in town says that her mother will not have tea from any other store than ours, she buys the very best Ceylon Tea which cannot be excelled in strength and purity. Another genlien an says what on earth do you do with the large quantity of teas that I see at your establishment. Some of the large chests of Ceylons must be valuable and come up to money; yes, they do but the people soon buy them up. You have a large stock of Canned Goods which would be a credit to any store in town; yes we have, and we are selling 3 for 25c. A prominent party in town offered to take the lot and give us a cheque for the amount, but we promised to give the working people the benefit of the bargain and we are doing it. We have a fine assorted stock of choice Groceries, Teas, Sugars, Spices, Canned Goods, Butter, Lard, and our own raising of Pickled, Smoked, Salted Hams and Shoon, completely eclipsing anything on the market. We do not destroy the meat with salt or saltpetre, but cure them on the very best methods which are a secret to ourselves. Our own home made Pickles at 10c per bottle, our own Jams, Jellies—pure articles and at prices to suit all. Come to the best, get the best, and save your money by buying at the PEOPLE'S GROCERY, 328 George Street.

THERE IS NO CHANGE.

The Standing of the Parties Remains as Reported Yesterday.

MR. J. P. WHITNEY IN TORONTO.

Forty-Nine Liberals Elected — Several Recounts Probable—Premier Hardy Denies an Absurd Rumor—Mr. W. R. Beatty's Position—Chat With Mr. Whitney—West Elgin Safe—Notes.

Toronto, March 4.—There were many rumors about town yesterday, all of them strikingly to the disadvantage of the Liberals, crediting the Conservatives with the capture of both Algomas, West Elgin, Nipissing, East Peterborough and sundry other constituencies, but at three o'clock this morning the net result was exactly the same as it was yesterday morning, and is stated briefly in the summary herewith.

Government	49
Opposition	48
Patron	1
Vacant	1
	94

There was absolutely no change during yesterday. Mr. Farwell holds his seat in East Algoma by a majority of 224, all returns in. Mr. Loughrin is elected by 38 in Nipissing, returns complete. Mr. Conmee is leading by a hundred or two in West Algoma, and is confident of increasing these figures. Mr. McNish is elected by 12 in West Elgin, and in the re-count to be held is less likely to come to grief than Mr. Brower in East Elgin, who can boast of a majority of eight only, or Mr. Monteith in South Perth, where the majority has sunk to five, or Mr. Powell of Ottawa, who is only ten ahead of Mr. O'Keefe, or Mr. Beck in West Huron, who also has but the tiny majority of two over Mr. Garrow. On the whole the Liberals stand to win more than lose by recounts. The official figures in North Toronto will be given out this morning and will be awaited with interest, as also will be the result of the re-count which may be expected in this riding, too.

An Absurd Rumor.

A reporter called on Premier Hardy last night and drew his attention to the following paragraph in the Evening News, headed, "Will Hardy Retire?" "It is reported that Hon. A. S Hardy recently observed to one of his friends that he could not stand the strain of political life much longer as his health was suffering considerably. Those who pretend to have knowledge of the inner workings of the Liberal party argue from this remark, together with other indications, that Mr. Hardy may shortly retire from active participation in politics." Asked if he had anything to say concerning what was evidently a groundless rumor, the Premier remarked: "It is, of course, pure invention. There is not a word of truth in the statement. It is hardly worth contradicting. Every sane man will know that the statement is circulated for political purposes only. I had supposed the time for roorbachs in connection with the campaign had gone by. This one is so improbable and malicious that it bears upon its face its own refutation, and one need waste no words upon it."

Mr. Beatty's Position.

Star Report: A telegram was received by the Government to-day from Mr. W. B. Beatty of Parry Sound, stating that he would have over 1,000 majority He expresses great regret at the defeat of Messrs. Dryden and Gibson, and states quite definitely that he will support the Government. This was not to be wondered at, for when Mr. Beatty had a Liberal opponent against him he appealed to the Government, and the Liberal candidate was withdrawn."

A Chat With Mr. Whitney.

Globe Report: Mr. J. P. Whitney arrived in the city yesterday and registered at the Queen's. The leader of the Opposition appeared, if anything, in better health than at any time since the last session.

"Are you satisfied with the result of the election?" Mr. Whitney was asked.

"In my opinion," said he, "the result of the election shows that the Hardy Government has received the direct condemnation of the people. I think that there is no doubt that this is the view held by the public in general, and therefore I will not enlarge upon it. I think that future developments in the election courts and otherwise will show this in an unmistakable sense. Besides that, definite returns have not been received from several of the constituencies which we expect to carry."

"A very large proportion of your own supporters were defeated, Mr. Whitney," was ventured by the reporter.

"Several of our best men were defeated through influences well understood in the localities, but the general result, as I have already stated, in my opinion, settles the question of the condemnation of the Government by the people. Of course I do not desire to argue these questions with the Globe in the form of an interview, and I am simply answering your questions and giving you my opinion."

"What estimate do you place on your support in the House?" the Conservative leader was asked.

"The particulars as to the returns in several constituencies are varying from day to day—almost from hour to hour—and therefore it is altogether too early to figure on the exact and final result."

"What about the Patrons?"

"Apparently the Patrons as a party were not in the contest, although a number of candidates calling themselves Independents were said to be identified with the third party."

This was all Mr. Whitney had to say upon the situation. He will probably remain in the city for some days.

Notes.

It was stated around the Parliament buildings yesterday that Mr. Dryden's friends in South Ontario would take steps to have the riding reopened.

The feeling is growing that the Hon. J. M. Gibson should reconsider his decision to retire from public life. He is too useful a man for the province to lose.

A grand demonstration was given at Bracebridge last night in honor of Dr. Bridgeland, the newly-elected member for Muskoka, who so handsomely redeemed the riding.

The Globe has received the following despatch from Mr. Farwell, the newly-elected member for East Algoma, one of the disputed ridings: "Full returns give me 224 majority. (Signed) C. F. Farwell."

In Kingston Reform circles the charge of corruption is laid against the Conservatives in Frontenac, and a farmer from Storrington exhibited a "tenspot" yesterday which he said was the price of his vote for Gallagher.

There will be re-counts of the ballots cast in East and West Elgin. The recount in West Elgin will take place before Judge Hughes on Monday next at 10 a.m. Mr. D. McIntyre, Liberal candidate in East Elgin, was in St. Thomas yesterday arranging for the holding of a recount, the date for which has not yet been fixed. There is no change in the result in West Elgin. Mr. MacNish's majority is 19.

SHOULD BE FRIENDS.

The Interests of Humanity Require This Condition Between Great Britain and the United States.

Cambridge, Mass., March 4.—The second lecture in the series being given during the present year at Harvard on "Civic Duties and Reforms," was delivered in Sander's Theatre last evening by Richard Olney, ex-Secretary of State. His subject was "The International Isolation of the United States."

Mr. Olney, after discussing Washington's farewell injunction to avoid entangling alliances and concluding that the rule should not be modified, said:

"There is no doubt with what nations we should co-operate. England our most formidable rival, is our most natural friend. There is such a thing as patriotism for race as well as for country. Nothing less can be expected from the community of interests of Great Britain and the United States, than that both shall use their influence, not only for their common advancement, but for the betterment of the whole human race.

"Though sometimes we may have such quarrels as only relatives and intimate neighbors indulge, yet it may be said that the near future will see in our closer friendship a power for good that will be felt by all mankind."

Russian Recruits for the East.

Constantinople, March 4.—The Russian steamer St. Petersburg has passed through the Bosphorus with 1,565 recruits, bound for Vladivostock.

Britain May Occupy Wei-Hai-Wei.

Shanghai, March 4.—The China Gazette says Great Britain will occupy Wei-Hai-Wei in the event of Japan withdrawing from that port.

Deadly Black Blister.

Bombay, March 4.—An epidemic of "black blister" has broken out in the State of Hyderabad. Fifty deaths are occurring daily.

THE HELLO RATE WAR

Both Sides Have a Hearing at Ottawa.

FIGHT AGAINST HIGHER TARIFF.

The First Day's Protest Was Made by the Toronto City Representatives—The Mayor and Counsel Fullerton Make Effective Speeches—Mr. Lash's Reply for the Bell Company.

Ottawa, March 4.—The Railway Committee of the Privy Council heard a deputation from all over Ontario yesterday morning in regard to the application of the Bell Telephone Company for power to increase rates. Among the members of Parliament present were: Messrs. Campbell, Wood, Clarke Wallace, Cowan, Calvert, Penny, Bertram, Osler, Beith, Craig, J. Ross Robertson, Major Beattie, McGregor, W. F. Maclean, E. F. Clarke. Others present were: Mayor Shaw, Ald. Sheppard, McMurrich and Frankland, City Engineer Rust, Corporation Counsel Fullerton, Toronto; President Rogers, James Scott and A. E. Ames, Toronto Board of Trade; Mayor Wilson, Ald. Stevely, McPhillips, Carrothers, Greenless, Taylor, Douglas and Dreaney, London; Ald. J. W. Bowlby, Brantford; Mayor Davis and Ald. Davinan, Windsor; Mayor Girardeau, Sandwich; Mr. H. Corby, M.P.; Mayor Johnson and Ald. C. Bogart of Belleville.

The company was represented by President Sise, Vice-President McKay and Mr. Lash, counsel.

The Ministers present were Messrs. Blair, Tarte, Mulock, Fisher and Sir Henri Joly. Mr. Bertram introduced the deputation.

Mayor Shaw of Toronto was the first speaker. He said the deputation was representative of all the principal cities and towns in Ontario and Quebec. The protest they made was a vigorous one, and it would be supported by sworn statements. Nothing had, in the conditions of the telephone business, occurred to warrant this application to increase rates. The request was a most unreasonable one and should not be entertained.

Alderman Sheppard pointed out that if the application were granted it would mean an increase of expense to the city of Toronto alone of $200,000. The only protection the people of Canada enjoy from this company is the clause prohibiting the raising of rates. Let it be wiped out and this monopolistic company will have the entire Dominion at its mercy. Surely a company earning a ten per cent. dividend last year, and with a rest account of $900,000, cannot claim any hardship. The company actually paid 8 per cent. on a capitalization of $3,000,000, and carried 2 per cent. to contingent fund.

Mr. Fullerton, Q.C., of Toronto, said the Government in the first place had given the Bell Telephone Company a charter with extraordinary powers. It rested with the Bell Telephone Company to make out their case. The company claimed to lose $80,000 per annum in Toronto, and $14,000 in Ottawa, but he doubted both statements. He asked for the appointment of a commission to take evidence under oath, or the dismissal of the company's application. He quoted from leading telephone authorities, showing that business can be run on a paying basis for far less than the Bell Telephone Company claimed. He had grave doubts as to their bookkeeping, and would have the company put on oath to attest the facts.

Mr. Z. A. Lash, Q.C., counsel for the Bell Telephone Company, called upon the committee to lay aside the organised clamor which the other side had worked up. He reminded the committee of the shareholders who had their money invested in this enterprise, many being widows and orphans. He offered the Government a further inspection of the company's books

Mr. Fullerton—Will you allow us to inspect them?

Mr. Lash—No, sir.

Continuing, he said that the plant in the city of Toronto had to be thrown away on account of its being behind the times to the value of $225,000. There was already discarded $185,000 worth of old plant in Montreal, and before the reform was done there would be $125,000 more plant discarded.

Mr. Tarte—And still your dividend was paid?

Mr. Lash—Yes. But I will deal with that presently. He went on to show that the company had to do a very much larger business without an equal increase in the revenue.

Mr. Lash gave a resume of the company's business since 1880. He said the company had paid out in dividends $202,000 more than was credited to earnings.

Mr. Mulock jocularly suggested that the directors should be made to refund this.

Clarke Wallace asked if it was the intention of the company to decrease rates in the smaller cities and towns, where the company had admittedly made a profit.

Mr. Lash said that the point had not been considered.

Mr. Mulock—Mr. Fullerton asked to have this application referred to a commission. He said you were charging against the earnings, other than regular charges for supplies; that you had a company within a company; a construction company that sold to the Telephone Company, and he therefore challenged the correctness of your figures. I would like to ask if that statement is correct.

Mr. Lash—No. There is a construction company, but it is a separate organization.

Mr. Mulock—It may be separate in law.

Mr. Lash—It is a separate organization in law, but the Bell Telephone Company hold all the stock. (Laughter from the audience.)

CURE Biliousness, Sick Headache, Constipation, Jaundice, Dyspepsia and all Stomach and Liver Complaints.

Laxa-Liver Pills never gripe, and leave no unpleasant after effects.

Sold by all Druggists at 25c. a Vial or 5 for $1.00.

Daily Examiner.

FRIDAY, MARCH 4, 1898.

DEBATE PROLONGED.

The Conservatives Still Talk on the Yukon Bill.

MR. MACLEAN AND THE JUDGES

The Yukon Debate, Owing to the Opposition, May Still Be the House's Chief Topic for a Week—Are the Tories Looking to Washington for Victory in Sure Defeat?

Ottawa, March 4.—That the House and the people are thoroughly tired of the debate on the Yukon Railway bill, and that all possible arguments which can be adduced in justification and in condemnation of the terms of the contract have been brought forward are propositions that most be admitted. Wednesday the desire of both sides of the House was understood to be to bring it to as speedy a termination as circumstances would permit, but yesterday the situation had taken on a new and somewhat startling aspect. Instead of the anticipated division taking place to-day it is probable that the vote will not be reached until late next week. The responsibility for this prolongation of a discussion that has exhausted the subject in hand rests entirely with the Opposition, and the question that seeks an answer is, what advantage Sir Charles Tupper and his followers expect to gain by putting off the day for ascertaining the sense of the House on the measure under consideration?

Looking to Washington.

The truth seems to be that at the present moment the eyes of the Opposition are fixed expectantly upon Washington, and that it looks to the United States Congress to convert its inevitable defeat into victory. Uncompromising as the partisan fight against the all-Canadian route to the Yukon has been, the despatches from Washington tell us that the Conservatives have a powerful ally in Senator Frye, who, with the assistance of Congress, may be able to accomplish the object aimed at by the followers of Sir Charles Tupper. The United States Senate bill, the practical design of which is to prevent Canadians from enjoying their treaty rights of using the Stikine River for the purposes of commerce, will undoubtedly be passed, and that within a day or two.

Question and Answer.

In reply to Mr. Maclean, Mr. Blair said the Government has no reliable information as regards a route from a point of British Columbia to Glenora within Canadian territory. It is not possible, therefore, to state positively that a feasible route for a railway can be found, or, if there be one, what would be the cost per mile, but it has been determined to ask Parliament for an appropriation for barometrical exploration of a railway route within Canadian territory between the Stikine River terminus of the Teslin-Stikine Railway and a suitable ocean port in British Columbia.

Mr. Fielding informed Mr. Foster that correspondence was taking place with the Bank of Commerce for the establishment of the branch of that bank in the Yukon, but it was still unfinished, and he would therefore ask that the question stand for a day or two. No proposal has been submitted to the Government looking to the establishment of other banks in the district, but he was aware that the matter was under consideration by the banks.

Ontario Court of Appeal.

Mr. Maclean asked: Whether it is the case, that by reason of the fact that a fifth judge has not been appointed to the Ontario Court of Appeal, the appeal to that court in a habeas corpus matter by a prisoner confined (as it is alleged unjust-ly) in the Kingston Penitentiary cannot be heard? Is it the case that there are ten important appeals standing for hearing by the Court of Appeals, some of which were set down for hearing in May, 1896, that cannot be heard because of the fact that the fifth judge has not been appointed? Does the Government intend to appoint a fifth judge, and, if so, when?

Mr. Fitzpatrick said the Government had no information in regard to the particular point mentioned in the first question. As regards the appointment of a judge no provision was made during last session for the payment of his salary, but the sum will be included in the estimates this year.

Sir Louis Davies informed Sir Charles Tupper that the validity of the claims in respect to the schooners Ariel and Willie McGowan, seized in the North Pacific in 1892, had been recognized by the Russian Government, and the sum of $40,078 had been paid over by that Government within the past two days to satisfy them. This money would be paid to the proper parties as soon as the respective amounts had been satisfactorily established. With reference to the validity of the claims for seizure of the schooners Maria, Carmolite, Rosie Olsen and Vancouver Belle, and the warners of the schooners Sir C. H. Tupper and William P. Hale, these had not yet been admitted by the Russian Government. Diplomatic correspondence was going on, however, and it was hoped an arbitrator would shortly be appointed.

Mr. Sifton informed Mr. Foster that Chevalier Droiet had been leased 80 miles for subaqueous mining on the North Saskatchewan, but no payment had been made, as it was not due until July 1. The lessee has the right to dispose of his concession.

Mr. Sifton informed Mr. McInnes that the question of the settlement of the Alaska boundary dispute was receiving the attention of the Government, but it was not in the public interest to make any statement at the present time.

Mr. Kaulbach called attention to the Washington despatch which stated that the Government had conceded the right to American vessels to coast in Canadian waters.

Sir Wilfrid Laurier said the statement was absolutely incorrect.

West Prince Vacancy.

Mr. Macdonald (P.E.I.) rose in his place and formally notified Mr. Speaker that the representation of West Prince in the House of Commons had become vacant by the death of Mr. Perry.

Mr. Speaker said that this was the first formal notification of the fact which had reached him. He would issue his warrant for a writ for a new election at once.

Mr. Moore of Stanstead took up the well-worn argument on the Yukon bill, and with him in condemnation were Messrs. T. Dixon Craig, Oliver of Alberta, Roche of Monquette, Ganong of Charlotte, and Morin. Dr. Rutherford was the only speaker on the Government side, and Mr. Bell of Picton moved the adjournment of the debate.

Standing Committees Organized.

The several standing committees of the House of Commons met yesterday for organization. The following gentlemen will have charge of the committees as chairman for the present session: Agriculture and Colonization, Mr. Bain; Public Accounts, James McMullen; Banking and Commerce, James Lister; Railways and Canals, James Sutherland; Expiring Laws, C. Beausoleil; Private Bills, Julius Scriver.

BONDED MERCHANDISE.

Every State in the Union Has to Use Canadian Transportation Lines.

Washington, D.C., March 4.—In view of numerous inquiries by members of Congress and others and the increasing interest in the subject—the Treasury Department has prepared a comprehensive statement showing the amount of domestic merchandise of the United States, which, during the calendar year 1897, passed through Canada in bond from one point in the United States to another. The statement shows that the law authorizing the shipments is in no sense local in its application to points on the Canadian frontier. On the contrary, it shows that every state and territory in the Union has contributed to the totals in one or both directions.

The amount of domestic merchandise of the United States so shipped during the year is shown to have been 5,351,350 tons, requiring for its transportation 448,775 cars.

THE NILE EXPEDITION.

The Sirdar, Gen. Sir Herbert Kitchener, to Lead the Forces on Khartoum.

London, March 4.—The Cairo correspondent of the Daily Mail says it has been definitely decided that the Sirdar, General Sir Herbert Kitchener, shall lead the advance of the Anglo-Egyptian forces on Khartoum.

Sir Herbert Kitchener, who has been Sirdar of the Egyptian army since 1890, is now in his 48th year. He was educated at the Royal Military Academy, Woolwich, entered the Royal Engineers in 1871 and was promoted in rapid succession to the rank of Major-General, which he attained in 1896. He served in the Soudan campaign from 1883 to 1885, commanding Egyptian cavalry. From 1886 to 1888 he was Governor of Suakim, and in the latter year was severely wounded in the action of Handoub.

OF INTEREST TO MEN.

The attention of the reader is called to an attractive little book lately published by that eminent Expert Physician, G. H. Eathorne, M. D., 252 Woodward Ave., Detroit, Mich. This book is one of genuine interest to every man and its plain and honest advice will certainly be of the greatest value to any one desirous of securing perfect health and vigour. A request a free and sealed copy will be complied with, if addressed as above and the Peterborough EXAMINER mentioned.

Doan's Kidney Pills.

Doan's Kidney Pills act on the kidney, bladder and urinary organs only. They cure backache, weak back, rheumatism, diabetes, congestion, inflammation, gravel, Bright's disease and all other disease arising from wrong action of the kidneys and bladder.

Anxious Mothers find Dr. Low's worm syrup the best medicine to expel worms. Children like it—worms don't.

Hagyard's Yellow Oil cures sprains, bruises sores, wounds, cuts, frostbites, chilblains, stings of insects, burns, scalds, contusions, etc. Price 25 cents.

TAXING THE CHINESE.

Oriental Merchants of British Columbia Ask Li Hung Chang to Intervene Against Its Imposition.

Vancouver, B. C., March 4.—The Chinese merchants of British Columbia on Sunday passed a resolution in convention to Li Hung Chang asking him to redeem his promise and use his influence with the Canadian Government to prevent the imposition of a tax of $500 per head on Chinese coming into Canada, according to a bill introduced in Parliament by Rev. R. G. Maxwell, member from Burrard, B.C.

Three U. S. Steamers Lost.

Capt. Burholtz of the steamer Mischief says that three small United States steamers were lost in the terrible storm of Feb. 18 in Queen Charlotte Sound. They could not live in the gale. He could not learn their names.

Died From Chloroform.

Kingsville, Ont., March 4.—David Cascaiden, 55 years of age, and a prominent man of Kingsville, died from the effects of chloroform, administered by three physicians prior to performing an operation last evening at 6 o'clock. The doctors were about to amputate a finger and, just as the operation was to commence, the patient was found to be practically dead before the knife had touched him. Deceased was apparently very healthy and leaves a widow and several children.

IN FAVOUR OF DODD'S.

W. F. Hill, of Strathroy, Testifies for Dodd's Kidney Pills.

Strathroy, Feb. 28.—The evidence of W. F. Hill, Caradoc street, in the case of Dodd's vs. Disease is being heard, before the full court of the sovereign here.

Mr. Hill stated that, speaking from his own experience, he would say positively that no other medicine on earth, besides Dodd's Kidney Pills, would cure Kidney disease.

In reply to the judge's question, he said he had suffered intensely for several years. Doctors could not help him. Neither did any medicine but Dodd's Kidney Pills.

Three boxes of this wonderful remedy cured him completely.

The judge remarked that so far the evidence was overwhelmingly in favour of Dodd's Kidney Pills.

Essay on Girls.

Here is a genuine boy's composition: "Girls are stuckup and dignefied in their manner and behaveyour. They like to play with dolls and rags. They cry if they see a cow in the far distance and are afraid of guns. They stay at home all the time and go to church on Sundays. They are always sick. They are always funny and making fun of boys' hands, and they say how dirty. They can't play marbels. I pity them, poor things. They make fun of boys an' then turn round and love them. I don't believe they ever killed a cat or anything. They look out at night and say oh ant the moon lovely. There is one thing I have not told and that is they always now their lessons bettern boys."

Curl Cloth

Curl cloth, a crimped, plush-like texture, is used to border skirts to the depth of from two to five inches. In many instances this addition brings a last season's gown to date. The body of a waist accompanying such a skirt is of curl cloth and its sleeves are of the skirting goods.—The Delineator.

Health and strength carry us through dangers and make us safe in the presence of peril. A perfectly strong man with rich pure blood has nothing to fear from germs. He may breath in the bacilli of consumption with impunity. If there is a weak spot where the germs may find an entrance to the tissues then the trouble begins. Disease germs propagate with lightning-like rapidity. Once in the blood the only way to get rid of them is to kill them. This is what Dr. Pierce's Golden Medical Discovery is for. It purifies the blood. That means that it kills the germs, but that is only part of what it does. It assists digestion by stimulating the secretion of digestive fluids, so promoting assimilation and nutrition; purifies and enriches the blood and so supplies the tissues with the food they need. It builds up strong, healthy flesh and puts the whole body into a disease-resisting state.

LONDON COUNTY COUNCIL.

Earl of Denbigh Failed to Oust John Burns—Progressives Ahead.

London, March 4.—The County Council elections have passed off with no notable incident. The attempt of the Earl of Denbigh to oust John Burns in Battersea failed. Earl Russell, Progressive candidate, was defeated at Hammersmith.

Among those re-elected are the Earl of Hardwicke, Baron Monkswell, Sir Horace Farquhar, M.P.; the Right Hon. G. J. Shaw-Lefevre and Sir J. Blundell Maple, M.P.

The latest returns show that the Progressives have elected 67 of their candidates and the Moderates 40.

IS THIS MURDER?

Harvey Wooden Is Charged With Striking John Smith a Fatal Blow.

Simcoe, March 4.—Several families live in a house in the North Ward here and on Sunday a row occurred. John Smith, 66 years of age, was struck on the head with a stick of stove wood in the hands of Harvey Wooden. Smith died Tuesday from the effects of the blow. An inquest was held yesterday, Coroner McIntosh presiding. Drs. Hays and Bowlby held a post-mortem. After all evidence had been heard the jury brought in a verdict that Smith died from the effects of a blow on the right side of the head, struck by one Harvey Wooden. Wooden is now in jail.

Lizzie Cain's Death.

Hamilton, March 4.—The Crown enquiry into the death of Lizzie Cain of Newmarket, who died in a hotel here last Sunday suddenly while staying with William Atkinson of Buffalo, took place last night. Dr. O'Reilly, who made the post-mortem examination, stated that death was due to an attempt at a criminal abortion. Atkinson, with tears in his eyes, told of his liason with the woman, and swore that he did not know that she intended to try to rid herself of her unborn babe. He said he had promised to marry her and reside in Toronto as soon as he got a bill of divorce from his wife in Buffalo. The verdict rendered was in effect that Lizzie Cain came to her death by an attempt made by herself or persons at present unknown to procure an abortion. No blame was attached to Atkinson.

Toronto Man Mangled.

Paris, Ont., March 4.—A man giving his name as John Walder, a cigarmaker, whose home is 56 River street, Toronto, was seriously injured here about 4.15 yesterday afternoon. Walder was on the east-bound mail and in endeavoring to get off at the diamond crossing while the train was still in motion, slipped and was thrown in contact with the wheels. His skull was fractured and the left foot was so badly mangled that amputation above the ankle will be necessary. The unfortunate man was taken to Brantford hospital.

Renewed Attack on Ian MacLaren.

London, March 4.—Dr. Kennedy Moore, who was prominent in last year's attack on Dr. John Watson (Ian MacLaren), is renewing the assault. He has notified the Presbytery of South London that he will move at its next meeting to transmit to the synod, which meets at Liverpool on April 25, an overture complaining of the heresy in Dr. Watson's work, "The Mind of the Master," and praying the synod to take steps to vindicate the honor and faith of the church.

It is an interesting coincidence that the synod will meet in Dr. Watson's own church.

The Law Never Forgets.

Petrolea, March 4.—Dan Hooper was arrested at Marthaville yesterday by Officer McRitchie, under instructions of Chief Jackson. Hooper is wanted at Wallaceburg for brutally assaulting Chief of Police Ayers six years ago. He will be taken to Wallaceburg to-day.

Two brothers named Kersey were arrested in connection with the mail robbery between Oil Springs and Eddy's Mills, and will be tried Saturday.

Mrs. T. S. Hawkins, Chattanooga, Tenn. says: 'Shiloh's Vitalizer saved my life. I consider it the best remedy for a debilitated system I ever used.' For Dyspepsia, Liver and Kidney trouble it excels. Price 75 cts.

WHEAT LOWER.

A Flutter Helped by the Reduction of Spanish Grain Duties—Toronto Cattle Market—Local Prices.

Thursday Evening, March 3.

The reduction of the Spanish grain duties helped to flutter wheat.

Liverpool wheat market closed dull, with lower quotations for futures.

Wheat closed a fraction lower in all leading American centres except New York, where both cash and May advanced.

Leading Wheat Markets.

Following are the closing prices to-day at important centres:

	Cash.	May.
Chicago	$....	$1 06
New York	1 07	1 01⅝
Milwaukee, No. 1 North...	1 02	1 03
St. Louis	98¾	1 01⅛
Toledo	1 00¾	1 00¾
Detroit	98¼	99¾
Duluth, No. 1 Northern ..	99¾	99⅝
Duluth, No. 1 hard	1 01	....
Toronto, red	0 93	....
Toronto, No. 1 hard	1 00	....

Toronto Grain and Produce.

FLOUR—The market is dull, with exporters not inclined to buy. Straight rollers are quoted at $4.10 to $4.15 in barrels, middle freights.

WHEAT—The wheat market is brisker, with fair offerings. Buyers were not inclined to pay over 96c to 97c west for red winter. Spring is offered at 87c to 88c on Midland. No. 1 Manitoba hard is dull and weak, being quoted at $1.00 North Bay and at $1.01 Midland.

BARLEY—The market is unchanged, with No. 3 extra quoted at 37c west, and feed at 34c west.

OATS—The demand is limited, and prices are weaker. Sales of white were made at 29c to 30c west, and at 31c on Midland. Mixed quoted at 29c west.

PEAS—The market is quiet and prices firm. Sales were made at 56c west and at 57c to 57½c east.

BUCKWHEAT—The market is unchanged, with cars quoted at 35c west and 36c east.

RYE—The market is unchanged, with sales outside at 50c to 51c.

CORN—The market is firmer. Car lots quoted at 32c to 33c.

BRAN—The demand is good and prices firm. Bran is quoted at $12.50 middle freights and shorts at $13.50 middle freights.

OATMEAL—The market is firm, with car lots quoted at $3.70 in bags on track.

Toronto St. Lawrence Market.

The receipts of grain to-day amounted to 2200 bushels all told.

Wheat—Prices unchanged, 300 bushels selling as follows: White 83c to 84c, red 92c to 93c and goose 87c per bushel.

Rye easier at 53c for 100 bushels.

Barley easier; 800 bushels sold at 37c to 43c.

Oats—Prices unchanged, 500 bushels selling at 34½c.

Peas steady, 500 bushels selling at 58c to 61c.

Hay steady at $8 to $9.50 per ton for 20 loads.

Straw sold at $6 to $7 per ton for five loads.

Hogs, dressed, supply fair, selling at $6 to $6.25 per cwt.

Potatoes by the load sold at 60c to 65c, and 70c for single bags.

Apples—Supply fair, selling from $2.50 to $3.50 per barrel.

Toronto Live Stock.

The run of live stock at the Cattle Market to-day was liberal for Thursday—27 loads, composed of 442 cattle, 105 sheep, 12 calves and 1742 hogs.

The fat cattle offered were principally of the butchers' cattle; trade not very brisk; prices practically unchanged.

Prices remain the same for feeders, stockers, milk cows, calves; sheep and lambs remained the same.

Hogs—Prices firmer, 1500 selling at $3.12½ for best selections, $4.75 and $4.02½ for light and thick fats, $3.25 for sows and stags $2.

Montreal Live Stock.

Montreal, March 3. —There were about 350 head of butchers' cattle, 150 calves and 50 sheep and lambs offered for sale at the East End Abattoir to-day. The weather was delightful and the butchers turned out in full force, but the drovers were asking decidedly higher prices for the better kinds of cattle, and trade was slow during most of the forenoon. Prime beeves sold at from 4¼c to 4½c per lb. and a few were held at 4¾c; do., pretty good cattle, sold at from 3¾c to 4c per lb.; common dry cows and milkmen's strippers at from 2¼c to 3½c lb. There were a number of rough, slab-sided Lenten bulls on the market to-day and they sold at about 3c lb. The price of calves has declined considerably since last week. Common calves sold here to-day from $1.25 to $5 each. Superior calves sold at from $7 to $11 each, or from 8c to 10c per lb., dressed weights. Sheep sold at about 3½c per lb., and lambs at from 4¾c to 5c. Fat hogs are rather scarce and sold at from 5¼c to nearly 5½c per lb.

East Buffalo Live Stock.

East Buffalo, N.Y., March 3.—Cattle—Receipts, 11 consigned through. With the firm tone to the market west and good close of the eastern markets yesterday, the outlook is considered fairly favorable for next week.

Veals and Calves—Offerings very light. Prime veals selling up to $7.50.

Hogs—Receipts 15 cars. Market stronger by 5c to 7½c, and ruled active. Good to choice yorkers, $4.30 to $4.32; prime selected light yorkers, $4.32; mixed packers' grades, $4.30 to $4.32; medium weights, $4.30 to $4.32; heavy, $4.30; roughs, $3.60 to $3.85; stags, $3 to $3.25; pigs, $3.10 to $4.10.

Sheep and Lambs—Only 3500 head on sale, but with a good proportion of the offerings in lambs of the too-heavy order there was all that the very light demand called for, and prices were again easy to lower by a full nickel than yesterday. Lambs, choice to extra, $5.70 to $5.80; fair to good, $5.50 to $5.60; culls to common, $5 to $5.25; yearlings, common to choice, $4.75 to $5.15. Sheep, choice to selected wethers, $4.60 to $4.75; good to choice mixed sheep, $4.30 to $4.65; common to fair, $4.15 to $4.30; culls to common sheep, $3.15 to $4.

British Markets.

Liverpool—Close—Spot wheat dull, little doing; futures steady at 7s 10⅝d for March, 7s 5¾d for May and 7s 0⅝d for July. Maize quiet at 3s 4¾d for March, 3s 3d for May and 3s 2½d for July. Flour 23s.

London—Close—Wheat off coast nearly due; on passage nothing doing. Maize on passage firm.

Paris—Close—Wheat 27f 35c for August. Flour, 50f 25c for May.

An Ex-Alderman Speaks.

Mr Jas Hogan, the well-known ex-alderman of Kemptville, Ont., says: "For some years I have been greatly troubled with pain across my back. Urinary trouble caused me much loss of sleep, and I suffered from a tired, worn out feeling. Doan's Kidney Pills gave me relief in a short time. The pain in my back has disappeared, and I feel that I would be doing wrong not to recommend them to others suffering as I did. They are the best medicine I ever used."

How to Cure all Skin Diseases.

Simply apply "Swayne's Ointment." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for Swayne's Ointment. Lyman Sons & Co., Montreal, wholesale agents.

One Lala-Liver Pill every night for thirty days makes a complete cure of biliousness and constipation. That is—just 25 cents to be cured.

Milburn's Sterling Headache Powders are easy to take, harmless in action and sure to cure any headache in from 5 to 20 minutes.

AWAY ABOVE ALL OTHERS

"Substitutes may be cheaper but they dont cure"

WARD'S PILLS GIVE STRENGTH TO WEAK SYSTEMS.

DYSPEPSIA AND LIVER TROUBLES.

"Dr. Ward's Blood and Nerve Pills cured both myself and my wife of Dyspepsia and liver troubles. We never found anything relieve so quickly."

ALEXANDER SUTHERLAND, Woodstock, Ont. (Everybody knows "Sandy.")

BRAIN WORRY AND BREAK DOWN.

"Complete lack of confidence, low vitality, brain worry, general systemic break down. Tried other remedies, got no benefit. Dr. Ward's Blood and Nerve Pills restored health and vigor and increased my weight. I urge others to try them." H. B. WILLIAMS, Guelph, Ont.

THIN BLOOD, SALLOW SKIN.

"Dr. Ward's Blood and Nerve Pills put new blood in me, and I have gained five pounds since taking them. They are a God send to weak and run down women. I never had anything do me so much good." Miss MAGGIE J. EVES, 67 Wellesley Street, Toronto.

RHEUMATISM.

"Tried four doctors, six blood remedies, rubbed on liniments till skin became all raw. Result: complete failure. Used Dr. Ward's Blood and Nerve Pills—pains vanished, swelling all gone; entire cure in less than three weeks."

B. CROCKETT, Printer, Karl Place, Windsor, Ont.

KIDNEY AND STOMACH TROUBLES.

"Dr. Ward's Blood and Nerve Pills took hold of me right from the start, freed me from kidney and stomach troubles, took away that bad taste in my mouth, and gave me a splendid appetite."

WM. MCGIRR, Hamilton, Ont.

CATARRH IN THE HEAD.

"Catarrh in the head and throat for years. Best doctors in Toronto tried hard but could not cure. Said no more could be done. Became alarmed, tried Dr. Ward's Blood and Nerve Pills—Catarrh cured, strength and appetite restored. Now strong and well as ever."

FRANK FIELDS, Lithographer, Clarence House, London, Ont.

IMPURE BLOOD.

"My blood was in a very bad state, nothing seemed to do me any good until I used Dr. Ward's Blood and Nerve Pills. They cured me completely."

ED. MITLORD, Fireman, Stn. Conger, Sarnia, Ont.

Practical.

The great Marchesi, like other famous singers, was the recipient of valuable gifts from an admiring public. Many of these were of a perishable nature, and some were rich and rare. One only bore the character of absolute practicality.

During a concert tour in Switzerland there was one concert in which the prima donna was especially brilliant. She sang a varied programme—a song from Handel, an Italian air, some German songs—and not only through the greatness but the diversity of her gifts roused the audience to a tremendous pitch of enthusiasm.

Many persons crowded up to her when the concert was over, overwhelming her with the profusion of the flowers they brought. After the crowd had dispersed, a bashful looking girl came up, holding a parcel in her hand.

"You delighted me so very much at your last concert," said she, "that today I should like to express my admiration for you in person. Flowers, however, fade. I therefore beg to offer you a lasting and practical souvenir which will keep me in your memory."

With these words she unwrapped a silver soup ladle, presented it and disappeared.—Youth's Companion.

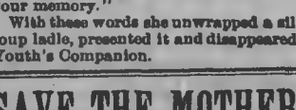
SAVE THE MOTHERS

Dodd's Kidney Pills Their Only Safety in Female Diseases.

You have seen a flower nipped by frost, fade and die in the flush of its beauty. That is how women die when attacked by any of the diseases peculiar to their sex.

Woman's burdens are woefully heavy. Her sufferings are agonizing. Her patience is grand. Disease preys upon her. The light dies out of her eyes, her steps become slow and dragging; she loses flesh; grows sallow, listless, droops like a flower. Then *she dies*. Her family is left to the cold mercy of the world.

"Mother's dead!" What a piteous phrase. What sufferings have been endured before it was used. Why should mothers, wives, sisters suffer so? *They need not.* Dodd's Kidney Pills will quickly and thoroughly cure all cases of Female Weakness. They never fail. They give health, strength, courage: a new lease of life.



SUPPLIES FOR LENT

We have made arrangements to receive our supply of Fish during Lent daily, so our customers can rely on getting Fresh Fish at reasonable prices and a good assortment. Below we give a few of the principal kinds we have on hand to-day:—

SLOAN'S INDIAN TONIC

Cures Constipation, Sick Headache Indigestion, and Dyspepsia; clears the Skin and insures a Beautiful Complexion

TRADE MARK.

Mrs. J. W. Beaven, of Hespeler, says:

"I was troubled with constipation for many years, in fact, it was my only enemy and was very distressing. I tried a great many pills and patent medicines, but received no relief until I tried SLOAN'S INDIAN TONIC. It helped me at once and effected a complete cure. I have recommended it to a great many people, and believe in every case it has given satisfaction. Every spring I procure it from Mr. Phin, our druggist here, and think it an ideal blood purifier and system tonic."

Merrit Wilse, of Belmont, writes:

Please find inclosed post office order for $1, for which send 1 bottle of Sloan's Indian Tonic. We think it an excellent medicine.

Mrs. Margaret McIntyre, of Walacetown, says:

I have had a bottle of Sloan's Indian Tonic and believe it has cured my liver. I have not yet used one bottle, and I have now no pain or ache so far, so I consider it my duty to recommend it to all whom I know need it. You can use my name if you wish in recommending it. I was ailing over thirty years, and my age is seventy-three.

Price $1, or 6 for $5.00. All Dealers or Address

NEAT JOB PRINTING AND BOOKBINDING DONE CHEAPLY AT THE EXAMINER OFFICE

High-Grade Cemetery Work

AT A MODERATE PRICE.

The element of permanence which attaches to the erection of any memorial to the dead renders it highly desirable that no mistake be made in the selection either of design or of materials.

A mistake is a serious matter. Let us help you to make a right decision. Our specialty is the erection of monuments which are unique without being grotesque, and artistic without being over-decorated.

We manufacture from all first-quality granites, and as WE SELL DIRECT TO CUSTOMERS, we save the latter all "agents" profits. Then, too, there is a decided advantage for the buyer in dealing with one responsible firm for both the manufacture and the setting of a monument.

All our work is guaranteed, NO CHARGE being made if not strictly according to contract.

Write us for designs and estimates.

Ramsay the prince of high class entertainers, will make his first appearance here. This will be the best event in the Opera House this year. Prices 10c, 20c and 30c. Seats on sale at Ormond & Walsh

ENLARGING A MOLE-HILL INTO A MOUNTAIN.

THE REVIEW'S POST-ELECTION MARE'S NEST.

A Wild Yarn to Let the Opposition Down Easily—A Strongly-Coloured Statement Set Right.

Last night the Review came out with a some head article seeking to show that the Liberals were so anxious for votes that a man was taken from jail for that purpose.

The article referred to is as generally as far from the truth as our contemporary usually is when it indulges in statements in political matters, and a few words will set the real facts before the public in an altogether different light from that imparted to the circumstances by the Review.

The facts are that on the 12th of February Mr. John O'Neil of Chambers street, suffering from what has since proved to be temporary insanity, was committed to jail, as is alleged, dangerously unsettled in his mind. Mr. O'Neil remained in confinement, a short time, elapsing, as is usual in such cases, before another medical examination was made respecting his mental condition.

In the meantime it appears that the Chief of Police received an intimation from Mr. O'Neil's son, who, it is said, lives in Toronto, that if the father were not violent *he*, the son, would take care of him. The Chief communicated with the Sheriff to this effect and also with Dr. Caldwell, gaol physician, and on Monday, February 23th, the doctor made an examination of Mr. O'Neil and pronounced him sane—that "he had *fully* recovered his mental faculties." The usual certificate in such cases was issued and delivered to the sheriff, who in turn delivered it to the jailor, to whom it was equivalent to a discharge. This was towards the evening, and a neighbour of Mr. O'Neil offered to provide a vehicle to take him home, but he said he preferred to stay till morning. The following day this gentleman and another came to take Mr. O'Neil home and he went with them, for he had been formally discharged and was entitled to go, and he was anxious to go, because since the 20th of February, when his reason had, apparently, fully returned, he was anxious to be free again.

Being an ardent Liberal all his life, it was natural that Mr. O'Neil should take advantage of his newly-received liberty to poll his vote.

Meantime a lady, a near neighbour of the O'Neil family, informed the latter that the gaol physician had certified to Mr. O'Neil's soundness of mind and that he was discharged. The family demured to receiving him then on the ground of having no official notice of Mr. O'Neil's discharge, being naturally apprehensive, from past violent actions, of their ability to care for him. However they intimated that they would go up to the jail for him on Wednesday morning, and Mrs. O'Neil states that they would have done so on Tuesday evening if they could have got a conveyance.

Shortly after the gentleman who had gone for Mr. O'Neil, brought him to the door of his residence on Chambers street, and the family declined to receive him in the absence of an official notice of his discharge, and on account of their fear of reason not being fully restored; and there being no other place for him he was returned to the Court House, where Mr. Nesbitt, though he had no official warrant for doing so, kept him, and still keeps him at his own cost, pending the taking of action by Mr. O'Neil's son. On Wednesday his family, having found out from Dr. Caldwell that Mr. O'Neil was sane, went to the Court House for him, but he refused to return after the incident of the previous evening.

This is the case in a nutshell and it does not appear that there is anything wrong in the circumstances.

On Monday evening Mr. O'Neil was a free man. He chose to take advantage of his liberty and as one of the oldest and a respected citizen of the town for a great many years had a perfect right to discharge the duties of a citizen. When all the circumstances are known, the family seem to have been justified in being cautious about receiving their father, of whose restoration to sanity they had no official intimation. The only blame to be attached to anybody is to the journal which rabidly seized the occasion to distort a perfectly natural and legitimate sequence of events into a lame effort to make political capital. The course of our contemporary during the past campaign is too well sized up to permit of its post-election roorbach having any influence upon the public mind.

New goods arivring daily from our own Tailor Shop, Dundas. Grafton & Co.

Police Should Interfere.

Although Mr. Robert Fair, of the Golden Lion, is to be commended for his enterprise in purchasing English linoleums and oilcloths to such an extent that the shipment blocks the sidewalk when landed in front of his store, yet the obstruction of the thoroughfare to such an extent is an encroachment on the rights of citizens, and the police should see that the goods are removed *as speedily as possible*. When interviewed by a reporter in regard to the matter, Mr. Fair expressed the opinion that the inconvenience suffered by the citizens was more than counterbalanced by the fact that through the large order being placed with the English manufacturers enabled him to give better value for the money in linoleums and oilcloths than any firm in town, and also gave the citizens a greater variety of patterns to choose from.

Monday Night's Attraction.

Read what the Toronto Mail and Empire says:—"The Man with the Iron Mask," adapted from the celebrated romance of Alexander Dumas, was presented at the Toronto Opera House last evening before a good sized audience. The play is full of dramatic interest and was remarkably well put on. The company is a strong one and their interpretation of the various parts is on the whole quite up to requirements. Mr. Donald Robertson, a young and gifted actor, aspires to the difficult dual role of Gaston, the man with the mask, and Louis XIV., King of France. His portrayal of the careless youth Gaston, full of latent ambition, of the King of France, jealous of his authority, cruel and sensual, and lastly, of the prisoner, weakened physically and mentally by his years of confinement and dungeon fare, is brilliantly conceived and carried through with rare ability. He is well supported by Miss Brandon Douglas, an emotional actress of considerable power who has a *difficult* part assigned her. This Company appears at Bradburn's Opera House Monday evening, March 7th.

—Oysters reduced in price. We sell Booth's Baltimore Oysters at 35c per qt. for Standards, and 45c for Selects until further notice. Spot Cash Grocery Co.

SEVENTEEN MILLS.

This Will Probably be the Rate of Taxation for This Year.

The Committee of the Whole Council was in session last evening and carefully considered the estimates. After some judicious pruning it was found that the rate would be made the same as last year, viz, 17 mills on the dollar.

The proposal to make such arrangements as to allow the taxes to be paid by the citizens in instalments was discussed to some length, two propositions being submitted by Councillors McWilliams and Langford, respectively, as appended:

Mr. McWilliam's motion:

That the taxes be payable in two equal instalments, the first on the 1st of August, and the second on the 1st of December; that if the second instalment is paid with the first on or before August 1st that a dimount of two per cent. be allowed on the second instalment; that if the first instalment be not paid on August 1st, 5 per cent. be added to it, and if the second instalment be not paid on Dec. 1st, 5 per cent. be added to it.

Mr. Langford's motion:

That the taxes may be paid in two equal instalments the half or whole up to August 1st with a two per cent reduction; from that date to Sept. 15th the half or whole may be paid at par; that up to Nov 15th the half or whole may be paid with 2 per cent. added; that after Nov 15th 5 per cent. be added to all taxes unpaid, inclusive of the 2 per cent. previously added.

The Councillors appeared to favour Mr. McWilliam's proposition and it will probably be recommended to the council.

PERSONAL.

Miss Maggie Raine has returned to town after spending the last few months in Port Hope

Miss Eva Denne, who has completed her course at the Kingston Hospital is expected home next week.

Miss Neelands, who has been a guest of the Misses Kempt, George street, for the last few weeks, has returned to Lindsay after a very pleasant visit.

Mr. Bowbanks, representing the Griffiths' Corporation, of Toronto, was in town to-day. Mr. Bowbanks is well known as the pro. who coached the U.C.C. boys for some years.

Mr. Frank Morrison, secretary of the American Federation, Washington, U.S., is in town on a visit to his uncle, Mr. H. Nesbitt. Canadians have a trick of getting into the first ranks in competition with their yankee cousins.

Mr. J. Fred. Davidson, of Smith, leaves in the course of a few weeks to take up ranching in Calgary, N.W.T. Last evening a large number of his friends from town and from Lakefield drove out and spent a pleasant evening at his residence.

The Lindsay Post says:—"Mr. Stratton's magnificent majority of 1,000 over his opponent, in West Peterborough—Mr. Garvin—is a pleasing proof of that gentleman's popularity in the riding. Lindsay friends forwarded several congratulatory messages this morning."

The wedding has been announced of Mr. F. W. Ashe, manager of the Union Bank, Norwood. The event took place last week in Haverhill, Mass., the bride being Miss Bell Haven Greene. Mr. Ashe's many Peterborough friends will extend congratulations.

The Havelock Standard says:—"The exhibition of trick and fancy skating, by Mr. R. J. Hartley, of Peterborough, took place as advertised, on the rink here on Friday night. Mr. Hartley's performance was worthy of a far larger attendance than there was. He executed a variety of movements, *comprising changes of edges*, inside and out, serpentines, cross cuts, double eights, single foot spins, *double foot whirls, lock foot spins*, waltz step and others."

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—Minden now has a Boys' Brigade.

—Gilbert Parker, the Canadian novelist, contributes $100 a year to the Public Library in Belleville—his former home.

—Read what the Toronto papers say of "The Man in the Iron Mask," which appears at Bradburn's Opera House Monday night, March 7.

—E. Walsh is head quarters for oysters, 30c, 40c, and 50c. per quart. Bass Muskinoge, Pickerel, Salmon, Whitefish, Pike, Finnan Haddie, 7c. per lb., Fresh Water Herrings, 25c. per dozen. Telephone 282.

Be sure and hear W. T. Cooksley's Illustrated Lecture on the Klondyke. Y.M.C.A. Hall, Monday, March 7th. Tickets 15 cents.

Bread—Good, Better, Best!

Bates real Home-made Bread is the best bread that can be had in Peterborough. He would like you to become a customer, if you are not one now. Ask your grocer for it or have it delivered at your house.

That Electric Railway.

The Committee of the Whole meets Mr. Star this evening, to discuss with him his project of connecting Peterborough with the back lakes by means of an electric railway. The matter will probably be finally disposed of this evening.

Good Every Day at Waller & Co's.

22 lbs. granulated sugar, $1.
1 box soda biscuits, 23c.
1 bar best soap 4c, or 7 for 25c.
1 lb. pure amber syrup, 4c.
1 bag table salt, 4c, or 3 for 10c.
1 lb. Salada Tea, 23c.
1 lb. No. 1 prunes, 9c, or 3 lbs. for 25c.

The Klondyke.

Mr. W. T. Cooksley, a civil engineer of New Westminster, B.C., who has recently returned from the Klondyke, and who is making a very successful tour of the country, has been secured by the Y.M.C.A. to lecture in their hall on Monday evening, March 7th. He is coming under the auspices of the Educational Department, and his aim is to represent the Klondyke in its true light. His lecture is illustrated with a stereoptiocn valued at $1,600. He will address a meeting for men in the building on Sunday, March 6th, at 4.15.

THE POLITICAL SITUATION

UNCHANGED SINCE YESTERDAY.

The Government Majority Stands Five Over All—Russell to Add one More.

There is no change in the standing of the parties in the Provincial field. Wild rumours were current yesterday that both Algomas, West Elgin Nippissing and East Peterborough and other ridings had gone wrong, but the net result is the same as that announced yesterday, which was this:—

Liberal	49
Conservative	43
Patron	1
Vacant (Russell)	1
	94

The Whitney organs get their figures by counting in on their side Mr. Evanturel, the late speaker of the House, and Mr. W. R. Beatty, of Parry Sound, both of whom have definitely announced their support of the Government.

The Mail and Empire has thrown up the sponge and to-day gives Mr. Hardy a majority of 2. The World still hangs on to a fond 1 for Whitney.

UNEASY UNDER DEFEAT.

It's a pity our contemporary, the Review, cannot accept a reverse philosophically. Though it is natural to feel sore over an overwhelming defeat, our contemporary must remember that the result of the late election in this riding was to be expected. Mr. Stratton was a strong candidate, personally popular, and with a representative record that every elector knew was above reproach. The cause of the Government, which had nothing to be urged against it on local grounds, was ably defended. Mr. Stratton, as the representative of the riding for twelve years, had taken pains every year to meet the electors and place them in possession of the legislative course of events and the course of the Government in the public interest. The people knew the facts, and when wild talking stumpers unloaded their political ghost stories on the electorate, they fell on deaf ears, for they were talking to people who knew the facts far better than their would-be instructors, judged by the tales they told. And many influential Conservatives were not altogether whispering the opinion that the course of our contemporary in the campaign and its abuse of the Liberal candidate were not the least potent influences in discrediting the cause of its candidate and contributing to the reaction that produced the result of last Tuesday.

Why doesn't the Review take its medicine manfully? The EXAMINER has had, on occasion, to take its share, and it has endeavoured to do so without crying.

When an election is over, let it be over, and let us not keep up the natural irritation that arises from a contest, by the revival of petty matters that can have no bearing upon the result and only serve to show the persisting hostility of a section of the unsuccessful party.

The Baby Boy Covered with Eczema and Cured by Dr. Chase.

Mrs. Jas. Brown of Molesworth, Ont., tell how her boy (eight month old) was cured of torturing Eczema. Mothers whose children are affected can write her regarding the great cure, Dr. Chase's Ointment. Her child was affected from birth and three boxes of Dr. Chase's Ointment cured him.

Two hours of entertainment and instruction at the

RAMSAY

Proposed Change of Name—Business Increasing—Earnings on Permanent Stock Very Large.

The seventh annual meeting of the shareholders of the Dominion Building & Loan Association was held at the office of the company on Wednesday, March 2, 1898.

There was present a good attendance of shareholders. The President, Mr. J. R. Stratton, M.P.P., submitted the report of the directors for the eight months ending December 31st, 1897, as follows:—

Your directors beg to submit herewith a statement of the operations and affairs of the association, including receipts and payments, assets and liabilities, profit and loss, and auditors' and actuary's reports for the eight months ending December 31st, A. D., 1897. These statements indicate a continuance of the general prosperity of the Association. The total assets on December 31st, 1897, amounted to $1,275,616.43, as against $1,162,277.12 on April 30th last, thus showing an increase for the eight months of $113,339.31, and thus once more we are enabled to present to you a statement showing more than the average increase of previous years for the period covered by the statement.

During the eight months $342,615 of loans were applied for, of which $228,765 were accepted, being more than the number of loans approved during the whole of the previous year.

During the period covered by this report the amount of mortgage assets has considerably increased, while the loans on withdrawal shares have decreased. This is accounted for by the fact that the shares of withdrawal stock now in force are much less than on April 30th last.

The total earnings of the association for the eight months were:

Interest	$76,394 60
Premium on Permanent stock	289 00
Other profits	1,670 36
Making total earnings for the eight months	$77,353 96

After deducting interest on moneys borrowed amounting to $3,948.61, writing off losses on properties disposed of $1,503.91, writing 10 per cent. off office furniture, $156.02, transferring $2,000 to contingent account and $6,903.05 to mortgage reserve fund, there was left available for distribution the sum of $61,353.34.

The rates of earnings on our different classes of stock will be seen by reference to the actuary's report appended hereto, and we would call your attention to the fact that during the period covered by this report the earnings on the permanent stock are higher than those on any other classes of stock issued by us.

During the whole of the eight months our funds have been fairly well employed, and a reference to the statement shows that the cash on hand amounted to less than $700 on December 31st. All the properties in which we are interested either as mortgagees or owners have been inspected, and ample provision has been made by the amount transferred to the contingent account for any probable losses. The usual care has been taken in the selection of loans and we are pleased to say that on the whole payments on loans for the eight months covered by the statement have been satisfactory.

The auditors have exercised their usual care in the audit of the books and accounts of the Association, and have also made careful examination of the securities, have compared the same with the records of the office and report everything satisfactory. Their report will be found annexed to the financial statement.

Respectfully submitted on behalf of the directors.

J. R. STRATTON, President.

Statement of Accounts for Eight Months Ending Dec. 31st, 1897:

RECEIPTS AND PAYMENTS.

F. M. HOLLAND,
General Manager.

AUDITOR'S CERTIFICATE.

We have audited the accounts of the Dominion Building and Loan Association for the eight months ending Dec. 31st, 1897, and find the transactions of that period accurately recorded in the books of the Association; the receipts accounted for, the payments duly authorized and vouchers produced therefor.

We certify to the correctness of the accompanying statements of receipts and payments, assets and liabilities and profit and loss. We have made a careful examination of the securities, checked the same with the mortgage register and report everything satisfactory.

WM. POWIS, F.C.A.,
HARRY VIGEON, F.C.A.,
Auditors.

Toronto, February 7th, 1898.

ACTUARY'S REPORT.

To the President and Directors of the Dominion Building and Loan Association:

GENTLEMEN,—Having valued all the shares in force, I have now to report the distribution I have made of the profits of the association to 31st of December, 1897.

I have analyzed the profits of the eight months ending as that date as appertaining to the shares of the respective classes. The result as per statement herewith, shows that after writing off losses realized and setting aside $6,903.05 to credit of mortgage reserve, and $2,000 to credit of *contingent fund*, the distributed balance yields on the capital invested to permanent stock 8.35½ per cent. per annum, to ordinary shares 8.80 per cent. per annum, to prepaid shares 8.3½ per cent. per annum.

The earnings of the permanent stock as compared with those of the other branches will continue to increase as the issue of debentures increases.

The interest earned on ordinary shares reckoned from commencement is still over 11 per cent. per annum and on prepaid shares in proportion.

The amount placed to credit of undivided profits on permanent stock is $2,151.31, which added to $8,440 33 at credit last April leaves $10,591.64 at credit of this account.

Exhaustive statements in detail will be found here with. Yours faithfully, (Signed) WM. POWIS, Consulting Actuary.

Toronto, March 2nd, 1898.

Mr. Stratton, in moving the adoption of the report, said:

I am much gratified that I can congratulate you on the successful business transacted since your last annual meeting. Since your directors had the pleasure of meeting the shareholders not only has our business increased in the volume transacted from month to month but the standard of excellence has also been steadily improving. We have now invested in 1,540 mortgages, the sum of $1,217,289.06, being an average of $790.45 for each mortgage. These investments are made on improved properties in cities, towns and villages in the Provinces of Ontario, Nova Scotia, New Brunswick, Manitoba, Northwest Territories and British Columbia, only the progressive and live localities in which property is likely to increase in value being selected for the purpose of loaning.

In accordance with the general feeling regarding loan companies your directors felt that you would wish a special examination of the Association's affairs be made for the last year. With the object of having this investigation made as thorough as possible your directors felt it would be advisable to obtain as co-auditor for Mr. Powis, F.C.A., an auditor regarding whose standing and ability there could be no question, and I am pleased to say we were fortunate enough to secure the services of Mr. Harry Vigeon, F.C.A., President of the Chartered Accountants' Association. He and Mr. Powis, who is also a chartered accountant as well as a consulting actuary, were instructed to make the monthly audits as thorough as possible, and they were given authority to make every investigation they considered necessary or advisable towards the obtaining of the necessary information. With this end in view they were instructed that they were not to be influenced or controlled by either the directors or the management in their work, but their investigation was to be entirely independent of every one. We are pleased to report the statement which we here present is the result of such investigation, and, as you will have seen, the report of Mr. Powis and Mr. Vigeon is attached to the statement. I trust this action on the part of the directors will meet with your approval.

The directors have always given the business of the association their personal supervision, and besides this the company's business in the provinces outside of Ontario is under the supervision and inspection of men whom the board know from personal experience are competent and reliable, and we feel positive that the association's interests, under their charge, will be fully protected. All business throughout the various Provinces is under the direct supervision of the head office of the association, where all moneys are payable and all disbursements are made.

As directed by the shareholders the board have obtained from the Dominion Parliament at its last session a special act incorporating and authorizing the association to transact its business in every part of Canada. This act defines the authority of the association to sell its debentures and the rights of debenture holders so clearly that the board expects the public will readily appreciate the value of its debentures as first-class securities.

Since our last general meeting an act for the regulation of loan companies has been adopted by the Ontario Legislature. I am much pleased with the thorough character of the bill and expect that much good to the general public and to loan companies will result from its passage.

The directors consider it would be in the interests of the association to change its name to that of the Dominion Permanent Loan Company, and a bylaw will be submitted to this meeting authorizing the taking of the necessary steps for that purpose. The sale of our permanent stock is daily increasing and that our withdrawable stock diminishing, and in order to secure the greatest profits for our shareholders, it is desirable that our debentures should be sold on the most favourable terms. To facilitate the accomplishment of this result a change of name is desirable.

The association's lease of the premises now occupied by it will expire this year, and we have entered into an agreement for a lease on favourable terms of the premises at 12 King street west. These will be fitted to meet the requirement of our business for years to come, and will be ready for occupation in time to enable us to occupy them on the expiration of the lease of our present premises. The central position of the new premises will bring the association more prominently before the investing public and result in securing a large, profitable new business.

Mr. D. W. Karn, manufacturer, of Woodstock, seconded the adoption of the report, and in doing so made the following remarks:—

I have great pleasure in seconding the adoption of the report of the directors, which has just been read to you. It is extremely gratifying to me, as a director of your association, to be enabled at a time when there is so much feeling of unrest abroad regarding loan companies, to see the report of your board is of such a satisfactory nature. During the period covered by the report, as in former years, every care has been taken by your directors to safeguard the interest of the association, and, while we have conducted the business on conservative lines, we have not lost sight of the fact that while conservative, if we wish to succeed, we must pursue a progressive policy.

I am pleased that at a time when apparently it is so difficult to find safe and profitable investment for moneys to be able to report that we have received applications for desirable loans to the limit of our ability to supply funds, and that the demand for such loans seems to be increasing from month to month. This I consider, must be attributable to two things: Firstly, the attractiveness and the liberality of the plans of loaning adopted by the Association, and, secondly, the hard earnest work done in our behalf by our agents and general agents throughout the Dominion.

Every pains has been taken by our board to have a thorough inspection made of all the properties in which we are interested either as mortgagees or otherwise, and judging by reports which are on file in our office, the affairs of the Association are in an extremely satisfactory condition. We have, however, thought it best to make ample provision for any possible losses by placing an additional $2,000 to our contingent account, and over $8,000 to mortgage reserve fund, besides writing off whatever losses have been ascertained during the past year.

After congratulatory remarks of several shareholders on the excellent statement submitted, the report was adopted. Resolutions of thanks to the directors and other officers and agents of the Association were unanimously adopted. The following directors were elected: J. R. Stratton, M.P.P., D. W. Karn, E-q., C. Kleopfer, M.P., T. P. Coffee and J. M. Lefevre, M.P. At a subsequent meeting of the directors Mr. J. R. Stratton, M.P.P., was re-elected President, and T. P. Coffee, Esq., was re-elected Vice-President.

IN THE OPERA HOUSE.

The entertainment under the auspices of the Lacrosse Club should draw large crowds to to the Opera House on Wednesday and Thursday evenings of next week. Concerning the attraction the Globe of Feb. 14th, says:

"A large audience greeted Mr. W. E. Ramsay at the Auditorium on Saturday night, on the occasion of his first appearance in the city during the season, and the entertainment proved a complete success. The concert given given by Mr. Ramsay this season is to a large extent different from his previous efforts, but it proved bright and interesting, and the audience was enthusiastic. The entertainment is supplemented by a powerful moving-picture machine, which illustrates on a large screen scenes from all parts of the world and pictures that have never been seen before. Among the best are the views of the Queen's Jubilee Parade, in which are shown Her Majesty, Sir Wilfrid Laurier and a large number of other celebrities of peculiar interest to Canadians, as well as spirited pictures of English and foreign troops in action. Mr. Ramsay's contributions consist of many clever and humorous stories and monologues, besides new songs which are sung as only he can sing them. The entertainment was in aid of the Children's Aid Society."

LICENSE DISTRICT

OF WEST PETERBOROUGH.

To Tavernkeepers, Shopkeepers, Wholesale Merchants and Others Whom it May Concern.

PUBLIC NOTICE IS HEREBY GIVEN that application for licenses for the sale of liquors in the License District of West Peterborough, for license year 1898-99, will be received at the License Commissioner's office, Water street, Peterborough, on and after

TUESDAY, 1st MARCH.

Any application for premises not already under license must be accompanied with certificate signed by a majority of persons entitled to vote for members of the Legislative Assembly in the polling subdivision in which the premises sought to be licensed are situate.

No application can be received after the 1st day of April.

Red-Hot Winter Wind-Up!

Prices of all Winter Clothing to be

CREMATED!

GOUGH'S MARCH SACRIFICE SALE

WILL PROVE A BLESSING TO PEOPLE WHO HAVE NO MONEY TO FOOL AWAY. We are on the eve of spring. The month of March will bring an entirely new condition of things along with stirring preparations for a new season. For the past two months we have been crowding prices down and crowding goods out—making a Midwinter Record, the like of which this store has never paralleled.

The business situation of to-day calls for the prompt disposal of all Winter Goods. They must go now AT ANY PRICE. Immense quantities of New Spring Importations are crowding us for space. To meet this emergency, a Radical, All-Round Red-Hot Reduction Sale was ushered in at our stores on the 1st of March.

There must be no half measures. We want a clean sweep and a clear field, and our sacrificing prices must do it. Sell we must—Unload we must. To-day—To-morrow—every single day until the Ides of March are past, we hold a carnival of

Rich Clothing Values.

FOR MEN, YOUTHS AND BOYS.

Recent fortunate purchases of several High grade Stocks of Modern Ready-to wear Clothing at a Fraction on the Dollar, comprising "THE ARMY AND NAVY" Stock of Queen Street West Toronto; "THE OAK HALL" Stock of Peterborough, and an hypothecated stock knocked down at our own price by Suckling & Co., Toronto—all bunched in this sale.

These Combined Stocks, coupled with our own Mammoth Stock at Nos. 375 and 377 George street, have crowded us out of house and home—overstocking us with winter goods that we cannot afford to carry over.

4-GIGANTIC STOCKS-4

$90,000 WORTH OF CLOTHING EXCELLENCE, bundled together for a March Clearance at Prices a QUARTER and a THIRD below original values. A Master-stroke of Daring, Fearless Selling.

We are in dead earnest. Sunbeams or blizzards, the havoc in prices must sweep along—with a reckless desire to unload stocks.

Quick Losses to make Quick Sales to buyers, who will not waste a moment when prices are so eloquent.

THE GREATEST SHOE SALE

The Greatest Shoe Sale the Town has ever witnessed will also be held during this March Clearance. Thousands of pairs of Fine Sample Boots and Shoes, bought from hard-up manufacturers will be sold at a fraction of their cost.

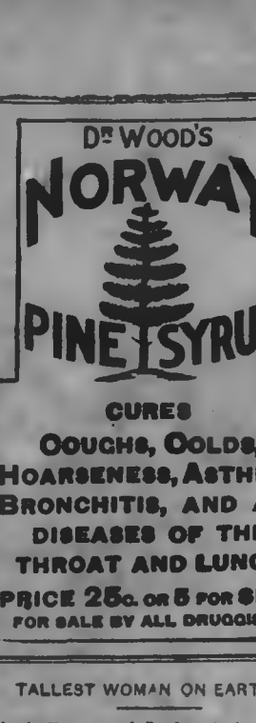
TALLEST WOMAN ON EARTH.

Minnie Powers of Lockport Lacks One Inch of Being Eight Feet Tall.

Eight feet, lacking an inch, is the height of Miss Minnie Powers of Lockport, N.Y. She is the tallest woman in the United States. How greatly she surpasses average women is shown by statistics. The average height of American women, according to William Blaikie, the expert on physical culture,



MINNIE POWERS, EIGHT FEET TALL.

is five feet four inches. English women are two inches taller, which is doubtless due to many generations of outdoor life and sports. The modern American woman, however, is following her English cousins in their passionate love of athletics, with the result that the younger American women have shown a wonderful growth and a more pronounced tendency to ample physical proportions.

A SARNIA WONDER.

W. Barton Got Health and Strength From Dodd's Kidney Pills.

Sarnia, Feb. 21.—The case of Mr. T Johnston, of Osborne, excites wide-spread interest here, as Mr. Johnston is well-known here and the published report of his case is known to be true.

But William Barton, of Sarnia, claims to have been a still worse case than Mr. Johnston. Mr. Barton was afflicted with Bladder trouble for many years.

Doctors and medicines utterly failed to relieve him. His sufferings were almost beyond human endurance.

At length he tried Dodd's Kidney Pills. As in scores of other cases in Sarnia, a cure followed in astonishingly short time. Six boxes were all he used. But they gave him perfect health and manly strength.

The Paper William Morris Used.

Mr. Morris was no advocate for thick paper, but he had long before found out that machine made paper of wood pulp and clay was useless for permanent results, to say nothing of the uninteresting quality of its surface. The latter failing is a factor by no means unimportant in the beauty of a book. Much of our shiny, calendered paper is, besides, trying to the eyes. He was forced to resort to the plain, honest way of the old time paper makers. Unbleached linen rags were used, and molds whose wires were not woven with absolute mechanical accuracy, thus obtaining a sort of variety in the surface.

This paper was made expresaly for him by Mr. Batchelor, at Little Chart, near Ashford, and "resembles the paper of the early printers in all its best qualities." Three water marks were designed by him for paper of different sizes—"the apple, the daisy and the perch with a spray in its mouth; each of these devices being accompanied by the initials W. M."—Pratt Institute Monthly.

An Exception.

First Boarder—Don't you always have a stuffy feeling in this house?

Second Boarder—Not when we are in the dining room.—London Fun.

The evidence in the case proves Hood's Sarsaparilla cures scorfula, salt, rheum, boils humors and all eruptions.

Blood That is Bad.

Blood that is bad makes the whole body sick. Blood that is good makes the whole body healthy and vigorous. Burdock Blood Bitters makes good, rich, ruddy blood. "I regard B B. B. as the best medicine in the world to make rich, red blood. It cured me after two years suffering from weak, thin blood." Jennie A Glascoe, Centreton, Ont.

Karl's Clover Root.

The great Blood purifier, gives freshness and clearness to the Complexion and cures constipation, 25 cts., 50 cts., $1.00. Sold by Jos. Nugent, 393 George street.

Dr. Low's Pleasant Worm Syrup removes worms of all kinds from children or adults.

THE FIREMAN'S LIFE.

The Spectacular Side of It Doubtless Has Strong Attractions.

In The Century there is an article on "Heroes Who Fight Fire" by Jacob A. Riis in the series of "Heroes of Peace." Mr. Riis says:

Doubtless there is something in the spectacular side of it that attracts. It would be strange if there were not. There is everything in a fireman's existence to encourage it. Day and night he leads a kind of hair trigger life that feeds naturally upon excitement, even if only as a relief from the irksome idling in quarters. Try as they may to give him enough to do there, the time hangs heavily upon his hands, keyed up as he is and need be to adventurous deeds at shortest notice. He falls to grumbling and quarreling, and the necessity becomes imperative of holding him to the strictest discipline, under which he chafes impatiently. "They nag like a lot of old women," said Department Chief Bonner to me once; "and the best at a fire are often the worst in the house." In the midst of it all the gong strikes a familiar signal. The horses' hoofs thunder on the planks; with a leap the men go down the shining pole to the main floor, all else forgotten, and with crash and clatter and bang the heavy engine swings into the street and races away on a wild gallop, leaving a trail of fire behind.

Presently the crowd sees rubber coated, helmeted men with pipe and hose go through a window from which such dense smoke pours forth that it seems incredible that a human being could breathe it for a second and live. The hose is dragged squirming over the sill, where shortly a red eyed face with disheveled hair appears, to shout something hoarsely to those below, which they understand. Then, unless some emergency arise, the spectacular part is over. Could the citizen whose heart beat as he watched them enter see them now he would see grimy shapes, very unlike the fine looking men who but just now had roused his admiration, crawling on hands and knees, with their noses close to the floor if the smoke be very dense, ever pointing the "pipe" in the direction where the enemy is expected to appear. The fire is the enemy, but he can fight that, once he reaches it, with something of a chance. The smoke kills without giving him a show to fight back. Long practice toughens him against it, until he learns the trick of "eating the smoke." He can breathe where a candles goes out for want of oxygen. By holding his mouth close to the nozzle he gets what little the stream of water brings with it and sets free, and within a few inches of the floor there is nearly always a current of air. In the last emergency there is the hose that he can follow out. The smoke always is his worst enemy. It lays ambushes for him which he can suspect, but not ward off. He tries to by opening vents in the roof as soon as the pipemen are in place and ready, but in spite of all precautions he is often surprised by the dreaded back draft.

THE KLIPSPRINGER.

A South African Animal That Resembles the Chamois of Europe.

The klipspringer, or klipbok, as it is often called by the colonists, seems, like the chamois of Europe, to be created for no other purpose than to complete and adorn a mountain landscape. Although smaller than its distant cousin of the snowy Alps, the klipspringer yields neither to it nor to any other mountain dweller in the world in the ease with which it can get about the most difficult and dangerous rocks and precipices. To watch a pair of these little antelopes bounding with the elasticity of a piece of india rubber up and down the precipitous face of some yawning cliff or sheer mountain wall or on to pinnacles and ledges that might startle even a Rocky mountain goat, displaying the while a coolness and lack of fear born of countless generations of a climbing ancestry, is to watch the very perfection of wild life upon the mountains. Certainly in all South Africa there is no more charming or wonderful sight than the klipspringer amid its own wild mountains, kloofs and krantzes.

About 2 feet in height at the shoulder—sometimes a trifle more—the klipspringer is a sturdily built little buck. The ram carries short, sharp, poniardlike horns about 4 inches in length; the ewe is hornless. One great peculiarity of the klipbok lies in its olive brown coat, which is thick and very brittle to the touch. Each hair is hollow, and the whole coat is singularly light and elastic. Among the colonists, and especially the Boers, the hair of the klipspringer is in consequence in great demand for stuffing saddles. The legs are robust, as they need to be, the pasterns singularly stiff and rigid, while the tiny hoofs are hollow, somewhat jagged at the edges and exactly adapted for obtaining foothold on the most difficult mountain sides.—London Spectator.

Do You Want Consumption

Are you really looking for it? Inviting it? Then pay no attention to your hacking cough, and your weak throat. You can prevent it, though Take Scott's Emulsion early, when the cough first begins.

Empress Eugenie's Playfulness.

Some time ago the Empress Eugenie was a capital hand at whiling away her own and other people's time when residing at obscure watering places where the accustomed resources of royal gaiety were at fault. One game that she invented, and which gave much delight, was this: A costly jewel was placed upon a saucer and covered with an inverted teacup; a lady then tossed them to a gentleman seated on the opposite side of the room, and if he caught the flying utensils with such a steady hand that the jewel was not displaced from under the cup the gem became the property of the lady. Of course the gallant who was to "catch" felt an intense solicitude, inasmuch as the prize for the lady which his adroitness might gain or his awkwardness lose had a value which rendered its possession exceedingly desirable and made its loss acutely felt. It is said that the emperor was the best "catcher" of them all, and when he was present the game was played with an enthusiasm which would rival that of a thickly populated nursery.—New York Ledger.

Caps or Crowns.

Whether the head wears a cap or a crown headache will come. Burdock Blood Bitters cures all forms of headache. It is a curative for rich or poor.

"I suffered with terrible violent headache but B B B. cured me before I had finished the fourth bottle."

Mrs. W. Macklin,
Cypress River, Man.

St. John's Has a Crisis.

St. John's, Nfld., March 3.—The deadlock over railway legislation still continues and a Ministerial crisis is on. The Cabinet says the refusal of Sir Herbert Murray, the Governor, to sign the contract with Mr. Reid is calculated to influence the Legislative Council unfairly. They denounce it as an "improper interference with the due course of legislation," because the power of disallowance retained by the Imperial Cabinet is an ample safeguard.

Should the Government resign, the Opposition could not succeed because it numbers only eight in a house of 36.

Frozen to Death in the Woods.

Brantford, March 3.—The body of William Butler (colored), residing at 175 Dundas street, was yesterday found in the woods northwest of this place. Deceased had been ailing in health for some time. On Saturday he wandered away from home and no trace could be found of him. Yesterday choppers in the woods two miles west of this place found the body in the deep snow. It is supposed in temporary derangement of mind he wandered away, and, getting into deep snow, was unable to extricate himself, fell asleep and perished.

Englishmen for the Klondike.

Halifax, March 3.—Among the passengers landed here yesterday by the mail steamer Lake Superior from Liverpool, were 25 Englishmen, who are bound to the Klondike. They brought with them 90 trained Belgian dogs.

Col. Picquart Won't Fight.

Paris, March 3.—Col. Picquart, the disciplined chief witness for M. Zola in the recent trial of the author, has informed the Aurore that he will never consent to fight Major Esterhazy if the latter challenges him.

Sir Sandford Fleming Re-Elected.

Kingston, March 28.—Sir Sandford Fleming, K.C.M.G., has been unanimously re-elected Chancellor of Queen's University for a further term of three years.

APPALLING DEATH

From Kidney Disease Prevented by Dodd's Kidney Pills, Only.

"Kidney Disease." Do you know what it means? It means that the kidneys are either *rotten*, or rotting; the blood is full of poisonous, death-dealing corruption; that the Kidneys can't do their work; that the victim is a walking charnel-house; that his hours are numbered; that the victim MUST take Dodd's Kidney Pills if he does not want to die.

Have you Kidney Disease? Is your skin hot and dry; memory failing; breath short; urine, reddish, or pale colored; does it scald when passing; is your appetite changeable; do your ankles swell; have you bitter taste in the mouth on getting up mornings; is there a brick-dust deposit in your urine?

Any of these signs is proof positive of Kidney Disease. Will you be cured, or will you die? Dodd's Kidney Pills are the only means on earth that will cure you. They never fail.

WORLD OF WOMEN.

THE FIRST WOMAN LAWYER TO PRACTICE IN NEW ZEALAND.

A Mountain-Climbing Queen—Margherita of Italy is an Experienced Climber of the Alps. Which She Visits Annually, Wearing the Regulation Costume.

The first woman to practice law in British Dominions other than Canada is Miss Edith R. Benjamin, LL.B., of Dunedin, New Zealand. Miss Benjamin obtained her degree last April. But 22 years of age, and described as petite and girlish-looking, she matriculated from the Girls' High School in 1893,

NEW ZEALAND'S WOMAN LAWYER.

and graduated in law this year from Otago University, where she came out first in jurisprudence, constitutional history and law. She also headed the list in Roman law, evidence and equity, respectively, and was bracketed first with another in criminal law and real and personal property respectively.

A Mountain-Climbing Queen.

Queen Margherita of Italy is the only woman of royal blood who has achieved and well-earned prominence as a mountain climber. It is a far cry from being a princess of the aristocratic house of Savoy to being a rival to the sturdy peasant of the Alps, but the Queen fills the two roles admirably. She combines the necessary elements to success under all conditions, and, while a thorough aristocrat, is so democratic in her ways that she has won almost as much popularity among the Tyrolese as under the sunny skies of her own home.

Few women of Italy have to greater extent their savoir faire which marks the royal lady referred to. None need to be told that she is to the manner born, and her even action is marked by that undefinable something which stamp one born to command. She was reared surrounded by an etiquette almost as strict as the rules which govern the convent life of Cistercian monks. The straight and narrow path has always been hers, indeed, and yet, now that the Queen finds it possible to fling aside the cloak of royalty for the less burdensome mantle of ordinary existence, she treads the broader paths as lightly and familiarly as if she had been accustomed to them from youth up.

It was my good fortune not long ago to accompany the Queen upon one of her rather frequent trips to the Tyrol. Never was there greater metamorphosis than that of the stately Queen at Rome to the comfortably-clad and sturdy woman, who, a short time afterward, was making her way up Gornergrat. The Queen thoroughly believes in that motto of her own country: "When you are in Rome do as the Romans do." She seems to imbibe the frankness and jollity that distinguish the Tyrolese peasant as soon as she reaches their country.

On this particular journey that I refer to the Queen's point of destination was Gressoney, in the midst of the Alps. I sat in a window of the little inn not far from the villa of the Baron de Peccoz, whose guest the Queen was. It was scarcely an hour, as I recollect, from the time I had reached Gressoney in the diligence that followed the conveyance in which the Queen travels, when I saw coming down the street, followed by two attendants, Queen Margherita, in regulation Tyrolese costume, and looking as bright and animated as if she had just risen from a profound night's sleep instead of having just concluded a long and decidedly tedious journey.

Straight down the street of the little village she walked to the home of a woman who used to be in her service in Rome, but a year or so ago returned to the Tyrol and became the wife of the sweetheart she had left behind when she went to Rome. The Queen is nothing if not democratic, and her manner as she entered the cottage of the peasant was as if she was simply a friend of the ordinary sort who had come to make a call. Presently she came out of the house again, accompanied by her former attendant, and the two walked up the street, laughing and chatting as if there were no such thing as rank or royalty.

That night it was noised all through the section of the Alps where we were located that the Queen had arrived, and with the rising of the sun the mountaineers came pouring into the town from all quarters. The sun was not up much before the Queen, who promptly announced her intention of ascending the Gornergrat, one of the Alps, whose height is 9903 feet. Besides her host, the Baron de Peccoz, she was accompanied by half a dozen of the mountaineers, with whom she had made the same journey on several occasions. I watched the party as it began its journey, and really there was nothing about it to indicate that the lady was anything more at least than a person of title. Many a time have I seen a member of the English nobility start on a similar trip and create twice the sensation by reason of the display made.

It was during this journey that an incident occurred which shows plainly how gracious a woman the Queen is and how quick to appreciate a situation. While in the refuge, or, rather, at one of the refuges on top of the Gronergrat, Margherita received a basket of champagne from a jolly party of Englishmen who had made the ascent. The wine was accompanied by a letter signed by all of the Englishmen, fervently expressing the Briton's admiration of the daring and courage of the charming Queen who had made the difficult climb, and humbly begged her to accept the wine as a token of the sincere respect and admiration of the writers.

The Queen received the gift very graciously, and, causing a bottle of the wine to be opened at once, drank the health of Queen Victoria. To be sure, it was only an incident, and perhaps a trivial one, but it indicated beyond peradventure how thoroughly womanly the Queen is, and how appreciative of the feelings of others.

It is told of the Queen that when, several years ago, she made the ascent of the Peak of the Giant, 12,400 feet above the level of the sea, she was overtaken by a severe snowstorm, which obliged her and her few attendants to take refuge in a hut belonging to the Alpine Club, which was soon full of climbers of all nationalities, who, when they knew who she was, at once offered to leave the hut that she might have it to herself and her attendants. "On no account," said the Queen, "will I submit to such action. The hut must do for all. Just consider that I am the hostess, and as such I bid you welcome, and we will spend the night here as comfortably as we can." After this the Italian Alpine Club presented the Queen with a magnificent diploma, of which she is very proud, and replaced the hut with a refuge to which they gave the name of "Regina Margherita."

It is always the custom of the Queen to stop when at Gressoney at the villa of the Baron de Peccoz previously referred to. It must not be thought that Margherita is the only one of her family who has been in the habit of visiting the Alps, for in the Peccoz family the duty of accompanying the members of the House of Savoy in their Alpine climbs seems almost hereditary. The late Baron Peccoz, who in his youth accompanied the Duke of Genoa, and Prince Thomas, father and brother of the Queen, in all their mountain excursions, was the guide of Queen Margherita, until in the summer of 1895, while ascending a mountain at her side, he suddenly fell at her feet and died in a few moments. His sons have taken his place.

No mountain journey is considered by the Queen too arduous. If she is inclined to think her strength not altogether equal to making the entire journey on foot, she rides her favorite donkey. Ordinarily, however, she prefers to walk. She is a splendid pedestrian. Although in Rome but little exercise is enjoyed by her, her frequent Alpine journeys have enabled her to maintain a degree of athletic power that falls to the lot of few women, either of royal or humble birth.

Free Trial To Any Honest Man

The Foremost Medical Company in the World in the Care of Weak Men Makes this Offer.

HEALTH AND ENERGY ASSURED. HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

In all the world to-day—in all the history of the world—no doctor nor institution has treated and restored so many men as has the famed ERIE MEDICAL CO. of Buffalo, N. Y.

This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.

So much deception has been practised in advertising that this grand old company now for the first time makes this startling offer:—

They will send their costly and magically effective appliance and a whole month's course of restorative remedies, positively on trial without expense to any honest and reliable man!

Not a dollar need be advanced—not a penny paid—till results are known to and acknowledged by the patient.

The Erie Medical Company's appliance and remedies have been talked about and written about all over the world, till every man has heard of them.

They restore or create strength, vigor, healthy tissue and new life.

They quickly stop drains on the system that sap the energy.

They cure nervousness, despondency and all the effects of evil habits, excesses, over work, etc.

They give full strength, development and tone to every portion and organ of the body.

Failure is impossible and age is no barrier.

This "Trial without Expense" offer is limited by the company to a short time, and application must be made at once.

No C. O. D. scheme, no bogus philanthropy nor deception, no exposure—a clean business proposition by a company of high financial and professional standing.

Write to the ERIE MEDICAL COMPANY, BUFFALO, N.Y., and refer to seeing the account of their offer in this paper.

A Long Range Shave.

Calino's master, very busy with some important work, does not wish to be troubled with the noise of the coming and going of tradespeople and servants and gives orders that none shall be admitted till he has gone out.

The first one who comes is the barber.

"Go on," says Calino; "come again when he has gone out!"—Paris Gaulois.

The investigations of Weber have shown that the curliness of hair varies with it flatness. The flatter it is the more it curls Curling irons flatten the hair.

Many a husband imagines that his wife is happy, healthy and strong, when she is really enduring in silence almost unbearable tortures. She meets him at the door on his return from work or business with a smile and a kiss. To be sure, she looks a little white and pallid, but she is vivacious and cheerful in his presence, and he does not realize that anything is wrong. If he had but come home during the middle of the day, he would have found, instead of the cheerful wife, a weak, sickly, nervous invalid, with headache, pains in the back, "stitches" in the side, burning and dragging down sensations and utter despondency and melancholy.

In almost every case of this kind the woman is really suffering from weakness and disease of the distinctly feminine organism. Frequently she does not realize her own condition. If she does, she shrinks from undergoing the "examinations" and "local treatments" insisted upon by the average physician. Dr. Pierce's Favorite Prescription is the medicine needed by women who suffer in this way. It acts directly on the sensitive organs concerned and makes them strong, healthy and vigorous. It allays inflammation, heals ulceration, soothes pain and tones and builds up the shattered nerves. It transforms weak, sickly, nervous, despondent invalids into happy, healthy wives and competent mothers. It fits for wifehood and motherhood. It makes "examinations" unnecessary. Honest dealers do not suggest substitutes for a little added profit to be realized thereon.

"I had suffered untold misery for years with ovarian trouble, an exhausting drain, constipation, painful periods and other annoying troubles," writes Mrs. Annie James, of No. 27 Seventh Street, Memphis, Shelby Co., Tenn. "Thank God, my health has been fully restored and I can gladly say I am a well woman to-day. I used six bottles of Dr. Pierce's Favorite Prescription and was completely cured."

Dr. Pierce's Pleasant Pellets cure constipation and biliousness. They never gripe. All good dealers have them.

WOMEN AT VICTORIA COLLEGE.

Miss Alice Cooke, Who Has Been Elected A Member of the University Board

In the British colonies the advancement of women makes much more rapid gains than in Great Britain itself. While at Cambridge the mere proposition to confer degrees upon women and admit them to a vote in the College Senate has aroused violent agitation, in the colony of Victoria a woman has

MISS AICK COOKE, M.A.

been elected governor of the university. Miss Alice Cooke, M. A., is the woman who has been thus honored, and in future she will represent the women on the Board of Governors of the Victoria University. Miss Cooke was formerly Jones fellow in history, and is distinguished for literary and historical work. She is assistant tutor in the department for women (Owen's College), and has been two years on the Committee of Convocation.

SOOTHES THE THROAT. QUIETS THE COUGH. ALLAYS INFLAMMATION OF THE LUNGS AND BRONCHIAL TUBES.

DR CHASE'S SYRUP OF LINSEED AND TURPENTINE

PRICE 25c

MR. CHAS. BAILEY, of Close Ave., Toronto, and Manager celebrated Jessop Steel Works, Manchester, Eng., says: "As a quick cough cure for family use, I consider Dr. Chase's Syrup of Linseed and Turpentine the most wonderful mixture conceivable. This medicine cured me of a severe attack of La Grippe very promptly. My wife would not consider our child safe from croup and coughs without this preparation in the house.

Sold by all dealers, or Edmanson, Bates & Co., Toronto, Ont.

MOTHER EARTH.

Grateful it is on the warm earth to lie,
While purple shadows o'er the far hills pass,
Watching the light shod wind bear down the grass,
Watching the clouds, the pilgrims of the sky.
The breath comes sweet from fields of melilot,
And now the soul of Siegfried's magic note
Rings full and clear from a wood thrush's throat,
And life's sad stress and burden are forgot.
O mother, genesitic mother, when
I shall have lived my little human space
So take me to your nourice lap again
And spread your homely apron o'er my face!
As sleep, not dying, to my thought it seems,
With dreamless waking in the dream of dreams.
—Marguerite Merington in Scribner's.

How to Wheedle a Librarian.

I note that an Oxford scholar of my acquaintance, if he wished a valuable book to be taken from the Bodleian library into the Radcliffe reading room that he might continue reading it after the library was closed, used to begin by asking leave for some unique manuscript, and when that was refused a book somewhat less valuable, coming gradually down a scale and being refused with less emphasis, until he reached the book which alone he wanted, when he would say, "At least you can have no objection to my taking this."—Cornhill Magazine.

After the Battle.

"So Jones was not re-elected."

"No, he was fired out."

"I wonder if he still believes office is a public trust."

"I doubt it. He regards it more in the light of a public thrust."—New York World.

Could do no Work.

Large sores broke out on my body, head and limbs, and also on my hands, so that I couldn't do any work, and my hair came out. My trouble was called eczema. I began taking Hood's Sarsaparilla. When I had taken several bottles the sores and itching disappeared and I was cured." Mrs. J. G. Brown, Brantford, Ont.

Hood's Pills are the only pill to take, with Hood's Sarsaparilla. Cures all liver ills

Queer Heart Feeling.

Queer feelings in the heart are daily complained of by multitudes of people—don't know the cause, but it makes them nervous irritable and unfit for either work or pleasure Mr. B. A. Ross, Atlas Craig, Ont., explains it. He says: "It came from la grip. I was irritable, worried, dizzy, short of breath and such a queer feeling in my heart that I thought I would give up the ghost. Milburn's Heart and Nerve Pills changed all this, and I am free to-day from all these troubles."

Piles! Piles! Itchin Piles.

Symptoms—Moisture intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumour. All druggists or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia. Lyman Sons & Co Montreal wholesale agents

DOAN'S KIDNEY PILLS.

Sold by all druggists at 50c. a box or 3 for $1.25.

A Nurse Cured of Dropsy.

Mrs Isabella Richardson, a well-known nurse living at 91 Catharine Street, Hamilton, Ont., says: "Up to fifteen months ago I followed the avocation of nurse, then I was taken ill with Dropsy and Kidney trouble. My hands and feet began to swell, my blood was weak and watery and I had unbearable pain in my back. Urinary troubles caused me untold suffering, loss of sleep and pain. While in this condition I procured a box of Doan's Kidney Pills and gave them a fair trial, and am pleased to say the pain has left me, the dropsical symptoms are gone, the urinary trouble has ceased and, thanks to Doan's Kidney Pills, I am completely cured."

Be sure you get DOAN'S.

LENTEN LECTURES.

Rev. H. Symonds on the Religious Teachings of Tennyson and Browning.

St. Luke's school house held a good audience on Wednesday night on the occasion of the first of the series of lectures to be given on the Wednesday evenings of Lent.

After some introductory remarks on the relationship of poetry and science and religion, Mr. Symonds pointed out some of the differences and resemblances between Browning and Tennyson. Both were spokesmen of their age, reflecting its thoughts and hopes, its doubts and struggles. Both were intensely religious. Both agreed to put love above creed. Both, too, believed in immortality, and upon this faith Browning built up one of his most characteristic doctrines. He held that man would be judged not so much by what he accomplished as by what he aimed at—

"What I aspired to be
And was not, comforts me:
A brute I might have been, but would sink in the scale."

Probation implies progress, and progress is the peculiar attribute of man.

"Man's distinctive mark alone,
Not God's, and not the beast's; God is, they are,
Man partly is and wholly hopes to be"

Tennyson more clearly than Browning reflects the particular spiritual difficulties of our time. "The Struggle for Existence" is one of the characteristic phrases of our century. Tennyson marks it and the difficulties to which it gives rise:

"Are God and nature then at strife,
That nature lends such evil dreams,
So careless of the type she seems,
So careless of the single life."

The complete solution of the problem is not yet possible, but his own conviction is that this world is progressing towards

"One far-off divine event
To which the whole creation moves."

Tennyson distinguishes between faith and creed, that is, between religion and the form in which religion enhances itself. Creeds and systems are changeable because they have human element in them. God alone is eternally the same.

"And what are forms?
Fair garments, plain or rich, and fitting close
Or flying loose, if warm'd but by the heart
Within them, moved but by the living limb
And cast aside, when old, for newer."

The principal poems quoted were Browning's A Death in the Desert, Saul, Abt Vogler, Apparent Failure, Easter Day, and Tennyson's In Memoriam, The Idylls of the King, The Two Voices, The Ancient Sage," Akbar's Dream.

The next lecture will be given by Sheriff Hall on Macbeth at 8 p.m. next Wednesday.

Have You Neuralgia?

If you suffer its agonies, and fail to get a remedy, we want you to try Nerviline. Its action on nerve pain is simply marvellous. Nerviline is the most pleasant and powerful remedy in the market. Try it.

Don't Let it Ache.

If your stomach, liver and bowels are working properly you will have no headache. Burdock Blood Bitters will keep you right, so there is no need to let your head ache. There is lots of proof that this is so. "I had severe headache for over three years and was not free from it for a single day. Finally I used Burdock Blood Bitters, with the result that it has completely cured me." Mrs. Affleck, Toronto.

WHO WANTS A HOME

The undersigned has some Building Lots in a desirable location, within 100 yards of the South Central School; near churches and close to the Canadian General Electric Works He is prepared to build a house and sell it on the monthly payment principle. Call up or address R. SHERRY, 228 Sherry St. dw

PRESBYTERY MEETING.

Regular Quarterly Meeting of the Peterborough Presbytery—Ministers to Retire.

The regular quarterly meeting of the Presbytery of Peterborough was held on March 1st in the town hall of the First Presbyterian church, Port Hope. Sixteen ministers and several elders were in attendance.

An unanimous call from the united congregations of Baltimore and Cold Springs, signed by 273 members and 43 adherents was presented to Mr. Robt. F. Hunter, M. A., of Queen's University, Kingston. The call was accepted and arrangements were made for Mr. Hunter's ordination and induction on April 18th at the Cold Springs church. Rev. John Hay is to preside, Rev. J. W. McIntosh to preach, Rev. J. Ross to address the minister and Rev. Dr. Smith to address the people.

The Rev. Donald Sutherland, M.A., of Warkworth, resigned his pastoral charge after a pastorate of over twenty-four years. As Mr. Sutherland desires to proceed to Manitoba in a few days, his resignation was accepted and Rev. James Cleland was appointed to declare the pulpit vacant on March 20th. Rev. D. A. Thompson, of Hastings, was appointed moderator of the session of Warkworth.

On account of the illness of Rev. Peter Duncan, of Colborne, the members of Presbytery arranged to supply his pulpit for some ten weeks at their own expense.

Dr. J. K. Smith, of the First Presbyterian church, Port Hope, and Rev. William Bennett, of Peterborough, asked the Presbytery to apply on their behalf to the General Assembly, meeting in Montreal in June, for leave to retire from the active duties of the ministry.

Commissioners to the Assembly were chosen as followers, 4 by rotation, Rev. J. W. MacIntosh, Centreville; Rev. James Cleland, Port Hope; Rev. Wm. Bennett and Rev. Dr. Torrance, of Peterborough. 3 were chosen by election, and after two ballots the following were declared elected:—Rev. J. V. Tanner, Omemee, Rev. John Hay, Cobourg; Rev. D.A. Thompson, Hastings. Rev. Alex. Laird was appointed to represent the Presbytery on the committee of bills and overtures, at the meeting of the Synod in Cobourg during the month of May. Rev. John Hay was appointed to represent the Presbytery on the same committee at the meeting of the General Assembly in June.

Encouraging reports were presented on "Church Work and Life, on Sunday Schools, and on Statistics for the year ending Dec. 31st, 1897.

The next regular meeting of Presbytery will be held in Campbellford on Monday, July 4th, at 3 p.m.

Linseed and Turpentine are not only popular remedies, but are also the best known to medical science for the treatment of the nervous membranes of respiratory organs. Dr. Chase compounded this valuable Syrup so as to take away the unpleasant taste of turpentine and linseed.

Mothers will find this medicine invaluable for children, it is so pleasant to take, and will positively cure Croup, Whooping Cough and chest troubles.

—McLaren's Imperial Cheese. Spot Cash.

Busy Barbers.

Since the reduction in my prices for hair-cutting and shaving, trade has gone away up with a bound. Hair cuts for 10c. and shave for 7c. has come to stay at this shop, and

Glad are the smiles of our barbers
For the wave of prosperity rolls
With gladsome and lively music
Through all their tonsorial souls;
And the grit and the grind of
The clippers are heard on the long-worn hair
As we mow from the heads of the
Hundreds the once honored pompadour hair.

Ladies Shampooing done and Switches and Bangs made to order and renewed. Natural Switches, 20 inches long, for $1.00 EDWARD LECLAIRE, formerly LeGros, 229 George st.

A PROSPEROUS INSTITUTION.

DOMINION BUILDING AND LOAN ASSOCIATION.

The Annual Meeting Held Yesterday—The Association's Affairs in a Very Encouraging Condition.

The following from the Globe refers to the report of the annual meeting of the above Association, which appears in another column.

The seventh annual meeting of the shareholders of the Dominion Building and Loan Association was held in Toronto yesterday. The affairs of the company, as evidenced by the Manager's report and the report of the directors for the eight months ending December 31st, 1897, are extremely satisfactory. The Association's business during these eight months shows a continuance of its general prosperity. Its assets have increased $112,739 31, bringing them up to $1,275,616.43. This is greater than the average increase of previous years. The number of loans approved of during the period was greater than that of the whole of the previous year. The total earnings of the Association for the eight months amounted to $77,563.96, and, after making deductions for various running expenses, there was left available for distribution the sum of $61,358.34. The rate of earnings on the permanent stock has been greater than on any class.

Mr. J. R. Stratton, the President moved the adoption of the report, and complimented the Association on its excellent standing. The business had increased not only in volume, but in the standard of its excellence. The general feeling regarding loan companies had urged the directors to have a special examination of the Associations affairs for the past year, and the investigation had been as thorough as possible. The Board of Directors had obtained from the Dominion Government a special act authorising the ocmpany to transact its business in every part of Canada.

As the permanent stock of the association is becoming so prominent, a change of name was recommended by the directors. It is proposed to call the association the Dominion Permanent Loan Company.

The company has every reason to be well satisfied with the whole of the report and with the past success of its affairs. Mr. J. R. Stratton, the President, has shown every care and interest in the Association. His election on Tuesday to represent West Peterborough by the magnificent majority of 1,000 is another evidence of the confidence felt in him by those amongst whom he lives, and, with the experienced services of the Manager, Mr. F.M. Holland, the company's prospects are very bright.

—Booth's oysters at the "Spot Cash" only. The price is no more, but the quality is better than other fellows sell you.

THE LADIES' AID

Of the George Street Church Hold a Service at Mrs. McBurney's.

Last evening a very enjoyable "At Home," under the auspices of the George street Methodist church Ladies' Aid, was held at the residence of Mrs. McBurney, Sheridan street.

There was an excellent attendance and vocal solos were given in good voice by Miss Clara Belleghem, Mr. Jas. Browne, Mrs. Seward and Mrs. Shorey, whilst instrumental numbers were given by Mr. Eph. Maybee, Miss E. Hubbs and Mr. Percy Owens.

Mr. B. Shortly acted as chairman, and after spending sometime playing games, an appetizing luncheon was served and much appreciated by all.

There will be a social under the same auspices held at the residence of Mrs. W. Belleghem, 418 Rubidge street, next Thursday evening at eight o'clock.

—Oranges, 15c. to 50c., "Spot Cash."

THE MISSION CIRCLE

Of the Murray Street Baptist Church Holds its Annual Meeting.

At the annual meeting of the Murray street Baptist Mission Circle on Tuesday afternoon addresses were made by Mrs. Stewart, of St. Andrew's Circle, and Miss Dixon, of St. Pauls, as well as by Mrs. Martin, Miss Aldridge, Mrs. John McKee and Mrs. Ellis.

The chair was occupied by the President of the Circle, Mrs. Hunter.

Officers were elected during the afternoon as follows:

President—Mrs. Ellis.
Vice-Presidents—Mrs. Donnelly and Mrs. Elcome.
Secretary—Miss Nicholls.
Treasurers—Mrs. Geo. Matthews and Miss Aldridge.

Dr. Low's Worm Syrup is a safe, sure and reliable worm expeller. Acts equally well on children or adults. Be sure you get Low's.

NEW FISHING REGULATIONS.

The department of Marine and Fisheries has decided to extend the season for hoop net fishing in the Bay of Quinte till May 1, the season thus far having been rather a failure. Fishery Inspector Shepherd, of Toronto, has reported to the Fisheries Department the report of the enquiry into the fisheries along the River St. Clair and the Canadian shores of Lake Huron. He calls attention to the rumor that the American Government is about to abolish the use of seines in their waters as being far too destructive to the fish, and suggest that Canada would do well to follow the same course.

—Quaker Oats, Spot Cash Grocery Co.

Maple Leaf Cheese Factory.

The annual meeting of the patrons of the Maple Leaf Cheese Factory will be held at the factory on Thursday, March 10th, at 1 o'clock in the afternoon. All interested are requested to attend. The milk drawing will be let by closed tender on the day of meeting.—GEO. BROOKS.

Parlour Furniture.

It is worth a visit to Clegg's furniture warerooms to see their parlour suites. New and handsome designs in 3, 4, 5 and 6 piece suites, beautifully upholstered in the latest styles and materials. Odd pieces in parlour furniture in great variety and at very low prices. Clegg's furniture and undertaking warerooms, 237 George street.

C. B. ROUTLEY

379 GEORGE STREET.

PASSENGERS HAD A SCARE.

C. P. R. Express Thrown From the Track Near Montreal—Nobody Hurt.

Montreal, March 3.—Some 15 passengers from Toronto and western points received the worst scare this morning of their lives. At half past seven the C.P. R. express inward, while passing Dorval, about 10 miles from the city, was thrown from the track, four of the five cars, including the sleeper, being ditched, and not a soul on board was injured. The driving wheel of the engine broke, and this was the cause of the accident. Both the engineer and fireman stuck to their respective posts and the locomotive remained on the track. The passenger coaches were thrown over in the snow banks, and although the ladies were greatly alarmed no one received as much as a scratch. A special train was sent out from Windsor station, and the passengers reached Montreal just 25 minutes behind schedule time.

TERRIBLE STATE OF AFFAIRS.

Skaguay Run by Lawless Men—Peculiar and Fatal Disease Is Causing Havoc.

Victoria, B.C., March 4.—Steamer Islander arrived from Skaguay yesterday. A terrible condition of affairs is reported there. Trails are blocked, and many deaths are occurring from a peculiar spinal disease. Thousands are pouring in, and lawlessness is unchecked. Major Perry of the Northwest Mounted Police was a passenger. He corroborated the news.

Canadian Customs ports had been established at the summit of both the Dyea and White Pass trails, and the British flag was hoisted at these points, which are within disputed territory.

The average issue of mining licenses is two hundred a day now. Ninety per cent. of those going in are Americans.

Good Value in Tea

is measured by

Strength and Quality.

Where is the economy in buying a 25 cent tea and then using three times the quantity that would be required of Ram Lal's Pure Indian Tea. You can't get a good quality of liquor out of a cheap tea no matter how much of it you use. You may get a strong bitter taste but not the delicate aroma that comes only from the tender leaves. Ram Lal's Tea is grown under European supervision. The tea is manufactured on the gardens in India and comes in sealed packets with all the strength and freshness retained.

Ram Lal's Tea is a Pure Indian Blend and does not "go off" in quality.

A. McDONALD,

Point St. Charles Mill, Peterborough.

A TALK ON TEA, YES,
EVERYBODY READ IT.

A lady from a village near Peterborough called on us last week and said that she wanted to get some of that fine tea that she had seen advertised in the "DAILY EXAMINER" and sold at the People's Prize Tea Store, 352 George street. After critically examining the tea she made a purchase of a quantity and promised to send her friends to buy from us, as she said our tea was clean, beautiful and bright—no dust, no mixing or doctoring—the grades are the very best. Another lady in town says that her mother will not have tea from any other store than ours. She buys the very best Ceylon Tea which cannot be excelled in strength and purity. Another gentlemen says what on earth do you do with the large quantity of teas that I see at your establishment. Some of the large chests of Ceylons must be valuable and come up to money; yes, they do but the people soon buy them up. You have a large stock of Canned Goods which would be a credit to any store in town; yes we have, and we are selling 3 for 25c. A prominent party in town offered to take the lot and give us a cheque for the amount, but we promised to give the working people the benefit of this bargain and we are doing it. We have a fine assorted stock of choice Groceries, Teas, Sugars, Spices, Canned Goods, Butter, Lard, and our own raising of Pickled, Smoked Salted Hams and Bacon, completely eclipsing anything on the market. We do not destroy the meat with salt or saltpetre, but cure them on the very best methods which are a secret to ourselves. Our own home made Pickles at 10c per bottle, our own Jams, Jellies—pure articles and at prices to suit all. Come to the best, get the best, and save your money by buying at the PEOPLE'S GROCERY, 352 George Street.

GOVERNMENT 49 OPPOSITION 43.

With One Patron and One Still Vacant Seat.

SEEMS TO BE 1898 FIRST FINAL.

No Further Change in the Standing of the Parties in the Provincial Election—Official Majorities—None of Them Affect General Result—Doubtful Seats and Recounts.

Toronto, March 5.—Yesterday's changes were for the most part unimportant and did not affect the standing of the parties as previously given for the past two days, viz.: Government 49, Opposition 43, Patron 1, vacant 1; total, 94. Yesterday Conservatives conceded the Government 47, but claimed 45 for the Opposition. In order to do this they appropriated Parry Sound, whose representative, Mr. Beatty, is pledged to support the Government, and West Wellington, whose member, Mr. Tucker, is the Patron who will not do better than to promise Mr. Whitney "a fair measure of support." Yesterday at the Parliament buildings Mr. Tucker declared that he was still an independent, and it is altogether likely that he will give Mr. Hardy as fair a measure of support as Mr. Whitney.

One by one the ridings announced as doubtful, or likely to go Conservative, fall into line and are officially announced as Liberal. This was the case yesterday in West Elgin. Manitoulin Island, which the Conservatives were willing to bet would elect Dr. Fell in East Algoma, gave the Doctor only 86 majority, and Mr. Farwell's majority is 224, allowing for the island. Mr. Conmee's election is also assurred in West Algoma, and once more Conservative hopes are dashed.

Through the failure of several returning officers in Ottawa to fill in the figures properly in the poll books Mr. Powell's majority is reduced to two, and a scrutiny of the ballots may make things interesting there. South Huron is no longer in doubt, Mr. Eilber, the Conservative candidate, being declared elected by 159 votes. In East Elgin Mr. Brower's (Conservative) majority was increased from 8 to 19, and in East Middlesex the majority of Mr. Hodgens (Conservative) was increased from 56 to 86. In North Middlesex the majority of Mr. Taylor (Liberal) was increased from 55 to 93. The other alterations were made in ridings where the majorities were too large to be materially affected either way.

THE REVISED LIST.

The Members Elected According to the Latest Official Returns.

Liberals—49.

MAN BRIBED TO WRECK THE MAINE

A Startling Story From Havana Via Key West.

SPANISH OFFICIALS CHARGED.

The Statement to El Yara, a Respectable Cuban Paper, to Be Placed Before the U. S. Court of Enquiry—Spain Buys Warships—Another Squadron for Cuba.

Key West, March 5.—From Havana yesterday came the most astounding story that has yet been told concerning the blowing up of the Maine. In effect, it is that the explosion was done by the directors, and with the full knowledge of responsible Spanish officials on the island, who, to conceal their crime, took the life of the man who did the work, after having paid him $20,000.

His widow, the story says, was immediately placed in the insane asylum at Mazora, so that whatever charges or revelations she may make will be regarded as the ravings of a disordered mind.

The statement will be placed before the court of enquiry to-day. This story comes from Havana to El Yara, one of the most conservative and respectable Cuban papers published in the United States.

The story gives the name of the diver as Barquin and continues: "El Yara's correspondent makes the almost incredible statement that Barquin was buried with the battleship's dead as an unidentified corpse."

SPAIN BUYS CRUISERS.

Two Speedy Warships Contracted for by Brazil Purchased by the Dons—Details of the Deal.

London, March 5.—Spain has purchased two cruisers which the Armstrongs have been building for Brazil, the Amazonius and a sister ship, unnamed, of 4,000 tons each, 23 knots and 10 guns. Spain is also negotiating for and will probably secure two cruisers of a similar type which have been building in France for Brazil. The Amazonius is ready for launching and her sister ship will be ready shortly. The Spanish Government is endeavoring to secure guns and large supplies of ammunition in England and on the continent for immediate use.

Spain is Funds.

The Government of Spain seems to have funds, for it is understood to be paying a large part of the purchase money in cash, giving good security for the balance, these being the only terms upon which the Armstrongs would deal.

Some weeks ago Spain attempted to purchase ships and supplies in England on credit from prominent firms having close relations with the Government here, but after inquiries the firms refused to give credit. Since then Spain has raised funds from some unknown sources.

Diplomats in London express the belief that French financiers are helping the Spanish Government. It is known that Spain is trying to purchase three other ships which are being built by the Armstrongs, but she has not yet succeeded in making a bargain, consequently there is still time if the United States wishes to forestall her.

Another Squadron for Cuba.

London, March 5.—A letter just received here from Madrid says it is definitely reported there that a fresh Spanish squadron, destined for Cuba, is being organized. It consists of four ironclads, the Carlos V., Pelayo, Alfonso XIII. and another, several gun boats and a trans-Atlantic steamer.

Active work is also proceeding upon the torpedo boat destroyers Proserina, Audas and Osada, and upon the torpedo boats Habana, Relamoso and Barcelo, which form the second torpedo boat flotilla that Spain is sending to Cuba.

GIBRALTAR OF THE GULF.

The United States Proposes to Have It in the Gulf of Mexico.

Washington, March 5.—The United States Government is now contemplating transforming the Dry Tortugas into a military and naval station. Should the plan be carried into effect the islands will become the Gibraltar of the Gulf of Mexico. The Tortugas are now used as a quarantine station, controlled by the United States Marine Hospital Service, which is now under the jurisdiction of the treasury department.

The Tortugas Islands are nearly as close to Havana as Key West is, and they are infinitely a better base of naval operations. The islands are only ninety miles from the Cuban capital.

The information received here last night from New York that General Merritt has temporarily suspended his inspection of the military stations in the south, and will make an immediate trip to Key West, leads to the belief that his change of plan was made in conformity with the purpose of the Government to establish the military station at the Tortugas.

Another Zola Man Degraded.

Paris, March 5.—Captain Bergouen of the general staff, who wrote an outrageously insulting letter to ex-Minister Trarieux, one of the witnesses at the Zola trial, has been punished by being transferred to the staff of the sixth army corps.

Brakeman Badly Hurt.

Welland, Ont., March 5.—A Michigan Central brakeman named Howard was struck by a passenger train here last night and severely injured.

March April May

The months for renewing and healing in the physical world.

The months for new life, new energy, new blood in men and women.

The months when our need of help from medicine is greater than at any other time of year.

The months when Hood's Sarsaparilla will do us the most good because we are all now especially susceptible to benefit from this medicine.

The months when Hood's Sarsaparilla is taken by the millions because they have found that it is the medicine which does them good.

The months when you should take Hood's Sarsaparilla, because it will purify, vitalize and enrich your blood, and put you in good condition to resist the debilitating effects of changeable, warmer weather. Try it now.

Satisfied with Hood's.

"For several years I have taken two or three bottles of Hood's Sarsaparilla every spring for eradicating the humors in the blood and for building up the system generally. My experience with Hood's Sarsaparilla has been very satisfactory." GEO. FRANK, care of D. M. Ferry & Co., Detroit, Mich.

Great Blood Purifier.

"Hood's Sarsaparilla is our family physician and I believe it needs no recommendation. Wherever it has once been used there can be no substitute for it, as a blood purifier." MISS C. A. ELLIOTT, Grinnell, Iowa.

Builds Up the System.

"I have taken Hood's Sarsaparilla for weakness with which I was a sufferer in the spring, and I have found it the best medicine to create an appetite and build up the strength that I have ever taken, and I recommend it highly." J. F. WARD, Labelle, Ohio.

Keeps the Stomach in Order.

"I keep Hood's Sarsaparilla in the house all the time and regard it as the best spring medicine I can find. It has proved beneficial in keeping my stomach in order, and since I began taking it I can eat anything I wish." H. STONE, Sherborn, Mass.

Hood's Sarsaparilla

Is sold by all druggists. Price $1; six for $5. Prepared only by C. I. Hood & Co., Lowell, Mass. The Best Spring Medicine.

Daily Examiner.

SATURDAY, MARCH 5, 1898.

A GERRYMANDER THAT DIDN'T CONNECT.

In the conspiracy between the Opposition at Ottawa and the Ontario Opposition to get power in the Central Government through Ontario, the Gerrymander was to be made use of. A statement made by Mr. Thomas Beattie, M. P., of London, to the assembled Conservatives, in the flush of a supposed victory on the night of the election gave the thing away prematurely. Mr. Beattie, who was elected in London by most shameful methods, went home from Ottawa to assist in the overthrow of the Hardy Government. London was not debauched in this instance, however, to the same extent as in Mr. Beattie's campaign of 1896, and the Liberal candidate was elected.

Mr. Beattie's statement made public to his Conservative friends, was to the effect that "as the Opposition had carried the country there would be a re-arrangement of the constituencies in the near future that would enable his friends to capture many more ridings than is possible under the present system," which respects county boundaries, and which gets as near a fair a division of population as it possible to get without disturbing these boundaries.

This, then, was one of the outrages to perpetrated upon Ontario, in the event of the accession to power of Mr. Whitney and his piggery politicians. We all remember the shameless gerrymander perpetrated by Sir John A. Macdonald and his following in 1882. The people of Canada had their hands tied by that method of "hiving," and after it was accomplished they were informed that it had been conceived with the object of "hiving the Grits," and "what are you going to do about it?" was the question propounded. The rascally scheme accomplished its purpose for more than a decade before the party, on which rests the stigma of such an infamous proceeding, were hurled from behind that and similar fortifications they had constructed for perpetuating Tory rule in Canada.

This was to have been one of Mr. Whitney's plans of entrenchment, which, if the scheme had not miscarried, would have successfully gagged public sentiment in this province while our natural resources would have been plundered in the same manner that characterized the Tory party in the Dominion Parliament.

Ontario has had a very narrow escape, but the victory is Ontario's.

Cook's Cotton Root Compound

Is the only safe, reliable monthly medicine on which ladies can depend in the *hour and time of need.*

Is prepared in two degrees of strength.

No. 1 for ordinary cases is by far the best dollar medicine known—sold by druggists, one Dollar per box.

No. 2 for special cases—10 degrees stronger—sold by druggists. One box, Three Dollars; two boxes, Five Dollars.

No. 1, or No. 2, mailed on receipt of price and two 3-cent stamps.

The Cook Company, Windsor, Ontario.

☞No. 1 and NO. 2 Sold in Peterborough by John Maguire, Druggist.

THE Review poetry machine is advertised for sale. It will probably be sold by auction to-day on the market square by Mr. Charles Stapleton.

SOUTH RENFREW has a very heavy Catholic vote, but the constituency gave to Mr. Campbell, the Presbyterian Liberal candidate, a majority of 1,200. The fact is creditable to both the electors and the candidate. It is to be hoped, the Globe says, that we have heard the last of creed disqualifications in Ontario.

THE Review makes one laugh. It solemnly calls upon Mr. Hardy to resign. Why should he resign? He has a majority in the House—the Mail and Empire gives him at least 3; the real majority is 5. If Mr. Hardy can't carry on the Government with a majority of five, how can Mr. Whitney expect to do business with five down? The organ shouldn't be quite silly.

Mr. Morin, M.P. is afraid Messrs. Mackenzie and Mann will not run their Klondyke railway after it has been built. This is a curious fear. Several of Mr. Morin's fellow-members have pretended to prove that the traffic of the road would be worth five millions in five years—or perhaps it was five hundred millions. A few millions more or less in Klondyke calculations are neither here nor there.

It is a great satisfaction, says the Globe, to have the Lambtons restored to the Liberal column. They were lost temporarily owing to the inflammatory appeals of the Eye-Opener, the secret slanders of P. P. A. organizers and the wild platform rhetoric of P. P. A. campaigners. Mr. Pardee and Mr. Pettypiece have won the gratitude of Liberals all over Ontario by their resolute and successful fight to re-establish Liberal ascendancy in the Lambtons, and they received splendid assistance from the Liberal papers of Sarnia, Petrolea and Forest.

THE statement made by Sir Charles Hibbert Tupper some months ago, to the effect that the Conservatives would endeavour to regain control of the Dominion of Canada by first securing the Provinces, and that Ontario was to be secured at all costs, evidently had some meaning. The wealth of corporations and manufacturers was lavishly spent in the contest just ended, in the interests of Opposition candidates. But Ontario was able to withstand the onslaught of battle, and with such an "eye-opener" as was given on Tuesday, would reject the Conservative party's overtures by a more decided majority than Mr. Hardy now has.

CANADA is fast coming to the front as a mining country. The production last year was $23,789,000, or $6,000,000 more than in 1896, and double the output of a decade since. Its coal mines are still the most important, with a production of 3,870,000 tons, valued at $7,236,000, but gold is fast overhauling coal, with an output of $6,790,000. Other mineral products which have passed the million mark are lead ($1,295,000), copper ($1,801,000), nickel ($1,269,000), silver ($3,423,000), and petroleum ($1,021,000). The value of building materials quarried, and so forth, in 1897 was $6,600,000. The once great phosphate industry is represented now by nine hundred and eight tons, valued at four thousand dollars.

CITY OF SEVEN HILLS.

Celebration of the Jubilee of the Italian Constitution — King Humbert's Speech Raises Enthusiasm.

Rome, March 5.—The jubilee anniversary of the Italian constitution was celebrated yesterday with general rejoicing. The city was filled with visitors, who thronged the handsomely decorated streets.

At 8 o'clock the great bell at the Capitol signaled the opening of the fetes, and an hour later King Humbert, on horseback, accompanied by the Count of Turin and the foreign military attaches and the Minister of War, attended by a brilliant suite, rode to the San Marco Esplanade, where he reviewed 8,000 troops of the garrison. The Queen viewed the march-past of the troops, and their Majesties met with an enthusiastic reception from the crowds present. The ceremony of laying the corner-stone of the monument to Charles Albert, King of Sardinia, has been postponed until to-day.

King Humbert's Speech.

King Humbert made a speech from the throne to the Senators, Deputies and Mayors in the Capitol, during which His Majesty said:

"From the summit of this hill, consecrated by immortal glory, my first thought ascends to my magnanimous ancestor, Victor Emmanuel, father of his country, for his labors achieved in the national resurrection."

Later, His Majesty remarked: "Our faith in resuscitated Italy led us to Rome, and will guide us to still loftier destinies. I salute those generous men who consecrated their lives to the fatherland. I wished you to meet here, at the Capitol, from which you can admire the magnificences of the Eternal City, which has spread its light throughout the entire world. Let us continue to look to God, who willed the unity of Italy in order that the fatherland might be great and prosperous."

King Humbert concluded with saying: "As at the dawn of our resurrection, all classes of citizens were welded together to secure the country's freedom, so, to-day, they are united and mutually aiding one another. The indissoluble union of my house with the destinies of the people, based on concord of ideas and strengthened by past misfortunes and glories, will be the most secured bulwark of the Italian fatherland."

These concluding allusions to the dynasty were greeted with prolonged cheering and shouts of "Long live the King!" The scene was most imposing. The great hall of the Capitol was splendidly decorated, and all the Ministers, leading authorities and diplomats were present. A reception followed the King's speech. His Majesty met with the most enthusiastic greetings from the people while on his way from the Quirinal to the Capitol through the troop-lined streets.

MRS. HUGHE'S CASE.

The Lady Writes Another Letter to The Dodds Medicine Co.

Five Doctors and a Specialist Said She had Rheumatism—They Could not Help Her—Her Trouble was Kidney Disease—Cured by Dodds Kidney Pills.

MORLEY, Ont., March 4.—Interest in the wonderful recovery of Mrs. T. Hughes is still unabated here, and the case is the principal topic of conversation. Mrs. Hughes has received a letter from The Dodds Medicine Co., asking what name her doctors gave her disease. Replying, Mrs. Hughes writes thus:

"In reply to yours of the 7th inst., would say that the doctors said I had Rheumatism. They said that my age, 48 years, went against my recovery, that I would be better when I got over the change of life, and that nothing but time would cure me.

"I believe I had kidney and bladder disease. I grew worse and worse daily; could eat nothing but cornstarch or soup, until I began to use Dodd's Kidney Pills. When I was ill I weighed 147 pounds; now I weigh 113 pounds—my normal weight. I beg to state again that Dodd's Kidney Pills saved my life.

"Anyone wishing further information may write to me and I will gladly give it.

"MRS. T. HUGHES."

In the face of the emphatic evidence that is coming to light daily, no man can say that Dodd's Kidney Pills won't cure Diabetes, Bright's Disease, Rheumatism, Lumbago, Diseases of Women, and all other Kidney Diseases.

Dodd's Kidney Pills are sold by all druggists at 50c. a box, six boxes $2.50, or will be sent on receipt of price by the Dodd's Medicine Co., Limited, Toronto, Ont.

Caps or Crowns.

Whether the head wears a cap or a crown headache will come. Burdock Blood Bitters cures all forms of headache. It is a curative for rich or poor.

"I suffered with terrible violent headache but B.B.B. cured me before I had finished the fourth bottle."

Mrs. W. Macklin,
Cypress River, Man.

How to Cure all Skin Diseases."

Simply apply "Swayne's Ointment." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for Swayne's Ointment. Lyman Sons & Co., Montreal wholesale agents.

One Lala-Liver Pill every night for thirty days makes a complete cure of biliousness and constipation. That is—just 25 cents to be cured.

Mrs. T. S. Hawkins, Chattanooga, Tenn. says: "Shiloh's Vitalizer saved my life. I consider it the best remedy for a debilitated system I ever used." For Dyspepsia, Liver and Kidney trouble it excels. Price 75 cts.

Milburn's Sterling Headache Powders are easy to take, harmless in action and sure to cure any headache in from 5 to 20 minutes.

TWIN TORTURERS!

Lumbago and Rheumatism made Harmless by Dodd's Kidney Pills.

Lumbago and Rheumatism cause endless pain and suffering. Every man and woman who runs chances of getting wet, or catching cold, is liable to suffer from one or both. Our hospitals are full of sufferers from these diseases; none are more painful. Every nerve is on fire; every joint is a centre of agony; every muscle an area of torture. To move hand or foot makes the victim shriek with agony.

Rheumatism makes more cripples than all the railroad accidents that ever happened. Twisted, mis-shapen caricatures of humanity, who cannot walk without misery, are to be seen every day. The kidneys are to blame. If they are healthy you needn't fear Rheumatism or Lumbago. Dodd's Kidney Pills keep the kidneys healthy and cure Rheumatism and Lumbago.

Dodd's Kidney Pills ALWAYS CURE.

THE TELEPHONE WAR.

The Fight Was Merrily Continued at Ottawa—The Government Promises Attention to Representations.

Ottawa, March 5.—The municipalities who are opposed to the application of the Bell Telephone Company for power to increase its rates put up a great fight before the Railway Committee again yesterday. Mr. Blair again presided, and showed a spirit of fairness most commendable. Messrs. Mulock, Dobell, Tarte and Fisher and Sir Henri Joly were also present, and followed the proceedings with great interest.

At the outset Hon. A. G. Blair informed the deputation that it would be unnecessary for speakers to refer to the company as a monopoly, as that would not aid them in arriving at a conclusion. The committee proposed to approach the matter from a judicial standpoint. He quite appreciated the popular feeling against any increase in the rates.

Mr. Lash, counsel for the company, stated that in 1895 the revenue in Toronto was $179,719 and the expenses $259,597, a loss of $79,878 for the year. In 1896 the revenue in Toronto was $179,-964 and the expenses $260,842, a loss of $81,588. In 1897 the revenue was $188,-141 and the expenses $288,189, a loss of $44,998. In Montreal the revenue for 1895 was $934,527 and expenses $205,929, giving a profit of $29,998. In 1896 the revenue was $348,988 and expenses $988,757, giving a profit of $5,984. In 1897 the revenue was $950,978 and expenses $307,-121, a loss of $56,157. The total investment of the company in Toronto is $986,-586, with $806,000 written off. In Montreal the investment is $1,061,000, with $820,000 written off. In Ottawa the total investment is $216,586, with $55,446 written off. In Ottawa the revenue in 1895 was $36,988 and expenses $49,085, a loss of $12,802. In 1896 the revenue was $39,-758 and expenses $49,248, a loss of $9,489. In 1897 the revenue was $42,000, and the expenses $52,000, a loss of $10,000.

Replying to Mr. Mulock, Mr. Lash stated that if the company were able to pay 8 per cent. to the shareholders and 8 per cent. on the contingency account they would be satisfied. That would be a reasonable return on the investment.

Mr. Bertram, M.P., said he had been listening very attentively to the discussion, and now realized the importance of this matter being referred to a commission, unless the Government threw out the application altogether. Personally, he would not accept a single figure submitted by the company in connection with a capital account. It was simply a waste of time for Mr. Lash to present such figures.

Mr. Lash replied that every statement he made could be verified if necessary. It was not the company's purpose to put up the rates in such a way to invite competition.

Mr. Penny, M.P., said that on behalf of Montreal citizens, he desired to enter an emphatic protest against the granting of the Bell Telephone Company's application.

Mayor Johnson of Belleville, in a slashing speech, riddled the company fore and aft. A concern whose stock was to-day quoted at 176 for each $100 share was not in need of such sympathy. While they contended that every new customer in Toronto meant an additional loss to them, it was evident they were not refusing the business of new customers. Although the company's figures showed a profit of 9½ per cent. and a million and a quarter dollars stored away, the company had now the gall to come to the Government and ask to sock power to bleed their subscribers to an unlimited extent. He was quite satisfied the Government would never entertain such an application.

Ald. Winnett of London explained the local arrangement there, and filed a protest on behalf of that city against any increase in rates.

Mayor Bowlby of Brantford contended, so far as the smaller places were concerned, they were paying too much. The committee should give the Telephone Company "cold justice." He contended that the company had violated its charter by withdrawing the annual payments to the municipalities, as, in effect, this was an increase in the rates which the Dominion Parliament had provided against.

Mayor Darby of St. Thomas claimed no case had been made out against the smaller municipalities, and the application should certainly be dismissed.

Mr. Ames, Treasurer of the Toronto Board of Trade, said Toronto, Montreal and Ottawa were not the only cities interested; they were fighting the battle of the whole country. The proposition to refer this question to a commission was a fair one. He asked Mr. Lash to say whether he would accept it.

Mr. Lash—Perhaps Mr. Ames will accept our proposition to increase the rates. It is just as reasonable as his.

Mr. Ames said the committee would see where the company stood. The Bell Telephone Company had been guilty of insincerity, misrepresentation and effrontery, not less brazen because it was burnished over with the gloss of which Mr. Lash was master. In 1893 the company, in crushing out rivals, paid the sum of $66,591, which was charged upon their expense account. In Peterboro, when a rival company sought to do business, the Bell Telephone Company offered the service to their subscribers free until the rival company was got out of the way.

Mayor Davis of Windsor endorsed the previous speakers. He claimed that the company supplied old instruments to the smaller towns, which they had thrown out of the larger offices.

Mr. Lash denied this statement.

Mayor Girard of Sandwich entered a protest against the application, and Mr. Craig, M.P., spoke for Port Hope.

Mr. Clarke, M.P. for West Toronto, admitted the Bell Telephone Company had given good service in Toronto, but the company had failed to show why any increase in rates should be permitted.

Mr. Osler, M.P., said the company might reasonably make this request if they were losing money, but as they showed a profit there was no reason for granting the application.

Mr. Bertram contended that until the Bell Telephone Company showed they were not in a position to pay a dividend this application should not be entertained.

Mr. Going, Solicitor for Toronto Junction, filed a protest against the Bell Telephone Company's application.

Mr. Kloepfer, M.P., appeared for the city of Guelph, and joined with the other municipalities in protesting against an increase.

The discussion was closed by Mayor Shaw of Toronto.

Mr. Blair said that the Government would reach a conclusion at an early date.

DOWNWARD.

This Is the Case With the Wheat Turn in Chicago and Liverpool - Toronto Live Stock Market.

Friday Evening, March 4.

New York wheat clearances for the week now two and three-quarter millions.

Both cash and May wheat fell a point at American centres, and also at Liverpool.

American visible wheat supply, 34,000,000 bush. with 37,000,000 on passage to Europe.

Receipts of wheat at Chicago to-day, 95,-000 bush; shipments, 228,000. Corn receipts, 416,000; shipments, 260,000. Receipts at New York, 123,900 bush wheat, 52,650 bush corn; shipments, 28,943 bush wheat and 28,-943 bush corn.

Leading Wheat Markets.

Following are the closing prices to-day at important centres:

	Cash.	May.
Chicago	$1 03⅝	$1 04⅝
New York	1 06⅛	1 06⅞
Milwaukee, No. 1 North...	1 02	1 02⅝
St. Louis	0 98¼	1 00⅛
Toledo	0 99½	0 90⅛
Detroit	0 97⅛	0 97⅝
Duluth, No. 1 Northern	0 90	....
Duluth, No. 1 hard	0 90½	....
Toronto, red	0 93	....
Toronto, No. 1 hard	1 09	....

Toronto Grain and Produce.

Wheat—Private cables received here say wheat is easy, and exporters are not operating to any extent. No. 2 red, north and west, offered at 86c. Two carloads were sold at 87c, but that was an exceptional sale, being included in a round lot of other grain. The market to-day was 86 asked and 85c bid, with buyers indifferent. Goose wheat, north and west, sold at 81c. No. 1 hard, north and west, held at $1.11, but holders were unable to draw a bid. There is practically no demand on the part of millers.

Flour—Very dull, and export largely diminished. Straight rollers in barrels, middle freights, are quoted at $4 asked and $3.90 bid.

Mill feed is scarce and firm, bran selling at $11.50 to $12, and shorts at $13 to $14.

Oatmeal—Car lots of rolled oats in bags on track at Toronto, $3.60 per bbl.

Peas—Are scarce and steady, 56c north and west and 57c east.

Rye—Offerings light at 50c west and 51c east.

Buckwheat—The demand is dull and offerings light. Car lots, west 37c, east 38c.

Barley—Quoted at 31c west and 32c east. Malting barley, 35c to 40c, according to quality, outside.

Corn—No. 2 yellow American on track at Toronto 37c asked; Canadian, Chatham, 31c asked.

Oats—Steady. Choice heavy white will bring 30c, north and west.

Toronto St. Lawrence Market.

The receipts of grain to-day amounted to 2300 bush.

Wheat steady, with sales of 500 bush at following prices: White 83c to 84c, red 83½c, goose 87c per bush.

Rye steady, 200 bush selling at 53c to 53½c.

Barley easier, 800 bush selling at 36c.

Oats firmer, 500 bush selling to 34½c to 35c.

Peas firmer, 300 bush selling at 59c to 62c.

Dressed hogs steady, with heavy deliveries at $6 to $6.25 per cwt.

Hay steady, 20 loads selling at $8 to $9.50 per ton.

Straw, prices unchanged at $6 to $7 per ton for six loads.

Toronto Live Stock.

There was a large run of live stock at the Cattle Market to-day, 66 carloads all told, composed of 783 cattle, 187 sheep, 15 calves and 3677 hogs.

The bulk of the fat stock offered to-day were butchers' cattle, with a small percentage of exporters.

Trade was fairly active, several buyers from Montreal, Hamilton and other outside places being on the market.

There was little change in prices, excepting for choice picked lots of prime butcher cattle, which sold at $3.85 to $4.12½ per cwt.

Export bulls easier, selling at $3 to $3.50 per cwt.

Milk cows, prices easier, 20 selling at $25 to $40 each.

Several lots of feeders and stockers changed hands, prices unchanged.

Sheep—Supply equal to demand, with prices unchanged. Ewes sold at $4 to $4.50; bucks, $2.75 to $3; lambs, $5 to $5.25 per cwt., and $2.75 to $5.50 each.

There were heavy deliveries of hogs; prices unchanged at $5.12½ for best selections, and $4.75 to $4.62½ for light, and thick fats.

East Buffalo Live Stock.

East Buffalo, March 4.—Cattle—Receipts, three cars of sale stock and a few odd ends. The market was about steady to firm for all kinds, and all that were sold brought about former values. Western reports were steady to easy, and the outlook for immediate future is considered fair.

Veals and Calves—Receipts, 35 head. Good demand. Top veals sold at higher prices and brought $7.75 to $8, with others all the way from $5.50 to $7.50.

Hogs—Receipts, 40 cars. Market fairly active, but about a nickel lower than the average values of yesterday, for all grades but good pigs, which brought about former prices. Good to choice Yorkers and prime selected light Yorkers, and mixed packers' grades $4.20 to $4.25; medium weights and heavy hogs, $4.25 to $4.30; roughs, $3.60 to $3.75; stags, $3 to $3.25; pigs, $3.10 to $4.10.

Sheep and Lambs—Receipts, 32 cars of fresh arrivals and 7 cars that held over. Market steady to firm for lambs, with sheep also fairly firm, for the handy grades, and unchanged for heavier kinds. Native lambs, choice to extra, $5.75 to $5.85; fair to good, $5.50 to $5.60; culls to common, $5 to $5.25; yearlings, common to choice, $4.75 to $5.15. Native sheep, choice to selected wethers, $4.60 to $4.75.

Red-Hot Winter Wind-Up!

Prices of all Winter Clothing to be

CREMATED!

GOUGH'S MARCH SACRIFICE SALE

WILL PROVE A BLESSING TO PEOPLE WHO HAVE NO MONEY TO FOOL AWAY. We are on the eve of spring. The month of March will bring an entirely new condition of things along with stirring preparations for a new season. For the past two months we have been crowding prices down and crowding goods out—making a Midwinter Record, the like of which this store has never paralleled.

The business situation of to-day calls for the prompt disposal of all Winter Goods. They must go now AT ANY PRICE. Immense quantities of New Spring Importations are crowding us for space. To meet this emergency, a Radical, All-Round Red-Hot Reduction Sale was ushered in at our stores on the 1st of March.

There must be no half measures. We want a clean sweep and a clear field, and our sacrificing prices must do it. Sell we must—Unload we must. To-day—To-morrow—every single day until the Ides of March are past, we hold a carnival of

Rich Clothing Values.

FOR MEN, YOUTHS AND BOYS.

Recent fortunate purchases of several High grade Stocks of Modern Ready-to-wear Clothing at a Fraction on the Dollar, comprising "THE ARMY AND NAVY" Stock of Queen Street West Toronto; "THE OAK HALL" Stock of Peterborough, and an hypothecated stock knocked down at our own price by Suckling & Co., Toronto—all bunched in this sale.

These Combined Stocks, coupled with our own Mammoth Stock at Nos. 375 and 377 George street, have crowded us out of house and home—overstocking us with winter goods that we cannot afford to carry over.

4-GIGANTIC STOCKS-4

$90,000 WORTH OF CLOTHING EXCELLENCE, bundled together for a March Clearance at Prices a QUARTER and a THIRD below original values. A Master-stroke of Daring, Fearless Selling.

We are in dead earnest. Sunbeams or blizzards, the havoc in prices must sweep along—with a reckless desire to unload stocks.

Quick Losses to make Quick Sales to buyers, who will not waste a moment when prices are so eloquent.

THE GREATEST SHOE SALE

The Greatest Shoe Sale the Town has ever witnessed will also be held during this March Clearance. Thousands of pairs of Fine Sample Boots and Shoes, bought from hard-up manufacturers will be sold at a fraction of their cost.

The Wonderful Cheap Men **Gough Bros.** Peterborough and Toronto

Skeptics are Converted

Scoffers and Doubters are Convinced that Paine's Celery Compound Makes People Well and Keeps Them Well.

AN ALMOST MIRACULOUS CURE IN CORNWALL, ONT.

The Great Spring Medicine Saves Life After the Physicians Fail.

The almost miraculous cure of Mr. Thos. Warren, of Cornwall, Ont., by Paine's Celery Compound has truly demonstrated and proved to the satisfaction of all intelligent men and women that Paine's Celery Compound cures disease when all other means fail.

Mr. Warren, after his rescue from death by Paine's Celery Compound, sent the following strong testimony, which is indorsed by Mr E. H. Brown, Cornwall's popular druggist:

WELLS & RICHARDSON CO.,

DEAR SIRS,—Ten years ago I contracted a bad cold, which subsequently developed into inflammatory rheumatism, and I was laid aside for nearly six months. I recovered and was able to work for a time, when I was again seized with the terrible disease. I kept getting worse, and suffered the most intense agony. My elbows were painfully drawn out of place, and my knees were swollen to nearly double their natural size.

Words fail to express what I suffered, and for days at a time I could not get out of bed nor move myself. During all this time I was under the care and treatment of one of our best physicians, but he did not seem to be able to relieve me, and I kept getting worse.

Believing that the doctor's medicine was not producing any good, I decided to give it up and allow the disease to take its course. I grew weaker and weaker every day from the pain, and felt that there was little hope for me.

Having read about Paine's Celery Compound I decided to give it a trial. After the second week I began to improve, and on the 10th of May I was able to resume work. I have been working every day since, and am quite well at the present time. I continued the medicine until the middle of August, when I had used in all six bottles. Its effect was magical and permanent, and I consider it a wonderful medicine. I would advise any person who is afflicted with rheumatism to give Paine's Celery Compound a trial.

Yours respectfully,
THOS. WARREN,
Cornwall, Ont.

This is to certify that I have known Mr. Thos. Warren for about thirteen years, and that he has been a great sufferer from rheumatism. In fact, on two occasions, when suffering intensely from pain and being so reduced in strength, it hardly seemed possible he could recover. It is true he began to recover with the first bottle of Paine's Celery Compound, and continued until he seemed perfectly well.

E. H. BROWN,
Cornwall, Ont.

SLOAN'S INDIAN TONIC

Cures Constipation, Sick Headache Indigestion, and Dyspepsia; clears the Skin and insures a Beautiful Complexion.

TRADE MARK.

Mrs. J. W. Beaven, of Hespeler, says:

"I was troubled with constipation for many years, in fact, it was my only enemy and was very distressing. I tried a great many pills and patent medicines, but received no relief until I tried SLOAN'S INDIAN TONIC. It helped me at once and effected a complete cure I have recommended it to a great many people, and believe in every case it has given satisfaction. Every spring I procure it from Mr. Phin, our druggist here, and think it an ideal blood purifier and system tonic."

Merrit Wiles, of Belmont, writes:

Please find inclosed post office order for $1, for which send 1 bottle of Sloan's Indian Tonic. We think it an excellent medicine.

Mrs. Margaret McIntyre, of Wallacetown, says:

I have had a bottle of Sloan's Indian Tonic and believe it has cured my liver. I have not yet used one bottle, and I have now no pain or ache so far, so I consider it my duty to recommend it to all whom I know need it. You can use my name if you wish in recommending it I was ailing over thirty years, and my age is seventy-three.

Price $1, or 6 for $5.00. All Dealers or Address

Bankrupt Stock Sale of Groceries.

Having purchased the John Armstrong bankrupt stock of high-class groceries, etc., at a fraction on the dollar, I have started a sale of the entire goods at greatly reduced prices for cash at the store opposite the post office. As the stock must positively be closed out at once, great bargains may be looked for. Hotelkeepers, boarding house keepers and housekeepers generally should not miss this rare chance to buy cheap groceries. R. J. LANE. 12d&8 2w

The Way it Affects Peterborough.

The G.T.R. has decided not to meet the late cut in rates between Peterborough and Toronto. Local merchants will not object, as under normal conditions of railway rates the departmental stores of Toronto got too large a share of Peterborough trade. It is to be hoped that the war of rates will soon be over. Whichever of the two great lines is responsible for the conditions that brought on the fight, the the result, if persisted in, must be injurious to both. And the injury does not stop there. It stands to reason that the greater the facilities presented the citizens of Peterborough for reaching Toronto the greater the amount of money that will be spent with Toronto tradesmen at the expense of Peterborough merchants. The townspeople should look after the town's interests.

ELECTRIC RAILWAY EXTENSION CONTRACT.

To Develop Chemong and the Back Lakes.

THE PROPOSITION IS DISCUSSED,

Mr. Starr Again Appears Before the Committee of the Whole and Explains the Details of the Scheme and How it is Proposed to Spend the $350,000,

The council met in committee of the whole last evening for the purpose of meeting Mr. Starr, of Cornwall, who has made the following proposition in writing in regard to the building of an electric road, making closer connections between Peterborough and the back country.

To His Worship the Mayor and Corporation of the Town of Peterborough:

GENTLEMEN,—Referring to the matter of electric railways to Chemong and Lakefield in the town of Peterborough, and the placing of a connecting line of steamers on the northern lakes, which was informally discussed by us at a meeting on the 21th ult.:

I beg, on behalf of the company to be formed for this purpose, to submit the following statements of what we propose to do, and the encouragement that we feel your council should extend towards us, inasmuch as the carrying out of our plans would without doubt prove a great boon to your town and its residents.

It is proposed to lease for a term of years the Lakefield and Chemong branches of the G. T. R. and equip them fully as electric railways. The present location of the Chemong branch would be diverted from a point between four and five miles east of Peterborough, in a northwesterly direction to Chemong Park, and would be abandoned from the above mentioned point to the present terminus on the lake.

In order to do this it would be necessary to grade and equip from two to three miles of additional line.

We also propose to take over the franchises, tracks and rolling stock, etc., of the Peterborough and Ashburnham Street Railway Company, if satisfactory arrangements can be made with the present shareholders and to extend their lines by building and putting in operation at least two miles more road, and extend their line to Jackson Park, the lake and Ashburnham. The location of these two miles of extension would of course be subject to the approval and direction of your council. This part of the proposition would be dependent also on your council, granting us an extension of the franchise and some minor amendments thereto, which have been informally discussed.

In the event of satisfactory arrangements not being arrived at between the Street Railway and ourselves we would be prepared to lay down, equip and put in operation at least four miles of street railway in the town. The location of this line to be left in the hands of your council. It is further proposed to take over the Chemong Park and hotel, which are to be put in to the company at a valuation and stock taken for the amount. We will also improve the Chemong Park and make it a very attractive resort, and would also build suitable wharves and piers at the terminus of the branch lines, both at Chemong and Lakefield.

From these points we propose running a line of steamers—at least four to commence with. Two of the boats will ply between Lakefield and Chemong. By putting on a proper class of steamers for this work, we think there will be no difficulty in making two round trips per day in summer between Peterborough, Lakefield, Chemong and return to Peterborough or vice versa. Another boat would ply between Lakefield and the islands of Stony Lake, while the fourth would ply between Chemong and Bobcaygeon or possibly Lindsay and Fenelon Falls. We propose putting up an extensive power house and hydraulic plant, car houses, workshops and equipping the whole line in a thoroughly first class manner. New rails and ties will have to be laid over almost the entire route of the branch lines, and electric locomotives for the handling of freights, as well as the motor cars, tourist cars, etc., will be needed. I may state that our plans for car bodies call for a better furnished car than is run on any line in America. This work will involve an outlay of $350,000, and what we would ask of your council in the way of encouragement would be to pass a bylaw guaranteeing the interest of 5 per cent. per annum on a sum not to exceed $150,000.

This could be secured in several ways, but the most advisable would be to have the Company issue $150,000 of debenture bonds, bearing interest at the rate of five per cent. per annum, and running for a period of twenty years. It is not proposed that the corporation should guarantee any portion of the principal, but simply the interest.

We would not object to an arrangement whereby the town, instead of guaranteeing this interest on a fixed amount, would guarantee five per cent. interest on one-half of the total investment, but restricting the amount of their guarantee to a sum not to exceed $150,000. I suggest that in case any of your councillors may think that our investment might be less than the amount stated, and this may prove a safeguard.

We are quite sure that the road will be self-sustaining from the start, but in order to protect the interests of the town of Peterborough, and in return for the guarantee, we would be willing to agree, as a part of our agreement, that in the event of my company not being able to pay the interest on the debentures and the town be called on to fulfil their guarantee, that your corporation would have the right to take over the operating of the road or to control it entirely themselves and refund out of the earnings any part of the amount of interest paid by them.

I would have no objection to a satisfactory representative of your council holding a seat on our board of management, for the purpose of looking after the town's interests.

By any such arrangement as suggested above, I feel quite confident that the town would be absolutely safe and would never be called on to pay one cent of the guarantee, but the reason I ask for the guarantee is to give the outside public that confidence in the venture, that such local encouragement would affect. It is absolutely necessary for the successful issue of the plans set forth above that some encouragement should be given and the carrying out of these plans would be a great boon to your town.

I have the honour to be

Yours very truly,
DAVID A. STARR.

The matter has been discussed by the councillors on several occasions, and it was decided to ask Mr. Starr to appear again before them in order that more of the details might be known.

The Mayor stated that enough information had not been furnished. It was a matter of serious consideration when it called for the raising of the town's present debenture debt from $290,000 to $430,000, which would require a special Act of Legislature. Before submitting a bylaw to the people on the question, the council would have to be absolutely sure that the security was all that would be required. The members were also anxious to know how the cost of the proposition was expected to amount to $350,000. It was thought that such a scheme could be carried out at an outlay of $150,000 or $175,000. There were also other points which, in the minds of the council, required elucidation before a bylaw could be submitted to the citizens in regard to the matter.

The Mayor then read the following letter of introduction from the Mayor of Cornwall:

MAYOR'S OFFICE,
Cornwall, March 3rd, 1898.

A. L. Davis, Esq., Mayor, Peterborough, Ont.:

DEAR SIR,—Mr. David A. Starr, the President, principal owner and able manager of the Electric Railway of this town, informs me that he is in negotiation with your council for some aid and encouragement towards building an electric railway in Peterborough and vicinity. Mr. Starr has explained his plans to me, which, from a municipal standpoint, seem fair and reasonable, but especially so coming from a man of his sterling character and ability and I am certain that unless he could carry out his plans he would not attempt it. Mr. Starr has spent some two years with us and in his capacity as President and General Manager of the street railway has naturally been frequently brought into close contact with myself and the council. We have always found him a fair and reasonable man to transact business with and during his stay with us he has made a friend of almost every man in our town.

His electric road here is one of the best equipped and best managed roads in America and I know whereof I speak, as I have had considerable experience in railroads myself.

Mr. Starr has by indomitable pluck and energy made the road here a financial success, although when we gave him the franchise, we felt that it would be an almost impossible undertaking to make it pay in a town of this size. So far there has not been a single accident, and this is entirely due to the personal supervision of Mr. Starr and the fact of his employing only such men who will carry out and abide by the rules he has laid down for their guidance, and which he rigidly enforces. Being a thoroughly practical man himself his employees all look up to and respect him, knowing well that there is no part of their work he cannot perform himself better than themselves.

Another thing I may mention is that as a corporation we have always found Mr Starr ready and willing to do anything in his power to promote the interests of our town, spending his own time and money to assist in anything that would be to our benefit.

His road has been the means of attracting a large number of visitors and excursionists to our town and there is not a citizen here who is not proud of it. Before giving Mr. Starr the franchise here, we thoroughly investigated his standing, reputation and experience, and received the most satisfactory reports. These have been fully verified, as every account incurred by him has been promptly paid and I know personally that he is looked upon by the officials of much larger street railways as an authority on such matters, and has been frequently called upon as an expert engineer to advise in complicated situations.

We would be very sorry to see Mr. Starr severing his connections with us, and although not in any way connected financially with the street railway, yet I take a friendly and personal interest in him and his undertakings and can heartily recommend him to your kind and careful consideration, and you can count on one thing as certain—Mr. Starr is too honourable to in any way misrepresent a matter to you or your confreres.

Trusting you will do everything in your power to assist him, believe me, Mr. Mayor,

Yours very truly,
A. F. MULHERN,
Mayor.

Mr. Starr stated that the agreement with the Grand Trunk would be exactly similar to that of the Hull and Aylmer Electric Railway. If the venture turned out a failure the Grand Trunk would again take over their road restoring to the company the equipment, to which the town would have the first right, but he had no misgiving as to the road being able to pay a dividend.

Councillor Dawson wanted to know if the company could not operate the road and make it pay, how a municipal council could expect to do so? The equipment would be of no use to the town if the venture failed.

Councillor McWilliams thought that capitalists could hardly be persuaded to go into an investment requiring an outlay of $350,000 unless they were quite sure that it would be a paying concern. As business men the company must evidently think well of the scheme.

Mr. Dennistoun, who was present in the interests of Mr. Starr, drew attention to the fact that the town was not required to assume the bonds but only to guarantee the interest on them in order to show their approval of the scheme.

Town Solicitor Edwards pointed out that the town could not incur a debenture debt which it would in reality be, to a greater extent than one-tenth of the assessed value of the property. This limit was now nearly reached, and adding this new debt would over-reach it. A special enactment of the Legislature would thus be required.

Mr. Dennistoun stated that the whole matter could be reduced to submitting a bylaw to the people, conferring on the town council the power to contract an agreement with the company on the understanding that it and the bylaw should be confirmed by Parliament. Dominion legislation would be required, as a Dominion road was involved, in the Grand Trunk.

MR. STARR STATED

that his company was not going into the scheme without being of the opinion that it would pay. They were not building the road in order to present it to the town. They had gone exhaustively into the question of revenue and expenditure, and felt confident that by proper management it could be made a paying investment.

Mayor Davis expressed the belief that the scheme might succeed with such a manager as Mr. Starr, but in case of his removal by death or otherwise, affairs might not turn out so well.

Mr. Dennistoun mentioned the extensive plant which would be required. It was proposed to obtain power by means of one of the new government dams. This in itself would be a most valuable asset to the town if the worst came to the worst. From it power could be obtained to operate the municipal electric lighting and the street railway, etc. The town would also acquire, thereby, the present road in town, which was to be purchased and four miles of rail added to it. Passenger cars and electric motors were to be built, as well as locomotives for handling the freight at a cost of from six to twelve thousand dollars each for the latter. They would be capable of handling trains of twenty cars. In case of disaster attending the venture the town would only have to pay the interest on the debentures for twenty years and then turn the road over to the bondholders. That the citizens were interested in the scheme was evidenced by

A PETITION

which he presented, asking for a bylaw to be submitted and signed by Messrs. Jas Kendry, M P, A Mercer, T F Matthews, Macfarlane Wilson, R J Fife, R B McKee, Dixon Best, Thos Kelly, A J Gough, Rich P Gough, S W English, James Dolan, F Potvin, M L Henry, M Thompson, F Dobbin, P Campbell, R W Grubbe, J H Roper, R Mulholland, E W Cox, A E Micks, Thos LePlante, R H Fortye, H S McDonald, Geo L Wance, W H Robertson, W H Claxton, G W Hatton, R E Wood, Geo Edmison, J W T Fairweather, F Haskill, E Brown & Co, W D Parker, Robt Neill, J S Boswell, H W Watson, H LeBrun, Robert Fair, Alex Gibson, J Clarke, Geo Hutchinson, W G Metheral, Jos R Metheral, Chas Wynn, J W Gray, D Conroy, A S Parker, W S Anderson, H T Strickland, Chas James, John Corkery, H C Winch, C H Moore, W A Sanderson, B F Ackerman, B Shortly, Jos Picard, Peter Corkery, J D Tully, D J Lundy, Adam Hall, W T Hall, Wm Lech & Sons, A H Stratton & Co., F J Ball, Eliza Yelland, E H Cleary, E F Mason & Co., Geo A Smith, J W Carey, J D Craig, P Simons, J T Stenson, James Lynch, Chas Neill, A Blade and R Carton.

Mr. Dennistoun went on to explain that the company would spend $200,000 and the guarantee asked of the council was that the town would simply vouch for the interest of half the amount spent.

COUNCILLOR DAWSON

wanted to know what guarantee the town would have against loss. They had enough of mortgages, having held one for $60,000 on a concern which failed and which they were only too glad to give away.

In answer to this Mr. Dennistoun stated that the town's mortgage on the concern referred to was only a second one. If a first mortgage had been held, as would be the case in the present venture, the result would have been different. A guarantee was not asked of the town before the cost had been ascertained and then the council would be asked to undertake to pay 5 per cent. interest on half of the amount expended, if the road was not able to meet expenses, with the provision that the debentures which the town would thus guarantee would not amount to over $150,000.

Councillor McWilliams — Would you carry out the venture if we would guarantee the interest for ten years on one out of every three dollars expended, the amount of the debentures guaranteed by us in this manner not to exceed $100,000?

No answer was given to this proposition of Mr. McWilliam's at the time, but in response to a query of Mr. Edwards, Mr. Star gave the following figures regarding the details of the expenditure which would be required:

ESTIMATED COST.

For transforming the railway to Lakefield and Chemong into electric road	$ 60,000
Power house and hydraulic power	20,000
Rolling stock	50,000
Generating plant	20,000
Additional ties, rails and grading	30,000
Chemong Park improvements	10,000
Improving wharves	2,000
Purchase Chemong Park	20,000
Four steamers	40,000
Peterborough Street Railway	40,000
Extending and equipping Peterborough Street railway	40,000
Total	$362,000

The rolling stock would consist of two 30-ton locomotives, six closed motor cars, two open motor cars, three open car bodies and trucks, four open trail cars, one snow plough, one sweeper, two baggage, rail and express cars and equipments.

Mr. McWilliams and Mr. Deane were anxious to know how the company would receive the former's proposition made a few minutes before.

The mayor did not think that the citizens would carry a bylaw calling for the payment of interest at five per cent. for twenty years on $150,000, but was favourably impressed with Mr. McWilliams' proposition. It could all be threshed out at a public meeting and the electors then asked to vote on the question.

Councillor Dawson also was agreeable to this proposal.

Councillor McWilliams thought that if the company worked in with the big railroads a large number of excursions could be drawn to this point. If the company was prepared to expend $200,000 they must certainly expect to make money out of it. The town could have a representative on the Board and be in a position to see how the affair was managed.

Mr. Edwards asked if the expenditure could not be reduced by the company allowing

SOME ONE ELSE

to operate the boats and run Chemong Park.

Mr. Star pointed out that these would be two of the biggest sources of revenue, and without them the venture could not succeed. By making close connections with the Toronto trains the city would be connected with a great summer resort, and by so arranging the boats, Toronto excursions could be taken to Lakefield, have the trip around the lakes to Chemong, and return to the city the same evening. The receipts were not expected to come so much from the country traffic as from the excursions and summer tourists. Business men from Peterborough would be taken by fast steamers to their islands in the evenings and be able to go out to the lakes every night instead of only once a week as at present. The facilities were to be greatly increased. An agreement would be entered into whereby trains would be run every hour at least.

Councillor Langford thought that it would cost so much to run the road that it could not pay a dividend.

Mr. Starr figured that the expenses, including the interest on the investment, would run up to about $60,000 a year, yet the company were willing to take the risk.

Seconded by Councillor Dawson, Councillor McWilliams pressed his motion to the following effect: "The committee of the whole recommends the council to submit a bylaw to the people to ascertain their wish in regard to the town guaranteeing the interest for ten years at 5 per cent. on one third of the investment, the amount of such interest guarantee to be on a sum not to exceed $100,000, the town to have a representative on the Board."

This resolution was carried. By it the amount which the town will pay out in interest will amount to $50,000 instead of $150,000 if it turns out that the road cannot meet expenses.

Mr. Star will lay the proposition before his company, and if they are willing to accept it, the council will take up the committee's report on Monday evening next, and if the report is passed, the people will be asked for their voice in the matter.

The Baby Boy Covered with Eczema and Cured by Dr. Chase.

Mrs. Jas. Brown of Molesworth, Ont., tell how her boy (eight month old) was cured of torturing Eczema. Mothers whose children are affected can write her regarding the great cure, Dr. Chase's Ointment. Her child was affected from birth and three boxes of Dr. Chase's Ointment cured him.

GREEN, Merchant Tailor and Issuer of Marriage Licenses, 145 Hunter Street.

IMPORTANT

SALE OF REAL ESTATE

IN PETERBOROUGH.

We have received instructions to offer for sale by Public Auction, at the Morgan House, in the Town of Peterborough, on

Monday, the 4th day of April, 1898

at 2 p.m., the following valuable property:—

LOT NUMBER NINE—south of Simcoe street, in the town of Peterborough. Upon the property there is a Brick Terrace containing three dwellings. The land is situated at the South East corner of Simcoe and Bethune streets, upon which latter street is the line of the Grand Trunk Railway. The land is near the Grand Trunk Station and closs to the business portion of the town, and is admirably suited for store-houses, coal or wood yards, etc.

There will be a reserved bid.

If the land is not sold in one parcel it will be offered for sale in parcels to suit purchasers.

TERMS—10 per cent of the purchase money down and the balance in one month thereafter without interest. At the option of the purchaser $6 per cent of of the purchase money may remain on the mortgage on the property for five years with interest at 5½ per cent per annum.

For further particulars apply to MR. THOMAS BEAVIS, on the premises and to the undersigned.

Dated the 5th day of March, 1898.

DENNISTOUN, PECK & STEVENSON,

ON WEDNESDAY, MARCH 9th

The Sale will begin. It may tax our energy to have all the goods ready by this date, but we will try and have the most of them on exhibition then. Come early and come often, for it will be impossible to display all the goods at once. **TERMS ALWAYS CASH.**

CHINA HALL AND SILVER BAZAAR

THE MACFARLANE WILSON CO. Limited, Direct Importers.

HORTICULTURAL SOCIETY.

Will Only Get $250 This Year—$50 to be Spent on the Dixon Park.

The Finance Committee met last night and accepted the auditors' report, which entitles these officials to receive their salary. The offer of H. Owens regarding the disposal of the dam across the creek at Whyte's pond was not taken up. Concerning the request for the annual grant of $400 to the Horticultural Society, it was decided to give the Society $350 and to expend $50 on the Dixon Park, at the suggestion of Councillor McWilliams. The Board of Education's estimates were accepted, as that body wrote stating that a reduction was impossible. A number of accounts were passed and the policy on the fire apparatus was ordered to be cancelled, the members thinking it was perfectly safe with the brigade so close at hand. The yearly premium was about $34.

JOIN HANDS.

In Telling of the Curing Powers of Dr. Agnew's Cure for the Heart.

M. V. Thomas, of Stanley House, Kingston, writes: "Dr. Agnew's Cure for the the Heart has proved a wonderful medicine in my case. I was a great sufferer from heart trouble. I found it a great health builder and have received great benefit. My wife also has used the Heart Cure and can bear equally as strong testimony of the wonderful benefit received." It relieves in 30 minutes. Sold by H. S. Macdonald.

New goods arivving daily from our own Tailor Shop, Dundas. Grafton & Co.

MARKET BYLAW.

Some Amendments Which are Made to it by Statute—Other Changes.

The Market Committee met last night for the purpose of receiving a bylaw drafted by Mr. Edwards, amending the present bylaw in compliance with the requirements of a new act regulating the matter. The principal changes were charging for a one-horse vehicle with articles for sale 5 cents instead of 10 cents, for a horse 10 cents instead of 25 cents, for horned cattle per head 5 cents instead of 15 cents, for sheep, calves and pigs 2 cents instead of 10 cents. The matter of outside manufacturers coming on the market and selling buggies, cutters and agricultural implements was also dealt with, as it was felt that an unfair advantage was being taken of the local manufacturers who had to pay taxes and rent. The charges in this respect were raised from 25 cents to from $2 to $5, according to the value of the article.

A question was raised as to whether it could be made compulsory for the vendors to have their dairy produce, etc., weighed on the market scales and the matter was referred to the Town Solicitor. Complaint was made of light-weight butter and potatoes being sold. The members of the police force were appointed market inspectors and if legal to do so, will enforce the weighing of all market produce. Meat will also have to be weighed hereafter.

Special Song Service.

At the Murray street Baptist church tomorrow evening. Subject—"The Golden Gate." All welcome. Seat holders are requested to be in their places at 6.50 p. m.

WEDDING BELLS.

Nuptials of Miss Elizabeth Lang and Mr. Geo. A. Gillespie.

A very pretty wedding was celebrated at Maple Grove, Otonabee the home of Mr. John Lang, M.P., yesterday. Rev. F. Andrews, of Keene, performed the ceremony that united in marriage Geo. A. Gillespie, of Otonabee, and Elizabeth Lang, third daughter of Mr. Lang. The wedding was a quiet one, the guests including only the immediate relatives of the contracting parties. The bride was assisted by her sister, Miss May Lang, and the groom was supported by his brother, Mr. Peter Gillespie. Both bride and assistant were charmingly gowned for the delightful event. The bride was honoured by the contribution of a large number of beautiful presents. After the ceremony the wedding breakfast was served, and afterwards the guests enjoyed the usual social accompaniments to a wedding occasion. Mr. and Mrs. Gillespie will take residence in Smith township. Both are very highly respected, and a very wide circle of friends extend hearty congratulations.

It is interesting to note that the officiating minister, Rev. Mr. Andrews, christened Mr. Lang, performed the ceremony at his wedding, christened his children and united in wedlock three of Mr. Lang's children who are married, and has christened their children.

AN ACTOR TALKS.

Tells what Dr. Agnew's Catarrhal Powder did for Him and his Wife—Truly a Friend to the "Profession"

"I can but proclaim Dr. Agnew's Catarrhal Powder a wonderful medicine, particularly for singers and public speakers, or those who have a tendency to sore throat, hoarseness, tonsilitis and catarrh. Myself and wife are both subjects of catarrh and tonsilitis. We had tried most everything but have never found anything to equal this great remedy. For quick action it truly is a wonder worker. I could not be without it by me, and I am continually recommending it to my brother professionals." Al. Emmett Fostell, 207 East 101st street, New York City. Sold by H. S. Macdonald.

MEN'S MEETINGS.

Mr. W. T. Cooksley, who lectures under Y. M. C. A. auspices on Monday evening, will speak to men only in Association Hall on Sunday at 4.15 p. m. All men welcome.

Conference on the Sunday school lesson to-night at eight o'clock in Bible class room.

General Secretary's Bible Class on Sunday from three to four p. m.

Boys' Bible Training Class, led by Mr. Bruce Anderson, Sunday at 4.15 p. m.

Linseed and Turpentine are not only popular remedies, but are also the best known to medical science for the treatment of the nervous membranes of respiratory organs. Dr. Chase compounded this valuable Syrup so as to take away the unpleasant taste of turpentine and linseed.

Mothers will find this medicine invaluable for children, it is so pleasant to take, and will positively cure Croup, Whooping Cough and chest troubles.

GOVERNMENT'S MAJORITY STILL THE SAME.

Opposition Thinks It's "Time For a Change."

The results stand thus, with no change since yesterday's announcement:

Liberal	49
Conservative	43
Patron	1
Vacant*	1
	94

*Russell: Election on March 18th. This riding went Liberal at last election by a majority of 789.

Song Sermon.

The monthly song sermon in the Charlotte street Methodist church to-morrow evening will be on the topic "Young Womanhood," and twenty young ladies will do the singing, assisted by the gentlemen of the choir.

Prospects for Baby are Bright.

Baby would like to hear the first robbins, and in a carriage, of course. High time to be getting ready. The carriage people have been doing their part and we have filled our carriage livery with the most tempting lot of reed bodies and easy running gears, replete with luxurious upholstery and pretty parasoling that was ever gathered in one place. Come and see the "Specials" in the line of little baby cabs at the Peterborough Bookstore. A. H. Stratton & Co.

The Man in the Iron Mask.

Mr. Donald Robertson, who plays in his own drama the dual role of Louis XIV and Gaston, the twin brother of the king, is a romantic actor of very marked ability, always studying to please his audiences. He is a man with tragic power, graceful, spirited, effective, and clearly conveys his conception to the audience. His personation of Gaston, "The Man in the Iron Mask," is a wonderful piece of acting. Miss Brandon Douglas is a beautiful and sympathetic actress, with fine emotional power. She has a peculiar sweet and thrilling voice, her elocution delightful in its clearness. The company is adequate, costumes superb and tastefully selected, incidental music of an unusually high character makes a finished production and leaves pleasant memories. The above attraction will appear at Bradburn's Opera House, Monday evening, March 7th. Secure your seats early.

Ask those who heard

RAMSAY

when in Toronto at the Wanderers' smoker what they thought of him. The Ramsay Entertainment Co. will give the best programme in the Opera House yet this season. Opera House Wednesday and Thursday, March 9th and 10th. By special arrangements the prices will be 10, 20 and 30c.

TUESDAY, 1st MARCH,

Any application for premises not already under license must be accompanied with certificate signed by a majority of persons entitled to vote for members of the Legislative Assembly in the polling subdivision in which the premises sought to be licensed are situate.

No applications can be received after the 1st day of April.

J. J. CROWE, Inspector.

Warsaw, P.O., March 5th, 1898. 2d-5w5

LIVER, LANGUOR AND CONSTIPATION.

When your liver gets sluggish, inactive, your whole health suffers, your bowels become constipated, tongue coated, complexion muddy, your head aches, you have the "blues."

Helping the liver to resume its proper function, removing the bile that is circulating in the blood and poisoning the system, is the work of Burdock Blood Bitters.

In all these years of its existence B.B.B. has yet no rival for diseases of the stomach, liver, blood and bowels,—never fails in the worst cases of constipation. Here's a remarkable instance:

Miss Mary R. Anderson of Frankford, Ont., says that for five or six years she suffered from liver trouble and constipation so severely that she nearly went out of her mind, she tried doctors in both the country and town, and took medicines too numerous to mention, but all to no purpose. Then she started taking Burdock Blood Bitters which succeeded beyond all expectations, requiring only two bottles to effect a complete cure.

BLAZE AT BRANTFORD.

The Goold, Shapley & Muir Building Gutted—Many Men Out of Work.

Brantford, March 5.—The Goold, Shapley and Muir windmill and bee-supply building was badly gutted by fire yesterday. The loss will be in the neighborhood of $90,000; insurance, $19,000, as follows: Economical, $2,500; Wellington Co. Mutual, $1,000; Waterloo Co. Mutual, $1,500; Guardian, $1,000; Hand-in-Hand, $2,500; Hartford, $2,800; Alliance, $1,600; London & Lancashire, $1,000; North British & Mercantile, $5,200. The fire is supposed to have originated from the friction of a belt.

The Goold, Shapley and Muir people were very busy, and 175 men are out of work. The big Goold bicycle factory, adjoining, fortunately escaped.

Health and strength carry us through dangers and make us safe in the presence of peril. A perfectly strong man with rich pure blood has nothing to fear from germs. He may breath in the bacilli of consumption with impunity. If there is a weak spot where the germs may find an entrance to the tissues then the trouble begins. Disease germs propagate with lightning-like rapidity. Once in the blood the only way to get rid of them is to kill them. This is what Dr. Pierce's Golden Medical Discovery is for. It purifies the blood. That means that it kills the germs, but that is only part of what it does. It assists digestion by stimulating the secretion of digestive fluids, so promoting assimilation and nutrition; purifies and enriches the blood and so supplies the tissues with the food they need. It builds up strong, healthy flesh and puts the whole body into a disease-resisting state.

Send 21 one-cent stamps to cover cost of mailing only and get his great book, The People's Common Sense Medical Adviser, absolutely free. Address World's Dispensary Medical Association, No. 663 Main street, Buffalo, N.Y.

Unreasonable Boy.

"You will have to deal with this contrary boy," said Mrs. Tucker, turning to the father of the family.

"What's the trouble with him?" asked Mr. Tucker.

"He won't eat those nice boiled carrots."

"Why won't you eat them, Tommy?"

"Because I don't like the taste of 'em. That's why," answered Tommy.

"Thomas, my son," rejoined Mr. Tucker, shaking his head reproachfully and turning to his paper again, "that's unreasonable. You can't object to the taste of carrots, Thomas, because they haven't any."—Chicago Tribune.

Both Satisfied.

"I wish I were an ostrich," said Hicks mournfully, as he tried to eat one of his wife's biscuits and couldn't.

"I wish you were," returned Mrs. Hicks. "I'd get a few feathers for my hat."—Boston Traveler.

OF INTEREST TO MEN.

The attention of the reader is called to an attractive little book lately published by that eminent Expert Physician, G. H. Roberts, M. D., 263 Woodward Ave., Detroit, Mich. This book is one of genuine interest to every man and its plain and honest advice will certainly be of the greatest value to any one desirous of securing perfect health and vigour. A request a free and sealed copy will be complied with, if addressed as above and the Peterborough EXAMINER mentioned.

Queer Heart Feeling.

Queer feelings in the heart are daily complained of by multitudes of people—don't know the cause, but it makes them nervous irritable and unfit for either work or pleasure Mr. B. A. Ross, Allan Craig, Ont., explains it. He says: "It came from la grip. I was irritable, worried, dizzy, short of breath and such a queer feeling in my heart that I thought I would give up the ghost. Milburn's Heart and Nerve Pills changed all this, and I am free to-day from all these troubles."

Hagyard's Yellow Oil cures sprains, bruises wounds, cuts, frostbites, chilblains, stings of insects, burns, scalds, contusions, Price 25 cents.

AN ECCENTRIC ACTOR

THE CAREER OF GEORGE JONES, BETTER KNOWN AS "COUNT JOANNES."

A Lawyer, Lecturer, Writer and Histrionic Star—For Many Years the Butt For Ridicule—His Suit Against Sothern—Died at Last In Poverty.

One of the eccentric characters of old New York, a familiar figure to its citizens during most of the interval between the early thirties and his death in December, 1879, was George Jones, or, as he styled himself, "Count Joannes." He was one of those persons occasionally met with now as then whose idiosyncrasies marked him out for almost constant public attention and ridicule. To the attention he was by no means averse, but he was an intensely solemn individual when considering himself, and there is no doubt that he often suffered keenly from being made the general butt for New Yorkers' amusement. It became the fashion when he appeared on the stage in his later years for audiences to hoot, howl, jeer and almost mob the poor old "count," in their ferocity of ridicule. He usually bore it all with much courage, exhibiting concern more for the supporting members of his company than for himself, fearing lest they should be involved in his own disaster. Unquestionably the public had some excuse, too, for its behavior. The "count" grew to be a very bad actor as he advanced in years, and his personal appearance was grotesque in the extreme. He was tall and large, with a scholarly stoop. His face was long and showed the traces of age, though he always dyed his heavy mustache.

He wore a wig which fitted execrably. The elder Sothern said of it that "you could put two fingers between it and his head and twist it all around." One lock was carefully arranged to fall upon his forehead and the hair at the back hung down to his coat collar. He was anything but neat in his ordinary dress. A heavy felt hat and clothes of black broadcloth, decidedly shiny, were his usual costume. For a necktie he wore a red ribbon with his "order" of nobility attached to it. His aged black kid gloves were carried in one hand, and the other was thrust melodramatically into the bosom of his coat. His attitudes were always studied and tragic, and he resented the least attempt to trifle with his dignity.

The "count's" career was a remarkably varied one. He was of Welsh descent and was born in England in 1810. He is said to have begun his stage life in that country, but his experience there must have been short, for he was playing in America in 1831. He had secondary parts in various plays, most of them Shakespearean tragedies, and his reputation as an actor at that time was creditable. An incident which happened one New Year's night at about this period proves that the "count," or Jones, had a good share of courage. He was playing at the Bowery theater in "Richard III" with the elder Booth. Booth was the king and Jones had the part of Richmond. Booth had been drinking heavily, and as the play proceeded fancied that he was the actual King Richard. Under this delusion he came upon the stage in the last act in a frenzy and made desperate efforts to kill Richmond in fight. Jones saw the condition of affairs, met Booth coolly and by his excellent swordsmanship succeeded in disarming him and bringing him to the ground. The public applauded wildly, not comprehending the situation, but knowing that they were witnessing a splendid contest.

While at the Bowery theater Jones married Melinda Topping, the daughter of a New York builder. She was an actress of some ability and played many engagements in this city and through the country. She afterward separated from Jones and took their two daughters, Avonia and Caroline, to live with her. Avonia became herself an actress, and on one occasion refused to support her father in a play in which he requested her to take a part.

In 1841 Jones left the stage and went to England, where he delivered a series of lectures on the Bible. He subsequently traveled about Europe, and it was in Germany, according to his story, that the title "count" was conferred upon him for his literary achievements. This was never proved, and few believed him. He wrote several books on historical subjects at about this time.

Upon his return to America began another phase of Count Joannes' career—his legal aspirations. He was admitted to the bar in Boston, and, coming from there here, was admitted to the New York bar in 1860. He became a constant attendant at the courts, frequently for the purpose of bringing suits for libel. In these actions he was generally his own client. Sometimes his grievance was that an aspersion had been cast upon his title. But his most famous suit was that against "Dundreary" Sothern, for caricaturing him, as he complained, in the play of "The Crushed Tragedian." This suit occupied the court for a few days, during which the spectators extracted infinite amusement from the proceedings, but the judge decided that no injunction could be served upon Sothern to prevent him from continuing the play. Sothern declared that he had not the slightest intention of caricaturing the count and that he scarcely knew him.

After some years' absence from the stage he appeared in April, 1876, at the New York Academy of Music as Hamlet. He wore black cotton gloves and a shaky little coronet and with his old wrinkled face and dyed mustache presented a ludicrous yet pathetic spectacle. He met storms of ridicule from the audience, which had assembled solely for that purpose. He played occasionally thereafter, but kept sinking constantly lower and finally died in poverty at the West Side hotel on Dec. 30, 1879. His funeral was on Jan. 5, 1880, at "The Little Church Around the Corner," and his body was laid in Maple Grove cemetery, the authorities of which offered a plot for the burial.—New York Tribune.

Spring humors, boils, pimples, eruptions, sores, may be completely cured by purifying the blood with Hood's Sarsaparilla.

Blood That is Bad.

Blood that is bad makes the whole body sick. Blood that is good makes the whole body healthy and vigorous. Burdock Blood Bitters makes good, rich, ruddy blood. "I regard B. B. B. as the best medicine in the world to make rich, red blood. It cured me after two years suffering from weak, thin blood." Jennie A Gleason, Centreton, Ont.

Anxious Mothers find Dr. Low's worm syrup the best medicine to expel worms. Children like it—worms don't.

Pope Received Diplomats.

Rome, March 4.—The Pope yesterday received in separate audience each member of the diplomatic corps accredited to the Holy See who called to congratulate him. Afterwards there was a commemorative mass in the Sistine Chapel. The Pope, wearing the triple crown, arrived, surrounded by the usual guards and other officials. The galleries were occupied by the members of the Sacred College, the diplomats, the Knights of Malta and the Roman Patricians. Cardinal Van Nutelli celebrated mass, and at its conclusion the Pope intoned the Te Deum and pronounced the Apostolic benediction. There was an immense congregation present, and His Holiness was warmly acclaimed.

Relief Expedition Abandoned.

Washington, D.C., March 4.—The Senate Committee on Military Affairs yesterday decided to recommend the passage of a joint resolution authorizing the abandonment of the Government expedition for the relief of the miners in the Klondike region, which was authorized last December. The resolution provides for the sale of reindeer and the supplies purchased for the expedition.

To Abolish Bounties.

London, March 4.—The London Post says it hears on good authority that the bounty giving powers are anxious to abolish bounties, and are willing to meet in conference in London and to adopt the convention of 1888, or, as an alternative, to accept the imposition of countervailing duties.

Another Cut by the C.P.R.

Toronto, March 4.—The Canadian Pacific made another slash at passenger rates yesterday morning by way of showing that they are still fighting and mean to strike harder than the Grand Trunk. The latest reductions have been made principally to points on the Midland.

High-Grade Cemetery Work

AT A MODERATE PRICE.

The element of permanence which attaches to the erection of any memorial to the dead renders it highly desirable that no mistake be made in the selection either of design or of materials.

A mistake is a serious matter. Let us help you to make a right decision. Our specialty is the erection of monuments which are unique without being grotesque, and artistic without being over-decorated.

We manufacture from all first-quality granites, and as WE SELL DIRECT TO CUSTOMERS, we save the latter all agents' profits. Then, too, there is a decided advantage for the buyer in dealing with one responsible firm for both the manufacture and the setting of a monument.

All our work is guaranteed, NO CHARGE being made if not strictly according to contract. Write us for designs and estimates.

Moore's Monumental Works

DYING BY INCHES!

But Dodd's Kidney Pills will Yet Renew Life.

Thousands of persons die in the prime of life because doctors think Bright's Disease and Diabetes incurable. But Dodd's Kidney Pills cure them both. They *have cured* thousands of cases.

These diseases and other Kidney complaints are as common as ordinary colds. But people don't realize that they are afflicted till the disease has eaten deep into the system. Even then, Dodd's Kidney Pills will positively cure.

Thousands of *people are dying on their feet, but do not realize it.* They notice one or more of these symptoms: shortness of breath, loss of memory, failing sight, ravenous appetite, pale or reddish urine, with brick-colored deposit, scalding when urinating, constipation, nervousness, pains in the loins. Their only hope is Dodd's Kidney Pills. They won't fail. They never do.

N THE GARDEN.

My love picked flowers one by one
While I stood near with my cigarette.
She plucked a rose like a great, red sun,
Mignonette, asters and migmonette.

"Here is a white briar," she said,
"As white as the love that I give to you."
I plucked a marigold out of the bed.
"Here is a heart that is blithe and true—

"Blithe and true and full of the sun."
My lady smiled at our fair conceit,
Pulling the flowers one by one
And gramming the thorns beneath her feet.

The soft hours stole across the lawn,
And she came close and softly said,
"When the dew is dry and the leaves are gone,
What will become of the white and the red?"

And I said: "In a garden the poets know,
Where the laughter of youth grows never old,
We will see the phlox and the lilies blow
And the sweetbrier loving the marigold.

"We will tread the pathways without a care,
Smelling the rose and the mignonette,
And you will be wonderfully kind and fair,
And I will be still at my cigarette!"
—Theodore Roberts in Time and the Hour.

MODEST FIRE HEROES.

What They Think About When They Are Pestling Their Lives For Others.

"Heroes Who Fight Fires" is the title of an article by Jacob A. Riis in The Century, in the series of "Heroes of Peace." Mr. Riis says:

I once asked Fireman Martin M. Coleman after one of those exhibitions of coolness and courage that thrust him ostensibly upon the notice of the newspaper man what he thought of when he stood upon the ladder with this thing before him to do that might mean life or death the next moment. He looked at me in some perplexity.

"Think?" he said slowly. "Why, I don't think. There ain't any time to. If I'd stopped to think, them five people would 'a' been burnt. No, I don't think of danger. If it is anything, it is that up there I am boss. The rest are not in it. Only I wish," he added, rubbing his arm ruefully at the recollection, "that she hadn't fainted. It's hard when they faint. They're just so much dead weight. We get no help at all from them heavy women."

And that was all I could get out of him. I never had much better luck with Chief Benjamin A. Gloquel, who is the oldest wearer of the Bennett medal, just as Coleman is the youngest, or the one who received it last. He was willing enough to talk about the science of putting out fires, of Department Chief Bonner, the "man of few words," who he thinks has mastered the art beyond any man living; of the hook draft and almost anything else pertaining to the business, but when I insisted upon his telling me the story of the rescue of the Schaefer family of five from a burning tenement down in Cherry street, in which he earned his rank and reward, he laughed a good humored little laugh and said it was "the old man"—meaning Schaefer—who should have had the medal. "It was a grand thing in him to let the little ones come out first." I have sometimes wished that firemen were not so modest. It would be much easier, if not so satisfactory, to record their gallant deeds. But I am not sure that it is, after all, modesty so much as a wholly different point of view. It is business with them, the work of their lives. The one feeling that is allowed to rise beyond this is the feeling of exultation in the face of peril conquered by courage, which Coleman expressed. On the ladder he was boss! It was the fancy of a masterful man, and none but a masterful man would have got upon the ladder at all.

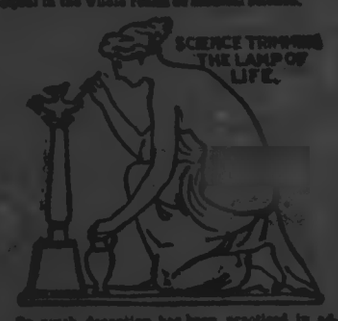
Free Trial To Any Honest Man

The Foremost Medical Company in the World in the Cure of Weak Men Makes this Offer.

HEALTH AND ENERGY ASSURED. HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

To all the world to-day—in all the history of the world—no doctor nor institution has trusted and restored so many men as has the famed ERIE MEDICAL CO. of Buffalo, N. Y.

This is due to the fact that the company controls some invention and discoveries which have no equal in the whole realm of medical science.



So much deception has been practised in advertising that this grand old company now for the first time makes this startling offer:—

They will send their costly and magnificently effective appliance and a whole month's course of restorative remedies, positively on trial without expense to any honest and reliable man!

Not a dollar need be advanced—not a penny at all—till results are known to and satisfactory to the patient.

The Erie Medical Company's appliance and remedies have been talked about and written about all over the world, till every man has heard of them.

They restore ~~ample~~ strength, vigor, healthy ~~[illegible]~~ on the system that sap ~~[illegible]~~ dependency and all ~~[illegible]~~ drawn, drawn work, etc. ~~[illegible]~~ development and tone ~~[illegible]~~ of the body.

~~[illegible]~~ age is no barrier. ~~[illegible]~~ offer is limited ~~[illegible]~~ to a short time, and application ~~[illegible]~~ must be at once.

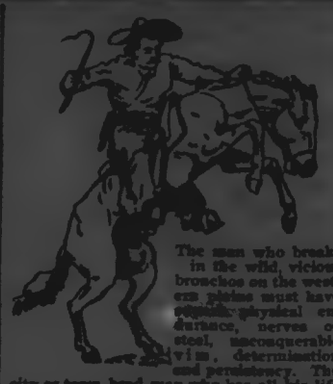
Write to the ERIE MEDICAL COMPANY, ~~[illegible]~~ N.Y., and refer to during the account ~~[illegible]~~ offer in this paper.



The man who breaks in the wild, vicious broncboe on the western plains must have splendid physical endurance, nerves of steel, unconquerable vim, determination and persistency. The city or town bred man who has all his life humped his back over a desk, living an unhealthy, sedentary life and failed to take any care of his health, could not stay on the back of one of these vicious brutes for more than three jumps.

It takes a whole man to conquer a vicious animal. People may talk about intellectual superiority and refinement and good breeding, but every man takes off his hat to physical strength and endurance. While the man who leads a sedentary life cannot hope, in this respect, to rival these sturdy men of the plains, they can be manly, vigorous, healthy men if they will. It is a matter of care of health while one has it, and the proper measures to restore it when it is lost. Most diseases begin with some trouble of the digestive organs or of the liver. Troubles of this nature starve the body, because they prevent it from receiving its proper supply of nourishment. Dr. Pierce's Golden Medical Discovery gives a man an appetite like a cow-boy's and the digestion of an ostrich. Its great work is upon the stomach, large intestines and liver. These are the organs that nourish a man's body. This medicine makes them strong, vigorous and healthy. It fills the blood with the nourishment that builds new, solid and healthy flesh, muscle and nerves.

"I am now enjoying magnificent health, after having suffered for years with chronic catarrh," writes Ramon Sanchez, Esq., of Penasco, Taos Co., New Mexico. "By the use of your 'Golden Medical Discovery' I have recovered my health, and am now, physically a sound man, attending to my business and enjoying life."

Italian, French, Spanish Confections.

It was not from either Italy or France that we got the best confectioners in the earlier days of English cookery. Spain, notably Toledo, furnished England with the most celebrated pastry cooks, or pasteleros as they are called, though we have since looked most to France for these artists. Under the patronage of "Bloody Mary" and of Queen Henrietta Maria Spanish methods flourished apace in the court cuisine. We read that when Mary entertained the Princess Elizabeth at Richmond in the summer of 1557 a sumptuous banquet was served, in which there was introduced as an ornament a pomegranate tree in confectionery work bearing the arms of Spain, showing Mary's Spanish leanings in a rather ostentatious fashion. These Spanish and Portuguese confectioners were very skillful.

In the comedy of "The Sun's Darling," by Ford and Decker (first acted 1623-4), the "Spaniard" who is one of the dramatis personæ declares himself "a confeccionador, which in your tongue is a comfit maker, of Toledo." He says, "I can teach sugar to slip down your throat in a million ways," and he professes himself skillful in "conserves, candies, marmalades, sinkadoes, ponadoes, marchlane, bergamoto, naranxes muris, limons, berengenas of Toledo, orisnes, potatoes of Malaga and ten millions more."—Gentleman's Magazine.

A SARNIA WONDER.

W. Barton Got Health and Strength From Dodd's Kidney Pills.

Sarnia, Feb. 21.—The case of Mr. T Johnston, of Osborne, excites wide-spread interest here, as Mr. Johnston is well-known here and the published report of his case is known to be true.

But William Barton, of Sarnia, claims to have been a still worse case than Mr. Johnston. Mr. Barton was afflicted with Bladder trouble for many years.

Doctors and medicines utterly failed to relieve him. His sufferings were almost beyond human endurance.

At length he tried Dodd's Kidney Pills. As in scores of other cases in Sarnia, a cure followed in astonishingly short time. Six boxes were all he used. But they gave him perfect health and manly strength.

SPEED OF THE HORSE.

A Claim That He Can Outrun the Fastest Antelope.

A man on a horse is twice a man. He feels more secure, is braver, is in every way more formidable. European officers know this. In clearing the streets of Paris only cavalry are used. We call out the infantry of the militia and have to shoot people. In Europe they use the flat of a sword held by a mounted man. No unarmed body of humanity will stand the impact of horses. They melt before the charge like snow. It is the uncontrollable instinct to get out of the way, and to do it as soon as possible. Some day we will grow wiser on this side of the Atlantic. Just now we have 50 infantry companies of militia to one of cavalry. Many of our militiamen are unable to pay for the keep of a horse, which is expensive, even if a man does the currying and bedding with his own hands. Many others of them would not know what to do with a horse if they had one.

This is bad, but with the trolley and the bicycle crowding the stood of our fathers closer and closer to the wall, there is not much chance that it will be bettered. Five hundred years from now, unless all signs fail, gray headed college professors, with piano leg calves and 18 inch chests, will be lecturing upon an extinct animal and reconstructing him for the benefit of students from a piece of stifle and a front tooth.

I believe that the horse is the swiftest animal in the world. One hears strange tales of the speed of the antelope, the white tailed fawn, the springbok, the elephant, the jack rabbit and the wolf. The fastest of these is the American antelope, and I have never seen one that a good pony could not beat. As for the rabbit or any kind of deer, the horse will simply run over him. Taking into consideration the fact that the horse generally carries more than 150 pounds of rider, saddle and gun, one gets an idea of how much superior he is. A speedy pony will outrun a greyhound. I have seen this tried. It is customary among men who use them to give the dogs all the law possible in order to avoid riding over them. In hunting with a brace of very good coursing hounds five years ago it was found that there were five ponies in the party which would outfoot the dogs, and one of them, a gray of undoubted mustang ancestry, if given the bit, would do his best to run over them and kill them. He did not like them. They belonged to his owner, and he was jealous.

PHIL SHERIDAN'S FLASK.

A Funny Story About the Little Hero of Winchester.

Captain Irving M. Bean of Milwaukee tells the following story about General Sheridan, which he says has never appeared in print: When stationed in Chicago General Sheridan liked very much to get away to North lake in Waukesha county for a fishing trip now and then and passed many pleasant days on the lake. On one visit the general went out early in the morning in the boat and after staying out for several hours with no luck decided to return. Rowing in, he landed near a field where a farmer was plowing.

Sheridan stopped and watched the plow turning the furrow so even and straight, the fresh earth rolling away from the steel shoe like a brown waste running on the shingle. Leaning on the rail fence, he waited until the farmer came up, and, speaking to him, produced a flask of anti-Jote for snake bite and asked the farmer to join him in a nip.

The invitation was instantly accepted, and the farmer took what might be described by an expert as "three fingers." Wiping his mouth, the agriculturist broke the silence by asking, "Stranger, what might your name be?"

"Phil Sheridan," was the reply.

"Why, that's the same name as the great general."

"Yes," said General Sheridan modestly, "and, by the way, I am the general." With this he started to move away.

The farmer was dazed for a moment, and then, gathering himself together, and the liquor adding somewhat to his loquacity, he cried: "Say, stranger, that liquor of yours is almighty good, but I don't think as much of your stories. You General Sheridan!" with a scornful glance at the little man in the rough fishing suit. "Why, General Sheridan was a man 7 feet high. Stranger, I just think you are the blankest liar I ever met."

Sheridan walked off down the road bursting with laughter over the farmer's description. He related the encounter to his friends with great gusto, and it became one of his favorite stories.—New York Commercial Advertiser.

Why He Cut the Wires.

The person who wrote that electricity was one of the "mighty agents of nature enchained by the ingenuity of man" can scarcely have contemplated in his wildest dreams the full extent of that ingenuity. For instance, he is scarcely likely to have prophesied that a sick man, far from the habitations of civilization, would have cut a telegraph wire in order to obtain assistance. And yet such has really occurred, according to a London contemporary. The whole of the vast continents of Australia was practically cut off from European news for nearly 24 hours in the middle of September, 1897, in consequence of an interruption on the line between Adelaide and Port Darwin. Inquiries were made, and it was found that the wire had been cut by a cyclist who was taken ill while on a journey across the continent. It is not related how he set about it, but he had the satisfaction at any rate of getting what he wanted. It is not desired to establish this as a precedent of summoning help under inconvenient circumstances.—Electrical Review.

BABY'S SKIN

Freed from all Eruptions, Made Pure and White by

DR. CHASE'S OINTMENT.

Mothers take pride in having their Infants' skin soft and delicate pink and white—soft as velvet. When torturing and disfiguring eruptions seize upon the little body, they want a remedy that will not disappoint nor fail. Time and again Dr. Chase's Ointment has proven itself a specific for all skin diseases to which babies are peculiarly subject.

MRS. CHAS. K. MOSS, of Berlin, Ont., had a little baby 6 months old, with itching sores on her body. Dr. Chase's Ointment cured her when everything else failed.

Another mother who holds Dr. Chase's Ointment in high esteem is MRS. JAS. BROWN, Molesworth, Ont. Her baby boy was covered all over the face, sides and hips with Eczema. The first application of the Ointment stopped the itching, and 3 boxes effected a complete cure.

These are but samples of the hundreds of mothers who are delighted with Dr. Chase's Ointment.

Price, 60 Cents a Box.

Sold by all dealers, or Edmanson, Bates & Co., Toronto, Ont.

Residence—129 Harvey street, Peterborough.

ELUSIVE PRESENCE.

And didst thou come, thou long lost, longed for one,
That day when, thinking not of thee, I cried
For respite from my foes on every side?
Didst point the refuge whither I could run?
And didst thou come that evening drear and dun
When thinking not of thee—too surely tried—
I looked and saw the western clouds divide
And the fair setting of the full orbed sun?
And didst thou come on that dark, sighing dawn,
Shadowed with troubles of the day to be,
When suddenly obeying thy still call
Were all those surging fears dismissed and gone?
And dost thou come all hours and blessing all,
Except the hour when most I think of thee?
—Edith M. Thomas in Century.

Australian Fever Cure.

"What's that fired grave for?" asked the recruit.

"Feila all sick; weather bad and budgery no good down 'bout Wombo. Plenty rain one time, feila catch cold; plenty fever this time; by'm by fetch 'im longa that place," explained Warrigul, as a litter emerged from a wurley of the camp, and the sick man was borne to the curious grave. The doctor walked in the rear.

Thrusting his hand into the long ditch, to test its warmth, the doctor signaled to lower the patient into it. He was then covered from heels to neck, rose and all. His head alone rested above the dirt. Sergeant Dalton explained:

"The blacks put fever patients in the ground like that and steam the fever out. They say the earth will draw off the evil spirit, and then fill him with life."

"Electric currents, by Jove!"

The next day the late patient was bobbing around like a 2-year-old.—Outing.

When You are Tired

Without extra exertion, languid, dull and listless, your blood is failing to supply to your muscles and other organs the vitalizing and strength-giving properties they require. Hood's Sarsaparilla cures that tired feeling by enriching and purifying the blood. It will give you energy and vigor.

Hood's Pills are easy to take, easy to operate. Cure indigestion, biliousness. 25c.

Making Him Useful.

Applicant—I am an ex-convict, sir, but I want to lead an honest life. I know you by reputation, and I thought you might help me.

Eminent Author—What were you in prison for?

Applicant—Forgery.

Eminent Author—Good! You're the very man I want. You can come along and write autographs for me.—London Fun.

By a simple rule the length of the day and night, any time of the year, may be ascertained by simply doubling the time of the sun's rising, which will give the length of the night, and doubling the time of setting will give the length of the day.

The first entry on the books of the New York subtreasury was a credit to Lieutenant W. S. Rosecrans as a government disbursing officer.

Coughs and colds need not be endured; they can be cured, and that quickly.

Many mixtures are temporary in effect, but Scott's Emulsion of Cod-liver Oil with Hypophosphites is a permanent remedy.

The oil feeds the blood and warms the body; the hypophosphites tone up the nerves; the glycerine soothes the inflamed throat and lungs.

The combination cures. This may prevent serious lung troubles.

50c. and $1.00; all druggists.

DYING BY INCHES!

But Dodd's Kidney Pills will Yet Renew Life.

Thousands of persons die in the prime of life because doctors think Bright's Disease and Diabetes incurable. But Dodd's Kidney Pills cure them both. They *have cured* thousands of cases.

These diseases and other Kidney complaints are as common as ordinary colds. But people don't realize that they are afflicted till the disease has eaten deep into the system. Even then, Dodd's Kidney Pills will positively cure.

Thousands of *people are dying on their feet, but do not realize it.* They notice one or more of these symptoms: shortness of breath, loss of memory, failing sight, ravenous appetite, pale or reddish urine, with brick-colored deposit, scalding when urinating, constipation, nervousness, pains in the loins. Their only hope is Dodd's Kidney Pills. They won't fail. They never do.

N THE GARDEN.

My love picked flowers one by one
While I stood near with my cigarette.
She plucked a rose like a great, red sun,
Mignonette, asters and mignonette.

"Here is a white brier," she said,
"As white as the love that I give to you."
I plucked a marigold out of the bed.
"Here is a heart that is blithe and true—

"Blithe and true and full of the sun."
My lady smiled at our fair conceit,
Pulling the flowers one by one
And pressing the thorns beneath her feet.

The soft hours stole across the lawn,
And she came close and softly said,
"When the dew is dry and the leaves are gone,
What will become of the white and the red?"

And I said: "In a garden the poets know,
Where the laughter of youth grows never old,
We will see the phlox and the lilies blow
And the sweetbrier loving the marigold.

"We will walk the pathways without a care,
Smelling the rose and the mignonette,
And you will be wonderfully kind and fair,
And I will be still at my cigarette!"
—Theodore Roberts in Time and the Hour.

MODEST FIRE HEROES.

What They Think About When They Are Perilling Their Lives For Others.

"Heroes Who Fight Fires" is the title of an article by Jacob A. Riis in The Century, in the series of "Heroes of Peace." Mr. Riis says:

I once asked Fireman Martin M. Coleman after one of those exhibitions of coolness and courage that thrust him constantly upon the notice of the newspaper man what he thought of when he stood upon the ladder with this thing before him to do that might mean life or death the next moment. He looked at me in some perplexity.

"Think?" he said slowly. "Why, I don't think. There ain't any time to. If I'd stopped to think, them five people would 'a' been burnt. No, I don't think of danger. If it is anything, it is that up there I am boss. The rest are not in it. Only I wish," he added, rubbing his arm ruefully at the recollection, "that she hadn't fainted. It's hard when they faint. They're just so much dead weight. We get no help at all from them heavy women."

And that was all I could get out of him. I never had much better luck with Chief Benjamin A. Gloquel, who is the oldest wearer of the Bennett medal, just as Coleman is the youngest, or the one who received it last. He was willing enough to talk about the science of putting out fires, of Department Chief Bonner, the "man of few words," who he thinks has mastered the art beyond any man living; of the back draft and almost anything else pertaining to the business, but when I insisted upon his telling me the story of the rescue of the Schaefer family of five from a burning tenement down in Cherry street, in which he earned his rank and reward, he laughed a good humored little laugh and said it was "the old man"—meaning Schaefer—who should have had the medal. "It was a grand thing in him to let the little ones come out first." I have sometimes wished that firemen were not so modest. It would be much easier, if not so satisfactory, to record their gallant deeds. But I am not sure that it is, after all, modesty so much as a wholly different point of view. It is business with them, the work of their lives. The one feeling that is allowed to rise beyond this is the feeling of exultation in the face of peril conquered by courage, which Coleman expressed. On the ladder he was boss! It was the fancy of a masterful man, and none but a masterful man would have got upon the ladder at all.

Free Trial To Any Honest Man

The Foremost Medical Company in the World in the Cure of Weak Men Makes this Offer.

HEALTH AND ENERGY ASSURED. HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

To all the world to-day—in all the history of the world—no doctor nor institution has treated and restored so many men as has the famed ERIE MEDICAL CO. of Buffalo, N. Y.

This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.

So much deception has been practiced in advertising that this grand old company now for the first time makes this startling offer:—

They will send their costly and magically effective appliances and a whole month's course of restorative remedies, positively on trial without expense to any honest and reliable man!

Not a dollar need be advanced—not a penny paid—till results are known to and acknowledged by the patient.

The Erie Medical Company's appliance and remedies have been talked about and written about all over the world, till every man has heard of them.

They restore or create strength, vigor, healthy vigor and new life.

They quickly stop drains on the system that sap the energy.

They cure nervousness, despondency and all the effects of evil habits, excesses, overwork, etc.

They give full strength, development and tone to every portion and organ of the body.

Failure is impossible and age is no barrier.

This "Trial without Expense" offer is limited by the company to a short time, and application must be made at once.

No C. O. D. scheme, no begar philanthropy nor deception, no exposure—a clean business proposition by a company of high financial and professional standing.

Write to the ERIE MEDICAL COMPANY, BUFFALO, N. Y., and refer to seeing the account of their offer in this paper.

Italian, French, Spanish Confections.

It was not from either Italy or France that we got the best confectioners in the earlier days of English cookery. Spain, notably Toledo, furnished England with the most celebrated pastry cooks, or pasteleros as they are called, though we have since looked most to France for these artists. Under the patronage of "Bloody Mary" and of Queen Henrietta Maria Spanish methods flourished apace in the court cuisine. We read that when Mary entertained the Princess Elizabeth at Richmond in the summer of 1557 a sumptuous banquet was served, in which there was introduced as an ornament a pomegranate tree in confectionery work bearing the arms of Spain, showing Mary's Spanish leanings in a rather ostentatious fashion. These Spanish and Portuguese confectioners were very skillful.

In the comedy of "The Sun's Darling," by Ford and Decker (first acted 1628-4), the "Spaniard" who is one of the dramatic persons declares himself "a confectionador, which in your tongue is a comfit maker, of Toledo." He says, "I can teach sugar to slip down your throat in a million ways," and he professes himself skillful in "conserves, candies, marmalades, sinkadoes, ponadoes, marablane, bergamoto, aranxues muris, limons, berengenas of Toledo, orlones, potatoes of Malaga and ten millions more."—Gentleman's Magazine.

A SARNIA WONDER.

W. Barton Got Health and Strength From Dodd's Kidney Pills.

Sarnia, Feb. 21.—The case of Mr. T Johnston, of Osborne, excites wide-spread interest here, as Mr. Johnston is well-known here and the published report of his case is known to be true.

But William Barton, of Sarnia, claims to have been a still worse case than Mr. Johnston. Mr. Barton was afflicted with Bladder trouble for many years.

Doctors and medicines utterly failed to relieve him. His sufferings were almost beyond human endurance.

At length he tried Dodd's Kidney Pills. As in scores of other cases in Sarnia, a cure followed in astonishingly short time. Six boxes were all he used. But they gave him perfect health and manly strength.

SPEED OF THE HORSE.

A Claim That He Can Outrun the Fastest Antelope.

A man on a horse is twice a man. He feels more secure, is braver, is in every way more formidable. European officers know this. In clearing the streets of Paris only cavalry are used. We call out the infantry of the militia and have to shoot people. In Europe they use the flat of a sword held by a mounted man. No unarmed body of humanity will stand the impact of horses. He did not like them. They belonged to his owner, and he was jealous.

PHIL SHERIDAN'S FLASK.

A Funny Story About the Little Hero of Winchester.

Captain Irving M. Bean of Milwaukee tells the following story about General Sheridan, which he says has never appeared in print: When stationed in Chicago General Sheridan liked very much to get away to North lake in Waukesha county for a fishing trip now and then and passed many pleasant days on the lake. On one visit the general went out early in the morning in the boat, and after staying out for several hours with no luck decided to return. Rowing in, he landed near a field where a farmer was plowing.

Sheridan stopped and watched the plow turning the furrow so even and straight, the fresh earth rolling away from the steel shoe like a brown wave running on the shingle. Leaning on the rail fence, he waited until the farmer came up, and, speaking to him, produced a flask of anti-

The man who breaks in the wild, vicious bronchos on the western plains must have superb physical endurance, nerves of steel, unconquerable vim, determination and persistency. The city or town bred man who has all his life humped his back over a desk, living an unhealthy, sedentary life and failed to take any care of his health, could not stay on the back of one of these vicious brutes for more than three jumps.

It takes a whole man to conquer a vicious animal. People may talk about intellectual superiority and refinement and good breeding, but every man takes off his hat to physical strength and endurance. While the man who leads a sedentary life cannot hope, in this respect, to rival these sturdy men of the plains, they can be sound, vigorous, healthy men if they will. It is a matter of care of health while one has it, and the proper measures to restore it when it is lost. Most diseases begin with some trouble of the digestive organs or of the liver. Troubles of this nature starve the body, because they prevent it from receiving its proper supply of nourishment. Dr. Pierce's Golden Medical Discovery gives a man an appetite like a cow-boy's and the digestion of an ostrich. Its great work is upon the stomach, large intestines and liver. These are the organs that nourish a man's body. This medicine makes them strong, vigorous and healthy. It fills the blood with the nourishment that builds new, solid and healthy flesh, muscle and nerves.

"I am now enjoying magnificent health, after having suffered for years with chronic catarrh," writes Ramon Sanchez, Esq., of Penasco, Taos Co., New Mexico. "By the use of your 'Golden Medical Discovery' I have recovered my health, and am now, physically *a sound man*, attending to my business and enjoying life."

dote for snake bite and asked the farmer to join him in a nip.

The invitation was instantly accepted, and the farmer took what might be described by an expert as "three fingers." Wiping his mouth, the agriculturist broke the silence by asking, "Stranger, what might your name be?"

"Phil Sheridan," was the reply.

"Why, that's the same name as the great general."

"Yes," said General Sheridan modestly, "and, by the way, I am the general." With this he started to move away.

The farmer was dazed for a moment, and then, gathering himself together, and the liquor adding somewhat to his loquacity, he cried: "Say, stranger, that liquor of yours is almighty good, but I don't think as much of your stories. You General Sheridan!" with a scornful glance at the little man in the rough fishing suit. "Why, General Sheridan was a man 7 feet high. Stranger, I just think you are the blankest liar I ever met."

Sheridan walked off down the road bursting with laughter over the farmer's description. He related the encounter to his friends with great gusto, and it became one of his favorite stories.—New York Commercial Advertiser.

Australian Fever Cure.

"What's that fired grave for?" asked the recruit.

"Fella all sick; weather bad and budgery no good down 'bout Womba. Plenty rain one time, fella catch cold; plenty fever this time; by'm by fetch 'im longa that place," explained Warrigul, as a litter emerged from a wurley of the camp, and the sick man was borne to the curious grave. The doctor walked in the rear.

Thrusting his hand into the long ditch, to test its warmth, the doctor signaled to lower the patient into it. He was then covered from neck to foot, feet and all. His head alone rested above the dirt. Sergeant Dalton explained:

"The blacks put fever patients in the ground like that and steam the fever out. They say the earth will draw off the evil spirit, and then fill him with life."

"Electric currents, by Jove!"

The next day the late patient was bobbing around like a 3-year-old.—Outing.

When You are Tired

Without extra exertion, languid, dull and listless, your blood is failing to supply to your muscles and other organs the vitalizing and strength-giving properties they require. Hood's Sarsaparilla cures that tired feeling by enriching and purifying the blood. It will give you energy and vigor.

Hood's Pills are easy to take, easy to operate. Cure indigestion, biliousness. 25c.

Making Him Useful.

Applicant—I am an ex-convict, sir, but I want to lead an honest life. I know you by reputation, and I thought you might help me.

Eminent Author—What were you in prison for?

Applicant—Forgery.

Eminent Author—Good! You're the very man I want. You can come along and write autographs for me.—London Fun.

By a simple rule the length of the day and night, any time of the year, may be ascertained by simply doubling the time of the sun's rising, which will give the length of the night, and doubling the time of setting will give the length of the day.

The first entry on the books of the New York subtreasury was a credit to Lieutenant W. S. Rosecrans as a government disbursing officer.

Coughs and colds need not be endured; they can be cured, and that quickly.

Many mixtures are temporary in effect, but Scott's Emulsion of Cod-liver Oil with Hypophosphites is a permanent remedy.

The oil feeds the blood and warms the body; the hypophosphites tone up the nerves; the glycerine soothes the inflamed throat and lungs.

The combination cures. This may prevent serious lung troubles.

50c. and $1.00; all druggists.

J. W. T. FAIRWEATHER & CO.

WOMAN'S WAY.

Gert's Gossip on Timely Topics.

I'm so glad those horrid elections are over. Isn't it awful what fools men make of themselves over politics? I was at a friend's house the day after the elections, and could have cried over the agitated condition which I found her in because of her husband's horrid want of consideration. He was a committee man, and what with late hours, smoking bad cigars, and breathing the stuffy air of the election rooms, he became sour and disagreeable, until it was impossible to please him. He couldn't eat or sleep like a rational man, and blamed his wife for bad cooking and unconganiality, until she downbroke and went to bed. Why, do you know, the smell of his clothing, saturated with tobacco smoke, was so apparent all over the house that I felt I couldn't stay long enough to do my duty to relieve one of the sweetest little women I know.

Here's a sensible suggestion I picked up from a paper the other day, and it comes very appropriate at this season of the year when our attention will soon be taken up with spring decorating: In trying to beautify a house that has been long occupied, let the first move be to dispense with perhaps a third of the furniture, pictures and bric-a brac. There is nothing more dignified or restful than space, provided that space does not suggest emptiness. A well proportioned room (most city rooms are too high-studded) with broad windows placed sufficiently high in the walls, with floor and walls of good colour and texture, is harmonious and restful even without furniture.

I dropped into Miss Delaney's store on Friday, along with Mrs. ——, who wanted a new pair of black kid gloves for one of her daughters, and as I stood at the counter looking at some pretty neckwear, I overheard my friend ask what were the principal characteristics of the new spring fashions. The answer was one I was glad to hear. "Everything is to be worn!"—that is so far as colour is concerned I understood. I think it is so sensible. In Toronto and Montreal, where both Miss Delaney and Miss Manchester had been visiting the wholesale millinery openings, the indications were for a very active season in millinery. The early favourites in hats are straw rusties with coloured flowers. Rustic sailors and rustic turbans, dinted up in all shapes and decorated with pretty flowers and foliage, will be all the style. Light felt hats trimmed with flowers and the favourite velvet as a facing, and high styles in trimmed walking hats were also spoken of as ruling favourites for this season.

Do you know that I have come to the conclusion that the average house holds out a far more comfortable time, a more leisurely life, a healthier existence and better wages, than does the office, store or factory to an intelligent girl or woman. I noticed the same conclusions being formed by a writer in the Ladies' Home Journal. The same time devoted, for example, to the study of shorthand or typewriting, if given to the study of nursing or domestic service, would mean twice the income to a bright, steady girl. Unfortunately, girls will not see this, and thousands of them who are to-day struggling through an existence in the outer word could have far more comfortable lives and better wages in excellent homes. How the average girl can deliberately shut her eyes to the opportunity which fairly glares upon her as a good maid, nurse, companion or domestic of any sort, passes comprehension. There has never been a time when mistresses were more ready or willing to pay good wages for good domestic service—wages compared to which the pittance paid in shops or factories sinks into insignificance. And on the other hand, the salaries of women in business, as recent statistics show, are gradually on the decrease.

I do so like to shop at Fair's. Let me tell you why. The store management is good, the arrangement of goods is convenient, the attention to your wants is politely painstaking, the character of the goods is high-class, the novelty is refreshing, the value good. There is a pleasant showing of thoughtful courtesy to customers, and as nearly every successful business man has his favourite trade recipe, let me suggest this one as Mr. Fair's "secret of success." Shopping at Fair's is not a monotonous thing; it is a pleasure. You seem to meet more of your acquaintances here. I hardly ever go into this store but I meet some of my most pleasant acquaintances. I cannot tell you why this is, except, perhaps, that pleasant people like to shop in pleasant places. Among the many new things of foreign construction just opened for spring trade in Fair's dress goods department, I noticed a new broadcloth for costumes. And what do you suppose, a real dear old "English silk"—stamped on the edge "English silk." The young man in the department assured me that these would not cut As. I walked out I noticed the new American silk ties with fringed ends. These are the Broadway rage just now.

A very striking novelty is in blouse silks. Although the spring poet has not yet been heard, the time will soon come when the praises of the new 1898 blouse will be sung. These pretty blouse silks strike me as very becoming. In spite of the favour shown to cotton shirt waists, which amounts to a rage during fall months of the year, odd silk waists are ever popular. The comfort of the shirt waist has increased the number of wearers of silk, and when made in simple or elaborate styles, as may be preferred, the effect is remarkably chic.

I never think of my spring veil but what I think of Fair's. I may be partial to this store, but I know ladies who think like me that the best selections of veilings are to be found at this store.

—Oysters reduced in price. We sell Booth's Baltimore Oysters at 35c per qt. for Standards, and 45c for Selects until further notice. Spot Cash Grocery Co.

GOLD AND GOLD.

A great amount of gold is expected to come out of the Yukon, but at present the amount going in there must be enormous. If a hundred thousand men go there this season, that number will mean at least fifty million dollars. What a lot of hard work will be required to take that value in gold out of the frozen earth! It is the deliberated calculation of those who know the African gold fields that more gold has gone into them than has ever come out. In that case, as in Australia and California, gold, while it has done little for its devotees, has given a continent to the world. The best service the Klondike can render mankind will be the opening up of the Peace river and other vast agricultural regions to the populations they are so well able to support.

Pile Terrors Swept Away.

Dr. Agnew's Ointment stands at the head as a reliever, healer, and sure cure for Piles in all forms. One application will give comfort in a few minutes, and three to six days application according to directions will cure chronic cases. It relieves all itching and burningskin diseases in a day. 35 cents. Sold by H. S. Macdonald.

SPORTING PASTIMES.

Hockey and Other Items of Local and General Interest.

CURLIANA.

A couple of rinks came from Lakefield yesterday afternoon, and won from two local rinks in a friendly game by 8 shots. The rinks were composed as follows:

Lakefield.	*Peterborough.*
RINK NO. 1.	
Geo Baptie,	J D Baptie,
J Ridpath,	C LeBrun.
J P Strickland,	D Bellegham.
G H Postlewaite, sk. 19	R H Kells, skip..... 12
RINK NO. 2.	
John Strickland,	Capt Eden,
O Strickland,	H Snowden.
M Strickland,	C N Brown,
G A Strickland, sk'. 18	M Rutherford, skip.. 21
47	33

[illegible] for Lakefield, 8 shots.

[illegible] the reference the Campbellford Herald makes to the victory which the local Colts won over Campbellford, when they played off in Norwood last week for the Midland Colts Association Tankard: Two rinks of Peterborough Colts had a friendly match with the Campbellford Colts on the ice at Norwood on the 17th ult, when the home players were defeated by ten points.

HOCKEY.

The juniors are trying to make arrangements to bring the Lindsay team here for a game on Tuesday evening next.

IT'S EASY TO DYE.

Home Dyeing With Diamond Dyes is Pleasant and Profitable.

Beautiful and Brilliant Colours That Will not Fade—Diamond Dyes Have Special Colours For Cotton and Mixed Goods—How Wise Women Economise in Hard Times—A Ten-cent Package of Diamond Dyes Often Saves Ten Dollars.

In these days of enforced economy it should be a pleasure to any woman to learn how she can save the cost of a new gown for herself and suit for the little one, or can make her husband's faded clothing clothing look like new. Diamond Dyes, which are prepared especially for home use, will do all this. They are so simple and easy to use that even a child can get bright and beautiful colours by following the directions on each package.

There is no need of soiling the hands with Diamond Dyes; just lift and stir the goods with two sticks while in the dye bath, and one will not get any stains or spots.

In colouring dresses, coats and all large articles, to get a full and satisfactory colour, it is absolutely necessary to have a special dye for cotton goods and a different dye for woollen goods. This is done in Diamond Dyes, and before buying dyes one should know whether the article to be coloured is cotton or wool, and get the proper dye. Do not buy dyes that claim to colour everything, for their use will result in failure.

DAILY TEMPERATURE RECORD.

The following are readings of the official thermometers for this morning, as well as the highest and lowest yesterday—shade temperature:—

	Highest.	*Lowest.*
To-day, 7 a. m.....	15° above zero	
Yesterday.....	26°	12°

The minus sign (—) signifies below zero.

Have You Neuralgia?

If you suffer its agonies, and fail to get a remedy, we want you to try Nerviline. Its action on nerve pain is simply marvellous. Nerviline is the most pleasant and powerful remedy in the market. Try it.

Busy Barbers.

Since the reduction in my prices for hair-cutting and shaving, trade has gone away up with a bound. Hair cuts for 10c, and shave for 7c. has come to stay at this shop, and

Glad are the smiles of our barbers
For the wave of pro perity rolls
With gladsome and lively music
Through all th ir tonsorial souls;
And the grit and the grind of
The clippers are heard on the long-worn hair
As we mow from the heads of the
Hundreds the once honored pompadour hair.

CURED OF DYSPEPSIA.

In Two Weeks if You Use Dodd's Dyspepsia Tablets.

Test Them if you Don't Believe it—These Paragraphs Tell how they Cure it and Why they Cure it.

There's no need for you to say you don't know whether or not Dodd's Dyspepsia Tablets will cure Dyspepsia, Indigestion, Sour Stomach, Biliousness, heartburn, etc. Test them for yourself—it's the easiest thing in the world to do.

Put a small (or large) quantity of food (such as you eat) into a glass bottle. Drop one or two of Dodd's Dyspepsia Tablets into it; heat the bottle to the temperature at which a healthy stomach works. Then watch. In a few minutes you will see the Tablets begin to dissolve and mingle with the food. The food is soon reduced to a pulp and then to a thin fluid. It is digested.

This is the work a healthy stomach does. This is the work an unhealthy stomach doesn't do. This is the way Dodd's Dyspepsia Tablets cure Dyspepsia, Indigestion, Biliousness, Sour Stomach, Waterbrash, Heartburn, Flatulence, Eructation, or "raising wind," Nausea, Acidity of the Stomach, Sick Headache, Giddiness, Foul Breath and Coated Tongue.

All these complaints are caused by a disordered stomach that can't digest the food. Dodd's Dyspepsia Tablets digest the food, and tone and strengthen the stomach. They cure all diseases of the stomach.

If you don't believe it—test them. They will convince you by curing you.

Dodd's Dyspepsia Tablets are sold by all druggists at fifty cents a box, six boxes, $2 50, or will be sent on receipt of price by the Dodd's Medicine Co., Limited, Toronto. Test them.

Not So Easy.

It is not so easy to cure an obstinent cough; it won't cure itself. Norway Pine Syrup is the remedy indicated because its record shows that it always cures coughs, colds and all lung troubles.

Don't Let it Ache.

If your stomach, liver and bowels are working properly you will have no headache. Burdock Blood Bitters will keep you right, so there is no need to let your head ache. There is lots of proof that this is so. "I had severe headache for over three years and was not free from it for a single day Finally I used Burdock Blood Bitters, with the result that it has completely cured me." Mrs. Affleck, Toronto.

Regular action of the bowels is necessary to health. Laxa-Liver Pills are the best occasional cathartic for family or general use. Price 25c Any druggist

ECZEMA TEN YEARS

Suffered Untold Agonies. Limbs Swollen so Could Not Get About.

Ablest Physicians Signally Failed. Was Absolutely Disheartened. Had Lost All Hope.

Gave CUTICURA a Trial Which Resulted in Absolute and Perfect Cure.

For ten years I suffered untold agonies from that dread disease Eczema, my lower limbs most of the time being so swollen and broken out that I could hardly go about. I had to wear slippers so that I could move about at all. My brother, a physician of thirty years' practice and extensive experience, had tried in vain to effect a cure and signally failed. I tried other physicians of splendid ability with like results, and had reached that point where I became absolutely disheartened, and in fact had lost all hope, when a friend (after long and continued persuasion) succeeded in inducing me to at least give CUTICURA REMEDIES a trial. I shall never regret that I did so, and until my dying day I shall sing the praises of them. I used two cakes of CUTICURA SOAP and two boxes of CUTICURA (ointment), and it resulted in an absolute and permanent cure. I feel that I owe suffering humanity the debt of at least, in my feeble way, calling their attention to my case and absolute cure. I am now, I feel, perfectly cured, sound as a dollar, and the sweets of life are still mine, thank God, and to CUTICURA REMEDIES I attribute my almost miraculous cure. I refer all interested to the Postmaster of this place, any of the ministers, the prominent business men, and all of the citizens of our vicinity indiscriminately, and especially to my friend, John A. B. Shippey, attorney at law, who succeeded in persuading me to give CUTICURA REMEDIES a trial. With profound gratitude, I remain your most enthusiastic admirer, DAVID M. SAPP, Plymouth, Ill.
Dealer in Hardware, Stoves, etc.

SPEEDY CURE TREATMENT FOR ALL SKIN AND BLOOD HUMORS.—Warm baths with CUTICURA SOAP, gentle applications of CUTICURA (ointment), the great skin cure, and mild doses of CUTICURA RESOLVENT, greatest of blood purifiers and humor cures.

Sold throughout the world. POTTER D. AND C. CORP., Sole Props., Boston. "How to Cure Eczema," free.

A TALK ON TEA. YES, EVERYBODY READ IT.

A lady from a village near Peterborough called on us last week and said that she wanted to get some of that fine tea that she had seen advertised in the "DAILY EXAMINER" and sold at the People's Price Tea Store, 328 George street. After critically examining the tea she made a purchase of a quantity and promised to send her friends to buy from us, as she said our tea was clean, beautiful and bright—no dust, no mixing or doctoring—the grades are the very best. Another lady in town says that her mother will not have tea from any other store than ours. She buys the very best Ceylon Tea which cannot be excelled in strength and purity. Another gentleman says what on earth do you do with the large quantity of teas that I see at your establishment. Some of the large chests of Ceylons must be valuable and come up to money; yes, they do but the people soon buy them up. You have a large stock of Canned Goods which would be a credit to any store in town; yes we have, and we are selling 3 for 25c. A prominent party in town offered to take the lot and give us a cheque for the amount, but we promised to give the working people the benefit of this bargain and we are doing it. We have a fine assorted stock of choice Groceries, Teas, Sugars, Spices, Canned Goods, Butter, Lard, and our own raising of Pickled, Smoked, Salted Hams and Bacon, completely eclipsing anything on the market. We do not destroy the meat with salt or saltpetre, but cure them on the very best methods which are a secret to ourselves. Our own home made Pickles at 10c per bottle, our own Jams, Jellies—pure articles and at price to suit all. Come to the best, get the best, and save your money by buying at the PEOPLE'S GROCERY, 328 George Street.

JAMES SUTHERLAND.

"THE FRIENDS OF THE CARPENTER"

—That's what we call the Tools that we sell. They are to be depended upon and help him with his work. Bad Tools can cause as much trouble in a carpenter's shop as bad Brains:—

Saws, Planes,
Chisels, Edge Tools,
Augur Bits, Hammers,
Braces, Drills, &c.

Tools for Machinists, Architects, Moulders, Blacksmiths, Founders, Shoemakers, Butchers and all trades.
The latest and most improved kinds and at the lowest prices on record.

YUKON TRADE FOR CANADA.

The Effect of the Action of the U. S. Congress.

SOME UNPATRIOTIC UTTERANCES

The Legislation Adopted at Washington Destined to Give a Monopoly of the Yukon Trade to the American Coast Cities—The Free Admission of U. S. Supplies Demanded.

Ottawa, March 7.—"The navigation of the Rivers Yukon, Porcupine and Stikine, ascending and descending from, to and into the sea, shall forever remain free and open for the purpose of commerce to the subjects of her Britannic Majesty and the citizens of the United States, subject to any laws and regulations of either country within its own territory, not inconsistent with such privileges of free navigation." This is the clause of the treaty of Washington under which the Government of Canada acted in originating the all-Canadian route to the Yukon district. The Yukon Railway starts in Canadian territory, about 150 miles up the Stikine River, some 22 miles of which at the mouth are in American territory. The river is shallow, and there are bars upon it which prevent deep-laden ocean craft from passing up the river, and it will be necessary to tranship at an American port, Fort Wrangel, to lighten from deep-draught vessels to smaller in the river itself, or to use for a part of the ocean trip light-draught vessels that can pass up the river.

Opinion of Crown's Law Officers.

In the last-mentioned case the law authorities of the Crown hold that the United States cannot without violating the treaty place any obstacle in the way of Canadian trade. They go further and claim that the right of navigation implies, if it does not expressly convey, the right to land on the banks of the river and lighten the cargo where necessary, always, of course, under reasonable customs regulations calculated to prevent the sale of Canadian goods in American territory without payment of duty. The answer of our Government to the remarkable legislation passed by the Senate at Washington on Friday, should it receive the President's sanction, will be a courteous reminder that we intend to navigate the Stikine under the treaty rights, which give us this privilege forever.

American Senator's Bill.

The bill adopted in effect gives us the right to enter goods at Wrangel and tranship in bond only on certain impossible conditions, among them that we shall allow all American miners entering the Yukon to carry in half a ton of food, clothing and plant free of duty; that we shall allow American fishermen the right to purchase bait in our ports; that we shall give charters to American railways, beginning at Dyea and Skaguay, and desiring to build through British territory; that we shall issue miners' licenses at points convenient for United States citizens. There is not a petty South American State that would allow itself to be held up in this manner, and there is a good deal of scornful amusement among members of Parliament over the demands of the United States Senate.

The action of the Senate of the United States was not at all unexpected. In this correspondence some time ago it was stated that disappointed charterm ongers, who have close relations with members of the Opposition, had gone to Washington to stir up trouble. They have succeeded beyond anticipation, but is it too much to say not beyond the wish of the Conservatives here who desire to embarrass the Government even if the trade and material interests of Canada suffer in the process. The Conservative party as a whole cannot be charged with this treason to the country. It is to the credit of Sir Charles Tupper that in all his opposition to the Yukon Railway bill he has always stood up for the route selected as that which will best serve the interests of the Dominion and divert the Yukon trade into Canadian channels.

Unpatriotic Utterances.

Contrast this with the malicious attempts of some of the more reckless of the Conservatives to discredit the route and point out how Washington could strike at it in the interests of American and against those of Canadian commerce. Mr. Haggart led off, but the height of the Conservative advice to Washington to make it hot for Canada on the Stikine was reached by Mr. Ganong of Charlotte. The country must be awakened to the fact that by the unpatriotic speeches of certain Conservatives, who, in this, have not modeled their words after the moderate tone of the leader, serious mischief has been done, and the Congress of the United States has been encouraged to hope that Canada would practically give up its rights in the Yukon. The flag still flies over the Yukon, and where our flag flies, there the Government proposes that Canadian merchants shall have an advantage in trading over those of the American cities of the Pacific coast.

Chief Engineer to Visit Dawson.

Ottawa, March 7.—Mr Coste, chief engineer of public works, will not be able to leave for British Columbia before the 20th. He will be absent from Ottawa four or five months, his intention being to go through to Dawson before he returns. Mr. Coste will travel on the Government snag boat Samson to Glenora, but before entering the Stikine he will visit Portland Canal and survey generally Observatory Inlet and Alice Arm, to see what improvements to navigation are needed in those waters should the Government decide to undertake to build a railway to that vicinity. Mr. Coste will follow the course of the Naas River for a considerable distance westward, to see if a feasible route for a railway is possible. Of course, Mr. Coste's examination in this particular can only be a cursory one, as the Government, before embarking upon a great scheme such as will be involved in constructing a railway from the Portland Canal to Glenora, would require to send out surveyors. On the Stikine and also at Five Finger Rapids on the Lewis cables will be placed for the purpose of aiding vessels to breast the rough water. The snag boat Samson will be equipped with a full staff of men with tools, explosives, etc., and considerable work will be done in improving the navigation of the Stikine by removing snags, sandbars, etc., before returning to Victoria.

Personal and General Notes.

A company is seeking incorporation for an electric light franchise in Dawson City. The promoters are Montreal capitalists.

Mr. A. Ferguson, Q.C., of Ottawa, gives notice of application to Parliament for a railway, electric tramway, telephone and telegraph franchise to Dawson City and along the main streams of the Yukon district.

A meeting is to be held at Ottawa on the evening of March 23 to arrange for the formation of a field officers' association, to be composed of officers of field rank in the combatant, medical and other branches of the militia service.

It is understood that the whole of the Snider, Enfield, Peabody and other rifles now in store in Canada have been sold to parties in the United States. The Sniders still in possession of the rural corps will not be called in until some system is devised to allow the storing of the Lee-Enfields in proper armories.

Letters patent have been issued incorporating Frederick Diver, managing director of "The Central Press Agency of Toronto" (Limited), William Findlay Maclean, John W. Mahon, John Morley Kerr, and Charles W. Kerr, all of Toronto, Ontario, as "The Central Press Agency of Toronto," Limited, with a capital of $100,000.

W. H. STORY DEAD.

The Well-Known Glove Manufacturer of Acton Passes Away Sunday.

Acton, Ont., March 7. — Yesterday morning the entire community was startled by the sad announcement of the death of Mr. W. H. Storey, the founder and head of the Canada Glove Works at this place. For the past six weeks Mr. Storey has been in poor health, and about two weeks ago his medical adviser found it necessary to operate for an internal growth. The operation was only partially successful, but Mr. Storey continued to progress favorably until yesterday, when he grew rapidly worse, and succumbed at 7.30.

Mr. Storey came to Acton about 40 years ago, and in 1868 established the Canada Glove Works, which under his skillful management has become the largest of its kind in the Dominion.

The I In the Case.

Dr. Watson says that when he was recently traveling in Scotland a man in the same carriage said: "If you will stand up with me at the window, I will show you something. You will only get a glimpse suddenly and for an instant." They stood up and waited. Soon a little smoke came into view. "That's Kirriemuir," said the man and sat down, with a smile of ineffable complacency. After a while Ian Maclaren remarked that J. M. Barrie was born there. "Yes," said the man, "and so was I."

PURCHASES BY SPAIN.

Confirmation of Report Concerning Transfer of Warships.

TWO MORE SECURED IN FRANCE.

Situation at Havana Strained—Arrival of Ammunition at Key West—Admiral Sicard Ready to Sail at a Moment's Notice—Sensational Report About Harbor Mines From London.

London, March 7.—Further inquiries made on the subject confirm the report cabled of the sale of two cruisers which the Armstrongs have been building for Brazil to Spain. The inquiries further show that a representative of the Chilian Government has been negotiating with a representative of the Spanish Government for the sale of the battleship O'Higgins, built by the Armstrongs for Chili, and it is believed that a deal is practically completed whereby this splendid warship passes into Spain's possession. It is known that the Chilian representative made a definite offer to Spain recently, but the price was considered too high and Spain made a counter-offer. It is understood they have come to terms now.

The ships which Spain secured in France are two heavily armored coast defence vessels, which Brazil ordered for service on the River Platte, and which have been building at the La Zyne works at Havre.

The statement made in Washington that the Amazonas, one of the vessels Spain has purchased from Brazil, has already left this country for Brazil, is incorrect. She is still at the Armstrongs' works.

READY TO SAIL.

The United States Government May Intervene in Cuba Now.

Key West, Fla., March 7.—The developments of the day here have been of a negative character. The most significant bit of news is that coal is being received here for the fleet of warships. That may mean that the boats are going to move, or it may mean that they are out of coal. The first supposition is borne out by the fact that some of the officers have been told by their superiors to be ready for departure at any time.

Forty-two tons of ammunition arrived here Saturday on the Mallory Line steamer from New York. Most of this will be distributed among the warships here and the rest will be sent to the ships at Barbados, and that is another indication open to the double interpretation to be put on the coaling up.

Situation Is Strained.

The news comes from Havana that the situation there is strained, and that the tension is getting tighter every minute. The steamer Olivette got in from Havana Saturday night and brought news of the arrival of the Spanish first-class cruiser Almirante Oquendo. It is also reported in Havana that the officers of the court of enquiry, which has transferred its sittings to the Cuban capital, will be ready to report by Tuesday or Wednesday of next week. The court will not return here, but will proceed at once to Washington.

Ready to Sail.

The board of enquiry is in session there, and will be for several days. Admiral Sicard says that he had no orders to sail. He said he still had the fleet with steam up ready to proceed anywhere at a moment's notice.

SENSATION FROM LONDON.

Submarine Mines Said to Have Been Bought by Spanish Officers.

London, March 7.—According to the statement of a man whose card describes him as being an electrical engineer, and whose name cannot be disclosed, but has been forwarded to Washington, he sold to Spanish officers in London several years ago a large number of mines, eight or ten of which were placed in Havana harbor. He says they were made in a special way, and had a specially and peculiarly constructed cable which, he contends, he can positively identify, if the smallest piece is produced. Some of the mines, the man continued, were fixed so that they could be fired from a fort, and two of them had bulbs so arranged that they would exploded under a vessel coming in contact with them. But the seeming electrical engineer adds that he does not believe the bulbs would be used in water as shallow as that of Havana harbor. He exhibited the plans of one of these mines, which, he pointed out, was the most likely to produce the effect described in the case of the Maine. It was numbered "27" and was constructed to contain 500 pounds of gun cotton. This man gives one the impression that he has been a sergeant of engineers, or held some similar position. He is apparently thoroughly posted upon electrical matters and submarine mines. He is an Englishman and is willing to go to the United States as a witness.

His Decision.

A Missouri justice of the peace at the close of a case announced with great dignity, "I will hold this case under advisement until next Monday morning, at which time I will render judgment for the plaintiff."—Case and Comment.

The Japanese begin building their houses at the top. The roof is first built and elevated on a skeleton frame. Then it affords shelter to the workmen from storms.

Daily Examiner.

MONDAY, MARCH 7, 1898.

THERE IS NO POPULAR REVULSION.

Now that the great provincial contest is over, and the smoke of battle is rolling away, a survey of the field reveals much that explains the change in the relative positions of the two old parties in the House. The Opposition leaders and the Opposition organs claim that the change represents a complete revulsion of feeling on the part of the country, and a wholesale condemnation of the Government.

The facts do not sustain these contentions. In the last House the Liberals held 88 seats; they now hold 49, or if we add Russell, which is pretty certain to go Liberal, 50 seats. A loss of two seats in a general election is not very revolutionary. It is not an indication of an immense revulsion of feeling on the part of the electorate. True, the Patrons have practically disappeared, and with them the "uncertain element" on a division. The loss in the election has not been so great to the Liberals as the gain has been to the Conservatives at the expense of the independent element; so that if there has been any considerable "revulsion of feeling," it has found expression at the expense of the Independents and not at the expense of the Liberals, and the severe defeat of the former is to be attributed to a chain of fortuitous circumstances rather than to decided and general change in public sentiment.

The change that has resulted has not been due so much to a change in political sentiment as to local, domestic and other conditions unconnected with the record or claim of either the Government or the Opposition party. Entering into the contest with a comfortable majority, the Liberals were inclined to over-estimate their own strength, and to under-rate the strength, or rather determination, of their opponents, who, in conjunction with the federal element of their party, set themselves to make "the fight of their lives." Thus the Liberals went into the conflict, relying too much on the justice of their own cause and without a proper estimate of the forces which an energetic and unscrupulous Opposition would bring to bear.

This condition of false security brought about further unfavourable complications. Though there existed on the part of the Liberals no feeling of disloyalty or even lukewarmness towards the Government, the circumstances permitted Liberals in many ridings to subordinate the success of the Government to their own individual advancement and the resulting local friction produced a division of the forces that enabled the enemy to succeed where success would have been impossible with a united concentration of the forces of the Liberal party. In many ridings that could be named these conditions brought about the defeat of the candidate of the Liberal party. In others the candidates themselves did not put up the fight they would and could have done if they had appreciated the circumstances before as they are able to do after the contest. And in some cases doubtless an apathy was engendered by the feeling that the loss of a seat or two to the Government would not be a very serious matter.

While personal rivalries, personal disappointments, local jealousies, over-confidence, and other causes combined to lessen Liberal chances and neutralize the force of a good cause, the ministers themselves must not be entirely absolved from some share of responsibility for the adverse results of the late contest. A wise representative of a riding who may wish to keep the hold he has gained, will keep in touch with his constituents by frequent association and conference—in fact, in time of peace he will prepare for war. So with a Cabinet Minister. An honest, capable and progressive administration of his department is not all. Believing that the excellent administration and good government he and his colleagues have given, are in the interest of the Province, it is his duty, and their duty, to employ every legitimate means to perpetuate them. A ministry cannot sit in their offices four years, and trusting solely to the abstract merit of their claims to the popular support through good and efficient administration, enter a general election contest properly equipped for the fray. They should keep in touch with the people of the province, as a representative must do with the people of his riding. The people must not only hear of them, but hear them—not only know of them, but know them. Thus will the friendly and tolerant apathy that often exists between a party and its leaders be converted into friendly activity and enthusiasm, representing in many ridings all the difference between success and failure.

A cabinet minister's duties are not altogether administrative. He should be a campaigner as well as administrator, a leader in the country as well as in the House. He should keep in touch with the people, should keep his lines of attack as well as defence unbroken, should have his forces in the province always mobilized, ready for action, with organization and esprit du corps up to concert pitch. Napoleon did not gain his influence over the "old guard" by academic appeals from a distance. He kept himself en rapport with them personally, and when their services were wanted there was no doubtful response.

A brief review of the various causes that influenced the result of March 1st reveals no overwhelming condemnation of the government, such as the Opposition leader and organs claim; on the other hand the causes of a slight reduction of majority are entirely unconnected with the relation of the government to the people, and with its administrative record. Besides, the popular majority of the government, with a slightly reduced number of seats, is greater than in the last Provincial general elections.

"THE MAN IN THE TRAIN.."

Amongst the humours of the recent political contest was Mr. Marter's naive confession that he never knew the abolition of Separate schools was contrary to the constitutional laws governing this Province until "the man in the train" told him so.

Mr. Marter is a serious politician; at all events he wishes to be taken seriously, and he therefore ought to have made himself familiar with the constitution of the Province he was then aspiring to rule. His explanation as to his sudden conversion by "the man in the train" is evidence that he does not take the electors of the Province very seriously. It would have appealed just as strongly to their sober senses if he had said "the man in the moon" told him he was wrong.

Perhaps, however, Mr. Marter, like W. T. Stead of the Review of Reviews, is afflicted with "pachyic consciousness." (The phrase is a burdensome one but it will be understood by the initiated.) In that case "the man in the train" will occupy the same relation to Mr. Marter, as that "familiar spirit', Julia, does to Mr. Stead.

If now "the man in the train" would just whisper to Mr. Marter what Mr. Stead says is "Julia's last message to him," the parallel would be complete.

If "the man in the train" neglects this part of his duty, the people will avail themselves of the earliest possible opportunity to supply the omission.

IN FAVOUR OF DODD'S.

W. F. Hill, of Strathroy, Testifies for Dodd's Kidney Pills.

Strathroy, Feb. 28.—The evidence of W. F. Hill, Caradoc street, in the case of Dodd's vs. Disease is being heard, before the full court of the sovereign here.

Mr. Hill stated that, speaking from his own experience, he would say positively that no other medicine on earth, besides Dodd's Kidney Pills, would cure Kidney disease.

In reply to the judge's question, he said he had suffered intensely for several years. Doctors could not help him. Neither did any medicine but Dodd's Kidney Pills.

Three boxes of this wonderful remedy cured him completely.

The judge remarked that so far the evidence was overwhelmingly in favour of Dodd's Kidney Pills.

Hagyard's Yellow Oil cures sprains, bruises sores, wounds, cuts, frostbites, chilblains, stings of insects, burns, scalds, contusions, etc. Price 25 cents.

THEY ARE COLLECTING TOLLS.

Capt. Strickland of the Mounted Police Has Men at White Pass Summit.

Juneau, Alaska, March 1, via Seattle, Wash., March 7.—Further confirmation of the Canadian Mounted Police occupying the White and Chilkoot Passes was brought here to-day by James D. Leary. He says:

"Captain Strickland of the Mounted Police is at the summit of the White Pass with a force of 16 men, collecting duty, and a lieutenant, whose name was not given, with 18 men, was at Chilkoot Pass doing the same thing."

The White Pass camp of the Mounted Police is within twelve miles of Skaguay and the Chilkoot camp is within 18 miles of Dyea.

Uncle Sam and Jack Canuck.

Washington, March 5.—After a debate lasting several days the Senate late this afternoon passed the bill extending the homestead laws, and providing for right of way for railroads in the district of Alaska.

Section 18, providing for certain bonding concessions to Canada in lieu of privileges to be extended by the Dominion Government to this country, was passed after some discussion.

How to Keep Well.

Without regular action of the bowels good health is impossible. Laxa-Liver Pills regulate the bowels, cure constipation, dyspepsia, biliousness, sick headache and all affection of the organs of digestion. Price 25c. All druggists.

How to Cure all Skin Diseases."

Simply apply "Swayne's Ointment." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for Swayne's Ointment. Lyman Sons & Co., Montreal wholesale agents.

Caps or Crowns.

Whether the head wears a cap or a crown headache will come. Burdock Blood Bitters cures all forms of headache. It is a curative for rich or poor.

"I suffered with terrible violent headache but B.B.B. cured me before I had finished the fourth bottle."

Mrs. W. Macklin,
Cypress River, Man.

One Laxa-Liver Pill every night for thirty days makes a complete cure of biliousness and constipation. That is—just 25 cents to be cured.

MUNYON'S VICTORIES

What his Improved Homœopathic System Has Done For the People of Canada.

SICK MADE WELL

Troops of Restored Invalids and Sufferers Tell Their Glad Stories.

WHAT THE PEOPLE ARE SAYING

Mrs. T. Maloney, 2 Gildersleeve avenue, Toronto, Canada, says: "Both myself and my husband have used Munyon's Grippe Cure with splendid results. Mr. Maloney was suffering extreme pains from the disease, but after using the remedy for only one night, awoke the next morning completely cured and has not been troubled since. My experience was similar. We have also used Munyon's Croup Cure for our little one six months old, and again we had the best results. The child was very bad but after the treatment she completely recovered. We have implicit faith in Munyon's Remedies and keep them constantly in the house."

Munyon's Rheumatism Cure never fails to relieve in 1 to 3 hours, and cures in a few days. Price 25c.

Munyon's Dyspepsia Cure positively cures all forms of indigestion and stomach disorders. Price 25c.

Munyon's Cold Cure prevents pneumonia, breaks up a cold in a few hours. Price 25c.

Munyon's Cough Cure stops coughs, night sweats, allays soreness and speedily heals the lungs. Price 25c.

Munyon's Kidney Cure speedily cures pains in the back, loins or groins and all forms of kidney disease. Price 25c.

Munyon's Nerve Cure stops nervousness and builds up the system. Price 25c.

Munyon's Catarrh Remedies never fail. The Catarrh Cure—price 25c—eradicates the disease from the system, and the Catarrh Tablets—price 25c—cleanse and heal the parts.

Munyon's Asthma Cure and Herbs relieve asthma in three minutes and cure in five days. Price 50c each.

Munyon's Headache Cure stops headache in three minutes. Price 25c.

Munyon's Pile Ointment positively cures all forms of piles. Price 25c.

Munyon's Blood Cure eradicates all impurities of the blood. Price 25c.

Munyon's Vitaliser restores lost powers to weak men. Price $1.

A separate cure for each disease. At all druggists, 25c a bottle.

Personal letters to Professor Munyon, 11 and 13 Albert street, Toronto, answered with free medical advice for any disease.

OFFICER FLOODY AT WINDSOR.

He Was After United States Tobacco, and Got Into Something of a Mix.

Windsor, March 7.—A. J. Gilboe, proprietor of a restaurant on Sandwich street, appeared Saturday before Magistrate Bartlett, charged with interfering with and assaulting an inland revenue officer in the discharge of his duty. E. Floody of the Secret Service force is the officer. He came to Windsor a few days ago as a result of several informations filed with the department, alleging the unlawful sale of American made tobacco. Friday, according to his story, he visited Gilboe's place, showed his credentials, and announced his object. Mrs. Gilboe, he says, told him there was no American tobacco in the place, but he began to investigate. In a cigar box he found a third of a plug of Battle Ax tobacco, American goods. Gilboe came in later, the men had words, and Floody departed. Collector Genning returned with him. After a few more words Gilboe struck Floody, the latter says, and Floody drew his revolver. An officer appeared at this moment and arrested Gilboe. The case was adjourned until to-day. Gilboe's story is that Floody entered his restaurant and, without saying who he was, began rummaging through drawers and boxes. When he found the tobacco he asked Mrs. Gilboe if she had chewed the tag off. Later, Gilboe says, the officer pushed Mrs. Gilboe away with such force that she fell on a sick child sitting near. Gilboe will introduce witnesses to substantiate his side of the affair. He swears the tobacco was for his private use.

Survivors Received Their Pay.

Key West, March 5.—All the Maine survivors received a month's pay yesterday, and their claims for lost personal property have been filed. Schwartz, a cook of the Maine, has put in a claim for $1,296, which he says he had in his chest, which was blown to pieces. Many other enlisted men lost savings of years.

Ordered to Be Ready.

Bethlehem, Pa., March 5.—The army and navy officers now representing the United States Government at the Bethlehem Iron Company's ordinance works here have received orders from headquarters to be ready on 12 hours notice for service.

Work on the Government contracts at the works is being pushed as rapidly as possible.

THE ONLY HOPE!

For Victims of Bright's Disease is Dodd's Kidney Pills.

Not a day passes on which the newspapers do not record the death of one or more persons from Bright's Disease. Already its victims number hundreds of thousands. Day by day the awful total grows larger. No class is safe from this destroyer.

War and intemperance, with all their miseries and fatalities, are not responsible for as many deaths as have been caused by Bright's Disease. Yet, there is a way of resisting it; of drawing its poisoned fangs, and making it as harmless as a summer breeze. That great medicine, Dodd's Kidney Pills, has cured thousands of the worst cases. It never fails to cure, hopeless as the case may seem.

Would you safely shield your loved ones from the fatal grip of this curse of mankind—Bright's Disease? Then use Dodd's Kidney Pills, the only cure on earth for this disease.

QUICK-FIRING GUNS.

These and New Searchlights Are for Portsmouth Harbor.

THE HEALTH OF MR. GLADSTONE

A Duel in Rome Ends in the Tragic Death of One of the Combatants—Austria Has a New Cabinet—A New Japanese Loan—Princess Stephanie Worse.

London, March 7.—The Admiralty has ordered the prompt delivery of ten 12-inch guns and 24 6-inch quick-firing guns of a new pattern, the special features of which are their breech mechanism and a new apparatus for working the primers. The new guns work wholly automatically and at their firing trials they gave the greatest satisfaction, the round taking only 6¼ seconds. They have a striking power of 5,274 foot tons, against 3,941 attainable by the present guns. The officials here assert that these are the best results obtained by any naval power.

Mr. Gladstone's Health.

Mr. Gladstone's health continues to improve in the sunshine of the south coast at Bournemouth.

Macolo Punctured Cavalletti's Jugular.

Rome, March 7.—Signor Fonce Carlo Cavallotti, poet, dramatist, publicist and the well-known Radical member of the Chamber of Deputies for Corte Olona, was killed here Sunday afternoon in a duel with swords with Signor Macola, member of the Chamber of Deputies and editor of the Gazetta Di Venezia. The first two engagements were without result, but in the third Signor Cavallotti received a thrust in the throat that severed his jugular. It was first thought he was only slightly injured, but Signor Cavallotti expired in ten minutes without speaking again. Signor Macola did not receive a scratch.

New Cabinet in Austria.

Vienna, March 7.—The members of the Austrian Cabinet Saturday tendered their resignations, which were accepted by Emperor Francis Joseph. His Majesty appointed Privy Councillor Count von Thun Hohenstim Prime Minister and entrusted to him the task of forming a new Cabinet, pending the organization of which the retiring Ministers will conduct the current business.

China Is Not So Weak.

London, March 7.—The Spectator yesterday again advanced doubts whether China really is so powerless in the face of foreign aggression as everyone seems to assume. It says: "We can see very clearly that a new Chinese dynasty, with brains and courage and a new capital, might make short work of European pretensions. Even Russia could do little against the million or two of riflemen, with bags of millet and willingness to die."

The Crown Princess Stephanie.

Vienna, March 7.—The condition of the Crown Princess Stephanie took a marked change for the worse last night. A physician and a priest were at her bedside all night. She received the last sacraments of the church, and has been visited by Emperor Francis Joseph.

DANGERS OF THE KLONDIKE.

Senator Wilson Objects to Consul Dudley Reporting Favorably of Those in Canada Steamers in Trouble.

Washington, D.C., March 7.—Senator Wilson of Washington called to the attention of the State Department on Saturday a recent report of Consul Dudley of Vancouver, B.C., in which Canadian ports and Canadian routes to the Klondike were extolled at some length. He said that this report has been used by the Canadian Pacific road as an advertisement and was to the detriment of American roads and American seaports on the Pacific, which were doing a large outfitting business for the regions of Alaska. The State Department has notified Consul Dudley that hereafter his reports must not favor foreign interests in competition with those in the United States.

Klondike Steamers in Trouble.

Victoria, B.C., March 7.—The steamer City of Seattle arrived from the north last night and reports that the steamer Whitelaw of San Francisco is ashore on Sheep Creek Bar, in the Gautinlau Channel, near Taku Inlet. Another steamer is reported on shore on Shelter Point, this side of Nanaimo. She did not want assistance and probably will be floated. The Cottage City, with damaged bows, has arrived at Juneau and the Corona is still on the rocks. Marine men think she will stay there.

The steamer Arangi of the Canadian-Australian line arrived here last night, having nearly two hundred men from New Zealand and Australia bound for the Klondike.

Mounted Police for the Yukon.

Winnipeg, March 7.—Twenty-one Northwest Mounted Police officers and men left Regina yesterday for the Yukon in a special car, which had been fitted up last week in the C.P.R. yards for their exclusive use. They sail from Vancouver on the steamer Ning Chow.

Passed a Wreck En Route.

Seattle, Wash., March 7.—A passenger who arrived here from Alaska on the steamer City of Seattle has informed agent Grauman of the schooner Bessie K. that a wreck passed by the City of Seattle, north of Victoria, which was reported here last night, had all the appearance of being the Bessie K., several days overdue. The wreck lies 100 miles north of Victoria, on the rocks, and there are no indications of any survivors. It cannot be learned at present how many passengers she was carrying.

SHILOH'S CURE, the great Cough and Croup Cure, is in great demand. Pocket size contains twenty-five doses only 25c. Children love it. Sold by John Nugent 269 George street.

MORE IRRITATING LEGISLATION.

Canadian Summer Excursionists May Be Compelled to Explore the Dominion.

Buffalo, March 7.—A law passed at Washington last month, a copy of which has been sent to Collector Brandon here, may interfere with the excursion boats running from this city to Canadian ports. The law tends to prevent coastwise traffic by any but American vessels, and prevents any but American vessels from running from this country to Canada carrying any local passengers between two American ports. This would stop Canadian vessels running from Buffalo to Chippewa, for instance, carrying passengers from the foot of Main street to Ferry street or to other points further down on the American side. All passengers carried must be through passengers from the American port to the Canadian port. The law was probably passed to affect the Atlantic coast business, and it is not known just how much it will affect the local excursion traffic. The law goes into effect 30 days from the date of its passage.

A Loan for Japan.

London, March 7.—Commenting on the rumor that a Japanese loan of 15,000,000 yen will be raised in the United States through ex-Minister Dunn, the Globe says it may be regarded as certain that, when the loan is definitely decided upon, it will be floated in Europe.

WHEAT BULLISH.

Thus at Chicago Despite the Dull Situation at New York and Liverpool—The Local Prices.

Saturday Evening, March 5.

May corn, puts 30½c, calls 30¼c.
July wheat, puts 89⅝c, calls 91¼c.
Letter shipping largely to Europe.
Toronto street grain receipts small.
Wheat closed ¾d lower in Liverpool.
May wheat advanced a cent in Chicago.
World's total wheat shipments for the week 7,000,000 bushels.
English farmers' deliveries of wheat in past week 52,800 quarters. Average price 35s 10d.
The interesting feature about the Chicago market to-day was Armour's preparations to bring a large amount of wheat from the Northwest. Nine hundred empties ordered to Minneapolis.

Leading Wheat Markets.

Following are the closing prices to-day at important centres:

	Cash.	May.
Chicago	$1 04⅛	$1 05⅝
New York	1 05⅞	1 06⅝
Milwaukee, No. 1 North	1 02½	1 03¼
St. Louis	99⅝	1 01
Toledo	99½	99⅝
Detroit	0 98	0 98
Duluth, No. 1 Northern	0 99¼	....
Duluth, No. 1 hard	0 99⅝	....
Toronto, red	0 93	....
Toronto, No. 1 hard	1 10	....

Toronto Grain and Produce.

Flour—Very dull, and export largely diminished. Straight rollers in barrels, middle freights, are quoted at $4.05 asked and $4 bid.

Wheat—Exporters are doing nothing. No. 2 red, north and west, quoted at 86c to 87c. Goose wheat, north and west, sold at 82c. No. 1 hard, north and west, held at $1.10 North Bay.

Barley—Quoted at 33c west and 34c east. Malting barley, 35c to 40c, according to quality, outside.

Oats—Dull. Choice heavy white will bring 30½c to 31c, north and west.

Corn—No. 2 yellow American on track at Toronto 37c asked; Canadian, Chatham, 31c asked.

Bran—Scarce and firm. Bran sells at $11.50 to $12 and shorts at $13 to $14.

Oatmeal—Car lots of rolled oats in bags on track at Toronto, $3.60.

Peas—Are scarce and steady, 56c north and west and 57c east.

Rye—Offerings light at 50c west and 51c east.

Buckwheat—The demand is dull and offerings light. Car lots, west 37c, east 38c.

Toronto St. Lawrence Market.

The receipts of grain to-day were not heavy, only 1550 bushels all told.

Wheat steady; 300 bushels sold at yesterday's quotations.

Rye easy, 100 bushels selling at 53c.

Barley easier; 500 bushels sold at 33c to 40c.

Oats steady at 34½c to 35c for 500 bush.

Peas easier, 150 bushels selling at 59c to 60c.

Hay firm at $8 to $9.50 per ton for 20 loads.

Straw unchanged at $6 to $7 per ton for 2 loads.

Dressed hogs, prices unchanged, with light deliveries.

Apples, potatoes and vegetables, supply equal to demand, with prices unchanged.

British Markets.

Liverpool, March 5.—No. 1 spring wheat, 5s 1d; No. 1 Cal., 7s 10½d to 7s 11½d; red, winter, 7s 10½d; peas, 5s 4d; corn, new, 3s 4½d; pork, 51s 3d for fine western; lard, 27s 6d; bacon, heavy, l.c., 29s 6d; light, 29s; do., short cut, 29s; tallow, 19s; cheese, 39s 6d.

Liverpool—Spot wheat dull; futures steady at 7s 5d for May, 7s 1½d for July and 6s 6½d for Sept. Maize quiet at 3s 4½d for March, 3s 3d for May and 3s 2½d for July.

London—Close—Wheat, off coast, nothing doing; on passage, buyers and sellers still 3d apart. Maize off coast, nothing doing; on passage, rather easier.

"Dr. Ward's Pills made Papa well, and Mama framed the Label."

THREE TRUTH-TELLING TESTIMONIES.

Better In Every Way.

Mr. William Killackey, 32 Euclid Ave. says he suffered from nervous trouble, loss of memory and general weakness and debility. He tried everything he could hear of and was almost giving up when he bought Dr. Ward's Blood and Nerve Pills. In the first 10 days he gained 5 lbs. In the second 10 days the gain was 4 lbs.; his muscles got firm, his flesh solid, and he feels better in every way. He is at work every day, and all day. I can't recommend Ward's Pills too highly, says Mr. Killackey.

Head and Throat Catarrh.

Catarrh in the head and throat for years. Some of the best doctors in Toronto tried hard but could not cure me. They said no more could be done. I became alarmed at the repeated failures and tried Dr. Ward's Blood and Nerve Pills as a last resort. The result is my catarrh is cured, strength and appetite are restored, and I am now strong and well as ever. FRANZ FILDES, Lithographer, Clarence House, London, Ont.

Brain Worry and Breakdown.

I lacked confidence, snap, vim and energy. My vitality was low, my brain was worried and troubled so much that my system broke down. I got no benefit from all the other remedies I tried until at last I used Dr. Ward's Blood and Nerve Pills. They restored my health to robust vigor, and increased my weight surprisingly. My nerve power came back and I feel like I used to feel.

I urge others to try them if they want to enjoy life.

H. B. WILLIAMS, Guelph, Ont.

The following diseases and symptoms of disease are positively cured by the use of Dr. Ward's Blood and Nerve Pills:

Pale, Sallow or Pimply Complexion, Nervous Prostration, Weakness, Loss of Appetite, Dyspepsia and Stomach Disorders, Headache, Depression of Spirits, Lack of Energy, Blotches, Eruptions, Cold Hands and Feet, Swelling of the Feet and Legs, Puffiness and Dark Circles under the Eyes, Heart Palpitation, Shortness of Breath, Dizziness, Fainting Spells, Locomotor Ataxia, Spinal Weakness, Pain in the Back, Irregular or Constipated Bowels, Kidney and Liver Disorders, Skin Diseases, Rheumatism, Sciatica, Partial Paralysis, Loss of Vital Force, Loss of Memory, St. Vitus Dance, Catarrh, Consumption and Scrofula.

FOR THE WEAK, FOR THE SICK,

OR THOSE RECOVERING FROM LONG ILLNESSES, THERE IS NOTHING LIKE

Dr. Ward's Blood and Nerve Pills.

Price 50 cents per box, 5 boxes for $2.00, at druggists; or if not obtainable at your druggist, mailed on receipt of price, by THE DR. WARD CO., 71 Victoria St., Toronto.

BOOK OF INFORMATION FREE.

TRADE MARK.

SLOAN'S INDIAN TONIC

Cures Constipation, Sick Headache Indigestion, and Dyspepsia; clears the Skin and insures a Beautiful Complexion

Mrs. J. W. Beaven, of Hespeler, says:

"I was troubled with constipation for many years, in fact, it was my only enemy and was very distressing. I tried a great many pills and patent medicines, but received no relief until I tried SLOAN'S INDIAN TONIC. It helped me at once and effected a complete cure. I have recommended it to a great many people, and believe in every case it has given satisfaction. Every spring I procure it from Mr. Phin, our druggist here, and think it an ideal blood purifier and system tonic."

Merrit Wiles, of Belmont, writes:

Please find inclosed post office order for $1, for which send 1 bottle of Sloan's Indian Tonic. We think it an excellent medicine.

Mrs. Margaret McIntyre, of Walkerstown, says:

I have had a bottle of Sloan's Indian Tonic and believe it has cured my liver. I have not yet used one bottle, and I have now no pain or ache so far, so I consider it my duty to recommend it to all whom I know need it. You can use my name if you wish in recommending it. I was ailing over thirty years, and my age is seventy-three.

Price $1, or 6 for $5.00. All Dealers or Address

License Commissioners.

The Board of License Commissioners met this morning for organization at their office, Water street. Mr. Robert Walton was appointed chairman. The Board adjourned till April 19th, when they will consider applications for the current license year.

What Smiff Thinks.

The Bobcaygeon Independent says:—"Mr. Hardy can charge his reverses to the adoption of a war cry that was simply imbecile. Had he hoisted to the mizen peak, "It's time for a drink," he would have swept the country from Ottawa to Kootwatin." What would have been the matter with "The Swing of Victory?"

The Ramsay Concert on Wednesday and Thursday Next.

It is fortunate for the people of Peterborough that the Lacrosse Club have taken up this company and made arrangements for their appearance here. Mr. Ramsay is the Prince of Entertainers and is drawing crowded houses wherever he appears. This is his first visit to Peterborough and no doubt the Opera House will be filled both nights. Prices 10, 20 and 30c.

See Grafton & Co's. new Spring Stock of Spring Overcoats.

Bankrupt Stock Sale of Groceries.
Having purchased the John Armstrong bankrupt stock of high-class groceries, etc., at a fraction on the dollar, I have started a sale of the entire goods at greatly reduced prices for cash at the store opposite the post office. As the stock must positively be closed out at once, great bargains may be looked for. Hotelkeepers, boarding house keepers and housekeepers generally should not miss this rare chance to buy cheap groceries. R. J. Lane. 12d88 2w

Prospects for Baby are Bright.

Baby would like to hear the first robbins, and in a carriage, of course. High time to be getting ready. The carriage people have been doing their part and we have filled our carriage livery with the most tempting lot of reed bodies and easy running gears, replete with luxurious upholstery and pretty parasoling that was ever gathered in one place. Come and see the "Specials" in the line of little baby cabs at the Peterborough Bookstore. A. H. Stratton & Co.

Basket Ball.

The match last Friday night played in the Y.M.C.A. gymnasium, Olympians vs. Athletes, was very interesting. The score at the end of the first half stood 3—2. The second half was lively, the Olympians scoring four points in about ten minutes. The Athletes woke up and in the next ten minutes succeeded in throwing two goals, which at the end of time left the score 7—7. The teams played on till one succeeded in scoring two points, which was accomplished by the Athletes, who won by a score of 9—7. The Association wishes to thank visitors for their presence.

The Most Prominent are Fashionable.

Dyspepsia or Indigestion has become a fashionable disease. There are very few individual who have not at various times experienced the miserable feeling caused by defective digestion. No pen can describe the keen suffering of the body, and the agony and anguish of the mind caused by the Dyspeptic. Dr. La Londe, of 236 Pine Ave., Montreal, says, "When I ever run across chronic cases of Dyspepsia I always prescribe Dr. Chase's Kidney-Liver Pills, and my patients generally have quick relief."

BRADBURN'S OPERA HOUSE.

Most popular attraction of the Season. The Ramsay Entertainment Co., under the auspices of Lacrosse Club. 2 nights, Wednesday and Thursday, March 9th and 10th, when Mr. W. H. Ramsay the prince of high class entertainers, will make his first appearance here. This will be the best event in the Opera House this year. Prices 10c, 20c and 30c. Seats on sale at Ormond & Walsh's.

GOT HIS "DOUGH."

Mr. Lem Felcher Makes a Trip to Boston and Recovers His Hundred Dollars.

Mr. Lem Felcher returned on Sunday morning from Boston, perfectly satisfied with the result of his long trip, as his pocket book was fatter to the extent of a cool hundred than when he left Peterborough.

As will be remembered he left on Wednesday with the object of trying to trace the Yankee horsebuyer who had so ungenerously tried to "do" him out of a hundred dollars by getting him to cash drafts to to that amount. After the man left town with his horses, which he was bringing from Chicago east to Boston and Concord, it was ascertained that the drafts were worthless, and Mr. Felcher communicated with the police, who in turn put themselves in communication with the Boston Detective Bureau. Mr. Felcher went on to Boston with the understanding that his presence was needed, but on his arrival found that he was apparently no nearer to getting his money than before. He was told that the whole southern portion of the city had been searched but nothing could be found of the people he was looking for and to whom he understood the horses were going. Being confident that in this part of the town he would learn something of his men, he persuaded a detective to accompany him over the ground again. On alighting from a car some large horses caught their eyes and they walked over and began making inquiries amongst the horsebuyers there. On asking if any Concord buyers were known amongst them, the owner gave the name of a firm there and it happened that these were the very men for whom Lem was looking and whose headquarters he had thought were in Boston. He says that when he heard the news he "didn't do a thing but take the next train to Concord." The firm explained that the man was not employed by them, being simply sent over from Chicago to care for the horses on the way. They, however, honoured the draft and Mr. Felcher had the proud satisfaction of knowing that the long trip was not taken for nothing.

Whilst on his way to Boston, Mr. Felcher was on the C.P.R. train which jumped the track just this side of Montreal on Wednesday night, but was not even scratched, although the cars laid completely over being only prevented taking a roll through falling against a bank of snow. If the cars had been of the flimsy American make Lem says that the accident would have been a bad one, but in this case being unusually strong and well built they withstood the strain and not a passenger was hurt, therefore Lem swears by the C.P.R. and its cars.

A GROWING BUSINESS.

The Old Tannery Premises to be Leased to Accommodate its Needs.

Mr. Robt. Leary is trying to make arrangements for the leasing for a number of years of the old tannery premises on Brock street from the Lundy estate. At present Mr. Leary has some twenty horses in his livery and the barns occupied by him on Water street are so limited in size as to afford insufficient accommodation necessitating the the keeping of horses and rigs in adjacent premises. If he can secure the old tannery property it would be converted into a fine, large livery barn of sufficient size to allow Mr. Leary to increase his already large establishment.

THE G. T. R. WAY TO THE KLONDIKE.

The Popularity of the G. T. R. and Northern Pacific Route.

The Grand Trunk route to the Klondike is very popular just now and large numbers are taking advantage of it. On Friday Mr. W. Banton, up-town ticket agent of the G. T. R., accompanied as far as Toronto a party including Dr. Boyle, of New York, and J.A. MacIntosh, of Boston, of the Northwest Trading Company. The two latter gentlemen go to Vancouver via. G. T. R. in advance of their first consignment of three hundred canoes to be used in Klondyke gold fields. After careful consideration the Northwest Trading Company concluded that the G. T. R. and Northern Pacific route afforded the best and quickest transportation for the shipment of their canoes, which, by the way, were purchased from Peterborough manufacturers.

CHAS. GLADMAN'S FAREWELL SERMON

Preached in the Hot House Tabernacle Sunday, March 6th.

Gentlemen of the Gould Lake Hunting Club:

Inasmuch as I am now on the eve of a departure for the land of gold and other things material and visionary, and am about to exchange the musical notes of the hounds for the mournful cue of howling coyotte, the files of a short summer for the rigors of an Arctic winter, from the balmy temperature of the hot house, presided over by the genial discoverer of Baptist Point, I bid you all a fond adieu, and when my legs are weary and my heart heavy with thoughts of trails lost and others yet to be discovered, then, and not till then, will I sigh for Sam Ray and his marvellous abilities as a woodsman. To you all I leave the legacy of a hearty handshake and an unbroken friendship, and with this I say again, not good bye, but au revoir.—Com.

THANKSGIVING FUND.

Proposal to Raise a Million Dollars Among Canadian Methodists.

Rev. John Potts, D. D., educational secretary of the Methodist church, publicly proposes raising a million dollars for the Methodist twentieth century thanks giving fund similar to the million pound fund being raised by the English Wesleyans. Dr. Potts says it can be done easily by the members and adherents of the Methodist church in Canada, Newfoundland and Japan. He will ask the General Conference to endorse it and to say how the fund shall be divided. So sure is he that it will be raised, that he has outlined how it should, in his opinion be divided; chiefly, he thinks, between the superannuation fund and educational institutions. It should, according to his proposal, be completed by January 1st, 1901. In view of his great success in raising money for Victoria University, the task of raising the million dollars is, it is thought, likely to fall on him, by direction of the General Conference.

Kidd, the shoe man, quotes prices: Ladies first quality wool lined rubbers, 35c; a lot of infants shoes and slippers, were from 30 to 50c, now reduced to 15c a pair; any ladies slipper in the house, 60c; any Oxford tie, $2: fine button boots (new spring ones) were $3.50, now $1.25; in fact every thing must go in the next 30 days. Remember the place, 406 George street.

CANOE INDUSTRY OF PETERBOROUGH

The Local Factories Running Day and Night.

SIX MONTHS OUTPUT SOLD.

The Great Demand for These Craft for the Klondyke is a Bonanza to the Merchants Here, and the Prospects are Good for a Steady Trade.

Peterborough has been advertised more largely and to better advantage, probably, through its canoes, than through any other source, and now when the rush to the Klondyke is in its zenith the eyes of the world may be said to be centered in the town by reason of this thriving industry which has grown up in our midst. Canoes are needed by the thousand and to the local firms all the big supply contractors have turned, and in consequence the orders have come in so fast that the output is all spoken for from now until next fall, although in each of the three factories all the available men who are familiar with the work have been engaged, and the concerns are running night and day to try and line up to their obligations.

The Klondyke canoe is built on an altogether different model from those ever called for before, and consequently new "moulds" had first to be built and this caused considerable delay. As the orders received were such large ones one mould would not do and several sets had to be made

READY FOR USE

in order that the men might not be delayed. The canoe for which there is the largest demand rather resembles in model the big war canoes, which all aquatic clubs delight in owning, but the Klondyke canoe is a trifle shorter and wider and has a flatter bottom, thereby making its burden carrying capacity one of its most noticeable features.

One of the best things about the canoe trade is that all the articles required by the manufacturers are purchased locally, the basswood, of which nearly all are made, being bought in logs from the farmers, who have been bringing them in during the winter. The demand, however, is so great that it is feared the supply is not sufficient and as a ready sale is to be had for the basswood, the farmers would do well to market all that is available before the roads break up.

In a trip around to the different factories the other day the first visited was that of the William English Canoe Co., where there are at present nineteen canoes under construction and twenty four more drying. Five very nice ones were just being crated up for Mr. Chas. Gladman to take with him out to the coast on Tuesday, where he precedes his party by about a month.

THE OUTPUT OF KLONDYKE CANOES

is already sold until September 1st, the larger quantity being taken by the American Transportation Co. The steamship companies of Vancouver and Victoria are also handling a large number from this factory, and are soliciting consignments of indefinite size. During last week six canoes were shipped to the Speller syndicate, six to Fisher's Montreal syndicate, six to Holman, of Owen Sound, and two crates to Rhinelander, Wisconsin.

At the Peterborough Canoe Company's establishment, which is just getting in running order after being thoroughly overhauled and greatly enlarged, they are having to refuse orders, which require to be shipped before fall, although they are working day and night. A crate of canoes a day is being shipped away. Three hundred have been ordered for the Northwest Trading Co., and a dozen special ones for the Northwest Mounted Police. Twelve beauties in cedar are just being finished up for the United States geological survey, and are going to Alaska, as well as a smaller cedar one for Seattle. Ogilvie left in his order for three, on the Klondyke moulds, and as his order was an especially desirable one the canoes are being hustled out for him in short order. The extent of the work which is in hand and the labour which is being employed may be partially understood when it is stated that in the Peterborough Canoe Co.'s factory there are between

SIXTY AND SEVENTY

canoes under construction. Possessing, as they do, a complete outfit of machinery for doing their planing, etc., the company's workshops seem a veritable hive of industry. Col. Rogers, the manager, has sold his steam yacht "Rosalie," to be used on the Yukon.

The Canadian Canoe Company, on the south-west corner of Water and Brock streets, is now occupying all three stories of the block in which it is located, and is working to its utmost capacity night and day, almost exclusively on canoes for the Klondyke. What pleases them more than anything else is the letters which they receive from their agents and others as to the satisfaction which their canoes are giving. Last week four crates were shipped out for Mr. Chas. Gladman to take to the Yukon, forming a portion of a shipment of 30 canoes which accompany him to the West. A crate is to be kept for the use of his own party, and the rest will be sold on the coast. They vary in size and model, but those from the Canadian Canoe Co. are all from the big Klondyke moulds, of which they are making a specialty. The company opens the season with a large stock of canoes on hand such as are called for locally, and are therefore in a position to give almost their entire attention to the call for the new models which is being made by the American consignees in the west.

Probably no one has a better idea of what the canoe industry is to Peterborough than the railway agents, and they suggest that the town be re-christened Canoeborough, which is significant of what they think of the industry.

SPRING ASSIZES.

There are no Criminal Cases on the Docket—Mr. Justice Ferguson is Presiding.

The Spring Assizes opened this afternoon before Mr. Justice Ferguson, the following members of the bar being present: S H Blake, Q C, Toronto; W R Riddel, Q C, Toronto; G G McPherson and J P Maybee, Stratford; T A McGillivray, Whitby; R Ruddy, Millbrook; D W Dumble, W A Stratton, W H Moore, E B Edwards, Geo Edmison, R M Dennistoun, D O'Connell, R R Hall, F D Kerr, and R E Wood.

The Grand Jury was composed as follows:—C Armstrong, Richard Barnes, Geo Stewart, Thos Thompson, Otonabee; Jas Andrews, Asphodel; Paul Costello, Ennismore; W M Graham, Lakefield; Jas Middleton, Smith; Geo Payne, Dummer; J J McBain, Peterborough. Mr Stewart was chosen foreman.

In addressing the Grand Jury His Lordship congratulated them and the county on the fact that there were no criminal cases to be brought before them. There were a number of prisoners, he stated, in the gaol, for the most part vagrants; one was insane and some were undergoing sentences, but none were to come before the Grand Jury. For this reason his remarks would be of a very limited nature. You are the representatives of the county, continued he, and it is your duty to make the periodical inquiry into those matters affecting the interests of the county. You will have to inspect the gaol, court house and other public institutions owned by the people, to whom it is important that they should know how their property is being taken care of. It is a good thing that those who are in charge of these places should know that these periodical inquiries will be made. It was formerly the duty of the Grand Inquest to look after bridges, etc., of the county, but latterly the Provincial Government, and the municipal councils have attended to these matters so well as to leave no room for complaint. After again congratulating the court on there being no criminal cases on the docket, His Lordship called the civil case of Hall vs McPherson and Proctor. As the examination of one of the plaintiffs had not been received by Mr. Blake he asked for a postponement, which was granted, and the case of Bonner vs the township of South Monaghan et al. was called and is now being heard.

Dr Potts Says, Mr. Cooksley's Lecture is a splendid one. Don't miss it. Y.M.C.A. Hall to-night.

USE THE BRIDGES.

The Ice in the River is Unsafe—A Team Breaks Through.

A span of horses belonging to Mr. Wm. Fawcett, of Otonabee, broke through the ice while crossing the Otonabee at the foot of George street, just below the Locks this morning.

The horses were rescued after considerable difficulty. In order to do so the harness had to be cut and floated down the river and was lost. The ice is rapidly becoming honey-combed and rotten and farmers and others should take warning lest a more serious accident may occur.

ASSOCIATIONALITIES.

W. T. Cooksley gave an excellent address at the men's meeting yesterday at the Y.M.C.A. He lectures to-night on the Klondyke. Everybody should hear him.

The Boys' Department membership contest is booming. Score to-day, Blues 60 points, Reds 50. The captains are, Blues, A. Froude; Reds, C. Whiten. Contest closes April 1st.

Last Saturday evening conference in the Y.M.C.A. was a record breaker in point of attendance, there being an increase of 100 per cent over former meetings.

OPERA HOUSE TO-NIGHT.

Mr. Donald Robertson and Miss Brandon Douglas in "The Man in the Iron Mask." Don't miss this treat.

DAILY TEMPERATURE RECORD.

The following are readings of the official thermometers for this morning, as well as the highest and lowest yesterday—shade temperature:—

To-day, 7 a. m..... ..... 28° above zero

	Highest.	Lowest.
Yesterday	45°	14°

The minus sign (—) signifies below zero.

COMING! FLORIDA ON WHEELS.

A Florida State Fair Including Monster Man Eating Alligators in a Rolling Palace From the Land of the Flowers, Coming to Peterborough Friday and Saturday, March 26th and 26th.

A marvellous revelation of tropical luxury, a Florida State Fair is a rolling palace from the land of the flowers, gorgeous with golden decorations and tropical scenery, filled with a tropical exhibit, imposing in multitudes, wonderful in realistics, marvellous in variety and splendid with a thousand tropical wonders, illustrating to tourists, invalids and prospective settlers the advantages and resources of that sunny land. Tropical fruits, Florida wines, exquisite perfumed fountains, waving palms, live alligators. Bear in mind the alligators are chained." This conservatory on wheels, a tropical wonderland, was built of Florida woods at a total cost of $20,000. It is the most remarkable car on either continent; has been visited by more people on the inside and gazed at by more people on the outside than any other car ever built in the history of railroading. People flock to it day and night, and papers have described it from ocean to ocean as the first of its kind the world has ever seen.

Admission 10 cents., children of 11 and under 5 cents, to defray incidental expenses.

Wanton S. Webb, Director General Florida Sub Tropical Exposition, Florida Commission to Paris Exposition and the World's Columbian Exposition at Chicago and official promoter of Florida publicity, is Director.

This Official State Fair "on wheels" will exhibit in Peterborough Friday and Saturday, March 25th and 26th, at the G.T.R. station, from 9 a.m. to 9 p.m., and at Campbellford Monday, March 28th. 1dw

Busy Barbers.

Since the reduction in my prices for hair-cutting and shaving, trade has gone away up with a bound. Hair cuts for 10c. and shave for 7c. has come to stay at this shop, and

Glad are the smiles of our barbers
For the wave of prosperity rolls
With gladsome and lively music
Through all their tonsorial souls;
And the grit and the grind of
The clippers are heard on the long-worn hair
As we mow from the heads of the
Hundreds the once honored pompadour hair.

Ladies Shampooing done and Switches and Bangs made to order and renewed. Natural Switches, 20 inches long, for $1.00. EDWARD LECLAIRE, formerly LeGros, 329 George st.

THE LAKEFIELD BRIDGE MATTER

The High Level Bridge to Remain—Less Costly than a Swing.

On Saturday, in response to a deputation to Mr. Lang, M.P., Mr. Collingwood Schreiber, Deputy Minister of Railways and Canals, Mr. G. H. Pope, government valuator, and Mr. R. B. Rogers, superintending engineer, visited Lakefield to again consider the question of the high level as against a low level bridge across the canal. Mr. Lang, East Peterborough, and Mr. Kendry, West Peterborough, Mr. Geo. E. Elliott, of Smith, and a large number of villagers were present. The situation was viewed from every standpoint, and a conference held subsequently in the town hall. The decision arrived at by the deputy minister was to the effect that the high level bridge scheme would be adhered to, the ultimate cost being much less than a swing, which would involve large and continuous expense for attendance. It is said that public sentiment is largely veering towards the high level bridge. The high level bridge at the Norwood Road it is said loses its most objectionable features in its completed form, and Mr. Schreiver pointed out to the gathering in the town hall that, when all was completed at Lakefield, the appearance and inconvenience would not be so objectionable as anticipated. Those having property in the vicinity are claiming damages, and though the decision of the Deputy Minister is final, it is not satisfactory to many property owners, who it is said will present claims for damages to business and property.

PERSONAL.

Mr. J. B. Oke was down in Port Hope on Friday.

Mr. Ed. Knowles is spending a few days in town with his parents.

Miss L Wynn was the guest of Mrs. R. Linton in Campbellford during the week.

Mrs. Marshal Reid, of Kingston, is visiting her sister, Mrs. D. W. Little, George street.

Miss Clara Brownscombe of Port Hope, is the guest of the Misses McWhinnie, London street.

Mr. W. Patterson, who has been visiting Mr. H. J. Richards, Port Hope, returned home on Friday.

Mr. John Nugent, his many friends will regret to learn, is confined to his room with illness.

Miss Ethel Payne, of Cobourg, is the guest of Misses Clara and Annie Belleghem, Rubidge street, town.

Mrs. C. P. Watson of Dresden, is in town spending a few days with her daughter, Mrs. A. L. Grover, Boliver street.

Mr. Robert Harstone of Warkworth, who is going to the Klondyke with the Peterborough party, was in town on Saturday.

Mr. W. T. Cooksley of New Westminster, B. C., who lectures in the Y. M. C. A. to-night, is stopping at the Snowden House.

Misses Tillie and Emma Butcher, of Beaverton, who have been visiting their brother, Mr. James Butcher, Lake street, returned home this afternoon.

Dr. W. H. Schofield and G. H. Locke, old Peterborough boys, have been appointed on the staff of lecturers for the Harvard University summer school. Our Yankee neighbours know where to get good men.

Dr. Stratton, who has been visiting his mother, Mrs. James Stratton, Gilmour street, for the last month or two, is leaving for Chicago, where he intends taking a special course, as well as one in the New York hospitals, before taking up practice in San Francisco.

C. B. ROUTLEY

379 GEORGE STREET.

CHURCH CHIMES.

GEORGE STREET CHURCH.

Miss Mabel Winters, of Lindsay, sang Fabt's arrangement of Nearer my God to Thee" in the George street church last evening. Miss Winters is the possessor of a delightfully clear and pleasing voice, and her selection was greatly appreciated.

ST. PAUL'S.

In St. Paul's church last evening two anthems were rendered in excellent harmony. That in the morning was entitled, "And God said, Let the Earth," and in the evening a new arrangement of "Oh Lord How Magnified are Thy Works," was sung.

PARK STREET BAPTIST.

The congregation of the Park street Baptist church had the pleasure of listening to an address from their old pastor, Mr. W. J. Padey, of Toronto, last evening. Mr. Padey spoke on the life of Jacob. A very pretty anthem entitled "Send the Light," was rendered by the choir, which is steadily increasing in membership, and is beginning to undertake some of the higher class of work in anthems, etc.

CHARLOTTE STREET CHURCH.

The monthly song services, which are being held in the Charlotte street Methodist church by the pastor, are becoming so popular that in order to obtain seats the congregation begins to assemble shortly after six o'clock. Last evening the church was crowded to the doors. The choir was supplemented by a large number of young ladies and the pastor spoke on "Young Womanhood," his remarks being interspersed with solos and choruses.

ST. LUKE'S CHURCH.

The Sannyside branch of the Woman's Auxiliary hold their annual meeting at Mrs. Sedgwick's house next Thursday afternoon. Members of St. Luke's are invited to be present.

The Men's Chapter of St. Luke's Guild have accepted an invitation from Mr. Adam Dawson to hold their next meeting at his residence, No. 483 Dongal street, on Tuesday evening. All male members of the congregation are warmly invited to be present. Mr. Frank Adams will read a paper on "Congregational Worship," to be followed by discussion.

On Wednesday evening Mr. Sheriff Hall will give a lecture in St. Luke's school house on "Macbeth." This is one of the Sheriff's best lectures and should be well attended. Mrs. Parker will sing. Admission is free and all are cordially invited to attend.

ST. ANDREW'S.

Rev. Mr. Somerville, of Norwood Presbyterian church, conducted both the morning and evening services in the St. Andrew's church yesterday. In the morning he dwelt on the fact of all men being debtors: even the Almighty was mentioned as a debtor, through being the possessor of everything. In the evening the sermon was a Scriptural one, with the Bible as the subject. Both addresses were deeply interesting.

It is said that Mr. G. W. Mulligan is endeavouring to introduce a male quartette into the choir, doing away with all the present members. The proposed innovation is causing considerable comment amongst the church members, who consider that a few years ago they had the best choir in Peterborough.

The St. Andrew's Mission Band will hold a parlour social in the Manse tomorrow night. A pleasing feature will be the art exhibit.

MARK STREET CHURCH.

Two unusually good sermons were preached yesterday by the pastor. His morning subject was "Seven Gospel C's—the true Guide to Heaven." Text, Rev. 3—11. The evening subject was "Hearing God's Word." Text, James 1, 19—20: "Wherefore, my beloved brethren, let every man be swift to hear, slow to speak, slow to wrath, for the wrath of man worketh not the righteousness of God."

The Sandao school was well attended. All will be made welcome at 2 30 each Sunday.

The E. L. of C. E. holds its consecration service this evening.

On Tuesday evening Rev. E. Roberts, of Omemee, will lecture in Mark street church on "A Boy who Rose to Renown." Mrs. (Rev.) Shorey will sing, Miss Aggie Patterson will recite, etc. Rev. S. J. Shorey will occupy the chair. All cordially invited.

Wednesday evening, church prayer meeting as usual.

Cottage prayer meeting on Friday evening at the home of Mr. Chas. Noyes, conducted by Mr. M. W. Matchett.

The public are cordially invited to all services.

MURRAY STREET BAPTIST.

Our reporter heard the expression of but one sentiment on leaving the crowded church last night, and that was of the greatest satisfaction and delight at the success of the whole service. It is not too much to say that from the beginning to the end it was a thorough musical treat, and too much praise can scarcely be given all concerned.

The opening chorale, "Lift up your Heads, O ye Gates," was a revelation of what can be done by enthusiastic voices, intelligently directed. For sharp precision of attack, roundness of tone and grand finale, it was a remarkable effort, and one that would be hard to beat, even by a much larger city choir.

Mrs. Hunter sang the solo passages in "I am the Door," in almost faultless style, and was splendidly backed by the accompanying quartette. Other items that call for special notice were the "Pearly Gates," the duet of which was beautifully rendered by Miss Hutchison and Mr. Martin, the quartette being sung by Miss Hutchison, Mrs. Scott, Mr. Geo. Matthews and Mr. Martin, in perfect time and tone. It is hard to say whether this number or Mr. Martin's solo, "Behold me standing at the door," were the musical gems of the service, but where all was so good it is idle to particularize. We can only congratulate our Baptist friends on a most unqualified success and hope it may be only the precursor of many similar services.

Rev. Mr. Dykeman preached a very able sermon from the text, "I am the Door," John 10, 9, the leading ideas being that Christ was the only entrance through which the finite mind could enter into or comprehend the infinite. This point was clearly enforced and illustrated. Christ was the door of salvation, into the presence of God. "Door was wide open not ajar, the door has an outside as well as an inside." The latter thought was thoroughly elaborated and closed with an earnest appeal to the hearers to come in out of darkness, despair and death into peace, calm and eternal happiness of trust in the Unseen.

We can only say again that the whole service was a great success and reflects the greatest credit on the preacher, the choir leader and Miss Agar, whose work at the organ was first rate. More than a passing word of praise is due to her for her very sympathetic accompaniments to all the numbers on the programme, which we might add, was very nicely arranged and specially printed for the use of the regular attendants and visitors.

REV. R. J. HUNTER.

The Plaindealer, of Ridgetown, Ontario, in its issue of January 27th, prints a resume of Rev. R. J. Hunter's farewell address to his charge at that place, before leaving to assume his new duties as pastor of the First Presbyterian church in Greely, Cal. We reprint a part of the account below:

"In conclusion Mr. Hunter thanked the people of his own and the sister churches for the many kindnesses which had been shown him during the pastorate here. He prayed that God might bless them and unite them, and so they would become a prosperous church endowed with His own power. He admonished them to hold fast to God and His word, to cling to Christ, the rock of their salvation. He thanked the press for many generous acts in making announcements and assisting in the advancing of work in connection with the church in many other ways.

The church was packed to the doors. The Methodist church and Church of the Advent had been closed for the evening and Rev. Mr. Lee, Church of England, and Rev. Messrs. Philip and Burdette, Methodist, were on the platform with Mr. Hunter, and spoke feelingly of the loss the town was sustaining in Mr. Hunter's removal. After service the vast congregation filed past Mr. Hunter, shaking his hand many shedding tears.

At the station Tuesday, in spite of the storm, Mr. Hunter's fellow pastors, by whom he was much beloved, and many of his people and others, gathered at the station to see him and Mrs. Hunter off. The company struck up a parting hymn as the train moved off, wafted through the raging snow storm westward with the prayers and good wishes of the many here who know and respect and love Mr. and Mrs. Hunter for their sterling qualities of head and heart."

Where Specialists Failed Dr. Chase Cured Catarrh.

James Spence, Clachan, Ont., writes:—"I had been a sufferer from Catarrh for 15 years. It became chronic and I had given up all hopes of ever being cured when advised by a friend to try Dr. Chase's Catarrh Cure. I at once started and am pleased to state three boxes effected a complete cure, and I heartily recommend it to anyone suffering from Catarrh."

Parlour Furniture.

It is worth a visit to Clegg's furniture warerooms to see their parlour suites. New and handsome designs in 3, 4, 5 and 6 piece suites, beautifully upholstered in the latest styles and materials. Odd pieces in parlour furniture in great variety and at very low prices. Clegg's furniture and undertaking warerooms, 497 George street.

THE DANCE.

Antiquity of the Sir Roger de Coverley and the Skirt Dance.

An old gentleman of my acquaintance told me once that he still dances "Sir Roger de Coverley." "I enjoy that dance with all the nerve, sinew and muscle left to me at the age of 70," he said, "if only in honor of its time honored tune."

Did you know that this supposed "time honored" dance has no real antiquity to recommend it, since, although it was not "made in Germany," it really belongs to a period when most English customs became modernized with the advent of Dutch William.

That worthy but fictitious knight, Sir Roger de Coverley, was simply a creation of Addison's, who first introduced him in The Spectator of March 2, 1711, with the remark that his great-grandfather was the inventor of that famous country dance which is called after him, which humorous assertion doubtless many years subsequently gave rise to the well known tune, but country dances, pure and simple, were fashionable at the court of King Charles II, were of French origin and replaced the old English jig, also derived from the tune, and which is mentioned by Shakespeare (Hamlet addressing Ophelia, act 3, scene 1).

"Country" dance is merely a corruption of the French "contre," because the dancers faced each other.

Sir Roger is adduced by Addison as typical of a country squire of the reign of Queen Anne.

In the original dance the first lady and bottom gentleman had to kiss each other when they met in the center, and so on, throughout the performance.

What is much more interesting on the score of antiquity is the modern "skirt dance," which can be traced almost to prehisteric times. An Anglo-Saxon lady may be seen in the act of performing a veritable skirt dance to the music of a lyre and flute in one of the contemporary illuminations at the British museum. She is the object of much admiration to the spectators.

The oldest and most stately dances of England were those of the court of Queen Elizabeth—the "Corantos," the "Galliards" and the very ancient "Pavin," while the "Lavolta" answered to our old fashioned slow time waltz.

The cotillion, by the way, simply means the under petticoat, as its name implies. It was so termed from the necessary exposure of those garments by ladies when holding up their gowns.—New Orleans Times-Democrat.

Health and strength carry us through dangers and make us safe in the presence of peril. A perfectly strong man with rich pure blood has nothing to fear from germs. He may breath in the bacilli of consumption with impunity. If there is a weak spot where the germs may find an entrance to the tissues then the trouble begins. Disease germs propagate with lightning-like rapidity. Once in the blood the only way to get rid of them is to kill them. This is what Dr. Pierce's Golden Medical Discovery is for. It purifies the blood. That means that it kills the germs, but that is only part of what it does. It assists digestion by stimulating the secretion of digestive fluids, so promoting assimilation and nutrition; purifies and enriches the blood and so supplies the tissues with the food they need. It builds up strong, healthy flesh and puts the whole body into a disease-resisting state.

Send 21 one-cent stamps to cover cost of mailing only and get his great book. The People's Common Sense Medical Adviser, absolutely free. Address World's Dispensary Medical Association, No. 663 Main street, Buffalo, N.Y.

He Had the Name.

She had gone up the scales once, and then she had gone down the scales. Then she had done the same thing over again, after which some one asked:

"In what school of music were you taught?"

Thereupon some one else interrupted in an undertone:

"Judging by the speed, I should say it was a riding school."

And there were many present who deemed the sentiment a good one.—Chicago Post.

To wash silk ties, boil half a pound of bran in a quart of water for an hour and then strain. Wash the ties in this water, keeping them quite straight; rinse in salted water and iron while slightly damp.

The languor so common at this season is due to impoverish blood. Hood's Sarsaparilla cures it by enriching the blood.

Queer Heart Feeling.

Queer feelings in the heart are daily complained of by multitudes of people—don't know the cause, but it makes them nervous irritable and unfit for either work or pleasure Mr. E. A. Rose, Alma Craig, Ont., explains it. He says: "It came from la grip. I was irritable, worried, dizzy, short of breath and such a queer feeling in my heart that I thought I would give up the ghost. Milburn's Heart and Nerve Pills changed all this, and I am free today from all these troubles."

Hunt's Clover Rose.

ENCOURAGING REVENUE RETURN.

Heavy Increase on Account of the Consolidated Fund.

PROCEEDINGS IN THE HOUSE.

Questions and Answers—The Interminable Yukon Bill Debate Continued—An Amendment Moved by the Conservatives—Mr. Borden of Halifax Selected for the Task—Railway Dispute.

Ottawa, March 5.—There was a very heavy increase in the revenue of Canada on account of consolidated fund for the eight months of the fiscal year ending February 28th, as shown by the official returns to the Department of Finance, and there is a substantial reduction of expenditure for the same period. The revenue for the eight months compared with the corresponding months of the previous year was as follows:

	1897.	1898.
Customs	$12,969,000	$13,790,000
Excise	5,296,000	4,891,000
Post-Office	2,066,000	2,413,000
Public works, including railways	2,362,000	2,409,000
Miscellaneous	1,076,000	1,399,000
Totals	$23,071,000	$24,765,000
Expenditure	22,962,000	21,595,000

This would show an apparent surplus of over $3,000,000, but the figures for expenditure can never be relied on until fully completed at the end of the fiscal year. It is, however, an undoubted fact, shown by these figures, that the revenue has increased by $1,694,000 and that the expenditure has decreased by $667,000, thus showing an improved condition of the finances in the present year of $2,361,000. For the month of February alone the customs receipts were over half a million dollars better than in February, 1897, and the total revenue for the month is better by $747.000 than in the same month last year. The revenue from the Yukon is responsible for a very large share of this satisfactory showing.

THE HOUSE.

Questions and Answers—The Yukon Bill Debate—Mr. Borden of Halifax Moves an Amendment.

The railway war between the G.T.R. and C.P.R. is affecting the operation of the railway between Toronto and North Bay, and was brought up by Dr. Sproule, after routine, in the House. He moved the adjournment in order to discuss the question.

Mr. Blair said that, not being familiar with the details of the matter, he would suggest to the hon. gentleman to meet him at his office and lay the case fully before him.

Sir Charles Tupper next brought up the question of the wagon road from Telegraph Creek to Teslin Lake, promised in the official Yukon Guide, upon which travelers for the Klondike were depending. Sir Charles commented depreciatingly upon the absence of Ministers from their places when important questions were being considered.

Sir Wilfrid Laurier remarked that the Minister of the Interior was unavoidably absent, but would be in the House Monday so as to give the desired information.

Sir Charles also asked the attention of the Mininster of Customs to a despatch in the Montreal Witness to the effect that the Department of Customs had informed one G. F. Boers that the United States Customs authorities do not yet allow the transhipment of Canadian goods at Wrangel without payment of duties.

Mr. Paterson promised the matter would be looked into.

Mr. Foster said a party from his county (York, N.B.) had passed through Ottawa yesterday bound for the Klondike via the Stikine route. As they were depending on a sleigh road and suitable shelters being available from the Stikine to Teslin Lake, he would like to be able to inform them definitely by telegram if they could depend on the contractors having the accommodation ready on contract time.

The Premier believed the contractors were doing everything possible to have the sleigh road completed by the last of March. The only thing that would prevent it would be the tactics of the Opposition.

Mr. Guillet brought up the matter referred to in the cable despatches of the departure of a party of Klondikers from England in a steamer freighted with tons of whiskey. He wanted to know if the Government was going to admit the liquor into the Yukon.

Sir Wilfrid thought it would be time enough to decide when the whiskey arrived.

The debate on the Yukon Railway bill was continued by Messrs. Bell (Picton), Marcotte (Champlain), Davin, Lemieux, Semple and Campbell.

It was after 11 o'clock when Mr. Borden (Halifax) arose to move the adjournment of the debate, but Sir Wilfrid Laurier insisted upon the discussion continuing, and the hon. member accordingly proceeded with his remarks, speaking for over an hour. He concluded by moving the following amendment:

That this House, while recognizing the necessity for providing adequate facilities for transportation into the Canadian Yukon gold fields, regards as indefensible the terms and conditions of the proposed contract, but will cordially support a grant of substantial assistance in aid of the immediate construction of a railway by the best available route, under such conditions and safeguards as will prevent the creation of any railway or mining monopoly.

Mr. Morrison moved the adjournment of the debate, and the House adjourned at 12.30 a.m.

Do You Want Consumption

Are you really looking for it? Inviting it? Then pay no attention to your hacking cough, and your weak throat. You can prevent it, though. Take Scott's Emulsion early, when the cough first begins.

Dashed on the Rocks and Killed.

Niagara Falls, N.Y., March 5.—The fourth accident, and the first fatal one, on the new steel arch bridgework occurred at 9 o'clock yesterday morning, when Edward Frier of this city fell a distance of about 75 feet on to the rocks of the slope below the high bank and was instantly killed. He was climbing a rope about the falsework on the Canadian end of the bridge and lost his hold. His parents reside at Smithville, Ont.

Ripped by a Harrow Tooth.

Orangeville, March 5.—Mr. Robinson, a farmer living near Mono Mills, got up on a straw stack to throw down some fodder. He slipped off the side, struck a harrow leaning against the side of the stack, and one of the teeth caught him, ripping a terrible gash from his abdomen to his breast. Hopes of his recovery are entertained.

Progressives Have 20 Majority.

London, March 5.—The result of the election for members of the London County Council is that the progressives (Liberals) have secured 68 seats and the moderates (Unionists) have returned 48 of their candidates.

The election in Hackney was postponed owing to the death of a candidate.

Lord Dunraven has been re-elected to the London County Council, representing Wandsworth.

Death of Meaford's Treasurer.

Meaford, Ont., March 5.—One of the oldest and most respected citizens of this town, in the person of James Stewart, who has been a resident of the town for upwards of 40 years, passed away yesterday at the ripe age of 72 years. Mr. Stewart was Town Treasurer for many years.

Mining Man's Fearful Death.

Ishpeming, Mich., March 5.—John F. Armstrong, a mining man, well known throughout the Lake Superior region, while temporarily insane, brought on by illness, walked into a mining shaft last night, falling 444 feet. He was unmarried.

HUMAN SACRIFICES

On the Altar of Diabetes, Saved by Dodd's Kidney Pills, Only.

Hardly a family in the country is free from Diabetes. Great thirst, failing sight, numbness in the thighs, bleeding gums, swollen ankles, emaciation, nervousness, pale or turbid urine, loss of sexual power, decaying teeth, pains in the loins or small of the back, are all positive signs that Diabetes is in the system.

Do you know how it ends? In Death. A premature, horrible, agonised, pitiful death. The victim has no peace, no ease in life. His days are filled with tortures. His nights are waking dreams of agony. He longs to die, yet fears the terrors of his end. He dies, a bloated, fetid, repulsive mass of corruption. That is the only end of unchecked Diabetes. Dodd's Kidney Pills will cure it. They drive it out of the system thoroughly, create new, clean blood, rebuild the diseased kidneys, and restore robust health.

OLDEST OF INSECTS.

THE HUMBLE COCKROACH KING OF ALL HIS KIND.

His Noble Line Traced Back Through Millions of Years by the Fossils In Rocks of the Silurian Period — He Was Always a Rover and a Scavenger.

There is doubtless many a good housewife in this world who wonders as she chases about the kitchen and the pantry, poking into dark nooks and crannies with her pail of hot water or box of poison, whatever the little pests called cockroaches are here for anyway and what good they do. These questions would be rather difficult to answer, for, like most of nature's scavengers—and they or most of their varieties at least have certainly been such in the past—they have obtruded in these times of advanced sanitary arrangements and "modern improvements," where their services might well be dispensed with. But there is no doubt, however much we may begrudge the little insects a few tiny, warm crevices in our homes or an occasional burial place in our puddings and cuisine at the summer hotel, that by all recognized laws of priority they have at least as much right here as we have, for their very, very great-grandsires were settlers upon this earth many ages before our progenitors were even thought of.

In Bible times their presence was far more disagreeably felt than in our own, both on account of the different and more slovenly mode of living that prevailed among those peoples and of the warm climate of the countries of which the Bible tells. And it is probable, although no distinct mention is made of the cockroach in the Scriptures as among the animals of Noah, that it was nevertheless in the very vanguard of the procession that so placidly wended its way into the ark. Even the first of her kind, the wife of Adam, was unquestionably acquainted with the little six footed creatures. But Eve was a very happy go lucky sort of dame and was as little troubled with household cares and victuals as she was with fashion, and it is likely that the fact of their existence did not weigh heavily upon her mind.

The antiquity of the cockroach, however, is not reckoned by the th[illegible] of years with which we common[illegible]ate our vast stretches of historic ti[illegible]t by the millions and millions upo[illegible]ions. Its beginning takes us back thro[illegible]h misty and unfabled ages, past the epochs of the gigantic mastodon and the tremendous glaciers that swept over the northern part of this land, to disappear beneath a warm- or southern sun; past the epoch of the huge and horrible reptiles that wandered over the universal marshlands and bogs and flitted through the air with their strange, flapping wings, like the fiends in Dante's "Inferno;" past the long period of the luxuriant solitudes of the carboniferous forests, when the great forces of nature were at work storing away the rich beds of coal into which we delve today; past the time when whales and giant sharks and sea monsters lashed the waters into foam, the monarchs of the oceans. Their origin carries us back to the very commencement of things. They were one of the earliest of the forms of life and the pioneers of insect life. As some one has said, "They are the true aristocrats of insects," the kings of their kind.

Learned savants and researchers tell us that the most primitive of cockroaches are found deep down in what are known as the Silurian rocks, which were formed such countless ages ago that they don't attempt to count them at all. They were not very unlike their lineal descendants of today, the principal difference being as to their wings, and it is probable that should one of these ancient creatures be in some way resurrected and go scurrying across the kitchen floor it would be stepped on with as little thought and compunction as are its modern kindred. As these wings constitute the chief and often the only means of studying their species, the bodies having in most cases been wholly dissolved by putrefaction, it is perhaps worthy of note that their development was more perfect than in the present varieties—excepting the hind or under wings, which are almost identical—and that they are preserved in the fossils to the minutest reticulation of the membrane.

With the lapse of ages the forms and shape of the wings gradually underwent a change, or rather a series of changes, as well as the size of the body, and the original family spread out into a multitude of species. It has always been a law of nature that all forms of life shall advance from a simple uniformity to a complex diversity or from homogeneity to heterogeneity, and it is curious to observe that no less than 1,000 species existing prior to the tertiary epoch, when the first mammal life was introduced into the world, have been thus far discovered and described, many of them being found in the coal measures of Pennsylvania and West Virginia. The investigations of late years have demonstrated, in fact, that America, as is South America today, was the most fruitful of any part of the globe, both in its varieties and its numbers. When we remember that there are at present from 700 to 800 species, that their numbers have been steadily decreasing for some millions of years and that their kind once comprised one-half of the ancient or paleozoic insects, we can form some vague conception of the proportions of our cockroach population of the past.

The cockroach of modern times is commonly smaller than its progenitor; but, being of the same roving habits and inquisitive nature, has become a famous traveler in these days of worldwide commerce and communications. In the old days—not to speak of the present days—the ships were overrun with them, as well as with great hordes of rats, and as they touched at this port and that on their trading voyages there occurred a widespread scattering of species that has been a source of never ending regret and tribulation to their involuntary hosts. It was in this manner that the "black beetle," or cockroach, is supposed to have been brought to this country and to Europe from the East Indies.—New York Sun.

Health is Better.

"I had no appetite and could not sleep at night, and I was so tired that I could hardly walk. I saw Hood's Sarsaparilla advertised and procured four bottles. My health is now better than it has ever been since I was a child, and I have not been sick for a long time." Miss Jessie Turnbull, Cranbrook, Ont.

Hood's Pills are the only pills to take with Hood's Sarsaparilla. Easy and yet efficient.

Dandet and Animals.

Dandet had a lurking kindness for sinners. He pitied them, for he could not see how in the long run they could succeed in anything. But the self righteous were more offensive to him. I think he was right in saying that men and women who pass for having never sinned are unpleasant companions, and, from the day of judgment standard, perhaps the worst sinners of all. The sensibility shown in "Jack" and other works did not extend to animals. Dandet, though a cigalier, was deaf to the chirp of grasshopper and cricket. Birds have no place in his rural sketches. He could not understand the touching beauty of the "last friend" at the poor man's funeral. Animals were simply brutes to Dandet. At best they were warnings to human beings not to live merely to eat, sleep and leave posterity behind them. They sometimes were vices incarnate. Such were the fox, the serpent, the scorpion. What a selfish, heartless thing the ant was! It had a head if you will, but it was the sort of head that organizes labor in sooty factory towns. The dog was the beastliest beast of any. Dandet fled from every drawing room where he saw a lapdog. —Paris Letter in London Truth.

An Arbitrary Fee.

Victor Smith tells this story in the New York Press: "My father was an old time lawyer. He tried a little case for his bootmaker and entered on the books a charge of $15, the price of a new pair of boots. When the latter was delivered, the accompanying bill was $30. A man of any other profession would have taken offense at the apparent effort to "do" him, but the lawyer smilingly raised his fee to $45, and Mr. Smart Aleck Bootmaker had to pay. That was an arbitrary fee. Doctors sometimes enjoy the privileges of it."

Not Guilty.

Mistress of the House—My good man, did you ever take a bath?

Tramp—No, mum, I never took anything bigger'n a silver teapot.—London Tit-Bits.

Karl's Clover Root will purify your Blood, clear your Complexion regulate your Bowels and make your head clear as a bell. 25c., 50c., and $1 00 Sold by John Nugent 380 Georges treet.

Free Trial To Any Honest Man

The Foremost Medical Company in the World in the Cure of Weak Men Makes this Offer.

HEALTH AND ENERGY ASSURED. HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

In all the world to-day—in all the history of the world—no doctor nor institution has treated and restored so many men as has the famed ERIE MEDICAL CO. of Buffalo, N. Y.

This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.

So much deception has been practiced in advertising that this grand old company now for the first time makes this startling offer:—

They will send their costly and magically effective appliance and a whole month's course of restorative remedies, positively on trial without expense to any honest and reliable man!

Not a dollar need be advanced—not a penny paid—till results are known to and acknowledged by the patient.

The Erie Medical Company's appliance and remedies have been talked about and written about all over the world, till every man has heard of them.

They restore or create strength, vigor, healthy blood and new life.

They quickly stop drains on the system that sap the energy.

They cure nervousness, despondency and all the effects of evil habits, excesses, overwork, etc.

They give full strength, development and tone to every portion and organ of the body.

Failure is impossible and age is no barrier.

This "Trial without Expense" offer is limited by the company to a short time, and application must be made at once.

No C. O. D. scheme, no bogus philanthropy nor deception, no exposure—a clean business proposition by a company of high financial and professional standing.

Write to the ERIE MEDICAL COMPANY, BUFFALO, N.Y., and refer to seeing the account of their offer in this paper.

According to the novels of Richardson and his contemporaries, in the olden days men used to admire women who screamed upon the least provocation and fainted on all opportunities. Richardson's heroines were always toppling out of their chairs, falling in a "dead faint" in their lovers' arms, having their stays cut and their hands slapped, their temples bathed and their noses smelling-salted.

Both the women and the men have changed radically since those days. The modern man does not admire the fainting woman, neither does he marry her. If by chance he does, he is only a man, and lives to regret it. There is no reason why any woman should be a fainting woman. General bodily weakness and nervousness in women are due to weakness or disease of the delicate, special organs of the sex. Dr. Pierce's Favorite Prescription is a scientific and unfailing remedy for all disorders of this description. It imparts health and strength to the sensitive and susceptible organs upon which a woman's general health is largely dependent. It quiets and tones up the nerves, restores the vigor of youth, rounds out the emaciated form, imparts the glow of health to the complexion and transforms weak, sickly, nervous invalids into new, healthy, happy women. It fits for wifehood and motherhood.

"Words fail to describe my suffering before using Dr. Pierce's Favorite Prescription," writes Mrs. Sallie Key, of Tampico, Granger Co., Texas. "I had inflammation, irritation and profuse flowing and was very nervous and suffered terribly at all times. My feet and limbs were cold. I had palpitation of the heart, and my back was so weak that I could not turn myself in bed. The thought of food sickened me. My kidneys were very badly affected. I had been down six months. I could not sleep night or day and had given up all hope. My husband got me some of Dr. Pierce's Favorite Prescription. I took it for five months and at the end of that time could walk a mile and do all my own housework. I am sure I would be in my grave if it had not been for the 'Favorite Prescription.'"

Send to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of the "People's Medical Adviser." For paper-covered copy enclose 21 one-cent stamps to cover customs and mailing only. Cloth-bound, 50 stamps.

Novel and Pretty Set.

Here we have a novel and becoming set, consisting of a toque, collarette and muff, all to match. They are made of rich Lyons velvet in an exquisite shade of emerald green, trimmed with mink

A MATCHED SET.

tail of the finest quality, and satin ribbons of a paler shade of green. The toque and muff have also clusters of Russian violets. The collarette crosses over in a graceful way in the front and has a steel buckle, holding a bow and ends of green satin ribbon.

Silver Girdles.

Silver girdles are always in favor. This is owing doubtless to the fact that they are scarce. The handsomest ones are of antique Scandinavian workmanship and their happy owners allow them very little polishing, their dull gray tint being preferred.—The Delineator.

HAVE YOU BACKACHE?

If you have, you don't need to suffer with it another day. Get Dr. Chase's Kidney Pills and they will give you relief as promptly and effectually as they did MR. D. C. SIMMONS, of Maybee, Ont. He says his kidneys and back were so bad he was unable to work or sleep. His urine had a brick-dust deposit, and he had to get up 3 or 4 times in the night to pass water. He has only taken half a box of Dr. Chase's Kidney-Liver Pills, the back pain has gone, he sleeps well, and feels well enough to do any kind of work.

One Pill a Dose.

Price, 25 Cents a Box.

Glass Hats and Bonnets.

In contrast to the effects secured by the use of furs, and as more in keeping with freaks of the mercury at their advent, were the glass hats and bonnets which were brought out last month. These absolutely transparent headdresses are among the most decided novelties which have ever appeared in our millinery market, and while glass as the substantial material, as in the case of the cloth woven in Venice of spun glass, may seem doubtful, the effect is as of the thinnest sheet of finest plate-glass, and there is therefore no need to cavil at the terms applied or to question the fabric. A large hat of the new shape, with the brim wide, unspringing and rounding at the front, and the crown medium tall and slightly tapering, has the brim formed of leaf-like pieces of glass, terminating in a triple scallop, the pieces joined with a close tucked ruching of chiffon in delicate rose pink, the ruching edging the brim and the crown, galloon of paillettes in tones of rose color encircling the crown and a double Amazon ostrich plume in pink sweeping from each side around the back. A glass bonnet is made of three pieces, which joined form a diamond, the greater width passing across the head from side to side, and each point curled back, the effect of the shape being after that of the Dutch bonnets. The pieces are joined under narrow passementerie of gold bullion studded with pearls and wide passementerie binds the brim; a rosette of satin ribbon in fresh rose color posed at the left of the front, holds an upright aigrette bunch of curled ends of the glass, a twist from this rosette running to a rosette at the side of the back and a rosette posed at the right side.—Millinery Trade Review.

A SARNIA WONDER.

W. Barton Got Health and Strength From Dodd's Kidney Pills.

Sarnia, Feb. 21.—The case of Mr. T Johnston, of Osborne, excites wide-spread interest here, as Mr. Johnston is well-known here and the published report of his case is known to be true.

But William Barton, of Sarnia, claims to have been a still worse case than Mr. Johnston. Mr. Barton was afflicted with Bladder trouble for many years.

Doctors and medicines utterly failed to relieve him. His sufferings were almost beyond human endurance.

At length he tried Dodd's Kidney Pills. As in scores of other cases in Sarnia, a cure followed in astonishingly short time. Six boxes were all he used. But they gave him perfect health and manly strength.

An Ex-Alderman Speaks.

Mr. Jas. Hagan, the well-known ex-alderman of Kemptville, Ont., says: "For some years I have been greatly troubled with pain across my back. Urinary trouble caused me much loss of sleep, and I suffered from a tired, worn out feeling. Doan's Kidney Pills gave me relief in a short time. The pain in my back has disappeared, and I feel that I would be doing wrong not to recommend them to others suffering as I did. They are the best medicine I ever used."

Piles! Piles! Itching Piles.

Symptoms—Moisture intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate coming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumour. All druggists or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia. Lyman Sons & Co Montreal wholesale agents.

Mrs. T. S. Hawkins, Chattanooga, Tenn. says: "Shiloh's Vitalizer saved my life. I consider it the best remedy for a debilitated system I ever used." For Dyspepsia, Liver and Kidney trouble it excels. Price 75 cts.

Milburn's Sterling Headache Powders cure the worst headache in from five to twenty minutes, and leave no bad after-effects. One powder 5c., 3 powders 10c, 10 powders 25c

THE ACHING BACK.

MANY women have to do their own housework. The constant bending over—making beds, sweeping, ironing, sewing—comes hard on the kidneys; cramps and strains them. Backaches, sideaches, headaches follow.

DOAN'S KIDNEY PILLS

remedy all these things simply by making the kidneys resume healthy action.

Mrs. T. Langdon, 302 Queen Street, Ottawa, Ont., says: "For two years I suffered greatly with pains in my back across the kidneys. They were very severe, and caused me great weakness so that at times I could not attend to my household duties. The medicines I took did me no good. From when I started taking Doan's Kidney Pills I experienced relief, and it took only one box to make the pains and aches all vanish."

50c. a box, or 3 boxes for $1.25. Sold by all druggists.

BE SURE YOU GET DOAN'S. THE ORIGINAL KIDNEY PILL.

3 SUBSTANTIAL REASONS 3

WHY YOU SHOULD INSURE IN

The Imperial Life Assurance Co. OF CANADA

1. The Security to Policy Holders is unsurpassed by that of any other Life Insurance Company of Canada.
2. The premium rates are more favourable to the insured than those of most of the other Companies.
3. The Policy is a simple contract, easily read and understood, and free from onerous restrictions.

PRESIDENT—The Hon. Sir Oliver Mowat, P.C., G.C.M.G., Ex-Minister of Justice, Lieutenant-Governor of Ontario.

VICE-PRESIDENT—Joseph W. Flavelle, Esq., Managing Director of The Wm. Davies Company, Limited, and Director Canadian Bank of Commerce

W. G. MORROW, Agent, PETERBOROUGH.

—THE— LONDON MUTUAL —IS— Canada's Popular Company.

The amount of insurance in force with the three big Mutual Companies, at end of 1896, was as follows:

LONDON MUTUAL	$50,787,036
Waterloo Mutual	25,920,721
Gore Mutual	13,255,821

YOU MIGHT AS WELL BE IN THE BEST.

Peterborough, 10th March, 1896.

Messrs. Cox & Davis, Peterborough:

Gentlemen,—I thought I would drop you a note and let you know that the way Mr. McInnes, Inspector of the London Mutual, settled my loss was very satisfactory, and if I can send you any one to insure I will do so.

Yours truly, (Signed) PATRICK MURPHY.

Peterborough, 22nd Oct., 1896.

Messrs. Cox & Davis, Peterborough:

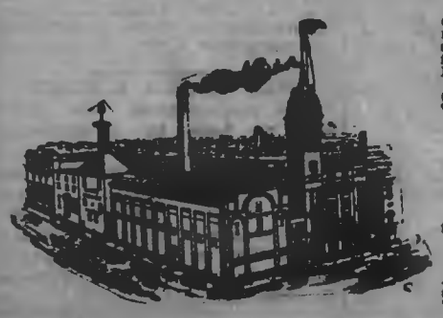
Dear Sirs,—I am deeply indebted to you and your Company for the quick and good settlement of my loss on household furniture, etc., which happened night before last, and for the payment of same by cheque this day.

Yours truly, (Signed) MRS. ANNIE MARSHALL.

Mr. Richard Anglesy, of Smith, who had his barn and contents burned, says that Mr. McInnes, Inspector London Mutual, acted like a man that wanted to do the square thing between man and man, and settled his loss right.

COX & DAVIS, Agents.

O'KEEFE BREWERY COMPANY OF TORONTO, Limited.



This cut is an exact representation of our Brewery with an entire set of new Duplicate Plant, and having an annual capacity of one hundred and fifty thousand barrels of Ale and Lager.

SPECIALTIES:

Finest English and Bavarian Hopped Ales.
XXX Porter,
Pilsener Lager.

All the above warranted equal to the finest imported.

NOTICE.

MR. ALEX. ELLIOTT is Sole Agent for the town of Peterborough and can be purchased from him at Toronto prices.

HUMAN SACRIFICES

On the Altar of Diabetes, Saved by Dodd's Kidney Pills, Only.

Hardly a family in the country is free from Diabetes. Great thirst, failing sight, numbness in the thighs, bleeding gums, swollen ankles, emaciation, nervousness, pale or turbid urine, loss of sexual power, decaying teeth, pains in the loins or small of the back, are all positive signs that Diabetes is in the system.

Do you know how it ends? In Death. A premature, horrible, agonised, pitiful death. The victim has no peace, no ease in life. His days are filled with tortures. His nights are waking dreams of agony. He longs to die, yet fears the terrors of his end. He dies, a bloated, fetid, repulsive mass of corruption. That is the only end of unchecked Diabetes. Dodd's Kidney Pills will cure it. They drive it out of the system thoroughly, create new, clean blood, rebuild the diseased kidneys, and restore robust health.

OLDEST OF INSECTS.

THE HUMBLE COCKROACH KING OF ALL HIS KIND.

His Noble Line Traced Back Through Millions of Years by the Fossils In Rocks of the Silurian Period — He Was Always a Rover and a Scavenger.

There is doubtless many a good housewife in this world who wonders as she chases about the kitchen and the pantry, poking into dark nooks and crannies with her pail of hot water or box of poison, whatever the little pests called cockroaches are here for anyway and what good they do. These questions would be rather difficult to answer, for, like most of nature's scavengers—and they or most of their varieties at least have certainly been such in the past—they have obtruded in these times of advanced sanitary arrangements and "modern improvements," where their services might well be dispensed with. But there is no doubt, however much we may begrudge the little insects a few tiny, warm crevices in our homes or an occasional burial place in our puddings and cuisine at the summer hotel, that by all recognised laws of priority they have at least as much right here as we have, for their very, very great-grandsires were settlers upon this earth many ages before our progenitors were even thought of.

In Bible times their presence was far more disagreeably felt than in our own, both on account of the different and more slovenly mode of living that prevailed among those peoples and of the warm climate of the countries of which the Bible tells. And it is probable, although no distinct mention is made of the cockroach in the Scriptures as among the animals of Noah, that it was nevertheless in the very vanguard of the procession that so placidly wended its way into the ark. Even the first of her kind, the wife of Adam, was unquestionably acquainted with the little six footed creatures. But Eve was a very happy go lucky sort of dame and was as little troubled with *household* cares and victuals as she was with fashion, and it is likely that the fact of their existence did not weigh heavily upon her mind.

The antiquity of the cockroach, however, is not reckoned by the thousands of years with which we commonly compute our vast stretches of historic time, but by the millions and millions upon millions. Its beginning takes us back through misty and unfabled ages, past the epochs of the gigantic mastodon and the tremendous glaciers that swept over the northern part of this land, to disappear beneath a warmer southern sun; past the epoch of the huge and horrible reptiles that wandered over the universal marshlands and bogs and flitted through the air with their strange, flapping wings, like the fiends in Dante's "Inferno;" past the long period of the luxuriant solitudes of the carboniferous forests, when the great forces of nature were at work storing away the rich beds of coal into which we delve today; past the time when whales and giant sharks and sea monsters lashed the waters into foam, the monarchs of the oceans. Their origin carries us back to the very commencement of things. They were one of the earliest of the forms of life and the pioneers of insect life. As some one has said, "They are the true aristocrats of insects," the kings of their kind.

Learned savants and researchers tell us that the most primitive of cockroaches are found deep down in what are known as the silurian rocks, which were formed such countless ages ago that they don't attempt to count them at all. They were not very unlike their lineal descendants of today, the principal difference being as to their wings, and it is probable that should one of these ancient creatures be in some way resurrected and go scurrying across the kitchen floor it would be stepped on with as little thought and compunction as are its modern kindred. As these wings constitute the chief and often the only means of studying their species, the bodies having in most cases been wholly dissolved by putrefaction, it is perhaps worthy of note that their development was more perfect than in the present varieties—excepting the hind or under wings, which are almost identical—and that they are preserved in the fossils to the minutest reticulation of the membrane.

With the lapse of ages the forms and shape of the wings gradually underwent a change, or rather a series of changes, as well as the size of the body, and the original family spread out into a multitude of species. It has always been a law of nature that all forms of life shall advance from a simple uniformity to a complex diversity or from homogeneity to heterogeneity, and it is curious to observe that no less than 1,000 species existing prior to the tertiary epoch, when the first mammal life was introduced into the world, have been thus far discovered and described, many of them being found in the coal measures of Pennsylvania and West Virginia. The investigations of late years have demonstrated, in fact, that America, as is South America today, was the most fruitful of any part of the globe, both in its varieties and its numbers. When we remember that there are at present from 700 to 800 species, that their numbers have been steadily decreasing for some millions of years and that their kind once comprised one-half of the ancient or paleozoic insects, we can form some vague conception of the proportions of our cockroach population of the past.

The cockroach of modern times is commonly smaller than its progenitor; but, being of the same roving habits and inquisitive nature, has become a famous traveler in these days of worldwide commerce and communications. In the old days—not to speak of the present days—the ships were overrun with them, as well as with great hordes of rats, and as they touched at this port and that on their trading voyages there occurred a widespread scattering of species that has been a source of never ending regret and tribulation to their involuntary hosts. It was in this manner that the "black beetle," or cockroach, is supposed to have been brought to this country and to Europe from the East Indies.—New York Sun.

Health is Better.

"I had no appetite and could not sleep at night, and I was so tired that I could hardly walk. I saw Hood's Sarsaparilla advertised and procured four bottles. My health is now better than it has ever been since I was a child, and I have not been sick for a long time." Miss Jessie Tarabull, Cranbrook, Ont.

Hood's Pills are the only pills to take with Hood's Sarsaparilla. Easy and yet efficient.

Daudet and Animals.

Daudet had a lurking kindness for sinners. He pitied them, for he could not see how in the long run they could succeed in anything. But the self righteous were more offensive to him. I think he was right in saying that men and women who pass for having never sinned are unpleasant companions, and, from the day of judgment standard, perhaps the worst sinners of all. The sensibility shown in "Jack" and other works did not extend to animals. Daudet, though a cigalier, was deaf to the chirp of grasshopper and cricket. Birds have no place in his rural sketches. It quiets and tones up the nerves, restores the vigor of youth, rounds out the emaciated form, imparts the glow of health to the complexion and transforms weak, sickly, nervous invalids into new, healthy, happy women. It fits for wifehood and motherhood.

"Words fail to describe my suffering before using Dr. Pierce's Favorite Prescription," writes Mrs. Sallie Key, of Tampico, Granger Co., Tenn. "I had inflammation, irritation and profuse flowing and was very nervous and suffered terribly at all times. My feet and limbs were cold. I had palpitation of the heart, and my back was so weak that I could not turn myself in bed. The thought of food sickened me. My kidneys were very badly affected. I had been down six months. I could not sleep night or day and had given up all hope. My husband got me some of Dr. Pierce's Favorite Prescription. I took it for five months and at the end of that time could walk a mile and do all my own housework. I am sure I would be in my grave if it had not been for the 'Favorite Prescription.'"

Send to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of the "People's Medical Adviser." For paper-covered copy enclose 21 one-cent stamps to cover customs and mailing only. Cloth-bound, 50 stamps.

Novel and Pretty Set.

Here we have a novel and becoming set, consisting of a toque, collarette and muff, all to match. They are made of rich Lyons velvet in an exquisite shade of emerald green, trimmed with mink

A MATCHED SET.

tail of the finest quality, and satin ribbons of a paler shade of green. The toque and muff have also clusters of Russian violets. The collarette crosses over in a graceful way in the front and has a steel buckle, holding a bow and ends of green satin ribbon.

Silver Girdles.

Silver girdles are always in favor. This is owing doubtless to the fact that they are scarce. The handsomest ones are of antique Scandinavian workmanship and their happy owners allow them very little polishing, their dull gray tint being preferred.—The Delineator.

HAVE YOU BACKACHE?

If you have, you don't need to suffer with it another day. Get Dr. Chase's Kidney Pills and they will give you relief as promptly and effectually as they did MR. D. C. SIMMONS, of Maybee, Ont. He says his kidneys and back were so bad he was unable to work or sleep. His urine had a brick-dust deposit, and he had to get up 3 or 4 times in the night to pass water. He has only taken half a box of Dr. Chase's Kidney-Liver Pills, the back pain has gone, he sleeps well, and feels well enough to do any kind of work.

Glass Hats and Bonnets.

In contrast to the effects secured by the use of furs, and as more in keeping with freaks of the mercury at their advent, were the glass hats and bonnets which were brought out last month. These absolutely transparent headdresses are among the most decided novelties which have ever appeared in our millinery market, and while glass as the substantial material, as in the case of the cloth woven in Venice of spun glass, may seem doubtful, the effect is as of the thinnest sheet of finest plate-glass, and there is therefore no need to cavil at the terms applied or to question the fabric. A large hat of the new shape, with the brim wide, unspringing and rounding at the front, and the crown medium tall and slightly tapering, has the brim formed of leaf-like pieces of glass, terminating in a triple scallop, the pieces joined with a close tucked ruching of chiffon in delicate rose pink, the ruching edging the brim and the crown, galloon of paillettes in tones of rose color encircling the crown and a double Amazon ostrich plume in pink sweeping from each side around the back. A glass bonnet is made of three pieces, which joined form a diamond, the greater width passing across the head from side to side, and each point curled back, the effect of the shape being after that of the Dutch bonnets. The pieces are joined under narrow passementerie of gold bullion studded with pearls and wide passementerie binds the brim; a rosette of satin ribbon in fresh rose color posed at the left of the front, holds an upright aigrette bunch of curled ends of the glass, a twist from this rosette running to a rosette at the side of the back and a rosette posed at the right side.—Millinery Trade Review.

A SARNIA WONDER.

W. Barton Got Health and Strength From Dodd's Kidney Pills.

Sarnia, Feb. 21.—The case of Mr. T Johnston, of Osborne, excites wide-spread interest here, as Mr. Johnston is well-known here and the published report of his case is known to be true.

But William Barton, of Sarnia, claims to have been a still worse case than Mr. Johnston. Mr. Barton was afflicted with Bladder trouble for many years.

Doctors and medicines utterly failed to relieve him. His sufferings were almost beyond human endurance.

At length he tried Dodd's Kidney Pills. As in scores of other cases in Sarnia, a cure followed in astonishingly short time. Six boxes were all he used. But they gave him perfect health and manly strength.

An Ex-Alderman Speaks.

Mr. Jas. Hagan, the well-known ex-alderman of Kemptville, Ont., says: "For some years I have been greatly troubled with pain across my back. Urinary trouble caused me much loss of sleep, and I suffered from a tired, worn out feeling. Doan's Kidney Pills gave me relief in a short time. The pain in my back has disappeared, and I feel that I would be doing wrong not to recommend them to others suffering as I did. They are the best medicine I ever used."

Piles! Piles! Itching Piles.

Symptoms—Moisture intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumour. All druggists or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia. Lyman Sons & Co Montreal wholesale agents.

Mrs. T. S. Hawkins, Chattanooga, Tenn. says: "Shiloh's Vitalizer saved my life. I consider it the best remedy for a debilitated system I ever used." For Dyspepsia, Liver and Kidney trouble it excels. Price 75 cts.

Milburn's Sterling Headache Powders cure the worst headache in from five to twenty minutes, and leave no bad after-effects. One powder 5c., 3 powders 10c, 10 powders 25c

THE ACHING BACK.

MANY women have to do their own housework. The constant bending over—making beds, sweeping, froning, sewing—comes hard on the kidneys; cramps and strains them. Backaches, sideaches, headaches follow.

DOAN'S KIDNEY PILLS

remedy all these things simply by making the kidneys resume healthy action.

Mrs. T. Lawson, 202 Queen Street, Ottawa, Ont., says: "For two years I suffered greatly with pains in my back across the kidneys. They were very severe, and caused me great weakness so that at times I could not attend to my household duties. The medicines I took did me no good. From when I started taking Doan's Kidney Pills I experienced relief, and it took only one box to make the pains and aches all vanish."

50c. a box, or 3 boxes for $1.25. Sold by all druggists.

BE SURE YOU GET DOAN'S. THE ORIGINAL KIDNEY PILL.

3 SUBSTANTIAL REASONS 3

WHY YOU SHOULD INSURE IN

The Imperial Life Assurance Co. OF CANADA

1. The Security to Policy Holders is unsurpassed by that of any other Life Insurance Company of Canada.
2. The premium rates are more favourable to the insured than those of most of the other Companies.
3. The Policy is a simple contract, easily read and understood, and free from onerous restrictions.

PRESIDENT—The Hon. Sir Oliver Mowat, P.C., G.C.M.G., Ex-Minister of Justice, Lieutenant-Governor of Ontario.

VICE-PRESIDENT—Joseph W. Flavelle, Esq., Managing Director of The Wm. Davies Company, Limited, and Director Canadian Bank of Commerce

W. G. MORROW, Agent,

PETERBOROUGH.

—THE—

LONDON MUTUAL

—IS—

Canada's Popular Company.

The amount of insurance in force with the three big Mutual Companies, at end of 1896, was as follows:

LONDON MUTUAL	$50,787,086
Waterloo Mutual	25,920,721
Gore Mutual	13,255,821

YOU MIGHT AS WELL BE IN THE BEST.

PETERBOROUGH, 10th March, 1896.

Messrs. Cox & Davis, Peterborough:

GENTLEMEN,—I thought I would drop you a note and let you know that the way Mr. McInnes, Inspector of the London Mutual, settled my loss was very satisfactory, and if I can send you any one to insure I will do so.

Yours truly, (Signed) PATRICK MURPHY.

PETERBOROUGH, 22nd Oct., 1896.

Messrs. Cox & Davis, Peterborough:

DEAR SIRS,—I am deeply indebted to you and your Company for the quick and good settlement of my loss on household furniture, etc., which happened night before last, and for the payment of same by cheque this day.

Yours truly, (Signed) MRS. ANNIE MARSHALL.

Mr. Richard Anglesy, of Smith, who had his barn and contents burned, says that Mr. McInnes, Inspector London Mutual, acted like a man that wanted to do the square thing between man and man, and settled his loss right.

MR. ALEX. ELLIOTT is Sole Agent for the town of Peterborough and can be purchased from him at Toronto prices.

"Beware the Ides' of March."

We are reminded by this imperative warning to make a **CLEAN SWEEP** of our large stock of **WINTER FURS** as this brings a **SPECIAL**

Thaw in FURS.

Our stock of Fine Furs is melting under the warming influence of **About 50 Per Cent. Reduction**—not a whole price left. This is a fight for Cash—not immediate profits—the immediate profit is yours—if you want it. **We Manufacture Money for You While You Wait.** It's this way, we give you a dollar's worth of value for 50c, in this March Fur Sale.

Any quantity of Beautiful Furs with us yet; the kind that looks different from the ordinary run; the kind that has style and art and quality in them; the kind every lady should wear and some that gentlemen should wear. We make them ourselves—buy the skins from trappers and collectors—have our skilled designers and workmen—are specialists in Fine Fur manufacture. Make to measure or sell made up—and all being offered before packing away at about **50%** Reduction.

NOW IS THE TIME TO BUY.

J. W. T. FAIRWEATHER & CO.

SAD DROWNING ACCIDENT.

Father and Daughter Drowned in the Icy Water of McNamee's Cut, Toronto, on Saturday Night.

Toronto, March 7.—A double drowning fatality occurred on Saturday evening at the ill-fated McNamee's cut, foot of Cherry street, by which Thomas McDonald and his 13-year-old daughter Mamie, who both lived on the Island side of the cut, lost their lives. They were coming to the city in company with Mr. Frank McDonald of 54 Stephanie place, a brother, and Mrs. McDonald, wife of the drowned man, when the punt in which they were crossing filled with water and sank.

Early in the evening Mr. McDonald paid his brother a visit, and at 9.30 decided to go home. At this time the family had not got their provisions for Sunday's use, so the deceased head of the family, his wife and daughter arranged to come to the city with the visitor.

When the party reached the edge of the cut they stepped into an old punt that was lying on the shore. Mr. Frank McDonald and deceased's wife taking seats at the rear end; the daughter Mamie sat at the bow.

Thomas McDonald worked the paddle, and all went well till the party were in the middle of the stream, when the boat began to fill with water and soon after sank, throwing all the occupants into the ice-cold stream.

Mr. Frank McDonald, who was nearest to his brother's wife, seized her, and together they made for the Island shore, while Mr. Thomas McDonald, in his brave yet futile endeavor to save his daughter, was drowned.

The screams of the drowning party attracted the attention of Mrs. Smith, who lives next door to the McDonald family, and she in all haste sent her boy up the shore to the home of Messrs. Ramsay Brothers for assistance. They came on an iceboat, but too late to save life. Arrangements were at once made to drag for the bodies, which were recovered soon after.

Meanwhile the rescued couple had walked back to the home, and on reaching the house were in a very exhausted condition. The bodies of the victims were also brought to the home, where they remained over night until yesterday afternoon, when they were removed by Undertaker Millard to his Yonge street establishment and prepared for burial. Later the remains were taken to the home of Mr. John Finch, 65 University street, a brother-in-law.

Mrs. McDonald is at present at the home of her brother-in-law, 469 King street east, and is in a precarious condition, caused by the nervous shock.

Coroner Greig was notified, but he deemed an inquest unnecessary, attributing the deaths solely to an accident.

It will be remembered that the raft fatality on Sunday, Aug. 21 last, by which four children lost their lives, occurred at the same place.

THE CANADIAN HOME JOURNAL.

The Canadian Home Journal for March is the best number of that periodical that ever came off the press, and has never been excelled by any Canadian publication. It contains a short contribution from Hon. F. R. A. Evanturel, Speaker of the Ontario Legislature, with his biography, photograph and autograph. Dr. P. H. Bryce, Secretary of the Ontario Board of Health, one of the best known physicians in Canada, contributes the first of a series of twelve articles on health. The Women's Historical Association is explained by Mary Agnes Fitzgibbon as she alone can do it. Kate Westlake Yeigh describes the Lake of the Woods, and four handsome pictures illustrate her article. Julia Arthur, the famous Canadian actress, who has won world-wide laurels, is one of a talented Hamilton family, and five illustrations, made especially for The Journal, accompany Miss Minnie J. Nisbet's article about her sisters. Girls who work should read what Miss G. C. M. White says about them. The children will enjoy "Molly," and "The Elfin's Cave" will fascinate them. The story of a Canadian song, the new woman, and the usual departments and music complete an exceptionally interesting number. The Canadian Home Journal, McKinnon Building, Toronto.

Parents and guardians are urged to see that pupils in their charge attend as regularly as possible, as those who do not attend regularly need not expect promotion at the June examinations, when the pupils in all the classes will be examined.

It is earnestly hoped that all new pupils for the First Book classes, who are coming to school for the first time, will be present when school re-opens after Easter vacation, so as not to interfere with the organization of classes. Keep the date in mind—Monday, April 18.

Pupils who are absent without good cause may expect a visit from the truant officer, who has been supplied with a list of absentees.

OVERWHELMING PROOF.

Another Witness for Dodd's Kidney Pills—The Record Grows.

London, March 7—A commission appointed to examine into the vast amount of evidence given in favour of Dodd's Kidney Pills, as the only sure cure for Bright's Disease, Diabetes and all other kidney diseases, would find the people a unit in favour of this God-sent remedy.

London has had hundreds of cures through Dodd's Kidney Pills. And the record is growing longer and stronger daily.

Fred J. Palmer, Nelson street, reports that after suffering the agonies of an advanced stage of Diabetes and Kidney disease for five years a treatment of Dodd's Kidney Pills cured him.

Dodd's Kidney Pills have not failed once in London.

Don't Let it Ache.

If your stomach, liver and bowels are working properly you will have no headache. Burdock Blood Bitters will keep you right, so there's no need to let your head ache. Hundreds [illegible] of proof that this is so. "I had severe headache for over three years and was not free from it for a single day. Finally I used Burdock Blood Bitters, with the result that it [illegible] cured me." Mrs. [illegible]

NORWOOD.

From Our Own Correspondent.

Miss Maggie Pratt, of Peterborough, is visiting at Mr. John Candler's this week.

Mr. Strong from Manitoba has been visiting friends in this vicinity.

Mrs. Wm. Eaton, who has been visiting friends in Paisley for the past month, is home again.

Mrs. Christopher Brown of Toronto, formerly of Norwood, is the guest of Mrs. Thos. Hendron.

Mr. H. Stephenson was home on Monday and Tuesday, his school being used for election purposes.

Miss Mabel Foster and Miss Flo Patterson spent Thursday last in Campbellford.

Mr. and Mrs. Williams of Stirling, spent Sunday in town, the guests of Miss M. P. Williams.

Miss Clara Dunk and Mr. Harris of Campbellford, spent Saturday and Sunday in town visiting at Mr. James McLachlan's.

Miss Aggie Fraser of Peterborough, was home on Sunday.

Mr. Louis Kirkpatrick is in Toronto this week on business.

Mr. W. A. Richardson has accepted a position with a Toronto wholesale boot and shoe firm to represent them in Manitoba, the Northwest Territories and British Columbia.

On Sunday Rev. E. J. Moore, of Mark street church, Ashburnham, occupied the pulpit of the Methodist church here. In the morning he took as his text Romans viii, 1st v:—"There is therefore now no condemnation to them which are in Christ Jesus," and delivered a splendid address. In the evening his remarks were addressed more specially to the older people and were very interesting.

Rev. Mr. Potter, of St. Andrew's church, Peterborough, occupied the pulpit of the Presbyterian church on Sunday and conducted anniversary services.

Police Magistrate Edmison was in town on Monday in reference to the Robson and Cummings case. Much interest was manifest in the affair, but it ended in Mr. Cummings being $15 and Mr. Robson $9 50 out of pocket. They should have taken the Register's advice and ended it with a "shake."

On Thursday last Harriet, wife of Mr. Paul Jenkins, sr., passed away at the family residence in Asphodel. The funeral took place on Saturday and the remains were interred in the Norwood cemetery.

The hand of death has again visited our village and taken from our midst Mary Ann Phillips, daughter of Richard Phillips, in her 25th year. The funeral took place from the family residence, Queen street, on Wednesday at 2.30 p.m., and the remains will be interred in the Norwood cemetery.

"A Man's a Man for a' That."

Even if he has corns on both feet. But he is a stronger, and happier and wiser man if he uses Putnam's Painless Corn Extractor and get rid of the unsightly corns, painlessly and at once.

Doan's Kidney Pills.

Doan's Kidney Pills act on the kidney, bladder and urinary organs only. They cure backache, weak back, rheumatism, diabetes, congestion, inflammation, gravel, Bright's disease and all other disease arising from wrong action of the kidneys and bladder.

WHO WANTS A HOME

Red-Hot Winter Wind-Up!

Prices of all Winter Clothing to be

CREMATED!

GOUGH'S MARCH SACRIFICE SALE

WILL PROVE A BLESSING TO PEOPLE WHO HAVE NO MONEY TO FOOL AWAY. We are on the eve of spring. The month of March will bring an entirely new condition of things along with stirring preparations for a new season. For the past two months we have been crowding prices down and crowding goods out—making a Midwinter Record, the like of which this store has never paralleled.

The business situation of to-day calls for the prompt disposal of all Winter Goods. They must go now AT ANY PRICE. Immense quantities of New Spring Importations are crowding us for space. To meet this emergency, a Radical, All-Round Red-Hot Reduction Sale was ushered in at our stores on the 1st of March.

There must be no half measures. We want a clean sweep and a clear field, and our sacrificing prices must do it. Sell we must—Unload we must. To-day—To-morrow—every single day until the Ides of March are past, we hold a carnival of

Rich Clothing Values.

FOR MEN, YOUTHS AND BOYS.

Recent fortunate purchases of several High grade Stocks of Modern Ready-to wear Clothing at a Fraction on the Dollar, comprising "THE ARMY AND NAVY" Stock of Queen Street West Toronto; "THE OAK HALL" Stock of Peterborough, and an hypothecated stock knocked down at our own price by Suckling & Co., Toronto—all bunched in this sale.

These Combined Stocks, coupled with our own Mammoth Stock at Nos. 375 and 377 George street, have crowded us out of house and home—overstocking us with winter goods that we cannot afford to carry over.

4-GIGANTIC STOCKS-4

$90,000 WORTH OF CLOTHING EXCELLENCE, bundled together for a March Clearance at Prices a QUARTER and a THIRD below original values. A Master-stroke of Daring, Fearless Selling.

We are in dead earnest. Sunbeams or blizzards, the havoc in prices must sweep along—with a reckless desire to unload stocks.

Quick Losses to make Quick Sales to buyers, who will not waste a moment when prices are so eloquent.

THE GREATEST SHOE SALE

The Greatest Shoe Sale the Town has ever witnessed will also be held during this March Clearance. Thousands of pairs of Fine Sample Boots and Shoes, bought from hard-up manufacturers will be sold at a fraction of their cost.

The Wonderful Cheap Men **Gough Bros.** Peterborough and Toronto

The Daily Examiner.

VOL. XXV, NO. 56 PETERBOROUGH, TUESDAY, MARCH 8, 1898. PRICE TWO CENTS.

10 a.m. Probabilities.
Fine and decidedly mild.

FIRMLY ON OUR TREATY RIGHTS.

Thus Will the Government Stand for Yukon Trade.

SIR WILFRID AND SIR CHARLES.

The Latter Tempts the Former With a Bait of Honest Opposition Support to Abandon the McKenzie-Mann Deal for an Alternative Route—Sir Wilfrid's Effective Answer.

Ottawa, March 8.—The Yukon Railway debate, which had almost died of old age, renewed its youth in a startling fashion yesterday, when for two hours the leaders of the House thundered across the floor at each other in a discussion of the action of the Senate at Washington. Mr. Foster has been tempting Sir Charles Tupper ever since the session opened, and yesterday Sir Charles yielded to the tempter and advised the Government to abandon the Yukon bill, in view of the action taken at Washington, and to arrange a new bargain that would give a railway to an ocean port in British Columbia. The Prime Minister pointed out that this was precisely what had been arranged for in the contract with McKenzie and Mann, under certain contingencies, and added that it was the intent of the Government to ask for an appropriation at the earliest possible moment to enable a survey of the route to be made. Having thus shown that the Opposition leader had no alternative route to that of the Government, Sir Wilfrid proceeded to point out that the people of Canada have a treaty right in the navigation of the Stikine, a right guaranteed by the seal of Great Britain, that the Americans will think twice before they violate.

Sir Charles Tupper then arose and asked if, now that Sir Wilfrid was aware of the attitude of the United States Senate in regard to customs restrictions at Fort Wrangel, he proposed to proceed with the bill before the House. Continuing, Sir Charles observed that when he brought this matter up before the Premier assured the House it was impossible to consider that the Legislature of a civilized country would pass laws in violation of treaties. But now he was brought face to face with the fact that, by a vote of 34 to 14, the Senate of the United States proposed to render the Stikine route impassable to Canadian commerce, and the hopes Sir Wilfrid entertained that no such extravagant proposal as that of Senator Hansbrough could be entertained, had been shattered by the action of the Senate. That action required that the bill now before the Canadian House should be amended in important particulars; that free miners' licenses should issue, not only on equal terms to citizens of the United States, but when and where the United States might dictate, as well as other stipulations. Sir Charles would yield to no one in a desire to promote friendly and harmonious relations between the Governments of the two countries, but he regarded it as most important that Americans should be made to understand there is a limit to our endurance, beyond which no Government would be sustained in proceeding. He looked to the Government to maintain the indefeasible rights of Canada, and to make it clear that we will never submit to dictation of terms that strike at the independence of the Parliament of Canada.

In conclusion he said: "The time has arrived when it becomes a most serious question for the right hon. gentleman and his colleagues to consider whether, under these circumstances, he intends to press this bill upon the further consideration of the House, when it is proved beyond the possibility of a doubt that it is to end in an utterly futile arrangement so far as the objects contemplated by the bill are concerned. I am quite certain that my right hon. friend and his colleagues will receive the hearty support of both sides of this House in taking that manly and independent course which is absolutely due to the character and position of this country, and in devising such means as will effectually prevent our being subjected to the base humiliation we shall be subjected to if we were to submit to such terms as the Senate of the United States proposed to dictate to the Government and Parliament of Canada.

Sir Wilfrid's Complete Answer.

Sir Wilfrid Laurier agreed sincerely with all that had been said in regard to the maintenance of the dignity of the nation, holding that nothing should be given away that would trench upon our national dignity, but he could not agree with Sir Charles' conclusions. Indeed, he believed that when Sir Charles looked into the matter he would come back to his original conclusion, that the Stikine route is still the only one available. The Government at the outset, looking for a route which would benefit the trade of Canada, had chosen the Stikine in preference to the Lynn Canal. While doubtless a line from Dyea or Skaguay, on the Lynn Canal, would give a more direct line of communication to the gold fields the terminus of such a railway would be in territory administered by the United States, and we could not send a pound of freight over it without being subject to the United States customs regulations. But by using the Stikine, the railway line to Teslin Lake started in our own territory, and our treaty with the United States gave us the right of navigation of the Stikine up to the terminus of that railway. That power of navigation means something or nothing. Gentlemen opposite interpreted it as meaning nothing at all. (Cries of "No, no.") He himself maintained that the Stikine was a highway which we have a right to use for the transportation of goods to and from our own country, in the interior, without payment of duty to the United States. What was the use of the treaty if we could not send our goods up the Stikine? And if we have that right, it is not, he contended, in the power of the United States' authority to demand the payment of duty when we reach the port of Wrangel, on the Stikine River. They have the right to exact from us obedience to municipal regulations for the prevention of smuggling, for their own protection, but if the establishment of those regulations goes to the length of defeating our treaty rights they would render the treaty null and void, and would be declared by the courts of the United States to be ultra vires of the Legislature.

Therefore, as the Washington treaty was part and parcel of the law of the United States, as well as of Canada, it was not in the power of Congress to controvert its terms. He regretted exceedingly the legislation which proposed to refuse us bonding privileges at Wrangel, although, to judge by Senator Hansbrough's speech, it probably passed under a misapprehension of our position; but if it received the sanction of the President, refusing to us such bonding privileges at Wrangel as would prevent our enjoyment of the treaty privileges, we would have to appeal to the United States courts and they would decide the bill could not be enforced. But, while insisting upon our rights in this regard, he was aware that we might be harrassed in the exercise of them, and the Government, bearing that in mind, had taken the precaution to provide for an extension of the railway line from Telegraph Creek down to waters that are undoubtedly in Canadian territory. And the Government would ask an appropriation from Parliament at once to carry out that plan.

"I would ask the question of my hon. friend," he continued, "if we do not proceed with this bill what alternative course will he advise? Will the building of a railway starting from Dyea or Skaguay place us in any better position? No; in that case we shall be altogether dependent upon the good-will of the United States, and so there is only one thing to be done, namely, at the earliest possible moment to have the Stikine-Teslin line extended south to where it will reach Canadian waters."

Sir Wilfrid hoped for reconsideration by the U. S. Senate, and rejected the Edmonton route, 1,500 miles in length, as out of the question because of the urgency of the situation.

Sir Charles Tupper asked the Government to take up the whole question of railway communication to the Yukon de novo, on the basis of a line from the head waters of the Yukon to an ocean port in British Columbia. And Sir Charles would undertake that for a far less subsidy than was being given for this 150 miles to McKenzie and Mann the Government would get a line built from Kitman or Alice Arm, on the British Columbia coast, to Teslin Lake.

Sir Wilfrid Laurier answered that that was not a substitute. The Government had stipulated that Messrs. McKenzie and Mann may extend their line in the direction mentioned.

A Voice—In ten years.

"Yes, in ten years, but the Government wanted it done at once, and if Messrs. McKenzie and Mann did not do it others would."

Sir Wilfrid, in conclusion, read the paragraph of the contract referred to, and said that it was proposed to ask Parliament for an appropriation for surveys for a line from the British Columbia coast which would be absolutely free from interruption by a foreign power.

The debate was continued by Mr. Foster, Sir Louis Davies, Mr. Davis, Mr. McInerney, Mr. Rutherford, Dr. Montague, Mr. Fisher, Mr. Pope, Sir Richard Cartwright, Mr. Quinn, and then after question and answer, the regular Yukon bill debate was continued by Mr. Fitzpatrick. Sir Charles Hibbert Tupper moved the adjournment of the debate and the House adjourned at 12.30 a.m.

Yukon Military Expedition.

Ottawa, March 8.—The Government has resolved to send immediately a military expedition to the Yukon to assist the civil power in the preservation of law and order. It will consist of two hundred infantry and artillerymen, chosen from the regular forces of Canada, the permanent corps, under the command of Major Evans of the Winnipeg Dragoons, who is expected to arrive in Ottawa to-day to receive instructions.

WITH INTENT TO KILL.

Alfred Thomas Found Guilty of Shooting His Wife in Toronto.

Toronto, March 8.—Alfred Thomas, the young colored man who shot his wife at her boarding house on Jan. 10 last, was tried at the General Sessions yesterday on the charge of shooting with intent to do serious bodily harm. His wife, who is a white woman, stated in her evidence that she separated from her husband in May last, and since then had supported herself by working in the Yorkville Laundry. On the day of the shooting he came to her boarding house, 203 York street, complained of the company she was keeping, and told her she must leave town and take her little girl with her. Then he wanted to borrow some money. He went away, and later came back, and this time wanted her to give him some of her furniture. She would not do that, and accused Thomas of keeping company with other women.

On that he drew a revolver and shot her twice, both bullets taking effect in the abdomen. A scuffle ensued, and she got the revolver from him, then rushed out of the house and escaped from him.

Mrs. Dabney, the landlady, corroborated this evidence.

It was stated that the prisoner had been drunk for a year and a half prior to the shooting. He was defended by T. C. Robinette. The case against the prisoner was very plain, and he was found guilty.

DEATH OF HON. THEODORE DAVIE.

The Chief Justice of British Columbia Passes Over to the Majority.

Victoria, B.C., March 8.—Hon. Theodore Davie, Chief Justice of British Columbia, died at 11.15 yesterday morning.

Hon. Mr. Davie was appointed Chief Justice in 1895, in succession to Sir Matthew Begbie, who held the office since 1859. Hon. Mr. Davie resigned his place in the Legislature March 4, 1895, to take the Chief Justiceship.

His Hand Sliced Off.

Mount Forest, March 8.—While W. H. Wallace and his brother of Egremont, some five miles from here, were engaged cutting straw with a large cutting box run by windmill power, Mr. Wallace had his hand caught between the rollers and drawn in. He reached for the reverse lever, but from his position was unable to raise it with his one hand. His brother ran and raised it, but not before the knives had cut his hand off in one and one-half inch cuts up as far as the wrist.

Youthful Robbers.

Kingston, March 8. — Youths broke into Miss Jessie Wolfe's house and fought her for $670, received as insurance money on the life of George Buck, who died in her house recently. The police were notified, and the young men fled. Information has been laid against one young man, but he has escaped.

The Pope Received Pilgrims.

Rome, March 8.—The Pope, who was in excellent health, received 400 persons yesterday, including 250 Swiss pilgrims.

NEWS IN A NUTSHELL.

Condensed Summary of News Received by Telegraph—An Interesting Budget From All Over.

August 8th was fixed as the date of Hamilton's Civic holiday.

Hamilton City Council has muffled the Curfew bell by a vote of 18 to 7.

A fresh rebellion has broken out in the Philippines, and 53 Spanish soldiers have been killed.

Hamilton Tar Distillery Company, with a capital of $10,000, will shortly open up in that city.

Mr. Frank Tyrell, a prominent barrister of Morrisburg, died on Monday in Montreal, of pneumonia.

A. G. Gilboe was fined $20 for striking Inland Revenue Officer Floody while the latter was discharging his duties at Windsor.

John Joseph, the 10-year-old son of John Hawley of Hamilton, yesterday fell off a plank across the channel made by ice cutters, and was drowned.

Chancellor Boyd was presented with the customary pair of white kid gloves, as there is no criminal business at all on the docket for the Spring Assizes at St. Catharines.

A farm hand named Loiselle, living with a Mrs. Deslauriers at St. Laurent, Montreal, took paris green, and died soon after. He had proposed to a young lady of the place and was refused.

General John Howard Parnell, brother of the late Charles Stewart Parnell, and Nationalist member of Parliament for South Meath, has been elected City Marshall of Dublin. The post is worth £1,000 a year.

Orders have been issued by the Commissioner of Customs, at Ottawa, that on and after the 15th a duty of ½ cent a pound must be collected (under tariff item 106) on fresh salmon imported into Canada. Since August, 1895, salmon has come in free.

Use the safe, pleasant, and effectual worm killer, Mother Graves' Worm Exterminator nothing equals it. Procure a bottle and tak

Spring

Is the season for new life in nature, new vigor in our physical systems. As the fresh sap carries life into the trees, so our blood should give us renewed strength and vigor. In its impure state it cannot do this, and the aid of Hood's Sarsaparilla is imperatively needed.

It will purify, vitalize and enrich the blood, and with this solid, correct foundation, it will build up good health, create a good appetite, tone your stomach and digestive organs, strengthen your nerves and overcome or prevent that tired feeling.

This has been the experience of thousands. It will be yours if you take

YOUNG'S POINT.

From Our Own Correspondent.

The weather here has been delightful during the past week, but the sleighing has suffered considerably. A few more warm days and the shanties will break up and the wood haulers abandon their job.

Miss Annie Kearney has returned to her home in Ennismore after visiting her cousins here.

Miss E. Costello of Peterborough, is visiting her friends here.

Mrs. D. Costello of Peterborough, returned home last week, after a two weeks' visit with friends here.

The elections created quite an excitement in this vicinity, but since Mr. Stratton has been elected the people are reconciled once more. Mr. Stratton had 38 of a majority at the Point, which shows he has quite a number of friends here.

Mr. P. P. Young, sr., better known as "Uncle Pat," has been ill the past two weeks, but we are pleased to hear he is improving, and hope to see him among us for many a long year.

Mrs. Richard Reid is seriously ill, and has been for the past two weeks.

CHANDOS.

Council Meeting.

From our own Correspondent.

Council met Jan. 14th, Reeve and al members present. The auditor's report was adopted, and the clerk authorized to have the required number of copies printed and distributed through the township.

Moved by Messrs. Campbell and Hales, that Dr. Caldwell be appointed medical health officer of the township at a salary of $40, paid quarterly.—Carried.

Moved by Messrs. Bullied and Rosebush, that the clerk notify County Treasurer respecting the numbers of the Kinnear lots, which should be 13 and 14 on 15th con.—Carried.

Moved by Messrs. Bullied and Rosebush, that road division No. 12 extend as far as line between lots 21 and 22, and that division No. 13 be extended to meet No 12 at the same point.—Carried.

Moved by Messrs. Campbell and Hales, that this council grant to Hospital for Sick Children, Toronto, the sum of $5.—Carried.

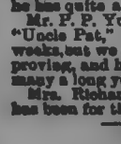
Moved by Messrs. Hales and Rosebrough, that the collector be instructed to receipt the tax bills of Mrs. Thos. Nesbitt, widow, also Mrs. R. Gerrard, widow, and Elijah Hubbel, and charged to charities account.—Carried.

Moved by Messrs Hales and Campbell, that orders be drawn for payment of auditors fees, amounting in all to $12.—Carried.

Upon motion of council, a bylaw for the appointment of pathmasters, haseviewers and poundkeepers, passed its several readings. Also a bylaw extending the collector's time, also empowering the collector to add an additional tax of five per cent. upon all taxes unpaid, upon and after the first day of April next.

Meeting adjourned to meet at Hale's school house, at call of reeve.

Cook's Cotton Root Compound



Is the only safe, reliable monthly medicine on which ladies can depend in the *hour and time of need.*

No. 1, or No. 2, mailed on receipt of price and two 3-cent stamps.

The Cook Company,
Windsor, Ontario.

☞ No. 1 and NO. 2 Sold in Peterborough by John Nugent, Druggist.

THE POLITICAL SITUATION.

The Figures Now Show Liberals 50, Conservatives 42, Patrons 1, Vacant 1—Other Interesting News.

Toronto, March 8.—The figures of the official majorities obtained at the recent provincial election continue to come in, and are now practically all to hand. The only unexpected development is the official declaration of the returning officer for West Huron, giving Mr. Garrow the election by a majority of eight, and temporarily at least sending up to 50 the number of Liberals elected. The deputy returning officers for three sub-divisions in West Huron had not signed their returns, and the absence of these converted a Conservative majority of one or two into a minority of eight, the returning officer, of course, having no option in the matter. Naturally Mr. Beck, the Conservative candidate, has asked for a recount, and it will remain for the County Judge to dispose of the matter. In the absence of a knowledge of the details of the case, it is not unreasonable to suppose that on the recount the seat will be held by the Conservative candidate.

West Elgin Recount.

In the case of West Elgin the advantage of the recount is all on the side of the Conservative candidate. Judge Ermatinger has counted in a number of rejected ballots in which the vote was placed in the margin preceding the name instead of in the blank following the names, and the net result has been to deprive Mr. Macnish of ten of his county majority of eleven. Last night his majority had gone down to one. The recount will be finished this morning, and it is clearly among the possibilities that Mr. Macnish will be counted out and the seat given to the Conservative candidate. In that case a scrutiny will be held to determine the final possession of the seat.

How the Parties Stand.

In the meantime the figures for the parties now stand: Liberals 50, Conservatives 42, Patron 1, vacant 1. The only other development of interest in connection with the official returns was the chipping off of one from Mr. Straton's even thousand of a majority in West Peterboro, bringing it down to 999.

Returning Officers' Declarations.

West Huron—J. T. Garrow declared elected. Majority 8.

Welland—W. M. German declared elected. Majority 681.

Wellington East—Craig, 1,476; Park (Ind.), 1,288; Coughlin (Con.), 1,281. Craig declared elected. Majority 188.

North Waterloo—Lackner (Con.), 2,701; Clemens (Lib.), 2,636. Majority for Lackner, 65.

West Northumberland—Clarke (Lib.), 1,654; Mulholland (Con.), 1,590. Majority for Clarke, 184.

South Lanark—Matheson (Con.), 2,195; Clarke (Lib.), 1,398. Majority for Matheson, 797.

Peterboro West—J. R. Stratton (Lib.), 2,742; J. W. Garvin (Con.), 1,743. Majority for Stratton, 999.

Peterboro East—James Blezard (Lib.), 1,870; Dr. Ford (Con.), 1,604. Majority for Blezard, 266.

North Hastings—Allen's majority is declared to be 252.

When Recounts Occur.

West York — Wednesday, March 9. Thirty-seven tendered and 21 rejected ballots. Before Judge McDougall, Toronto.

North Toronto—Friday, March 11. Before Judge McDougall, Toronto.

West Huron—Official majority, 8. A recounts has been demanded.

Nipissing—Wednesday, March 9.

FARMERS' WIVES KNOW THE VALUE OF DIAMOND DYES.

THEY WILL USE NO OTHER KIND.

No class of women are more deeply interested in successful and economical home dyeing than are the wives of farmers. For long years the Diamond Dyes have been their choice. They know that they can depend upon each and every colour made, and always obtain the most perfect results.

Mrs. Edward Balcom, Bear River, N.S., gives her opinion of the Diamond Dyes as follows:

"I am a farmer's wife and send a word of praise for the Diamond Dyes. They are just what you represent them to be. We never like to be without them in the house, they are so useful and give such rich and lasting colours."

QUEEN OF PICKPOCKETS SHOT.

The Notorious Mabel Keating Fatally Wounded in San Francisco.

San Francisco, March 8.—Mabel Keating, known from New York to San Francisco as the "Queen of Pickpockets," was shot and fatally wounded by Jerry Sullivan, a city hall janitor, in the saloon of her husband, who also received a bullet from the same pistol. Sullivan entered Keating's saloon and called for a drink. Before serving him Keating demanded payment of a bill alleged to be due. Sullivan made an insulting reply, which brought Mrs. Keating to the front. Her remarks enraged Sullivan, who drew a revolver and shot her in the left breast, inflicting a mortal wound. Then Sullivan turned his revolver on Keating and sent a bullet through the back of his neck. Sullivan was immediately arrested.

Mabel Keating is stated by the police to be a notorious confidence operator and is reported to have cleared over $80,000 by disreputable practice during the World's Fair in Chicago.

Impure Blood in Spring.

This is the almost universal experience. Diminished perspiration during winter, rich foods and close confinement indoors are some of the causes. A good Spring Medicine, like Hood's Sarsaparilla, is absolutely necessary to purify the blood and put the system in a healthy condition at this season.

Hood's Pills are the best family cathartic and liver tonic. Gentle, reliable, sure.

No Matter

No matter how obstinate the cough, how severe the cold, Norway Pine Syrup will cure and cure quickly. No other remedy equals it in curative power over throat and lung troubles.

Spring on its Way.

PAINE'S CELERY COMPOUND a Life Giver to Sick, Weak and Broken Down Men and Women.

The Only Agency That Can Rescue and Save if Your Case is Desperate.

The Use of Paine's Celery Compound Means Vigourous Health for the Coming Spring and Summer.

A Medicine Strongly Indorsed by the Best Physicians.

The coming of spring, while it brings joy and gladness to thousands, carries to the grave a multitude of men and women physically broken down.

A vast number of people—young and old—during the winter months have suffered terrible agonies from rheumatism, neuralgia, liver and kidney troubles, dyspepsia and blood diseases, and are now as helpless as babes. Medical treatment and the ordinary medicines of the day have failed to trim anew their flickering lamp of life; they are now in an agony of mind and body, and hope has almost been extinguished.

Take courage, sufferers! There is a deliverer able to save you; there is a rescurer that that can lead you to peace, joy, renewed vitality and long life.

Are you prepared to test the curing powers of this wonderful deliverer? It is your only salvation; without its aid, life to you will be of short duration.

In the past, rescued men and women have testified strongly in favour of Paine's Celery Compound in the daily newspapers for your benefit. Have faith like the thousands of cured ones now enjoying true life, and Paine's Celery Compound will do for you what it did for them.

Paine's Celery Compound is the one great spring medicine that cures disease. It never fails to do its work; it will surely meet your case, desperate though it be. What you now need most—fresh, new blood, strong nerves and bodily strength—will be yours if Paine's Celery Compound is used at this season.

Caps or Crowns.

Whether the head wears a cap or a crown headache will come. Burdock Blood Bitters cures all forms of headache. It is a curative for rich or poor.

"I suffered with terrible violent headache but B.B.B. cured me before I had finished the fourth bottle."

Mrs. W. Macklin,
Cypress River, Man.

One Lala-Liver Pill every night for thirty days makes a complete cure of biliousness and constipation. That is—just 25 cents to be cured.

H. LEBRUN & CO.

SLOAN'S INDIAN TONIC

TRADE MARK.

Cures Constipation, Sick Headache Indigestion, and Dyspepsia; clears the Skin and insures a Beautiful Complexion.

Mrs. J. W. Beaven, of Hespeler, says:

"I was troubled with constipation for many years, in fact, it was my only enemy and was very distressing. I tried a great many pills and patent medicines, but received no relief until I tried SLOAN'S INDIAN TONIC. It helped me at once and effected a complete cure I have recommended it to a great many people, and believe in every case it has given satisfaction. Every spring I procure it from Mr. Phin, our druggist here, and think it an ideal blood purifier and system tonic."

Merrit Wilse, of Belmont, writes:

Please find inclosed post office order for $1, for which send 1 bottle of Sloan's Indian Tonic. We think it an excellent medicine.

Mrs. Margaret McIntyre, of Walsetown, says:

I have had a bottle of Sloan's Indian Tonic and believe it has cured my liver. I have not yet used one bottle, and I have now no pain or ache so far, so I consider it my duty to recommend it to all whom I know need it. You can use my name if you wish in recommending it. I was ailing over thirty years, and my age is seventy-three.

Price $1, or 6 for $5.00. All Dealers or Address

THE SLOAN MEDICINE COMPANY, of Hamilton, Limited.

Shoes for Show

—made to look well in a window—made for anything but *comfort.* Such are the kind that please your eyes at the expense of your feet. The shoe which does not fit your foot the first time you wear it promises little comfort for the twentieth time. It costs more money to secure the footfitting lasts of the Slater Shoe than for some entire shoe stocks. That's why they possess more foot comfort, wear, and appearance, than other shoes. Goodyear Welt. Stamped on the sole $3.00, $4.00, $5.00 per pair.

ADVERTISING IN THE EXAMINER PAYS

Perhaps You're Bilious.

Tongue coated, head heavy, nasty taste in mouth, sour stuff coming up, belching of wind, nausea, no desire for food, generally miserable.

It's the easiest thing in the world to have the jaundiced eye bright, the head clear, the tongue clean, the whole train of symptoms produced by Biliousness removed by

BURDOCK BLOOD BITTERS

Mrs. Thos. McCann, Mooresville, Ont., writes: "I was troubled with biliousness, headache, and lost appetite. I could not rest at night, and was very weak, but after using three bottles of B.B.B. my appetite has returned, and I am better than I have been for years. I would not be without Burdock Blood Bitters. It is such a safe and good remedy that I am giving it to my children."

WHEAT IRREGULAR.

The Bears Ascend in Chicago—Decrease in the Visible Supply—Canadian Cheese in Britain.

Monday Evening, March 7.

Wheat to-day advanced slightly in New York, but cash wheat fell off 2c and May 1c in Chicago. Futures closed from ½d to ¼d higher in London than on Saturday.

Canadian Cheese.

While the seven months ending January, 1898, show an increase in the quantity of cheese exported from all American ports over the corresponding period of the previous year, exporters are feeling in any thing but a cheerful frame of mind.

Canada has been forging to the front in the important industry of cheese making and her products are beating ours in foreign markets. Canada has reached a point where she is manufacturing a high grade article, and one which is well suited to the exacting tastes of the British consumer.—N. Y. Commercial.

Visible supply of Grain.

	Mar.7,'98.	Mar.8,'97.	Mar.9,'96.
Wheat, bu.	33,012,000	42,768,000	62,598,000
Corn, bu.	41,471,000	26,777,000	14,650,000
Oats, bu.	13,167,000	15,823,000	7,228,000

Wheat decreased 1,076,000 bushels last week, as against a decrease of 1,289,000 bushels the corresponding week of last year. Corn increased 601,000 bushels last week, and oats decreased 310,000 bushels.

Leading Grain Markets.

Following are the closing prices to-day at important centres:

	Cash.	May.
Chicago	$1 02½	$1 04¾
New York	1 06⅛	1 00⅝
Milwaukee, No. 1 North	1 02	1 02¾
St. Louis	0 99¼	1 01
Toledo	0 98⅝	0 99⅝
Detroit	0 97½	0 97½
Duluth, No. 1 Northern	0 98⅛	0 98¼
Duluth, No. 1 hard	0 99⅛	....
Toronto, red	0 93	....
Toronto, No. 1 hard	1 10	....

Toronto Grain and Produce.

Flour—Very dull. Straight rollers in barrels, middle freights, are quoted at $4.05 asked and $4 bid.

Wheat—Exporters are doing nothing. No. 2 red, north and west, quoted at 86c to 87c. Goose wheat, north and west, sold at 82c. No. 1 hard, north and west, held at $1.10 North Bay.

Barley—Quoted at 33c west and 34c east. Malting barley, 35c to 40c, according to quality, outside.

Oats—Dull. Choice heavy white will bring 30½c to 31c, north and west.

Corn—No. 2 yellow American on track at Toronto 37c asked; Canadian, Chatham, 31c asked.

Bran—Scarce and firm. Bran sells at $11.50 to $12 and shorts at $13 to $14.

Oatmeal—Car lots of rolled oats in bags on track at Toronto, $3.60.

Peas—Are scarce and steady, 56c north and west and 57c east.

Rye—Offerings light at 50c west and 51c east.

Buckwheat—The demand is dull and offerings light. Car lots, west 37c, east 38c.

Toronto St. Lawrence Market.

The receipts of grain to-day were light, 600 bushels all told.

Wheat steady; 150 bushels sold at 82c to 83c for white, and 86½c for goose.

Barley firmer, 300 bushels selling at 39c to 41c.

Oats firmer, 100 bushels selling at 25c to 30c.

Peas—One load sold at 50c per bushel.

Hay—Prices unchanged, 15 loads selling at $8 to $9.50 per ton.

Straw—Three loads sold at $6 to $6.50 per ton.

East Buffalo Live Stock.

East Buffalo, March 7.—Cattle—Receipts, 180 cars, including 23 cars of Canadian stock; market dull and slow, and early transactions were 10c to 15c lower. The market continued weak to the close; fat shipping steers, $4.00 to $4.75; fat smooth steers, $4.40 to $4.50; coarse and rough steers, $3.75 to $4.25; light steers, $4.10 to $4.25. Choice fat heifers $4.25 to $4.50; mixed butchers' stock, $3.50 to $4; good butchers' cows, $3.50 to $3.90. Hogs—Receipts, 120 cars; market slow and lower for all grades; good to choice yorkers, $4.17 to $4.20; light yorkers, $4.15 to $4.17; mixed packers' grades, $4.17 to $4.20; medium weights, $4.20 to $4.23; heavy hogs, $4.20 to $4.25; roughs, $3.90 to $3.75; stags, $2.90 to $3.10; pigs, $3.10 to $3.40. Sheep and Lambs—Receipts, 75 cars; market dull and lower for both kinds; lambs, choice to extra, $5.60 to $5.70; fair to good, $5.40 to $5.50; culls, $4.85 to $5.25. Yearlings, $4.75 to $5.10; sheep, choice to selected wethers, $4.60 to $4.75; mixed sheep, $4.30 to $4.50; culls, $3.15 to $3.90.

Blood That is Bad.

Blood that is bad makes the whole body sick. Blood that is good makes the whole body healthy and vigorous. Burdock Blood Bitters makes good, rich, ruddy blood. "I regard B. B. B. as the best medicine in the world to make rich, red blood. It cured me after two years suffering from weak, thin blood." Jennie A Gleason, Centreton, Ont.

BRITAIN AND INDIA.

Forbearance With the Tribesmen Has Been a Failure.

THE SPEECH OF LORD ROBERTS.

The Situation Demands the Advance of British Rule Across the Mountains—Russian Peril Pointed Out—In the Lower House the Russian Demand on China Questioned.

London, March 8.—The House of Lords was unusually crowded yesterday, the Peeresses' gallery was full and there were many members of the House of Commons present when Lord Roberts of Candahar and Waterford, Commander of the Forces in Ireland, made his expected speech in favor of a forward policy on the Indian frontier, putting forward the Russian peril and declaring the policy of long sufferance with the frontier tribes had been a complete failure. The speaker advocated the advance of British rule across the mountains, and traced the advance of Russia, saying that if she once crossed the Hindoo Koosh an attack upon India was only a matter of time.

In the Lower House.

In the House of Commons yesterday, Mr. George N. Curson said the Government could not confirm the despatch to the London Times from Pekin, published yesterday, saying, among other things, that Russia had demanded that China surrender to her all sovereign rights over Port Arthur and Ta-Lien-Wan for the same period and on the same conditions as in the case of Germany at Kiao-Chou Bay. The Government had no confirmation of the report that Russia had occupied Dear Island, Corea, nor could the Government confirm the reports setting forth that Russia was strengthening the forts at Port Arthur.

Uneasiness at Pekin.

Pekin, March 8.—Much uneasiness is felt in Chinese circles in consequence of the Russian demands. The Russian Minister of Finance, moreover, is reported to have urged these demands peremptorily and to have complained that the Chinese loan will be settled in spite of the disapproval of Russia.

French Officers at Omdurman.

London, March 8.—The Cairo correspondent of the Daily Mail claims to have reliable information that three French officers have been at Omdurman, the stronghold of the Dervishes in the Soudan, for three months. Omdurman is across the Nile from the site of Khartoum, now in ruins.

PANIC IN LONDON STOCKS.

The Jingo News From the States and the East Alarms Britain.

London, March 8.—A state of semi-panic prevailed on the Stock Exchange throughout yesterday morning, owing to the Cuban crisis, the fear of war with Russia in the far East, dear money and the near approach of the settlement.

Later the operators became calmer, although the effect of the scare was still serious.

New York pressed early sales, which, with the aggressive attitude of Spain, added to the alarm. Spanish securities were most flat.

Checkmating Spain.

London, March 8.—The St. James' Gazette this afternoon says: "The United States is not buying any warships, as long as she does not feel the need for any outside reinforcements. It is understood that the efforts of the United States representatives in England are not directed towards the purchase of warships building, but to preventing Spain from purchasing them."

Spain Gets Money in London.

New York, March 8.—The London correspondent of the Commercial Advertiser cables: "The report of a Spanish loan here is quite true. Only the amount is uncertain.

"It is equally true that no 'American' purchases of ships have been made yet. Offers received have been considered."

The Crews Are on Hand.

Glasgow, March 8.—The crews to man the Spanish torpedo boats Osado and Audez, which are being completed by the Thomsons for Spain, have arrived here. It is expected that the boats will be completed on Friday or Saturday. They will go to Ferrol, Spain, where they will take on board their armaments and proceed to Cuba.

Spain Buying Supplies.

London, March 8.—Two separate commissions of Spanish officers arrived in London last week to purchase ammunition.

OF INTEREST TO MEN.

The attention of the reader is called to an attractive little book lately published by that eminent Expert Physician, G. H. Roberts, M. D., 283 Woodward Ave., Detroit, Mich. This book is one of genuine interest to every man and its plain and honest advice will certainly be of the greatest value to any one desirous of securing perfect health and vigour. A request, a free and sealed copy will be complied with, if addressed as above and the Peterborough Examiner mentioned.

An Ex-Alderman Speaks.

Mr Jas. Hagan, the well-known ex-alderman of Kemptville, Ont., says: "For some years I have been greatly troubled with pain across my back. Urinary trouble caused me much loss of sleep, and I suffered from a tired, worn out feeling. Doan's Kidney Pills gave me relief in a short time. The pain in my back has disappeared, and I feel that I would be doing wrong not to recommend them to others suffering as I did. They are the best medicine I ever used."

Shilon's Cure, the great Cough and Croup Cure, is in great demand. Pocket size contains twenty-five doses only 25c. Children love it. Sold by John Nugent 249 George street.

Regular action of the bowels is necessary to health. Laxa-Liver Pills are the best occasional cathartic for family or general use. Price 25c. Any druggist

Red-Hot Winter Wind-Up!

Prices of all Winter Clothing to be

CREMATED!

GOUGH'S MARCH SACRIFICE SALE

WILL PROVE A BLESSING TO PEOPLE WHO HAVE NO MONEY TO FOOL AWAY. We are on the eve of spring. The month of March will bring an entirely new condition of things along with stirring preparations for a new season. For the past two months we have been crowding prices down and crowding goods out—making a Midwinter Record, the like of which this store has never paralleled.

The business situation of to-day calls for the prompt disposal of all Winter Goods. They must go now AT ANY PRICE. Immense quantities of New Spring Importations are crowding us for space. To meet this emergency, a Radical, All-Round Red-Hot Reduction Sale was ushered in at our stores on the 1st of March.

There must be no half measures. We want a clean sweep and a clear field, and our sacrificing prices must do it. Sell we must—Unload we must. To-day—To-morrow—every single day until the Ides of March are past, we hold a carnival of

Rich Clothing Values.

FOR MEN, YOUTHS AND BOYS.

Recent fortunate purchases of several High grade Stocks of Modern Ready-to-wear Clothing at a Fraction on the Dollar, comprising "THE ARMY AND NAVY" Stock of Queen Street West Toronto; "THE OAK HALL" Stock of Peterborough, and an hypothecated stock knocked down at our own price by Suckling & Co., Toronto—all bunched in this sale.

These Combined Stocks, coupled with our own Mammoth Stock at Nos. 375 and 377 George street, have crowded us out of house and home—overstocking us with winter goods that we cannot afford to carry over.

4-GIGANTIC STOCKS-4

$90,000 WORTH OF CLOTHING EXCELLENCE, bundled together for a March Clearance at Prices a QUARTER and a THIRD below original values. A Master-stroke of Daring, Fearless Selling.

We are in dead earnest. Sunbeams or blizzards, the havoc in prices must sweep along—with a reckless desire to unload stocks.

Quick Losses to make Quick Sales to buyers, who will not waste a moment when prices are so eloquent.

THE GREATEST SHOE SALE

The Greatest Shoe Sale the Town has ever witnessed will also be held during this March Clearance. Thousands of pairs of Fine Sample Boots and Shoes, bought from hard-up manufacturers will be sold at a fraction of their cost.

The Wonderful Cheap Men **Gough Bros.** Peterborough and Toronto

Montreal Live Stock.

Montreal, March 7.—There were about 550 head of butchers' cattle, 50 calves and 40 sheep and lambs offered for sale at the East End Abattoir to-day. The butchers were out in large numbers, but trade was slow in the early part of the day, as the butchers were wanting a reduction on the rather high prices paid here on Thursday. A few choice animals were sold at from 4¾c to 4¼c per lb.; pretty good animals sold at from 3½c to 4c, and the half-fatted rough beasts, including a goodly number of bulls, sold at from 2½c to 3½c per lb. Calves were rather scarce, and sold at from $2 to $8 each. Sheep sold at about 3½c per lb., and lambs at from 4¾c to 5c per lb. There were no spring lambs on the market to-day, but several are expected and prices are quoted at from $5 to $6 each. Fat hogs sell at about 5¼c per lb.

British Markets.

Liverpool—Close—Spot wheat, No. 1 Cal., 7s 10½d to 7s 11½d; futures steady at 7s 10¾d for March, 7s 5¾d for May and 7s 1¾d for July. Maize quiet at 3s 4¼d for March, 3s 3d for May, 3s 2¾d for July and 3s 3¼d for Sept. Flour 25s 6d.

London—Close—Wheat off coast nearly due, with buyers for wheat on passage at a decline. Maize off coast, nearly due, steady. Passage, depressed.

APPALLING DEATH

From Kidney Disease Prevented by Dodd's Kidney Pills, Only.

"Kidney Disease." Do you know what it means? It means that the kidneys are either *rotten*, or rotting; the blood is full of poisonous, death-dealing corruption; that the Kidneys can't do their work; that the victim is a walking charnel-house; that his hours are numbered; that the victim MUST take Dodd's Kidney Pills if he does not want to die.

Have you Kidney Disease? Is your skin hot and dry; memory failing; breath short; urine, reddish, or pale colored; does it scald when passing; is your appetite changeable; do your ankles swell; have you bitter taste in the mouth on getting up mornings; is there a brick-dust deposit in your urine?

Any of these signs is proof positive of Kidney Disease. Will you be cured, or will you die? Dodd's Kidney Pills are the only means on earth that will cure you. They never fail.

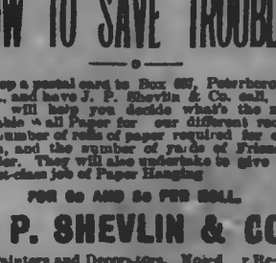
High-Grade Cemetery Work

AT A MODERATE PRICE.



The element of permanence which attaches to the erection of any memorial to the dead renders it highly desirable that no mistake be made in the selection either of design or of materials.

A mistake is a serious matter. Let us help you to make a right decision. Our specialty is the execution of monuments which are unique without being grotesque, and artistic without being over-decorated.

We manufacture from all first-quality granites, and as WE SELL DIRECT TO CUSTOMERS, we save the latter all agents' profits. Then, too, there is a decided advantage for the buyer in dealing with one responsible firm for both the manufacture and the setting of a monument.

All our work is guaranteed, NO CHARGE being made if not strictly according to contract. Write us for designs and estimates.

Moore's Monumental Works

Established 1856. Cor. Charlotte and George Sts., Peterborough, near market.

Cemeteries—Peterborough and Belleville.

Victoria Bicycle Club.

A meeting of the Victoria Bicycle Club is called for Wednesday evening at eight o'clock. As the future of the club depends entirely on the representation of members present it is hoped that the attendance will be large, so that a full discussion of the club's affairs may be entered into. 3t

To-morrow Night's Treat.

The Ramsay concerts—scene, song and story—in the Opera House, Wednesday and Thursday nights, under auspices of Lacrosse Club, promise to draw large houses. Without a doubt Mr. Ramsay's appearance here will be the treat of the season. Prices, 10, 20 and 30c. Plan at Ormond & Walsh's.

Kidd, the shoe man, quotes prices: Ladies first quality wool lined rubbers, 35c; a lot of infants shoes and slippers, were from 30 to 50c, now reduced to 15c a pair; any ladies slipper in the house, 60c; any Oxford tie, $1; fine button boots (new style,) were $1.65, now $1.25; in fact every thing must go in the next 30 days. Remember the place, 405 George street.

Long Distance Cattle Shipment.

Mr. H. P. Kennedy has achieved quite a reputation as an enterprising buyer and shipper of live stock, and yesterday his enterprise took a big jump. He shipped by Grand Trunk Railway nine cars of stockers, consisting of about 400 head, to Iowa, a distance of about 800 miles, or 200 miles west of Chicago. The shipment went last night by special train.

Bankrupt Stock Sale of Groceries.

Having purchased the John Armstrong bankrupt stock of high-class groceries, etc., at a fraction on the dollar, I have started a sale of the entire goods at greatly reduced prices for cash at the store opposite the post office. As the stock must positively be closed out at once, great bargains may be looked for. Hotelkeepers, boarding house keepers and housekeepers generally should not miss this rare chance to buy cheap groceries. R. J. LANE. 12d3 2w

When You're Ready for Wall Paper Visit the Peterborough Bookstore. Our special Spring importation of over 25,000 rolls, will be our leading event this week. You know, of course, that we sell as we buy, and such prices as these clearly illustrate the meaning of that fact: Gilt papers, 5c.; gold papers, 7c. and 10c.; embossed papers, 15c.; embossed gold friezes, 10c.; ingrain friezes, 8c. and 10c.; a lot of home-made goods, with and without borders, worth from 25c. to 50c. for 10c.
A. H. STRATTON & Co.

The Man in the Iron Mask.

A very fair house witnessed an excellent presentation of the historical drama, "The Man in the Iron Mask," at the opera house last evening. An entertaining and fine presentation was made, all the characters taking their parts creditably. Especial mention should be made of Mr. Donald Robertson's splendid performance of the noble role of Gaston, Louis XIV and the Man with the Mask. His impersonation was splendid, and at times showed great force and dramatic finesse. Miss Brandon Douglas was also quite up to the mark, and altogether a delightful dramatic reption of the story immortalized by Dumas was given.

Windsor Salt

SPENT ON SEWERS.

The Amounted Expenditure on the two Completed Sections.

At the meeting of the council last evening Councillor Best submitted the following statement regarding the expenditure on contracts No. 1 and No. 2 of the sewerage system:

THE JOINT COMMITTEE

Of the Peterborough and Durham and Northumberland Councils.

The Joint Committee of Peterborough County, and the united counties of Durham and Northumberland met this morning in the County Clerk's office, at the Court House, for the purpose of discussing the tenders for the erection of a glance pier and the placing of booms at the Wallace Point bridge.

It is understood that the contract is awarded, but the committee's decision is not to be made public at present.

The members present at the meeting were T. R. Carslw, warden, and Messrs. Thos Donaldson, G. M. Cryderman, Alex. Ferguson, R. Fisher and Thos. Small, of the united counties council; and Warden J. B. Pearce, and Councillor Wm. Anderson, of the Peterborough County Council, as well as Mr. John E. Belcher, County Engineer.

ST. ANDREWS CHOIR.

To the Editor of The Examiner:

The statement in last night's EXAMINER re St. Andrew's choir is not correct and has no foundation whatever, as I have no intention of introducing a male quartette.

Yours truly,
G. W. MULLIGAN.

Peterborough, March 8, 1898.

Ramsay at the Opera House to-morrow night, 10c, 20, and 30c. Plan of Hall at Ormond & Walsh's.

PERSONAL.

Dr. McKee is up from Bailieboro to-day attending court.

Miss May O'Brien, of Millbrook, is visiting the Misses McKee, Simcoe street.

Mr. Ernie Clary, of Millbrook, is in town for a day or two in attendance at the court.

Miss Lou Carnegie, of Port Perry, is visiting her friend, Miss Mabel Mason, town.

Misses Bessie Counal and Kate Ferguson have left to spend a few weeks in Woodstock, visiting friends,

Mrs. M. Aspenlelter, of Preston, is the guest of her daughter, Mrs. David Hummel, Lake street, Ashburnham.

Miss Delaney has to-day added to her already large staff of milliners. Miss Moore of Toronto, who is in touch with the newest spring fashions,

Dr. Baxter, of Cayuga, ex-M.P.P., has been appointed registrar of deeds for the county of Haldimand. Dr. Baxter was a member of the Legislative Assembly continuously since Confederation. He was not a candidate in the recent election. He is uncle of Rev. E. V. Stevenson, curate of St. John's church, Peterborough.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—The plan of the hall for Wednesday and Thursday nights concerts, under the auspices of the Lacrosse Club, is at Ormond & Walsh's Drug Store.

—E. Welsh is head quarters for oysters 30c. 40c. and 50c. per quart. Bass Muskinoge, Pickerel, Salmon, Whitefish, Pike, Finnan Haddie, 7c. per lb., Fresh Water Herrings, 25c. per dozen. Telephone 282.

—Never in the history of Havelock has there been such a rush of freight as there was on Sunday last. Supt. Brady was in town and made things hum. Some 978 cars were sent out during the day.—Havelock Standard.

—Too much cannot be said of the high class character of Ramsay's entertainments. Go to the Opera House to-morrow and Thursday nights and you will hear and see the best event of the season. Programme entirely changed for Thursday evening. 10, 20 and 30c.

—Last month, James McCullough, in behalf of his client, E. B. Fleury, of Stouffville, issued a writ against G. M. Campbell, of Campbellford, formerly of Stouffville, for $10,000 damages for alienating his wife's affections. Mrs. Fleury kept a shoe store in Norwood about three years ago.

—A peculiar accident happened to Ellen, the two-year-old daughter of Mr. H. B. Morrison of Havelock on Thursday afternoon. The child was on a sofa playing with a tumbler, when she slipped and fell to the floor. On picking the child up it was found that she had cut a large part of her upper lip, the flesh only hanging by a shred. Strange to say the tumbler was unbroken. Dr. Holdcroft was immediately summoned and it was found necessary to put in five stitches.

Busy Barbers.

Since the reduction in my prices for hair-cutting and shaving, trade has gone away up with a bound. Hair cuts for 10c. and shave for 7c. has come to stay at this shop, and

Glad are the smiles of our barbers
For the wave of prosperity rolls
With gladsome and lively music
Through all their tonsorial souls;
And the grit and the grind of
The clippers are heard on the long-worn hair
As we mow from the heads of the
Hundreds the once honored pompadour hair.

Hair Shampooing done and Switches made to order and renewed. Ladies' Fine Clothes, 20 inches long, for $1.00. LECLAIRE, formerly LeGeos, 329 George st.

THE SPRING ASSIZES STILL IN SESSION.

THE GRAND JURY'S PRESENTMENT AND HIS LORDSHIP'S REPLY.

The Case of Bower vs. South Monaghan et al., is Still before the Court—Some of the Points at Issue.

This morning the Grand Jury brought in the appended presentment at the sittings of the Spring Assizes:

To His Lordship, Chief Justice Ferguson:

The Grand Jurors of our Sovereign Lady, the Queen, beg to present:

We reciprocate your Lordship's congratulations in regard to the freedom of the county from crime. In compliance with your Lordship's instructions we have made a thorough examination of the jail and are pleased to report that we found the condition of the premises in all respects, indicating careful attention to duty on the part of the jailor and officials. We found twenty-three persons confined, of whom, we regret to say, thirteen are vagrants, some greatly advanced in years and in infirm health. We would again firmly call the attention of the authorities to the exceeding impropriety of meting out common punishment to the vicious and the unfortunate whose only crime is their poverty, and in this connection would strongly urge upon the town and county such immediate and prompt co-operation as will insure the erection of a suitable House of Refuge where such unfortunates can receive the attention and care which should be accorded from a Christian community. We would also point out that there is less excuse for not taking action in this matter, since, by act of the Provincial Legislature, the large sum of $4,000 is placed at the disposal of the county to assist in defraying the cost of the erection of a House of Refuge. To our knowledge learned judges like your Lordship, and grand juries have repeatedly urged this matter upon the local authorities, and we are sure your Lordship will add your influential endorsation to our suggestion that this town and county cannot consistently with the demands of humanity much longer ignore the necessity of taking steps to prevent the sorrows of destitution, infirmity and misfortune being visited with the punishment due to vice alone.

We visited the Nicholls and St. Joseph's Hospitals, and have to acknowledge the courtesy of a most cordial reception at both places, which we found admirably managed, and doing a splendid work in alleviating the suffering of the afflicted. The House of Providence in connection with St. Joseph's Hospital seems to be an excellent institution, maintaining in comfort the aged and infirm.

At the Protestant Home we also found the inmates well cared for, and could not but contrast the condition of the comparatively fortunate inmates of both with the unfortunates who have to be maintained in a felon's cell or prison fare in the county jail.

The most interesting feature of our visit to the public institutions was the Children's Shelter, maintained under the auspices of that noble organization, the Children's Aid Society. This institution is doing a splendid work, and, in the rescue of children from vicious lives and furnishing them with good Christian homes, is doing a work in the prevention of crime and the interests of virtue, that is worthy of the largest recognition. Its benefactions extend to the children of both town and county, and of all creeds, and we would suggest that the county would be justified in meeting the grant made by the town for the maintenance of the Children's Shelter, for its beneficent work is considerably limited from lack of means.

We also visited, though not in an official capacity, the new Y.M.C.A. building, and were greatly pleased with the equipment they possess, for attending to the physical and mental improvement of young men, and since in this respect it indirectly assists in promoting the good morals of our community, we desire to thus formally recognize the excellent work it is doing.

(Signed)
Geo Stewart, Foreman.

Thos Thompson, Jas Andrews,
Paul Costello, W M Graham,
Jas Middleton, Geo Payne,
J J McBain.

His Lordship in replying to the presentment, thanked the members for their very minute account of the conditions of the county buildings and the public institutions of the town. It was nothing more than he would expect, having knowledge of those who had charge of them. He agreed with them most heartily as to the need for the erection of a House of Refuge. He then referred to the tendency to corrupt which downright criminals had in being locked up in the same quarters with those who had gone astray but once. Many a young person might have become a good and useful citizen had he not been locked up with the worst class of criminals. Vagrancy was a crime in this country but a man had no right to be guilty of a crime because he was poor. He therefore thought a distinction ought to be made between a person who has become unable to work and poor and a downright criminal. After the original cost of such an institution as a house of refuge, the maintenance was comparatively a small amount, and he was pleased to learn from the jury that the Ontario Government was so liberal in its grants towards such institutions. He was not aware of this before. He thought if the County Council would look thoroughly into the matter, and when they discovered the great benefits derived from the small amount involved, Peterborough County would not long be without a house of refuge.

BONNER VS. SOUTH MONAGHAN.

The case of Bonner vs. Township of South Monaghan, Board of Health and Medical Health Officer is still before the Court. In this action the plaintiff, Samuel Bonner, is suing for $500 damages, claiming that when a child of his took diphtheria the Medical Health Officer did not take proper precautions to prevent the disease spreading and two other children took it and died. Then when the house was fumigated, the plaintiff claims that through negligence, it took fire and was burned down. Thirdly, the plaintiff claims that when ordered out of the house with his family, whilst the fumigating was in process, he was told he would be received at a certain homestead, but that admittance was refused him there, as well as at other places, and he had to put a stove in his boathouse and live there. He holds that a proper abode should have been furnished by the authorities.

In answer the defendants stated that the first two of the children who were ill did not have diphtheria, and therefore precautions were not taken to prevent the spread of a disease which did not exist; that when the third child took ill and symptoms of diphtheria were apparent, then precautions were taken; that the burning of the house was not caused through negligence but from some cause unknown at present; that the plaintiff was not ordered to leave his house, but on the contrary asked that it be fumigated, stating he and his family would go and live with friends in the meantime.

W. R. Riddell, Q.C., Toronto, and R. Reddy, Millbrook, for plaintiff; Edmison & Dixon, for defendant.

"A Man's a Man for a' That."

LAST NIGHT'S LECTURE.

W. T. Cooksley Speaks of His Travels in the Klondyke—Good Illustrations.

Last evening Association Hall was comfortably filled with an audience who were anxious to hear Mr. W. T. Cooksley, the Klondike lecturer. Mr. J. W. Bennett was in the chair and said that he was sure that the audience would be pleased with the lecture. He was also glad to see so many present.

Starting from Windsor street station, Montreal, the lecturer said that from personal experience the Canadian Pacific Railway were foremost in equipment, dining cars, stations and the courtesy of the officials was universal. Touching at Winnipeg, then Calgary, the lecturer warned his hearers against taking Edmonton route, which he said did not come up to the catchy advertisement, "Gold all the way from Edmonton to the Klondyke." Mr. Cooksley believed that Ashcroft would be the terminus of an all Canadian route in the near future, but for the present it was best to start from Victoria with its four steamers a day, sailing in British bottoms, outfitting in Canadian cities. Victoria he believed the best because of the immense stocks of purely Klondyke goods that were carried there. Starting from Victoria the journey was made north (the Stickeen route was explained) and landing at Skagway, went to the summit of the White Pass and returning, went over the Chilkoot Pass, from Dyea to Lake Lindeman, on down through the Chain of Lakes to the Yukon and Sixty Mile Post, Dawson and Forty Mile Post.

The views were of the first order and the lecture plain and practical.

A vote of thanks was tendered to Mr. Cooksley for his lecture by Mr. D. W. Dumble.

Mr. Cooksley has also been requested to repeat the lecture in the near future in the George street Methodist Sunday school.

Ramsay at the Opera House to-morrow night, 10c, 20c and 30c Plan of Hall at Ormond & Walsh's.

COMMITTEE OF THE WHOLE

reported through Councillor McWilliams as appended:

To the Mayor and Council of the Town of Peterborough:

GENTLEMEN,—Your Committee of the Whole Council beg leave to report and recommend as follows:

That the town will agree, provided the details can be satisfactorily arranged, to guarantee the bonds of the proposed Electric Railway Company to the amount of $50,000, at 4 per cent per annum, the bonds to be for 20 years and provided the town is given, as security, a first mortgage on the property of the railway, including rails, wires, cars and other plant and rolling stock within the town of Peterborough, or other security equally as good.

All of which is respectfully submitted.

J. B. McWILLIAMS, Chairman.

The report was adopted on motion of Councillors McWilliams and Langford.

THE MARKET COMMITTEE,

through its chairman, Councillor Langford, reported as follows:

To the Mayor and Council of the Town of Peterborough:

GENTLEMEN,—Your Market Committee beg leave to report that they have had a by-law prepared to amend the Market Bylaw to comply with the changes made in the law in the Ontario Statutes of 1897 and to make other amendments, which will be submitted to you.

All of which is respectfully submitted,

WM. LANGFORD, Chairman.

The report was adopted.

THE JOINT COMMITTEE,

through its chairman, Councillor Langford reported as follows:

To the Mayor and Council of the Town of Peterborough:

GENTLEMEN,—Your Joint Committee beg leave to report as follows:

1. Your committee held a meeting with representatives of the county council, at which representatives from Ennismore were also present, in reference to the Mud Lake bridge, on Feb. 9th. At this meeting the following proposition was accepted by the county representatives: "That the town of Peterborough pay this year one half of the expenditure of keeping up the Mud Lake bridge, the town to be consulted regarding all expenditure, and that the County Engineer procure information as to the cost of a filled in bridge, the best place for it, etc., and that the county and town send deputations to wait upon the Dominion and Provincial Governments to ask them to give grants towards the construction of the bridge." We recommend that this proposition be also accepted and approved by this council, and that the chairman of this committee and Councillor McWilliams be appointed a committee to represent the town on the deputations to the Governments and in regard to the expenditure in maintaining the bridge this year.

2. Your committee also conferred with the County Councillors in regard to the question of establishing a house of industry, and recommend that the chairman of this committee and Councillor McWilliams be also appointed to act with a committee appointed by the county to procure information on the subject in such ways as they deem best.

All of which is respectfully submitted.

WM. LANGFORD, Chairman.

Councillor Dawson objected to the expenditure. He did not believe in spending money on a bridge outside the corporation. The expense might be very large if the bridge was swept away in the spring.

Councillor McWilliams pointed out that not a dollar could be spent on the bridge without the consent of the council.

Councillor Best and Donne moved that the limit of expenditure be placed at $200.

Councillor Dawson didn't want the limit to exceed $25.

Councillor McWilliams thought that if Councillor Dawson knew of the number of teams which crossed the Mud Lake bridge coming into the Peterborough markets he would change his mind as to its importance. There was no doubt but that a permanent bridge would soon be erected to which the Provincial and Dominion Governments should contribute, the latter especially, as it could be shown that the erection of the dam at Buckhorn had raised the water to such a height as to render a permanent bridge necessary.

Councillor Meldrum pointed out that if the report was amended so that the town could govern the expenditure it would be more satisfactory. At present it would appear that the town was only to be "consulted" in regard to the expense incurred. He agreed with Councillor McWilliams as to the importance of the bridge. More grain came in over the Ennismore road than by any other thoroughfare. Other towns were taking every precaution to encourage the country trade and Peterborough should not be backward in this particular.

Councillor Langford thought that the town should try and work amicably with the county. If the town would not assist the county might let the bridge go. It was important that the connection be kept up, as a permanent bridge was more than a possibility. County Engineer Belcher had found a point on the Lake from which a bridge could be thrown across at a distance of only 2,700 feet from shore to shore. At present the distance covered was over 4,000 feet.

The report was amended to read that the assent of the town must be obtained before any expenditure is made and was then carried on motion of Councillors Langford and McWilliams.

BYLAWS.

The bylaw amending the present market bylaw to conform with the requirements of recent legislation was introduced, but was laid over until its conditions could be more thoroughly discussed.

Councillors Langford and Meldrum were authorised to advertise for tenders for the market tolls.

PERMANENT PAVEMENTS.

The matter of laying permanent pavements in the town was introduced, when it was moved by Councillors Langford and Hamilton that the Street and Bridge Committee be instructed to lay concrete or brick sidewalks on both sides of George street between Brock and Charlotte streets and also to improve the roadway on the same part of George street as soon as the weather will permit the work to be done.

In speaking to his motion, Councillor Langford stated that he thought the condition of the sidewalks on George street was a disgrace to the town, and as the sewer work was almost completed along this street it was time that the permanent pavements were commenced. According to his estimates 2,344 feet of pavement would have to be laid, at a cost of about $3,000, to complete the portion referred to in the resolution. The present boards would be very useful for repairing, and, as the streets were in good condition, he thought the cost could be taken out of this year's appropriation to the Street and Bridge Committee.

Councillor Meldrum thought that this would not be fair to the chairman of the Streets and Bridges Committee, who would not be given a chance to show what he could otherwise have done with the money allotted to him. There was only about $4,000 of the appropriation left and the taking of a lump sum of $3,000 out of it would certainly tie his hands. He was as anxious as anyone to see the work go on, but thought it could be paid for by a frontage tax on the George street property.

Councillor Langford pointed out that by paying for it out of the general taxation it was made cheaper to the citizens, as if the George street property owners paid for it, they would by law be freed from contributing towards the building of other sidewalks and roadways.

Mayor Davis confirmed this statement, and on behalf of the George street property owners stated that they would quickly agree to bear the expense.

After some further discussion it was decided to refer the matter to the Street and Bridge Committee to report back to the council.

OTHER MATTERS.

Councillor Best stated that he intended calling a meeting of the Sewerage Committee during the week, when other important matters would be discussed. A bylaw would have to be prepared compelling the citizens to make connections with the sewers, where possible, and there was also the matter of demanding a ten per cent. reduction on water rates as agreed with the company should be given when $50,000 had been expended on sewers. The owners of the property on which the town woodyard was located, objected to paying the sewerage assessment, on the ground that the land had been exempted from taxation. As this was a special tax, he thought they should pay it. These matters and others would have to be discussed.

Councillor Langford mentioned the matter of the caterpillar pest and urged that steps be now taken to destroy the larvæ. He thought a bonus could be paid the boys for bringing in twigs on which the larvæ were to be found. Seconded by Councillor Meldrum, he moved the matter be referred to the Finance Committee.—Carried.

Coupled with the motion was a suggestion of Councillor McWilliams to the effect that the pruning of the shade trees in the streets be also attended to in season.

On motion of Councillors W. H. White and Meldrum the Property Committee was authorized to advertise for tenders for the repainting and repairing of the waterioo carts.

On motion of Councillors Donne and Hamilton, C. H. Guy will be allowed a rebate of $1.50 on a license for exhibiting a petrified man.

Where Specialists Failed Dr. Chase Cured Catarrh.

James Spence, Clachan, Ont., writes:—"I had been a sufferer from Catarrh for 15 years. It became chronic and I had given up all hopes of ever being cured when advised by a friend to try Dr. Chase's Catarrh Cure I at once started and am pleased to state three boxes effected a complete cure, and I heartily recommend it to anyone suffering from Catarrh."

SPORTING PASTIMES.

Hockey and Other Items of Local and General Interest.

HOCKEY.

The Ontarios, of Port Hope, have again won the championship of the Midland League, the clubs playing being Cobourg, Oshawa, Bowmanville and Whitby. The Ontarios would like a game with the Peterboroughs.

It is hardly probable that the Lindsay team will come over this year, as the season is getting so far advanced.

The Printers and Electrics play Friday evening at 8 o'clock for the oysters if the ice is in good shape. There is also a mile matched race on and fancy skating by Edg. Hartley.

The Peterborough Bankers went out and played Lakefield last evening in about an inch of water. The boys say it snowed hard during the evening, and by the vague remarks which are dropped occasionally about the score, the Bankers must have been caught in the drifts. By the way, who were the bankers on the team, anyway?

The Bankers went to Lakefield last night and played the crack team of that village. The play throughout was fast and close and showed championship form. The Bankers forwards are swift and played a grand combination, their failing back (?) being much admired, and the defence (especially the point, cover point and goal keeper) played the game of their lives, repelling attack after attack, and were heartily applauded for their brilliant playing. The dropping in front of goal was most clever, and should be practiced more. The Bankers teams after their brilliant showing can be classed with the first team in Canada, and next year should enter the Senior O.H.A. After the game each player claimed the honour of playing the star game, but by mutual consent (after three hours' argument, when several blows were exchanged) the goal umpire was given the credit for saving more goals for his team than any other man on the ice. The game was the hottest ever seen on the ice in Lakefield—in fact, the ice melted.

Peterborough Team—A. J. McClennan, goal; H. Clurton, point; H. King, cover point; J. Jeffries, W. Ackerman, W. Crossley, R. Bradburn, forwards; H. Thompson, goal umpire; V. E. Austin, referee; E. Skill, manager.

The Lakefield News comments as appended on the Warsaw tournament:—"On Friday evening the Lakefield hockey team drove out to Warsaw to play in a hockey tournament for a silver cup, valued at (!) $7. Norwood, Lakefield and Warsaw were the teams to compete for the coveted trophy. "Norwood and Lakefield were teams to play first, so Warsaw had it arranged, and shortly after 8 o'clock the teams lined up to play. The rink, which was a little larger than a peaking box, was magnificently illuminated with a number of lanterns, which shed their rays in different spots on the rink. In the first half the score stood 4—3 in favour of Lakefield, and in the second half 5—4 in favour of Lakefield, who thereby won the first game. The game was refereed in a very satisfactory manner by Mr. Bert Belleghem, of Peterborough.

The game was a very exciting one and the enthusiasm of the spectators was up to concert pitch most of the time. The puck was invisible most of the time and the only way the players could tell where it was was, when the puck was lifted in the air, to listen to hear where it would strike the side of the rink.

Warsaw was bound to win the cup, or else die in the attempt, and any trick by which they could do so was justifiable in their eyes. Instead of drawing for which teams should play first, as they should have done in justice to, the competing teams, they made it up that Lakefield and Norwood should play first, and then in order to make sure of winning the cup they would play the winners of the first game when they were well played out. But, alas! their hopes came to nothing. The Warsaw players are sports? from the word go, and they kept up to their reputation that night. In order to be sure and win the cup and keep it in Warsaw, they secured the services of two Peterborough players, Ernie Wasson and Harry King. Lakefield might be green, but they were not green enough for Warsaw, and when they saw that the Warsaw players were determined to play such a dirty trick, they made up their minds that they would let them keep the cup without playing for it, which they were sportsmen? enough to do.

LACROSSE.

Don't forget to drop into the opera house to-morrow night or Thursday night and give the lacrosse boys a lift. Ramsay, the great fun maker is to be there.

Redeem that bet you made on the election by purchasing the boots from Kidd. Get them at half price and save half of the lost money. See?

Parlour Furniture.

It is worth a visit to Clegg's furniture warerooms to see their parlour suites. New and handsome designs in 3, 4, 5 and 6 piece suites, beautifully upholstered in the latest styles and materials. Odd pieces in parlour furniture in great variety and at very low prices. Clegg's furniture and undertaking warerooms, 427 Georgestreet.

Not So Easy.

It is not so easy to cure an obstinate cough; it won't cure itself. Norway Pine Syrup is the remedy indicated because its record shows that it always cures coughs, colds and all lung troubles.

TALBOT BROS. THE LEADING TOBACCONISTS OF PETERBOROUGH.

A MARVELLOUS PERFORMANCE.

This is the way the Chatham Banner speaks of Mr. Ramsay, who will appear in the Opera House Wednesday and Thursday under the auspices of the Lacrosse Club:

A crowded house greeted the talented artist, Mr. W. E Ramsay, in his new and wonderful entainment, "Begone, Dull Care," which consists of scene, song and story. The scenes, which are many and startling, are given with the aid of Lumier's latest cinematographe and manipulated by Mr. Joseph Millat from Lumier's factory in France. The songs and stories are given by Mr. Ramsay in his own inimitable style, raising the utmost enthusiasm in the audience at each and every number. Mrs. Ramsay plays his accompaniments.

To say the exhibition was wonderful does not describe it, as it needs to be seen to be appreciated.

An Evening at the Rink.

On the evening of Friday, March 11th, there will be a variety of attractions at the skating rink, beginning at eight o'clock with a match for an oyster supper between the hockey team from the Canadian General Electric Works and the Printers. Between the halves Mr. Edg. Hartley will give an exhibition of fancy skating and the evening will wind up with a mile race, open to Bell, of Peterborough; McGuire, of Havelock; Fraser, of Norwood, and other fliers of the district. Such a programme should draw a good crowd.

NEWS IN A NUTSHELL.

Condensed Summary of News Received by Telegraph—An Interesting Budget From All Over.

A. Blackhall was killed on Saturday morning while repairing a car in the C. P.R. yards at Winnipeg. He was cut in two.

On Thursday afternoon Lieut.-Governor Patterson will formally open the third session of the eighth Legislature of Manitoba.

March 31 is the last day for municipal councils to pass bylaws limiting the number of liquor licenses for the ensuing year.

The project for the holding of a pan-American Exposition on Cayuga Island in the Niagara River next year is shelved for the present.

A $36,000 consignment of bacon for the British market was put through the Custom House by the Davies Co. of Toronto on Saturday.

Diphtheria is epidemic in the northern part of York county, and the revival services at Mount Pleasant have been stopped in consequence.

Newmarket Public School Board is being supplied with wood from the northern country, which is laid down at the school house at $3.37 per cord.

Severe earthquake shocks were felt last week at Antigua, St. Kitts, Guadeloupe and Montserrat, of the Leeward Islands. Much damage was done at Antigua.

The continued reports that Spain is buying new war ships leads to counter reports that the naval authorities of the United States are considering similar purchases.

Eight old United States monitors, which have been lying in the back channel at League Island navy yard, are being examined, and those old fighters will be prepared for active service again.

The earnings of the Grand Trunk Railway system for the week ending Feb. 28 show an increase of $46,061. The figures for 1898 are $451,587, against $405,526, the earnings from the 22nd to the 28th of February, 1897.

The big fire which originated in the basement of Michie & Co.'s store, 5 and 7 King street west, Toronto, on Saturday morning caused about $35,000 damage, which is nearly all covered by insurance. The cause of the blaze is a mystery.

Major Pinault, M.P.P., who succeeds Lt.-Col. Panet as Deputy Minister of Militia, will resign his seat in the Quebec Local Legislature at the close of the present session of the Dominion Parliament to enter at once upon the discharge of his duties.

The address of thanks which is to be presented to their Excellencies the Governor-General and the Countess of Aberdeen from the 60 societies and institutions visited by them during their recent stay in Toronto is now being signed by those interested.

The Paris, France, Eclair says the magnificent fifteenth century painting of a Madonna, with landscape by Piero de la Francesca, has just been acquired by the Louvre at a cost of 130,000 francs. It is the only specimen of this old master in that gallery.

Adrian Braun, a convict in Sing Sing Prison, murdered his wife, who was paying him a visit at the prison Saturday afternoon. A long thin knife, wielded by the convict when the guard was not looking, instantly severed a great blood vessel and almost instantly the woman was dead.

Health and strength carry us through dangers and make us safe in the presence of peril. A perfectly strong man with rich pure blood has nothing to fear from germs. He may breath in the bacilli of consumption with impunity. If there is a weak spot where the germs may find an entrance to the tissues then the trouble begins. Disease germs propagate with lightning-like rapidity. Once in the blood the only way to get rid of them is to kill them. This is what Dr. Pierce's Golden Medical Discovery is for. It purifies the blood. That means that it kills the germs, but that is only part of what it does. It assists digestion by stimulating the secretion of digestive fluids, so promoting assimilation and nutrition; purifies and enriches the blood and so supplies the tissues with the food they need. It builds up strong, healthy flesh and puts the whole body into a disease-resisting state.

Send 21 one-cent stamps to cover cost of mailing only and get his great book. The People's Common Sense Medical Adviser, absolutely free. Address World's Dispensary Medical Association, No. 663 Main street, Buffalo, N.Y.

How to Cure all Skin Diseases."

Simply apply "Swayne's Ointment." No internal medicine required Cures tetter, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for Swayne's Ointment. Lyman Sons & Co., Montreal wholesale agents.

THE FIGURES REMAIN.

Election Matters Present no New Developments - Hon. A.S. Hardy's Thanks to His Constituents.

Toronto, March 7.—There is nothing new to relate in connection with the result of the provincial elections. There is no change, and can be none now, in the standing of the parties. The official returns are beginning to come in from the various constituencies to the Clerk of the House. Most of the figures have been announced, but additional returns are given to-day. They vary but slightly from the returns first printed.

A recount in the case of West York will begin at Judge McDougall's chambers Wednesday morning at 10 o'clock.

Dr. Willoughby, the Conservative whip, who was overturned in East Northumberland by Mr. Douglas, the Liberal candidate, was in the city yesterday. When asked what his party were doing just now, he said: "Oh, you can say we are just marking time until the re-counts are over," saying which he withdrew at a quick march.

OFFICIAL FIGURES.

Reports of the Declarations of Returning Officers in Various Constituencies.

North Grey—G. M. Boyd (Con.) 2709, Jas. Cleland (Ref.) 2572. Majority for Boyd 137.
North Oxford—Pattullo 2838, Kaufmann 1815, Montague 604.
Lennox—Aylesworth 1066, Meacham 1033. Majority for Aylesworth 33
West Huron—Hyslop's majority is 498.
West Victoria—Fox 2164, McKay 2092. Majority for Fox (Con.) 72.
Lincoln—Dr. Jessop's (Con.) majority is 353
North Toronto—Marter 3384, Dewart 3310. Majority for Marter 24.
North Norfolk—Carpenter (Lib.) 1885, Robertson (Con.) 1635. Majority for Carpenter 250.
East Lambton—Pettypiece (Lib.) 2361, McCallum 2321, McLeay 116. Total vote 4798. Majority for Pettypiece 40.
South Ontario—Calder 2781, Dryden 2685. Majority for Calder 96.
Carleton—Kidd's majority is 746.
East Hastings—Russell 2911, Stokes 1883. Majority for Russell 128.
North Lanark—Caldwell 1969, Preston 1808. Majority for Caldwell 161.

The Thanks of the Premier.

Brantford, March 7.—Premier Hardy has issued the following card of thanks to his constituents:

To the electors of South Brant:

I cannot allow the occasion to pass without tendering to the Liberals of South Brant, and to many Liberal Conservatives, my heartfelt acknowledgments for the support which they have given me in the nine elections which have been held in the constituency during the past 25 years and more particularly in the one just closed.

Instances of such popular constancy and fidelity to principle, and of friendship on public grounds, are rare in this new country—indeed, in any country—and my gratitude, many times expressed before, is, by this contest, emphasized beyond my ability to express it in fitting terms.

My necessary residence in Toronto while leader of the Government, and my absence from the constituency during most of the campaign, were consideration of which my opponents took the utmost advantage; but I am most grateful to know that the electors appreciated that the absence was in each case at the call of public duty, and that they disregarded appeals made to them on these grounds.

The contest was keen, and, while my opponents did not spare me, personally or publicly, I am much gratified to be able to believe that no lasting animosities were created or aroused by the conflict.

I have the honor to be, your very obedient and grateful servant,

ARTHUR S. HARDY.

Tit for Tat, Say the Spaniards.

Madrid, March 7.—Senor Gullon, Spanish Minister of Foreign Affairs, recently intimated to United States Minister Woodford that the Spanish Government desired the recall from Havana of Consul-General Lee, and that the American warships which have been designed to convey supplies to Cuba for the relief of the sufferers there should be replaced by merchant vessels in order to deprive the assistance sent to the reconcentrados of an official character.

Minister Woodford cabled the request to the Washington Government, which replied refusing to recall Gen. Lee in the present circumstances, or to countermand the orders for the despatch of the war vessels, making the representation that the relief vessels are not fighting ships.

The ships referred to are the Montgomery and the Nashville, and it was asserted positively at the State Department that there has been no change in the plans for the sending of the Montgomery and the Nashville to eastern Cuban ports with relief supplies for the reconcentrados.

The Lantern Again.

Selkirk Ont., March 7.—About 6 o'clock Saturday morning fire broke out and destroyed the barns owned and occupied by Mr. E. Buckley, a farmer living about two miles west of here. Loss about $1,500. Insured in the Waterloo Mutual for $550. Cause of fire, lantern upsetting.

IN FAVOUR OF DODD'S.

W. F. Hill, of Strathroy, Testifies for Dodd's Kidney Pills.

Strathroy, Feb. 28.—The evidence of W. F. Hill, Caradoc street, in the case of Dodd's vs. Disease is being heard, before the full court of the sovereign here.

Mr. Hill stated that, speaking from his own experience, he would say positively that no other medicine on earth, besides Dodd's Kidney Pills, would cure Kidney disease.

In reply to the judge's question, he said he had suffered intensely for several years. Doctors could not help him. Neither did any medicine but Dodd's Kidney Pills.

Three boxes of this wonderful remedy cured him completely.

The judge remarked that so far the evidence was overwhelmingly in favour of Dodd's Kidney Pills.

Don't Let it Ache.

If your stomach, liver and bowels are working properly you will have no headache. Burdock Blood Bitters will keep you right, so there is no need to let your head ache. There is lots of proof that this is so. "I had severe headache for over three years and was not free from it for a single day. Finally I used Burdock Blood Bitters, with the result that it has completely cured me." Mrs. Allock, Toronto.

Dr. Low's Pleasant Worm Syrup removes worms of all kinds from children or adults

HE WAS IN A HURRY.

And When He Got Time He Apologized to the Hotel Clerk.

There is a clock face on the Pennsylvania avenue side of the National hotel, the pointers of which have for years denoted the time at 9:38. Guests of the St James who have front rooms not infrequently depend upon this superannuated timepiece to guide their movements, sometimes to their great discomfiture. Not a few appointments have been declared off because of that clock.

There came near being bloodshed at the St. James a few mornings ago. One of the guests, whose appearance denoted that he had dressed himself in the space of a minute, came thundering down stairs, not waiting for the elevator, and rushed over to the counter, back of which was the clerk, who was trying to snatch an hour's sleep in the early morning.

"I'd like to know why in the mischief I was not awakened at 8 o'clock," he demanded.

The clerk attempted to reply, but the guest was too mad to listen to anything that might suggest an apology.

"This is a pretty hotel!" he continued. "I have stopped here for years, but I will never come here again. Make out my bill now."

"Don't be in a hu"—

"I will be in a hurry. You exasperate me. Tell me not to hurry, and here it is nearly 9 o'clock, and I should have been awakened at 8."

The clerk tried to get in a word, but it was useless.

"Get your register and see if I did not leave an order for 8," the guest persisted.

The register was brought forth, and, sure enough, there was the order for a call at 8.

"There, what did I tell you? Now see what you have done for me. I have missed my train and probably a big order. I have a good notion to sue the proprietor."

The clerk's ire began to rise.

"What train did you wish to make?" he asked in a sarcastic tone.

"The 8:35."

"Well, you go back to bed, and I will see that you are called in plenty of time."

"Come, no joking. What do you mean?"

"Just what I wanted to tell you some time ago—it is now a quarter of 7."

A madder man than this guest was never seen in the St. James. And when he was told that the National clock was not running and had not been for years his anger knew no bounds.

He apologised to the clerk and went away swearing vengeance on that clock.—Washington Star.

SAVE THE MOTHERS

Dodd's Kidney Pills Their Only Safety in Female Diseases.

You have seen a flower nipped by frost, fade and die in the flush of its beauty. That is how women die when attacked by any of the diseases peculiar to their sex.

Woman's burdens are woefully heavy. Her sufferings are agonizing. Her patience is grand. Disease preys upon her. The light dies out of her eyes, her steps become slow and dragging; she loses flesh; grows sallow, listless, droops like a flower. Then *she dies*. Her family is left to the cold mercy of the world.

"Mother's dead!" What a piteous phrase. What sufferings have been endured before it was used. Why should mothers, wives, sisters suffer so? *They need not.* Dodd's Kidney Pills will quickly and thoroughly cure all cases of Female Weakness. They never fail. They give health, strength, courage: a new lease of life.

JUST ONE LITTLE DOT

IT WAS RESPONSIBLE FOR A FIERCE BUT BLOODLESS WAR.

How the Budding Friendship of Two Operators Was Nipped by a Faulty Circuit—Chicago's Kindly Inquiry Elicited "Rats!" From New York.

Sherwood, a telegraph operator, recently told of a feud which came into existence because of the loss of such a small thing as a telegraphic dot. A good "sender" can make ten or more dots in a second, so you can imagine how infinitely small one is. Only a trained ear is able to distinguish the difference between a dozen dots and 20 when a batch is rapidly made.

Sherwood was at the Chicago end of a New York wire at the time of the adventure. It was not a good wire even at its best. It had a poor battery and some other ailments which made receiving a woe. But first class operators were expected to do high grade business with it, and they usually did if they worked in harmony, and did not get into quarrels over the responsibility for the cluttering and mixing of the faulty circuit. After two or three men had resigned in disgust and had declared that they would rather wheel gravel to a stone crusher than try to copy from that line Sherwood was put on at Chicago, and some stranger to him was given the New York end. They seemed to suit each other immensely well and pounded away without the least bit of friction for a week. They were sensible enough to take it easy, and neither tried to rush the other. One evening Sherwood thought business would proceed with greater satisfaction if he knew the name of the good fellow over in New York, so in the course of a rest he asked:

"What's your name, old man?"

Quick as a flash and to Sherwood's utter amazement the other operator hurled back at him the curt monosyllable:

"Rats!"

Sherwood was thunderstruck, and he was also warm. "All right," he said to himself. "Very well, you fresh sucker. If that's your kind, I'll let you alone and give you a little taste of hot work just to make you do some thinking on politeness over a line."

So he turned in and fairly made his own arm whiz in jerking streaks of lightning at the New Yorker. He put on double speed, and with that hasy, ragged wire to help to make things unintelligible he considered that he was giving his associate a very ardent chase to copy him.

The next day the worm turned, and the New Yorker began to give Sherwood a correct imitation of just how evilly an angered telegraph operator, assisted by a bad circuit, can send Morse across the country. The matter came like the clatter of musketry in battle, like the jangle of tin roofs torn up by cyclones, like a nail mill working overtime, but with very scant similarity to actual commercial telegraphy. Just once in a long time a perfect letter was distinguishable in the rattle of the rubbish of sound, but Sherwood was a haughty man and refused to "break" (or interrupt) the sender to ask what he was trying to do. He would catch as much as "He—y —on —ca—o," and guessing that to be "Henry Wilson, Chicago," he would be put to the mental stress of imagining what kind of a telegram Henry Wilson ought to receive that day. He made an effort to guess as nearly as sanity would suggest, but with such a broad latitude, not knowing who Henry Wilson was or who was his correspondent, or in what line of business either was, or, indeed, not being able to swear that the message was for a man named Henry Wilson, and not for a woman named Hetty Thompson, you will perceive that Sherwood had a severe time of it. But he tried to be satisfied, despite the mental wear and tear. He knew the fellow in New York was in pretty hot water too.

A man not equipped with a rubber arm cannot keep up a speed of 45 or 50 words a minute and then turn in and translate the sputterings of a crazy, leaky, swinging line which is being worked by an idiot in New York without suffering. Ten days of this kind of worry reduced Sherwood from 193 to 183 pounds, and then his friends took him in charge, for he was wandering around town imprecating against insolent donkeys in New York and driveling about Gxwyvzch and other combinations of letters. They hired doctors and kept him in a secluded, cool place for three weeks, by which time he was able to move about again, and in a month he was in condition to resume his telegraphic functions. He went back to his old wire and, still rather pale and shaky, started at his day's work. He sent with deliberation and firmness, however, and was overjoyed to note when it came his turn to receive that the sender was likewise easy and firm of touch, and there was scarcely any trouble from the workings of the line. After a time a pause came, and the New Yorker inquired:

"Are you the fellow who was working this line five weeks ago?"

Being answered in the affirmative, the man at a distance continued: "Say, I've just returned after being nearly knocked out by brain fever on account of trying to keep up a fight with you. Where was it I met you and how did you come to get a grudge against me? When did you know me?"

"I didn't ever know you," chillily answered the Chicagoan. "I tried in a gentlemanly way to get acquainted with you, but when I asked your name you got fresh and said 'Rats,' and that made me hot of course."

There was a long pause; then, "Say, this is too rich," the brass clashed to him. "This is a good thing. Here you've been killing me, thinking I had insulted you, and I've been trying to burn you alive because I thought when I told you my name five weeks ago you recognized it as that of some enemy. I believed then that when you heard my name you, being some fellow who had got sore on me elsewhere in the country, started in to do me."

"Well," said Sherwood over the line, "what is your doggoned name?"

"It's Rath. Understand? Make that last letter h and not s. See? Four dots and not three. One of the dots got lost on this bum wire, and so you got it an s. Ain't that good? If you'll get somebody in Chicago to kick you I'll hire some one in New York to do the same for me."—Chicago Record.

Be sure you are right, then go ahead. Be sure you get Hood's Sarsaparilla, and not some cheap and worthless substitute

THE BRAVEST BATTLE.

The bravest battle that ever was fought!
Shall I tell you where and when?
On the maps of the world you will find it not.
'Twas fought by the mothers of men.

Nay, not with cannon or battle shot,
With sword or nobler pen!
Nay, not with eloquent words or thought
From mouths of wonderful men!

But deep in a walled up woman's heart—
Of woman that would not yield,
But bravely, silently bore her part.
Lo, there is that battlefield!

No marshaling troop, no bivouac song,
No banner to gleam and wave,
But, oh, these battles, they last so long—
From babyhood to the grave.

Yet, faithful still as a bridge of stars,
She fights in her walled up town—
Fights on and on in the endless wars,
Then, silent, unseen, goes down.

Oh, ye with banners and battle shot
And soldiers to shout and praise,
I tell you the kingliest victories fought
Were fought in these silent ways.

Oh, spotless woman in a world of shame,
With splendid and silent scorn,
Go back to God as white as you came,
The kingliest warrior born!

—Joaquin Miller in Anti-Philistine.

Free Trial To Any Honest Man

The Foremost Medical Company in the World in the Cure of Weak Men Makes this Offer.

HEALTH AND ENERGY ASSURED. HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

In all the world to-day—in all the history of the world—no doctor nor institution has treated and restored so many men as has the famed ERIE MEDICAL CO. of Buffalo, N. Y.

This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.

So much deception has been practiced in advertising that this grand old company now for the first time makes this startling offer:—

They will send their costly and magically effective appliances and a whole month's course of restorative remedies, positively on trial without expense to any honest and reliable man!

Not a dollar need be advanced—not a penny paid—till results are known to and acknowledged by the patient.

The Erie Medical Company's appliance and remedies have been talked about and written about all over the world, till every man has heard of them.

They restore or create strength, vigor, healthy blood and new life.

They quickly stop drains on the system that sap the energy.

They cure nervousness, despondency and all the effects of evil habits, excesses, overwork, etc.

They give full strength, development and tone to every portion and organ of the body.

Failure is impossible and age is no barrier.

This "Trial without Expense" offer is limited by the company to a short time, and application must be made at once.

Not a D. scheme, no bogus philanthropy nor deception, no expense—a clean business proposition by a company of high financial and professional standing.

Write to the ERIE MEDICAL COMPANY, BUFFALO, N.Y., and refer to seeing the account of their offer in this paper.

NOT AFRAID OF RATS.

At Least One Lady Was Calm While Others Screamed.

An incident occurred in Parkland recently that discounts the story of the tenderfoot who sat quietly in a saloon while two cowboys emptied their revolvers at each other. It had been decided to scare the tenderfoot by having a sham shooting scrape take place in his presence, but he had been posted by a friend as to what was to be done, and when the real thing took place he sat with his feet upon a card table calmly smoking a cigar while the bullets flew all around him. The story of his bravery spread rapidly, and he was after that a hero in the eyes of the western cowboys among whom he had come to live.

The Parkland episode has in about the same manner made a heroine of a prominent Fourth avenue lady. She and a friend were calling on a lady friend in Parkland who has a 19-year-old son, who of late has been taking lessons in elocution. The boy had developed remarkable talent in that line, and when the callers came the proud mother made it a point to mention the fact that her son was taking lessons in elocution and to tell of the rapid progress he was making. Finally one of the ladies expressed a desire to hear the boy recite.

This was just what the fond mother wanted her to do, and the young hopeful was called into the parlor. He began reciting a selection of James Whitcomb Riley's entitled "Seein Things," and just as he got to the part, "I'm not afeerd of rats an mice an things 'at girls is skeerd of," a huge rat darted out of the pantry through the dining room and across the parlor to a hole left by a gas pipe, creating great consternation. The ladies jumped upon chairs, gathered their skirts about them and screamed like Comanche Indians, while the boy ran after the rat in a frantic effort to kill it. The Fourth street lady, who is nearsighted, sat quietly rocking herself in a comfortable rocker until the excitement had partially subsided, when she calmly remarked that "it was very good." She thought that the boy had thrown a toy rat from his pocket and that the rest of the party were assisting in that part of the performance. The story of her bravery has been spread among her friends and she is now regarded as a heroine.—Louisville Dispatch.

Unless the proper precautions are taken, death will lurk in every home. It dogs the footsteps of husband, wife and children alike. If the husband is an ambitious man, the chances are that he will overwork and overworry and take insufficient time to rest, eat and sleep. At first he may feel but trifling ill effects from his indiscretion. Then he will suffer from headaches, loss of appetite, loss of sleep, lassitude in the morning, drowsiness during the day and a general "out-of-sorts" feeling. If these conditions are neglected, almost any serious malady may be the result. Frequently it is some nervous disorder or dread consumption. Dr. Pierce's Golden Medical Discovery is the best medicine for hard-working men. It gives edge to the appetite, makes digestion and assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker and flesh-builder. It cures 98 per cent. of all cases of chronic or lingering, bronchial, throat and lung affections.

All too frequently, death dogs the footsteps of the wife, in the guise of weakness and disease of the delicate and important organs that bear the burdens of wifehood and maternity. There is an unfailing cure for disorders of this nature. It is Dr. Pierce's Favorite Prescription. It acts directly on the sensitive organs concerned, making them strong, healthy and vigorous. It fits for wifehood and motherhood.

They are sold at all medicine stores.

During early childhood death lurks in every corner for these fragile innocents. The mother can only protect her babes by acquiring some practical medical knowledge. Dr. Pierce's Common Sense Medical Adviser imparts this knowledge. For a paper-covered copy send 21 one-cent stamps, *to cover cost of customs and mailing only*, to Dr. R. V. Pierce, Buffalo, N.Y. Cloth binding 50 stamps.

Value of Kindness In Animal Training.

Vicious horses are generally the result of a violent, barbarous training, and when the greater number of the horses in any country are tricky and hard to manage it means that they belong to a brutal population. From time immemorial the contrary has been the case among the Arabs, where colts are brought up and exercised with almost maternal solicitude. The child amuses itself by petting and playing with the colt of which he is some day to be the rider, and the horse and his cavalier grow up together. The earliest education of the young animal begins in the family, in the same tent. The colt is constantly looked after and caressed and is never chastised except for acts of malice or disobedience. He is given the choicest dainties of food and is gradually accustomed to make himself useful. When the bit is put in his mouth, the iron is covered with wool, so that it shall not bruise his lips, the wool having been dipped in salt water to give it a pleasant flavor and make him like it. The animal's education is thus always carried on with constant discretion, and even after it is completed the trainers never indulge in blows or hard words. By such association a real bond of friendship is formed between the beast and his rider.—M. C. Letourneau in Popular Science Monthly.

EVILS OF BARGAIN SALES.

Bargain Hunting Demoralizes Purse, Conscience and Trade.

Strange inconsistencies and perversions are revealed in the feminine character when a woman becomes addicted to bargain hunting, according to Carrie E. Garrett, in an article on "The Bargain Mania," in The Woman's Home Companion.

"Sometimes the proud possessor of a bargain will make the most extraordinary and expensive efforts to save it from such oblivion, as in the case of the lady who bought some bargain buttons. She waited a reasonable length of time, thinking they would 'come in,' and, as they never came in, she purchased a dress to match them. Such heroic action is not at all uncommon among bargain hunters. This was the same lady who purchased a bargain smoking set and, having no earthly use for it, began the pernicious habit of smoking cigarettes after dinner.

"It is odd how such a woman will gloat over a bargain and on the strength of the brilliant transaction immediately commit some extravagance to offset it. 'Well, as this was so cheap, I can afford to buy that.' Then will she patiently go to many stores and obtain regular prices in order to establish the character of the bargain as such. But what is her anguish of mind if she discovers that she might have bought the same article a little cheaper at some other place! A woman constantly possessed of the bargain idea is likely to carry it into all her dealings with mankind—social as well as commercial. Aside from the economic standpoint, the spirit of ever seeking to get more than one pays for is, to say the least, not mentioned in the catalogue of Christian virtues. She is likely to be penny wise and pound foolish, extravagant of time and money, and, oh, worse than all these, badly dressed! Choosing one's clothes fortuitously at bargain sales is apt to result in an incongruous assortment of merchandise difficult to knit together in one harmonious whole."

OVERWHELMING PROOF.

Another Witness for Dodd's Kidney Pills—The Record Grows.

London, March 7—A commission appointed to examine into the vast amount of evidence given in favour of Dodd's Kidney Pills, as the only sure cure for Bright's Disease, Diabetes and all other kidney diseases, would find the people a unit in favour of this God-sent remedy.

London has had hundreds of cures through Dodd's Kidney Pills. And the record is growing longer and stronger daily.

Fred J. Palmer, Nelson street, reports that after suffering the agonies of an advanced stage of Diabetes and Kidney disease for five years a treatment of Dodd's Kidney Pills cured him.

Dodd's Kidney Pills have not failed once in London.

Queer Heart Feeling.

Queer feelings in the heart are daily complained of by multitudes of people—don't know the cause, but it makes them nervous irritable and unfit for either work or pleasure Mr. B. A. Ross, Alisa Craig, Ont., explains it. He says: "It came from la grip. I was irritable, worried, dizzy, short of breath and such a queer feeling in my heart that I thought I would give up the ghost. Milburn's Heart and Nerve Pills changed all this, and I am free to-day from all these troubles."

Piles! Piles! Itemin Piles.

Symptoms—Moisture intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate becoming very sore. GRIM WAR THREATENS

The Spanish-American Situation Is Very Serious.

$50,000,000 TO BE ASKED FOR.

The Bill Introduced in Congress and to Be Passed Through at Once to a Conclusion—The Democratic Leader Makes a Warlike Speech—The Financial Pulse Feels the Tension.

Washington, March 8.—Chairman Cannon, of the Appropriations Committee, yesterday introduced a bill entitled: "Making appropriations for the national defense." It is as follows:

"That there is hereby appropriated out of any money in the Treasury not otherwise appropriated for the national defense, and for each and every purpose connected therewith to be expended at the discretion of the President and to remain available until June 30, 1899, $50,000,000."

It was referred to the Committee on Appropriations.

The bill was the outcome of a conference held at the White House this morning, at which Mr. Cannon, Secretary Long, Mr. Dingley, Senator Allison, and General Grosvenor were present. The situation was considered so grave that it was deemed imperative that an immense appropriation of this character should be made at once to prepare for the national defense.

This bill will be pressed in the House at once. This can be stated on the highest authority.

THE DEMOCRATIC LEADER

Believes the United States on the Verge of War and Offers Patriotic Assistance to the Government.

New York, March 8.—Joseph W. Bailey, Democratic leader in Congress, has given the World a signed statement on the present national situation, wherein he asserts his belief that "This country is on the verge of war."

He further says: "Ten days ago I would have spoken and voted against the bill adding two artillery regiments to the army, because I then thought them unnecessary, and considered it merely an effort, under a war excitement, to increase the standing army of the United States in time of peace.

"But conditions have changed so much that I shall now both speak and vote for the bill, because I consider it a safe and proper precautionary measure.

"The men who have accused us of clamoring for war without being willing to prepare for it will find that the Democrats in Congress will be ready to vote both men and money long before this administration will be ready to use either in war with Spain.

"If the worst comes, as it now seems certain that it will, the Democratic party will sustain the President in all proper measures, without any thought of political advantage.

Wants War at Once.

"We feel that he has moved too slowly. He has simply postponed the crisis, without averting it.

"Nothing is more clearly written than that the Island of Cuba is to be free, and while I believe a recognition at the proper time of the Cubans' right to fight for their own independence would have been sufficient, I fear that that time has passed and the United States is bound in honor to take decisive action.

"If this is to be done at all, it ought to be done at once. The cruelties which have shocked humanity throughout the world ought to end before the next rainy season begins.

"Spain plainly relies upon starvation to conquer the Cuban patriots, and no civilized nation ought to stand idly by and see that kind of warfare practiced almost within sight of its shores."

SPAIN BACKS DOWN.

Withdraws Its Demand for the Recall of General Lee.

Washington, D.C., March 8.—Spain has withdrawn her request for the recall of Consul-General Lee, and it is now believed that the incident is practically closed. The withdrawal came in the shape of an official communication from Minister Woodford. It is now stated that the request was never put in the shape of a demand, but that it was merely a suggestion on the part of Spain, and when she found that would not be pleasantly received in this country she promptly recalled.

CANADA COMES FIRST.

The West Indies Cannot be Considered Until We Are Satisfied.

London, March 8.—The Secretary of State for the Colonies, Mr. Joseph Chamberlain, in the House of Commons yesterday, explaining the delay in the presentation of the Government's West Indian proposals, said that until the reciprocity negotiations between the United States and Canada were concluded, the Government could not tell what the position of the West Indies would be.

Bombay in a State of Unrest.

Bombay, March 8.—The situation here is grave. There is extreme unrest among the natives, who are incensed at the plague measures, which wound their religious susceptibilities. In addition, the plague authorities are at loggerheads with the city corporation, which has stopped their supplies of money.

China Loses Port Arthur.

Berlin, March 8.—The Tageblatt yesterday published a despatch from Pekin saying China has agreed to lease Port Arthur and Ta-Lien-Wan to Russia for 99 years.

British Trade Decreased.

London, March 8.—The Board of Trade statement for the month of February shows decreases of £1,174,800 in imports and £329,800 in exports.

The Most Prominent are Fashionable.

Dyspepsia or Indigestion has become a fashionable disease. There are very few individual who have not at various times experienced the miserable feeling caused by defective digestion. No pen can describe the keen suffering of the body, and the agony and anguish of the mind endued by the Dyspeptic. Dr. La Londe, of 236 Pine Ave., Montreal, says, "When I ever run across chronic cases of Dyspepsia I always prescribe Dr. Chase's Kidney-Liver Pills, and my patients generally have quick relief."

Doan's Kidney Pills.

Doan's Kidney Pills act on the kidney, bladder and urinary organs only. They cure backache, weak back, rheumatism, diabetes, congestion, inflammation, gravel, Bright's disease and all other disease arising from wrong action of the kidneys and bladder.

Anxious Mothers find Dr. Low's worm syrup the best medicine to expel worms. Children like it—worms don't.

BUILDING LOTS FOR SALE

In the Best Localities in

Ashburnham and on West End of Bolivar Street, Peterborough.

Liberal Inducements to those who intend to build. Very moderate prices or Cash. Apply to E. A. PECK Barrister, or to GEO. BURNHAM, M. D.

"Beware the Ides' of March."

We are reminded by this imperative warning to make a **CLEAN SWEEP** of our large stock of **WINTER FURS** as this brings a **SPECIAL**

Thaw in FURS.

Our stock of Fine Furs is melting under the warming influence of **About 50 Per Cent. Reduction**—not a whole price left. This is a fight for Cash—not immediate profits—the immediate profit is yours—if you want it. **We Manufacture Money for You While You Wait.** It's this way, we give you a dollar's worth of value for 50c, in this March Fur Sale.

Any quantity of Beautiful Furs with us yet; the kind that looks different from the ordinary run; the kind that has style and art and quality in them; the kind every lady should wear and some that gentlemen should wear. We make them ourselves—buy the skins from trappers and collectors—have our skilled designers and workmen—are specialists in Fine Fur manufacture. Make to measure or sell made up—and all being offered before packing away at about **50%** Reduction.

NOW IS THE TIME TO BUY.

J. W. T. FAIRWEATHER & CO.

Many persons cannot take plain cod-liver oil.

They cannot digest it.

It upsets the stomach.

Knowing these things, we have digested the oil in Scott's Emulsion of Cod-liver Oil with Hypophosphites; that is, we have broken it up into little globules, or droplets.

We use machinery to do the work of the digestive organs, and you obtain the good effects of the digested oil at once. That is why you can take Scott's Emulsion.

50c. and $1.00, all druggists.

Point St. Charles Mill, Peterborough.

A TALK ON TEA, YES, EVERYBODY READ IT.

A lady from a village near Peterborough called on us last week and said that she wanted to get some of that fine tea that she had seen advertised in the "DAILY EXAMINER" and sold at the People's Prize Tea Store, 328 George street. After critically examining the tea she made a purchase of a quantity and promised to send her friends to buy from us, as she said our tea was clean, beautiful and bright—no dust, no mixing or doctoring—the grades are the very best. Another lady in town says that her mother will not have tea from any other store than ours. She buys the very best Ceylon Tea which cannot be excelled in strength and purity. Another gentleman says what on earth do you do with the large quantity of teas that I see at your establishment. Some of the large chests of Ceylons must be valuable and come up to money; yes, they do but the people soon buy them up. You have a large stock of Canned Goods which would be a credit to any store in town; yes we have, and we are selling 3 for 25c. A prominent party in town offered to take the lot and give us a cheque for the amount, but we promised to give the working people the benefit of this bargain and we are doing it. We have a fine assorted stock of choice Groceries, Teas, Sugars, Spices, Canned Goods, Butter, Lard, and our own raising of Pickled, Smoked, Salted Hams and Bacon, completely eclipsing anything on the market. We do not destroy the meat with salt or saltpetre, but cure them on the very best methods which are a secret to ourselves. Our own home made Pickles at 10c per bottle, our own Jams, Jellies—pure articles and at price to suit all. Come to the best, get the best, and save your money by buying at the PEOPLE'S GROCERY, 328 George Street.

JAMES SUTHERLAND.

WAR CREDIT PASSED.

The House Votes $50,000,000 Without a Nay.

SPAIN DOES NOT EXPECT WAR.

The Feeling in the United States, as Expressed at Washington, Growing Calmer—The Would-Be Belligerents, However, Still Pursue Their Preparations for War at Any Moment—Spain Mystified.

Washington, March 9.—The Appropriation Committee of the House at the meeting yesterday morning unanimously agreed to report favorably the bill to appropriate $50,000,000 for the national defence.

The galleries of the House were packed to the doors and long lines of people, unable to gain admission, surged about the corridors. Public interest in the debate on the bill appropriating $50,000,000 for the national defense was reflected in this large attendance in the galleries. On the floor almost every member was in his seat.

As soon as the journal had been read the Speaker rapped for order and, amid a deep silence, Chairman Cannon arose and presented the measure appropriating $50,000,000 for national defence. It included also several other items, among which are $100,000 for coal for naval vessels.

Not a War Appropriation.

Mr. Cannon opened the debate on the bill. Coming to the all-absorbing item, he said that in the present critical condition of affairs the committee had deemed it wise to appropriate this sum, placing its expenditure in the complete discretion of the President. He insisted that this appropriation must not be construed into a threat. Nothing was further from the minds of those who reported it, he said. This appropriation was to be placed in the hands of a wise and patriotic executive, to make proper preparations to maintain the national honor, nothing more.

"It is not a war appropriation," said he emphatically. "I say that in my judgment, measuring my words, that it is a peace measure. (Great applause.) The Government of the United States would not, if it could, trench upon the rights of any nation on earth." (Renewed applause.)

ALL AYES, NO NAYS.

Even the Speaker Voted for Cannon's Bill Appropriating $50,000,000 for United States Defence.

Mr. Cannon was followed by almost every member of the House, all making short and patriotic speeches. Mr. Bingham of Pennsylvania caused the only discordant note that was heard. While supporting the bill on general principles, he characterized the day's proceedings of the House as akin to the methods of "yellow dog journalism." He was roundly hissed by the majority of the members on the floor and spectators in the gallery when he sat down.

When the question was put on the passage of the bill, the whole House rose en masse in its favor, but Mr. Cannon asked for the ayes and nays. He did so, he said, at the request of many members, who desired that every member should go on record. Every member present voted for the bill, many of them assuming the responsibility of breaking their pairs in order to place themselves on record. At the conclusion of the roll call the Speaker had his name called, an unusual proceeding, and, amid great applause, voted for the bill. When he announced the vote, 311 ayes, no nays, an enthusiastic demonstration occurred.

Spain Does Not Expect War.

Madrid, March 9.—A semi-official news agency here has issued the following announcement: "After brief uneasiness, there is general belief now that peace will not be broken, and that the relations between Spain and the United States will continue amicable.

"Political personages assert that the late sensational despatches are completely wrong in attributing an aggressive tone to the diplomatic relations between the two Governments, which have not for a single moment lost their friendly character."

Lee Always Behaved Right.

A semi-official note just issued declares that the Spanish Government has not received any complaint regarding the attitude of General Fitzhugh Lee, the United States Consul-General at Havana, adding: "On the contrary, Captain-General Blanco affirms that General Lee's behavior has always been correct. Nevertheless, the incident serves to explain the origin of the ill-will between the two countries."

Sent to Buy Warships.

New York, March 9.—A special to the Herald from Washington says: Secretary Long has given orders to Commander W. H. Brownson, now on duty as a member of the Board of Inspection and Survey, to leave at once for England and France to inspect the vessels which have been offered to this Government and to report without delay if they are suitable for service in the United States navy. Commander Brownson will not only look at the vessels which have been offered, but will examine other warships under construction for foreign nations and should he report that any are desirable and ready for sea, this Government will undoubtedly enter into negotiations with the nations which ordered the ships looking to their sale to the United States.

War Preparations at Brooklyn.

New York, March 9.—War preparations are greatest about the Marine Barracks in the Brooklyn Navy Yard of all of the military and naval places in this locality. It was learned yesterday that orders have been received from Washington to prepare two detachments of marines, one for the cruiser Columbia and one for the Minneapolis.

The orders have caused considerable excitement among the men at the barracks. There was a big rush of men eager to enlist at the Navy Yard to-day.

A Flying Squadron.

It is said here to-day that the Navy Department has completed preparations for a flying squadron, to consist of the St. Paul and the St. Louis of the International Navigation Company, the armored cruiser Brooklyn and the twin triple screw cruisers Minneapolis and Columbia. The speed of the St. Paul and St. Louis is not less than 21 knots, that of the Brooklyn is about the same, while the other two ships have a speed of 23 knots, and the Minneapolis has made 24 knots.

THE BRITISH PRESS.

London Times Blames the Spanish Foreign Minister for the Present Critical Situation of Affairs.

London, March 9.—The Times says editorially this morning: "If Spain is placed in an awkward position respecting the Lee incident, she must thank the indiscretion of her foreign office. She cannot blame President McKinley. Mr. Cannon's bill can hardly be explained by the Lee incident. It is probably due to the rumors that Spain is purchasing war vessels.

"We do not believe that Spain desires war, but if she does this evidence of American alertness offers a most effectual check."

The Radical Organ.

The Daily News in its editorial on the Cuban situation says: "We cannot doubt as to the ultimate issue of a war between the United States and Spain, but America may have a bad quarter of an hour before victory."

Spain Is Really Buying Warships.

The English newspapers yesterday confirm the news of Spain's purchase of warships. The St. James' Gazette, which published the denials of the Spanish Embassy and Spanish Naval Commission, which has an office in London, says: "It is ascertained on very high authority, in spite of denials, that the Spanish Government has almost certainly succeeded in buying three nearly completed cruisers here and two coast defence vessels which are about to be launched in France. Experts are almost as much surprised at the success of Madrid in raising money as by the clever diplomacy which secured the Chilian and Brazilian cruisers of the Armstrongs, at a cost believed to be a million pounds sterling, almost before the move was suspected."

No Vessels for Sale.

In conclusion, the St. James' Gazette remarks: "A feature of the warship market at present is the small number of vessels available. Three cruisers and two coast defence vessels is the best Great Britain and France can do. It is true these are not the only warships building, but the others, twelve Japanese and two Chinese cruisers, and eight torpedo boat destroyers for Japan, are so keenly and immediately desired by their respective Governments that no price would buy them."

SPAIN IS MYSTIFIED.

Cannot Understand What All the Hubbub Is About and the Dons Are Puzzled.

New York, March 9.—The World has the following from Madrid: The panic on the foreign bourses to get rid of Spain's securities has puzzled the people of Madrid all day. They are at a loss to understand the reason for it.

In sympathy with that panic there was some fall in stocks on the Madrid bourse, accompanied by a sharp rise in foreign exchange.

The Government took steps immediately to contradict officially both the reports that Spain had asked for the recall of Consul-General Lee from Havana and the report that Pope Leo XIII. had made any declaration favorable to Cuban independence or rebels. The latter rumor is positively denied by the Papal nuncio at Madrid.

The Outlook Improved.

Washington, March 9.—At the conclusion of an unusually long session of the Cabinet yesterday afternoon, it was stated that the momentary anxiety caused by the Lee recall incident and Spain's objection to the method of conveying supplies to Cuba had passed away. The outlook is regarded by the Cabinet as decidedly improved.

Filibustering Vessel Seized.

Jacksonville, Fla., March 9.—The steam tug Dauntless was libelled yesterday by the Government, charged with filibustering. The vessel is now in charge of a deputy marshal.

LOVE AT FIRST SIGHT.

A Young Englishman Went to Board With a Family and the Daughter of the House Fled With Him.

Windsor, Ont., March 9. — Thomas White, a robust Englishman of 26, entered the home of James Navlia, in Tilsonburg, six weeks ago as a boarder. There he met Navlia's daughter Flora and they loved. Flora packed her belongings in Thomas' trunk and both left Tilsonburg on a Canadian Pacific train for Windsor. Chief of Police Wills received a telegram informing him of the elopement and he found the young lovers in a penitent mood at Moody's Boarding House. At noon yesterday Flora was on her way back to Tilsonburg in charge of her mother, while Thomas languished in a cell in Windsor Jail, weeping and blaming Flora for the whole thing. White has a wife and children living in England, and left them about four months ago to come to Canada. It was a case of love at first sight on the part of both, he says. Flora, according to his story, begged of him to take her away and marry, knowing that her parents would not consent to the union. They came to Windsor, but when Thomas was confronted with the fact that marriage meant bigamy he weakened and succeeded in winning Flora's consent to a postponement of the nuptials. He had six sovereigns in his possession when arrested.

THE YUKON TROOPS.

Will Probably Assemble at Ottawa and Get Outfitted—No Special Drill Will Be Needed.

Ottawa, March 9.—The detachment of regulars which is to be sent to the Yukon may assemble in Ottawa. Col. Lake of the Militia Department said yesterday that the men will need no special drill or instruction, but will be put under competent officers.

The department is engaged preparing for the equipment of the force with necessary outfits to withstand the climate, and supplies of all kinds are reaching the department.

The Ottawa lumbermen are making preparations to dispose of sawdust from their mills, and comply with the Federal law forbidding the throwing of sawdust in the river.

Fears are entertained for the recovery of Mr. Dupont, M.P.

The Drummond County Railway Investigation Committee met yesterday to commence its deliberations. Mr. Blair asked the committee to name the day when he could attend and make a statement on oath. It was decided to hear the Minister next Tuesday. Mr. Schreiber, Deputy Minister of Railways, stated that the amount of the Federal subsidy to the Drummond County Railway was $997,-920.

Col. G. T. Denison, President of the Canadian Branch of the British Empire League, has arrived to make preliminary arrangements in regard to the annual meeting, which will take place in one of the Commons committee rooms on Thursday morning.

A deputation of ladies representing the Quebec Provincial W.C.T.U. had an interview yesterday afternoon with the Hon. Mr. Sifton, Minister of the Interior; Hon. Sydney Fisher, Minister of Agriculture, and Hon. Mr. Fielding, Minister of Finance. Hon. Mr. Sifton, in replying to the deputation, said that no permits had been granted this year in the Yukon, and that those that had been previously issued for private consumption, not for sale. He, along with Mr. Fisher and Mr. Fielding, assured the deputation that the Government would do what they could to comply with their request.

The Doherty Organ Works Company of Clinton, which were recently burned out, are negotiating with a view to removing their works to London.

C. P. R. Is Still Aggressive.

Chicago, March 9.—The Canadian Pacific has announced that it will take its reduced rates into San Francisco. It declares that from that city to the East it will make the following rates: St. Paul $35, Chicago $36.50, New York, $40. These rates are first-class, and the second-class rates will in each instance be $10 lower than the rates given above. In making these rates the Canadian Pacific will have to contest itself with the ocean route from San Francisco to the western terminus of its line.

—E Welsh is head quarters for oysters 20c. 40c. and 80c. per quart. Boss Mackinaws, Pickerel, Salmon, Whitefish, Pike, Finnan Haddie, 7c. per lb., Fresh Water Herrings, 25c. per dozen. Telephone 222.

Spring Medicine

Experience teaches the importance of special care of the health.

And fixed among the important principles of hygiene and health is the acknowledged necessity of a good Spring Medicine.

Just as firmly established by the experiences of millions of people, is the positive fact that Hood's Sarsaparilla is "far and away" the best blood purifier and spring medicine ever produced.

The necessity is found in the impure condition of the blood at this season, owing to the close confinement and breathing vitiated air in office, store, shop, house, schoolroom or factory; excessive eating and drinking too rich and hearty food; late hours and social indulgences. With the blood thus thick and impure, the machinery of life grinds hard.

Hood's Sarsaparilla purifies, vitalizes and enriches the blood, builds up and strengthens the nerves and tones the stomach. It oils up the machinery of the whole body; the liver takes up its work anew, the kidneys resume activity, the ache goes out of the back, the bowels are regulated, the appetite restored, the food is relished and assimilated.

Don't wait till you are thoroughly sick before you begin to take a Spring Medicine.

Lock the door before the horse is stolen.

Take Hood's Sarsaparilla now as a preventive and it will pay you a thousand fold in health and strength through the coming summer.

"We always take several bottles of Hood's Sarsaparilla in our family every spring as a tonic and blood purifier and we find that it overcomes that tired feeling gives new life, and keeps us well all summer." WM. ENTEMI, 312 5th Ave., Peoria, Illinois.

Excellent Spring Medicine.

"For a number of years I have taken Hood's Sarsaparilla in the spring, not for any particular ailment, but on general principle, that the system needs a tonic at this time, and I have always found Hood's Sarsaparilla a most excellent spring medicine." HAKON HAMMER, Engineer, Pottstown, Pennsylvania.

That Tired Feeling.

"I was troubled with that tired feeling all the spring. I purchased three bottles of Hood's Sarsaparilla, and when I had taken about half of it I was feeling well again. I believe Hood's Sarsaparilla to be an excellent blood purifier and tonic." MISS ORA E. MORGAN, Busey, Illinois.

Builds up the Health.

"We take Hood's Sarsaparilla as a tonic in the spring. Two of our children had tonsilitis and their blood was in a bad condition. Hood's Sarsaparilla built them up, and we have taken it again this spring with much benefit." MRS. P. H. CANOON, Pleasant Lake, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. There is no substitute for Hood's.

Hood's Sarsaparilla

Sold by all druggists. $1, six for $5. Prepared only by C. I. Hood & Co., Lowell, Mass. The One True Blood Purifier.

Daily Examiner.

WEDNESDAY, MARCH 9, 1898.

LAKEWADE.

(From Our Own Correspondent.)

Home from the Klondyke. A jubilee for Mr. and Mrs. Wm. Dingman. As their youngest son Riley, after an absence of thirteen years, has just arrived. It was heartrendering to see the meeting between him and his father at the home of the latter's son, Nicholas, where the old gentleman was taken on Feb. 20th with the fourth paralytic stroke, which affected his speech for the first time, but the old gentleman was able to ride home with his two sons last Friday. Riley Dingman when he left here went to Victoria, B.C., thence to San Francisco, Los Angeles, Cal., Victoria, B.C., and Lampoe, Cal. He spent four or five years at these places, and eight years ago took to himself a wife at Lampoe. From there he moved to Seattle, where his home was made happy with a young son seven years ago. Two years ago this month they started for Alaska. He got to Circle City July 1st, and stayed there till last summer, when he came back to Dawson City, which was not in existence when he went. He has been having good luck at Dawson, and he expects to return in a few weeks. He has his wife and son with him. It cost him two thousand dollars from Dawson City to Seattle. He encountered some perils on the journey from the Klondyke. On one occasion he got through the ice with his sled, the dogs, however keeping on the ice. Part of their provisions were spoiled and his companions urged him to give up the dogs and sleds and make for the shore, but Riley being a plucky fellow, and knowing that losing their provisions would mean starvation, he urged on the dogs and they soon gained solid ice. By so doing he lived to travel through many of the principal cities of the United States and Canada, and arrived with his family safe and sound at this place. We shall tell you more about the gold fields later on.

Master Willie Dingman cut a very ugly wound on his wrist last Friday with an axe.

Next Saturday will be the last meeting of the Lakewade Literary Society. Come all; you will probably hear a speech from R. Dingman about the Klondyke.

C. N. Dingman has a ewe that gave birth to three lambs in February, 1897. She has also gave birth to two more lambs in February of this year. That is five lambs in twelve months from one ewe.

John Carroll's home was made happy a few weeks ago by the birth of a daughter. This is the 7th daughter. They have no boy. How is John going to clear up his land?

Mr. John Spratt was taken ill on Sunday last. Tae Apsley doctor was in attendance; he is improving.

Dr. Kelly, of Cox Hill, attended Mr. Wm. Dingman.

For Sale in Peterborough by JOHN NUGENT, Druggist.

LAKEFIELD.

From Our Own Correspondent.

Mr. and Mrs. Grinson, of Lindsay, are the guests of Mrs. Wm. Cox.

Mr. and Mrs. W. M. Graham were in Toronto last week, making purchases for the spring trade.

Mrs. R. C. Strickland and Miss Edith Strickland are in Toronto visiting friends.

Mr. and Mrs. Morland, of Belleville, are the guests of Mrs. H. M. Davidson.

Miss May Nelson has returned home from a visit to Havelock and Norwood.

Mr. and Miss Beavis, of Otonabee, are the guests of Mr. S. Nelson.

Miss Symmington, of Port Dover, head milliner for R. Graham & Son, is now busy with her staff of assistants preparing for the spring millinery opening which will be announced later.

Mrs. Cameron McDonald, of London, is the guest of her sister, Mrs. Grieves.

Mr. W. H. schofield, Ph. D., one of our old Lakefield boys, and son of Mrs. J. C. Sherin, has received an appointment on the staff of lecturers for the Harvard University Summer School.

Messrs. Isaac Jenkinson, F. J. Burgess and W. M. Graham are in Peterborough this week acting as jurors at the Spring Assizes.

Mrs. Secret of Hantaville with her two children are visiting friends in the village.

Mr. and Mrs. G. A. Strickland have returned from Vancouver.

Mr. W. Reynolds has returned home from Toronto.

Mrs. Reynolds and Miss Ollie Haton have returned home after an extened visit to Port Hope and other points.

Mr. John Hamilton left on Monday for Carmen, Manitoba.

Some contemptible enemy of Dr. J. R. Fraser has taken advantage of his absence through illness, to spread the report that he was going to give up his practice in the village. Such is not the case. Dr. Bell, who has charge of his practice during his absence, received a letter from him this week, stating that he was improving fast, and would be able to return and resume his practice the end of this week or early next week.

The Baptist Young People's Union held a grand rally here this week, commencing on Tuesday afternoon. The rally will have two sessions on Tuesday, March 8th, and the conference three sessions on Wednesday, March 9th. The following is the programme:—

RALLY PROGRAMME.

TUESDAY AFTERNOON.

2.00—Devotional service.
2.15—Address, President Cowsert.
2.30—Paper, by Pastor P K Dayfoot.
4.00—Paper, by Pastor W Peer.
4.30—Paper, by Pastor T W Watson.

TUESDAY EVENING.

7.30—Devotional service.
7.45—Address, "Our Educational Work," by Pastor C E McLeod.
8.15—Address, "Our Society's Monogram," by Pastor A T Dykeman.

CONFERENCE PROGRAMME.

WEDNESDAY MORNING.

9.00—Meeting of local H M Board.
9.30—Meeting of Associational Committee on Constitution and Bylaws.
10.00—Devotional Service conducted by Deacon Graham.
10.15—Verbal reports from pastors.
10.45—Paper, "The Pastoral Relation," by Pastor V Cowsert.
Discussion.
11.00—Paper, "The Pastor's Life," by Pastor A T Dykeman.
Discussion.

WEDNESDAY AFTERNOON.

2.15—Devotional Services, conducted by Pastor J R Beaner.
2.30—Paper, "The Life of Savonarola," by Pastor P K Dayfoot.
3.00—Paper, "Hindrances to Baptist Progress," by Pastor T Watson.
Discussion.
4.30-5.00—Question box.

WEDNESDAY EVENING.

7.30—Devotional Service, conducted by Deacon Mann.
8.00—Sermon, by Rev W Peer.

All are cordially invited to attend these meetings.

Rev H S Ham,
Secretary.

The Strickland Canoe Company are busily engaged in making large canoes for the Klondyke trade. They have already made several shipments and are taxed to their utmost capacity in filling orders. They have orders on hand to keep them busy for some time.

Messrs. John Lang, M. P., James Kendry, M. P., E. Hawthorne, Collingwood Schreiber, Deputy Minister of Railways and Canals, R. B. Rogers, Superintending Engineer Trent Valley Canal and R Pope, Valuator, were in the village last Saturday attending the citizens meeting regarding the proposed bridge to be placed over the canal at this point. Several speeches were made by citizens giving reasons why a swing bridge should be erected here. The matter is again referred to the Minister of Railways and Canals, although the Deputy Minister gave us no hope that a change would be made.

Ride a "Pilot" Bicycle this summer—to be purchased from R. Graham & Son.

The following is the honour roll of the Lakefield Public Schools for the month of February:—

BRICK—PRIMARY ROOM.

Sr. Pt. II—Jimmie Watson, Willie Kennedy, Rodger Fraser and Beatrice Gordon. Jr. Pt. II.—Eddie Millage, Bertha Podger, Ruby Martin. Sr. Pt. I.—Clarence Baptie, Mildred Webster, Hazel Armstrong. Jr. Pt. I.—Harold Podger, Charlie Sellens, Albert Smale. Tablet—Eva Alfred, Alfred Hutchinson, Cephas Little.

FORM II.

Junior 3rd—Aggie Wallace, Mary Kennedy, Norman Moore. Senior 2nd—Reggie Rodgers, Thomas Cunningham, Edna Nicholls. Junior 2nd—Mary Patterson, Blanche Sellens, Mary Robson.

ROOM III.

Junior 4th—Leo Quinn, Ralph Edmison, Charlie Blomfield. Senior 3rd—Mary Foley, Maggie Charlton, Michael Quigley. Intermediate 3rd—Wilbert Leonard, Rollie Northcott, Stuart Fraser.

WARD.

Senior Part II.—Thomas Foley, John Patterson, Arthur Murduff. Junior Part II.—Grace Baisdon, Sherman Hill, Joe Morris.

WEST ELGIN A TIE.

Mr. Macnish Will Have a Majority, However, When All the Proceedings Are Completed—Latest Political News.

Toronto, March 9.—Contrary, perhaps, to general expectation, in view of the practical disappearance of Mr. Macnish's majority in West Elgin on the first day of the recount, and the confidence with which the Conservative party claimed it as a gain, Mr. Macnish still holds the seat, the second day's proceedings in the recount having only brought the votes to a tie. The counting of the ballots by Judge Ermatinger was not concluded until late last night. It is stated that legal proceedings are not yet through, but the riding of West Elgin can still safely be counted in the Liberal column.

THE RUSSELL ELECTION.

Mr. Robillard, the Conservative Candidate Disposed to Retire.

Ottawa, March 9.—A curious condition of affairs exists in Russell. It is not known, and will not be definitely known till the hour of nomination on Friday, whether there will be a contest. Mr. Robillard, the Conservative candidate, told his friends yesterday that he was disgusted with the whole thing and would not stand. There is great consternation in the Conservative camp and Mr. Robillard is being treated to much advice. The difference is said to be of a financial nature, and unless a large sum for the expenses of Mr. Robillard is forthcoming there will be no contest.

A Tie in West Elgin.

St. Thomas, March 9.—The recount of the ballots cast in the West Elgin election was concluded at 10 o'clock last night, and the result was a tie, and if the Court of Appeal sustains the decision of Judge Ermatinger in the recount, Sheriff Brown, returning officer, will be privileged to vote. There is a large number of ballots objected to, which, it is believed, will be decided in Mr. Macnish's favor and give him a clear majority. There are some 25 or more ballots marked in the number compartments, to the counting in of which Mr. Johnson, agent for Macnish objected. Over twenty of these ballots which were counted were McDiarmid ballots.

OFFICIAL DECLARATIONS.

Returns Made by Various Returning Officers Throughout Ontario.

North Ontario—Total number of votes cast, 4,991. W. H. Hoyle (Con.) 2,326, T. W. Chapple (Lib.) 1,898. Majority for Hoyle, 431. Rejected ballots, 21.

West Hastings—Morrison (Con.) 1,985, Bleecker (Lib.) 1,784. Majority for Morrison, 201.

West Simcoe—Duff (Con.) 2,015, Currie (Lib.) 1,580. Majority for Duff, 435.

South Waterloo—Kribs (Con.) 2,532, Plim (Lib.) 2,423. Majority for Kribs, 109.

Centre Simcoe—Thompson (Con.) 1,761; Davidson (Lib.) 1,704. Majority for Thompson, 57.

Halton—Barber (Lib.) 2,531, Kerns (Con.) 2,408. Majority for Barber, 123.

East Northumberland—Douglas (Lib.) 2,814, Willoughby (Con.) 2,393. Majority for Douglas, 421.

Recount Roster.

North Toronto—Friday, March 11. Before Judge McDougall, Toronto.

A recount of the ballots cast in the election of March 1 in the city of Ottawa will begin before Judge MacTavish on Friday.

Was Wasting Away.

"I could not eat, sleep, walk or sit down for any length of time. I was always in pain and was wasting away. I grew very weak and had a bad cough. I tried many different remedies, but did not get relief. Since taking Hood's Sarsaparilla" however, I am able to attend to my business." Mamie Jaques, Ont.

Hood's Pills cure all liver ills. Mailed for 25c. by C. I. Hood & Co., Lowell, Mass.

How to Keep Well.

Without regular action of the bowels good health is impossible. Laxa- Liver Pills regulate the bowels, cure constipation, dyspepsia, biliousness, sick headache and all affection of the organs of digestion. Price 25c. All druggists.

Karl's Clover Root.

The great Blood purifier, gives freshness and clearness to the Complexion and cures constipation, 25 cts., 50 cts., $1.00. Sold by Jno. Nugent, 289 George street.

GALWAY.

(From Our Own Correspondent.)

Mr. and Mrs. T. O'Neil, of the township of Asphodel, drove to Mr. Reid's last Wednesday on a visit, but were surprised when informed that they had just arrived in time to attend the funeral of Mrs. T. McGee, which took place the next day. As was announced in last week's issue Mrs. McGee was a daughter of Mr. Reid's. The funeral was one of the largest that was ever held in this place, which shows the high esteem in which she was held by the many friends who knew her.

A gentleman from Emily visited this locality last week with the intention of erecting a cheese factory, but unfortunately he has not succeeded thus far in inducing the farmers to pledge a sufficient number of cows to warrant him in his undertaking. Perhaps the farmers will reconsider this important matter in the near future and embrace an opportunity of cooperating with a practical cheesemaker, as this section of the country is better adapted to dairying than grain raising.

Mr. P. Collins, deputy returning officer at school house No. 4, Swamp Lake, for the provincial elections, was in Peterborough last week with ballot box and contents.

We regret to state that Mrs. Cornelius Hickey was forced to go to St. Joseph's Hospital, Peterborough, to receive medical treatment for a severe attack of rheumatism with which she has been afflicted during the last two years. The disease has lately become chronic.

MUNYON'S CATARRH CURE

Catarrh seldom fails to affect the whole system and to break down the general health. It extends to the lungs, producing asthma, bronchitis and consumption; to the stomach and liver, and finally poisons the whole system, causing general debility and nerve troubles. Discharges from the nose and throat, bad breath, stuffed-up nostrils and head, pressure and sharp pains in the head, dizziness, sneezing, nose-bleed, inflamed watery eyes, deafness, and hawking and spitting of mucous are some of the symptoms of catarrh.

The Munyon treatment for catarrh is based upon the latest scientific discoveries and is a positive cure. The Munyon Catarrh Cure, price 25c, permanently eradicates the disease by its action on the blood and nerves, and the Catarrh Tablets, price 25c, cleanse and heal the diseased parts and restore them to a healthy condition.

Munyon's Asthma Remedies relieve in five minutes and cure in a few days. Asthma Cure with Asthma Herbs, $1.

Munyon's Remedies at all druggists mostly 25c a vial.

Personal letters to Prof. Munyon, 11 and 13 Albert street, Toronto, answered with free medical advice for any disease.

ALMOST A MIRACLE.

OTTAWA, Sept. 9th, 1896.

To the Phrenoline Medicine Co., Ltd., Ottawa:—

GENTLEMEN,—I hardly know how best to express my appreciation of your valuable rheumatic remedy, Phrenoline. My son Gordon, who is 9 years old, has been a sufferer from inflammatory rheumatism for the past two years; was so bad at times that he had to be carried about on a mattress; was attended by two city doctors apparently without the slightest benefit; spent 10 days at Caledonia Springs, came home with no marked improvement; took three bottles of a Homeopathic remedy now being extensively advertised, which did not relieve him in the least. I was beginning to give up all hope of his recovery, when by chance I mentioned the case to a friend who strongly advised me to give Phrenoline a trial.

I did so, with the result that when my boy had taken only half a bottle he was able to get on his bicycle and ride like any other boy around the block.

I certainly feel that I cannot say too much in praise of your medicine, and shall do all I can to make known its value to others.

Yours very sincerely,
(Signed) REUBEN CLARK,

Manufactured on Honour and sold on Merit only by

THE RAILWAY DEBATE

Sir C. H. Tupper Follows the Lead of His Sire.

STRONG REPLY BY HON. J. I. TARTE

An Appeal to the Patriotism of Conservatives—Sir Hibbert Tupper's Errors Corrected—The Policy of the Government Will Be to Push on the Road to Completion.

Ottawa, March 9.—The greater part of the time of the House yesterday was occupied by a speech on the Yukon Railway question by Sir Hibbert Tupper, who takes after his venerable sire in many directions, and particularly in that of discursiveness. It must be said, however, that the efforts of Sir Hibbert possessed merits other than that of length. It bore evidence of industrious research in the musty tomes of the library, and proved that the speaker had been a close listener to the flood of oratory that has poured forth from both sides of the House during the past month. He repeated much that had been said by his political friends, and attempted to controvert many of the contentions advanced by his opponents. The Minister of Public Works took part in the debate, and made it plain to the House that, in spite of the developments at Washington, the Government had no intention of receding from the position it has taken. His declaration was that the scheme will go through. Mr. Tarte appealed to the patriotism of the Opposition not to allow any party considerations to intervene to the detriment of Canada at a time of international difficulty. He brought out a number of important points in regard to the navigation of the Stikine River.

Bills Introduced.

The following bills were introduced and read a first time:

Respecting the Edmonton District Railway—Mr. Oliver.

Respecting the Manufacturers' Accident Guarantee Company—Mr. Monk.

Respecting the Atlas Loan Company—Mr. Scriver.

Respecting the Montreal Laurentian Railway Company—Mr. Penny.

Respecting the Queenston Heights Building Company—Mr. Monk.

To incorporate the Victoria Fire Assurance Company—Mr. Quinn.

To amend the Trade Marks Design Act—Mr. Bertram.

Mr. Fortin introduced a bill to amend the Weights and Measures Act, to provide for a standard of weight or quantity for potatoes when sold by the bag. At present, while a bag of potatoes is supposed to contain 1¼ bushels, or 90 pounds, there is, he said, no standard to guarantee the quantity. The bill would make the standard 80 pounds weight to the bag.

Mr. Foster once more asked for a copy of the instructions given to Major Walsh, the administrator of the Yukon.

Sir Wilfrid Laurier said that everything had been brought down. There were no instructions beyond those contained in the commission.

YUKON BILL DEBATE.

Speeches by Sir Charles Hibbert Tupper and Hon. J. I. Tarte.

Sir C. H. Tupper continued his speech on the Yukon Railway bill. He pointed out that the Government had announced during the debate several important changes in the contract, so that their plea for the immediate ratification of the original contract hardly held good. It looked as if in committee the Government would have to bring down a supplementary contract. The announcement of the Solicitor-General that a change would be made requiring the contractors not merely to build the railway but also to operate it, was an admission of the effectiveness of the criticism of the Opposition. He asked who drew this crude and ill-considered contract? Did the solicitor of MacKenzie and Mann draw it, after these gentlemen had dictated the terms? The magnitude of the concessions given to the contractors would give them one of the greatest mining monopolies ever known. He pointed out the danger the Government were running by imposing a tax of 10 per cent. on the free miners and only 1 per cent. on those favored monopolists. In the old days of the Fraser River gold excitement the House Government was most careful to treat the miners fairly, to lead them to understand that it was to their interest to observe the law. A general respect for the law was secured by regulations of a reasonable character.

After carefully analysing the contract, Sir C. H. Tupper asked if the railway was not completed by Sept. 1, what would be the penalty? What would be done in case of default?

Mr. Sifton—The Government would take action according to the circumstances.

Sir C. H. Tupper said this was the day when the sleigh road had to be completed. Had the Government any information on that point?

Mr. Sifton—The hon. gentleman is aware that there is no telegraph line between that point and this.

Sir C. H. Tupper said Mr. Mann was in town. Surely the Minister must have asked him for information.

Mr. Sifton said he met Mr. Mann at the Rideau Club, and in the course of conversation Mr. Mann had assured him the sleigh road was built.

Sir C. H. Tupper—If Mr. Mann's statement be not correct, what does the Government propose to do?

Mr. Sifton—I think the hon. gentleman had better proceed with his speech.

"I am," said Sir Charles, "against the voting of one dollar to the alienation of a single acre of land, when it depends upon the good-will of the United States for the successful carrying out of the practical scheme for which the money or land is appropriated."

In conclusion, he emphasised his hostility to the present scheme, both as a national gamble and a doubtful issue.

Hon. J. I. Tarte.

Mr. Tarte followed Sir Hibbert, but devoted his attention immediately to Sir Charles Tupper, with whom he remonstrated for the position he had taken, that because of the action taken by thirty-four American Senators we should not hesitate one moment in stopping the great national work in which we are engaged. "On behalf of this Government," cried the Minister, "on behalf of the loyal representatives of the people who sit on these Ministerial benches, on behalf of our young and proud Canadian nation, I beg to take issue with the hon. gentleman on these grounds. Their policy is that we should go on with this Stikine route; the policy of this Government will be to push on that road with more energy and if possible with additional vigor." Mr. Tarte read from a letter of Sir John Macdonald, in which Sir John said: "The United States Government are bound to do all they can to get possession of the western territory, and we must take action to prevent them. One of the first things to be done is to build the Canadian Pacific Railway." These words, Mr. Tarte said, seemed to have been written for the present emergency, and while he protested against the idea that the action of thirty four Senators represented American opinion, still we must not forget that the American Senate had taken that position. Mr. Tarte dwelt upon the importance of the Klondike trade to all Eastern Canadian cities, which to-day amounted to ten millions of dollars, and would increase with the influx of 50,000 or 100,000 people, and declared that if it became known that the Canadian Government were not going on with the railway the American coast cities would become the bases of supplies for the Canadian Yukon, and we might even lose control of the Yukon. He quoted from a speech by Sir Charles Tupper in introducing the C.P.R. resolution, in which the Baronet said that it would be better to give 100 millions of acres of land for the construction of the railway than to allow the West to remain uncultivated; and how could there be monopoly now when out of 80 million acres, less than four million were given? As to the strictures of the Opposition upon the American Government, Mr. Tarte said: "The Canadian Government have no ground of reproach to make to the American Government. We have been treated so far by them in a friendly spirit, and I have no hesitation in believing that we will be treated in the same friendly manner in the future in spite of the dangerous language, the unwise language, used in the House by men who ought to know better. The language of the Right Hon. Baronet (Sir Charles Tupper) has been quoted in the American Senate against this country. The speech he made at the beginning of this session, in which he appealed to passion against the American Government, has been used by Col. Lewis in support of the recent bill." Mr. Tarte said that he did not think the American Government would deny us the right of transhipmnent at Fort Wrangel, but as a matter of fact it would be possible to take goods in boats from Victoria or Fort Simpson right up the Stikine. "At this moment," he continued, "in the City of Toronto there are three ships in construction whose object is to carry trade and commerce from Fort Simpson or Victoria into the Stikine River." Mr. Tarte also spoke of Mr. Hamilton Smith, who had come here from Washington and had made his proposition to the Government after consultation with the members of the Opposition who were deliberately trying to aid the Americans to secure the Klondike trade.

Mr. Bargeron and Mr. Morrison also spoke, the latter moving the adjournment of the debate.

An Ex-Alderman Speaks.

Mr Jas. Hagan, the well-known ex-alderman of Kempville, Ont., says: "For some years I have been greatly troubled with pain across my back. Urinary trouble caused me much loss of sleep, and I suffered from a tired, worn out feeling. Doan's Kidney Pills gave me relief in a short time. The pain in my back has disappeared, and I feel that I would be doing wrong not to recommend them to others suffering as I did. They are the best medicine I ever used."

Bright as a dollar.

Heart and nerve troubles cloud the brain, tangle the memory, wrench the system and destroys sleep. Milburn's Heart and Nerve Pills regulate the heart, tone the nerves and bring health and vigor to the entire system.

SHILOH'S CURE, the great Cough and Croup Cure, is in great demand. Pocket size contains twenty-five doses only 25c. Children love it. Sold by John Nugent 289 George street.

The germs of consumption are everywhere.

There is no way but to fight them.

If there is a history of weak lungs in the family, this fight must be constant and vigorous.

You must strike the disease, or it will strike you.

At the very first sign of failing health take Scott's Emulsion of Cod-liver Oil with Hypophosphites.

It gives the body power to resist the germs of consumption.

50c. and $1.00, all druggists.
SCOTT & BOWNE, Chemists, Toronto.

WHEAT FIRMER.

Liverpool Has an Advance—India's Crop Prospects Are Bright—The Visible Decrease—Local Prices.

Tuesday Evening, March 8.

Liverpool wheat closed ½d to 1¼d higher than previous close.

Cash and May wheat just about held their own on the leading American markets.

Cash and July wheat both advanced a fraction at Liverpool, as did also cash, July and September maize.

India's wheat acreage reported to be 1,574,000, against 1,361,000 a year ago. Condition, 94 per cent., against 63 per cent. a year ago.

The decrease in the world's visible supply of wheat during the past week was 2,442,000 bushels, made up as follows: East of the Rockies, 1,542,000 bushels; Europe and afloat, 900,000 bushels. Last year's decrease for the same week was 1,205,000 bushels. The visible supply of corn increased 310,000 bushels and of oats decreased 511,000 bushels.

Leading Wheat Markets.

Following are the closing prices to-day at important centres:

	Cash.	May.
Chicago	$1 02¼	$1 04½
New York	1 09⅝	1 00½
Milwaukee, No. 1 North	1 02	1 02½
St. Louis	0 99½	1 01½
Toledo	0 99⅞	0 99⅝
Detroit	9 97⅞	0 97⅝
Duluth, No. 1 Northern	0 99⅛	0 99⅝
Duluth, No. 1 hard	1 00⅛	....
Toronto, red	0 93	....
Toronto, No. 1 hard	1 10	....

Toronto Grain and Produce.

Flour—Very dull. Straight rollers in barrels, middle freights, are quoted at $4 to $4.10.

Wheat—Exporters are doing nothing. No. 2 red, north and west, quoted at 86c to 87c. Goose wheat, north and west, sold at 82c. No. 1 hard, north and west, held at $1.10 North Bay.

Barley—Quoted at 33c west and 34c east. Malting barley, 36c to 37c.

Oats—Dull. Choice heavy white will bring 30½c to 31c, north and west.

Peas—Are scarce and steady, 57c north and west and 58c east.

Rye—Offerings light at 50c west and 52c east.

Buckwheat—Quoted at 35c to 37c outside.

Toronto St. Lawrence Market.

The receipts of grain were light to-day, not more than 1500 bushels all told.

Wheat easier, 200 bushels selling as follows: White 85c, goose 86½c per bushel.

Rye steady, at 53c for 150 bushels.

Barley firm, at 39c to 41½c for 150 bushels.

Oats steady, at 35c to 36c for 500 bushels.

Peas easy, at 58c to 59c for 500 bushels.

Dressed hogs, prices unchanged, with light deliveries at $6 to $6.25 per cwt.

Hay easier, 30 loads selling at $8 to $9 per ton.

Straw firmer, 6 loads selling at $6 to $8 per ton.

Apples and potatoes firm at quotations, with light deliveries.

Toronto Live Stock.

The receipts of live stock on the Cattle Market to-day were liberal, 45 carloads, composed of 500 cattle, 506 sheep and lambs, 36 calves and 2300 hogs.

The following are the total receipts for last week: 1777 cattle, 275 sheep and lambs and 6567 hogs; receipts for weigh scales, $106,80.

The bulk of cattle offered were of the butchers' class, with a few exporters mixed with them.

There was little if any change in prices, trade being a little brisker than on Friday last, several dealers from outside places being on the market.

Prices for export cattle unchanged at $3.75 to $4.25, export bulls $3 to $3.50, choice picked lots of butchers' $3.75 to $4, loads of good $3.40 to $3.62½, medium $3.30 to $3.40, common $2.90 to $3.25 per cwt.

A few sales of feeders and Buffalo stockers were made at prices unchanged.

About 80 milch cows were sold at $28 to $40 each, the latter being the outside price, as there was not a real choice looking cow on the market.

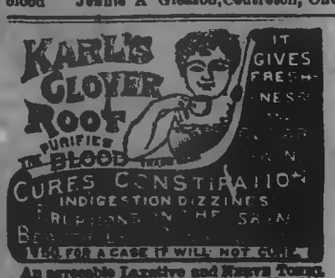
Calves, prices unchanged, selling at $2 to $8 each.

Sheep, prices unchanged, with supply equal to demand.

There was a large run of hogs, which sold at $5.12½ per cwt. for best selections, $4.75 for light fats and $4.62½ for heavy fats; market inclined to be weak.

Blood That is Bad.

Blood that is bad makes the whole body sick. Blood that is good makes the whole body healthy and vigorous. Burdock Blood Bitters makes good, rich, ruddy blood. "I regard B B. B. as the best medicine in the world to make rich, red blood. It cured me after two years suffering from weak, thin blood." Jennie A Gleason, Centreton, Ont.



An agreeable Laxative and Nerve Tonic. Sold by Druggists or sent by mail. 25c., 50c. and $1.00 per package. Samples free.

KO NO The Favorite TOOTH POWDER for the Teeth and Breath, 25c.

Captain Sweeney, U.S.A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the best medicine I have ever found that would do me any good." Price 50 cts. Sold by Druggists.

SOLD BY JOHN NUGENT.

Lee Will Stand to His Guns.

Havana, March 8.—General Fitzhugh Lee, the United States Consul-General, when questioned regarding Spain's demand for his recall said: "I shall continue to do my duty, which is to guard American interests."

More Artillery Regiments.

Washington, March 8.—Chairman Hull of the House Military Committee has moved the passage under suspension of the rules of the Hawley bill creating two additional regiments of artillery.

That Relief Expedition.

Key West, March 8.—Orders were received here yesterday rescinding the instructions given to send the Fern to Cuba with supplies, and reiterating the original order naming the cruisers Nashville and Montgomery as the vessels to carry out that mission. There was some excitement in naval circles here over this sudden change in the programme, as no explanation of the matter was obtainable.

Wall Street Was Affected.

New York, March 8.—Apprehension over the relations between the United States and Spain was prevalent in all circles in Wall street yesterday. There were large sales of securities by timid holders.

Spanish Troops Arrive.

New York, March 8.—By the hiss and roar of rockets and military music Havana was awakened on Sunday, announcing the arrival of another ship, the Alfonso XIII., of the Spanish line, and on her decks thronged 1,500 soldiers from Spain.

Irish Nobleman Dead.

London, March 8.—Hon. Trent Hamilton, Baron Holm Patrick, of Holm-Patrick, County Dublin, is dead.

TWIN TORTURERS!

Lumbago and Rheumatism made Harmless by Dodd's Kidney Pills.

Lumbago and Rheumatism cause endless pain and suffering. Every man and woman who runs chances of getting wet, or catching cold, is liable to suffer from one or both. Our hospitals are full of sufferers from these diseases; none are more painful. Every nerve is on fire; every joint is a centre of agony; every muscle an area of torture. To move hand or foot makes the victim shriek with agony.

Rheumatism makes more cripples than all the railroad accidents that ever happened. Twisted, mis-shapen caricatures of humanity, who cannot walk without misery, are to be seen every day. The kidneys are to blame. If they are healthy you needn't fear Rheumatism or Lumbago. Dodd's Kidney Pills keep the kidneys healthy and cure Rheumatism and Lumbago. Dodd's Kidney Pills ALWAYS CURE.

LICENSE DISTRICT
OF WEST PETERBOROUGH

To Tavernkeepers, Shopkeepers, Wholesale Merchants and Others Whom it May Concern.

High-Grade Cemetery Work
AT A MODERATE PRICE.

The element of permanence which attaches to the erection of any memorial to the dead readers it highly desirable that no mistake be made in the selection either of design or of materials.

A mistake is a serious matter. Let us help you to make a right decision. Our specialty is the erection of monuments which are unique without being grotesque, and artistic without being over-decorated.

We manufacture from all first-quality granites, and as WE SELL DIRECT TO CUSTOMERS, we save the latter all agents' profits. Thus, too, there is a decided advantage for the buyer in dealing with one responsible firm for both the manufacture and the setting of a monument.

All our work is guaranteed, NO CHARGE being made if not strictly according to contract. Write us for designs and estimates.

Historical Society.

On account of other engagements of members, the monthly meeting of the Society has been postponed. The usual notice will be given to members when the date is arranged.

Shoes! Shoes! Shoes!

Kidd is rushing off the stock of shoes bought from Mr. Ames at 55 cents on the dollar—405 George street.

To-night and To-morrow Night.

Ramsay is being brought here by the Lacrosse team and he is not merely using their name as has been stated. This is Mr. Ramsay's first appearance in Peterborough.

Is Your Piano in Tune?

The change of season affects pianos as well as anything else. Mr. Geo. Gumpricht, practical piano maker and tuner, with 25 years experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

A Big Order.

The order for wall paper required for the Bradburn Hotel block in Port Hope has been given to the Peterborough Bookstore. It is estimated that 1,000 rolls of wall and 2,000 yards of border will be required for the job.

Victoria Bicycle Club.

A meeting of the Victoria Bicycle Club is called for Wednesday evening at eight o'clock. As the future of the club depends entirely on the representation of members present it is hoped that the attendance will be large, so that a full discussion of the club's affairs may be entered into. 3t

Lecture in St. John's.

The third lecture in the special historical course at St. John's will be delivered this (Wednesday) evening by Rev. W. E. Cooper, B.D., of Campbellford. Rev. Mr. Cooper's subject is "The Conquering Church—Constantine and the Nicene Age." All seats free. The service will begin at 8 p.m., the lecture following at 8.30.

A Generous Act.

Some months ago a young man paid his membership fee in the Y. M. C. A. Last evening the same young man handed in a voluntary contribution of $30 to the work. When young men show such evidences of appreciation benevolent citizens with means are justified in heartily supporting the work.

RAMSAY TO-NIGHT.

Ramsay at the Opera House. Don't miss it. Will be a treat. Entire change of programme for to-morrow night. Prices 10c, 20c and 30c.

Lenten Services at St. Luke's.

Sheriff Hall will lecture in St. Luke's school house this evening on "Macbeth." Vocal music will be given by Mrs. Parker. On Friday evening the third lecture on "St. Paul" will be given; "St. Paul's teaching about law and Gospel," and on Sunday evening the third sermon on types of Christian service, "Ruling," will be delivered by the rector, Rev. H. Symonds. All seats free at all services.

Running no Chances.

A lady died, and while the pall-bearers were conveying her to her last resting place by some mishap they stumbled and dropped the corpse. The concussion brought the deceased back to life, and she lived six or seven years and then died again. On the way to the grave they passed over the same ground, and when the pall bearers reached the identical spot where the stumble had been made at the previous funeral, the stricken husband stepped in front of those bearing the remains of his lamented wife and said, "Steady, boys, steady."

RAMSAY

was in Port Hope on Monday night and the Guide speaks of his entertainment as follows:—The entertainment in the Y. M. C. A. Hall last night by Mr. W. E. Ramsay was an immense success. The hall was crowded, and chairs had to be brought into the aisles. Those who have not seen these life-like moving pictures should by all means go to-night. It is a treat not to be enjoyed every day. The songs and character selections by Mr. Ramsay brought down the house and were greatly enjoyed.

Don't Fail to see.

Our 1898 Cleveland

T. FITZGERALD.

APPARENT IMPORTATION OF BOILERS.

The Matter Easily and Creditably Explained.

Considerable perplexity is felt by many at an apparent example of bringing "coals to Newcastle." At the C. P. R. station there are half a dozen steam boilers, labelled and and actually made by Goldie & McCullough, Galt. The question arises with many how, with an establishment like the William Hamilton Company, is it necessary to import steam boilers. The matter is easily and creditably explained. The William Hamilton Company received an order for boilers for the Crow's Nest Pass district, British Columbia, but their boiler department, though among the most extensive in Canada, was so thronged with orders that it was found impossible to build the boilers as soon as wanted. They therefore had to place the order with Goldie & McCullough, which circumstance satisfactorily explains the presence of boilers shipped to Peterborough. The hands are the hands of Esau, but the boilers in effect, are the boilers of the William Hamilton Manufacturing Company, who are struggling day and night under an avalanche of orders unprecedented in the history of the establishment.

ABERDEEN SOCIETY.

It is Proposed to Form a Branch of the Organization Here.

A meeting of ladies of all denominations is called for Friday afternoon at three o'clock in the Y. M. C. A. parlours for the purpose of forming a branch of the Aberdeen Society, under the patronage of Her Excellency Lady Aberdeen.

Mrs. C. B. B. McAllister, who has just returned from Ottawa, where she attended meeting of the parent society there, will be present to explain in detail the aims and objects of the organization, which it seems, is formed for the purpose of collecting literature and distributing it in the newly settled portions of the country, where reading matter is hard to obtain on account of the remoteness of some of the points from civilization.

It is to be hoped that the meeting will be largely attended, as a society having such a commendable object should receive all due encouragement.

PERSONAL.

Mrs. Charles McGill left this morning to visit friends in Toronto.

Mrs. J. H. Primeau is visiting friends in Millbrook.

Mrs. Pope has returned from visiting Mrs. Quigley, Hastings.

Mrs. Masters of Toronto, is the guest of Mrs. R. A. Hamilton, town.

Mr. Geo. Paxman has returned from the Crow's Nest Pass for a few days.

Mrs. K. McWilliams has been visiting her uncle, Mr. A. Beavis, Asphodel.

Mrs. Brodigan has returned from Norwich, where she was called through the death of a relative.

Mr. John Nugent has sufficiently recovered from his recent illness as to be able to again attend to business.

Mr. T. J. Day, of Guelph, is visiting at the residence of his brother-in-law, Mr. A. J. Gough, Homewood avenue

Mrs. W. Werrett and Mrs. W. R. Griffin and daughter, Miss Lila, Toronto, are the guests of Mrs. F. N. Pettit, 345 Bubridge street.

Mr. Will Connal left this afternoon for Vancouver, where he has secured a good position with the Electric Railway of that city.

Mrs. W. A. Sanderson is spending a few weeks at Clifton Springs, accompanied by her daughter, Miss Hazel, whose health is in rather a precarious condition.

Mr. and Mrs. Theodore Joy, Ashburnham, have returned from an extended visit to Toronto. Mrs. McMurchy accompanied them with her two children.

Mr. Chas. Gladman left to-day for Vancouver with thirty canoes, which he will dispose of at the Coast, whilst waiting for the rest of the Peterborough party to join him on the way to the Klondyke.

Mr. John Small, of Moosejaw, N.W.T., who has been the guest of Mr. Geo. Young, North Monaghan, for some time, returned to the Northwest yesterday. Mr. Small has been in Ontario nearly three months on his present trip, and has visited a number of old friends in that time, being a former resident of the vicinity. He prefers Moosejaw to any other portion of the country for farming purposes, and has now been living there fourteen years, having no wheat frosted in twelve seasons. He advises his friends who contemplate moving west, to give Moosejaw a trial, as for wheat growing it cannot be equalled in the territories.

Dr. T. Herbert Bell has opened up an office for the practice of his profession in Lakefield. The young doctor has had a professional training more thorough than that usually possessed by the ordinary physician. Added to a first-class training are his experience and knowledge gained in the the most famous universities and medical schools of England, for the matter of that, in the world. He has the degree of L. R. C. P., London, (Licentiat of the Royal College of Physicians), M. R. C. S., London, (Master of the Royal College of Surgeons). Dr. Bell, who is a son of Mr. F. J. Bell, Division Court Clerk, is a young man of steady habits, affable disposition and this conjoined with his unusual professional attainments should ensure him a successful career in his profession.

See our Medium Grey Worsted Spring Overcoats, well made and trimmed, selling at $6.50. Grafton & Co.

The Departure of the "Beautiful."

The fine spring-like weather that we have been favoured with during the past ten or twelve days is in great contrast to the same period last year, when 8, 10 and 11 below zero was experienced on different occasions, with snow or rain on almost every day. Last spring the sleighing was practically finished on the 12th of March, and all snow had disappeared by the 22nd, at which date the creeks, etc., were in full flood. A few days later, however, six inches of wet snow fell, which remained on the ground but a couple of days. The sleighing this winter has continued for over thirteen weeks as compared with seven weeks last winter.

Busy Barbers.

Since the reduction in my prices for hair-cutting and shaving, trade has gone away up with a bound. Hair cuts for 10c. and shave for 7c. has come to stay at this shop, and

Glad are the smiles of our barbers
For the wave of prosperity rolls
With gladsome and lively music
Through all their tonsorial souls;
And the grit and the grind of
The clippers are heard on the long-worn hair
As we mow from the heads of the
Hundreds the once honored pompadour hair.

Ladies Shampooing done and Switches and Bangs made to order and renewed. Natural Switches, 30 inches long, for $1.00. EDWARD LECLAIRE, formerly LeGros, 729 George st.

THE ASSIZES.

The Last Case on the Docket is now Before the Court—Other Cases Disposed of.

Bonner vs. Township of South Monaghan et al, the first case taken up at the present sitting of the High Court came to an abrupt conclusion yesterday afternoon, when, at the conclusion of the evidence for the plaintiff, Mr. Geo. Edmison, counsel for the defence, asked for a non-suit, which was granted, although not before the opposing counsel had argued the point for nearly five hours. W. R Riddell, Q.C., of Toronto, and R. Ruddy, Millbrook, appeared for the plaintiff and Mr. Geo. Edmison, of town, for defendants.

The case of Rogers vs. Ridden, in which the plaintiff, a butcher, charged the defendant, also a butcher, with maliciously injuring the business of the plaintiff by spreading certain rumours alleging that the plaintiff killed and took to his shop a bull infected with cancer, and in which plaintiff claimed $1,000 damages, was settled out of court. Geo. J. Sherry, for plaintiff; W. A. F. Campbell for defendant.

The case of Hall vs. McPherson and Proctor was dismissed on the consent of both parties with the understanding that an appeal would be taken to the Division Court. This was a case brought by Adam Jeffrey Hall, against Alfred J. McPherson and Wm. Proctor. The statement of claim alleges that the defendant and others, under the name of the Bay of Quinte Hedge Company did make certain misrepresentation regarding their assets, thereby inducing the plaintiff to take stock in their company, whereby he did incur certain losses. Plaintiff sues for $600 damages. Stratton & Hall of town and S. Blake, Q. C. for plaintiff; McPherson & Davidson for defendants.

Brisbois vs. Corry & Laverdure is still before the court. D. O'Connell is appearing for the plaintiff, and W. H. Moore for defendants.

COLLECTION OF TAXES.

Why they Should be Collected in Instalments.

As the question of the payment of taxes on the instalment plan is becoming a live issue in Peterborough, the following reference to the system will be read with interest. The Boston Transcript says:—"Paying taxes on the instalment plan is one of the happy thoughts of a municipal philosopher. Why not pay them that way? There is nothing particularly sacred about the period of one round year that would make it necessary to tax by that period, rather than by any other. Thrifty people might prefer to pay their house rent by the year, but that is not the rule. There is no absolute reason why taxes should go by the year either. Furthermore, if the taxes came into the treasury by the month it is doubtful if so many wasteful expenditures would be made by municipal governments. The large figures in annual budgets tempt to large appropriations. This municipal philosopher may have hit on a great idea. More taxes raised with less grumbling and with narrow appropriations would be a wonderful boon."

GIVE THE BOYS A CHANCE.

The Boys Department of the Y.M.C.A. have a membership contest of their own which began on March 1st, and is now in full swing.

They crave the indulgence of the evening papers, and wish them to publish a few notes now and again to boom their cause.

They want the friends of boys who are not members to give these boys the chance of enjoying the membership privileges.

It costs but $2.50 per year for boys between 12 and 16.

About 20 cents a month—what father would refuse this when he knows of the benefits his boy receives?

The contest stands to-day:
Blues—90 points.
Reds—50 points.

"Come little boy blue
Come blow up your horn."

The side that wins gets a treat of oysters—the losers eat porridge.

Watch the flags between now and April 1st.

"A Man's a Man for a' That."

Even if he has corns on both feet. But he is a stronger, and happier and wiser man if he used Putnam's Painless Corn Extractor and get rid of the unsightly corns, painlessly and at once.

DAILY TEMPERATURE RECORD.

The following are readings of the official thermometers for this morning, as well as the highest and lowest yesterday—shade temperature:—

	Highest.	Lowest.
To-day, 7 a. m.	....S° above zero	
Yesterday	45°	29°

The minus sign (—) signifies below zero.

When You're Ready for Wall Paper Visit the Peterborough Bookstore. Our special Spring importation of over 25,000 rolls, will be our leading event this week. You know, of course, that we sell as we buy, and such prices as these clearly illustrate the meaning of that fact: Gilt papers, 5c.; gold papers, 7c. and 10c.; embossed papers, 15c.; embossed gold friezes, 10c.; ingrain friezes, 8c. and 10c.; a lot of home-made goods, with and without borders, worth from 25c. to 50c. for 10c.

A. H. STRATTON & Co.

Mr. Ames has enough money, and sold his stock of shoes to Kidd, so that he can give great bargains—405 George street.

WHERE IS BRAMAH.

His Brother Would Like to Know Where he is.

The Chief of Police has just received a letter from Chief Horsey, of Kingston, inquiring as to the whereabouts of Edward Bramah, a brother of John R. Bramah, police constable, of Kingston.

The communication states that the young man is about 23 years of age, and when last heard of was working for Albam Foster, in Peterborough, some four or five years ago.

The names are unfamiliar here, but the police will do their best to find the missing man.

BOARD OF TRADE

Will Strengthen the Hands of the Dominion Government.

A special meeting of the Board of Trade is called for to-morrow evening in the town council chamber for the purpose of passing such resolutions as will strengthen the hands of the Dominion Government in their firm stand as regards the action of the United States Government respecting free navigation privileges of the Stickeen River under the Treaty of Washington. The public are cordially invited.

Medals for Veterans.

The following quotation from a letter from the Minister of Militia, says the Toronto Mail and Empire, may be interesting and satisfying to the many enquirers who are specially interested: Her Majesty's government has been pleased to grant a medal to the veterans of 1866 and 1870, together with an individual clasp to those who may have served in either of these campaigns, and in the '85 campaign as well. This department is now gathering information to enable it to make a list of those who are entitled to the decoration. It will necessarily be some time before the formal presentation can be made.

RAMSAY TO-NIGHT.

Ramsay at the Opera House. Don't miss it. Will be a treat. Entire change of programme for to-morrow night. Prices 10c, 20c and 30c.

Parlour Furniture.

It is worth a visit to Clegg's furniture warerooms to see their parlour suites. New and handsome designs in 3, 4, 5 and 6 piece suites, beautifully upholstered in the latest styles and materials. Odd pieces in parlour furniture in great variety and at very low prices. Clegg's furniture and undertaking warerooms, 427 George street.

WEST PETERBOROUGH.

The decisive victory won by Mr. Stratton on March 1st is emphasized by the fact that there was a much fuller expression of public opinion than in 1894. In the general election of that year there was polled a total of 3,800 votes—2,280 for Mr. Stratton and 1,520 for Mr. Winch. In the election of March 1st there was polled a total of 4,485, an excess over 1894 of 685. Of these Mr. Stratton got 2,742 and Mr. Garvin 1,743.

THE TOWN COUNCIL.

It is with considerable satisfaction that one can note the exhibition of an aggressive as well as progressive spirit on the part of the Council of 1898. Assuming that the electric railway project will give the town all the advantages which its promoters, advocates and friends claim for it, the council has certainly shown brisk enterprise in dealing with a scheme which it is claimed will improve the means of communication with outlying districts and bring trade to the town. We have frequently pointed out the great advantage of bringing increased visitors to the town, and any scheme that can popularize our unsurpassed summer resorts, by making access to them easy, is deserving of the cordial support of the town. A scheme that will enable the people of Toronto to visit our northern lakes in the course of a day has self-evident advantages to the town and district; our own people will benefit by easier access, and a prospective influx of trade from the north will also be a substantial benefit. A step in the right direction is the stand taken in the direction of permanent improvements for George street. Apart from the merits of the plans that may be adopted, the principle of doing a thing well is to be highly commended. In the past history of the town the treatment of the streets has been too much of a make-shift character—merely making the streets passably decent for the moment, without any great thought for the permanent character of the work. If a score of years ago we had adopted the policy of giving the streets proper grades, proper watertabling and draining them, and of putting down a mile or two of permanent street bed yearly, we should have had twenty or thirty miles of first-class permanent streets, with not very much cost over a system of patchwork, which, in regard to a large number of streets here, has left us about where we were a score of years ago. Within the past few years we have adopted something like a more permanent system, and the result is that we have some stretches of streets that with prompt and reasonable attention, will remain good for a decade or two. The old proverb, "What is worth doing, is worth doing well," applies with special force to street construction, and this principle applies with force to the business section proper of George street. We have, as far as buildings and establishments are concerned, the finest semi-urban business street in Ontario in this same George street. But while this applies to the buildings and establishments, as much cannot be said of the pavements. The carriage way of the street can now be considered a fairly good one for a back street, but for the main thoroughfare of the best town in the province it is not up to the mark. Therefore the proposal to provide the stretch of street from Charlotte to Brock streets with a respectable permanent pavement both side and central, is worthy of the approval of all citizens who take pride in the town. It may be assumed that the council has decided upon something like this, but there are many details yet to be settled—the form which the permanent pavement shall take and the manner in which it shall be done—whether by frontage tax or general tax, or a combination of the two, has yet to be considered. Both systems have their advocates. While it is contended that the frontage tax plan will, in the beginning, relieve the general taxpayer of contributing to the cost of an extensive improvement on George street, in the end, others contend, it will be the most burdensome on the general taxpayer. The business portion which it is proposed to provide with permanent pavements pays a large share of the taxes. If this portion is called upon to pay the bulk of the cost of permanent improvement, it will be relieved from general taxation and thus the whole burden of maintaining the streets of the town will fall upon the remaining taxpayers of the municipality; and the question to decide is whether this will not represent a heavier contribution to taxes than if the proposed permanent improvements on George street were made by a general tax. Another thing that will have to be looked upon is the universal putting in of water and sewer services in the district subjected to permanent improvements. It will never do to have a permanent pavement broken up at frequent intervals with excavations for these services, and the action of the Sewerage Committee in this regard indicates a profitable foresight. The council is now in a position to give effect to its apparent disposition to give the people good value for the taxes they contribute to the construction and maintenance of the several civic services. The council should be broad and liberal in its measures and aggressive in it policy. We have about reached our height of automatic development as a country town and we must be guided by men with a wider grasp of questions than has been necessary in the past. Whether we progress or stand still very largely depends upon our representatives and the attitude assumed in relation to interests that represent the advancement of the town.

THE COMING CATERPILLAR PEST.

Bad as this visitation was last summer, it threatens to be even worse this season. The caterpillars have deposited their eggs on the twigs of all kinds of trees and from samples that have been left at this office, never before was there such a general and abundant deposit of ova, which, when the weather is favourable, will hatch and prey upon and destroy our trees. There is no difficulty in identifying these eggs. They are deposited in the form of a band around a twig of small size. The eggs are imbedded in a sort of glutinous mass and the surface of the band has the indented appearance of the tip of a thimble. The bands are of a grayish brown colour and cannot be mistaken. These clusters of eggs contain from 10 to 500 eggs, which represent as many caterpillars, so that in a small area there are waiting millions of these pests to prey upon the trees. Now is the time to take prompt action. Fortunately, it is said, the eggs are deposited upon the lower twigs of the trees and therefore more readily accessable. The radical and only way is to remove the twigs from the trees and burn or otherwise destroy them. Nothing but a vigourous and general campaign will save our fruit trees as well as shade trees from destruction. The question has been referred to the Finance Committe of the town council, which should begin their campaign of destruction of the egg bands at once. And the citizens should co-operate, for no one power or person can begin to do anything like adequately coping with the threatened trouble. We would suggest, in order to arrive at the best means to be adopted, that there should be a public conference between the committee and the members of the Horticultural Society to thoroughly discuss the subject. The public interested should attend and contribute all the information and assistance possible. It is only by prompt, universal and energetic action that the force of the pest can be broken. We all know how disgusting and troublesome the caterpiller pest was last year, and if this year's pest threatens to be worse, every citizen who uses our streets should have an interest in joining in any action that will tend to nip the trouble in the bud by destroying the egg bands that contain, in an embryo state, the elements of the destruction of our fruit and shade trees. An hour's effective action now is worth a week's work after the caterpillers are hatched. No time should be lost.

Where Specialists Failed Dr. Chase Cured Catarrh.

James Spence, Clachan, Ont., writes:—"I had been a sufferer from Catarrh for 15 years. It became chronic and I had given up all hopes of ever being cured when advised by a friend to try Dr. Chase's Catarrh Cure I at once started and am pleased to state three boxes effected a complete cure, and I heartily recommend it to anyone suffering from Catarrh."

Bankrupt Stock Sale of Groceries.

Having purchased the John Armstrong bankrupt stock of high-class groceries, etc., at a fraction on the dollar, I have started a sale of the entire goods at greatly reduced prices for cash at the store opposite the post office. As the stock must positively be closed out at once, great bargains may be looked for. Hotelkeepers, boarding house keepers and housekeepers generally should not miss this rare chance to buy cheap groceries. R. J. LANE. 12d33 2w

CHEESEMAKERS IN CONVENTION.

Interesting Papers Were Read Yesterday Afternoon.

THE FOURTEENTH ANNUAL MEETING

Mr. D. G. Publow, Instructor of the Kingston Dairy School, was Present, and After Delivering an Address was Asked a Large Number of Questions—Mr. G. R. Payne's Interesting Paper—Officers Re-elected.

The annual meeting of the Cheesemakers Association of the district was held in the Town Council Chamber yesterday afternoon, with a large number of the makers in attendance, as well as a number of others interested in the proceedings.

The election of officers was the first business taken up and resulted in the unanimous return of Mr. F. E. Kline to the presidency, and Mr. Chas. Keevil to the secretary-treasurership, the members feeling that it would be difficult indeed to find two members who could discharge the duties so satisfactorily or have the interests of the Association more at heart.

Mr. D.G. Publow, of the Kingston Dairy School, was then called upon for a paper. In opening his remarks, Mr. Publow urged that a public discussion should take place, as he proceeded, being the best method of obtaining information, which he might otherwise overlook. He then read his paper as follows:

CHEDDAR CHEESE MAKING.

Grouped into seven stages. First stage, setting the milk. It is of great importance to have the milk the proper degree of ripeness at the time of adding the rennet. Use sufficient quantity to cause the milk to coagulate in from ten to fifteen minutes, or to be ready for the knife in from twenty five to forty minutes. This of course should be varied according to the condition of the milk and the kind of cheese required. The rennet should be diluted with about fifty times its own bulk of cold water. The cold water keeps it inactive until it has been warmed up to the temperature of the milk. As soon as the rennet is added to the milk it should be quickly and carefully stirred for three or four minutes and then closely watched till it shows signs of thickening. As soon as it will break clean over the finger, it will be fit to cut.

Second stage, or cutting.—Cutting is done in order to facilitate the further contraction of curd and the expulsion of the whey. The fat is retained in the cheese by being enclosed in the meshes of the casein. The care with which the cutting and handling of the curd is done controls the loss of fat through this source. It is immaterial whether the horizontal or perpendicular knives are used first, the object to be attained is to get the curd into as uniform a mass of kernels as possible after the curd is cut. The whey begins to escape, and the curd sinks to the bottom of the vat if allowed to remain undisturbed. The cut surfaces of the curd particles readily unite, and in breaking them apart again more fat is lost. Hence, as soon as the curd is cut, gentle stirring of the whole mass should begin. This stirring should be sufficient to cause the particles to move upon one another, but not violent enough to break them up. The curd rapidly shrinks, and hardens more rapidly upon the outside than the inside.

THIS SOON RESULTS

in the formation of a so-called membrane, which not only tends to prevent the particles from sticking together, but affords some resistance to further breaking up. This membrane is impervious to water, but retains the globules of fat. So as soon as the contraction has reached this point, or when the curd is well healed over it will be time to commence cooking.

Third stage—The curd is contracted to some extent by the action of the rennet, still continuing also to some extent by the direct application of the heat, but to a greater extent by the effect of lactic acid upon the curd, the production of lactic acid being greatly favoured by the increased temperature. It is desirable that this contraction of the curd in the cooking stage go on uniformly throughout the whole mass. Heat should therefore be applied gradually and with constant stirring. As the particles of curd shrink in size, the tendency for them to unite in masses constantly diminishes, and they are broken with greater difficulty, so that while at first extreme care is necessary to prevent the particles of curd from becoming broken, as the temperature rises the stirring may become more rapid. The heat should be raised slowly from the setting point of the milk up to 98, or to the degree that will give the best result, but it should not be faster than 2 degrees in 5 minutes, unless the lactic acid is developing too fast, when it should be raised faster.

At the end of the cooking stage the particles of curd should have shrunken to about one-half the size they had been cut, and they should be so firm that when pressed together between the hands and the pressure suddenly relaxed, they will fall apart and show no tendency to stick together.

At this stage there should be developed enough lactic acid to cause fine threads to pull on the hot iron from ¼ to ½ of an inch, and at that stage the whey should be removed from the curd as quickly as possible.

After this has been accomplished and the curd has become sufficiently dry, it should be allowed to mat.

Fourth Stage—The matting of the curd is the distinctive feature of the cheddar process. When the curds has become sufficiently matted together to maintain themselves in a solid mass, it should be cut or broken and then turned over so that the whey can more thoroughly escape. After the blocks have been turned over two or three times and

THE CURD IS FIRM

it will be safe to start and pile. They can be piled two high and then three high and during the piling the outside pieces should be put in the centre each time, so that they will all mature evenly, which is a very important point. Now during this process various changes take place. The pressure of the particles of curd upon one another serves to expel a large part of the whey that still remains. At the same time the temperature is kept up so that the production of lactic acid is not checked. Now the effect of the acid is to cause a series of marked changes in the physical condition of the curd.

The curd changes from a tough mass into a smooth, elastic and fibrous condition, not unlike the appearance of well cooked lean meat. When the curd reaches this condition it is ready to be milled, and by this time sufficient lactic acid will have developed that when a piece of the curd is pressed to a hot iron and drawn gently away, fine threads may be drawn out to the length of two or three inches. The temperature of the curd should be about 90 or 94 at this stage. I would advise using a mill that will cut the curd into pieces of uniform size, so that the salt can be evenly mixed, and this is of great importance. After milling the curd I like to further mature until it has a nutty flavour and a soft mellow feel. At this stage I think the curd should be salted.

Salt is added to the curd for the sake of the flavour it imparts to the cheese, but the addition of salt to the curd *has* the effect of making the curd dryer by reason of extracting the moisture for its own solution, and at the same time hardens the curd. It also checks the further development of lactic acid. In adding the salt it should be put on slowly and well stirred in after the salt is all dissolved, so as the curd is mellow, it will be ready for the press, and I like to have the temperature about 80 or 82 at this stage. If it is much warmer there will be a greater loss of fat, and if much colder the curd will not close as well, and will require more pressure. After the cheese has gentle and constant pressure for about one hour it will be safe to take them out and turn and straighten up the bandage.

I would advise leaving about one inch of the bandage over each end of the cheese and have it evenly trimmed and put on a cap cloth and damp it with hot water; then use clean, soft press cloths, and your cheese should have a good rind.

When the cheese is

REMOVED FROM THE PRESS

and taken to the curing room they should be well finished. They should be cured in a pure atmosphere at a temperature from 65 to 70, as there are a series of fermentations which result in the breaking breaking down of the casein and in the development of the characteristic flavours peculiar to good cheese. The ripening seems to be brought about by a series of fermentations that go on in the cheese. It is not well understood just what these fermentations are, but it seems that in the early stages at least the lactic acid germs are active. Good cheese should be composed of water, 34 per cent.; fat 36.8 per cent.; casein albumen 25.7; sugar, ash, salt, 3.5. In judging cheese, flavour counts 45 points, texture 35, colour 15 and finish 5.

In the discussion that followed Mr. Publow cautioned the makers against removing curds which stick to the sides of the vat. They should be left undisturbed until they become firm or just before the heat was applied. The McPherson rake was recommended as preferable to those commonly in vogue. Trouble was experienced sometimes in having the cheese too sweet. A quarter of an inch of acid was generally enough, but it should be remembered that the acid should be calculated by the moisture of the curd. Cheese should be ripened just so slow that the acid should develop in three-quarters of an hour. When the tests were made with rennet the milk so tested should not be thrown back in the vat. Not more than an eighth to a sixteenth of an inch of acid should be given for the early spring or fodder cheese. If cheese bored smooth and a little glossy enough acid was not being given. If it bored close and rubbed creamy in the fingers too much acid was being given. It should always be tried to have a little flakiness in the cheese. Cheese with holes in is showed a lack of acid, though

Ladies are invited to come and inspect our beautiful range of NEWEST SPRING UNDERWEAR.

The Material, Style and Values will prove of more than ordinary interest to early buyers.

C. G. GEMMELL, Peterborough Corset Factory, 288 and 290 Charlotte Street.

SLOAN'S INDIAN TONIC

TRADE MARK.

Robson Brown, of Valetta, July 28th, 1891, says:—

"I am sorry under the circumstances to write to you, but I feel it my duty, as I have been troubled with Dyspepsia for years, took dollars' worth of medicine and pills, but got no relief until I commenced taking your Sloan's Indian Tonic. I think I have taken 8 or 10 bottles in all, and I feel as if I have got a new lease of life, I feel so much better. I was in the habit of keeping a bottle in the house so when costive I would take a dose or two with instant relief. Now I am troubled with costive spells very often, and it was the only medicine that gave me instant relief. It seems as if I have lost my best friend. Now I would like to hear from you by return mail, as I would like to have a bottle as soon as possible.

Mrs. H. Palmer, of Ridgetown, Ont., says: I was afflicted for a number of years with Erysipelas and Neuralgia in my face, and one bottle of Sloan's Indian Tonic cured me entirely, and I would recommend it to others, either for Erysipelas or Neuralgia.

Price $1, or 6 for $5.00. All Dealers or Address

A RASH UNDERTAKING.

A Small Party of Pirates Seek to Capture a Spanish Town.

"The Buccaneers of Our Coast" are described by Frank R. Stockton in St. Nicholas. In the story he tells of one of the adventures of two noted pirates who thought they would vary their plan by turning from the sea and making a land expedition. Mr. Stockton says:

The town which Roc and Tributor had determined to attack was Merida, in Yucatan, and, although this was a bold and rash undertaking, the two pirates were bold and rash enough for anything. Roc had been a prisoner in Merida, and on account of his knowledge of the town he believed that he and his followers could land upon the coast and then rush upon the unsuspecting garrison, and, having annihilated these, make themselves masters of the place.

But their plans did not work very well. They were discovered after they had landed by some Indians, who hurried to Merida and gave notice of the approach of the buccaneers. Consequently when Roc and his companions reached the town they found the garrison prepared for them, cannons loaded and all the approaches guarded. Still the pirates did not hesitate. They advanced fiercely to the attack, just as they were accustomed to do when they were boarding a Spanish vessel, but they soon found that fighting on land was very different from fighting at sea. In a marine combat it is seldom that a party of boarders is attacked in the rear by the enemy. But on land such methods of warfare should always be expected. Now, Roc and Tributor did not expect anything of the kind, and they were therefore greatly dismayed when a party of horsemen from the town, who had made a wide detour through the woods, suddenly charged upon their rear. Between the guns of the garrison and the sabers of the horsemen the buccaneers had a very hard time, and it was not long before they were completely defeated. Tributor and a great many of the pirates were killed or taken, and Roc the Brazilian had a terrible fall.

This most memorable fall occurred in the estimation of John Esquemeling, who knew all about the attack on Merida and who wrote the account of it. But he had never expected to be called upon to record that his great hero, Roc the Brazilian, saved his life after the utter defeat of himself and his companions by ignominiously running away. The loyal chronicler had a firm belief in the absolute inability of his hero to fly from danger, and Esquemeling could scarcely believe that Roc had retreated from his enemies, deserted his friends and turned his back upon the principles which he had always proclaimed.

Health and strength carry us through dangers and make us safe in the presence of peril. A perfectly strong man with rich pure blood has nothing to fear from germs. He may breath in the bacilli of consumption with impunity. If there is a weak spot where the germs may find an entrance to the tissues then the trouble begins. Disease germs propagate with lightning-like rapidity. Once in the blood the only way to get rid of them is to kill them. This is what Dr. Pierce's Golden Medical Discovery is for. It purifies the blood. That means that it kills the germs, but that is only part of what it does. It assists digestion by stimulating the secretion of digestive fluids, so promoting assimilation and nutrition; purifies and enriches the blood and so supplies the tissues with the food they need. It builds up strong, healthy flesh and puts the whole body into a disease-resisting state.

French-Canadians to Return to Canada.

Quebec, March 7.—Mr. Rene Dupont has returned from a visit to the French-Canadian colonies in Massachusetts, where he has been delivering lectures to large audiences with very encouraging results. He estimates that between 200 and 300 French-Canadians who are toiling in the American factories will return this spring to the Dominion and settle either at Lake St. Joan, Temiscaming or in the Valley of the Metapedia.

Two Ways.

"James," said the milkman to his new boy, "d'you see what I'm a doin of?"

"Yes, sir," replied James; "you're a-pourin water into the milk."

"No, I'm not, James. I'm a-pourin milk into the water. So if anybody asks you if I put water into the milk you can tell 'em no. Allers stick to the truth, James. Cheatin is bad 'nough, but lyin is wuss."—London Tit-Bits

How to Cure all Skin Diseases.

Simply apply "Swayne's Ointment." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are guaranteed by no other remedy. Ask your druggist for Swayne's Ointment. Lyman Sons & Co., Montreal wholesale agents.

WONDERFUL RESCUE.

HOW SERGEANT VAUGHAN SAVED A LIFE AT A HOTEL FIRE.

A Member of the New York Department Who Endangered His Own Life to Save a Guest of the Hotel Royal Who Had About Given Up All Hope.

Jacob A. Riis, author of "How the Other Half Lives," writes of "Heroes Who Fight Fire" in The Century. The article is one of the series "Heroes of Peace." Mr. Riis tells the following story of a heroic rescue at the Hotel Royal fire in New York some years ago:

Sergeant Vaughan went up on the roof. The smoke was so dense there that he could see little, but through it he heard a cry for help and made out the shape of a man standing upon a window sill in the fifth story overlooking the courtyard of the hotel. The yard was between them. Bidding his men follow—they were five all told—he ran down and around in the next street to the roof of the house that formed an angle with the hotel wing. There stood the man below him only a jump away, but a jump which no mortal might take and live. His face and hands were black with smoke. Vaughan, looking down, thought him a negro. He was perfectly calm.

"It is no use," he said, glancing up. "Don't try. You can't do it."

The sergeant looked wistfully about him. Not a stick or a piece of rope was in sight. Every shred was used below. There was absolutely nothing. "But I couldn't let him," he said to me months after, when he had come out of the hospital a whole man again and was back at work, "I just couldn't, standing there so quiet and brave." To the men he said sharply:

"I want you to do exactly as I tell you now. Don't grab me, but let me get the first grab." He had noticed that the man wore a heavy overcoat, and had already laid his plan.

"Don't try," urged the man. "You cannot save me. I will stay here till it gets too hot, then I will jump."

"No, you won't," from the sergeant, as he lay at full length on the roof, looking over. "It is a pretty hard yard down there. I will get you or go dead myself."

The four sat on the sergeant's legs as he swung free down to the waist, so he was almost able to reach the man on the window, with outstretched hands.

"Now, jump—quick!" he commanded, and the man jumped. He caught him by both wrists as directed, and the sergeant got a grip on the collar of his coat.

"Hoist!" he shouted to the four on the roof, and they tugged with their might. The sergeant's body did not move. Bending over till the back creaked, it hung over the edge, a weight of 208 pounds suspended from and holding it down. The cold sweat started upon his men's foreheads as they tried and tried again, without gaining an inch. Blood dripped from Sergeant Vaughan's nostrils and ears. Sixty feet below was the paved courtyard. Over against him was the window, behind which he saw the back draft coming, gathering headway with lurid, swirling smoke. Now it burst through, burning the hair and the coats of the two. For an instant he thought all hope was gone.

But in a flash it came back to him. To relieve the terrible dead weight that wrenched and tore at his muscles he was swinging the man to and fro like a pendulum, head touching head. He could swing him up! A smothered shout warned his men. They crept nearer the edge without letting go their grip on him and watched with staring eyes the human pendulum swing wider and wider, farther and farther, until now, with a mighty effort, it swung within their reach. They caught the skirt of the coat, held on, pulled in, and in a moment lifted him over the edge.

They lay upon the roof, all six, breathless, sightless, their faces turned to the winter sky. The tumult of the street came up as a faint echo. The spray of a score of engines pumping below fell upon them, froze and covered them with ice. The very roar of the fire seemed far off. The sergeant was the first to recover. He carried down the man he had saved and saw him sent off to the hospital. Then first he noticed that he was not a negro. The smut had been rubbed off his face. Monday had dawned before he came to, and days passed before he knew his rescuer. Sergeant Vaughan was laid up himself then. He had returned to his work and finished it, but what he had gone through was too much for human strength. It was spring before he returned to his quarters, to find himself promoted, petted and made much of.

IN FAVOUR OF DODD'S.

W. F. Hill, of Strathroy, Testifies for Dodd's Kidney Pills.

Strathroy, Feb. 28.—The evidence of W. F. Hill, Caradoc street, in the case of Dodd's vs. Disease is being heard, before the full court of the sovereign here.

Mr. Hill stated that, speaking from his own experience, he would say positively that no other medicine on earth, besides Dodd's Kidney Pills, would cure Kidney disease.

In reply to the judge's question, he said he had suffered intensely for several years. Doctors could not help him. Neither did any medicine but Dodd's Kidney Pills.

Three bones of this wonderful remedy cured him completely.

The judge remarked that so far the evidence was overwhelmingly in favour of Dodd's Kidney Pills.

Don't Let it Ache.

If your stomach, liver and bowels are working properly you will have no headache. Burdock Blood Bitters will keep you right, so there is no need to let your head ache. There is lots of proof that this is so. "I had severe headache for over three years and was not free from it for a single day. Finally I used Burdock Blood Bitters, with the result that it has completely cured me." Mrs. Affleck, Toronto.

Shocking Accident at Swansea.

Toronto, March 8.—Mr. George Newman of Garden avenue, Parkdale, had a terrible three minutes experience at the Swansea Forging Company's factory, which nearly cost him his life, and as a result of which he will be confined to the house for a month. He was adjusting a belt, while the machinery was going at full swing, when his apron caught a set-screw. It nearly dragged him into the wheel, but he strained every muscle, nerve and sinew in his body, hanging on with a death grip, realizing that to let go meant instant death. Every stitch of clothing was torn off him, except one of his trouser legs, his shoulder and body were burned with the friction of the revolving wheel, and he was dreadfully bruised. At first his life was despaired of, but later reports signify that he is recovering.

Persian Insurgents Routed.

Teheran, March 8.—The Governor of the Province of Kerman has routed the insurgents at several points in Persian Beluchistan, where it is expected order will shortly be restored.

There were serious riots at Hamadan, capital of the Persian province of that name, on Feb. 23, due to a quarrel between the partisans of rival priests, during which 27 persons were killed.

Capt. Cole Got the Hat.

Milford, Ont., March 8.—The yacht Ripple of Kingston, Capt. Claude Cole, arrived in this port from the Main Ducks at 3 o'clock yesterday afternoon. The captain was presented with a silk hat by the harbor master for being the first craft to reach port this season.

Death of Sir George Russell.

London, March 8.—Sir George Russell, Bart., member of Parliament for the Wokinham Division of Berkshire (Con.), is dead. He was born in 1828.

Do You Want Consumption

Are you really looking for it? Inviting it? Then pay no attention to your hacking cough, and your weak throat. You can prevent it, though. Take Scott's Emulsion early, when the cough first begins.

An Unfortunate Gift.

"How is it that you never speak to Davidson now?" asked Simpkins of our friend Jolliboy as the pair were enjoying a constitutional in the park. "You used to be such close chums, and now you pass each other without the slightest recognition."

"Ah, that was when we were bachelors," was the answer, "but he's married now."

"But surely you wouldn't cut a man because he is married?"

"No, I didn't cut him; he cut me."

"But, why?"

"Well, when he married, I made him a wedding present of a book, and he hasn't spoken to me since."

"A book! What book?"

"'Paradise Lost.'"—Pearson's Weekly.

CARTER'S LITTLE LIVER PILLS

SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

3 SUBSTANTIAL REASONS 3

WHY YOU SHOULD INSURE IN

The Imperial Life Assurance Co. OF CANADA

1. The Security to Policy Holders is unsurpassed by that of any other Life Insurance Company of Canada.
2. The premium rates are more favourable to the insured than those of most of the other Companies.
3. The Policy is a simple contract, easily read and understood, and free from onerous restrictions.

PRESIDENT—The Hon. Sir Oliver Mowat, P.C., G.C.M.G., Ex-Minister of Justice, Lieutenant-Governor of Ontario.

VICE-PRESIDENT—Joseph W. Flavelle, Esq., Managing Director of The Wm. Davies Company, Limited, and Director Canadian Bank of Commerce

W. G. MORROW, Agent,
PETERBOROUGH.

—THE—
LONDON MUTUAL
—IS—
Canada's Popular Company.

The amount of insurance in force with the three big Mutual Companies, at end of 1896, was as follows:

LONDON MUTUAL	$50,767,086
Waterloo Mutual	25,920,721
Gore Mutual	13,255,821

YOU MIGHT AS WELL BE IN THE BEST.

PETERBOROUGH, 10th March, 1896.

Messrs. Cox & Davis, Peterborough:

GENTLEMEN,—I thought I would drop you a note and let you know that the way Mr. McInnes, Inspector of the London Mutual, settled my loss was very satisfactory, and if I can send you any one to insure I will do so.

Yours truly, (Signed) PATRICK MURPHY.

PETERBOROUGH, 22nd Oct., 1896.

Messrs. Cox & Davis, Peterborough:

DEAR SIRS,—I am deeply indebted to you and your Company for the quick and good settlement of my loss on household furniture, etc., which happened night before last, and for the payment of same by cheque this day.

Yours truly, (Signed) MRS. ANNIE MARSHALL.

Mr. Richard Angley, of Smith, who had his barn and contents burned, says that Mr. McInnes, Inspector London Mutual, acted like a man that wanted to do the square thing between man and man, and settled his loss right.

COX & DAVIS, Agents.

DYING BY INCHES!

But Dodd's Kidney Pills will Yet Renew Life.

Thousands of persons die in the prime of life because doctors think Bright's Disease and Diabetes incurable. But Dodd's Kidney Pills cure them both. They *have cured* thousands of cases.

These diseases and other Kidney complaints are as common as ordinary colds. But people don't realize that they are afflicted till the disease has eaten deep into the system. Even then, Dodd's Kidney Pills will positively cure.

Thousands of *people are dying on their feet, but do not realise it.* They notice one or more of these symptoms: shortness of breath, loss of memory, *failing sight*, ravenous appetite, pale or reddish urine, with brick-colored deposit, scalding when urinating, constipation, nervousness, pains in the loins. Their only hope is Dodd's Kidney Pills. They won't fail. They never do.

A SHIP'S COMEDY.

When Mrs. Georgie Holden lifted her laces and red morocco heels across the gangway of the R. M. S. *Lady of Lorraine*, she was possessed strongly of the feeling that something must happen soon. She had felt the same prophetic touch before in very many ways, but today it bubbled to the phenomenal. "Such a presentiment, my dear," she remarked to her companion, "that it came in with a buzz, and stays in my head like a neuralgia."

For 9 months in 13 Mrs. Holden held all but every right of married life, widowdom and maidenhood. As she herself expressed the situation, "it is charming to think and feel like a widow and all the time your husband to be living and in Africa." Her philosophy might be summarized in three phrases—that nothing lasts long, that nothing matters much and that it will be all the same a hundred years hence.

There was a husband in the case. Possessed of devils of unrest he was exploring the Kongo with a camera, joining his wife at Teneriffe for the "round the world" trip. Jack Holden's sister said that he married Georgie for her eyes, which were violet and blue and nine other colors, as the lights caught them. But no man has yet denied they were worth the marrying.

Well, the ship left her berth in the dock, Mrs. Georgie slept and the presentiment at flourished as the bay tree. So that when the breakfast gong and the ship was heading down the channel she at the companion met and touched eyes, as it were, with a man on the same burnished stair, she drew in her toes and said half aloud, "I felt so sure it would be." "We've met in—in—another place?" he asked gravely. "Oh, dear, no! I'm sure we never have," she said decidedly and swept past him into the saloon. But—so it happened—they were cast to the captain's table and allotted consecutive seats. This was the beginning of things.

Now, flirtation in towns is, on one or other side, not above the constraining touch of diplomacy. But on a ship (when the husband is a fortnight ahead) circumstances are sadly plastic and manageable. There flirtor and flirtee meet at all meals—and in between. After dinner in the fore peak, straining over the ship's rail, they watch the white moonlight strike the ship's bottom and glint blunted from the copper, or, leaning on the anchor, whisper little things to the tinkle of the lady's banjo. Yet later they may sit against the wheel box, losing themselves in the utter loneliness of it all, and, heedless of the brown little flying fish, dream of Puck and the fairies. There is in these circumstances, as they say in the law, difference operative and material.

"Let's forget all about consequences and husbands and all horrid things," she said *once as in a white fluffy muslin thing* she sat by the aforesaid wheel box. "'Tis the divine right of queens," he answered lightly. He was a man who prided himself on taking *things as they came along*—mercies, great or small; loaves or crumbs were all the same to him.

Following a night across a card table she in cross meaning arraigned him for parsimony in parting with his hearts. So in the small hours he with an industrious penknife extracted all the hearts from the pack. Heaping them into an envelope, he sent them to the lady, quilling on a visiting card the pretty paraphrase, "Take all my hearts, my love, oh, take them all!"

* * * * * * *

At Santa Cruz Holden came on board, and his wife was gala gowned and delightful. They art, drank and were glad until they touched the tropic of Capricorn. Then his wife got a fever, a common, couch for a fortnight sort of thing, and, full of sighs and fury, was instantly quarantined to the ship's hospital. Mathew, the man, was nervous and sent messages, but the husband sat by her side for many *hours, brought her contraband chocolates* and read her light verse in the language of France. On the third day she sat up a little and was merry.

It was Sunday, and bedtime brought banishment for Holden, and he came on deck. They were crossing the line, and the heat hung over them as a shroud. Aft a trailing glory of phosphorescent light spread itself fanwise from the ship's screw, and over the ship from keel to truck whispered the humming stillness of a tropic night.

The ship was breathing heavily, as a creature in pain. It lifted its great breast to the waters and trembled like one who would be free, but was held to a bondage. A weeping, low set moon dropped its lips to the night, tenderly as a mother's kiss.

In the engine room the pumping sob of the piston rods beat out a music of misery, and the tortured stokers lifted their heaving shoulders to the airshafts and prayed for a death by freezing.

Holden crossed the main deck and took the companion to the promenade. For seven days in the tropics most of the men sleep on the upper deck, the women in the drawing rooms. Holystoned and ash white in the moonlight, there was something so eerie about this camp of silent forms that shudderingly he picked his way to the taffrail, bent his shoulders and wondered at the waters.

There was a cry from below, and he saw the black shadow of a man drop from the side like a bag of sand, plunge and disappear. On it floated in the wash—on toward the screw. In the instant, with tight hands, Holden leaped the rail and fell struggling into the water. McWhirter was officer on the bridge. He heard the dip of the falling bodies, and the instinct of the sailor told him the cause. Springing to the telegraph, he jammed the handle to "Stop her;" then dead across to "Full speed astern." Along the ship sounded the pipe of the boatswain's whistle and the quick call of "Man overboard." On poop and fore peak the watch caught the cry, and the frightened passengers, alert from sleep, whispered and turned strained eyes to the sea.

There was a hurrying to and fro. "Lower the gig!" roared McWhirter. The boat was lifted from the cleeks, the men et go the trigger, she swung out on her davits and, with ropes long jawed in the strain, dropped like a skimming gull on the oily water. On the ship—so still it was—they heard the creak of the whipping oars. And the green starboard light glittered as an evil eye.

Holden, holding the man by the armpits, was spent his strength when the boat reached them, and they were dragged dripping across the gunwale. Prying oars brought them to the ship's side. Afterward on the deck the doctor demonstrated the Sylvester method of resuscitation. The rescued was promptly appreciative and sat up, calling for whisky, but for three hours they worked on the obdurate rescuer until at the flood some show of life returned. Although the adventure was entered in the logbook as a "regrettable accident," it was in truth nothing of the sort. It was the result of that mad impulse, familiar phenomenon to every sea captain, when the sight of black water of a sudden stirs the blood to the leap.

In the morning that followed Holden sat up in his berth. From his porthole he watched the porpoises wallow and plunge in the still sea. Ineffably weak with that prostrate dropping weakness that comes of a bad time in the water, he fell back at last and slept. Later a deputation, comprising the second officer, the surgeon and three picked passengers, waited on him. "Mr. Holden," said the doctor, "we are elected of the ship, which asks the honor of your company at dinner tonight. We wish to drink your health, sir, and, if you are well enough, have you drink your own." He looked down and thanked them, said that, though he didn't quite care about the business, he'd be amazingly pleased to show up. "No one'll disturb you again," said the doctor, "so pull yourself together by 8."

On the average of three in half an hour he exchanged penciled notes with his wife. Then the pencil broke down, and he climbed from his berth to find another. There are many bad places to find lead pencils, but a lady's chatelaine is one of the worst. His wife's was an arrangement in steel and oxidized silver, and from it he unhooked a dainty prong which after much labor might make holes. Then, trying to rehang it, the whole affair dropped from his fingers on to the boards. An envelope slipped from the needle pocket, scattering a shower of tiny red hearts, and uppermost in the center lay a gentleman's visiting card. On the front was a line of verse, on the back an original idea for an appointment. It was engraved "Reginald Mathew" and signed "Reggie."

He poised the card for a time, wondering; then a cold wind came into him, and he understood.

* * * * * * *

Like the first night at a theater or the moment in church before the bride blushes down the aisle, there was something living, electric, contagious in the atmosphere that evening. Mrs. Georgie, had she been well enough to dress and dine, would have likened the sensation to "sitting between two worlds before a thunderstorm." Admittedly one ship's dinner is very like another. Still today there was a touch of the special in the superwhiteness of the table covers, in the gleaming glass and plate, in the freshened green palms; the ship's officers, with braided and blue serged; men in simple dinner jackets and immaculate shirts, women in blouses of muslin and grass lawn and white weeping sponge silk, and here and there a pretty face and here and there a diamond.

No one staid on deck till the joint that evening, and at 8, when the lights were switched on and Holden, very weak and white, walked to his seat on the captain's right, there was a rattle of sparkling glass, and from the women's eyes little bright shots of admiration. For the hour he was unquestioned hero, albeit a grave enough type of the heroic. Mathew sat opposite to him, trying to catch his eye, but shy of making a scene.

Holden initialed his wine card for a bottle of volnay and afterward talked chartroom mysteries with the captain.

A light ground swell listed the ship lightly, and the bergs of ice in the deep sea tumblers pinged against the glass like the dropping of small shot. The porthole shoots were alert for fresh air, but vainly, and a yellow heat haze filled the saloon and touched the skin like a prickly fever.

People who are imprisoned for six weeks catch at excitement with both hands, as a God's gift precious beyond prayer. Tonight it ran as a whisper through the soup, and if fish begat steadiness by the joint it was again rife and bubbled mercurylike from sweets to salad. It was terribly hot, but at coffee time all settled in their seats, well fed and cozy. Then across the table the captain caught the eye of the inquirer, and the chief nodded to the doctor.

With a hand on each lapel the doctor, dapper and rotund, stood at his ease to talk. They were proud, he said, among other things, to carry Mr. Holden in the ship; proud to think that, whether in a Netherlands' hooker or in H. M. S. Birkenhead—aye, in any floating craft, from a grand hotel to a tattered little North sea tramp—there were still men, large hearted and strong limbed, ready at call to offer their lives in another's service.

Ladies sparkled at Holden, beat hands and smiled, as in tournament days they garlanded their knight in flowers, and the men shook their glasses and deeply "Hear, heared!" Then the captain, lifting his glass to the level of the lights, called out cheers for Holden, and a wheezy, salted piano drummed hoarsely rearward, and the men on the watch wondered why the saloon dinner was run mad.

Lifting himself to his feet, Holden stood with an effort. "I have only to say," he said quickly, "that rather than have saved this man's life I would have given up my own. Yet I am glad to pull round to call him here a blackguard, a cur and"— He lifted his glass and, stem to finger, flung the burgundy full tilt in the man's face.

* * * * * * *

Oddly enough, the next morning Mathew, too, fell sick. He kept his cabin till the steamer hove to at Cape Town, when he went ashore without ostentation in a hired dingey. His baggage followed in the tender.

And Mrs. Georgie sat up in her gauffered nightdress and with large, appealing eyes told of the man's relentless persecution, of her merciless snubbings and how she had kept counsel from her husband for peace's sake. "You don't know, Jack! God! You don't!" she said.

And Holden believed Mrs. Georgie, for it is written he was in love with his wife's eyes. They looked at him now full of depths and wonders and meanings, like the dream of Alnaschar.—J. P. Blake in Black and White.

Free Trial To Any Honest Man

The Foremost Medical Company in the World in the Cure of Weak Men Makes this Offer.

HEALTH AND ENERGY ASSURED. HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

In all the world to-day—in all the history of the world—no doctor nor institution has treated and restored so many men as has the famed ERIE MEDICAL CO. of Buffalo, N. Y.

This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.

So much deception has been practiced in advertising that this grand old company now for the first time makes this startling offer:—

They will send their costly and magically effective appliance and a whole month's course of restorative remedies, positively on trial without expense to any honest and reliable man!

Not a dollar need be advanced—not a penny paid—till results are known to and acknowledged by the patient.

The Erie Medical Company's appliance and remedies have been talked about and written about all over the world, till every man has heard of them.

They restore or create strength, vigor, healthy tissue and new life.

They quickly stop drains on the system that sap the energy.

They cure nervousness, despondency and all the effects of evil habits, excesses, overwork, etc.

They give full strength, development and tone to every portion and organ of the body

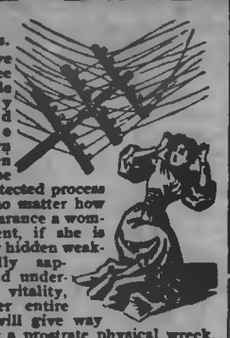
Failure is impossible and age is no barrier.

This "Trial without Expense" offer is limited by the company to a short time, and application must be made at once.

No C. O. D. scheme, no bogus philanthropy nor deception, no exposure—a clean business proposition by a company of high financial and professional standing.

Write to the ERIE MEDICAL COMPANY, BUFFALO N. Y., and refer to seeing the account of their offer in this paper.

Hidden Weakness.



Just as we sometimes see a tree or pole apparently strong and sound come crashing down with a sudden crash because of some undetected process of decay, so no matter how good an appearance a woman may present, if she is subject to any hidden weakness, gradually sapping away and undermining her vitality, some day her entire constitution will give way and leave her a prostrate physical wreck.

The average doctor gives a little something for the headache and a little something else for the backache and still another thing for the nerves and so on, never once reaching the *hidden* weakness in the distinctly feminine organism.

The vast experience and special practice of Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., in treating women's diseases, enables him to understand and cope successfully with these particular ailments. Any woman may feel the utmost confidence in consulting him by mail. She will receive, free of cost, sound professional advice whereby her health may, in ninety-nine cases out of a hundred, be promptly and permanently restored. All correspondence is held to be *sacredly* confidential.

A lady living in Coshocton Co., Ohio, Mrs. W. T. Stanton, of Bliasfield, writes: "I had female weakness very bad for nearly three years. Had dragging down pains in and above my hips and such dreadful pains in the back and top of my head (*just as though someone was lifting* me by the hair). Had no ambition, would try to work a few days then would have to lie in bed for a long time. No tongue can express the suffering I endured. I had much pain at monthly periods. I doctored most of the time with as good a physician as there is in the state, but had no ease only when I was quiet and off my feet and then I had more or less pain in my head. When I began taking Dr. Pierce's medicines I weighed 102 pounds, and was very pale and weak. I took twelve bottles of his 'Favorite Prescription' and seven of the 'Golden Medical Discovery.' Now I feel like a different person. Have no pain in my head, can do all the work for myself, husband and one child; am gaining in flesh. I feel it is through God's mercy and your wonderful medicines that I am cured."

THE SURGEON FOILED.

Wanted to Perform an Operation.

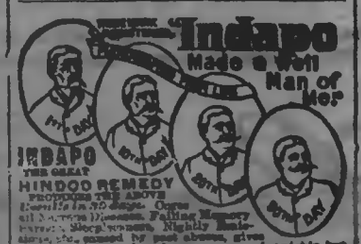
DR. CHASE'S KIDNEY-LIVER PILLS RENDERED IT UNNECESSARY.

Too many doctors are too ready to use the knife. Many a one is sacrificed on the altar of a surgeon's ambition to operate who could be saved by the use of Dr. Chase's K.-L. Pills. The case of MRS. W. B. AIKEN, of Zephyr, Ont., is one in point. Her husband says that she had been doctoring with several doctors for Inflammation of the Bladder for over a year.

"The last bottle I got from the doctor he said if that did her no good she would be compelled to have an operation performed. I luckily picked up a sample of Dr. Chase's K.-L. Pills in Mr. Dafoe's store, and my wife took one pill that night and one in the morning, and she has never felt the least sign of pain since. I will always keep Dr. Chase's Pills in my house for all our family complaints."

PRICE 25 CENTS A BOX,

AT ALL DEALERS.



Recanted.

"Cyrus Winterside," snapped the indignant wife as the quarrel waxed fiercer, "you married me for my money, and you know it!"

"'Tis false!" roared Mr. Winterside. "I married you for your amiable disposition, you virago!"—Chicago Tribune.

Current Phrases.

"Uncle Julius, what is it to 'waive a point?'"

"Well, that's what a girl does when she jabs a man with a hatpin."—Chicago Record.

OVERWHELMING PROOF.

Another Witness for Dodd's Kidney Pills—The Record Grows.

London, March 7—A commission appointed to examine into the vast amount of evidence given in favour of Dodd's Kidney Pills, as the only sure cure for Bright's Disease, Diabetes and all other kidney diseases, would find the people a unit in favour of this God-sent remedy.

London has had hundreds of cures through Dodd's Kidney Pills. And the record is growing longer and stronger daily.

Fred J. Palmer, Nelson street, reports that after suffering the agonies of an advanced stage of Diabetes and Kidney disease for five years a treatment of Dodd's Kidney Pills cured him.

Dodd's Kidney Pills have not failed once in London.

Queer Heart Feeling.

Queer feelings in the heart are daily complained of by multitudes of people—don't know the cause, but it makes them nervous irritable and unfit for either work or pleasure Mr. B. A. Ross, Allan Craig, Ont., explains it. He says: "It came from la grip. I was irritable, worried, dizzy, short of breath and such a queer feeling in my heart that I thought I would give up the ghost. Milburn's Heart and Nerve Pills changed all this, and I am free to-day from all these troubles."

Piles! Piles! Itchin Piles.

Symptoms—Moisture intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate coming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumour. All druggists or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia. RAILWAY NOTES.

Sparks From the Wheels—Cinders for the Eye.

The Canadian Pacific is determined to prevent the freight blockade which has been threatened for the past two months. During the past two weeks twenty-five skeleton locomotives have been purchased from various engine works in the United States, and are now on the way to the shops at Toronto Junction and Montreal, where they will be equipped with cab, tender and air-brake equipment. Fifteen of the engines will be built at Toronto Junction and the other ten at Montreal.

The Port Hope Times says:—Should the C. P. R. purchase the Central Ontario Railway it will secure to that road the trade of a section of country which will multiply to an enormous extent in the near future when the development of the mines of North Hastings and Peterborough are placed upon a good footing. The trade already from the Coe Hill section is considerable, and if the C. P. R. gets possession of the road it will no doubt be pushed further northward towards the Georgian Bay region. It was rumoured that the Canadian Pacific authorities have already bargained for it.

RENEWING OLD ASSOCIATIONS.

Old Friends, Social Enjoyment and Music.

To the Editor of the Examiner:

DEAR EDITOR:—I hereby give you a brief sketch of a trip to my familiar woods and hills of South Monaghan. After visiting several old friends and acquaintances here I was warmly received by my friend, Mr. John Moncrief and his better half. As evening approached the house began to fill up with people I had known, but almost forgotten, and others whose parents I had known, but who were utter strangers to me, to the number of thirty-five. Soon they formed up, some to games of chance, but the majority around the organ, where the sweetest music was correctly discussed. This, you may believe, was where I took my place and enjoyed my feast of music, but something more substantial than mere wind was in order, after which came the finale of the richest tones, which left me with feelings of regret that an end should ever reach such enjoyment. I was appealed to for my opinion of the performance and I candidly gave my verdict that their performance would compare favourably with that of St. Paul's, Peterborough. I learned that their advance in the science of music in that neighbourhood was owing to the settlement of two young men in the vicinity, who were richly endowed by nature with the necessary qualification.

After the gathering had all left, Mr. Moncrief, myself, Mrs. Moncrief and a lady visitor continued the beautiful up till three o'clock in the morning. But, oh what a difference, getting up in the early morning at many degrees below zero to get back to my beloved Peterborough. A return to my old home neighbourhood, sweetened with music and reminiscences of old friends is an experience which I have to thank you for the privilege of putting on the paper.

Yours truly,

PETROS.

ECZEMA TEN YEARS

Suffered Untold Agonies. Limbs Swollen so Could Not Get About.

Ablest Physicians Signally Failed. Was Absolutely Disheartened. Had Lost All Hope.

Gave CUTICURA a Trial Which Resulted in Absolute and Perfect Cure.

For ten years I suffered untold agonies from that dread disease Eczema, my lower limbs most of the time being so swollen and broken out that I could hardly go about. I had to wear slippers so that I could move about at all. My brother, a physician of thirty years' practice and extensive experience, had tried in vain to effect a cure and signally failed. I tried other physicians of splendid ability with like results, and had reached that point where I became absolutely disheartened, and in fact had lost all hope, when a friend (after long and continued persuasion) succeeded in inducing me to at least give CUTICURA REMEDIES a trial. I shall never regret that I did so, and until my dying day I shall sing the praises of them. I used two cakes of CUTICURA SOAP and two boxes of CUTICURA (ointment), and it resulted in an absolute and permanent cure. I feel that I owe suffering humanity the debt of at least, in my feeble way, calling their attention to my case and absolute cure. I am now, I feel, perfectly cured, sound as a dollar, and the sweets of life are still mine, thank God, and to CUTICURA REMEDIES I attribute my almost miraculous cure. I refer all interested to the Postmaster of this place, any of the ministers, the prominent business men, and all of the citizens of our vicinity indiscriminately, and especially to my friend, John A. B. Shippey, attorney at law, who succeeded in persuading me to give CUTICURA REMEDIES a trial. With profound gratitude, I remain your most enthusiastic admirer, DAVID M. SAPP, Plymouth, Ill.
Dealer in Hardware, Stoves, etc.

26d34 Town to

CHEESEMAKERS IN CONVENTION.

(Continued From Fifth Page.)

over ripe milk frequently caused the appearance of holes. Whey could not be pressed out of the cheese. It must be cooked out or the cheese would be sour. In speaking of acid, he always meant to refer to it after the removal of the whey. If the whey is removed too soon it has the effect of making the cheese too sweet. The best time to mill a curd was when it was just getting into the fibre stage. The best cheese was made in six and seven hours in the summer and five hours in the spring.

The trouble of bad flavour comes from filth germs or feed. Some of the feed flavours can be aired off and some improve after the cheese is made, but that arising from the filth germs keeps growing worse. This matter should be carefully watched, as no matter how well the cheese was made if it was off flavour it would not sell well.

MR. S. R. PAYNE, WARSAW,

who has just returned from the Kingston Dairy School, then read the following interesting paper on "What will Peterborough Dairymen do with an Instructor?" I would prefer to call the person who is employed by the Peterborough Cheese Board an instructor only, because inspector, as applied to a person dealing with the milk of patrons of cheese factories, has so much of the unpleasant associated with it, and so little need of its continuance, that it should be out of the question altogether. For several years there has been a very practical system or allotting dividends in just and equal relations to the quality of milk for cheese and butter. Moreover, all the authority on the continent, both in Canada and the United States, strongly recommends its adoption. The patrons of the factories are the parties who should call for this system, as they are the parties who are suffering by the unpleasantness of fines, injustice of payment, also want of its wholesome influence on our co-operative dairy system in its many details. There is certainly some little danger under the existing instability of those who patronize our factories, in proprietors of these factories introducing this system, except the patronage is unanimous in its adoption. There can be no excuse arising out of the inability of cheese makers, since we have dairy schools convenient to us, which give all the necessary information very cheaply. Thus we are left without excuse in our continuance in this system of pooling milk with all its iniquitous temptations into which so many year after year fall, thus occupying the time and attention of the officer in question, when his usefulness might be turned to better account.

INSTRUCTOR A LEADER.

To make the best out of our instructor, we must look upon him as our leader. He will need to prepare himself to be able to lead us, therefore will be thoroughly conversant with our needs and difficulties. This cannot be gained, I presume, by many years' experience in a single factory, but can come only by a thoroughly practical knowledge obtained in a factory with hand to hand experience with the work, and from that going out among the factories of a district, and thus gaining experience opposite to that work. This cannot be obtained in one season's work among the factories of a district, hence it would be a mistake on our part, also a disadvantage to our instructor for us to be by changing at all frequently. We should retain the same person as long as he renders efficient service, having patience until he may gain the necessary experience.

There will be no use in us having a leader if we still persist in our own ways. Each making may manufacture his cheese according to his ideal; yet there may be considerable difference in the general character of the cheese from factory to factory. Now, my conception of an instructor's work is that he should aim at uniformity among the factories of his section. I mean by this that he should get them to colour, salt, shape, put up and manufacture the cheese in about the same way, thus having the cheese output of the section all as from one factory, and that a good factory. When his ideal would be reached, the cheese being of fine quality and so nearly a uniform character that a consumer could not distinguish any difference from time to time.

There is no doubt but that buyers are influenced in their bidding by the general quality of the cheese common to a section.

WE MUST FOLLOW,

as manufacturers, our leader. He must lead us into uniformity of product that we could not possibly get without his assistance. Hence by a uniformly fine quality of goods, we may still retain a first place with Canadian cheese in the British market. We must never forget that this market is open to the world, and if the quality does not remain fine, compared with New Zealand, Australia, France, or the United States product, we may be forced into a second place. This, in my opinion, is the place where our instructor's work will tell, as a good and profitable investment when properly accepted.

It is easily reasoned that uniformity of quality is essential to success in holding the market of the dairy business, people's tastes in this particular remaining quite constant. While in our dress we may change our tastes quite frequently. It is quite different in the matter of cheese and butter. It may be observed that people who have had cultivated in them a taste for rancid butter or butter of high but imperfect flavour, do not prefer a better quality when it is offered them. To obtain uniform action in anything there must be one controlling mind and it is only by uniformity of action that uniformity of results can be produced. When our instructor visits our factories we should treat him as a friend. He need in return to take pains to not give away to others the confidence which we individually place in him. It will not in the very nature of things be possible for him to be the most advantageous to us unless this be our attitude towards him.

We should make him free to discover any fault which he may observe in us or our surroundings. This is for our good. Often they are our best friends who criticise us most. It is wholesome for us if we accept it with wisdom. Let us follow our leader that Canadians may still lead in this her great industry, holding steadily the place she has won in the English market. Let us aim for no less than to lead the world in dairy products.

After votes of thanks had been passed to the speakers for their papers, to the Connell for the use of their Chamber, and to the press, the convention adjoured after a very satisfactory session.

The Most Prominent are Fashionable.

Dyspepsia or Indigestion has become a fashionable disease. There are very few individual who have not at various times experienced the miserable feeling caused by defective digestion. No pen can describe the keen suffering of the body, and the agony and anguish of the mind endued by the Dyspeptic. Dr. La Londe, of 236 Pine Ave., Montreal, says, "When I ever run across chronic cases of Dyspepsia I always prescribe Mr. Chase's Kidney-Liver Pills, and my patients generally have quick relief."

Doan's Kidney Pills.

Doan's Kidney Pills act on the kidney, bladder and urinary organs only. They cure backache, weak back, rheumatism, diabetes, congestion, inflammation, gravel, Bright's disease and all other diseases arising from wrong action of the kidneys and bladder.

Autumn Mothers find Dr. Low's worm syrup the best medicine to expel worms. Children like it—worms don't.

Red-Hot Winter Wind-Up!

Prices of all Winter Clothing to be

CREMATED!

GOUGH'S MARCH SACRIFICE SALE

WILL PROVE A BLESSING TO PEOPLE WHO HAVE NO MONEY TO FOOL AWAY. We are on the eve of spring. The month of March will bring an entirely new condition of things along with stirring preparations for a new season. For the past two months we have been crowding prices down and crowding goods out—making a Midwinter Record, the like of which this store has never paralleled.

The business situation of to-day calls for the prompt disposal of all Winter Goods. They must go now AT ANY PRICE. Immense quantities of New Spring Importations are crowding us for space. To meet this emergency, a Radical, All-Round Red-Hot Reduction Sale was ushered in at our stores on the 1st of March.

There must be no half measures. We want a clean sweep and a clear field, and our sacrificing prices must do it. Sell we must—Unload we must. To-day—To-morrow—every single day until the Ides of March are past, we hold a carnival of

Rich Clothing Values.

FOR MEN, YOUTHS AND BOYS.

Recent fortunate purchases of several High grade Stocks of Modern Ready-to-wear Clothing at a Fraction on the Dollar, comprising "THE ARMY AND NAVY" Stock of Queen Street West Toronto; "THE OAK HALL" Stock of Peterborough, and an hypothecated stock knocked down at our own price by Suckling & Co., Toronto—all bunched in this sale.

These Combined Stocks, coupled with our own Mammoth Stock at Nos. 376 and 377 George street, have crowded us out of house and home—overstocking us with winter goods that we cannot afford to carry over.

4-GIGANTIC STOCKS-4

$90,000 WORTH OF CLOTHING EXCELLENCE, bundled together for a March Clearance at Prices a QUARTER and a THIRD below original values. A Master-stroke of Daring, Fearless Selling.

We are in dead earnest. Sunbeams or blizzards, the havoc in prices must sweep along—with a reckless desire to unload stocks.

Quick Losses to make Quick Sales to buyers, who will not waste a moment when prices are so eloquent.

THE GREATEST SHOE SALE

The Greatest Shoe Sale the Town has ever witnessed will also be held during this March Clearance. Thousands of pairs of Fine Sample Boots and Shoes, bought from hard-up manufacturers will be sold at a fraction of their cost.

PETE SIMONS & CO.

A TALK ON TEA, YES, EVERYBODY READ IT.

A lady from a village near Peterborough called on us last week and said that she wanted to get some of that fine tea that she had seen advertised in the "DAILY EXAMINER" and sold at the People's Prize Tea Store, 523 George street. After critically examining the tea she made a purchase of a quantity and promised to send her friends to buy from us, as she said our tea was clean, beautiful and bright—no dust, no mixing or doctoring—the grades are the very best. Another lady in town says that her mother will not have tea from any other store than ours. She buys the very best Ceylon Tea which cannot be excelled in strength and purity. Another gentlen an says what on earth do you do with the large quantity of teas that I see at your establishment. Some of the large chests of Ceylons must be valuable and come up to money; yes, they do but the people soon buy them up. You have a large stock of Canned Goods which would be a credit to any store in town; yes we have, and we are selling 3 for 25c. A prominent party in town offered to take the lot and give us a cheque for the amount, but we promised to give the working people the benefit of this bargain and we are doing it. We have a fine assorted stock of choice Groceries, Teas, Sugars, Spices, Canned Goods, Butter, Lard, and our own raising of Pickled, smoked, Salted Hams and Bacon, completely eclipsing anything on the market. We do not destroy the meat with salt or saltpetre, but cure them on the very best methods which are a secret to ourselves. Our own home made Pickles at 10c per bottle, our own Jams, Jellies—pure articles and at price to suit all. Come to the best, get the best, and save your money by buying at the PEOPLE'S GROCERY, 523 George Street.

MAY VOTE TO-NIGHT.

The Yukon Bill Debate Nearing the End.

THE PROGRESS OF THE DEBATE.

Mr. McMullen Introduced an Alien Labor Bill Amid Applause From Both Sides of the House—The General Railway Situation Discussed in the House—Questions and Answers.

Ottawa, March 10.—The Yukon Railway debate, into which some new life was infused on Monday by the development of international considerations as a result of the extraordinary action of the United States Senate, appears at long last to be nearing an end. It is expected that the House will divide to-night on the amendment of Mr. Borden of Halifax to the motion for the second reading of the bill, though some important speeches yet remain unmade, among them that of Mr. Foster. The important preliminary of the sitting was the introduction by Mr. McMullen of a bill to exclude from mining privileges in Canada all who have not resided in her Majesty's realm for twelve months, or in a country in which there is no alien labor law. The effect of this measure, if adopted, will be to shut Americans out of the Yukon and Kootenay districts. Its introduction was received with applause by both parties in the House.

Mr. McMullen introduced his bill to amend the law relating to aliens. He explained that it provided that any person desirous of owning or occupying or becoming a director of any mining company or mining in Canada must be a resident of her Majesty's realm for at least twelve months, or of a country in which there is no alien labor law in opposition to her Majesty's subjects.

Mr. Foster enquired: Has the Government made any arrangement with the Bank of Commerce for establishing a branch of that bank in the Yukon district? If so, what is the arrangement made? Has any other bank made proposals to the Government looking towards establishing branches in the Yukon district?

Mr. Fielding—In reply to the first question I beg to say yes; in reply to the second question I beg to say: Under the arrangement made the Canadian Bank of Commerce is to establish an agency at Dawson City, and to be employed by the Government to do the Government's general banking business in the district, including the collection of royalties. The bank is to be allowed the privilege of erecting a building within the police enclosure. This arrangement is temporary, and the compensation to be allowed for the bank's services is to be fixed hereafter at the discretion of the Minister of Finance. Except as to the business and privilege above mentioned, the bank will stand in the same position as any other bank that may be established in the district, and any other privilege or protection that may be given the Canadian Bank of Commerce under the arrangement with that bank, will be given to any other bank that may be established in the district. In reply to the third question, it is already answered in the above.

In reply to Mr. Chauvin, who asked if the Government intended to continue to her daughter the pension allowed to Lady Cartier during her life time, Sir Wilfrid Laurier said the matter had not been brought to the notice of the Government and had therefore not been considered.

Col. Domville was informed by Mr. Sifton that legislation would be enacted this session to permit companies chartered in Great Britain to register in Canada, and thus be brought under all the terms and conditions that relate to Canadian companies.

Mr. Bergeron was informed by the Postmaster-General that he wrote Post-Office Inspector Bain of Montreal, directing him to dismiss Postmaster Laberge of St. Michael de Napierville. The latter, he said, had been dismissed at the instigation of Mr. Monet, M.P., as an offensive partisan.

Mr. Foster asked if there was any truth in the newspaper report that the I.C.R. was cutting passenger rates.

Mr. Blair said there was no truth in the report.

Mr. Maclean said he wished to direct the attention of the House to the inconvenience now suffered by the people of Ontario through the railway rate war, and the failure of the two great railways to effect some kind of running arrangement between Toronto and North Bay. He thought the Government and the House had the power to say to these railway corporations, and he would suggest that such be done, not one bill, not one concession will be granted to you by the Railway Committee or by Parliament until you adjust your quarrels with each other and give the public the services they had up to six weeks ago.

Mr. Blair said he had concluded upon a course of action, not by any means as drastic as the hon. member has pointed out, not by any means as broad, but a course of action which he hoped will be attended with beneficial results. It is to communicate with the two companies concerned, pointing out to them what we might in the public interest fairly demand at their hands, and asking them to present to him their views upon the question, and the reason why either of them or both of them have not evinced any disposition to avail themselves of the provisions of the existing law; also asking them to communicate at once; so that he may know the attitude they take upon the matter from authoritative quarters. Then, having a statement from them as to their views, we will be in a position the better to take any action that may be open to us, and which will be proper for us to take in the public interests. He thought the matter may be permitted to rest there for the present.

Sir Wilfrid Laurier—I may perhaps be permitted to supplement the remarks of Mr. Blair. Whatever power there may be in the existing law of Parliament over this question, I think we are all agreed that the present law is insufficient and ought to be supplemented by other legislation. The time has come when the attention of Parliament will be invited to it. The question has been lying dormant and has not been pressed before the present time in active form. The Government have had the subject under discussion. Whether or not it will be advisable to introduce legislation during this session will largely depend on the length of the session, but the Government are fully aware that something has to be done with respect to giving power to the Government and to the authorities to deal with this question which is now engaging public attention.

The subject then dropped.

The Yukon Bill Debate.

Mr. Morrison continued his speech on the railway bill, his remarks being devoted largely to a comparison of the Territories with British Columbia, to show that the latter exported more food products than the Territories.

Mr. Oliver (Liberal, Alberta) vigorously replied. He showed that last year British Columbia imported for home consumption goods to the value of $6,926,000, of which $4,119,378 came from the States. All the more reason, therefore, that the Government should have chosen another route by which all the Yukon trade should be retained to Canada. He denied that he had taken merely a local or "parish" view of this question. He had not even mentioned the Edmonton route in his speech, but as the Solicitor-General had raised that issue, and had said a railway from Edmonton to Yukon would cost $80,000,000, he felt warranted in speaking on it. The Calgary and Edmonton Railway cost $12,000 per mile, while a railway of the standard of the Stikine-Teslin line would cost only $8,000 per mile. From Edmonton to the navigable waters of the Pelly, Yukon, was a distance of 1,000 miles, so that the cost would be $8,000,000. The advantage of such a road would be that it would give the trade of this great district to Central and Eastern Canada.

Rev. Mr. Maxwell held there was never a time when Conservatives and Liberals were more earnestly called upon to unite for Canada than in supporting the bill before the House. He was not saying he would vote for the bill simply to defeat the machinations of the Opposition, but he would say that not the slightest attention need be paid to the American Senate's threats, because if Canada is blocked in one way she could try another.

Mr. Quinn denounced the terms of the bargain, and claimed that even when completed the facilities secured by it would be inadequate to the demands upon them.

Mr. Powell criticised the bargain and pronounced in favor of the Edmonton route.

Mr. Edwards (Liberal, Russell) said like Mr. Powell he favored the Edmonton route, but in the interests of the business men of Canada it was important that speedy communication should be secured with the Yukon territory, and this was only secured by the Stikine route. The bargain was a most advantageous one for Canada, as it would cost the country nothing. It was a question whether the contractors would get anything for building the railway.

Mr. Clancy continued the debate. Mr Foster moved the adjournment and the House adjourned at 12.45 a.m.

See Grafton & Co's. new Spring Stock of Spring Overcoats.

SHE'S GETTING READY

The Mother Country Will Not Submit to Russia.

OMINOUS NEWS FROM THE EAST

How Britain Will Act and Force the Hand of the Russian Bear—The Queen's Influence for Peace, But Not for Submission—Serious Riot at Bombay—Cable News.

London, March 10.—The cruiser Hermione, which was withdrawn recently from the Channel Squadron, has been ordered to make ready for departure to China.

The official statement accompanying the naval estimates remarks that it is essential that rapid progress be made in building the ships. The number of men employed in the dockyards will be kept at its full strength. The recent engineers' strike seriously delayed the Government's programme and a considerable number of vessels that ought to be completed are still in the hands of the contractors. The contracts for armor, machinery, gun mountings, etc., were also seriously affected by the strike.

BRITAIN WILL NOT SUBMIT.

Fleet to Seize a Chinese Port and Then Russia's Will Be the Responsibility.

New York, March 10.—The following special cable from London is to an afternoon paper: The wish of Queen Victoria to end her reign in peace is again manifest in the present threatening situation. The Queen yesterday postponed her trip to the Riviera, so important did she regard her presence in London at this time.

War between England and Russia appears more threatening than between the United States and Spain. In the face of declarations by Hicks-Beach and Balfour for the Salisbury Cabinet, that Britain would maintain free ports in China even at the cost of war, Russia has continued her aggressions, leasing two ports from China, moving large bodies of troops into Heilung Chang province, and mobilising her forces in the East so rapidly that not enough Russian transports could be had to carry them and French steamers were hired for the purpose.

It is not England's habit to submit to defiance or eat her words. It is reliably reported that before the end of the week the British fleet will seize a Chinese port as a notice to the world that she is ready to meet force with force. Then the issue of peace or war will be with Russia. The Queen's influence will be for moderation and patience, not for British submission.

This year's naval budget for new ships is $120,000,000. Ninety-six war vessels are now building to add to the present fleet of 450, of which fifty are battleships.

Japan has so far acted with England in the present eastern crisis. She feels herself tricked by Russia, and views the Russian advance in China with growing alarm. Her fleet in the China Sea has been under orders to act in conjunction with the British squadron, and it will probably continue to do so.

A member of Parliament this morning said: "War clouds are encircling the world."

Uneasiness at Hong Kong.

Hong Kong, March 10.—The Russian warships Sissoi Veliky and Navarin, both belonging to the Black Sea fleet, have arrived here. The political situation in the far East is causing uneasiness among the population of this port.

Will Russia Recede?

London, March 10.—The Pekin correspondent of the Times, despite China's denial that the Russian demands as to Port Arthur and Ta-Lien-Wan were in the nature of an ultimatum, maintains the correctness of his original despatch of Sunday last, to the effect that Russia had called upon China to surrender all sovereign rights over Port Arthur and Ta-Lien-Wan for the same period and on the same conditions as in the case of Germany at Kiao-Chou, giving her five days for a reply, and insisting upon the signing of an agreement within a month. He now adds:

"Although the period of the ultimatum has expired, M. Pavloff, the Russian Charge d'Affaires at Pekin, explains that he has not taken action because China has instructed her Minister at St. Petersburg to seek an audience with Emperor Nicholas with a view of obtaining a withdrawal of the Russian demands.

Three Divorce Cases Reported On.

Ottawa, March 10.—The Senate sat for about an hour yesterday. Judge Gowan, chairman of the Divorce Committee, presented a number of reports to the effect that satisfactory evidence had been given the committee that the required notice had been given and personal service made on the respondents in the following applications for bills of divorce: James Pearson of Toronto, from his wife, Minnie Holcombe Pearson; Edwin Haywood of the City of Toronto, from his wife, Elizabeth Raynham Haywood, and Robert A. Hart of the City of Montreal, from his wife, Katherine Cacouna Buntin. The reports were adopted and bills founded thereon introduced.

Death of a Son of Sir John Abbott.

Montreal, March 7.—A telegram was received here Saturday announcing the death of Mr. Harry Abbott, Q.C., of the law firm of Abbott, Campbell & Meredith of this city. He was a son of Sir John Caldwell Abbott, formerly Premier of Canada. His mother, Lady Abbott, only died a week ago Friday. Mr. Abbott had been married less than a year, and was 41 years of age.

Keep Well

Easy to say, but how shall I do it?

In the only common sense way—keep your head cool, your feet warm and your blood rich and pure by taking Hood's Sarsaparilla.

In the Spring Then all your nerves, muscles, tissues and organs will be properly nourished. Hood's Sarsaparilla builds up the system, creates an appetite, tones the stomach and gives strength. It is the people's Spring Medicine, has a larger sale and effects more cures than all others.

The Daily Examiner is delivered to it parts of the Town for 10c. a week 35c. a month, $2.00 fo six months

Daily Examiner.

THURSDAY, MARCH 10, 1898.

A BILIOUS VIEW OF IT.

Mr. Hardy's clear duty to the province, and most of all, to our representative institutions, is to accept the decision of the people and resign. There is nothing of vital interest to the country in his remaining in office; on the contrary, the country requires, as the people have declared, a new set of men in office. It will be far better for the country for Mr. Hardy to go out of office, even to interior men, which we deny, than to try and demoralize our representative institutions, as he is now attempting—Toronto World.

This is sheer rot, says the London News (Independent); Mr. Hardy is the Premier of Ontario till he is defeated on the floor of the House. He is under no constitutional obligation to take cognizance of the vote of the people. He holds office by virtue of the vote of the representatives assembled in the Legislature, and till there is such a vote he would be under no obligation to resign, even though the popular vote had gone against him, which it has not.

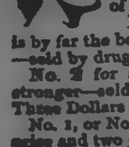
THE Conservative organs claim that "Hardy is virtually beaten." As a matter of fact, Hardy is actually sustained. Suppose for one moment Mr. Hardy would resign, what would Mr. Whitney do? Would he undertake to conduct a Government on a minority?

SOME medical men prophesy an outbreak of disease in Dawson next summer which will develop into a veritable pestilence. It is said that every now and then there is a plague of cerebro-spinal meningitis which has proved fatal to many, and the utter lack of sanitation is likely to lead to worse when the warm season opens.

MR. W. M. GERMAN, of Welland, is deserving of credit for the plucky and successful fight he put up in Welland. He went into the contest with the odds greatly against him according to the opinion of those conversant with the situation. But by good generalship and the united support of the Liberals and independent electorate he achieved one the greatest successes of the contest, converting a majority of 91 in 1894 ito a majority of 661.

THE Belleville Sun says:—"The County of Hastings is truly tending towards Liberalism. When Conservative Belleville drops from 300 down to 85 majority, when North Hastings' 1,000 to 1,200 comes down to less than one-tenth that else, when East Hastings elects a Liberal Government supporter, the day for three Liberal members draws nearer indeed." For this change of public sentiment in Hastings The Sun deserves no small measure of credit. It made a splendid fight during the recent contest, and the same must be said of the Ontario.

Cook's Cotton Root Compound



Is the only safe, reliable monthly medicine on which ladies can depend in the *hour and time of need.*

Is prepared in two degrees of strength.

No. 1 for ordinary cases is by far the best dollar medicine known—sold by druggists, one Dollar per box.

The Cook Company, Windsor, Ontario.

NO. 1 and NO. 2 Sold in Peterborough by John Nugent, Druggist.

NORWOOD.

From Our Own Correspondent.

The election is over and Blezard is on top. East Peterborough has done her duty and will do it again.

The School Board will meet on Monday evening, March 14th, at 7.30 p. m.

Miss Rose Cox, of Lakefield, is spending a few weeks in town visiting at Mr. Geo. Hendren's.

Miss Jessie McPherson, of Warkworth, is in town and intends starting dressmaking in the Ackerman block, over Greenbank's harness shop.

Mr. John Robb, of Stony Lake, spent Sunday at Mr. Thos. McMillan's.

Miss Theresa Fowlds, of Hastings, spent a few days at "Oseanook" last week.

Miss Lillian Bell, of Keene, has been spending a few days at Mr. Clancy's.

Miss Murdock, who some time ago was milliner in the Arcade Store, paid her friends a short visit on Thursday.

Mr. Wm. J. Patterson and Mrs. J. C. Brown, of Peterborough, were in town Sunday and Monday, the guests of Mr. David Foster.

Miss Nellie Huyck, of Rice Lake, is visiting at Mr. McGregor's.

Miss B. J. Roxburgh, of Keene, was home on Saturday and Sunday.

Mr. Blacklock, of Grafton, spent Sunday at Mr. John Chandler's.

Miss Foot and Mr. Lush, of Peterborough, were the guests of Mr. and Mrs. K. Kempt, on Sunday.

Miss Eila Christie, who has been visiting friends in this vicinity, has returned to her home in Peterborough.

Mr. Joseph Boyd stopped off here for a couple of days on his way from New York to Roseland.

Mr. F. W. Ashe has returned to town, but has not brought his better half with him.

Mr. W. Wildman and Mr. Jas. Stuart left at noon on Tuesday for Lethbridge, Alberta.

Mr. Wm. Carbery, who has been away north all winter in Mr. H. G. Buck's shanty, is home again.

Our young men are already beginning to go West. On Tuesday Mr. Sam Thompson left for High Bluff, and Mr. H. Buchanan for Carbery, Manitoba.

Miss Myrtle Hill, of Roseneath, was in town on Tuesday.

Mr. Jackson, of Peterborough, was in town on Wednesday last and tuned the vocalion in the Presbyterian church.

Mrs. F. E. Perney and son, Earl, are visiting with Mr. J. B. Pearce.

Mr. Wm. O'Keefe has taken the position as baker for Mr. W. H. Tucker, in the place of Mr. W. Stewart, who is now brakesman on the C.P.R.

Mr. D. H. Booth was in Toronto Tuesday.

The carnival held here Friday evening was not very successful. The fancy skating by Mr. E. Hartley, of Peterborough, was very interesting. The costumers were few. Mr. W. Askey secured the prize as best dressed gentleman, Mr. Snowden for comic costume, and Chas. McKelvie for best dressed boy. Miss Geraldine Faber carried off the prize for best dressed lady. In the boys race Jas. Morrow came in first and Charles McNichol second, but probably the most interesting feature of the evening was the partner's race. In this there were only two couples entered, Mr. N. Bell, of Peterborough, and Miss Lillian Bell, of Keene, and Mr. Russel Pearce and Emaline Fraser. At the start the Bells got the lead, but Russel kept right at their heels and made several attempts to pass. Excitement ran high when Miss Bell slipped, and Russel and Emaline shot past, winning the race by several yards.

A special meeting of the Board of Education was held in the High School on Monday evening, March 7th, to receive and consider the report of the auditors for the last three years, and to arrange with the treasurer for the payment over to the new treasurer of the balance appearing to be in his hands, amounting to $11.42.

The Rev. J. G. Potter, of St. Andrew's church, Peterborough, occupied the pulpit of the Presbyterian church here on Sunday and conducted the anniversary services. In the morning he took as his text John 12—21: "Sir, we would see Jesus," and delivered a most interesting address, closing with an earnest appeal to the young people to come now and accept Christ as their Saviour. In the evening his remarks were based on Matthew 12—6, "But I say unto you that in this place is one greater than the temple," and eloquently portrayed Christ as the fulfilment of that which the Temple was the symbol and prophecy, He being Priest, Altar and Sacrifice, and that we in Him were temples of the living God. At each of the services a free will offering was taken up, which amounted to $103, which it is expected will be increased to at least $125.

Sacrament of the Lord's Supper will be dispensed in the Presbyterian church on Sunday morning, March 13th.

Norwood council met Monday, March 7th. Present, Rev. H. G. Buck and Councillors Drain, Ilee, Moffatt and Rork.

Applications for constable were received from Roland Scriver, $4 per month, and Hugh N. Hill, $50 per annum.

Mr. W. H. Tucker applied for use of fire engine to pump out his cellar. Granted on motion of Messrs. Moffatt and Rork.

Councillor Ilee moved that R. Scriver's application for constable be accepted. No seconder.

Moved in amendment by Councillors Moffatt and Rork that the application of Hugh N. Hill at $50 per annum be accepted. —Carried.

Mr. John Davidson, M. A., asked council for use of park lot on May 24th for athletic sports. Request granted.

On motion of Councillors Drain and Moffat the account from Mr. Jas. Jotcham of $2.80, for running the snow plow, was ordered to be paid.

Richard Reeves appeared before the council, asking charity. He stated that he was under the doctor's care and unable to work.

Moved by Councillors Drain and Rork, that Richard Reeves get an order on the treasurer for $5, as charity.—Carried.

Moved by Councillors Ilee and Moffatt, that the matter of renewing lease of park to the Agricultural Society be left in the hands of the reeve.—Carried.

Moved by Councillors Moffatt and Drain that the reeve and Councillors Rork and Moffatt look after the construction of the new bridges and have such parts as floated away, which are of value, brought back.—Carried.

Council adjourned.

If you wish to be well

You must fortify your system against the attacks of disease. Your blood must be kept pure, stomach and kidney organs in order, your appetite good. Hood's Sarsaparilla is the medicine to build you up, purify and enrichen your blood and give you strength. It creates an gives digestive power.

Hood's Pills are the favorite family cathartic' easy to take, easy to operate.

Mrs. T. S. Hawkins, Chattanooga, Tenn. says: "Shiloh's Vitalizer saved my life. I consider it the best remedy for a debilitated system I ever used." For Dyspepsia, Liver and Kidney trouble it excels. Price 75 cts.

DANGER IN DELAY.

If Your Heart is Weak or Nerves Unstrung get Cured at Once.

A Port Hope Citizen Tells You How.

Here is what Mr. W. A. Carson, the well known Port Hope Grocer, has to say:

Says Mr Carson, "For a length of time I was seriously troubled with my heart, causing shortness of breath, nervousness, dizziness, debility, etc.

I got a box of Milburn's Heart and Nerve Pills at Dyell's Drug Store, and am very much pleased to tell you that, after using them a short time, I was entirely cured of my troubles. Not only that, but I feel thoroughly built up and restored to health and vigour.

I can highly recommend these remarkable pills to those afflicted with heart or nerve trouble in any form, as I believe them to be the best remedy in existence."

Laxa Liver Pills cure constipation and sick headache. 25 cents. All drug stores.

HAVELOCK.

(From Our Own Correspondent.)

Sleighing here is a thing of the past.

Miss Mark has resumed her duties at school after a few weeks illness.

J. W. Leonard, C.P.R. superintendent, was in Havelock the past few days.

A C.P.R. shunting engine is at work here night and day.

Mr. Wm. Thorpe, engineer, is at work in the yard here. We regret to learn of Mr. John Roderick's illness, and trust he will soon recover.

Mr. R. Gillies has moved into the house lately occupied by Mr. F. E. Harper.

Mr. Forsythe has purchased the house lately occupied by Mr. R. Gillies.

We regret to learn of the death of Miss Phillips, of Norwood, sister of Messrs. Richard and Geo. Phillips, of this place. The remains were interred in Norwood cemetery on Wednesday of last week.

Many of our young people will take in the Campbellford carnival Tuesday.

Mr. Thos. Milne and family left on Monday for Windsor, where Mr. Milne takes the position of locomotive foreman on the C.P.R. Mr. Milne and family will be greatly missed in Havelock, and they take with them the best wishes of the public.

The ice in the rink is gone for the season.

John Brown, County Councillor, was in town Tuesday.

Charles Herrington, of the C. P. R., has been promoted to conductor.

Rev. McGinnis will preach his farewell sermon on the 27th. Mr. McGinnis has accepted a call at St. Catharines.

Roadmaster McAuley has got a clerk, Mr. McDonald from Orangeville.

Mr. W. McAuley, clerk in Mr. McAuley's office, is now foreman in the C. P. R. yards.

Mr. McGuire, brakeman on the C. P. R., is now on the sick list.

Dr. R. V. Fowler, of Perth, formerly of Havelock, is ill.

Mrs. R. Beatty, of Smith's Falls, formerly of Havelock, is on the sick list.

Mr. Richard Phillips has gone to Toronto on business.

Havelock council met in the school hall at 7 p. m., on Monday, March 7th.

Mr. Wiseman's tender for supplying lumber for sidewalks has been accepted.

The clerk and the treasurer's salaries were each raised five dollars.

Council meeting adjourned until Wednesday evening next to hear auditor's report.

It is reported that fifteen new houses will be put under course of construction in the early spring. There are several married couples boarding out, as it is impossible to get a house to rent in Havelock.

SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

Small Pill. Small Dose. Small Price.

Substitution

the fraud of the day.

See you get Carter's,

Ask for Carter's,

Insist and demand

Carter's Little Liver Pills.

MRS. G. VINETTE'S HAIR PREPARATION

ISSUER OF MARRIAGE LICENSES

Hunter Street, Peterborough.

OFFICE—FURNITURE WAREROOMS

ROCKDALE.

(From Our Own Correspondent.)

Mr. James Allen and family of Wariston leave this week for Indian Head, N.W.T.

Mr. and Mrs. Dorland of Havelock, were visiting friends in this vicinity this week.

Miss Agnes Young left last Thursday for Minneapolis to to resume her duties in the Deaconess Hospital in that place.

Miss Maggie Young has gone to Adolphustown to spend the summer with her uncle, Dr. Young.

Several of our young people attended the revival services at Rush Point last week.

We are now trying to organize a new Epworth League at Victoria church. A meeting is to be held for that purpose on Thursday evening, March 10th, at which League workers from Havelock and other places will take part. We wish it God-speed.

Scott's Emulsion is not a "baby food," but is a most excellent food for babies who are not well nourished.

A part of a teaspoonful mixed in milk and given every three or four hours, will give the most happy results.

The cod-liver oil with the hypophosphites added, as in this palatable emulsion, not only to feeds the child, but also regulates its digestive functions.

Ask your doctor about this.

50c. and $1.00; all druggists.

SLOAN'S INDIAN TONIC

TRADE MARK.

Robson Brown, of Valetta, July 29th, 1891, says:—

"I am sorry under the circumstances to write to you, but I feel it my duty, as I have been troubled with Dyspepsia for years, took dollars' worth of medicine and pills, but got no relief until I commenced taking your Sloan's Indian Tonic. I think I have taken 8 or 10 bottles in all, and I feel as if I have got a new lease of life, I feel so much better. I was in the habit of keeping a bottle in the house so when costive I would take a dose or two with instant relief. Now I am troubled with costive spells very often, and it was the only medicine that gave me instant relief. It seems as if I have lost my best friend. Now I would like to hear from you by return mail, as I would like to have a bottle as soon as possible.

Mrs. H. Palmer, of Ridgetown, Ont., says: I was afflicted for a number of years with Erysipelas and Neuralgia in my face, and one bottle of Sloan's Indian Tonic cured me entirely, and I would recommend it to others, either for Erysipelas or Neuralgia.

Mrs. Henry Hale, of Blenheim, Ont., says: Sloan's Indian Tonic cured me of Malarial Fever and Chills and Neuralgia. When I was down sick in bed I purchased a bottle of the Tonic and it cured me entirely, and I have not been troubled with Fever or Neuralgia since.

Price $1, or 6 for $5.00. All Dealers or Address

High-Grade Cemetery Work

AT A MODERATE PRICE.

The element of permanence which attaches to the erection of any memorial to the dead renders it highly desirable that no mistake be made in the selection either of design or of materials.

A mistake is a serious matter. Let us help you to make a right decision. Our specialty is the erection of monuments which are unique without being grotesque, and artistic without being over-decorated.

We manufacture from all first-quality granites, and as WE SELL DIRECT TO CUSTOMERS, we save the latter all agents' profits. Then, too, there is a decided advantage for the buyer in dealing with one responsible firm for both the manufacture and the setting of a monument.

All our work is guaranteed, NO CHARGE being made if not strictly according to contract. Write us for designs and estimates.

Mr. H. James, St. Nicholas Hotel, Hamilton, Ont., says: "They are a pleasant, sure and quick cure for constipation, dyspepsia and sick headache."

Miss M. E. Hicks, South Bay, Ont.: "Laxa-Liver Pills are excellent for sick-headache, causing no pain or griping."

Mrs. John Tomlinson, Hamilton, Ont.: "They are a perfect cure for even the severest headache."

LATEST RECOUNTS.

Political Situation Unchanged by Them.

THE CONSERVATIVE INQUEST.

The Conservative Candidate in Russell Retires From the Fight—A Chat With Hon. G. W. Ross—The Government's Position Quite Comfortable—The Latest Recounts and Their Results.

Toronto, March 9.—The only developments of interest yesterday in connection with the elections of last week were the various recounts and the withdrawal of the Conservative candidate in Russell County, which, as the nomination takes place to-morrow, may cause the Opposition some inconvenience. Unsuccessful efforts were made yesterday to find a successor. The recount in West York, which the Conservative press had confidently predicted would give the seat to Mr. St. John, left the vote practically unchanged, Mr. Hill's majority being simply cut by two, standing now 35. In East Elgin the majority of Mr. Brower, the Conservative member-elect, was increased from 19 to 20 on the recount. Dr. Measham, the defeated Conservative candidate and ex-member for Lennox, has asked for a recount. The majority against him was 38, but as a mistake in his favor was made of some ten votes by one of the returning officers this majority will likely be increased. Recounts in North Toronto and West Huron take place to-morrow. Mr. Whitney met his supporters yesterday and discussed the question of securing funds for protests and evidence on which to base them.

The standing of the parties remains at the figures of yesterday, namely, Government, 50; Conservatives, 42, vacant, 1.

Chat With Mr. Ross.

In an interview with the Hon. Mr. Ross, Minister of Education, with regard to the political situation, Mr. Ross expressed the utmost confidence in the stability of the Government. This was not the first general election that cost the Liberal party a few seats. In 1883 the majority was only seven, or at most eight, and in 1894 it was as low as six, and yet the Government was able to carry on the public service without inconvenience or embarrassment.

The reverses, Mr. Ross said, were not owing to any want of confidence in the leaders of the party or in their policy, but rather to local dissensions and in some cases to over-confidence. It is true, he said, that two Ministers have been defeated, but at the same time Mr. Whitney has lost five of his most active supporters, viz., St. John, Magwood, Measham, Kerns, Willoughby, and the ex-leader, Mr. Marter, had a very narrow escape. Two possible Cabinet Ministers, Dr. Iverson and Mr. Howland, declined to re-enter the field. Mr. Whitney is, therefore, not only in a minority, but almost all the available material he had with which to form a Cabinet has been routed at the polls.

Mr. Ross was very emphatic in declaring that the fight was not over by any means. "We are not defeated," he said, "and why should we resign? When Sir Charles Tupper resigned in 1896 he was in a minority of 25 or 30. Even then the Tory papers that call upon us to resign abused Lord Aberdeen because he did not allow Sir Charles to remain in office.

"The Government has no intention of capitulating. We have the majority of the electors at our backs, as well as the majority of the newly-elected members. Although the majority is small, it is sufficient for all practical purposes, and we propose to fight it out if it takes all summer."

The Conservative Inquest.

The inquest into the causes that led to the defeat of the Conservative party on the 1st of March was resumed yesterday after the adjournment made last week for the purpose of summoning witnesses from all parts of the country. These witnesses were on hand yesterday from the north from the east and from the west. Victors mingled with vanquished, and congratulations with condolences. Mr. Samuel Barker of Hamilton was coroner, and Mr. Robert Birmingham, Conservative organizer, recorded the depositions.

The inquiry was almost as secret as the Maine investigation, but hope was the keynote and "Grit corruption" the theme. The revelations in regard to the latter are understood to have been so shocking that one of those present declared "nothing like it had been known since the palmy days of Sir John Macdonald himself."

A vote of confidence in Mr. Whitney was passed, and the speakers at the morning session were Messrs. W. R. Brock, J. P. Whitney, Ald. Carscallen, Sanford Evans, J. W. St. John, Q. W. Marter, Col. Matheson, Dr. Willoughby, J. J. Foy and Mr. Killaskey.

The chief speaker of the afternoon was the Hon. Peter White. Addresses were also delivered by Messrs. Whitney, Carscallen, Colquhoun, Foy, Marter, Powell, Matheson, St. John, Killaskey, Beynon, Willoughby, Smythe, Caldwell, Hoyle, Miscampbell, Langford, Campbell and others.

While the caucus was in session the rumor prevailed about the streets that the Conservatives had decided to protest forty Liberal seats. This is probably an exaggeration.

The West York Recount.

Toronto, March 10.—The recount in the West York election proceeded with yesterday before Judge McDougall, in his chambers, made very little change in the official figures given by the returning officer for the riding. The count as revised by Judge McDougall gives Mr. W. J. Hill a total vote of 2,445, and Mr. J. W. St. John 2,430. This is a reduction of two in Mr. Hill's majority.

Perjury in East York.

Toronto, March 10.—Alexander Duff, a blacksmith of East York, has sworn before Magistrate Rameden to information charging Andrew Milroy and James Garbutt with perjury.

Duff says that Milroy and Garbutt were both sworn by a deputy returning officer, Daniel McCafferty, at sub-division 9, East York, before voting on March 1, whereas neither of them have lived continuously in the district, one having been in Manitoba and the other in Ontario County.

An investigation will be held on the 16th.

East Elgin Tory.

St. Thomas, March 10.—The recount of the ballots in the Elgin election before Judge Ermatinger was concluded at 7 o'clock last evening, and 10 votes were added to Brower's majority of 19, so that his majority is now 29.

Centre Bruce Returns.

Pinkerton, Ont., March 10.—J. B. Campbell, returning officer for Centre Bruce, made his official declaration yesterday as follows: Andrew Malcolm (Lib.) 1,850, John S. McDonald (Pat.) 1,616. Majority for Malcolm, 234.

Mr. Robillard Has Retired.

Ottawa, March 10.—Mr. Robillard's withdrawal from the contest in Russell has crippled the Conservatives in the County.

East Durham.

Cobourg, March 10.—Sheriff Proctor's official declaration in East Durham gives the result as follows Fallis (Con.) 1,949, Grandy (Lib.) 1,643. Majority for Fallis, 306.

GOVERNMENT HAS LOST A SEAT.

Papers Say Lost Popularity Could Be Regained by Strong Foreign Policy.

London, March 10.—A Parliamentary bye-election was held yesterday in the Stepney Division of the Tower Hamlets (London) to fill the vacancy caused by the death of the late Conservative member for the borough, Mr. Frederick Wootton Isaacson. It resulted in a victory for the Liberal and Radical candidate, Mr. W. G. Steadman, who defeated his Unionist opponent, Major W. Evans Gordon, by 20 votes. The vote was as follows: W. G. Steadman, Liberal, 2,492; W. Evans Gordon, Unionist, 2,472. Liberal majority, 20.

The Conservative newspapers, in expressing their regret at the defeat of the Unionist candidate in the Stepney bye election yesterday, are inclined to blame the lack of backbone in Lord Salisbury's foreign policy.

The Standard says: "There is no need to specify the regions wherein public misgivings are mainly concentrated. It is enough to say that by bold and resolute action in Western Africa and the far East the Government will secure popular confidence as they can gain it in no other way."

The Times in its editorial declares that "the country is prepared for war if necessary on these important questions."

IN FAVOUR OF DODD'S.

W. F. Hill, of Strathroy, Testifies for Dodd's Kidney Pills.

Strathroy, Feb. 28.—The evidence of W. F. Hill, Caradoc street, in the case of Dodd's vs. Disease is being heard, before the full court of the sovereign here.

Mr. Hill stated that, speaking from his own experience, he would say positively that no other medicine on earth, besides Dodd's Kidney Pills, would cure Kidney disease.

In reply to the judge's question, he said he had suffered intensely for several years. Doctors could not help him. Neither did any medicine but Dodd's Kidney Pills.

Three boxes of this wonderful remedy cured him completely.

The judge remarked that so far the evidence was overwhelmingly in favour of Dodd's Kidney Pills.

An Ex-Alderman Speaks.

Mr Jas. Hagan, the well-known ex-alderman of Kemptville, Ont., says: "For some years I have been greatly troubled with pain across my back. Urinary trouble caused me much loss of sleep, and I suffered from a tired, worn out feeling. Doan's Kidney Pills gave me relief in a short time. The pain in my back has disappeared, and I feel that I would be doing wrong not to recommend them to others suffering as I did. They are the best medicine I ever used."

How to Cure all Skin Diseases.

Simply apply "Swayne's Ointment." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for Swayne's Ointment. Lyman Sons & Co., Montreal wholesale agents.

Regular action of the bowels is necessary to health. Laxa-Liver Pills are the best occasional cathartic for family or general use. Price 25c. Any druggist

PLAGUE RIOTS AT BOMBAY.

Several Persons Killed or Wounded—Troops Despatched to the Scene.

Bombay, March 10.—Serious plague riots have occurred in the native quarter. Several persons have been killed or wounded. Troops and blue-jackets have been despatched to the scene of the disturbance.

The trouble arose through a plague party enquiring into the cause of the sickness of a Mohammedan woman.

An enormous crowd of Castemen gathered, and stoned and mobbed the party, which retired for an escort of armed police, and then returned and re-demanded the surrender of the patient, which was refused. A parsee magistrate, who exhorted the populace not to resist the police, was himself struck, whereupon he ordered the police to charge. They did so, and four Mohammedans were killed and several wounded.

The disturbance spread with alarming rapidity, until the whole quarter around thhe Bhendi bazaar presented a spectacle similar to that of the riots of 1893. The Mohammedans, who were joined by the Hindoos, assaulted every European or Eurasian they met, and a hysterical mob attacked the European dwellings in the suburbs of Byculla. The residents barricaded themselves in their houses and fired blank cartridges from their windows, which drove the rioters away.

In the meantime troops were hurried to the scene, and a battery of artillery is now patrolling the Bhandi bazaar.

The outbreak was specially directed against Christians. It is reported that two European soldiers were nearly killed. It is difficult, owing to the excitement, to obtain details.

A New Peer.

Dublin, March 10.—Baron Castlemaine has been elected a representative Peer in place of Baron Clarina, deceased.

THE ONLY HOPE!

For Victims of Bright's Disease is Dodd's Kidney Pills.

Not a day passes on which the newspapers do not record the death of one or more persons from Bright's Disease. Already its victims number hundreds of thousands. Day by day the awful total grows larger. No class is safe from this destroyer.

War and intemperance, with all their miseries and fatalities, are not responsible for as many deaths as have been caused by Bright's Disease. Yet, there is a way of resisting it; of drawing its poisoned fangs, and making it as harmless as a summer breeze. That great medicine, Dodd's Kidney Pills, has cured thousands of the worst cases. It never fails to cure, hopeless as the case may seem.

Would you safely shield your loved ones from the fatal grip of this curse of mankind—Bright's Disease? Then use Dodd's Kidney Pills, the only cure on earth for this disease.

An agreeable Laxative and Nerve Tonic. Sold by Druggists or sent by mail. 50c., $1. and $1.00 per package. Samples free.

Heralds OF Spring

Radiant in all the matchless beauty of Spring, fresh and resplendent with a newness and exclusiveness of design that is is characteristic of this Ladies' Store, comes our magnificent stock of New Spring Millinery, for 1898.

Preparations for our INITIAL Spring Opening, have been going on for some months. Especial efforts are being put forth to make our First Spring Exhibition of Millinery Novelties the chief fashionable attraction of the town.

Among the forerunners in our exposition of Millinery elegance are:—

VEILINGS—Just opened out; many yards of Silk Veilings in all the newest colours and patterns of the day. All our designs are personally selected insuring the very latest effects in dots, etc., on silk net.

GLOVES, RIBBONS, SILKS, LACES, CHEFFONS and TRIMMINGS of various lovely shades and textures.

FLOWERS—Again the whim of the hour is for flowers, and the flower makers must needs have been botanists for every specimen has been perfectly counterfeited, Roses, Violets, Lily-of-the-Valley, &c.

HAT SHAPES, dainty creations in Chip effects, plain or double colours, in Sailors, Turbans and Leghorns, nearly all inclined to be turned up on the left side.

Other new items are worth taking in by early shoppers.

Miss Delaney

Men who are Bald.

See Professor Dorenwend, the well known Hair Goods Artist, who will be at the Oriental Hotel on Wednesday, March 23rd. His system of replacing lost hair on bald heads is really marvellous. Any doubts as to this fact can be quickly dispelled by examining his goods. There is not the slightest trace of falseness and besides improving one's appearance, they afford protection against colds, neuralgia, etc. The wearer never realizes that he has it on it is so light and comfortable. Over 34,000 are in use and the number is increasing daily.

New Warerooms.

Mr. Jos. Secee has moved in from Bridgenorth, and opened up warerooms next the Five Hall, where he will be pleased to welcome all his old customers and as many new ones as are attracted by his fine stock of Massey-Harris implements, carriages, bicycles, harness and other lines of a like character. The warerooms are especially adapted for the handling of implements, etc., and have large swing doors opening out on the market place as well as the entrance on Simcoe street.

See our Medium Grey Worsted Spring Overcoats, well made and trimmed, selling at $3.50. Stratton & Co.

A CLOSE CALL.

Death Was at Charlie Gladman's Shoulder Yesterday.

Mr. Charles Gladman, who left yesterday afternoon for the Klondike on the G. T. R., came very nearly being the victim of a serious, if not a fatal, accident, when boarding the train.

There was a large number of his friends at the station to see him off and as he picked up his two satchels and moved towards the train when it began to pull out, there was a general rush for a handshake. As he took hold of the railing on the front platform of the second last car he was shouting his adieus and not paying particular attention to what he was doing. His friends were horrified to see him suddenly slip and fall between the car and the platform. He still retained his hold of the railing, but was unable to recover himself on account of being hampered with the two satchels. It looked to be but a matter of a moment before he would lose his hold and many turned away to escape seeing what seemed an unavoidable fatality, but just at that minute the baggageman sprang to the rescue and, catching hold of Mr. Gladman, threw him up on the platform of the car. It was some minutes before anyone could speak, as the rescue was almost miraculous.

TO BE CONGRATULATED.

The Lacrosse Club Entertainment the Best of the Season.

A very select audience greeted Mr. W. E. Ramsay, who appeared last evening in the Opera House under the auspices of the Lacrosse Club.

The entertainment was the best of the kind ever appearing here and the press notices, which preceded it, were not exaggerated, as those present were thoroughly pleased with the programme, consisting as it of scene, song and story. Accurate scenes from nature were reproduced with photographic accuracy by the cinematographe, which was by far the best moving picture machine ever brought to Peterborough. The pictures of portions of the Jubilee celebration were a revelation consisting of views of Her Majesty driving in St. James' Park the day before the procession, the first line of the procession, the colonial troops including our own representatives, the Royal Horse Artillery, the two bands preceding the Queen, the Foreign Princess (two views), Her Majesty drawn by eight cream horses, followed by her retinue and seventy five other pictures replete with life and interesting in the extreme. Between the views, Mr. Ramsay entertained the audience with song and story in the happy manner, which has won for him the reputation of being Canada's first artist in this respect. His songs are new and bright and his stories highly amusing.

The effect of the entertainment on the audience is the best possible advertisment that could be wished and it is expected that the Opera House will be crowded to the doors, this evening, when an entire change of programme will be presented with the exception of the reproduction of the Jubile pictures, which will again be seen by special request.

The Lacrosse Club are to be congratulated on arranging for the presence of Mr. Ramsay, whose entertainment is by long odds the most pleasing which has been staged at the Opera House this year.

VICTORIA CLUB.

A Pedro Tournament Arranged to Take Place on Wednesday Evening Next.

A meeting of the Victoria Club was held last evening, when statements were submitted by the treasurer. Mr. J. Herbert Hall, concerning the club's financial standing, and it is pleasing to announce that when the outstanding dues are paid all liabilities can be promptly met.

A committee of eight was appointed to assist the treasurer in collecting the dues and an active canvass will be undertaken next week in order that the matter may be promptly straightened up.

On Wednesday evening next a pedro tournament will be held of President vs. Vice-President, when it is hoped every member will be present. The sides are to be picked to-day and notification issued as to the particulars. The club also proposes arranging for an entertainment in the Opera House immediately after Lent when the public may expect something out of the ordidary run.

PERSONAL.

Miss Nellie Thorne of Lindsay, is visiting friends in town.

Mrs. D. McLean has left for Calgary after spending three months with friends in Peterborough and vicinity.

Mr. Archie Moffatt, of Hamilton, is spending a few days in town renewing old acquaintances.

Mrs. C. B. Routley, who has been in Toronto for some time, has returned to town and is at the Grand Central with Mr. Routley.

Messrs. T. R. Bradburn and J. W. Garvin were in Toronto yesterday attending the Conservative Consolation conference, a report of which appears in another column.

Mr. Geo. Spence, of Toronto, Grand Chief Templer, I.O.G.T., is in town for the purpose of organizing a district lodge for Peterborough county.

The Toronto Globe says: The Hon. Geo. A. Cox and Mrs. Cox returned to Ottawa last Tuesday and will occupy their former suite of rooms in the Russell House.

Mr. Joseph Kidd, after about a year's absence in Moosomin, Assiniboia, has returned to town, and will become a permanent resident, a circumstance which will be especially gratifying to the members of Peterborough Lodge, No. 111, I. O. O. F., of whose degree team he was captain.

Mr. J. R. Stratton, M. P. P., and Mr. Peter Hamilton were in Toronto yesterday attending the annual meeting of the Trusts and Guarantee Company. Mr. Stratton was re-elected President, and Mr. Hamilton a Director and member of the Executive Committee of Management.

Mr. Walter J. English has just received official notice from F. L. Dunnell, Commodore of the American Canoe Association, that he has been appointed Signal Officer of that organization. Mr. English was elected Assistant Signal Officer at the last general meeting of the A.C.A., and in part owes his promotion to the fact that Signal Officer Harry Stewart, of Rochester, has gone to the Klondyke. Mr. R. N. Cutter, of Worcester, Mass., has been appointed Assistant Signal Officer.

When You're Ready for Wall Paper Visit the Peterborough Bookstore. Our special Spring importation of over 25,000 rolls, will be our leading event this week. You know, of course, that we sell as we buy, and such prices as these clearly illustrate the meaning of that fact: Gilt papers, 5c.; gold papers, 7c. and 10c.; embossed papers, 15c.; embossed gold friezes, 10c.; ingrain friezes, 8c. and 10c.; a list of home-made goods, with and without borders, worth from 20c. to 30c. for 10c.

A. H. STRATTON & Co.

SPRING ASSIZES.

The Last Case Concluded—The Court Rose Yesterday.

The Spring Sittings of the High Court was concluded yesterday, with the case of Dubois vs. Corry & Laverdure.

In this action C. Dubois, the plaintiff, had contracted to supply Corry & Laverdure with 5000 yards of gravel to be used in the construction of a road bed at Nassau. It was found before the contract was fulfilled that the quantity needed had been over-estimated, and Dubois was notified to refrain from drawing more of the gravel. 2704 yards had been used. Dubois then brought action to recover balance due him, for alleged refusal to fulfil contract and for alleged unlawful prevention.

A verdict was brought in by the jury awarding the plaintiff $39.90 for balance due, and $21.60 damages.

D. O'Connell appeared for the plaintiff, and W. H. Moore for defendant.

OMEMEE ROBBERY.

A Large Quantity of Pipes Tobacco and Cigars Carried Off.

Burglars entered Wm. Calvin's barber shop in Omemee last night by a back window and carried off a large quantity of pipes, tobacco and cigars, but fortunately overlooked a sum of money which was in the till. It is not supposed that the theft was committed by professionals.

LECTURE IN ST. JOHNS.

Rev. W. E. Cooper, B.D., of Campbellford, Delivers an Address on Church History.

The third lecture in the course on Church History was delivered in St. John's last night by Rev. W. E. Cooper, B.D., of Campbellford.

The speaker began by rapidly sketching an outline of the history of the church from her birth on the Day of Pentecost, through the first three centuries of persecution, during which she exerted a firm and powerful influence and advanced with conquering might to the confines of the known world.

The lecturer described particularly the branches of the church in North Africa, where some three hundred bishops were found and in Britain. The church in the latter country was recognised throughout the world and was represented at the different Councils. First at the Council of Alles in 314. This was nearly three centuries before the Roman Mission under Augustine. The church grew and prevailed because it was as yet a united church, filled with the power of God. There was as yet no schism or division. She was purified also by the fires of persecution. The fourth century was a time of outward prosperity where the world for the first time smiled upon the conquering church.

Constantine was the first Christian emperor of Rome, his conversion being ascribed, first to the vision of the Cross in the sky, after which he emblazoned the letters X.P. the sacred monogram on his on standard. While never a deeply religious man he granted to the Christians the free exercise of their religion, which then at least basked in the Imperial favour. But at this time of outward prosperity an internal weakness arose. The heretic Arius, a priest of Alexandria, attacked the true Divinity of Christ and obtained a large following in the Church. The true faith was championed by the great hero bishop—Athenasius. Constantine was the providential instrument of healing the breach by summoning the great council of Nicea, which promulgated the Nicene Creed, declaring for ever the true faith, as opposed to the teachings of Arius. The church thus recovered her power.

The next epoch will be dealt with next week by Rev. Canon Spragge, of Cobourg.

ALL SAINTS CHURCH.

Rev. H. Symonds will lecture on St. Paul at the Lenten service in All Saints church to-night at 8 o'clock.

The third sermon in the series, "What the Church has and yet has not," will be preached by Rev. Mr. Armitage on Sunday evening next.

DAILY TEMPERATURE RECORD.

The following are readings of the official thermometers for this morning, as well as the highest and lowest yesterday—shade temperature:—

To-day, 7 a. m..... .....31° above zero

	Highest.	Lowest.
Yesterday.....	45°	26°

The minus sign (—) signifies below zero.

Where Specialists Failed Dr. Chase Cured Catarrh.

James Spence, Clachan, Ont., writes:—"I had been a sufferer from Catarrh for 15 years. It became chronic and I had given up all hopes of ever being cured when advised by a friend to try Dr. Chase's Catarrh Cure. I at once started and am pleased to state three boxes effected a complete cure, and I heartily recommend it to anyone suffering from Catarrh."

Mr. Ames has enough money, and sold his stock of shoes to Kidd, so that he can give great bargains—405 George street.

Parlour Furniture.

It is worth a visit to Clegg's furniture warerooms to see their parlour suites. New and handsome designs in 3, 4, 5 and 6 piece suites, beautifully upholstered in the latest styles and materials. Odd pieces in parlour furniture in great variety and at very low prices. Clegg's furniture and undertaking warerooms, 427 Georgestreet.

BIG SALE OF LINEN

on for one week. Tray Covers, from 15c up; Table Centers, from 15c up; Sideboard Covers, from 35c up; 6-o'clock Covers, from 25c up; etc., etc., at MISS MELVILLE & Co's., 424 George street.

VERY SUDDEN DEATH.

Heart Trouble Causes the Demise of Mrs. Thos. Cummings.

Annie McMurray, wife of Mr. Thos. Cummings, Reid street, died very suddenly last evening of heart trouble. The deceased has been suffering from the effects of an attack of la grippe and cold, but was not sufficiently unwell to be confined to her bed. Last evening, after partaking of supper, at about eight o'clock, she complained of feeling weak and laid down on the lounge. Mr. Cummings being somewhat alarmed went for a physician, but when he returned a few minutes later he was shocked to find that his wife had expired during his short absence from home.

Mrs. Cummings had been married about four years and leaves one child two years old. She was the daughter of Mr. Thomas McMurray, of Douro, and was twenty-seven years of age. The funeral will take place from the family residence No. 139 Reid street, at nine o'clock to-morrow morning, interment being in the Roman Catholic cemetery.

TO-NIGHT! TO-NIGHT!

An interesting new programme will be given at the Ramsay Concert To-Night! The moving picture machine produces the best pictures ever seen in town. Under Lacrosse Club Auspices. Admission 10, 20 and 30c.

SPRING STALLION SHOW.

Will be Held on the Market Square, April 30th.

At a meeting of the directors of the West Peterborough Agricultural Society held in the town council chamber yesterday afternoon, there was a good attendance. After routine business, Mr. W. J. Green was re-appointed secretary-treasurer, the board being of the opinion that the two offices could be profitably combined.

It was decided to hold a spring stallion show under the auspices of the society. The date is April 30th, and the place the market square, Peterborough. An entrance fee of one dollar for each exhibitor must accompany entry application.

Mr. J. H. Garbutt was appointed a member of the Board in place of Mr. W. G. Telford, of Smith, who has retired in view of his departure for Manitoba.

How to Keep Well.

Without regular action of the bowels good health is impossible. Laxa-Liver Pills regulate the bowels, cure constipation, dyspepsia, biliousness, sick headache and all affection of the organs of digestion. Price 25c. All druggists.

DIED.

CUMMINGS—At 139 Reid street, on Wednesday, March 9th, 1898, Annie McMurray, wife of Mr. Thos. Cummings, aged 27 years.

Funeral from the family residence to-morrow morning at nine o'clock.

SILKS... and the Fashions

This is to tell you about the assortment we can show in BLACK BROCADE SATIN DAMASSE, and it's interesting because Fashion has evidently marked them for her own this spring.

They were popular last year. This year they are to be in demand if present indications are to be trusted. We have a rich Black Brocade Satin Damasse which we are selling at 75c; better goods $1.00, $1.10, $1.25 up to $1.75.

WAIST SILKS.

Will also be in greater demand this season. We have anticipated this for months and the magnificent assortment of these goods purchased direct from the leading Silk Centres in Europe, are now here and include:

Fine French Silks, in all colours and stripes, 21 inches wide, 50c yard.
French Taffetta Stripes, in all leading colours, 55c yard.
French Taffetta Silks, Black with coloured stripes, 75c yard.
French Shot Taffetta Silks, in all the new colors, 65 & 75c yd.
Fancy French Silks, in waist ends, at $1.00, $1.25, $1.50.

We also draw special attention to our assortment of all kinds of Black Silks, as the stock has never been so complete and prices so low.

SPRING FLOWERS.

A Run Through Jordan Bros. Fine Conservatories—50,000 Young Celery Plants to be Transplanted.

A visit to a greenhouse or conservatory at this time of the year is sure to be replete with pleasure to the admirer of flowers. The sun is becoming strong enough to make its influence apparent under the glass and the bloom is coming on with a rush. Last fall Jordan Bros. added another greenhouse to their establishment and as it is filled with carnations of every variety the perfume greeting the visitor on entering is pleasing indeed. The new house is 20x100 feet in size and has 3,600 lights of glass. It was built throughout, heating and plumbing included, by the proprietors, who think that by doing the job themselves they saved fully $500 This is the fourth greenhouse on the premises. The second one is almost tropical in appearance. Several great date palms at the farther end showed up well The palms were raised from date stones planted fifteen years ago by the firm. The Easter lilies are just coming into bloom and there is a fine lot of calas on hand. Out of a thousand primroses and primulas there are not many left now, the sale of the latter being especially large this season. The primulas are great bloomers. A nice lot of chrysanthemums, all coming on, and over 500 monthly roses are just bursting into bud. Of marguerites and old fashioned snap dragon there are plenty, as well as a great variety of fancy leaf acolias. But it would be idle to attempt to describe the beauty of a conservatory, when, encouraged by Old Sol, the plants are doing their best to make up for time lost during the winter. A personal visit is needed to be impressed with the beauty of the flowers.

At present Jordan Bros. are busy transplanting seedlings and have an enormous quantity of young plants doing well. Over fifty thousand young celery plants have to be transplanted and in consequence the firm is very busy just now.

Ladies, be on Hand

At the Oriental Hotel on Wednesday, March 23th, to see Prof. Dorenwend's latest designs and styles in Hair Goods. He will have a large stock of Wigs, Bangs, Wavy Fronts, Switches, etc. The judicious adjustment of one or other of these styles, brings beauty and youthful appearance to the face, and giver the head a superior and intellectual shape. Time of next visit uncertain so do not miss this chance. dw

THE MUD LAKE BRIDGE.

To the Editor of the Examiner:

SIR,—Everyone will be pleased if Mud Lake can be spanned by a safe, permanent bridge. It is of great consequence, not alone to Ennismore, but to the entire community. Before, however, glibly talking of building this permanent structure, would it not be well for someone to count the cost? This lake is said by engineers, who carefully examined it for the purpose of Fowler's railway, to have a mud bottom of about fifteen feet in depth. Now, assuming that a roadway of seven yards in width at the top were constructed. it would take about 200,000 yards of stuff to make the embankment.

A short railway built up to Kelly's bill with steam digger cars, etc., could put the stuff in the lake at a probable cost of about 25 cents per yard, but that would mean a total cost of $75,000 or thereabouts. Then a swing bridge with its yearly cost would be implied, and the constant wash of the water would mean another yearly expense. The Cobourg people put $100,000 into Rice Lake, which has a good bottom and is not so deep as Mud Lake. Where is their money's worth visible to-day? Let some competent engineer give an estimate of the cost, and then the people will be in a position to deal intelligently with the matter.

Yours truly,
D.

ST. ANDREW'S CHOIR.

To the Editor of the Examiner:

MY DEAR SIR,—Much talk has been going the rounds among those who know, and those to whom Mr. Mulligan has spoken to, as to the advisability of having a quartette choir in St. Andrew's church. In regard to his denial in THE EXAMINER of the 8th inst, they claim that Mr. Mulligan had no right to deny the report. As a friend of Mr. Mulligan's I feel it only my duty to stick to him in this matter. Mr. Mulligan did not deny that he was trying, or had been trying to furnish a quartette choir and organist. It was the male quartette part of it that he denied, and he had a perfect right to do so, for no one would ever dream of having a male quartette choir. If my friend tells me the truth, Mr. Mulligan told the person in question that it was impossible to give good music with poor material, or words to that effect. Now, as I have it for a fact from Mr. Mulligan that very few in his choir can read music, I must conclude that it is poor material and that Mr. Mulligan is right in wanting to furnish four paid singers and an organist. Some would try to throw the blame of the choir not being able to read music upon their instructor, but when we consider that Mr. Mulligan has only had the choir something like 3 or 3 years, and although nearly all the members besides the regular practice and private classes by Mr. Mulligan have attended his course of winter lectures on music and although some of the young ladies stand high in their classes, in the Collegiate Institute, yet in justice to Mr. Mulligan, I hold that in such a short time very few could be expected to read music readily. Asking my friends who are doing so much talking to enquire into the matter before they judge, whether a man is telling the truth or not when he denies anything, and thanking you very much Mr. Editor for the space I occupy in the interests of protection.

I am your very truly,
MARTHA.

HUNTERS' LICENSES.

To the Editor of the Examiner:

DEAR SIR,—A copy of the enclosed letter has been sent to the Review for publication. Will you kindly insert it and oblige

F. J. MOORE.

To the Editor of the Review:

DEAR SIR,—Noticing that you had printed a series of letters between Mr. R. C. Strickland and myself on the above subject, I wish to say that Mr. Strickland was not singled out by me as the only one to pay his license fee. There were no settlers' licenses issued in this neighbourhood by me. I issued about fifty licenses, the receivers paying the usual fee of two dollars at the time, with the exception of Mr. Strickland, whom I had to dun for the amount. Hence his tempest in a teapot.

Thanking you for your space, I remain,
Yours truly,
F. J. MOORE.
Fishery Inspector, Lakefield.
Lakefield, March 8th, 1898.

The Most Prominent are Fashionable.

Dyspepsia or Indigestion has become a fashionable disease. There are very few individual who have not at various times experienced the miserable feeling caused by defective digestion. No pen can describe the keen suffering of the body, and the agony and anguish of the mind endued by the Dyspeptic. Dr. La Londe, of 236 Pine Ave., Montreal, says, "When I ever run across chronic cases of Dyspepsia I always prescribe Dr. Chase's Kidney-Liver Pills, and my patients generally have quick relief."

Dont Fail to see
Our 1898 Cleveland
T. FITZGERALD.

THE BOARD OF TRADE AND THE STICKEEN SITUATION.

The action of the local Board of Trade in calling a special meeting to "strengthen the stand of the Government against the extraordinary attitude of the United States government in ignoring by hostile legislation the rights to free navigation of the Stickeen River conferred by the Treaty of Washington," is indeed timely. In this matter the Americans have not taken, by any means, a dignified national attitude. Their attitude is simply that of the huckster. They desire to block, if possible, the construction of the Yukon Railway, so that they may get the benefit of the immense trade that will arise from the spring rush of people to the Klondyke. The Dominion Government have taken a firm stand on their rights and are manfully meeting the hostile attitude of the Americans. They know what they are doing, and are therefore all the firmer in the stand which they know is right. They properly claim the free and unobstructed navigation of the Stickeen river, which flows into the Pacific at Fort Wrangel through a narrow ribbon of American Territory. The Treaty of Washington is explicit enough on this point—"the navigation of the Rivers Yukon, Porcupine and Stickeen, ascending and descending, shall forever remain free and open for the purpose of commerce to the subjects of Her Britannic Majesty and the citizens of the United States, subject to any laws and regulations of either country within its own territory, NOT INCONSISTENT WITH SUCH PRIVILEGE OF FREE NAVIGATION." Now the United States Senate proposes a bill which proposes conditions "inconsistent with the privileges of free navigation"—that American miners shall be allowed to take into the Klondyke country a certain quantity—1,000 pounds—of goods free of duty; that American fishermen shall be allowed to purchase bait in Canadian ports; that charters shall be granted American railway into the Klodyke country and that mining licenses shall be issued at points convenient to Americans. These conditions are the acme of national impudence and cannot and are not for a moment entertained by the Dominion Government. If our American cousins cannot hold their ground, which is plainly untenable, they at least hope to bull-doze the Canadian Government into abandoning the Yukon Railway. That is just what they want. They want all the benefit of the great transportation trade with the Klondyke, which Canada cannot handle without the railway. We shan't give up the railway. The Canadian Government is confronted with the duty of providing transportation connection between any part of Canada and the Klondyke. There is an open river—which Canada has an undoubted right to use for commercial purposes, a right guaranteed by solemn treaty, and the Government will stand on its rights. We have behind us the power of the British Empire, which will not stand idly by and see the conditions of a solemn treaty infringed or ignored. We must make the best possible arrangements to handle the Klondyke trade. To do so we need the use of the Stickeen to gain access to the Yukon railway, and we quietly but firmly say that we are going to stand upon our rights and shall not be deterred by the bluster of our big cousins.

If the Board of Trade decides to uphold the government in their attitude on this question they are acting in the interests of this town and country. We shall probably send large numbers from here to Klondyke, and our local business men are prepared to furnish outfits. Unobstructed access through neutral and Canadian territory is desirable to the fullest development upon such conditions. The Klondyke is in Canadian territory and Canadians must have the fullest possible benefit of that advantage—and that without paying toll to foreigners.

At this crisis, and upon this question, every Canadian should be without party politics—"Let none be for a party but all be for the state." Let there be, as there is bound to be difference of opinion between political parties upon railway routes and plans of building. But when a powerful neighbor ceases to be a neighbor and seeks to deprive Canada of her rights, let Canadian's irrespective of politics stand shoulder to shoulder.

AT the annual meeting of the Globe Printing Company, in Toronto yesterday the report presented proved the most satisfactory in all the history of the Globe. The Globe is a great newspaper and deserves the material and moral success it enjoys. Enterprising, independent, outspoken, even-handed in its treatment of news supply, and broad in its editorial policy, the Globe admirably meets the public demand for a first-rate newspaper.

A DESPATCH from Ottawa to the Globe says that Mr. H. Robillard, the Conservative candidate in Russell, has definitely stated that he has retired from the contest in Russell, because of ill-health, and that it would requre a "live" candidate to carry Russell in the Conservative interest. A conference of prominent Conservatives over the new situation failed to meet the emergency, and in the meantime Mr. Whitney's advice will be sought. The Opposition organs have been boldly proclaiming the "redemption" of Russell, but their chances do not seem very roseate when their candidate, who has for a long time been in the field, and has presumably sized up the situation, declines to face the certainty of defeat.

FLORIDA COMING ON WHEELS.

A Car Full of Wonders, Including Monster Man Eating Alligators—Coming to Peterborough Friday and Saturday, March 25th and 26th.

A marvellous revelation of tropical luxury, a Florida State Fair in a rolling palace from the land of the flowers, gorgeous with golden decorations and tropical scenery, filled with a tropical exhibit, imposing in multitudes, wonderful in realistics, marvellous in variety and splendid with a thousand tropical wonders, illustrating to tourists, invalids and prospective settlers the advantages and resources of that sunny land. Tropical fruits, Florida wines, exquisite perfumed fountains, waving palms, live alligators. "Bear in mind the alligators are chained." This conservatory on wheels, a tropical wonderland, was built of Florida woods at a total cost of $20,000. It is the most remarkable car on either continent; has been visited by more people on the inside and gazed at by more people on the outside than any other car ever built in the history of railroading. People flock to it day and night, and papers have described it from ocean to ocean as the first of its kind the world has ever seen.

To defray incidental expenses a nominal price of 10 cents., 5 cents for children 11 and under, will be charged.

Wantou S. Webb, Director General Florida Sub Tropical Exposition, Florida Commission to Paris Exposition and the World's Columbian Exposition at Chicago and official promoter of Florida publicity, is Director.

This Official State Fair "on wheels" will exhibit in Peterborough Friday and Saturday, March 25th and 26th, at the G.T.R. station, from 9 a.m. to 9 p.m. 1dw

To Cure a Cold in One Day.

Take Laxative Bromo-Quinine Tablets. All Druggists refund the money if it fails to cure.

Bankrupt Stock Sale of Groceries.

Having purchased the John Armstrong bankrupt stock of high-class groceries, etc., at a fraction on the dollar, I have started a sale of the entire goods at greatly reduced prices for cash at the store opposite the post office. As the stock must positively be closed out at once, great bargains may be looked for. Hotelkeepers, boarding house keepers and housekeepers generally should not miss this rare chance to buy cheap groceries. R. J. LANE. 12d53-2w

Busy Barbers.

Since the reduction in my prices for hair-cutting and shaving, trade has gone away up with a bound. Hair cuts for 10c. and shave for 7c. has come to stay at this shop, and

Glad are the smiles of our barbers
For the wave of prosperity rolls
With gladsome and lively mien
Through all their immortal souls;
And the grit and the grind of
The clippers are heard on the long-worn hair
As we mow from the heads of the
Hundreds the once honored pompadour hair.

Ladies Shampooing done and Switches and Bangs made to order and renewed. Natural Switches, 20 inches long, for $1.00. EDWARD LECLAIRE, formerly LeGros, 339 George st.

ARE YOU LOSING YOUR HAIR?

If so, bear in mind that

PROF. DORENWEND
OF TORONTO
WILL BE IN
PETERBOROUGH
--- AT ---
ORIENTAL HOTEL
--- ON ---
Wednesday, March 23rd

With all styles of his famous ART HAIR COVERINGS, LADIES' WIGS, BANGS, SWITCHES, WAVEY FRONTS, &c., GENT'S WIGS, TOUPEES, &c. These Goods are so true to nature that the closest observer cannot detect falseness. The beauty adding qualities and the protection offered the head have appealed to the sound sense and good judgment of over 100,000 people who are wearing the Professor's productions. Properly arranged hair whether natural or artifical, produces a refined and youthful expression on the face, and a visit to Prof. Dorenwend will secure the best advice on the subject.

Remember at Oriental Hotel on Wednesday, Mar. 23.

THE FILTHY DOLLAR.

I hold a dollar in my grasp—
  A ragged looking thing!
I gaze at it and wonder what
  Diseases it may bring.
Perhaps but yesterday 'twas held
  By some one who was rich,
Or by some wretched person with
  The jaundice or the itch!

There's a spot upon one corner—
  Blood, perhaps, who is to tell?
For this poor, filthy scrap some soul
  May have been doomed to hell!
Some hand all red with murder
  May have held it e'en today.
It may be full of deadly germs—
  Who shall presume to say?

In fancy I can see it
  On its travels through the land
Now held by dainty fingers,
  Now in some grimy hand,
Last week owned by some fallen wretch.
  Pah, vile, dishonored thing!
Yet men will fight and die for it
  And constitute it king!

Faugh! Torn, dishonored, soiled and rank
  I cast it hence. But stay—
I guess I'll grab it up again
  Lest it be blown away!
Oh, filthy scrap, all stained with blood,
  I wish that I knew how
I might get forty thousand such
  Abominations now!

—Cleveland Leader.

ON THE IRON DUKE.

BY CHARLES B. LEWIS.

My story properly begins in one of the land counties of England, and there are scores of people yet living who can relate all the particulars up to a certain point. As a beginning, a rector's son fell in love with a country gentleman's daughter. The young man, though brought up under the gentlest influences, was all that was bad at the age of 20. He was a roysterer, a poacher, a gambler, a race track man and outlawed by his family. Like many another scamp, he was good looking and had a captivating way, and Mary Sinclair was by no means his first conquest. She was the daughter of a rich gentleman and a girl far above George Early in the social scale and perhaps she took to him because there was no one to speak a word in his favor. At any rate, they were in love before her parents suspected anything of the sort, and they made the discovery just in time to prevent an elopement and a great scandal.

Her father tried threats, but they would not work on the rector's son. Then he tried to bribe him to leave the country, but was only laughed at. Folks said that the young man really desired to marry the girl, and that perhaps they would have come out all right in the end, but the Sinclairs had other prospects for the daughter and bitterly opposed the match. So obstinate was the girl and so determined the young man that she was locked up in her room, and he was sent to jail on some charge that might otherwise have been overlooked. It was while he was in limbo that it was decided to send her out to Jamaica in charge of an aunt to pass a year among relatives. Inside of a week their passage had been secured on the Iron Duke, a sailing ship, and the craft was ready to sail.

I was an apprentice on board of the Iron Duke, and so I can give you full particulars of what may be called the last half of the story. There were five passengers in all, being Mary Sinclair, her aunt, a Mr. Mosher and his wife and a young man named Brown. The girl fought against the decision of her father and vowed that she would drown herself at the first opportunity. For this reason the father accompanied her on board and told the story to the captain and gave her into his charge. Mary was quiet enough, however. She was even gay as we hauled out of dock at Liverpool and took the towline of a tug. What had caused the change in her no one knew, but the aunt and the captain agreed that she had probably decided to submit to the inevitable with the best grace possible. On the day before we hauled out of dock, which was the day Mary came aboard, I was sent to a certain sailors' boarding house on an errand, and while there I saw the boatswain of our ship in close and suspicious conversation with a strange young man whom I knew to be a landsman.

I saw money pass between them and overheard a few words of their conversation; but, being busy, the affair went out of my mind. What called it up again was the sight of the young landsman on our decks as one of our crew three hours later, while the one eyed man, whom I knew had signed articles, had taken his departure. An exchange of men had been made for money, as is often done just as a ship is leaving port, but it was none of my business, and I had nothing to say. It was the presence of George Early on the deck of the Iron Duke which had wrought the sudden change in Mary Sinclair, but of that none of us knew anything. The aunt did not know the young man by sight, and so he was safe in planning as he did.

A ship's crew is made up of able seamen, ordinary seamen and landsmen, and until the watches are set and the officers get to remember faces and names most any sort of shift can be made. Early had taken the place of a landsman, of which two had been shipped, and as he was young, strong and active there was no doubt of his pulling through, though he would be made a drudge of and have no sympathy from the officers. We were hardly clear of the docks when I heard the captain and mate speaking of him and wondering who he was and what had driven a smart young man like him to sea, and that made me take notice of him and get in his way for a word or two. The apprentices did not berth with the forecastle hands, but in the house with the carpenter and sailmaker, and were considered as belonging aft. The young man was glad enough to meet my advances half way, and in the course of a couple of days I knew the reason why.

After a conversation during his watch off duty, in which he praised and flattered me without stint, he asked me to carry a note from him to Mary Sinclair. I was surprised that a common sailor should even know the name of a passenger, but he told me a quick story and worked on my sympathies, and I finally agreed to do it. It was an easy thing for a boy who was running about the ship and in the cabin on errands to hand a note to a passenger, and the girl put herself in my way to receive it, as if she were expecting some such thing. A few hours later I carried her written answer back. Briefly, and nothing more passed between them for a week. I do not know what [illegible] the ship.

Dr. Williams Pink Pills

A Canadian Medicine With a World-wide Reputation

GENUINE MERIT HAS SECURED FOR THIS MEDICINE A LARGER SALE THAN ANY OTHER PILL IN THE WORLD

READ THE EVIDENCE OF THE CURED

PALPITATION AND HEART DISEASE.

After climbing a hill, or running up-stairs, are you out of breath?

Does your heart beat violently on such occasions?

The beat felt even in the head and wrists.

Do you feel faint when out of breath, or when in a crowded or hot place?

Be careful.

The heart, the most vital of all organs, is at fault. It may be a matter affecting your life. Dr. Williams' Pink Pills never fail in cases of this kind.

KIDNEY TROUBLE CURED

From the Standard, Cornwall.

James Macpherson, hotelkeeper in the village of Lancaster, Glengarry County, has done business for a number of years in Lancaster, and having successfully catered for the patronage of the travelling public, therefore is favorably known not only at home but also abroad. In conversation with a newspaper reporter he enumerated some of his ailments and how he was cured. "About two years ago," he said "my whole digestive apparatus seemed to become disordered. Some days I could move around, then again I would be obliged to go to bed. I tried several things but with indifferent success. Occasionally I felt relieved, but in a day or two the old symptoms would return with a more depressing effect. This kind of thing went on until I became troubled with my kidneys, which was a very annoying addition to my sufferings. I was restless, with a sensation of sickness at the stomach, with intermitent pain in the small of the back. I was miserable enough when I consulted the doctor, who probably did me some good, because I felt relieved. The doctor's medicine was taken and his directions obeyed, but I did not improve. I had heard of the fame of Dr. Williams' Pink Pills. My wife believed in them and urged me to try them. I am glad I did so for after taking one box I felt better, and I continued taking the pills until I was completely cured. This summer I had an attack of the same complaints and found Dr. Williams' Pink Pills as effective as before. I had this advantage, my knowledge and belief in the pills saved me from costly and tedious experimenting such as I had undergone previously. I may further add that both myself and Mrs. Macpherson have derived much benefit from the use of Dr. Williams' Pink Pills, and I can cordially recommend them to those who are suffering similarly."

REV. R. WOLCOTT WAYNE

He Tells of His Recovery from an Illness That Threatened to Incapacitate Him

From the Independent, Auburn, N.Y.

It having come to the knowledge of the editor of the Independent that Rev. R. Wolcott Wayne, pastor of the Baptist church, of Fleming N. Y., had been cured of nervous prostration by the use of Dr. Williams' Pink Pills for Pale People, he sent a reporter to that town to ascertain from Mr. Wayne the truth of the report.

The reporter found Mr. Wayne to be a gentleman some 40 or 45 years of age, in good health, and active in his ministerial duties. In reply to questions he made the following statement: Eight years ago while pastor of the

Baptist church in Covert, N. Y., I was stricken with nervous prostration. During the winter I had conducted revival services and delivered a series of lectures in addition to my work as pastor and became completely run down. I could not work, and felt as though my days were numbered. I tried a doctor, but did not receive much aid from him.

At this time I received a call from the church at Tully N. Y. At first I determined not to accept it, for I knew that in my weak condition I could not do the work. But hoping against hope, I finally detided to try and accordingly went there. My health continued to fail and I grew weaker, and I thought I would have to give up entirely my work for God, which I love. Just then, however the sun broke through the clouds. Mr. Tallman, of Tully, whom I shall always remember as a benefactor, recommended me to try Dr. Williams' Pink Pills. He had tried them and they had done him good. As a last resort I tried them. The effect was wonderful. From the very first box my system began to tone up, my blood became rich, and once more I became the strong and vigorous man I was before my health failed.

All my friends say of me that I am a very hard-working man, but in Covert I could not work. After I went to Tully and the pills had restored my health, I think I may say that I merited that name. For three or four years after I left Tully I did evangelistic work. Two years ago I came here. Since then I have never had any return of the old trouble, but am in good health, strong and active, with no symptom of nervous prostration, which was caused by overwork.

I owe my good health to Dr. Williams' Pink Pills for Pale People.

It is proven that

Dr. Williams' Pink Pills CURE

Rheumatism,
Sciatica,
Locomotor Ataxia,
Anaemia,
Heart Troubles,
Indigestion and Dyspepsia,
St. Vitus' Dance,
Paralysis,
Incipient Consumption,
All Female Weakness,
Dizziness and Headache,
And all Troubles arising From Poor and Watery Blood.

Sold by all dealers or sent post paid at 50 cents a box, or 6 boxes for $2 50.

Mr. W. Walsh, Upper Pockmouche, N. B. says—"I used Dr. Williams Pink Pills for la grippe and they proved very effectual. I would recommend them to all suffering from this complaint.

SKIN TROUBLES

often indicate an impoverished, vitiated state of the blood, or general debility. The blood being impure and heated, inflames the skin, giving rise to blotches, pimples, eczema, boils, or a sallow, muddy complexion. Dr. Williams' Pink Pills, though not a purgative, purify the blood, and give it richness and color, at the same time acting as a tonic, and causing skin troubles to disappear, giving place to a clear, smooth complexion.

HEART DISEASE

A Trouble No Longer Regarded as Incurable—An Orangeville Lady Tells How She Found a Cure.

From the Orangeville Sun

A remarkable case recently came under the notice of our reporter, and for the benefit it may be to some of our readers, we are going to tell them about it. In the south ward of this town lives Mrs. John Hubbard, a lady much esteemed by those who know her. Mrs. Hubbard has been a great sufferer from heart trouble, and ultimately became so bad that it would not have surprised her friends to have heard of her death. But a change has come, and she is once more rejoicing in good health. When our reporter called upon Mrs. Hubbard, and made his mission known, she said she would be delighted to tell him of her "miraculous cure" as she styled it. "Of course no one thought I would get better. I thought myself I could not last long, for at times it seemed as if my heart was going to burst. Oh, the dreadful sensations, the awful pains and weakness, together with a peculiar feeling of distress, all warned me that my life was in danger. I consulted a doctor, but he could do absolutely nothing for me. My friends saw me gradually sinking, and many an hour's anxiety I caused them. My strength waned, my nerves were shattered; I could not walk, for every step caused my heart to palpitate violently. It is utterly impossible to fully describe my condition. One day a friend brought me a box of Dr. Williams' Pink Pills, and told me to use them, but I said there was no use—they could do no good. To this my benefactor replied that if they did not, they at least could do no harm; so to please her I took the box of pills. Then I procured another box and began to feel that they were doing me good. I took in all eight boxes, and now I feel strong and hearty, each day doing my housework without fatigue or weariness. For anyone who suffers from weakness of the heart, I believe there is no remedy so sure, or that will bring such speedy results, as Dr. Williams' Pink Pills. Had I only used these wonderful pills at first I would have been spared months' of intense suffering." Mrs. Hubbard but re-echoes the experience of scores of sufferers, and what she says should bring hope to many who imagine there is no relief for them in this world. Dr. Williams' Pink Pills have saved more lives than we will ever know of.

NERVOUS BREAKDOWN

The merits of Dr. Williams' Pink Pills for Pale People in the cure of nervous breakdown or nervous prostration, is proven by the following letter of a clergyman addressed to the proprietors of these pills:—

DEAR SIRS,—In April, 1896, I was a hopeless case, owing to a complete breaking down of my nervous system and to a persistent stomach trouble. I had been treated by a great many physicians but received no permanent benefit. I had been down four times with nervous prostration and twice with gastritis.

These attacks would come with such violence as to throw me into spasms. The time came when physicians said I must stop preaching or die, I would be so exhausted after the last service on Sunday that I could scarcely get from the pulpit. Many a time I have had to sit down and rest before I could leave the church in order to gain a little strength. I could eat neither meat nor vegetables. I dared not allow my bare feet to as much as touch the cold carpet or floor, to say nothing of taking a cold foot bath. If I did I was immediately seized with cramps. In this condition I commenced to take Dr. Williams' Pink Pills. I took one box and felt no better—in fact worse. I said I would take no more, but my wife urged the matter, feeling my life depended upon the result, as everything else had failed, and I was "used up." I therefore continued to take them. Since then, and it has been several months, I have had but one slight attack and have enjoyed life. Have preached all summer and held revival meetings for fifteen weeks. I can eat anything I desire, and can now enjoy a cold bath daily. Every Sabbath I preach three times, and now think I am good for another twenty years if the Lord wills. I am surprised at myself and sometimes think it cannot be possible that I have accomplished what I have. (Signed),

REV. J. N. MCCREADY,
Elkton, Mich.

FOR CHILDREN.

A question often asked is this:—

"Can Dr. Williams' Pink Pills be given to children?"

They can.

For young children the dose is one-third of a pill. Children over ten may take a half pill. The pill can be cut with a knife, and may be dissolved in water if necessary.

to follow her to Jamaica and make her his wife. If such it was, it might have been carried out without a tragedy but for our second mate, in whose watch Early was drafted. All ordinary or able seamen are antagonistic to landsmen on general principles, and all mates drive them around without mercy.

That Early did his best I have no doubt, but the mate was not satisfied with that and took every occasion to abuse him. We were only a week out and the mate had shown his hand three or four times when a climax came. In the early morning watch he gave some order which was not readily understood and promptly obeyed and as a result brutally assaulted two or three men of his watch. Early was of the number, and they pitched into the mate and nearly killed him. For this they were put in irons to be tried when the ship reached Jamaica.

It may have been that the uncalled for brutality of the mate aroused the sympathies of the entire crew or the change of plans made by Early won them over. They were an average lot of sailors, of mixed nationalities, and the man had been in irons only two or three days when I heard enough to satisfy me that mischief was brewing.

I went to the chief mate with scraps of conversation I had heard and received a kick and a curse for my pains. A few hours later I was sure that the crew contemplated open mutiny; but, afraid of the reception the captain might give me, I held my tongue. Two nights later, in the second mate's watch, he was seized from behind and thrown overboard. Then the watch off duty was notified, and, arming themselves as best they could and led by George Early, they called the captain and chief officer on deck and secured them and [illegible] possession of the ship. Every sailor aboard except the carpenter and sailmaker was in the plot, and after the ship had been seized these two men cast their lot with the mutineers. I was routed out only after the men had secured the officers, and I then found all the passengers dressed and in the cabin and George Early and Mary Sinclair talking together. The change of plan was to seize the ship and go sailing to some island where the men could enjoy themselves in their own way, with piracy perhaps at the finis.

It was currently reported that the Iron Duke had a large amount of specie aboard, besides a valuable cargo, and young Early was a good talker among such ignorant men as inhabit the forecastle. As a matter of fact, there was some specie—a few thousand dollars in silver—but, as to the men reaping any benefit out of a mutiny, each and all must have known better had they stopped to argue the matter. The ship held to her course, and nothing was done until next morning. There were some lawless acts among the men, as might have been expected, but nothing to make the passengers afraid, and the carpenter had general charge of the ship and carried her safely along.

An hour after daylight the crew gathered and elected George Early as captain. As he had not been two weeks at sea this was a queer thing to do, but the men wanted to honor him for leading the mutiny. It was found that not a man aboard knew anything of navigation, but the charts were brought on deck and consulted, and it was agreed that the ship could be navigated without help from the instruments. Captain and mate had been tied hand and foot for hours and were brought out soon after the men had had their breakfast. The mate had nothing to say.

The captain made a speech in which he offered to overlook the whole matter if the men would return to duty. They jeered and mocked him in reply. Some were for killing the two men at once, but Early had decided to give them a show. One of the quarter boats was launched and provisioned for a week and the two officers ordered into her. They went without a word, seeming to realize that nothing they could say would change the plans of the mutineers, and then came the question of the fate of the passengers. Early had perhaps planned to keep them aboard, but every one begged to be sent away with the officers. Even Mary Sinclair's aunt was included, although she was 50 years of age, in poor health and knew that hardship and suffering awaited her. As for the girl herself, she looked upon her lover as a hero and was for helping him to carry out his plans. I am sure she knew that a mutiny was brewing and that Early was the leader, but she rather encouraged it than otherwise. When the aunt and other passengers charged her with this, as they did soon after the ship changed hands, she only laughed at them in reply.

She was not only thoroughly infatuated with the good looking criminal, but had become perfectly reckless of consequences. After a long wrangle the passengers were allowed to go in the boat, and more water and food were put into her. Not one of the crew expressed a desire to go along, and that I was permitted to depart has always been a matter of wonder, as I would have been of use aboard, and the other apprentice was detained. That I did get away was owing to the fact that I was sent down into the boat to keep her fended off from the ship and to receive the provisions, and when all the people had come down we cast off in a hurry, leaving Mary Sinclair behind.

When sent adrift without a sail or compass and with only two oars—seven of us—we were about 800 miles from the nearest land, which was the land we had sailed from. It was fortunately midsummer weather, and we did not suffer from cold, but for 13 days we were knocking about on short rations and wet to the skin most of the time.

The only use made of the oars was to keep the boat's head to the seas, and day and night we kept a lookout for rescue. It was on the morning of the fourteenth day and just as a gale was piping up that a French brig, homeward bound, sighted and picked us up, with Mrs. Mosher so near dead that she gasped her last as she was lifted to the deck of the brig. The remainder of us were half starved and thoroughly worn out, and two or three days more would have brought death to half the number. We were landed at a French port and sent on to Liverpool, and that was the last I heard of any of my fellow sufferers, but the Iron Duke had adventures which some of you may have read in the public prints. Two days after we were sent adrift she was spoken by an English man-of-war. She had altered her course and was running to the south, presumably intending to round the Horn. As she refused to answer signals, she was chased for 50 miles as a suspicious character, but outsailed the man-of-war and got away.

She was next seen off the Azores, and next to the west of the Madeiras, and by this time two English men-of-war were after her. She finally dropped out of sight altogether, and nothing was heard of her for a year. Then the Scotch ship William, homeward bound from Australia and coming up the coast, overhauled a derelict which had evidently been knocking about for months. Masts were gone, bulwarks swept away, rudder broken and the hulk full of water. It was the Iron Duke, and no human foot had trod her decks for many weeks. She had evidently been dismasted in a gale, but how long her crew had stuck by her or whether any ever left her is only guesswork. The chances are all were swept away by the monster waves which cleared her decks and left her waterlogged. Powder was used to shatter and sink her, and, though for several years later the English government sought for traces of any of the crew who might have escaped, nothing was ever heard of a single one of them.

Gilded Manners.

Ethel—Mamma, I just can't consent to be the wife of Mr. Newrecks. That dinner he invited me to yesterday settled it.

Mrs. Oldham—Why, my child, what did he do—eat with his knife?

Ethel—Oh, I could stand that. He used a corner of the tablecloth for a napkin.—Chicago Journal.

The finest shaving brushes are manufactured from badgers' hair, and "camel's hair" brushes are turned out in great quantities from squirrels' tails and from the hair that grows inside the ears of oxen.

When the steamship Great Western made the run from Bristol, England, to New York from April 8 to 23, 1838, it was believed the problem of transatlantic steamship travel was solved.

The highest masts of sailing vessels are from 160 to 220 feet high and spread from 60,000 to 100,000 feet of canvas.

HUMAN SACRIFICES

On the Altar of Diabetes, Saved by Dodd's Kidney Pills, Only.

Hardly a family in the country is free from Diabetes. Great thirst, failing sight, numbness in the thighs, bleeding gums, swollen ankles, emaciation, nervousness, pale or turbid urine, loss of sexual power, decaying teeth, pains in the loins or small of the back, are all positive signs that Diabetes is in the system.

Do you know how it ends? IN DEATH. A premature, horrible, agonized, pitiful death. The victim has no peace, no ease in life. His days are filled with tortures. His nights are waking dreams of agony. He longs to die, yet fears the terrors of his end. He dies, a bloated, fetid, repulsive mass of corruption. That is the only end of unchecked Diabetes. Dodd's Kidney Pills will cure it. They drive it out of the system thoroughly, create new, clean blood, rebuild the diseased kidneys, and restore robust health.

TRUE NOBILITY.

For this true nobleness I seek in vain.
In woman and in man I find it not.
I almost weary of my earthly lot,
My life springs are dried up with burning pain.
Thou findst it not? I pray thee look again.
Look inward, through the depths of thine own soul.
How is it with thee? Art thou sound and whole?
Doth narrow search show thee no earthly stain?
Be noble, and the nobleness that lies
In other men, sleeping, but never dead,
Will rise in majesty to meet thine own;
Then wilt thou see it gleam in many eyes;
Then will light around thy path be shed,
And thou wilt never more be sad and lone.
—James Russell Lowell.

Hints For Young Photographers.

To squilgee prints to a ferrotype plate in order to make a gloss finish have the plate perfectly clean and free from grease. It is better to wash it with soap and warm water each time it is used. Turn a little benzine on the surface of the plate and rub it thoroughly with a soft cloth, repeating the operation if the plate looks streaked. Let cold water run over the surface of the plate, and then lay the wet prints face down upon it and roll them down with a rubber roller until all moisture has been forced out. A piece of blotter should be placed over the picture to absorb the water. Before the prints are toned they can be trimmed, and before they are removed from the plate a coat of thin paste can be applied to the back, and they can be taken from the plate and mounted at once. If they are mounted dry, a thin coat of paste should be applied to the back of the picture, but if they are to be burnished after mounting they may be damp when mounted.—Harper's Round Table.

A Startling Declaration.

Wife—Richard, I am afraid we must part—

Husband — Good gracious! What for?"

Wife (calmly)—Your hair in the middle hereafter. You are getting bald.—London Fun.

The Mexican torch thistle, growing to a height of 50 or 60 feet, looks more like a candelabrum than a tree. Another variety of the same species has long gray bristles, which give it the appearance of the head of an old gray haired man.

Newspaper duty was invented by Queen Anne. It was originally a penny on each sheet, afterward raised to fourpence, and abolished in 1855.

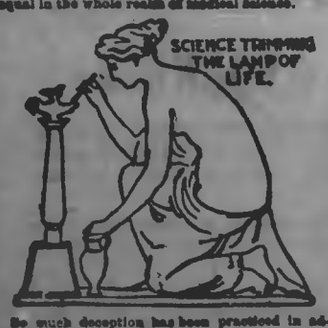
Free Trial To Any Honest Man

The Foremost Medical Company in the World in the Cure of Weak Men Makes this Offer.

HEALTH AND ENERGY ASSURED. HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

In all the world to-day—in all the history of the world—no doctor nor institution has treated and restored so many men as has the famed ERIE MEDICAL CO. of Buffalo, N. Y.

This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.



So much deception has been practiced in advertising that this grand old company now for the first time makes this startling offer:—

They will send their costly and magically effective appliance and a whole month's course of restorative remedies, positively on trial without one penny to any honest and reliable man!

Not a dollar need be advanced—not a penny paid—till results are known to and acknowledged by the patient.

The Erie Medical Company's appliances and remedies have been talked about and written about all over the world, till every man has heard of them.

They restore or create strength, vigor, healthy blood and new life.

They quickly stop drains on the system that sap the energy.

They cure nervousness, despondency and all the effects of evil habits, excesses, overwork, etc.

They give full strength, development and tone to every portion and organ of the body.

Failure is impossible and age is no barrier.

This "Trial without Expense" offer is limited by the company to a short time, and application must be made at once.

No C. O. D. scheme, no begun philanthropy nor deception, no exposure—a clean business proposition by a company of high financial and professional standing.

Write to the ERIE MEDICAL COMPANY, BUFFALO, N.Y., and refer to seeing the account of their offer in this paper.

THE HEALTH OF QUEEN VICTORIA.

Her Majesty's Departure for Nice Postponed.

INDISPOSED, BUT NOW BETTER.

The Imperial Estimates Provide for the Building of Many New Ships—The Present Strength of the Navy to Be Greatly Increased—The Chinese Question—Cable News.

Windsor, Eng., March 9.—The departure of Queen Victoria for Nice to-morrow has been postponed, owing to her indisposition. Her Majesty did not take her usual drive yesterday, kept to her room and dined in her room in the evening.

The private secretary of the Queen, Sir Arthur Biggs, telegraphed at noon yesterday, in reply to inquiries on the subject, that the indisposition of Her Majesty was not serious, and that she felt better.

In spite of her indisposition the Queen was able to hold a Privy Council yesterday, and it is now understood that her departure for the south of France has only been postponed for one day.

THE NAVAL ESTIMATES.

A Host of War Vessels and Thousands of Men to Be Added to the Fighting Strength of Britain.

London, March 9.—The British naval estimates were issued last night. They increase the expenditure by £1,440,400 increase the personnel of the navy by 6,340 men and provide for the building of three new battleships, four armored cruisers and four sloops of war. The total number of war vessels now in course of construction includes 12 battleships, 16 first-class cruisers, 6 second-class cruisers, 10 third-class cruisers, six sloops of war, 4 twin-screw gunboats and 41 torpedo boat destroyers. The estimates also provide for the building of a new Royal yacht.

Russia Rushing Troops.

London, March 9.—A special despatch from Shanghai says Russia has agreed to open Port Arthur and Ta-Lien-Wan to foreign trade, but under Russian laws and administration.

A despatch to the Times from Odessa says: "Troops and war material are going to the far East with such haste that the Russian volunteer fleet will not suffice. The Government, therefore, has chartered some French steamers, the first of which will start a fortnight hence with 2,000 men."

AFFAIRS IN THE EAST.

All the London Morning Papers Comment on the Menacing Situation.

London, March 9.—All the morning papers comment on the menacing aspect of affairs in the far East. The Daily Chronicle, in a strong editorial, says: "As a rebuff to Lord Salisbury nothing could be clearer and more painful. Russia has simply begun the partition of China. If anybody asks what China will do, the answer is simple. There is no such thing as China. The real question is, what will England do, and what Japan?

"If ever Great Britain needed a strong man it is now, and the country will learn with dissatisfaction that again, at a moment of acute crisis, the Premier's health compels him to go abroad. Thus both the Queen and the Prime Minister are to be absent when their presence is peculiarly needed."

Russia Holds a High Hand.

Berlin, March 9.—A despatch to the Tageblatt from Pekin, published to-day, says Russia has definitely leased Port Arthur and Ta-Lien-Wan for 99 years, and adds that Russia is determined to carry the Siberian Railroad to Port Arthur whether China consents or not.

Japan Threatens.

Pekin, March 9.—The Russian demands from China have caused the greatest excitement at the Japanese Legation, and the Japanese Minister has had several interviews with the officials of the Chinese Foreign Office, urging the rejection of the Russian demands. In addition, it is reported that Japan has threatened to take vigorous action if the demands of Russia are conceded.

Grand Trunk Appeal Allowed.

London, March 9.—The Privy Council has granted the Grand Trunk Railroad leave to appeal against the judgment of the Supreme Court of Canada in the case of Washington versus the Grand Trunk Railroad.

Germany Gets a Concession.

London, March 9.—The Pekin correspondent of the Times says: By an agreement just signed, Germany has obtained a concession to construct a railway connecting Tsi-Nan-Tu, Province of Shan-Tung, on the Houng-Ho, and Te-Chou-Fut. Germany undertakes on the completion of certain details to withdraw her troops from Taimo and Kiea-Chou town.

Yankee Schooner Captured.

Havana, March 9.—The Spanish gunboat Ardilla has captured in an inlet near Casilda, on the south coast of Cuba, the American schooner Esther of Edenton, N. C., bound from Pensacola, Jamaica. The captain of the schooner was asked to give the reason for the presence of his vessel in the inlet and claimed that his rudder was broken. No further details of the affair have been received. The captain has protested against the seizure of his vessel.

Men and medicines are judged by what they do. The great cures by Hood's Sarsaparilla give it a good name everywhere.

ANXIOUS Mothers find Dr. Low's worm syrup the best medicine to expel worms. Children like it—worms don't.

Disease is a great and treacherous ocean. Man ever stands upon its shore and gazes out over its calm surface without a thought of danger. It licks his feet—it advances and recedes almost playfully—but all the same it will crack his bones and eat him, and wipe the crimson foam from its jaws as if nothing had happend, as it has been doing ever since the world began.

A man who carelessly saunters along the shore of the insatiate sea of disease, will some day encounter a great storm in the form of some fatal malady and will be engulfed. Because a man does not have to go to bed when he suffers from a trivial indigestion, because he does not have to give up work when he gets nervous and cannot sleep at night, because he can still force down an unsatisfactory meal when he is suffering from loss of appetite, because by strong effort he can add a column of figures with aching head—is no reason that these disorders are trifling or to be neglected. They are the warnings of serious sickness. A man who promptly heeds them, and resorts to the right remedy, will speedily recover his usual health. The man who neglects them will find that he is in the grip of consumption, some nervous disorder, or some other dread malady, due to improper or insufficient nutrition. Dr. Pierce's Golden Medical Discovery is the best of all medicines for men and women who suffer in this way. It restores the lost appetite, facilitates the flow of digestive juices, invigorates the liver, purifies and enriches the blood and tones and builds up the nerves. It cures 98 per cent. of all chronic, bronchial, throat and lung affections, and is an unfailing remedy for nervous prostration. Medicine dealers sell it.

East Buffalo Live Stock.

East Buffalo, March 8.—Cattle—The fresh receipts were all consigned through, and included nine loads of Canadian stock in bond for export. To-day's market supply consisted of about six loads left over, mostly good cattle or medium kind. Trade was slow and prices about equal to the closing figures of yesterday, which showed a decline of from 15c to 20c for the day. The receipts of stockers and feeders yesterday were double those of last week, all of 43 cars, 23 of which were from Canada. The market closed steady and firm for stockers and good yearlings, but was not as firm for feeders. About all were sold. Veals and calves were slow to-day. Choice to best, $6.50 to $7; common light to good, $4.25 to $6.... A load of good Canadian grass calves sold late yesterday to feeders at $4.40.

Hogs—Receipts, 16 cars; market dull and draggy at lower prices. Good, choice Yorkers, $4.17 to $4.20; prime selected light Yorkers, $4.15 to $4.17. Mixed packers' grades, $4.17 to $4.20; medium weights and heavy hogs, $4.20 to $4.25; rough, $3.90 to $3.75; stags, $2.90 to $3.10; pigs, $3.10 to $4.00.

Sheep and Lambs—Only a few loads, but about eight loads held over yesterday's trade. The market was dull and unchanged, with the bulk of the offerings composed of heavy grades of both sheep and lambs, only a few handy weights being on offer. Native lambs, choice to extra, $5.00 to $5.70; fair to good, $5.40 to $5.50; culls to common, $4.85 to $5.25; yearlings, common to choice, $4.75 to $5.10. Native sheep, choice to selected wethers, $4.60 to $4.75; good to choice mixed sheep, $4.30 to $4.50; common to fair, $4 to $4.25; culls to common sheep, $3.15 to $3.90.

British Markets.

Liverpool—Close—Spot wheat steady; No. 1 Cal., 7s 10½d; futures steady at 7s 10⅝d for March, 7s 5¼d for May and 7s 2⅛d for July. Maize steady at 3s 4¼d for March, 3s 3¼d for May, 3s 2⅝d for July and 3s 3⅜d for Sept. Flour 25s 6d.

London—Close—Wheat off coast, little doing; on passage, quiet. Maize off coast, nearly due. Passage, easier.

The Secret of Success.

"I have never forgotten," said Mr. Noggleby, "the wise remark that a young man once made to me, years ago. It was this, 'One thing leads to another.' This was apropos of a further advantage that I had brought into view by a step I had just taken. The moral of this is—it has been set forth often (I may have mentioned it myself), but it will bear endless repetition—that if we would succeed we must keep stirring!"—New York Sun.

A MOTHER SPEAKS.

Tells how Dr. Chase Saved her Boy.

His Syrup of Linseed and Turpentine a Precious Boon.

MRS. A. T. STEWART, Folgar, Ont., says: "From the 7th of January to the 30th, we were up night and day with our two little boys, employing doctors and trying every kind of patent medicine we ever heard of. At this time we did not know of Dr. Chase's Linseed and Turpentine until after the 30th, when our youngest darling died in spite of all we could do. Sometime in February the doctor told us our other boy couldn't live till spring. We were about discouraged, when I got my eye on an advertisement of Dr. Chase's Syrup.

"I tried at once to get some, but none of the dealers here had it. A neighbor who was in Kingston managed to purchase two bottles which he brought straight to us, and I believe it was the means of saving our only boy.

"One teaspoonful of the Syrup stopped the cough so he could sleep till morning. Our boy is perfectly well now, and I would not be without Dr. Chase's Syrup of Linseed and Turpentine in the house."

PRICE 25c., AT ALL DEALERS, or Edmanson, Bates & Co., Toronto, Ont.

Awnings! Awnings!

Order early for Spring.

Tent, Sail and Awning Maker, 488 Water Street.

Points About Terrapin.

Terrapin begin laying about the middle of May and hatch in about 30 days. The female terrapin scratches a hole in the sand with her forepaws, deposits her eggs, from 18 to 19, in it, and then covers them up and leaves the heat of the sun on the sand to hatch out the young terrapins.

They are not much bigger when hatched than a man's thumb nail, and are as soft as dough. They crawl around pretty lively and begin to hunt for their food, consisting of small fish, crabs, etc. The first summer they are quite small, and about the first to the middle of November they go into their winter quarters. These consist of some soft mudhole in the marsh or on the bottom of some stream. Here they sleep until about the middle of April or later, when they come out and are of quite respectable size, say 4 inches in breadth. The next year they are 6 inches and the third 7 inches in breadth.

It is undoubtedly while the terrapin slumbers in the mud that he acquires the peculiar qualities for which we admire him. It is the only flesh known which one can crush in his mouth with his tongue without the aid of his teeth. The other animals run about, sleeping only at night. The terrapin sleeps night and day for six or seven months of the year and takes his night naps, too, for the balance of the year.

An old islander volunteers the information that there are two favorite ways of cooking them—to take the terrapin meat after it is taken from the shell and put it in some fat pork and pie dough and make a terrapin potpie. This is the very best way, but if the person who is to do the eating is poorly then it should be stewed with just the terrapin meat alone and a little clear soup mingled with it.—Baltimore Sun.

OVERWHELMING PROOF.

Another Witness for Dodd's Kidney Pills—The Record Grows.

London, March 7—A commission appointed to examine into the vast amount of evidence given in favour of Dodd's Kidney Pills, as the only sure cure for Bright's Disease, Diabetes and all other kidney diseases, would find the people a unit in favour of this God-sent remedy.

London has had hundreds of cures through Dodd's Kidney Pills. And the record is growing longer and stronger daily.

Fred J. Palmer, Nelson street, reports that after suffering the agonies of an advanced stage of Diabetes and Kidney disease for five years a treatment of Dodd's Kidney Pills cured him.

Dodd's Kidney Pills have not failed once in London.

Queer Heart Feeling.

Queer feelings in the heart are daily complained of by multitudes of people—don't know the cause, but it makes them nervous irritable and unfit for either work or pleasure Mr. S. A Ross, Alisa Craig, Ont., explains it. He says: "It came from la grip. I was irritable, worried, dizzy, short of breath and such a queer feeling in my heart that I thought I would give up the ghost. Milburn's Heart and Nerve Pills changed all this, and I am free to-day from all these troubles."

Piles! Piles! Itemin Piles.

Symptoms—Moisture intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate coming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumour. All druggists or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia' Lyman Sons & Co Montreal wholesale agents.

Sometimes the most careful women are the most careless. Many a woman bundles herself up, to keep out sickness—when she is neglecting the very worst sickness that can come to a woman. She allows a slight disorder to become worse, to slowly sap her vitality. The little pain and the other slight indications of trouble seem to her unimportant. She goes on, with increasing suffering, until life itself becomes a drag. Nervousness, "sinking spells," digestive disturbances, and fifty other complications may arise from the derangement of the organs distinctly feminine. Over thirty years ago, the need for a reliable remedy for so-called "female complaints" was recognized by Dr. R. V. Pierce, then, as now, chief consulting physician to the World's Dispensary and Invalids' Hotel, at Buffalo, N.Y. He prepared Dr. Pierce's Favourite Prescription, the most wonderfully effective remedy that has ever been used for such maladies.

Send 31 cents in one-cent stamps and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," illustrated.

Blood That is Bad.

Blood that is bad makes the whole body sick. Blood that is good makes the whole body healthy and vigorous. Burdock Blood Bitters makes good, rich, ruddy blood. "I regard B. B. B. as the best medicine in the world to make rich, red blood. It cured me after two years suffering from weak, thin blood." Jennie A Gleason, Centreton, Ont.

Karl's Clover Root.

The great Blood purifier, gives freshness and clearness to the Complexion and cures constipation, 25 cts., 50 cts., $1.00. Sold by Jno. Nugent, 289 George street.

Milburn's Sterling Headache Powders are easy to take, harmless in action and sure to cure any headache in from 5 to 20 minutes.

NO NEED TO SUFFER.

Dyspeptia and Indigestion are Easily Cured.

Dodd's Dyspepsia Tablets Cure Promptly and Effectually—They Are the Only Cure—Dodd's Dyspepsia Tablets Cure When Other Cures Fail.

It is estimated by physicians that at least four persons in every five suffer from Indigestion, Dyspepsia, Sour Stomach, Sick Headache, Biliousness, Waterbrash, Wind on the Stomach, or some one or other of the many forms of Stomach Disease caused by imperfect digestion. That means about 4,800,000 persons, in Canada alone, are suffering to-day, from one or another of the diseases named. This is saying, in other words, that 4,800,000 people in Canada are patiently enduring the most galling agony, WHILE, ALL THE TIME, THERE IS ACTUALLY NO NEED FOR IT.

Certain it is that no person need suffer from Dyspepsia, Indigestion or other kindred complaints. A person need no more do so, than he or she need jump into the river.

Dodd's Dyspepsia Tablets CURE these diseases—and a couple of boxes will cure any ordinary case—six or more boxes will cure the very worst case.

Diseases of the stomach are caused by imperfect digestion. Before they can be thoroughly cured, this must be corrected.

Dodd's Dyspepsia Tablets digest the food. That is their first step towards a perfect cure. And once this is done the rest is easy.

The stomach is rested, and toned into condition; the bowels are regulated and strengthened, and the entire system of digestion is recommenced, every portion of the machinery being in perfect order and doing perfect work.

This is how Dodd's Dyspepsia Tablets cure stomach troubles. If you don't believe it—test them. They'll convince you by curing you.

Dodd's Dyspepsia Tablets are sold by all druggists at 50c. a box, six boxes $2.50, or will be sent on receipt of price, by the Dodds Medicine Co., Limited, Toronto.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—Ramsay again to-night.

—Board of Trade meeting to-night.

—Lake Scugog ice fishing is now in full swing, and Indians are making very large catches.

—The samples in the window of Cunningham & Co., the Charlotte street photographers, are really worth inspection.

—The Canadian Express Co.'s rate on farm produce consigned to Ottawa or Montreal has been reduced from $1.20 per 100 lbs. to 90c.

—March is certainly coming in like a lamb and a cold spell following this beautiful weather would be disagreeable indeed, but it seems inevitable.

—E. Welsh is head quarters for oysters 20c. 40c. and 50c. per quart. Bone Maskinoge, Pickerel, Salmon, Whitefish, Pike, Finnan Haddie, 7c. per lb., Fresh Water Herrings, 25c. per dozen. Telephone 202.

—Organizer R. J. Stuart, of the Canadian Order of Foresters, writes that assisted by I. Padlow, of Renfrew, he installed a Court with twenty charter members in Castleford, Renfrew County, on Tuesday evening. Bro. Stuart is a great worker.

—City Lodge, I. O. G. T., meets to-night The Grand Chief Templar will be present, as well as visiting members from Bridgenorth, Mount Pleasant, Selwyn, Auburn and Westwood. All friends of temperance are cordially invited after 8.30 o'clock. Lodge meets at 8 p. m.

—Muskoka bears are becoming disgustingly tame. Recently a lumber foreman and teamster followed the track of one and came upon Bruin standing at the foot of a tree. Instead of attacking the men, he allowed them to put a strap around his neck and lead him to camp.

—An eminent person who was lunching recently with Mr. Gladstone, asked the latter what was the greatest danger threatening Great Britain. Was it France, Germany, Russia, or America? 'None of them,' was the reply of the great English statesman: 'the only danger I foresee,' he added, 'is from the trades unions and their attendant strikes."

—William Brown of the township of Alnwick, has a remarkable curiosity in the shape of a four year old heifer which a few days ago gave birth to four calves, one male and three females. The bull calf lived only 24 hours, the others being born dead. Such a curiosity as four calves born at the same time has not been seen in this section of country for a long time.

—When putting away furs, shake and brush them thoroughly and hang in the open air—in the sun if possible. Wrap them closely in stout wrapping paper, being careful that no rents exist to give entrance to wandering moths; tie the parcel firmly, then inclose it in an outside wrapper of paper, pasting up the ends, and one need have no fear of moths.—March Ladies' Home Journal.

—Last summer Mr. R. McQuire, of Hungerford, lost some small change in his barnyard. A few days ago he killed one of his turkeys, and on opening it found forty-five cents in silver deposited in the bird's gizzard. The face of the coins were somewhat worn, owing no doubt to a continued scraping. He also found in the gizzard a beef bone, about one inch long by one inch wide. No doubt by the time Mr. McGuire has finished his roost, he will have found his entire money.

SPORTING PASTIMES.

Hockey and Other Items of Local and General Interest.

LACROSSE.

The excellent entertainment which took place at the Opera House, under the auspices of the Lacrosse Club, is to be repeated this evening with an entire change of programme. Every supporter of the club should be present.

FOOTBALL.

The boys of the second Form of the Collegiate Institute organized a football club for the coming season and elected the following officers:

Hon. President—Mr. C. Fessenden.
President—Mr. J. McCaig.
Sec.-Treas.—R. Mann.
Executive Committee—W. Turnbull, C. Laing and Peter Campbell.

HOCKEY.

The Lakefield News of last week worked itself up into quite a frenzy of excitement over the Warsaw hockey tournament. Nothing in Warsaw seems to suit them. We think their office devil must have a small rubber stamp with a (!) on it which he stamps right after everything alluding to Warsaw in his heavyweight editorials. He says the Warsaw rink is "a little larger that a Jack-in-the-box." The Warsaw team would have converted it into a sweat box if they had got Lakefield team into it. The magnificent illumination that shed light on different spots on the rink showed us one of Lakefield's very sporty sports down in the corner of the packing box with a 3 for 5c cigar, puffing the smoke through a crack in the side. The News says the Warsaw team "hung their heads and accepted the cup," but we beg to remind them that the Warsaw team is not gifted with such enlarged gabbing appendages as the Lakefield team. Their heads are large enough for them to play the Winnipeg team. We would like to ask the News where about half their hockey team was on the day of the football tournament at Young's Point. "Warsaw will play hockey with themselves in the future" is the sage comment of the Lakefield scribe. They should certainly have played with themselves that night had the Lakefield team attempted to get out on the ice.

DIED—On Friday evening, Feb. 25th, at the Warsaw rink, the Lakefield Hockey Club. Post mortem examination shows that cause of death was a serious attack of appendicitis—a silver cup got stuck in their gizzard. Funeral private. No boutonets please.

WHO WANTS A HOME

The undersigned has some Building Lots in a desirable location, within 100 yards of the South Central School; near churches and close to the Canadian General Electric Works He is prepared to build a house and sell it on the monthly pay system principle. PREEVNTION

—IS BETTER THAN—

CURE

The unnecessary and dangerous consequences of a Cough, and Cold may be entirely avoided by keeping a box

DR. LIVINGSTONE'S COUGH PILLS

always on hand. . . .

A cure at the beginning of a cold and a shield against all wrestling it off afterwards.

Then you sleep with no cough to disturb you, the throat relieved and well.

Price 25 cents.

Red-Hot Winter Wind-Up!

Prices of all Winter Clothing to be

CREMATED!

GOUGH'S MARCH SACRIFICE SALE

WILL PROVE A BLESSING TO PEOPLE WHO HAVE NO MONEY TO FOOL AWAY. We are on the eve of spring. The month of March will bring an entirely new condition of things along with stirring preparations for a new season. For the past two months we have been crowding prices down and crowding goods out—making a Midwinter Record, the like of which this store has never paralleled.

The business situation of to-day calls for the prompt disposal of all Winter Goods. They must go now AT ANY PRICE. Immense quantities of New Spring Importations are crowding us for space. To meet this emergency, a Radical, All-Round Red-Hot Reduction Sale was ushered in at our stores on the 1st of March.

There must be no half measures. We want a clean sweep and a clear field, and our sacrificing prices must do it. Sell we must—Unload we must. To-day—To-morrow—every single day until the Ides of March are past, we hold a carnival of

Rich Clothing Values.

FOR MEN, YOUTHS AND BOYS.

Recent fortunate purchases of several High-grade Stocks of Modern Ready-to-wear Clothing at a Fraction on the Dollar, comprising "THE ARMY AND NAVY" Stock of Queen Street West Toronto; "THE OAK HALL" Stock of Peterborough, and an hypothecated stock knocked down at our own price by Suckling & Co., Toronto—all bunched in this sale.

These Combined Stocks, coupled with our own Mammoth Stock at Nos. 375 and 377 George street, have crowded us out of house and home—overstocking us with winter goods that we cannot afford to carry over.

4-GIGANTIC STOCKS-4

$90,000 WORTH OF CLOTHING EXCELLENCE, bundled together for a March Clearance at Prices a QUARTER and a THIRD below original values. A Master-stroke of Daring, Fearless Selling.

We are in dead earnest. Sunbeams or blizzards, the havoc in prices must sweep along—with a reckless desire to unload stocks.

Quick Losses to make Quick Sales to buyers, who will not waste a moment when prices are so eloquent.

THE GREATEST SHOE SALE

The Greatest Shoe Sale the Town has ever witnessed will also be held during this March Clearance. Thousands of pairs of Fine Sample Boots and Shoes, bought from hard-up manufacturers will be sold at a fraction of their cost.

The Wonderful Cheap Men **Gough Bros.** Peterborough and Toronto

The Daily Examiner.

MILLIONS FOR NAVAL BUDGETS.

The Imperial Parliament Outdoes Its Greatest Previous Record for Naval Expenditures—Russia's Czar Authorizes the Expenditure of $70,000,000 Out of the Current Funds—Britain Aroused.

London, March 11.—The Parliamentary Secretary for the Foreign Office, Mr. Geo. N. Curzon, replying in the House of Commons yesterday to Mr. Ronald Munro-Ferguson, Liberal, representing the district of Leith, said no [illegible] communications on the Cuban question had been exchanged between the British Ambassador at Washington, Sir Julian Pauncefote, and the Government of the United States.

Answering a question, Mr. Curzon said Russia had not sent an ultimatum to China with reference to Port Arthur and Ta-Lien-Wan.

Mr. Curzon also announced that the British Ambassador at St. Petersburg had confirmed the report that Russia was negotiating for the lease of Port Arthur and Ta-Lien-Wan, for the same period and under the same conditions as granted to Germany in the case of Kiao-Chou, and that Russia was also negotiating for the right to construct a railroad from Petuna, on the trans-Manchurian line, to Kwang-Chun-Tzu, Mukden and Port Arthur, but Mr. Curzon explained that Russia did not demand sovereign rights, nor had she threatened to move troops into Manchuria in the event of China's non-compliance with her demands.

Mr. Curzon also denied that Russia and France had protested against the Anglo-German loan to China.

The First Lord of the Admiralty, the Hon. George J. Goschen, in presenting the naval estimates yesterday, pointed out that, with the outlay on naval works, the expenditure amounted to the colossal sum of £35,550,000 ($127,780,000), which, he explained, was even considered inadequate in some quarters.

Continuing, Mr. Goschen dilated upon the cruise and international inspection of the British fleet in China waters by four vessels from other foreign stations as being an instance of the naval preparedness.

Later, Mr. Goschen said he hoped the Admiralty would not be too hardly pressed to communicate its plans, but he assured the House that in the distribution of cruisers, for instance, the Admiralty had considered carefully the protection of every trade and every food supply route, and he trusted that "if times darken" the Admiralty would have the confidence of the House, and the Admiralty would be found doing its duty.

Touching upon the increase in the personnel of the navy, Mr. Goschen said there was no lack of recruits for the navy. He also denied that the navy was undermanned. He admitted there was a paucity of officers, but he explained that would be easily remedied.

Touching on the building programme, Mr. Goschen said he would defer furnishing particulars regarding the proposed new warships in order to keep foreigners in the dark concerning their plans; but he could say that the battleships and cruisers would be adapted to the special circumstances which the past year had revealed in various parts of the world.

Mr. Goschen then deplored the recent industrial struggles, and appealed for an increase of pay for the British seamen of the merchant marine, saying that if from false economy or impossible conditions on either side, British sailors were ousted by foreigners, then "God help us." He concluded:

"If peace shall again reign in our centres of industry and maritime instincts and if the nation that calls herself mistress of the sea reasserts herself by an increase of merchant seamen, then the nation may look forward in confidence that if there be peace it will be peace with honor, but if war, it must be crowned with victory." (Prolonged cheering.)

Mr. William Allen, Radical member for Newcastle-under-Lynne, advocated greater efforts, and moved an amendment that greater provision be made for manning the fleet.

Rear-Admiral Lord Charles Beresford, Conservative member of York City, seconding the amendment, urged a large reserve of men, and suggested that Great Britain should buy all the vessels now building in England for other countries.

INTERESTS IN CHINA.

The Times Says Great Britain Would Go to War to Defend Them.

London, March 11.—The Times regards the news from Pekin as comparatively reassuring. It says:

"An interview may occur during which diplomatic means may be employed to avert the ill-considered action on the part of our rivals. If delay of any duration has been actually procured, Sir Claude MacDonald, the British Minister, may be relied upon to make the most of it in the interest of peace.

"In other respects the position in China seems so far from improvement as the position in West Africa. If the report from St. Petersburg that Russia will decline to give Great Britain the information she has asked, is accurate, the nation cannot be blamed should they put the worst possible construction on the refusal. Those most familiar with public opinion throughout the country will be the first to recognize that the present temper of the people is not to be trifled with.

"At no time since the Crimean War, not even at the moment when the special squadron was organized in January 1896, have they been less disposed to brook infringements from any quarter on their just rights. They are perfectly convinced of the justice of their cause and the magnitude of the issues at stake, both in China and West Africa. They believe it may become their duty to vindicate that cause in either region, and if such duty should be thrown upon them, by the blindness of perversity of others, they will not flinch from it. We do not make this assertion in any spirit of bravado, or from any desire to rouse the warlike feeling of the country. We make it in the true interests of peace, because the greatest menace to peace lies in the danger that our rivals may fail to believe that we are in earnest until it is too late.

"Foreigners do not appear to realise the business view we take of war, as of other matters, where our business interests are concerned. Our conduct is regulated mainly by business considerations. If the prejudice done us is slight, we may resent it, and yet pass it over rather than face serious losses, which, as we well know, war must at the best involve to our trade, but if the prejudice done or threatened is very grave and irreparable, we are ready, of the two great evils, to choose war as the lesser.

"We submitted to action in Tunis and Madagascar and West Africa which we should have been quite justified in resisting, had we thought it worth while. It seems to have been inferred in some quarters on the Continent that we will submit to any amount of wrong without resistance.

"Sir Edward Grey pointed out at the beginning of the session that this was a very serious mistake. Questions about Madagascar and Tunis, he observed, were not of sufficient intrinsic importance to lead to a breach of peace between the two great powers.

"China might well become such a question, and West Africa stands in the same category. There is no sort of doubt that this is the view of the situation now generally accepted by all parties and all classes of Englishmen."

$240,000,000 FOR WAR.

Voted by Three Countries Since Monday Last—An Unparalleled Expenditure for Such Purpose in Modern Annals.

London, March 11.—The issuance of the Imperial ukase ordering the extraordinary expenditure of 90,000,000 roubles for the construction of Russian warships marks the third great stride in preparation for war this week. This, together with the British and American votes of money for purposes of defence, means that these powers have designed the aggregate sum of $240,000,000 for naval armament since Monday. The total naval appropriation for the year by the British Government, $93,773,000, has never been exceeded. The nearest approach to that amount was in 1814, when £28,594,000 was appropriated for the uses of the navy.

Adding this year's naval appropriation to the army estimates, makes over $245,000,000, to be expended on British defences for the year, exclusive of the amounts to be spent on the Indian army and the armies of the self-governing colonies.

The naval estimates include money for making great extensions of the docks at Gibraltar, Portland and Dover, and show that surveys are in progress for works at Bermuda, Jamaica, the Island of Mauritius and the Cape of Good Hope.

The Queen-Leaves for France.

Windsor, Eng., March 11.—Queen Victoria started for Portsmouth at 4.30 yesterday afternoon on her way to the south of France. She slept on board the Royal yacht at Portsmouth last night.

OUR QUEEN AND CUBA.

Her Majesty's Gratification at U. S. Measures of Relief.

PRESIDENT McKINLEY'S REPLY.

Queen Victoria Also Expresses Pleasure at the President's Conservative Course With Regard to Spain and Tells Why War Should Be Avoided—How the Nations Will Line Up.

Washington, March 11.—The Post yesterday said: Queen Victoria has, through Sir Julian Pauncefote, conveyed to President McKinley her gratification at the wise and conservative course which he has thus far pursued in relation to the Cuban and Spanish situation. She also expressed to him her thorough sympathy with the efforts put forth by the United States to relieve suffering humanity in Cuba, with the hope that these endeavors may be conducted to a successful conclusion without war. These expressions were communicated directly to Sir Julian Pauncefote, with the request that he present them in person to the President.

Why War Is to Be Avoided.

The desire of the Queen that war should be avoided was emphasized for several reasons. It was pointed out that commercial relations of Great Britain with the United States were too extensive to be jeopardized by a war between this country and Spain. The blockade of the port of New York, for instance, it was pointed out, would be of irreparable damage to British shipping, while the cessation of the shipment of food supplies to England would be exceedingly serious.

The reply of the President expressed his pleasure at the utterances of the Queen, with the additional statement that he also hoped war would be avoided.

FEELERS THROWN OUT.

Attitude of Foreign Governments if the U. S. and Spain Go to War.

New York, March 11.—The Tribune publishes the following, under Washington date: The correspondent of the Tribune is in a position to announce that the Administration has within the last few days put itself in communication with other Governments, or, as a man competent to speak with authority on the subject expressed it, with "every Government on earth," to ascertain what would be their attitude in case the United States should consider itself compelled to enter upon a policy of intervention in Cuba or in case Spain committed some act resulting in an outbreak of hostilities.

Within the last 48 hours replies have been received from every Government to which the enquiry was addressed, and with two exceptions those replies have been entirely satisfactory and sympathetic. That of Great Britain was particularly so. Not only did every Government hasten to say that in the event of the intervention on the part of the United States, or an outbreak of hostilities, strict neutrality would be preserved, but some are said to have gone so far even as to give assurance of moral support in any effort this country might make to restore order in Cuba.

The two exceptions to the general tenor of these replies were the answers given by Germany and Austria. While not unsatisfactory, and certainly not hostile in tone, yet they were coldly non-committal, and to that extent produced a feeling of disappointment among State Department officials.

TWO TRIPLE ALLIANCES.

Britain, Japan and the U. S. Against France, Russia and Germany.

New York, March 11.—The Washington correspondent of the Evening Telegram wired his paper the following yesterday afternoon:

Sir Julian Pauncefote, the British Ambassador, was an early caller at the Department of State this morning. This being "Diplomatic Day," Sir Julian evidently understood the value of coming early, as it enabled him to have a full conference with Secretary Sherman before representatives of other foreign nations reached the department. The friendly relations of the United States and Great Britain was the subject of the conference, and it is understood that the ties between the two nations were further cemented by assurances exchanged by Secretary Sherman and Sir Julian. It is said that England has a motive in giving the United States friendly assurance at this time, for England realizes that she is likely to have trouble in the East and then she will be glad to have such assistance as the United States can give her. Away down under the surface, in diplomatic circles, it is whispered that the situation in the East is becoming so complicated that a general international war may be the result.

A Double Triple Alliance.

There is talk of an alliance between the United States, Great Britain and Japan, as against France, Germany and Russia, in their attempted disposition of the Chinese question. It is not denied that the relations between England, Japan and the United States are more than friendly, and in the event of a war with Spain or a conflict in the East these three nations will probably be operating in perfect harmony.

This line of thought predominated in the talk between Sir Julian and Secretary Sherman and additional significance is attached to the fact that as the British Ambassador left the Department of State, the Japanese Minister appeared and had a long conference with Secretary Sherman.

Spring Medicine

Is made a necessity by the impure condition of the blood after winter's heavy foods, and breathing vitiated air in home, office, schoolroom or shop. When weak, thin or impure, the blood cannot nourish the body as it should. The demand for cleansing and invigorating is grandly met by Hood's Sarsaparilla, which gives the blood just the quality and vitality needed to maintain health, properly digest food, build up and steady the nerves and overcome that tired feeling. It is the ideal Spring Medicine. Get only

Daily Examiner.

FRIDAY, MARCH 11, 1898.

NORTH HARVEY.

From Our Own Correspondent.

The elections have come and gone and everyone is jubilant over the sweeping victory of our popular representative, Mr. Stratton. This shows clearly the sympathy that exists between the people and their representative, whose interests are theirs and their interests are his, as every one knows full well who has ever applied to Mr. Stratton for getting their land titles adjusted or the thousand and one ways he renders assistance and advice to his constituents, which is fully appreciated by them, and as we hear many say, Mr. Stratton is a man who knows you if you chance to meet him after election day, which very many others would not do. Mr. Stratton not only knows them but speaks to them and makes them feel quite at home in his office, and also spares time to attend to their wants. This is the secret of his unprecedented success.

Mrs. C. McIlmoyle, Jr., is very ill at present. We hope that it may not be serious.

Miss Eva Tisdell, who was visiting friends at Bridgenorth, has returned home.

Quite a number from here attended a basket social at Silver Lake, and report having had a very good time.

OTONABEE.

Council Meeting.

From Our Own Correspondent.

The council of Otonabee met pursuant to adjournment, all the members being present. The following communications were received: From the Mayor of Orillia asking the council to sign a petition to the Dominion Government, requesting that a sufficient sum be put in the estimates to complete the Balsam Lake and Lake Simcoe section of the Trent Valley Canal. On motion of Messrs Lancaster and Weir the petition was signed. From the Peterborough Times asking for a statement of the cost of the municipal printing and stationery for the last five years. The clerk was instructed to make out and present a statement. The auditor's report was presented. The following report:—We, the undersigned auditors, have examined the assessment of each ratepayer for the year 1898—now that these amounts were properly transferred to the collector's roll for the same year. We added and compared the total amount of of the assessment roll with the total of the collector's roll. Also found that the total amount of the county and township taxes equalled the amount called for by the rates. The school taxes were added and found to be correct. We next found the aggregate of the township, county, school, dog tax and statute labour tax charged against persons who did not perform their labour and found the aggregate equalled the total of the roll, which was $23,917.3, from which the following allowances and abatements were made, viz: Dog killed and removed from the township, $2; taxes exonered by the council—James Armstrong, 50 cents; Agricultural Society, $2.62; G B Cooley, statute labour tax, $2.25; A McDermott, $1.50; James Metcalf, $1.40; errors in assessing, $21.16; taxes uncollectable, $3.50; notices to distrain, charged against the land, $20.10. Total amount abated, $57.43. This leaves a balance actually collected from the ratepayers for the year 1898 of $23,860.31. This balance is fully accounted for in the treasurer's financial statements of 1898 and 1897—$3,220.60 in the 1898 account and $6,611.65 in the 1897 account. The amounts received by your treasurer from the various sources of revenue and ... entered in the account of 1897 were carefully examined compared with the vouchers and checked, the following is a statement of the receipts:—

Balance carried forward from 1899 account	$ 349 85
Amount entered in 1897 account from collector of 1898	6,611 65
Amount entered from the collector of 1897	8,893 90
Received from Houses fund	20 00
Interest received from the county treasurer	6 87
Interest received from bank account	11 65
Received rent of town hall	21 25
Received non-resident taxes	19 20
Received from wood and sand sold on road allowances	15 65
Received from Foresters, ground rent, 1898-7	2 00
Legislative school grant	457 60
Making the total receipts from all sources during 1897	$16,193 20

Payments.

For roads and bridges	$ 2,146 17
Charity	225 44
Schools	5,290 46
Municipal expenses	227 40
County rates	4,726 69
Taxes refunded	1 90
Town hall repairs, sealers, etc	114 99
Total payments	$13,737 25

This leaves balance in Treasurer's hands on Dec 31, 1897, of $2,455.74. Treasurer's securities were examined and found satisfactory. The insurance policy on township property was examined. The property is insured for $2,000, the policy expiring on Feb 4-h, 1900. We carefully examined each item of receipts and expenditure, compared them with the vouchers connected therewith, and found them correct. The vouchers were initialed and stamped as required by law.

On motion the auditors' report was received and adopted, the treasurer's accounts finally audited and 200 copies ordered to be printed for distribution. Moved by Messrs Doyell and Lancaster, that the motion passed at the last meeting of council fixing the salary for assessing at $70 be repealed, and be it further resolved that whereas the county council when in session in January last passed a bylaw authorising the township of Otonabee to take the assessment between the first day of Feb and the first of July, and believing that a more equitable assessment can be made in summer than in winter, and by employing two assessors, therefore be it enacted that the conditions of the said bylaw be adopted, and that two assessors be appointed for 1898 at a salary of $130 and that joint applications be received up to 31st March next.

On motion the following accounts were ordered to be paid: D F McFarlane and A Shearer, auditing 1897 accounts, each $2; J M Drummond, registering births, deaths and marriages, $32; Municipal World, audit, stamp and paper, $1; James McNeil, paints and nails for town hall, $8.57; David Forsyth, gravel, $1.60. Council adjourned to 21st March.

A meeting of the Board of Health was held on the same day. Dr. Shaw, M.H.O., reported that one of Bernard Corrigan's children had the diphtheria, and the patient had been removed to St. Joseph's Hospital. Mr. Doyell was appointed to see that Bernard Corrigan's house be put in a thorough sanitary condition.

Sometimes the most careful women are the most careless. Many a woman bundles herself up, to keep out sickness—when she is neglecting the very worst sickness that can come to a woman. She allows a slight disorder to become worse, to slowly sap her vitality. The little pain and the other slight indications of trouble seem to her unimportant. She goes on, with increasing suffering, until life itself becomes a drag. Nervousness, "sinking spells," digestive disturbances, and fifty other complications may arise from the derangement of the organs distinctly feminine. Over thirty years ago, the need for a reliable remedy for so-called "female complaints" was recognised by Dr. R. V. Pierce, then, as now, chief consulting physician to the World's Dispensary and Invalids' Hotel, at Buffalo, N.Y. He prepared Dr. Pierce's Favorite Prescription, the most wonderfully effective remedy that has ever been used for such maladies.

Send 21 cents in one-cent stamps and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," illustrated.

FEBRUARY HONOUR ROLLS.

Don't Let it Ache.

If your stomach, liver and bowels are working properly you will have no headache. Burdock Blood Bitters will keep you right, so there is no need to let your head ache. There is lots of proof that this is so. "I had severe headache for over three years and was not free from it for a single day. Finally I used Burdock Blood Bitters, with the result that it has completely cured me." Mrs. Affleck, Toronto.

SHILOH'S CURE, the great Cough and Croup Cure, is in great demand. Pocket size, containing twenty-five doses only 25c. Children love it. Sold by John Nugent 289 George street.

No Master

No matter how obstinate the cough, how severe the cold, Norway Pine Syrup will cure and cure quickly. No other remedy equals it in sensitive power over throat and lung troubles.

BRITISH EMPIRE LEAGUE.

Proceedings at the Annual Meeting Which Was Held in Ottawa—Canadian Press Association—Ayrshire Breeders.

Ottawa, March 11.—The annual meeting of the British Empire League in Canada was held yesterday in one of the committee rooms of the House of Commons. Lieut.-Col. G. T. Denison of Toronto, President, occupied the chair.

In moving the adoption of the reports of the Executive Committee, the President took occasion to deplore the comparatively small part played by Canada in Imperial defence. The present need of Canada, he said, was not ships, but men, and he thought Canada with her 70,000 sea-faring men, should form a naval reserve.

Hon. Mr. Tarte seconded the motion for the adoption of the report.

Sir Charles Tupper made a vigorous protest towards the intimation that Canada was contributing nothing to Imperial burdens. He pointed out that we had spent millions upon a great trans-continental line of railway, which was a work of Imperial moment; that we are maintaining a magnificent fleet of steamers on the Pacific, available for service in time of war, and had voted cheerfully the sum of $750,000 a year to secure an Atlantic fleet, constructed after the requirements of the British Admiralty.

In conclusion, Sir Charles moved the following resolution, which, seconded by Dr. Russell, M.P., Halifax, passed unanimously: "That, the highest interests of the Empire demand that its food requirements should be wholly independent of foreign supply, and that the Canadian and Imperial Governments should direct their best efforts towards the accomplishment of so important an end."

Rev. Principal Grant moved a resolution setting forth the importance, from the standpoint of Imperial unity and trade, of the Pacific cable. It was unanimously adopted.

Sir Charles Tupper moved a resolution, "That in the opinion of the league it is important to take immediate steps to establish a system in Canada of training men for the Royal Naval Reserve, in order to qualify our sailors for manning our different steamship lines, and thus help the Empire in case of war."

After Solicitor-General Fitzpatrick had spoken earnestly on the subject, the resolution carried.

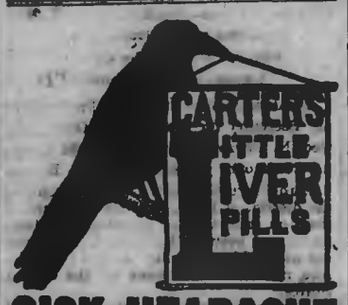
A resolution favoring reduction of postage between different parts of the Empire was also adopted.

Canadian Press Association.

The fortieth annual meeting of the Canadian Press Association was held yesterday in the Railway Committee rooms of the House of Commons. The following officers were elected by acclamation: President, Robert Holmes, Clinton; first vice-president, W. S. Dingman, Stratford; second vice-president, J. S. Willison, Globe, Toronto; secretary-treasurer, John A. C. Cooper, Toronto; assistant secretary, C. A. Mathews, Globe, Toronto. Ten members were nominated for Council, but only five can be elected.

The Ayrshire Breeders.

A conference of delegates from the Ayrshire Breeders' Associations of Ontario and Quebec was held yesterday at the office of the Central Canada Exhibition Association. Five delegates are present from each association. The object of the conference is to endeavor to effect an amalgamation of the two associations.



SICK HEADACHE

Positively cured by these Little Pills.

THE YUKON RAILWAY

House Passes the Second Reading of the Bill.

MESSRS. FOSTER AND CHARLTON

Two Closing Speeches of Some Merit on Their Respective Sides—The Leader Closed the Five-Weeks' Debate and the House Will Now Get Down to Other Business.

Ottawa, March 11.—It was much to the relief of the House last night, a feeling that will be shared by everybody in the country who takes an interest in Parliamentary proceedings, that after five weeks of debate almost exclusively devoted to the Yukon Railway project the second reading of the bill embodying the contract was accomplished. It is doubtful whether a subject has ever been so thoroughly talked threadbare as this one has been. The debate was declared to be dead a week ago, but the dry bones were temporarily resurrected by the infusion of a new element furnished by the Senate of the United States in the form of legislation to render nugatory the rights of Canada under the treaty of Washington. The revival of interest was evidenced by an attentive House and crowded galleries yesterday during the delivery of the speeches of Mr. Foster in opposition to the bill and of Mr. Charlton in justification of it. Both gentlemen, who are recognized as masters of the art of Parliamentary debate, were in excellent form, and a strong presentation of the contentions for and against the measure was made.

Mr. Foster's Speech.

Mr. Foster arose, amidst enthusiastic applause from the Opposition, to continue the debate on the Yukon Railway bill.

He pointed out the inconsistency of the two statements that the contractors were making a bad bargain for themselves and that there would be millions of trade done over the road they were going to build. First, the House was not discussing a question of patriotism, either absolute or relative. But it was amusing to see the Government supporters climbing into their new clothes of patriotism, and after years spent in clothing themselves with the tatters of every flag in the world. The House could discuss and settle the question without taking opposite sides on the policy of preserving the rights of Canada, although it was a pretty sharp turn for some hon. gentlemen opposite. The Conservative party would never consent to yield one jot or tittle of her rights on either side of the continent at the dictation of an outside power. But the simple question was, what was the best route, both as to those going to the Yukon and as to the source of supply, and its disposition geographically with relation to the Yukon country; then how we may best obtain the selected route.

There had been too much rush and stampede about the Yukon Railway because the legislation before the House would affect the Dominion for many a year.

Still the question was whether the cost should be paid in money or lands, or in both; whether to pay in bullion or in the prospective wealth of the country, and statesmen might find the latter a most extravagant price. Certain incidental circumstances had prejudiced his mind and that of every disinterested observer in the country. One of these was the utter contempt of parliamentary precedence in the way it was proposed to make the bargain and thrust it on the country. Would any member say we no longer had any use for the principle that the franchises of the country were in the custody of Parliament? Yet that principle had been utterly violated in this instance, as well as the principle that any great public work should be open to tender and let by public contract. Was there any grave consideration of war or public weal in this case? These were some of the things that predisposed men on both sides of the House to feel dissatisfied with this scheme.

Proceeding, Mr. Foster said the Government owed it to the House and to the country to state what the maximum of the tolls and freight would be. At 10 cents per mile for a passenger rate and $50 per ton for freight, with 20,000 passengers going in and out, and allowing $60,000 for working expenses, the profits this year would be $700,000.

This tremendous profit would be derived in an expenditure estimated by Mr. Jennings at $9,700,000. On the assumption that 50,000 passengers and 50,000 tons of freight would be carried, the profit this year would be $3,190,000. He insisted that the Government should announce what the tolls were to be.

"And now, sir," said Mr. Foster, in conclusion, "I have finished what I had to say. If I may be allowed to offer a bit of advice, I would say that the Ministry had better now stop for a moment and take stock of the situation and see what is the best thing to do under the circumstances. My own opinion is that something like this would be best: Go to work under the present conditions when the urgency is passed for the present year, use your means of having investigations as to all the different routes possible into that country; go slowly, go only to the extent of what is necessary, as a wagon road across that Stikine passage if you please and a wagon road from Edmonton north, and leave in abeyance that weightier question on the solution of which the future of Canada so much depends. Leave it to a time when you have sufficient information gathered, and when you can come to a fair conclusion as to what the permanent roadway should be, and then place Canada's contribution to the opening up of that country and Canadian trade cheerfully on that line, and keep for Canada the greatest benefits that are possible to accrue from the rich blessings in the shape of gold lands that Providence has given to us in the great North." (Cheers.)

Mr. Charlton's Reply.

Mr. Charlton, who followed Mr. Foster, dwelt upon the vigorous and courageous action of the Government in the great emergency which faced them. Mr. Foster had criticised them for not acting in July, but Mr. Charlton pointed out that at that time there was no reliable knowledge of the conditions. So far from dallying over the matter the Minister of the Interior himself had gone to the scene to secure knowledge of the conditions, and by January 25 the contract was made for the construction of a road. Mr. Foster had argued that if there were difficulties with the United States at Wrangel there would be the same difficulties at Dyea, or any other American point, so that the road might as well have been built from any of these termini, but Mr. Charton maintained that the great advantage of the Stikine route was that it formed a link of a line from the navigable waters of the Hootalinqua to a Canadian ocean port, so that if difficulties arose at Wrangel the road would simply be continued on to Canadian territory. He twitted Mr. Foster, who had waxed wroth at the violation of Parliamentary procedure by granting the charter without advertisement or tender, with his own acts in that respect. He reminded him of the granting of timber licenses during his regime, of the Shoik's Dam incident, of the pasture licenses and of the building of the Canadian Pacific Railway, and of his own application for three timber limits which were being given away free. Other Conservatives who had applied for limits were Hon. Mr. Haggart and Sir Adolphe Caron. Mr. Charlton said that his first impression on reading this proposal was an unfavorable one, and one whose support was hardly consistent with the position he had taken in 1881, but on examining it he had been convinced that it was an instance when it was not only advisable but absolutely necessary to depart from that salutary principle owing to the urgency of the case.

He contrasted the position now taken by the Conservatives with their attitude at the time of the granting of the C.P.R. charter. In that instance a second offer was made to the Government to build the road on infinitely better terms by Canadian capitalists of the very highest standing, who made a deposit of $1,590,000 as a guarantee of good faith, but Sir Charles Tupper and his associates rejected that offer, and to-day they condemned the Government for not accepting the offer of Mr. Hamilton Smith, who offered to build a road where the Government did not want it, who put up no deposit and who had prevaricated as to his financial standing. Mr. Charlton insisted that the Stikine route was the only one that could safely be adopted as being Canadian, and, further, that the extension to a British Columbia port would bring such an immense trade to British Columbia that it could be constructed with little or no expense to the Dominion. He deplored Sir Hibbert Tupper's injudicious statements in regard to the United States, which, he said, were calculated to embarrass this Government in making satisfactory arrangements with the Government of that country. North Norfolk's clear-headed representative dwelt upon the speculative character of the transaction undertaken by Messrs. McKenzie & Mann and the great difficulties with which they will have to contend in building the road. He declared that the only party bound to benefit by the arrangement was the Government. Mr. Charlton unequivocally endorsed the bill, and sat down amid the enthusiastic applause of his Liberal friends, who had appreciatively followed his arguments.

The discussion was continued by Messrs. Sproule and McMillan, and Sir Charles Tupper was speaking when the telegraph report closed. It was expected the Premier would follow, and after that the vote.

Borden's Amendment Negatived.

At 5 o'clock Borden's amendment was negatived by 65 to 119. Five Conservatives voted with the Government, namely, Costigan, Hughes, Bethune, Hale and Blanchard.

One Laxa-Liver Pill every night for thirty days makes a complete cure of biliousness and constipation. That is—just 25 cents to be cured.

DR. WARD'S BLOOD AND NERVE PILLS

Restore the Snap, Vim, Energy and Strength You Have Lost.

These Who Know Speak Wisely.

GENTLEMEN:—

I think it due to you to let you know what a great boon Dr. Ward's Blood and Nerve Pills have been to my daughter Maggie. Prior to taking your great remedy she had been suffering from excessive nervousness for a long time, and her nerves were in a terribly shattered condition. The action of her heart was so weak that it did not have strength to perform its functions, causing violent palpitation and smothering after retiring. Frequently, on account of this suffocating sensation, she was afraid to go to bed. Slight exertion exhausted her and caused shortness of breath. Her blood was impoverished and lost vitality and she had no appetite. She was wasting away and was very hypochondriacal, feeling dejected all the time. Last December she began taking Dr. Ward's Blood and Nerve Pills, and she improved at once. Her blood became healthy and strong, and in six weeks her impaired nervous system was restored to its normal healthy condition. Her heart responded to the healthy condition of her blood and nerves and resumed its strong and healthy functions. She now sleeps without any of the dangerous, distressing smothering and choking spells; her appetite is good, and she has gained in flesh. Healthy colour has replaced pallor, and she is now well and strong, thanks to Dr. Ward's Blood and Nerve Pills. I thank you, gentlemen, for the remedy that has restored my daughter to health.

A. GUNN,
Baggemaster G.T.R., Oshawa.

SPRINGTIME SUFFERERS

Gain the Ruddy Hue of Health from

Dr. Ward's Blood and Nerve Pills.

Weigh Yourself Before Taking Them.

GENTLEMEN:—

A very bad attack of the Grippe one year ago last spring left my system in a very weak state and my nervous system completely unstrung. After getting over the dangerous stage of the disease I naturally expected to gain strength, but unfortunately did not do so. On the contrary my blood became weaker, I daily lost strength and vitality and my nervous system became so weak that it was a constant source of suffering both day and night. I lost appetite, the sight of food nauseathed me, the weak state of my system caused shortness of breath and unnatural action of my heart, such as fluttering and violent palpitation, and my face was like chalk. I was in this condition and constantly getting weaker when I began taking the Dr. Ward Blood and Nerve Pills. I had read the books they distributed and their advertisements in the papers and thought, "Well, I have taken so much medicine without benefit, it is useless to spend any more money." However, I finally made up my mind; it is a forlorn hope, I can but try. If I am not benefitted I will not be hurt, so I bought one box and received great benefit therefrom, so continued their use, and to-day am a well man in consequence. My blood is strong, my face has the ruddy hue of health. My appetite has returned. I sleep well. I have not the slightest indication of nervousness or heart trouble, and from a sick, weak, nervous man, Dr. Ward's Blood and Nerve Pills have transformed me in six weeks to full health and strength. I am yours, very truly,

(Signed) WILLIAM WILLARD,
Night Clerk,
Grand Central Hotel, Peterborough.

Take the Right Spring Medicine This Spring.

Dr. Ward's Blood and Nerve Pills are sold at **50c per box, 5 boxes for $2.00,** at Druggists, or mailed on receipt of price by THE DR. WARD Co., 71 Victoria Street, Toronto. **BOOK OF INFORMATION FREE.**

VERDICT OF NOT GUILTY.

Sheriff Martin and His Deputies Who Shot Down the Strikers at Lattimer, Pa., Acquitted.

Wilkesbarre, Pa., March 10.—The jury in the case of Sheriff Martin and his deputies for shooting strikers at Lattimer on September 10, returned a verdict of not guilty.

After the jury had been thanked and discharged by Judge Woodward, District Attorney Martin asked that the defendants be required to continue their bail bond, as there are still indictments for murder hanging over them and 35 for feloniously wounding. The bond was continued.

District Attorney Martin says he has not decided what to do with these other cases, but will confer with the prosecution committee. This committee, it is said, will insist upon further prosecution.

Another Cut in C. P. R. Rates.

Toronto, March 10.—Yesterday the Canadian Pacific made another cut in the rates from points in Ontario and Quebec to the Pacific coast ports, Vancouver, Victoria, Seattle and Tacoma, and the fare is now $35 for a first-class ticket and $25 for a second-class. From Macadam Junction and St. John's, N.B., the rate is also $35 first and $25 second, and from Fredericton, N.B., $35.70 and $25.70. These latest reductions would seem to indicate that the Canadian Pacific is seeking to thoroughly demoralize passenger rates in the United States and Canada with a view to ending the war.

Earl of Bradford Dead.

London, March 10.—The Earl of Bradford, Orlando George Charles Bridgeman, is dead. He was born in 1819 and was formerly Lord Chamberlain of the Queen's Household and Master of the Horse. In politics he was a Conservative.

The need of a good Spring Medicine is almost universal and Hood's Sarsaparilla exactly meet this need. Be sure to get Hood's.

Caps or Crowns.

Whether the head wears a cap or a crown headache will come. Burdock Blood Bitters cures all forms of headache. It is a curative for rich or poor.

"I suffered with terrible violent headache but B.B.B. cured me before I had finished the fourth bottle."

Mrs. W. Macklin,
Cypress River, Man.

Mrs. T. S. Hawkins, Chattanooga, Tenn. says: "Shiloh's Vitalizer saved my life. I consider it the best remedy for a debilitated system I ever used." For Dyspepsia, Liver and Kidney trouble it prevails. Price 75 cts.

Heralds of Spring

Radiant in all the matchless beauty of Spring, fresh and resplendent with newness and exquisiteness of design, that is so characteristic of this Ladies' Store, comes our magnificent stock of New Spring Millinery, for 1898.

Preparations for our INITIAL Spring Opening, have been going on for some months. Especial efforts are being put forth to make our First Spring Exhibition of Millinery Novelties the chief fashionable attraction of the town.

Among the forerunners in our exposition of Millinery elegance are:—

VEILINGS—Just opened out; many yards of Silk Veilings in all the newest colours and patterns of the day. All our designs are personally selected insuring the very latest effects in dots, &c., on silk net.

GLOVES, RIBBONS, SILKS, LACES, CHIFFONS and TRIMMINGS of various lovely shades and textures.

FLOWERS—Again the whim of the hour is for flowers, and the milliner makers must needs have been inspired for every specimen has been marvellously counterfeited. Roses, Violets, Lily-of-the-Valley, &c.

HAT SHAPES, dainty creations in Chic effects, plain or double colours, Sailors, Turbans and Lingerie, nobbily all inclined to be turned up on the left side.

Other new items are worth taking in by thrifty shoppers.

A. H. STRATTON & Co.

A FINE PROGRAMME BY CONVENT PUPILS.

CHARMING VOCAL AND INSTRUMENTAL MUSIC.

Evidences of Excellent Instruction—Addresses of Congratulation and Commendation by Bishop, Clergy and Prominent Citizens.

Last night was a splendidly enjoyable evening at the Convent of the Congregation de Notre Dame, when the pupils furnished a programme of unusual excellence. The hall was well filled. Those present, include his Lordship Bishop O'Connor, Ven. Archdeacon Casey, Rev. F. J. O'Sullivan, were Mr. R. Fair, Mr. J. H. Burnham, Mr. T. Cahill, Mr. Anson Cox, and a large number of the parents, relatives and friends of the pupils, who presented their usual charming appearance, and contributed a musical programme of an excellence that testified melodiously to the superority of the instruction imparted. The programme was as follows:

Instrumental music—March.....Pianos—Misses M Pollock, S Staunton, N Lewis, A Doris, H Manson, A Manson; violins—Misses L Bell and B Pollock.

Vocal solo.....“Hide Behind the Door”
Miss Lillie Bell.

Instrumental.....“Daisy Waltz”
Misses B Flinn, M O'Shea, L Cox.

Instrumental.....“A Life on the Ocean Wave”
Misses J Conroy, D Hopkins, F Bailey.

Vocal solo.....“Twilight Fancy”
Miss J Lynch.

Instrumental—“'Tis Mourn, the Hand that Leave Me”.....Misses H Dean, M McNeil, B Flinn, J Conroy, F Bailey, L Cox.

Instrumental.....“Rose Bud Waltz”
Misses A De Lagiatie, H McNeil, M Sullivan.

Instrumental.....“A Garden Party”
Misses M L Quinlan, L Gartshore, N Coughlin.

Chorus.....“Joyful Echoes”
Solo by Miss I. Jackson.

Instrumental.....“Tyrolienne”
Misses H Dean, M Legros, B Flinn.

Vocal solo.....“My Little Irish Love”
Miss Lottie B. B.

Instrumental.....“Wedding Folks”
Misses L Legros, E Bailey, H Dean, N Coughlin, M L Quinlan, A De Lagiatie.

Instrumental.....“Tarantella”
Misses L Legros, V Clancy, E Bailey.

Vocal solo.....“When Through Life Unbleamed we Rove”.....Moore
Miss N Lewis.

Instrumental.....“Branigan's Band March”
Pianos—Misses M Pollock, S Staunton, H Manson, A Manson, E Kelly, E Dawson.
Violins—Misses L Bell, B Pollock.

Instrumental.....“Rhapsody”
Misses J Lynch, E Dawson, L Legros.

Vocal solo.....“Beautiful Kitty”
Miss Simpson.

Instrumental.....“The Ballet Dancer”
Misses A Manson, E Kelly, J Lynch.

Vocal solo.....“Friends”
Miss N Lewis.

Violin obligato, Miss Bell.

Instrumental.....“A Scottish Smile”
Pianos—Misses M Pollock, S Staunton, A Doris, N Lewis, E Kelly, E Dawson.
Violin—Miss L Bell.

Instrumental—“Toccatella”.....H Dupont
Misses N Lewis, A Doris, A Manson.

Vocal solo—“The Three Fishers”.....

Instrumental—“Waltz”.....Hayden
Misses M Pollock, S Staunton.

Chorus—“The Bells”.....Moore
Miss N Lewis.

Vocal Solo—“The Awkward Squad”.....
Miss L Bell.

Instrumental—“Military Parade”.....
Pianos—Misses M Pollock, E Dawson, F Nimmo, A Doris, N Lewis, J Lynch.
Violins—Misses L Bell, B Pollock.

God Save the Queen.

The music throughout was of a most meritorious character. From the smallest tot to the most advanced there was evidence of thorough and correct methods of instruction, which reflected the highest credit upon their instructors. It would be fastidious to particularize, but it might be permissable to mention that the vocal soloists acquitted themselves in a very creditable manner and it would not be unfair to mention, with especial commendation, the beautiful violin obligato furnished by Miss Lottie Bell to Miss Nettie Lewis' solo. The whole evening was a most enjoyable one and especially interesting, as evidenced that we have in Peterborough institutions where excellent educational facilities are imparted.

His Lordship, at the conclusion of the programme, expressed the delight it gave him to observe the marked progress the pupils had made in their musical studies. He thanked the Sisters for the evening's treat and urged the pupils to further continue their studies.

Mr. T. Cahill in a few, earnest words praised the excellent work of the pupils, and congratulated the good Sisters for the manner in which they were educating those under their charge. He was proud of the [illegible] station it has achieved.

Mr. J. H. Hampden Burnham added another word of praise, and was delighted to have the opportunity of listening to the programme presented. The convent had a proverbial reputation, and the good work it was doing was praised on all sides. Mr. Burnham also congratulated Miss Lottie Bell on the marked improvement in her violin playing.

Mr. Robert Fair was also delighted with the evening's programme, praised the good work being done and thanked the Sisters for the opportunity of spending such a delightful evening.

Ven. Archdeacon Casey, on behalf of all, thanked the Sisters for the musical evening, and also thanked the parents for turning out to encourage their children, and also note the progress they made.

The proceedings closed with the National Anthem.

STRUCK BY A TRAIN.

Mr. Thos. Hooper, Who Lives on the Lonsdale Farm in Monaghan, Meets With an Accident.

Mr. Thos. Hooper, of North Monaghan, father of Mr. Thos. Hooper, of town, met with a serious accident yesterday afternoon, while shopping down town.

It appears that the train fell sooner than was expected, and striking Mr. Hooper on the left shoulder knocked him down and fell across his right ankle. The bones in the shoulder were not broken, but the small bone in the ankle was fractured and the ankle dislocated.

Dr. Brown dressed the limb and the patient is now progressing favourably towards recovery.

PERSONAL.

Miss Olive Tucker was in Lindsay yesterday.

Miss L. Wrightson, of Chatsworth, has been added to the millinery staff of the firm of Richard Hall & Son.

Messrs. S. Davidson, W. J. Scott and J. D. [illegible] all of Lindsay, were at the [illegible] House, Lindsay, yesterday.

Mr. Geo. Smith, district superintendent of the Metropolitan Life Insurance Co., is in Lindsay on business and reports things booming in his line over there.

Miss Minnie Ketcheson, of Belleville, who has been the guest of Mrs. H. S. Davidson for the last few weeks, returned home yesterday after a most enjoyable visit.

A PRESENTATION.

To the Instructor of the Mechanical Classes of the Public Library.

The class in mechanical drawing held under the auspices of the Peterborough Public Library closed very pleasantly last evening and, after dismissing, assembled at McCallum's restaurant, where they enjoyed an oyster supper.

Mr. W. J. Francis, the class instructor, and Mr. W. H. Hill, chairman of the Public Library Class Committee, were present as guests.

After supper a toast to the Queen was in order, to which Mr. Hill responded in a neat speech.

The following address was then read to Mr. Francis, class instructor, and a fountain pen presented to him as a token of appreciation of his services:

PETERBOROUGH, March 10, '98.

W. J. Francis, Esq.:

DEAR SIR,—The drawing class of the Public Library feel that they cannot allow the term's work to close without making some slight effort to show you how highly your services as instructor have been appreciated by them during the session.

We have felt that you have studied our individual needs in the work and have conscientiously placed before us those principles which you considered necessary to a fuller knowledge of the subject.

When we required leading you have patiently directed us, and when you felt we were on familiar ground you have allowed us to strengthen ourselves by walking alone.

We, one and all, believe that our time has been profitably spent, and we regret that more of the young men who are employed in the workshops of the town could not see their way clear to take up work which could not fail in making them more skilful and intelligent architects.

As a small token of our appreciation of your services we have much pleasure in presenting you with this fountain pen, which we hope you may be long spared to use in the field of labour you have chosen for your life's usefulness.

Signed on behalf of the class,

J. A. FIFE,
JOS CROWE,
SAMUEL TAYLOR,
WM WATT.

Mr. Francis replied in a fitting manner. Short speeches were given during the course of the evening by the following members of the class: A. Hamilton, J. Crowe, J. Watt, J. A. Fife, R. Colline and C. Mathias, each one dealing with the advantages offered by the Board of Management of the Public Library in their provision for the evening classes. All were agreed that the young men of the town who were employed during the day in the various workshops could not afford to miss the training to be obtained at so small a cost.

Mr. George Dawson, who is leaving on March 17th for the head waters of the Yukon, has been a member of the class during the winter, and his comrades availed themselves of the opportunity of bidding him good-bye.

A MASONIC BALL.

There is a Probability of One Being Held on May 17th.

The jubilee or semi-centennial of the institution of Corinthian Lodge, No. 101, A. F. and A. M., occurs this year, the fiftieth anniversary falling on May 17th.

At a meeting of the members held last evening it was decided to observe the day in some fitting manner and it is altogether probable that a ball will be held in the Opera House on a scale which will eclipse anything of the kind ever given in Peterborough before. No positive decision was reached in the matter, but the majority of those present expressed themselves in favour of seeing the Lodge's jubilee celebrated in the above stated manner.

YOUNG PRISONER.

He is Practically Accused of Forging, But is Allowed to go.

This morning a little lad aged ten years was in the police court, through having forged the name of Mrs. Yelland to an order on a local merchant for some candies. The lad stated that the order was given him by another boy, but the writing was identical with that in the exercise book which a little [illegible] was using, and on which this order was written. The boy from whom he said he got the order was found, but he is only seven years of age and cannot write. The prisoner was dismissed after the magistrate had represented to him the danger which he incurred by adopting such tactics to gratify his desires.

THE DATE POSTPONED.

Meeting to Form an Aberdeen Society to be Held on Friday Next.

The meeting for the formation of an Aberdeen Society announced for this (Friday) afternoon in the Y. M. C. A. rooms, has been postponed till next Friday afternoon at three o'clock in the same place.

OBITUARY.

Death of Mrs. Thos. H. Robinson in Orillia on Thursday.

The death of Mrs. Thos. H. Robinson took place in Orillia yesterday, in the absence of her husband and daughter. Mr. Robinson passed through to-day on his way home, being preceeded to Orillia by his son, Mr. Robert Hall, and his sister, Mrs. W. G. Ferguson. Mr. Robinson is also a cousin of Mr. T. W. Robinson, of town. Both the deceased and her husband were well known here, through having frequently visited town, the latter spending his boyhood in Peterborough.

Mr. Loch's Property for Sale.

The house and lot, property of Wm. Loch, 309 Hunter street, will be offered for sale Saturday, March 26th, by auction. Intending purchasers may inspect the house and premises the day before, from two to four. The store between Mr. Stratton's and my Fur Store will also be offered for sale at the same time. 9d

THE NOMINATIONS IN RUSSELL COUNTY.

MESSRS. GUIBORD, LIBERAL AND MARNEY, CONSERVATIVE, NOMINATED.

A Large Attendance of the Electors—Speeches After the Nomination by Hon. G. W. Ross, Mr. J. R. Stratton, M.P.P., Hon. Mr. Eventurel and Col. Matheson, M.P.P.

Special to The Examiner.

RUSSELL, Mar. 11.—Russell County nominations were held here today. A large crowd was present notwithstanding the bad roads. The nominations were Onesime Guibord, Clarence Creek, for the Liberal interest, and Pierre Mattier, of Janeville, in the Conservative interest. Among the speakers who addressed the meeting after the nominations were, Hon. G. W. Ross, Mr. J. R. Stratton, M.P.P., Hon. Mr. Eventurel and Col. Matheson, M.P.P.

SILKS... and the Fashions

This is to tell you about the assortment we can show in BLACK BROCADE SATIN DAMASSE, and it's interesting because Fashion has evidently marked them for her own this spring.

They were popular last year. This year they are to be in demand if present indications are to be trusted. We have a rich Black Brocade Satin Damasse which we are selling at 75c; better goods $1.00, $1.10, $1.25 up to $1.75.

WAIST SILKS.

Will also be in greater demand this season. We have anticipated this for months and the magnificent assortment of these goods purchased direct from the leading Silk Centres in Europe, are now here and include:

Fine French Silks, in all colours and stripes, 21 inches wide, 50c yard.
French Taffetta Stripes, in all leading colours, 55c yard.
French Taffetta Silks, Black with coloured stripes, 75c yard.
French Shot Taffetta Silks, in all the new colors, 65 & 75c yd.
Fancy French Silks, in waist ends, at $1.00, $1.25, $1.50.

We also draw special attention to our assortment of all kinds of Black Silks, as the stock has never been so complete and prices so low.

NEUROLINE.

Guaranteed to give Immediate Relief of

TOOTHACHE

and Neuralgia, without burning or Injuring the Mouth. Prepared by J. O'DONNEL, L.D.S., Peterborough, Ont.

PRICE 25 CENTS.

In use by him over 25 years in his Dental practice in Peterborough and Toronto, also largely sold by him in Canada and U.S., since giving up practice.

All druggists keep it, if not will be sent post paid on receipt of price to my address P.O. Box 128.

Every family should have it in the house.

I have used NEUROLINE, the remedy for toothache and neuralgia prepared by Dr. O'Donnel, for a number of years, for myself and family and have no hesitation in pronouncing it the greatest remedy for the immediate relief of toothache I ever came across or heard of and cheerfully recommend it to all sufferers. I always keep a supply on hand. I also gave a lady up the back lakes a bottle, who said it relieved her instantly.

Remember the man who says CASH will get big cash discounts every time—sure thing. W. J. GREEN, Merchant Tailor and Issuer of Marriage Licenses, 141 Hunter St.

ZOLA'S "PARIS."

The Imprisoned French Novelist's Great Work.

The recent sensational trial in Paris of Emile Zola, has aroused new interest in his works. The production by Mr. George N. Morang of Toronto, of his latest novel, "Paris," is as timely to the relations of the reading public as the book issued is to the conditions of the age. This book treats of the pressing problem of labour and capital as having failed to receive the solution which Christianity, rightly applied should afford, but in no dry dissquisitional style, but with the poignant realism that is morang that distorted Bresseboro and of, Zola's [illegible] speak more correctly, prominent [illegible] ...ay capital, its scandals and crimes, its rich and its poor, its toil and its pleasures. Its characters include a banker, an aged countess of the old nobility, a vagabond princess of a class that looks on Paris as a preserve for their predatory operations, a scientist, a manufacturer, a priest, an Anarchist, a petty clerk and an actress. Zola's master hand moves these puppets of his fancy, though of kaleidoscopic variety, with a skill that is all his own, and the pictures that he paints of the life of the gay city, are coloured with such skill, that they appeal to the interests of two classes of readers. The student of social problems can find substantial pabulum under the dotard and jetsam of scum, incident and sensation that overlie and conceal, while they indicate the lessons that the careless reader skips without the effort required in ordinary narrative.

Zola's "Paris" is worth reading. The narrative element is intensely interesting, and the description marvellously wrought. The book is printed in delightfully clear type on good paper. Toronto: Geo. N. Morang, publisher. Paper, 75 cents; cloth, $1.25—at the Peterborough Bookstore.

Bankrupt Stock Sale of Groceries.

Having purchased the John Armstrong bankrupt stock of high-class groceries, etc., at a Auction on the dollar, I have started a sale of the entire goods at greatly reduced prices for cash at the store opposite the post-office. As the stock must positively be cleared out at once, great bargains may be looked for. Hotelkeepers, boarding house keepers and housekeepers generally should not miss this rare chance to buy cheap groceries. R. J. LANE. 12d53-2w

Parlour Furniture.

It is worth a visit to Clegg's furniture warerooms to see their parlour suites. New and handsome designs in 3, 4, 5 and 6 piece suites, beautifully upholstered in the latest styles and materials. Odd pieces in parlour furniture in great variety and at very low prices. Clegg's furniture and undertaking warerooms, 437 George street.

THE STREET RAILWAY PROJECT

To the Editor of The Examiner:

The town council apparently does not take up this project at its value when they offer to guarantee interest on $30,000 of bonds at four per cent., provided they get an indemnity first mortgage on the concern. Now it stands to reason that the railway is not a matter that the people will readily endorse, for it will do little for Peterborough besides enabling a lot of people, who have a little money to spend in getting fresh air in the dog days of July and August, to take a spin around the Circle. It may enable a few of the farther North Ward (Lakefield) people to come to town for their groceries, etc., but it will not give a dollar's worth of country trade that we have not to-day. Except to Lakefield the road will be closed in winter and the farmers who have anything to bring to town, or to bring from town, will easier bring it in their own conveyance than by the electric road.

If the town has any money to spare let them induce industries to come here—growth from within is the secret of our prosperity—not more facilities for spending money on luxuries we have too many now. What with electric light, water system, &c., our taxes have gone beyond endurance. The electric road we have has cost this town many thousands of dollars and it is simply a humbug—in winter it sleeps and in summer it is so sleepy that any ordinary walker finds that it always behind him.

Then some one is wanting to spend $3000 on grading the walks on George street! A good plank walk is a luxury—cool in summer, warmer in winter than stone and not so slippery, and much pleasanter to walk on. Go slow my brothers. The people are in no humour just now for extravagance and a little close economy will be your most popular move—again I say, go slow.

CIVIS.

["Civis" seems to be in a grumbling mood—he objects to everything. He should remember that all our citizens cannot afford a cottage at the lakes, and the proposed railway will give those with limited means an opportunity of getting fresh air and an outing at a price within their reach. As to our dormant street railway, the new project is aimed at putting life in it and by extending it to make it a real convenience to our citizens, but any action in extending assistance is subject to the approval of the electors. The proposal to provide a portion of George street with permanent pavement is one that is at least debatable. If "Civis" wants plank sidewalks that, by frequent renewals, may cost the end as much, or more, than the permanent pavement, his aspirations may be met in a country village. After all, these projects are subject to the approval of the citizens and if they endorse them then "Civis" and others will have to fall in line. We can't have good things without cost. The closing advice of "Civis"—"to go slow"—may be very wise and prudent. It has been followed by other places, but Peterborough can't afford to go too slow. The town never had the name of a slow [illegible]. The spirit of our citizens leads them through some [illegible] little discord "I'm done for," he [illegible] of their own [illegible] in many ways a broad-minded [illegible] citizen, and are a little surprised that he should sweep away all the proposals condemned in his letter with a single wave of the pen. It is held by many persons who are carrying on business and other matters that both the proposals referred to have elements of good in them and both are very desirable and the questions to be considered are, are they feasible and profitable, and to what extent should the citizens be asked to contribute. With projects that, on the face of them are regarded as beneficial to the best interests of the town, it does not seem wise to unreservedly endorse or absolutely condemn them without due consideration or investigation. In arriving at a conclusion the bearing of them on every interest of the town, should be carefully weighed and ultimate judgment pronounced only upon the fullest facts obtainable.

The Most Prominent are Fashionable.

Dyspepsia or Indigestion has become a fashionable disease. There are very few individual who have not at various times experienced the miserable feeling caused by defective digestion. No pen can describe the keen suffering of the body, and the agony and anguish of the mind endued by the Dyspeptic. Dr. La Londe, of 236 Pine Ave., Montreal, says, "When I ever run across chronic cases of Dyspepsia I always prescribe Dr. Chase's Kidney-Liver Pills, and my patients generally have quick relief."

See our Medium Grey Worsted Spring Overcoats, well made and trimmed, selling at $6.50. Gratton & Co.

STRENGTHEN THE HANDS OF REPRESENTATIVES.

THE BOARD OF TRADE MET LAST NIGHT TO DO IT.

In Respect to the Stand Which the House is Making in Ottawa With Respect to the Action of the U. S. Senate in Regard to Stickeen River Navigation.

The special meeting of the Board of Trade last evening was held for the purpose of passing such resolutions as would tend to strengthen the hands of the Dominion Government in the stand it is taking with regard to upholding the rights of Canadians to navigate the Stickeen river free from customs regulations.

Mr. John Carnegie, president, was in the chair and called upon Mr. Hampden Burnham to explain the object of the meeting. Mr. Burnham stated that all were doubtless familiar with the jingo methods adopted on the other side to express their jingo feelings, but this had reached an acute stage when that body, which the Americans land as being the most equable in the world, chooses to see fit to ignore a treaty, the provisions of which had never hitherto been disputed. It was not in regard to one thing, but as affecting many that the Americans were the transgressors and they now had the boldness to affirm that unless they were given certain quid pro quos in the shape of privileges they would not allow Canadians to avail themselves of the rights awarded them under the Washington Treaty. It was high time for Canadians to stand on their rights. This was no political question, both parties in the House being agreed that so glaring an attack on the rights of Canadians could not be allowed to pass. He deplored the fact to hear of the native expression of dislike which this action of the Americans had aroused. Great Britain had always endeavoured to promote friendly feelings between Canada and the United States and had ceded away many small rights to preserve harmony, therefore it was not expected that the latter nation was waiting an opportunity to stab us in the back. Canada had been patient until patience ceased to be a virtue and insult could no longer be endured. American legislation has become glaringly hostile and inimical to our interests lately and he therefore moved the following resolution:

Resolved—"That the Board of Trade of Peterborough expresses its warm approval of the stand taken by the representatives of both parties in the House of Commons in Canada in opposition to the resolutions lately passed in the Senate of the United States, whereby the treaty rights of British subjects in connection with the Stickeen rivers are ignored, and further that this Board expresses the wish that the hostile legislation adopted from time to time in the American Congress respecting Canada and the Canadians be made the subject of parliamentary consideration, and that the conciliatory relation of Canada towards the United States be advanced to a condition of firmness and dignified defence."

All were aware of the cause of the recent uproar. Canadians had the right, by the Washington Treaty, to participate in the mouths of certain rivers and the west coast in order to give to the interior territory on the upper waters. These were the privileges the Americans were trying to ignore, and if Canada acquiesced the Americans would also claim the privilege as their right.

Mr. D. W. Dumble stated that the United States had adopted the bullying habit of trying to terrify Canada. The English had been too magnanimous and unsuspicious, and the Americans had taken advantage of it. Hitherto the spirit of "peace at any price" had allowed Britain to let the Americans enjoy many small and unimportant advantages but there would come a time when the exactions of the Americans would be such that it would become a crime not to resist. The time had now come and the speaker would not help but feel gratified at the bold front shown by the Government at Ottawa. He had prepared the following resolution which he would read to the members:

Resolved, that Canada and the United States being countries with close interwining relations, physical personal and commercial, it is of the first importance that the dealing of one people with the other should be that of friendly neighbours, each furthering the other in the enjoyment of all national and treaty rights; that the attempt of either to override and baulk the other in the enjoyment of its rights is sure to engender not only bad feeling but a condition of things mutually injurious.

The Board of Trade respectfully suggests to the Dominion Government that to submit to unfair and unjust exaction on the part of the stronger neighbour is as culpable and unwise as to offend in a like way and certain to produce such a want of respect for the submitting party as to induce continued and increased impositions, culminating in disastrous and direful consequences.

As British subjects we urge a continuance of British policy—a generous concession of all rights and friendly offers, but a stout wall of resistance to all attempts at encroaching on the part of our neighbours.

On motion of Messrs. Tibb. Fair and Peter Campbell the resolutions prepared by Messrs. Burnham and Dumble were referred to a committee composed of the President and the movers of the resolutions to embody the sentiments of the two motions and forward a copy to the Dominion Government.

Mr. Dumble further remarked that the nation that occasionally yielded got to be despised by and imposed upon further. It was a happy thought when Canada was brought into the negotiations with the United States regarding the fishery question. She was able by her firmness to maintain rights which might have been otherwise sacrificed. It did the United States good to known that it had a neighbour that could not be imposed upon.

The committee appointed to draft the resolution to forward to the Dominion Government then presented the following motion, which will be forwarded to Ottawa:

Resolved, that the Board of Trade in view of the recent action of the United States Senate, desire to endorse the action of the people's representatives in their proposal to stand firmly upon their rights to navigation to treaty privileges of free navigation of the Stickeen River, and affirm that Canada and the United States being countries with close interwining relations, physical, personal and commercial, it is of the first importance that the dealing of one people with the other should be that of friendly neighbours, each furthering the other in the enjoyment of all national and treaty rights; that the attempt of either to override and baulk the other in the enjoyment of its rights is sure to engender not only bad feeling but a condition of things mutually injurious.

The Board of Trade respectfully suggests to the Dominion Government that to submit to unfair and unjust exaction on the part of the stronger neighbour is as culpable and unwise as to offend in a like way and certain to produce such a want of respect for the submitting party as to induce continued and increased impositions, culminating in disastrous and direful consequences.

As British subjects we urge a continuance of British policy—a generous concession of all rights and friendly offers, but a stout wall of resistance to all attempts at encroaching on the part of our neighbours.

—BELL TELEPHONE COMPANY.

The matter was then brought up of the petition which is being circulated for signatures, in respect to the endeavour of the Bell Telephone Company to have its charter amended so that its rates can be raised and which the larger cities are fighting against and soliciting aid from towns.

Mr. R. H. Kells stated that Peterborough should not forward a petition to the Government which would be detrimental to the appeal of the Company as Peterborough had always been treated fairly, getting its telephone service cheaper than any other town of its size. It was not proposed to raise the rate in Peterborough, but in the larger cities where the company was losing money.

Mr. D. W. Dumble stated that the company as a whole was paying a dividend and that it therefore should not ask the privilege of raising its rates. If it lost in one place it made up in another, as did any other business.

Mr. J. S. Knapman, Manager of the district was present and pointed out that the company were under heavy expenses in Toronto, as more operators were required in properties than in smaller places. All that the company wanted was the right to raise the rates in the larger cities. At present the smaller places like Peterborough were virtually bearing a proportion of the expense of carrying the Toronto office. The rates in the town could be raised, as the company now had the power to charge $40 an instrument in Peterborough.

Mr. Cornegie stated that as he understood the matter, Toronto opposed the rise in price and simply asked for an investigation into the finances of the corporation. There was no virtue in the company only charging Peterborough $25 for a service, as it simply charged what the subscribers would bear.

It was decided that the petition be not sent in to the Government until Tuesday evening, when the matter will be more fully discussed at the annual meeting of the Board. Other matters which will come up the same evening will be the new electric railway proposition and the permanent pavement which it is proposed to put down on George street.

A communication from the Nickal Steel Company of Canada was received stating that the Dominion Government placed a duty on the raw material the company would manufacture to erect a plant which would have a capacity of 1000 tons [illegible] the amount in the following [illegible] ...ons of nickel in Canada [illegible] ...evening:

[illegible] Canada [illegible] the metal [illegible] ...ing to [illegible] ...ing [illegible] ...ing [illegible] ...ing

MUNYON'S

Improved Homeopathic

REMEDIES

FOR CHILDREN

With them in the house there is no doctor to send or wait for when DELAYS ARE DANGEROUS. Munyon's Guide to Health will tell you what to do and how to SAVE DOLLARS IN DOCTOR'S FEES. Sickness often comes suddenly, and every household should be prepared by having MUNYON'S REMEDIES, where they can get them quickly. They are absolutely harmless and so labeled there CAN BE NO MISTAKE.

Munyon's Colic and Crying Baby Cure cures infants' colic, painters' colic, colic in children, and crying pains of every description, prompt-ly relieves hysteria, nervousness, pain from teething, and quiets crying babies. Price 25c.

Munyon's Sore Throat Cure effects a prompt cure in diphtheria and every form of sore throat. Price 25c.

Munyon's Fever Cure will break any form of fever. It should be administered as soon as the fever appears. Price 25c.

Munyon's Worm Cure causes the prompt removal of all kinds of worms, pin worms, seat worms, intestinal worms and tape worms. Price 25c.

Munyon's Whooping Cough Cure is thoroughly reliable. It relieves at once and cures promptly.

Munyon's Croup Cure positively controls all forms of croup. Price 25c.

A specific cure for each disease. As all sympathize, usually like a whirl.

Personal letters to Prof. Munyon, 11 and 13 Albert street, Toronto, answered with free medical advice for any disease.

A LIVERPOOL ADVANCE.

The Day, However, Has Been Rather Featureless—The Local Markets and Latest Prices.

Wednesday Evening, March 9.

Local wheat market quiet.

July wheat puts 90½c; calls 91½c.

Wheat is 20c higher in Paris; flour 5c to 10c higher.

A New York despatch says: Wheat firmer on advance in cables, with a little buying for foreign houses.

A St. Louis wire reports damage to Missouri and Illinois wheat crop. In one section of Missouri it has been all frozen out and is dead.

Leading Wheat Markets.

Following are the closing prices to-day at important centres:

	Cash.	May.
Chicago	$1 02½	$1 04⅝
New York	1 00¼	1 01
Milwaukee, No. 1 North	1 02	1 02½
St. Louis	0 99½	1 01⅛
Toledo	0 99¼	0 99
Detroit	0 97⅝	0 97⅝
Duluth, No. 1 Northern	0 99¼	0 99⅛
Duluth, No. 1 hard	1 00⅝	....
Toronto, red	0 [illegible]	....
Toronto, No. 1 hard	1 10	....

Toronto Grain and Produce.

Flour—Very dull. Straight rollers in barrels, middle freights, are quoted at $4 to $4.10.

Wheat—Exporters are doing nothing. No. 2 red, north and west, quoted at 86c to 87c. Goose wheat, north and west, sold at 82c. No. 1 hard, north and west, held at $1.10 North Bay.

Barley—Quoted at 33c west and 34c east. Malting barley, 36c to 37c.

Oats—Dull. Choice heavy white will bring 29c to 29½c, north and west.

Corn—No. 2 yellow American on track at Toronto 37c asked; Canadian, Chatham, 31c to 32c asked.

Bran—Scarce and firm. Bran sells at $11.50 to $12 and shorts at $13 to $14.

Oatmeal—Car lots of rolled oats in bags on track at Toronto, $3.00.

Peas—Are scarce and steady, 57c north and west and 58c east.

Rye—Offerings light at 50c west and 52c east.

Buckwheat—Quoted at 35c to 37c outside.

Toronto St. Lawrence Market.

On account of the country roads being bad the receipts of grain and other farm produce were light, about 1000 bushels of grain being delivered.

Wheat steady, 500 bushels selling as follows: White 82c to 84c, red 93c to 93½c and goose 86½c to 87c.

Barley firmer, 500 bushels selling at 39c to 42c.

Oats scarce and firm, at 30c for 100 bushels.

Peas firmer, 500 bushels selling for 58c to 59c.

Hay sold at $8 to $9.50 per ton for 20 loads.

Straw easier, at $6 to $7.50 per toin for 10 loads.

Dressed hogs, deliveries light, prices firm at $6 to $6.25 per cwt.

East Buffalo Live Stock.

East Buffalo, March 9.—Cattle—The offerings light, only about three loads. The market was dull and slow, being depressed by the continued heavy receipts and low declining prices at the west.

Veals and Calves—Receipts, 40 to 50 head. Market dull and lower for all kinds, but a few choice state and nearly fat veals sold at $6.00 to $7, with fair to good at $5.75 to $6.75; common light to fair thin veals slow at $4.25 to $5.75.

Hogs—Receipts, 20 cars. Market very dull and slow for all grades, with pigs and Yorkers in particularly light demand, and prices on all grades were lower. Good to choice Yorkers, $4 to $4.05; prime selected light Yorkers, $3.90 to $4. Mixed packers' grades, $4 to $4.05; medium weights, $4.02 to $4.05; heavy hogs, $4.05 to $4.10; roughs $3.60 to $3.75; stags, $2.50 to $3; pigs, $3 to $3.90.

Sheep and Lambs—Receipts, 15 cars of fresh arrivals and four loads held over from yesterday. The market was about steady for good, handy lots of both sheep and lambs, but heavy lambs were dull and weaker, and heavy sheep only had a moderate call at best and were barely steady. Native lambs, choice to extra, $5.60 to $5.70; fair to good, $5.40 to $5.50; culls to common, $4.85 to $5.25; yearlings, common to choice, $4.75 to $5.10. Native sheep, choice to selected wethers, $4.60 to $4.75; good to choice mixed sheep, $4.20 to $4.50; common to fair, $4 to $4.25; culls to common sheep, $3.15 to $3.90.

British Markets.

Liverpool—Close—Spot wheat steady; futures steady at 7s 10½d for March, 7s 8⅝d for May and 7s 2d for July. Maize steady at 3s 4¾d for March, 3s 5¼d for May, 3s 5¼d for July and 3s 4d for Sept. Flour, 22s 6d.

London—Close—Wheat off coast, more enquiry; on passage, firmer. Maize off coast, nearly due. Passage, firm.

Paris—Close—Wheat, 27f 75c for August. Flour, 50f 35c for May.

OF INTEREST TO MEN.

The attention of the reader is called to an advertising item that is now published by that eminent [illegible], G. H. Saunders, M.E., 347 Sherbourne Ave., Toronto, Ont. This book is one of peculiar interest to every man and its plain and practical advice will certainly be of the greatest value to any one desirous of a return of perfect health and vigour. A request on a [illegible] card will be answered with, if addressed as above and the Peterborough Examiner mentioned.

Blood That is Bad.

Blood that is bad makes the whole body sick. Blood that is good makes the whole body healthy and vigorous. Burdock Blood Bitters makes good, rich, ruddy blood. "I regard B. B. B. as the best medicine in the world to make rich, red blood. It cured me after two years suffering from weak, thin blood." Jennie A Gleason, Centreton, Ont.

SPAIN IS CRIPPLED.

Impossible for Her to Make War Upon the United States for Lack of the Sinews.

New York, March 10.—A special to the World from Washington says: A cablegram received from Minister Woodford was laid before the Cabinet by the President. It declared that Spain had exhausted every means of raising money for the prosecution of war without success. All the financial centres of Europe have rejected her overtures. General Woodford pronounces it an utter impossibility for Spain to secure funds with which to engage in hostilities against the United States.

$20,000,000 FOR SHIPS.

This Amount Will Be Spent by the U. S. if Com. Brownson Says So.

New York, March 10.—A special to the Herald from Washington says: It is known that the authorities expect to expend $15,000,000 or $20,000,000 in purchasing ships, if such sum can be spent judiciously and to the advantage of this Government.

Commander W. H. Brownson, U.S.N., sailed for Southampton on the American Line steamer St. Paul to-day. He said to a reporter: "I am going to England under orders direct from the Navy Department, not from the President. My mission is to prepare for the exigencies of the situation and to see what can be had and done in case of war. I shall report by cablegram."

"Are you empowered to secure options on ships?"

"I certainly am not going over for my health," the Commander replied.

Senate Passed the $50,000,000 Bill.

Washington, March 10.—Senator Hale has reported the National Defence bill in the Senate and asked its immediate consideration. The Senate passed it without any debate.

Forestalling Spain.

London, March 10.—The indications are that the United States Government will not wait for the arrival here of Commander William H. Brownson in order to purchase warships. Definite offers have already been made for ships building here, with the view of forestalling Spain, which is supposed to be bargaining for the same vessels.

The Montgomery at Havana.

Havana, March 10.—The arrival here of the United States steamship Montgomery was very quiet, it being generally understood that she comes to replace the coast survey steamer Fern as quarters for Captain Sigsbee and others. Commander Converse of the Montgomery is a high authority on explosives, and his advice will be useful to the court of inquiry.

After the usual salutes, the Montgomery was moored in the principal harbor, near the wreck of the Maine, and in the centre of a circle of Spanish ships.

The Alfonso III. Starts for Cuba.

Madrid, March 10.—It became known yesterday that the Spanish transport steamer Alfonso XIII. sailed for Cuba from Barcelona on Saturday last, having on board four officers, 900 soldiers and 4,000,000 Mauser cartridges.

TELEGRAPHIC BRIEFS.

A Great Plethora of News Boiled Down to Get Its Pith and Moment in Small Space.

Mayor Robert Scott of Seaforth is dead

Mrs. Ellen Duquette is dead. She was 103 years old.

M. W. Pruyn, ex-M.P., Lennox, was attacked with paralysis on Sunday at his home in Napanee, and is sinking rapidly.

The male students at Millersville, Penn., Normal school became engaged in a quarrel and exchanged shots. One was killed and another is fatally injured.

The Privy Council has dismissed the appeal of Molsons Bank against the decision of the Supreme Court of Canada, in the suit against Cooper and Smith.

A big Chicago shipper wants 900 carloads of Canadian turnips, and will shortly be in Canada to contract for them. One carload a week has been going to the same dealer, but it has proven insufficient in amount.

DAIRYMEN MEET.

The Butter and Cheesemakers' Association Assembles in Kingston.

Kingston, Ont., March 10.—The convention of the butter and cheesemakers of Eastern Ontario was held here yesterday, and was full of interest. The Kingston Dairy School was visited, and commended for its excellent work. Professors Ruddick, Shufelt and Publow of the school, and also Dr. Connell, factor collegist, gave addresses full of information and instruction in the arts required in producing good, saleable articles. Prof. Dean of Guelph was also able in his addresses. President Derbyshire, Mr. Edgar and other directors, as well as instructors in Eastern Ontario, discussed the papers and made practical remarks. Co-operation and combination and weeding out of small, inferior factories was urged, if the goods of Canada were to hold a place in the keen competition for the world's markets. The absolute need of cleanliness was expressed, and the handling of milk in foul barnyards was vigorously assailed. If there were bad surroundings, milk was one of the things most impressionable and could hardly be changed by any processes at present known. The interested listeners had a big day's discussion, full of thought for future consideration.

IN FAVOUR OF DODD'S.

W. F. Hill, of Strathroy, Testifies for Dodd's Kidney Pills.

Strathroy, Feb. 28.—The evidence of W. F. Hill, Caradoc street, in the case of Dodd's vs. Disease is being heard, before the full court of the sovereign here.

Mr. Hill stated that, speaking from his own experience, he would say positively that no other medicine on earth, besides Dodd's Kidney Pills, would cure Kidney disease.

In reply to the judge's question, he said he had suffered intensely for several years. Doctors could not help him. Neither did any medicine but Dodd's Kidney Pills.

Three boxes of this wonderful remedy cured him completely.

The judge remarked that so far the evidence was overwhelmingly in favour of Dodd's Kidney Pills.

RAINY RIVER RAILROAD.

It Must Be Begun Within One Year and Must Be Finished in Four—Bill Reported.

Ottawa, March 10.—There was an interesting session of the Railway Committee yesterday. The piece de resistance was the bill to extend the time for commencing the Rainy River Railway.

Mr. Maclean set the ball rolling by pointing out that this was a most important measure to Ontario. On the construction of the railway depended the competition in railway rates to the Northwest. He thought Parliament should keep complete control over the rates to be charged, and he invited the Minister of Railways to define the position of the Government on this matter.

Mr. Wood of Hamilton backed up Mr. Maclean vigorously.

Mr. Blair thereupon rose and addressed the committee. He said that he had no objection to a reasonable extension of time, although he would not give it for as long as the bill proposed. Touching the larger question raised by Mr. Maclean, the Government fully realized the importance and value of this railway, which would be a valuable commercial road. The Government had taken every possible precaution to reserve to itself the fullest and ablest powers for the protection of the public interest. If, when the railway was completed, it was felt that the rates ought to be reduced, they would be reduced. The Government, on the motion of Parliament or otherwise, might exercise their authority vested in it by Parliament in that direction. There could be no danger, therefore, on that score. He admitted that the company had been slow in prosecuting that undertaking, and he was therefore prepared to consent to an extension only for a reasonable period.

Various members of the committee expressed themselves, and eventually all parties agreed upon one year to commence and four years to complete.

SAVE THE MOTHERS

Dodd's Kidney Pills Their Only Safety in Female Diseases.

You have seen a flower nipped by frost, fade and die in the flush of its beauty. That is how women die when attacked by any of the diseases peculiar to their sex.

Woman's burdens are woefully heavy. Her sufferings are agonizing. Her patience is grand. Disease preys upon her. The light dies out of her eyes, her steps become slow and dragging; she loses flesh; grows sallow, listless, droops like a flower. Then *she dies.* Her family is left to the cold mercy of the world.

"Mother's dead!" What a piteous phrase. What sufferings have been endured before it was used. Why should mothers, wives, sisters suffer so? *They need not.* Dodd's Kidney Pills will quickly and thoroughly cure all cases of Female Weakness. They never fail. They give health, strength, courage: a new lease of life.

Urinary Troubles

Cured by

Mr. M. J. McCauly, the well-known butcher, Market Sq., Stratford, Ont., says: "I have been troubled for some time with pains in my back which were so severe that I could hardly attend to my business. I had to urinate too frequently and the urine was of a very high color. I used many medicines without relief and was getting worse. I procured a box of Doan's Kidney Pills and started taking them. They effected a remarkable change in me. The pains in my back left me, the urine resumed its natural color and I now feel as well as ever I did."

TRADE MARK.

SLOAN'S INDIAN TONIC

Robson Brown, of Valetta, July 28th, 1891, says:—

"I am sorry under the circumstances to write to you, but I feel it my duty, as I have been troubled with Dyspepsia for years, took dollars' worth of medicine and pills, but got no relief until I commenced taking your Sloan's Indian Tonic. I think I have taken 8 or 10 bottles in all, and I feel as if I have got a new lease of life, I feel so much better. I was in the habit of keeping a bottle in the house so when costive I would take a dose or two with instant relief. Now I am troubled with costive spells very often, and it was the only medicine that gave me instant relief. It seems as if I have lost my best friend. Now I would like to hear from you by return mail, as I would like to have a bottle as soon as possible.

Mrs. H. Palmer, of Ridgetown, Ont., says: I was afflicted for a number of years with Erysipelas and Neuralgia in my face, and one bottle of Sloan's Indian Tonic cured me entirely, and I would recommend it to others, either for Erysipelas or Neuralgia.

Mrs. Henry Hale, of Blenheim, Ont., says: Sloan's Indian Tonic cured me of Malarial Fever and Chills and Neuralgia. When I was down sick in bed I purchased a bottle of the Tonic and it cured me entirely, and I have not been troubled with Fever or Neuralgia since.

Price $1, or 6 for $5.00. All Dealers or Address

APPALLING DEATH

From Kidney Disease Prevented by Dodd's Kidney Pills, Only.

"Kidney Disease." Do you know what it means? It means that the kidneys are either *rotten*, or rotting; the blood is full of poisonous, death-dealing corruption; that the Kidneys can't do their work; that the victim is a walking charnel-house; that his hours are numbered; that the victim must take Dodd's Kidney Pills if he does not want to die.

Have you Kidney Disease? Is your skin hot and dry; memory failing; breath short; urine, reddish, or pale colored; does it scald when passing; is your appetite changeable; do your ankles swell; have you bitter taste in the mouth on getting up mornings; is there a brick-dust deposit in your urine?

Any of these signs is proof positive of Kidney Disease. Will you be cured, or will you die? Dodd's Kidney Pills are the only means on earth that will cure you. They never fail.

MARY KENT.

Every one in Bressboro knew Mary Kent. Indeed, she was oftentimes a subject of conversation in regions beyond the metes and bounds of that little town. That the conversations in which she figured as the subject matter were not always kindly goes without saying—or will go in that manner when I record the fact that Mary Kent was a very pretty girl, and she was very well aware of it. She was a girl that always had a man—sometimes several men—at her beck and call, and when she "sat out" a dance it was solely because she wanted to "sit it out." She never posed in the decorative but trying position of "wallflower." For the rest she was a vivacious and sparkling young lady, with more courage than prudence, though I emphatically refuse to admit that she was deficient in the latter. For reasons best known to themselves there are many of the sex feminine who look upon girls of Mary Kent's ilk with no charitable eye. Bressboro had as many women of this sort as the next place, maybe more, and they frequently found Mary Kent a most absorbing subject for figurative vivisection, which, when we remember that even in this enlightened age imaginary faults are far more interesting topics of conversation than the most tangible of virtues, is in no wise remarkable. But that's enough in the abstract; let's get down to the concrete.

The thing that disturbed Bressboro and its environs, or, to speak more correctly, the gossiping elements thereof, was Mary Kent's "carryings on with the Leicester boys." I arrived in the town just about the time when these particular "carryings on" were causing Madam Rumor's Bressboro representatives to work overtime. My arrival and subsequent residence there are not important except as tending to show that I was on the ground and ought to know something about the matter.

The "Leicester boys" owned and conducted a big and fertile farm not far from Bressboro. They were both big, fine looking men; the sobriquet "boys" was a relic of the days when they used to both come to school riding one horse, who bore in addition to his other burdens a dinner pail of surprising dimensions—"bigger than either of the riders," said tradition, but then tradition is notoriously unreliable. Henry Leicester was a year older than his brother Will; both were large, but Henry was dark and Will was light. Strangers considered them alike, often mistaking one for the other; Bressboro people said they could see no resemblance.

As a stranger and afterward a Bressboro man I am bound to say that both views were perfectly correct—there is often an apparent lack of logic in facts. They were certainly very different in disposition. They were devoted to each other, but I always thought, and Bressboro agreed with me, that Henry often made way for Will with unnecessary unselfishness and Will never seemed loath to avail himself of advantages thus offered. Both were frank, but Henry was quiet and cool, Will impulsive and hot tempered. All these traits were emphasized after they began paying court to Mary Kent. Just when they did begin would be hard to say. The Kents and the Leicesters had been intimate and friendly for generations, and it is probable that this complex love affair stole a march on the gossips and was well under way long before it threw Bressboro femininity into throes of agonized curiosity. It was about six months before I migrated thither that the matter became "town talk." The Leicester boys were among my earliest acquaintances and as acquaintance ripened into friendship I gradually became the repository of the hopes and fears of both brothers, though neither ever knew I acted as father confessor to the other. I am afraid I was not an impartial spectator or a judicially minded confidant, for I often inwardly raged at the manner in which Henry set Will's hopes for happiness ahead of his own and at the entire absence of a reciprocal spirit in Will. But I refrained from arguing with either about that phase of the matter, as such argument might easily have led to a betrayal of my dual capacity. Of course, too, I soon got to know Mary Kent, first because she invariably came to Bressboro every day in the week with one or the other of the Leicesters. Monday it would be Henry, Tuesday it would be Will, and so on. And, secondly, because both the boys insisted that I must call on her. To each of them I expressed great admiration for the girl, and that seemed to cement our friendship all the more strongly. I really did admire her very much, and I thought it was hardly necessary to go further and say that I wouldn't give either of them a halfpenny for their chances. In the course of the next two or three months, though I saw Miss Kent quite frequently, I did not see anything to make me put a higher value on the Leicester stock. By a coincidence, singular or otherwise, this estimate of mine tallied very closely with the opinion of Bressboro gossips, but we drew very different conclusions therefrom.

One night about 11 o'clock I sat in my office in Bressboro looking up certain law points that were hazy in my mind. That was what I had been doing at least; but, having cleared up what I wanted, I lit a pipe, and, leaning back in my chair, my mind dwelt on Mary Kent and the Leicester boys. It was an engrossing subject, for I failed to hear the door open and was only roused from my meditations by:

"Hello, Jack!"

It was Henry Leicester. With one glance at his face I jumped up, without acknowledging his salutation, and exclaimed:

"[illegible] what's the matter?"

He was pale to the lips, and his expression was that of a man who had been through some awful ordeal.

"I'm done for," he said, throwing his gauntlets on the table and sitting down.

"Done for?"

"Mary Kent's going to marry Will."

"The devil she is!"

"Yes," he went on in a quiet, monotonous way some men have when they are badly hurt and that is more horrible to listen to than groans. "I asked her to marry me tonight, and she refused; gave me a lot of brother and sister rot. I've heard it all the time, but I am knocked silly all the same. My God! Jack, you don't know how I love that girl, and tonight she was so sweet I lost my head. I didn't intend to tell her for awhile, but it makes no difference. It would have been the same thing, soon or late. Will suits her best. I don't blame her."

"So she's accepted Will?"

"Oh, no," he went on wearily; "not yet, but she will. Who else is there?"

"Yes; who else?" I echoed.

"God knows I hope they'll be happy. But, Jack, I can't stay here now. I came here tonight partly to tell you about the end of my love story, but mostly to get you to take charge of my affairs. Will and I talked this over some time ago and agreed that whichever of us won Mary would buy the other's half in the old place; so you can fix it up with him."

I argued with him that it would be better to wait awhile and not act hastily; that maybe Miss Kent would change her mind, but my heart was not in my voice, I know, and Henry shook his head.

"No; it's no use to talk that way. The thing's settled, and I am not going to stay here to be gloated over by these d——d old women in Bressboro."

I pointed out to him that unless he told them they couldn't know anything about it, but he was the worst hurt man I ever saw, and nothing would do but that he should leave town on the early train next morning. He staid all night with me and told me he would send his address as soon as he was settled somewhere.

Sometimes it is difficult to apply general maxims to particular cases. There were periods in that last conversation with Henry Leicester when I was tempted to look at Mary Kent through the eyes of Bressboro gossips.

I was a good deal surprised that Will did not come to Bressboro the next morning, for I supposed Henry had told him of his intended departure. I afterward learned that he had come straight from Kent's to my office that night. In the afternoon my door was flung violently open, and Will, very much flushed, rushed in. Seeing that I was engaged with a client, he leaned against the wall and savagely switched the leg of his boot with his riding whip. No sooner had the other man gone when Leicester burst out:

"This is a h——l of a world!"

I silently subscribed to his criticism and awaited further developments.

"Yes, it is," he insisted, as though I had denied his first assertion. "And this place is the hottest part of it. Jack Alcott, I want you to let your other business go to the devil or where it will and help me straighten out my affairs. I'm going to leave this d——d country today. Hal Leicester" (it was one of Will's peculiarities that he always spoke of his brother as "Hal Leicester," never as "Hal" alone) "is going to buy my half of the farm. We've fixed it up. Oh," in response to a query of mine as to the cause of his action, "it's that little flirt over at Judge Kent's. She has fooled me to the top of my bent. Hal Leicester had better look out that she doesn't fool him. I always thought you were a fool, Alcott, that you didn't fall in love with her, but you've got more sense than both of us put together."

In the olden times it was no uncommon occurrence for sentitive, delicate women to be beheaded for trivial or imaginary offences. In this respect the world has made great strides. Nevertheless, women still suffer death in a slower and more torturesome form, and for no offence whatever, save a little ignorance, or possibly, a little neglect.

The woman who suffers from weakness and disease of the distinctly feminine organs, whether she realizes it or not, is being slowly but surely tortured to death. She suffers almost continually with sick headache. She has pains in the back, what she calls "stitches" in the side and shooting pains everywhere. She experiences burning and dragging down sensations. She becomes weak, nervous and despondent. She neglects her home, and is petulant with her husband. If she consults the average physician, there is not one chance in ten that he will hit upon the real cause of her trouble. He will attribute her bad feelings to stomach, liver, heart or nervous trouble. A woman in this condition should consult some eminent and skillful specialist who has had a wide experience. Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., has, with the assistance of a staff of able physicians, prescribed for many thousands of women. He has invented a wonderful medicine for ailing women, known as Dr. Pierce's Favorite Prescription. It has stood the test for thirty years. It acts directly on the delicate and important organs concerned in wifehood and motherhood, making them strong and well. It allays inflammation, heals ulceration, soothes pain and tones and builds up the nerves. It transforms weak, nervous women into healthy, happy wives and mothers.

"I was an invalid for over a year with change of life," writes Mrs. C. Smith, of Orr, Cascade Co., Mont. "Had pains across the pit of my stomach and such extreme weakness I could hardly walk. I took one bottle of Dr. Pierce's Golden Medical Discovery and five of his 'Favorite Prescription' and am entirely well."

I modestly deprecated such extravagant flattery and told him about Henry's going away. I left out the reason for it, but Will guessed it at once.

"She's worse than I thought. Poor old Hal Leicester!" he exclaimed.

The way he blamed everything on the girl revived my weakening faith in the ability of men to take care of themselves.

"Look here, Will, I'll be hanged if I see where the crime Miss Kent has committed comes in."

"You don't, eh? Well, we'll leave myself out of the question, but don't you see the harm in flirting with poor old Hal Leicester and breaking his heart?"

"Oh, I'm something of a skeptic about the brittleness of hearts. Besides if she had accepted you and 'broken' Hal's heart that way I don't believe you would be so infernally sharp in your criticisms."

"A girl has no right to encourage a man if she doesn't care for him," returned Leicester oracularly if not relevantly.

"What do you mean by 'encouraging' a man?"

"Oh—er—d—n it, making him think she cares for him; treating him white, smiling and blushing when he comes round. Thunder, Jack! You know what I mean well enough."

I did know what he meant, and I couldn't hold Mary Kent guiltless, but that theory was demanding support.

"Do you expect a girl to turn her back on all the men because they haven't sense enough to put a true valuation on her smiles? Would you have her tell a man she can't marry him before he asks her? You know well, Will, that nothing but a positive refusal could have made you believe you hadn't a through ticket to Miss Kent's affections. Why, any old maid in Bressboro could have told you how your affair was coming out."

"I'm d——d if you're very civil, Jack, and I don't agree with you. Still love is proverbially blind, and there is something in what you say. But she was to blame as well as we. However, it's over now, and I'm going to follow Hal Leicester."

I did my best to show him the folly of selling the place and all that, but the upshot of it was that he went, and I was the richer in pocket and the poorer in friends as the result of the "carryings on" with the Leicester boys. They settled in Nebraska, and when I last heard were doing well.

And Mary Kent?

Well, you see, I married her, which may account for several things.—Peterson.

Free Trial To Any Honest Man

The Foremost Medical Company in the World in the Cure of Weak Men Makes this Offer.

HEALTH AND ENERGY ASSURED. HAPPY MARRIAGE, GOOD TEMPER, LONG LIFE.

In all the world to-day—in all the history of the world—no doctor nor institution has treated and restored so many men as has the famed ERIE MEDICAL CO. of Buffalo, N. Y.

This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.

So much deception has been practiced in advertising that this grand old company now for the [illegible] has this startling offer:—

They will send their costly and magically effective appliance and a whole month's course of restorative remedies, positively on trial without deposit to any honest and reliable man!

Not a dollar need be advanced—not a penny paid—all results are known to and acknowledged by the patient.

The Erie Medical Company's appliance and remedies have been talked about and written about all over the world, till every man has heard of them.

They restore or create strength, vigor, healthy blood and new life.

They quickly stop drains on the system that sap the energy.

They cure nervousness, debility and all the effects of evil habits, excesses, errors, overwork, etc.

They give full strength, development and tone to every portion and organ of the body.

Failure is impossible and age is no barrier.

This "trial without expense" offer is limited by the company to a short time, and application must be made at once.

No C. O. D. scheme, no begging philanthropy nor deception, no exposure—a clean business proposition by a company of high financial and professional standing.

Write to the ERIE MEDICAL COMPANY, BUFFALO N.Y., and refer to seeing the account of their offer in this paper.

THE LESSON OF THE ROSE.

I found this rose upon its tree.
It tossed its head full saucily.
It laughed its sister blooms to scorn
And mocked the beauty of the morn.
It bragged itself most sweet and rare,
Of all earth's blossoms primely fair—
This haughty flower!

I plucked this rose from its green tree
To send, a gage of love, to thee,
And well I know it must confess,
When it beholds thy loveliness
That naught in beauty equals thee,
And thus shall learn humility—
This haughty flower!

—Town Topics.

Mule Will Kick, but Never Runs Over.

Touching the protest we occasionally hear against the dangerous practice of driving loose mules through the streets, it may be well to assure the timorous that there is no possible danger of a mule running over a child. You may set a baby in the middle of Marietta street and drive a thousand mules at a wild gallop through it and not one would hurt the baby. It is well enough to give a mule's heels a wide berth, but no one ever heard of a child or man being run over by one. You could not drive a mule over a child.—Atlanta Commercial.

OVERWHELMING PROOF.

Another Witness for Dodd's Kidney Pills—The Record Grows.

London, March 7—A commission appointed to examine into the vast amount of evidence given in favour of Dodd's Kidney Pills, as the only sure cure for Bright's Disease, Diabetes and all other kidney diseases, would find the people a unit in favour of this God-sent remedy.

London has had hundreds of cures through Dodd's Kidney Pills. And the record is growing longer and stronger daily.

Fred J. Palmer, Nelson street, reports that after suffering the agonies of an advanced stage of Diabetes and Kidney disease for five years a treatment of Dodd's Kidney Pills cured him.

Dodd's Kidney Pills have not failed once in London.

Queer Heart Feeling.

Queer feelings in the heart are daily complained of by multitudes of people—don't know the cause, but it makes them nervous irritable and unfit for either work or pleasure. Mr. B. A. Ross, Alma Craig, Ont., explains it. He says: "It came from la grip. I was irritable, worried, dizzy, short of breath and such a queer feeling in my heart that I thought I would give up the ghost. Milburn's Heart and Nerve Pills changed all this, and I am free to-day from all these troubles."

Karl's Clover Root will purify your Blood, clear your Complexion regulate your Bowels and make your head clear as a bell. 25c., 50c., and $1.00 Sold by John Nugent 389 George treet.

Bright as a Dollar,

Heart and nerve troubles cloud the brain, tangle the memory, wrench the system and destroys sleep. Milburn's Heart and Nerve Pills regulate the heart, tone the nerves and bring health and vigor to the entire system.

These two desirable qualifications, pleasant to taste and at the same time effectual, are to be found in Mother Graves' Worm Extractor. Children like it.

WHY YOU SHOULD INSURE IN

The Imperial Life Assurance Co. OF CANADA

1. The Security to Policy Holders is unsurpassed by that of any other Life Insurance Company of Canada.
2. The premium rates are more favourable to the insured than those of most of the other Companies.
3. The Policy is a simple contract, easily read and understood, and free from onerous restrictions.

PRESIDENT—The Hon. Sir Oliver Mowat, P.C., G.C.M.G., Ex-Minister of Justice, Lieutenant-Governor of Ontario.

VICE-PRESIDENT—Joseph W. Flavelle, Esq., Managing Director of The Wm. Davies Company, Limited, and Director Canadian Bank of Commerce

W. G. MORROW, Agent,
PETERBOROUGH.

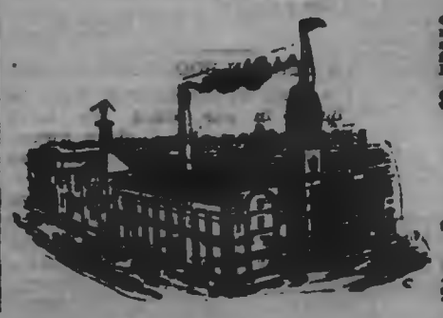
NOTICE TO "AGRICULTURAL" POLICY HOLDERS.

The British America Assurance Co. having re-insured the business of the Agricultural Insurance Co. before it withdrew from Canada, assuming thereby to pay all losses which might occur under their policies, it is very important that all changes to be made in said policies be reported at our office, as we are the only authorized Agents.

COX & DAVIS.

O'KEEFE BREWERY COMPANY

OF TORONTO, Limited.



This unit is an exact representation of our Brewery with an option out of new Dominion Plant, and having an annual capacity of one hundred and fifty thousand barrels of Ale and Lager.

SPECIALTIES:

Finest English and Bavarian Hopped Ales.
XXX Porter,
Pilsener Lager.

All the above warranted equal to the finest imported.

NOTICE.

MR. ALEX. ELLIOTT is Sole Agent for the town of Peterborough and can be purchased from him at Toronto prices.

"Beware the Ides' of March."

We are reminded by this imperative warning to make a **CLEAN SWEEP** of our large stock of **WINTER FURS** as this brings a **SPECIAL**

Thaw in FURS.

Our stock of Fine Furs is melting under the warming influence of **About 50 Per Cent. Reduction**—not a whole price left. This is a fight for Cash—not immediate profits—the immediate profit is yours—if you want it. **We Manufacture Money for You While You Wait.** It's this way, we give you a dollar worth of value for 50c in this March Fur Sale.

Any quantity of Beautiful Furs with us yet; the kind that looks different from the ordinary run; the kind that has style and art and quality in them; the kind every lady should wear and some that gentlemen should wear. We make them ourselves—buy the skins from trappers and collectors—have our skilled designers and workmen—are specialists in Fine Fur manufacture. Make to measure or sell made up—and all being offered before packing away at about 50% Reduction.

NOW IS THE TIME TO BUY.

J. W. T. FAIRWEATHER & CO.

WHERE IS THE CANADIAN CAPITAL?

There is only one thing for the Government of Canada to do in the face of the United States Senate's action. For Canada to accede to the Senate's demand is to give up the control of her own affairs and to confess herself unfit longer to govern herself. This is the demand made upon the Canadian Parliament:

To let American miners' outfits and supplies come duty free into Canada.

To allow the United States Congress to say what railways should be constructed in Canada. (for this is the plain meaning of the demand that the Parliament of Canada shall charter on Canadian soil such American railways as Congress may choose to sanction.)

To issue mining licenses for Canada, at such points and places as may be decided upon by the Canadian Government, but at such places as may be convenient for American miners.

To abandon those fishing rights on the Atlantic coast which Canada has maintained for a hundred years.

If Canada acceded to these demands, not only would her material interests be sacrificed, but her political status and her self-respect would be degraded and humiliated.

The government of this country is lodged at Ottawa, and not at Washington. The United States Senators must have been greatly deceived by the railway lobby and Sir [illegible] friend, Hamilton Smith, who is [illegible] looking for revenge, although for what injury it is impossible to say. For them so far to forget themselves as to interfere by resolution of the Senate with Canadian affairs is an impertinence of the grossest kind. The course of recent years has greatly diminished the respect in which the United States Senate is held, but it is going further even than could have been expected when it, at one and the same time, repudiates a treaty and meddles in the government of another nation in matters purely internal.—Montreal Herald.

"A Man's a Man for a' That."

Even if he has corns on both feet. But he is a stronger, and happier and wiser man if he used Putnam's Painless Corn Extractor and get rid of the unsightly corns, painlessly and at once.

Busy Barbers.

Since the reduction in my prices for hair-cutting and shaving, trade has gone away up with a bound. Hair-cuts for 10c. and shave for 7c. has come to stay at this shop, and

Glad are the smiles of our barbers
For the wave of prosperity rolls
With gladsome and lively music
Through all their tonsorial souls;
And the grit and the grind of
The clippers are heard on the long-worn hair
As we mow from the heads of the
Hundreds the once honored pompadour hair.

Ladies Shampooing done and Switches and Bangs made to order and renewed. Natural Switches, 20 inches long, for $1.00. EDWARD LECLAIRE, formerly LeGros, 339 George st.

Milburn's Sterling Headache Powders are easy to take, harmless in action and sure to cure any headache in from 5 to 20 minutes.

IN MEMORY

Of Albert Gilmour, who died [illegible], 1896.

Another loved one called away,
Into the great unknown,
The summons came, he must obey
For life was not his own

He laboured hard from day to day,
For wife and children three;
Content to tread a toilsome way
Could he their comfort see.

And in the business of this life
He was upright and true,
Avoiding every cause of strife—
He helped the needy too.

With every ill life still [illegible],
He battled hard to stay;
But while upheld in loving arms
He swiftly passed away.

Oh Albert, husband, brother dear,
Our hearts are full of pain;
But in that land that knows no fear
We hope to meet again.

Till the blessed morn of that glad day,
When we've the victory won,
Lord teach us from our hearts to say
Thy will on earth be done.

Where Specialists Failed Dr. Chase Cured Catarrh.

James Spence, Clachan, Ont., writes:—"I had been a sufferer from Catarrh for 15 years. It became chronic and I had given up all hopes of ever being cured when advised by a friend to try Dr. Chase's Catarrh Cure. I at once started and am pleased to state three boxes effected a complete cure, and I heartily recommend it to anyone suffering from Catarrh."

The Wabash Railway Trains

running every day in the year between Detroit, Chicago, St. Louis and Kansas City are the finest known to the railway service; they are complete and solid vestibuled from end to end, the entire train being a moving palace of connected apartments, all furnished with the most luxurious elegance and perfection of accommodation known to car builder's art. IMPORTANT

SALE OF REAL ESTATE

IN PETERBOROUGH.

We have received instructions to offer for sale by Public Auction, at the Morgan House, in the Town of Peterborough, on

Monday, the 4th day of April, 1898

at 2 p.m., the following valuable property:—

LOT NUMBER NINE—south of Simcoe street, in the town of Peterborough. Upon the property there is a Brick Terrace containing three dwellings. The land is situated at the South East corner of Simcoe and Bethune streets, upon which latter street is the line of the Grand Trunk Railway. The land is near the Grand Trunk Station and close to the business portion of the town, and is admirably suited for stove-houses, coal or wood yards, etc.

There will be a reserved bid.

If the land is not sold in one parcel it will be offered for sale in parcels to suit purchasers.

TERMS—10 per cent of the purchase money down and the balance in one month thereafter without interest. At the option of the purchaser 50 per cent of of the purchase money may remain on the mortgage on the property for five years with interest at 5½ per cent per annum.

For further particulars apply to MR. THOMAS [illegible] on the premises and to the undersigned.

Dated the 5th day of March, 1898.

DENNISTOUN, PECK & STEVENSON,
117 Water St., Peterborough,
Vendors Solicitors.

CHARLES STAPLETON,
Auctioneer. 2d

In the High Court of Justice

In the Matter of the Estate of John Burnham, Deceased.

PURSUANT TO A JUDGMENT OF THE High Court of Justice, made in the matter of the Estate of John Burnham, deceased, the Creditors of John Burnham, late of the Village of Ashburnham, in the County of Peterborough, Barrister-at-Law, who died on or about the 29th day of December, 1897, are on or before the 22nd day of March, 1898, to send by post, prepaid, to Dennistoun, Peck & Stevenson, of the Town of Peterborough, Solicitors for Maria M. Burnham, the Executrix of the deceased, their Christain and surnames, address and description, the full particulars of their claims, a statement of their accounts, and the nature of the securities (if any) held by them; or in default thereof they will be peremptorily excluded from the benefit of the said judgment. Every creditor holding any security is to produce the same before me, at my Chambers, in Peterborough, on the 29th day of March, 1898, at eleven o'clock in the forenoon being the time appointed for adjudication on the claims.

Dated this 5th day of February, 1898.

DENNISTOUN, PECK & STEVENSON,
Solicitors for Administratrix.

HALL & HAYES, C. A. WELLER,
Solicitors representing Creditors. Master at Peterborough

GOOD TEMPLARISM.

A District Lodge Organized for Peterborough County.

A well attended convention was held at City Lodge No. 424, I.O.G.T., yesterday afternoon, for the purpose of organizing a District Lodge of Good Templars. Bro. George Spence, Grand Chief Templar, of Toronto, presided over the meeting. The following were present as delegates:—

Auburn Lodge.—Sister May Carter and Bros. G. W. Powell and G. G. Pratley.

Oak Leaf Lodge.—Sisters Mrs. Udy and P. Udy and Bros. E. S. Grant, Geo. Nurse and R. C. Heard.

Mount Pleasant Lodge.—Bros. F. Gardiner and Thos. Jamieson.

City Lodge.—Sisters May Northey and Mrs. J. Stubbs and Bros. W. Dredge and J. Stubbs.

Westwood Lodge.—Bros. J. A. Metcalf and G. A. G. Humphries.

Union Lodge.—Sisters E. Darling and R. McGregor and Bro. John G. Young.

After the opening exercises of the Lodge the District degree was conferred upon the delegates by the G.C.T. and then the following officers were elected and installed:

Bro E C Heard	D C Templar
Sis Mrs J Stubbs	D Counsellor
Sis Rose McGregor	D V Templar
Sis Mary Northey	D Supt of J Temples
Bro G G Pratley	D Sec'y
Sis M Carter	D Ass't Sec'y
Bro J A Metcalf	D Treasurer
Bro James Stubbs	P D Templar
Bro F Gardiner	D Chaplain
Bro G W Powell	D Marshall
Sis Miss P Udy	D D Marshall
Bro G A L Humphries	D Guard
Bro Geo Nurse	D Sentinel
Bro J Stubbs	D Lecturer

The first seven of above compose the Executive Committee.

The officers being elected and installed the business of the meeting was then dealt with.

It was unanimously decided to hold the next District Lodge at Bridgenorth, on the first Monday in May.

EVENING MEETING.

City Lodge met in regular session at 8 o'clock, Grand Chief Templar in the chair. A large number of visitors were present, including the delegates from Mount Pleasant, Westwood, Union, Oak Leaf and Auburn Lodges to the convention in the afternoon. After the usual business the Lodge was thrown open and an excellent programme was run off, which was enjoyed by all present:

Instrumental	Sister McGregor
Reading	Sister Stubbs
Solo	Bro D Spence
Duet	Sister McGregor and Bro Stubbs
Instrumental (violin)	Bro Barnard
Address	Bro Geo Spence, G C T
Speech	Bro Powell, G T
Instrumental	Sister Straine

Short addresses were also given by the officers of the District Lodges.

The address of the Grand Chief Templar was interesting and instructive, dealing with his official visits throughout the jurisdiction of the Order. [illegible] the [illegible] which all joined heartily in singing "God Save the Queen."

The Danger of Spring

Which arises from impurities in the blood and a depleted condition of this vital fluid may be entirely averted by Hood's Sarsaparilla. This great medicine cures all spring humors, boils, eruptions and sores, and by enriching and vitalizing the blood, it overcomes that tired feeling and gives vitality and vigor.

Hood's Pills cure sick headache, biliousness and all liver ills. Price 25 cents.

How to Keep Well.

Without regular action of the bowels good health is impossible. Laxa-Liver Pills regulate the bowels, cure constipation, dyspepsia, biliousness, sick headache and all disorders of the organs of digestion. Price 25c. All druggists.

LADIES' AID SOCIETY.

A Social Meth under the Auspices of the George Street Church Branch Last Evening.

The Ladies' Aid Society of the George Street church held a successful social last evening at the residence of Mrs. W. Bellegham, Rubidge street.

The attendance was all that could be desired, and after an hour had been spent playing parlour games, the following programme, which was of great merit, was presented:

Instrumental (encored)	Miss Ida Melrose
Chairman's address	Rev S J Shorey
Guiter and mandolin duet	Miss W Dobbin and Mr A Cox
Instrumental (encored)	Master Walter Bellegham
Autoharp solo (encored)	[illegible]
Solo	[illegible]

The programme was very much enjoyed by all, and after it had been concluded supper was provided. This is about the most successful social, so far as numbers go, which has yet been held under their auspices.

CIVIC COMMITTEES.

Three of Them Met Last Evening to Transact Business.

At a meeting of the Property Committee last night it was decided to advertise for tenders for the painting of the watering carts.

The Sewerage Committee met last night and learned from Town Solicitor Edwards that the premises on which the town keeps its lumber is exempt, by agreement, from the special sewerage tax as well as general taxation. Mr. Edwards also stated that property holders could not be compelled to make connections with the sewer.

The question of attempting to lay down a permanent pavement on George street this summer was discussed at the meeting of the Street and Bridge Committee, but as there is less than $5,000 left of the original appropriation to be expended on streets this year, and little has been done all the way to repair, the council will not be recommended to undertake the work if the cost is to come out of general taxation.

JOHN HAGGART'S LIST OF SALES

Red-Hot Winter Wind-Up!

Prices of all Winter Clothing to be

CREMATED!

GOUGH'S MARCH SACRIFICE SALE

WILL PROVE A BLESSING TO PEOPLE WHO HAVE NO MONEY TO FOOL AWAY. We are on the eve of spring. The month of March will bring an entirely new condition of things along with stirring preparations for a new season. For the past two months we have been crowding prices down and crowding goods out—making a Midwinter Record, the like of which this store has never paralleled.

The business situation of to-day calls for the prompt disposal of all Winter Goods. They must go now AT ANY PRICE. Immense quantities of New Spring Importations are crowding us for space. To meet this emergency, a Radical, All-Round Red-Hot Reduction Sale was ushered in at our stores on the 1st of March.

There must be no half measures. We want a clean sweep and a clear field, and our sacrificing prices must do it. Sell we must—Unload we must. To-day—To-morrow—every single day until the Ides of March are past, we hold a carnival of

Rich Clothing Values.

FOR MEN, YOUTHS AND BOYS.

Recent fortunate purchases of several High-grade Stocks of Modern Ready-to-wear Clothing at a Fraction on the Dollar, comprising "THE ARMY AND NAVY" Stock of Queen Street West, Toronto; "THE OAK HALL" Stock of Peterborough, and an hypothecated stock knocked down at our own price by Suckling & Co., Toronto—all bunched in this sale.

These Combined Stocks, coupled with our own Mammoth Stock at Nos. 376 and 377 George street, have crowded us out of house and home—overstocking us with winter goods that we cannot afford to carry over.

4-GIGANTIC STOCKS-4

$90,000 WORTH OF CLOTHING EXCELLENCE, bunched together for a March Clearance at Prices a QUARTER and a THIRD below original values. A Master-stroke of Daring, Fearless Selling.

We are in dead earnest. Sunbeams or blizzards, the havoc in prices must sweep along—with a reckless desire to unload stocks.

Quick Losses to make Quick Sales to buyers, who will not waste a moment when prices are so eloquent.

THE GREATEST SHOE SALE

The Greatest Shoe Sale the Town has ever witnessed will also be held during this March Clearance. Thousands of pairs of Fine Sample Boots and Shoes, bought from hard-up manufacturers will be sold at a fraction of their cost.

The Wonderful Cheap Men **Gough Bros.** Peterborough and Toronto

The Daily Examiner.

VOL. XXV, NO. 60. PETERBOROUGH, SATURDAY, MARCH 12, 1898. PRICE TWO CENTS.

10 a.m. Probabilities.
Cloudy with light local falls of sleet or rain; a little lower temperature.

EVERYONE IS TALKING

About FAIR'S magnificent Spring Goods. This great store, with its multitudinous stocks, is the focus of all eyes.

Almost everybody knows FAIR'S as the shopping emporium where money goes farthest, where goods are most numerous, and where qualities and styles are always Up-to-date—the rule, and not the exception.

Careful preparations and painstaking effort in the selection of this spring's importations will insure a larger volume of sales than ever.

Spring Suitings & Costumes

The following exclusive SPECIALS for 1898 wear will furnish an object lesson for the ladies that they won't care to miss:—

PETE SIMONS & CO.

A TALK ON TEA, YES, EVERYBODY READ IT.

A lady from a village near Peterborough called on us last week and said that she wanted to get some of that fine tea that she had seen advertised in the "DAILY EXAMINER" and sold at the People's Prize Tea Store, 323 George street. After critically examining the tea she made a purchase of a quantity and promised to send her friends to buy from us, as she said our tea was clean, beautiful and bright—no dust, no mixing or doctoring—the grades are the very best. Another lady in town says that her mother will not have tea from any other store than ours. She buys the very best Ceylon Tea which cannot be excelled in strength and purity. Another gentleman says what on earth do you do with the large quantity of teas that I see at your establishment. Some of the large chests of Ceylons must be valuable and come up to money; yes, they do but the people soon buy them up. You have a large stock of Canned Goods which would be a credit to any store in town; yes we have, and we are selling 3 for 25c. A prominent party in town offered to take the lot and give us a cheque for the amount, but we promised to give the working people the benefit of this bargain and we are doing it. We have a fine assorted stock of choice Groceries, Teas, Sugars, Spices, Canned Goods, Butter, Lard, and our own raising of Pickled, Smoked, Salted Hams and Bacon, completely eclipsing anything on the market. We do not destroy the meat with salt or saltpetre, but cure them on the very best methods which are a secret to ourselves. Our own home made Pickles at 10c per bottle, our own Jams, Jellies—pure articles and at price to suit all. Come to the best, get the best, and save your money by buying at the PEOPLE'S GROCERY, 323 George Street.

WEAKNESS OF CHINA

Shown Conclusively in the Port Arthur Cession.

A STRONG BRITISH PROTEST.

Russia Is Still Bringing Pressure to Bear Against China Retaining British Engineers—An Internal Revolt in China Now on the Tapis—The Bombay Riots—Cable News.

Pekin, March 12.—The British Minister, Sir Claude MacDonald, visited the Chinese Foreign Office on Tuesday and lodged a strong protest against the cession of Port Arthur to Russia, saying it would destroy the balance of power in China. The Chinese officials, however, declared their inability to withstand the Russian demands.

M. Pavloff, the Russian Charge d'Affairs, wished the cessions to take place within five days, in order to forestall the arrival of his successor, but China required a longer time to consider the matter, and therefore the negotiations were transferred to St. Petersburg.

Russia is still exerting pressure to bring about the dismissal of the British engineers. The Tsung-Li-Yamen referred the matter to the director of railways, who declared their services were indispensable, regardless of their nationality.

A House Divided Against Itself.

London, March 12.—The Daily Chronicle attaches importance to the following despatch from its correspondent at Hong Kong:

"The Manchus are hopeless as a governing dynasty and the imperial court is likely to migrate to Shan-Si Province. The increasing imperial demands upon the provincial governments cannot continue; and it is possible the result will be a new Chinese dynasty in central China with capital at Nankin. If British protection is refused to this arrangement others powers are willing to accord theirs."

AUSTRALASIA WILL PUT UP.

Will Give One-Third for Cable if Canada and Britain Will Give the Other.

Melbourne, March 12.—At the conference of the Colonial Premiers yesterday, it was resolved that, if Great Britain and Canada contribute two-thirds of the cost of the proposed Pacific cable, Australia should contribute the remainder. It was resolved also that the proposed federal tariff should give preference to British products, and, in default of an early federal tariff, that the individual colonies should be recommended to give a substantial preference.

THE BOMBAY RIOTS.

A Summing Up of the Difference Between the Authorities and the Rioters.

Bombay, March 12.—The total casualties resulting from the plague riots are two soldiers of the Shropshire regiment killed, a municipal inspector who accidentally shot himself, four European and four native policemen with 17 civilians injured; nine rioters killed and 23 injured. One hundred and nine arrests were made. The Hindoos and Mahommedans began closing their shops yesterday as a protest against the plague measures, and the movement is spreading. About 15,000 dockers, railway laborers and others have stuck work. The city is guarded by infantry, cavalry, marines and armed police.

FOR CANADA'S GOVERNOR.

Lord George Hamilton May Succeed the Earl of Aberdeen.

London, March 12.—The St. James' Gazette yesterday afternoon says it understands that Lord George Hamilton, now Secretary of State for India, will succeed the Earl of Aberdeen, as Governor-General of Canada.

COLLIERY DISASTER AT AYRSHIRE.

Nineteen Persons Still in the Muirkirk Flooded Mine.

Edinburgh, March 12.—A colliery at Muirkirk, Ayrshire, was flooded yesterday. Nineteen persons failed to reach the bank, and are still in the mine.

WHAT IS BEHIND THIS?

Count Esterhazy Withdraws His Libel Suit With Official Endorsation.

Paris, March 12.—Count Esterhazy, acting on the advice of his counsel, has abandoned the libel action against Mathieu Dreyfus, for accusing him of being the author of the famous Bordereau.

The fact that Esterhazy asked and received the authorization of Minister of War Billot and General Pelleux to bring the action adds to the significance of its withdrawal.

May Be Cleared Up Startlingly.

London, March 12.—The Chronicle, referring to the withdrawal of the action brought against Mathieu Dreyfus by Count Esterhazy, says that there is a mysterious aspect to the matter, which in a few days may be cleared up in a rather startling fashion.

A Siege Raised.

Bolinao, Isle of Lucon, Philippines, March 12.—The Spanish garrison, which had been under siege by the insurgents was relieved yesterday by a vessel with reinforcements, after bravely resisting hundreds of rebels.

Indian Wheat Price Up.

London, March 12.—The Calcutta correspondent of the Times says: "Experts estimate that a million tons of wheat will be exported from Cawnpore. Wheat for April delivery is selling at 3 rupees 6 annas per eighty pounds, against an average rate in past years of 2 rupees 14 annas. No such price was ever touched before, and the cultivators will benefit greatly."

COUNTING THE COST.

The London Statist Deals With the Financial Side of a Conflict Between Spain and the U. S.

London, March 12.—The Statist yesterday discussed the financial side of a possible Spanish-American war. After pointing out the expense of hurriedly creating an American army and strengthening the navy it agrees the United States would eventually obtain command of the sea, adding, "Then, if Spain submitted, the expenditure would rapidly end, and the war might not cost very much."

Continuing, the Statist says: "But if Spain prolonged the contest the United States would find itself in an embarrassing position. The creation of a large army to drive Spain out of Cuba would mean a very considerable expense, and when accomplished, what would the United States do with Cuba?

"Lastly, if Spain then refused to submit, would America, after capturing the Spanish West Indies, extend the war to Europe? The collapse of Spanish credit might force her to peace, but if Spain simply defaulted her debt, and devoted the money she could raise in any way to protracting the struggle, the cost to the United States would certainly be very great."

Strength of the Navies.

United States navy—29 armored ships, 26 cruising ships, 6 cruisers (building), 3 paddle steamers (building), 10 screw steamers (building), 76 ships all told.

Spanish navy—11 armored ships, 37 cruising ships, 21 torpedo boats, 7 first-class gunboats, 28 second-class gunboats, 27 third-class gunboats, 4 torpedo boats (building), 1 cruiser (building), 2 torpedo boat-destroyers (building), 146 ships all told.

More Troops for Cuba.

Madrid, March 12.—Further reinforcements of troops have sailed from Santander for Cuba.

There is no truth in the report that the King is ill.

Fortifications to Be Manned at Once.

Washington, March 12.—Orders were issued at the War Department yesterday for at once manning the newly-established fortifications on the Atlantic coast, from Boston down to Galveston, on the Gulf.

THE PHILIPPINE REVOLT.

Prospect of Spain's American Trouble Has Fired the Insurgents Afresh.

London, March 12.—Special despatches from Shanghai say there is little doubt that the prospect of trouble between the United States and Spain has caused the rebellion in the Philippine Islands to break out again and has increased the fierceness of the insurgents, who, it is declared, have captured Aterri and Camasrag, important towns connected by railroad with Manila. It is further announced that the whole of the northern provinces have revolted, the inhabitants have refused to pay taxes, and they have destroyed the telegraph lines. The insurgents appear to be well supplied with arms and ammunition.

HOUSE OF COMMONS

After an All-Night Session Passes the Yukon Bill

THROUGH ITS SECOND READING

How the Members Voted—The Division Lists on Amendment and Main Motion—The Proceedings Resumed by Tired Members, and Railway Question Again Debated.

Ottawa, March 11.—It was with feelings of relief which will be shared by the people of the country that at an early hour this morning the members of the House heard the Speaker pronounce the words which closed the debate on the Yukon bill. The result of the long-deferred division was a vindication of the wisdom of the Government in adopting prompt and effective measures to deal with the new situation created by the rush of gold-seekers to the Yukon district. The House first divided upon the following amendment of Mr. Borden of Halifax:

"Resolved, That the bill be not now read a second time, but that it be resolved that this House, while recognizing the necessity of providing adequate facilities for transportation into the Canadian Yukon gold fields, regards as indefensible the terms and conditions of the proposed contract, but will cordially support the granting of substantial assistance in aid of the immediate construction of a railway on the best available route, under such conditions and safeguards as will prevent the creation of any railway or mining monopoly."

The First Division.

The amendment was defeated on a vote of 65 to 119, as follows:

Yeas—Messrs. Beattie, Bell (Addington), Bell (Pictou), Bennett, Bergeron, Borden (Halifax), Broder, Cargill, Caron (Sir Adolphe), Carscallen, Chauvin, Clancy, Clarke, Cochrane, Craig, Davin, Dugas, Earle, Ferguson, Foster, Ganong, Gillies, Guillet, Haggart, Hodgins, Ingram, Ives, Kaulbach, Klock, Kloepfer, La Riviere, Macdonald (King's), MacLaren, Maclean, McAllister, McCleary, McCormick, McDougall, McInerney, McLennan (Glengarry), McNeill, Marcotte, Martin, Mills, Monk, Montague, Moore, Morin, Osler, Pope, Powell, Quinn, Reid, Robertson, Robinson, Roche, Rosamond, Sproule, Taylor, Tupper (Sir Charles), Tupper (Sir Charles Hibbert), Tyrwhitt, Wallace, Wilson, Wood (Brockville)—65.

Nays—Bain, Basinet, Beausoleil, Beith, Belcourt, Bernier, Bertram, Bethune, Blair, Blanchard, Borden (King's), Bostock, Bourassa, Britton, Brodeur, Brown, Burnett, Calvert, Cameron, Carroll, Cartwright (Sir Richard), Champagne, Choquette, Christie, Copp, Cowan, Davies (Sir Louis), Davis, Decherne, Domville, Douglas, Dupre, Dyment, Edwards, Ellis, Ethier, Featherston, Fielding, Fisher, Fitzpatrick, Flint, Fortin, Frost, Gauthier, Gauvreau, Geoffrion, Godbout, Graham, Guay, Guilt, Haley, Harwood, Heyd, Hughes, Hurley, Hutchison, Jameson, Joly de Lotbiniere (Sir Henri), Landerkin, Lang, Laurier (Sir Wilfrid), Leduc, Legris, Lemieux, Lewis, Lister, Livingston, Logan, Macdonald (Huron), Macdonell (Selkirk), Mackie, Macpherson, McGregor, McGugan, McHugh, McInnes, McIsaac, McLennan (Inverness), McMillan, McMullen, Maloulin, Maxwell, Meigs, Mignault, Monet, Morrison, Mulock, Oliver, Parmalee, Paterson, Penny, Pettet, Prefontaine, Proulx, Rats, Richardson, Rinfret, Rogers, Ross, Russell, Rutherford, Savard, Scriver, Semple, Sifton, Snetsinger, Somerville, Stenson, Sutherland, Talbot, Tarte, Tolmie, Tucker, Turcot, Yeo—119.

The Second Vote.

The motion for the second reading of the bill was then put and carried by a majority a trifle smaller, the vote standing: Yeas 111, nays 72, as follows:

Yeas—Messrs. Bain, Basinet, Beausoleil, Beith, Belcourt, Bender, Bertram, Bethune, Blair, Borden (King's), Bostock, Bourassa, Britton, Brodeur, Brown, Burnett, Calvert, Cameron, Carroll, Cartwright (Sir Richard), Champagne, Choquette, Christie, Copp, Cowan, Davies (Sir Louis), Davis, Decherne, Domville, Douglas, Dupre, Dyment, Edwards, Ellis, Ethier, Featherston, Fielding, Fisher, Fitzpatrick, Flint, Fortin, Frost, Gauthier, Gauvreau, Geoffrion, Godbout, Graham, Guay, Guilte, Haley, Harwood, Heyd, Hughes, Hurley, Hutchison, Jameson, Joly de Lotbiniere (Sir Henri), Landerkin, Lang, Laurier (Sir Wilfrid), Leduc, Legris, Lemieux, Lewis, Lister, Livingston, Logan, Macdonald (Huron), Macdonell (Selkirk), Mackie, Macpherson, McGregor, McGugan, McHugh, McInnes, McIsaac, McLennan (Inverness), McMillan, McMullen, Maloulin, Maxwell, Meigs, Mignault, Monet, Morrison, Mulock, Parmalee, Paterson, Penny, Pettet, Prefontaine, Proulx, Rats, Richardson, Rinfret, Ross, Russell, Rutherford, Savard, Scriver, Semple, Sifton, Snetsinger, Somerville, Stenson, Sutherland, Talbot, Tarte, Tolmie, Tucker, Turcot, Yeo—111.

Nays—Messrs. Beattie, Bell (Addington), Bell (Pictou), Bennett, Bergeron, Blanchard, Borden (Halifax), Broder, Cargill, Caron (Sir Adolphe), Carscallen, Chauvin, Clancy, Clarke, Cochrane, Costigan, Craig, Davin, Dugas, Earle, Erb, Ferguson, Foster, Ganong, Gillies, Guillet, Haggart, Hale, Hodgins, Ingram, Ives, Kaulbach, Klock, Kloepfer, La Riviere, Macdonald (King's), MacLaren, Maclean, McAllister, McCleary, McCormick, McDougall, McInerney, McInnes, McLennan (Glengarry), McNeill, Marcotte, Martin, Mills, Monk, Montague, Moore, Morin, Oliver, Osler, Pope, Powell, Quinn, Reid, Robertson, Robinson, Roche, Rogers, Rosamond, Sproule, Taylor, Tupper (Sir Charles), Tupper (Sir Charles Hibbert), Tyrwhitt, Wallace, Wilson, Wood (Brockville)—72.

McInnes Ruled Out.

Before the amendment was voted on, Mr. McInnes (Liberal), of Vancouver, moved, seconded by Mr. Casey (Liberal), West Elgin, an amendment to the amendment, which stated the difficulties in connection with the Stikine route, and requested the Government to call for tenders for the building of a railway from Observatory Inlet to Teslin Lake, either as a Government work, or for a cash subsidy. But the Speaker ruled the motion out of order.

Analysis of the Vote.

Against the amendment, 119;
For the amendment, 65;
Paired, 29;
Members absent, 5;
Constituencies vacant, 1;
Speaker, 1;
Total members, 218.

The following were paired:

Liberals.	Conservatives.
Angers.	Casgrain.
Campbell.	Kendry.
Wood (Hamilton).	Gilmour.

Spring Medicine

Experience teaches the importance of special care of the health.

And fixed among the important principles of hygiene and health is the acknowledged necessity of a good Spring Medicine.

Just as firmly established by the experiences of millions of people, is the positive fact that Hood's Sarsaparilla is "far and away" the best blood purifier and spring medicine ever produced.

The necessity is found in the impure condition of the blood at this season, owing to the close confinement and breathing vitiated air in office, store, shop, house, schoolroom or factory; excessive eating and drinking too rich and hearty food; late hours and social indulgences. With the blood thus thick and impure, the machinery of life grinds hard.

Hood's Sarsaparilla purifies, vitalizes and enriches the blood, builds up and strengthens the nerves and tones the stomach. It oils up the machinery of the whole body; the liver takes up its work anew, the kidneys resume activity, the ache goes out of the back, the bowels are regulated, the appetite restored, the food is relished and assimilated.

Don't wait till you are thoroughly sick before you begin to take a Spring Medicine.

Lock the door before the horse is stolen.

Take Hood's Sarsaparilla now as a preventive and it will pay you a thousand fold in health and strength through the coming summer.

"We always take several bottles of Hood's Sarsaparilla in our family every spring as a tonic and blood purifier and we find that it overcomes that tired feeling gives new life, and keeps us well all summer." WM. RINGEL, 313 5th Ave., Peoria, Illinois.

Excellent Spring Medicine.

"For a number of years I have taken Hood's Sarsaparilla in the spring, not for any particular ailment, but on general principle, that the system needs a tonic at this time, and I have always found Hood's Sarsaparilla a most excellent spring medicine." HAKON HAMMER, Engineer, Pottstown, Pennsylvania.

That Tired Feeling.

"I was troubled with that tired feeling all the spring. I purchased three bottles of Hood's Sarsaparilla, and when I had taken about half of it I was feeling well again. I believe Hood's Sarsaparilla to be an excellent blood purifier and tonic." MISS ORA E. MORGAN, Busey, Illinois.

Builds up the Health.

"We take Hood's Sarsaparilla as a tonic in the spring. Two of our children had tonsilitis and their blood was in a bad condition. Hood's Sarsaparilla built them up, and we have taken it again this spring with much benefit." MRS. P. H. CANOON, Pleasant Lake, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. There is no substitute for Hood's.

Hood's Sarsaparilla

Sold by all druggists. $1, six for $5. Prepared only by C. I. Hood & Co., Lowell, Mass. The One True Blood Purifier.

The Daily Examiner is delivered to all parts of the Town for 10c. a week 25c. a month, $2.00 fo six months

Daily Examiner.

SATURDAY, MARCH 12, 1898.

THE WAR CLOUD.

Never before in the recent history of war scares has the war cloud lowered so ominously or shown such imminent danger of breaking and precipitating its red showers on the two hemispheres. The danger of war between the United States and Spain, while at one time it seemed to be great, is diminishing. Spain is short of cash, and the United States is short of ships—two facts that may keep them on their pacific behaviour. They both indulge in a good deal of bellicose bluster, but it is doubtful if either power can bring itself to the point of instituting hostilities. In the East the situation is indeed tense. Russia's ambition is asserting itself in an attempt to seize Chinese territory, an act that Great Britain cannot permit. If Russia persists, which she may do, and Great Britain stands firm which she certainly will do, then we shall have war, and a war of such magnitude that the imagination stands appalled at its potent possibility for destructive results. In the present constrained condition of international relations, it is hardly possible that other powers will not be drawn into the conflict. Both Great Britain and Russia are carrying on preparations for presumably hostile purposes on a tremendous scale. England is strengthening herself in every quarter of the globe, and the total naval appropriation for the year is in excess of any year in her history—nearly one hundred and twenty-seven millions of dollars. If we add this to the army appropriations we find Great Britain spending over two hundred and forty millions of dollars on military and naval defensive schemes, and Russia has set aside ninety million roubles (about sixty millions of dollars) for the construction of battleships. These preparations are alarming enough, but it is satisfactory to know that the latest advices show there is a lull in the international tempest, which indicates either the possibility of pacific adjustment of the difficulties or the calm before the storm. The danger is increased by the fact that British public opinion is thoroughly aroused and there is a disposition to brook little interference with British rights. And while they are in the mood, it will be inadvisable for the United States to presume upon Canadian or Imperial forbearance in their attempt to evade the responsibility of treaty rights. However, one of the most potent factors making for peace is the fact that Great Britain is ready, armed cap-a-pie for the fray—ready to defend her rights in any quarter of the globe. Great Britain has given way in many minor matters whose intrinsic importance did not warrant war with a great power, but there is a limit to her forbearance, as the German Emperor was made to feel. The "Widow at Windsor" has practically given notice to the world that she is not only willing but able and fully prepared to maintain her rights. She practically warns the world that she will have peace with honour or war with victory.

EDITORIAL NOTES.

IT is stated that Lord George Hamilton is to be the successor of Lord Aberdeen as Governor-General.

THE West Elgin tie is one that binds the Liberal member-elect to his seat. This is a Brantford Expositor atrocity.

Hamilton Herald: "A contemporary refers to Mr. Hardy's 'sickly majority.' It isn't very sick; it is only troubled with growing pains."

HON. MR. HARDY'S warmest admirers do not give him credit for the virtue of resignati on which his Conservative friends are desirous of thrusting upon him.

ALL the Conservative candidates, successful and otherwise, attended the Whitney pow-wow in Toronto, Mr. Beatty, member-elect for Parry Sound, was not present. Another mistake in classification.

FIVE members of the Dominion Opposition voted with the Government on the division in the second reading of the Yukon Railway bill—Messrs. Costigan, Blanchard, Bethune, Hale and Hughes, (Major Sam Hughes.)

SOME Conservative journals which were a few days ago hounding Hon. J. M. Gibson as a political desperado, are now lauding him as an honourable gentleman, who would adorn the bench. These papers doubtless have come to the conclusion that Mr. Gibson is out of politics. [If they thought he was still a politician they would give him a character that would make a horse thief shudder.

When, remarks the Globe, Conservative journals talked about 7,000 Ontario officials, they were really thinking of the 7,000 persons in their own party who wanted offices. It is really a good thing for Mr. Whitney that he did not win the election. There would not have been places for one-tenth of the number, and the rest would have been after the scalp of the man who started the pleasing tale and made them perspire in vain.

WHILE the number of lawyers goes on steadily increasing, the volume of litigation from year to year shows an equally steady tendency in the opposite direction. Thus, in 1892 the number of actions commenced in the High Court of Justice for Ontario was 7,343 as against 5,300 in 1896. The figures for 1897 are not yet available, but it is understood they will show a still further decrease. In the County Courts, notwithstanding the increased jurisdiction, the falling off has been in about the same ratio. In Toronto the decline of business in both courts has been even more noticeable, the actual figures being 4,335 actions in 1892 as against 2,206 in 1897, the figures for the intervening years being on a steadily descending scale.

THE REVULSION OF FEELING.

(Bobcaygeon Independent.)

In commenting upon the Provincial election of last week, some of our Conservative contemporaries are declaring that there was "a revulsion of feeling" against the Provincial Government. This is clearly not quite correct. In the 1894 election 50 Liberals were elected to support the Govment, and in 1898 there were 49. The "revulsion of feeling" is certainly very slight, when it amounts to only one in fifty. Had our contemporaries said there was a "revulsion of feeling" against the the Patrons, they would have been more correct, for whilst 14 Patrons were elected 1894, only one Patron was elected in 1898. This was to be regretted, for the Patrons were performing a very useful function, and were protecting the farmers and the rural interests against the manufacturers and the city interests. Patronism is almost extinct, and the farmers are for this alone to blame. What is also to be regretted, is the almost total absence of Independents in the new Parliament. The House is divided into two distinct parties—Liberals and Conservatives, and it seems to this journal that human folly could not be greater than for Grit and Tory partyism to be the basis of the people's representation in a Parliament that has no political question whatever to deal with, and whose chief duty is to expend wisely, and to the best advantage of the people, a little revenue of three million dollars a year. It is very disheartening to this great journal to find that after so many years of its labour, the people of Ontario are so hopelessly stupid as to be only Grits and Tories in the management of their Provincial business affairs.

* * * *

However, the election is over; Mr. Hardy has four years of duty before him and this journal will advise him to the best of its ability.

IS PEDRO PLAYING SINFUL?

The perennial and much vexed question of whether or not card playing is sinful has been revived by a Manitoba clergyman, says the St. Thomas Journal. Judging from the violence of the language used by the reverend gentleman, it is evident that his desire for notoriety is as great as his desire for the spiritual welfare of his people. Speaking of progressive pedro, which has which has been a favourite amusement in St. Thomas this winter, even with church members, the preacher said it was an invention of Old Harry. He continued: "It necessitates the compromise of truthfulness. The game encourages roughness of speech and habit. It smells of the slums, and should be left there. The outside world has no faith in card playing Christians, and do not want such persons blubbering around them about religion. I have no doubt that a census on Sabbath day would find a great many, even during the hours of church worship, at the card table. Young people, there are two ways before. One is the safe, true course, the way of the best in the world; the other is with a mixed class, which includes a host of blacklegs and vicious people."

With all due respect we must venture to disagree with the reverend gentleman. From our point of view the game, and in fact any card game is not in itself sinful. It is quite possible that the preacher does not know whereof he speaks and has been led away by heresay reports. Pedro, with its sister games of whist, cribbage and euchre have justly been lauded as tonics for tired nerves; and such they have proved in many cases. Presumably the reverend gentleman would class theatre-going with card playing, as equally sinful. He will have much difficulty in so convincing the majority of people, however. As long as there are theatres and pedro parties, so long will the average Christian use his or her own discretion and judge of their sinfulness for themselves. This is the right course. Everyone has a right to their own opinions of the sinfulness or otherwise of the innocent amusements that are so scathingly denounced, and should be allowed full liberty to exercise their own judgement.

SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

No. 1, or No. 2, mailed on receipt of price and two 3-cent stamps.

The Cook Company, Windsor, Ontario.

☞No. 1 and NO. 2 Sold in Peterborough by John Nugent, Druggist.

SPRING - 1898 - EASTER

Gentlemen interested in having the advantage of the largest range of Spring Patterns to select from in the Province, are invited to inspect our great piles of unrivalled Scotch and English Tweeds, fine Canadian Goods, Superfine French Worsteds, Serges, Trouserings and Light Spring Overcoatings.

As conditions are now more favourable for an extra good spring trade, we made a very large purchase direct from Great Britain this year. Having bought to better advantage from the leading London houses, this means that we are in a position to LOWER our prices to your advantage.

You can see no grander stock than ours anywhere. Superb offers in gentlemen's Tweed Suits are now made, from $13.00 up, French Worsteds from $16.00 up.

Cloth, style and making same as High-class Tailors give, but costing less. Absolute Satisfaction or money refunded.

EASTER is not far off—Investigate! See the Material! Examine the Patterns! Learn the Price! We guarantee them all, and what we promise, we fulfil.

H. LEBRUN & CO.

The "Hedge" Doctor.

A "hedge" doctor, a kind of quack in Ireland, was being examined at an inquest on his treatment of a patient who had died. "I gave him ipecacuanha," he said. "You might just as well have given him the aurora borealis," said the coroner.

"Indade, yer honor, and that's just what I should have given him next if he hadn't died."—Hospital Gazette.

Robert Morris' Bank of North America, founded at Philadelphia at the end of the year 1781, was the first banking institution founded on the American continent.

The first envelope ever made is in the possession of the British museum.

Sometimes the most careful women are the most careless. Many a woman bundles herself up, to keep out sickness—when she is neglecting the very worst sickness that can come to a woman. She allows a slight disorder to become worse, to slowly sap her vitality. The little pain and the other slight indications of trouble seem to her unimportant. She goes on, with increasing suffering, until life itself becomes a drag. Nervousness, "sinking spells," digestive disturbances, and fifty other complications may arise from the derangement of the organs distinctly feminine. Over thirty years ago, the need for a reliable remedy for so-called "female complaints" was recognized by Dr. R. V. Pierce, then, as now, chief consulting physician to the World's Dispensary and Invalids' Hotel, at Buffalo, N.Y. He prepared Dr. Pierce's Favourite Prescription, the most wonderfully effective remedy that has ever been used for such maladies.

Send 31 cents in one-cent stamps and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," illustrated.

Don't Let it Ache.

If your stomach, liver and bowels are working properly you will have no headache. Burdock Blood Bitters will keep you right, so there is no need to let your head ache. There is lots of proof that this is so. "I had severe headache for over three years and was not free from it for a single day. Finally I used Burdock Blood Bitters, with the result that it has completely cured me." Mrs. Affleck, Toronto.

Piles! Piles! Itchin Piles.

Symptoms—Moisture intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumour. All druggists or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia. Lyman Sons & Co Montreal wholesale agents

No Matter

No matter how obstinate the cough, how severe the cold, Norway Pine Syrup will cure and cure quickly. No other remedy equals it in curative power over throat and lung troubles.

SHILOH'S CURE, the great Cough and Croup Cure, is in great demand. Pocket size contains twenty-five doses only 25c. Children love it. Sold by John Nugent 389 George street.

Regular action of the bowels is necessary to health. Laxa-Liver Pills are the best occasional cathartic for family or general use. Price 25c. Any druggist

OFFICE—FURNITURE WAREROOMS

Was There Ever A Greater Victory?

Paine's Celery Compound, the World's Famous Disease Banisher, Saves the Life of Mr. Church.

ALL OTHER MEDICINES HAD FAILED AND DEATH WAS FULLY EXPECTED.

As a Spring Medicine for New Blood, New Strength and Sound Health, Paine's Celery Compound is Recommended by Thousands.

The complete cure of Mr. John A. Church, of Coldbrook, N.S., and the production of his strong letter of testimony in favour of Paine's Celery Compound are of themselves sufficient to convince every sick person that Paine's Celery Compound is a medicine honestly prepared and recommended for the curing of all sick people. No other medicine known to medical science can so well and so promptly restore lost strength and vitality in the spring months.

It is not the common medicines of the day that physicians prescribe and the best classes of people recommend. It is only a wonderful and marvellous life restorer like Paine's Celery Compound that commands attention and respect. Mr. Church writes as follows:

WELLS & RICHARDSON CO.,

GENTLEMEN:—It is with pleasure that I give testimony in favour of your marvellous medicine, Paine's Celery Compound, I had an attack of la grippe which put me into such a condition that I could not sleep or eat. I was completely run down, had extreme nervous prostration, and lay for days in a half stupefied state.

After spending all my money for medicine which did little good, I gave up to die when one day a paper on Paine's Celery Compound was brought to me. I at once procured the medicine and derived great relief from the first bottle. I slept better, ate better, and digestion improved. After using nine bottles I feel like a new man. I can truly say that Paine's Celery Compound snatched me from the grave and gave me a new lease of life.

I earnestly urge all sufferers to use Paine's Celery Compound, feeling sure it will cure them. Do not spend your money for medicines that cannot cure you.

Yours truly,
JOHN A. CHURCH.

HOUSE OF COMMONS.

Desmarais.	Dupont.

The following members were absent: Bourbonnais, Brunet and Dobell, Liberals; and McCarthy and Stubbs, Independents.

West Prince, P.E.I., is vacant.

There were five Conservatives who voted against the amendment. They were Costigan, Hughes, Bethune, Blanchard and Hale.

The vote in other regards was a party one.

An analysis of the vote in the second reading is as follows.

For the bill, 141;
Against the bill, 72;
Members absent, 6;
Paired, 23;
Vacant constituencies, 1;
Speaker, 1;
Total, 213.

The pairs are exactly the same as in the first vote, and the absentees, with the exception that Mr. Casey did not vote.

There were two Conservatives, Hughes and Bethune, who voted with the Government.

Three Liberals, McInnes, Oliver and Erb, and Rogers (Patron) voted against the bill.

ADJOURNED AT 6.

The Overworked Commoners Had the Inevitable Reaction After the Big Vote The House Proceedings.

Ottawa, March 12.—When the House met at 3 o'clock yesterday Mr. Flint, in the absence of Mr. Jameson, introduced a bill respecting the Lake Manitoba Railway & Canal Co. He also brought in a bill to incorporate the London & Lake Huron Electric Railway Co.
